More than 200 DISSA Qualified

CEP Credit: 10 Hrs for Members

Diploma in Information System Security Audit (DISSA) Course provides candidates with the knowledge and skills to assess the Internal Control Environment (ICE) of information systems and perform sophisticated auditing techniques of those systems. In a digitised world, as the breadth of information technology continues to grow, the importance of protecting the organization's information from internal and external threats grows at an even more rapid pace. This growth provides a high demand for qualified individuals with a back-ground in DISSA. Cost & Management Accountants qualified as Information System Security Auditors (ISSA) can apply for roles such as: Compliance Analyst, Internal Auditor, IT Auditor, Audit/Assurance Services Associate, Risk Advisory Services Specialist, Web Security Specialist apart from providing professional IS Audit services as a practising Cost Accountant. The Programme aims to build capabilities among the participants to take these emerging challenges and to perform assignments in auditing and evaluation in a complete IT environment using IT tools.

The DISSA course combines latest technology, information assurance and information management expertise that enables an ISSA to become a trusted Information Technology advisor and provider of IS Assurance services. DISSA course aspires to create new generation systems auditors who can deliver value added services in the field of information systems to all entities – Banks, Corporate Sector, Regulator etc irrespective of their size, nature and scope of business.
