CAREER PROSPECTS AS CMA

Q. 4. What are the career prospects for Cost and Management Accountants both in employment and in practice?

Ans. In this globalised world, organizations require professionals such as Cost Accountants (CMAs) who have specialized knowledge on business strategy and value creation. The Cost Accountant being the foundation on which the enterprises are built, the specialized education and training by the
Institute make the Cost Accountant a multi-faceted professional. CMAs are driving force in all economic activities, as they are the value creator, value enabler, value preserver and value reporter.

Cost Accountants are in great demand in government sector, private sector, banking & finance sector, developmental agencies, education, training & research sector as well as in service and public utility sector. Further, in view of their specialized knowledge and training, CMAs may hold top management position in public and private sectors’ enterprises like Chairman cum Managing Directors, Managing Director, Finance Director, Financial Controller, Chief Financial Officer, Cost Controller, Marketing Manager and Chief Internal Auditor and other important positions.

Those CMAs managing their own businesses have found themselves as a Manager and as an Accountant can control and thereby flourish their businesses. There is no doubt that a Cost Accountant can attain the highest ladder of professional career.

There is a sustained demand for qualified, trained and experienced cost accountants in India and abroad in different industries and Government Departments. Many members of the Institute are also engaged in providing professional and cost consultancy services and in teaching cost and management accountancy in Universities and Colleges.

Cost accountancy edges over financial accounting. Cost accounting promotes study and adoption of scientific methods to secure maximum efficiency in industrial, commercial and other spheres, as compared to financial accounting. Financial accounting mainly draws conclusions on the basis of post facto data long after the operations are put through and expenditure were incurred enabling score keeping or at best statistical analysis. Therefore, role of cost accountants go beyond a financial accountant and they help the management in regulating production operations and processes of production.

The members of the Institute are the driving force in the team of management while in employment, and as Cost Auditors, Internal Auditors, Auditors in case of VAT, Excise, SEBI, NSDL and under other statutes/ Regulatory requirements, Advisors and Consultants in practice. There are several areas of practice available for Cost Accountants, a list of which is given below:
