# WELCOME MESSAGE

In his address outlining the India Vision 2047, the Hon'ble Prime Minister of India Shri Narendra Modi ji emphasized the paramount importance of unity as the guiding principle for the next 25 years. He underscored that India's strength emanates from its unity. As the nation approaches the milestone of its 100th year of independence in 2047, the aspiration is for the tricolour flag of a developed India to proudly flutter on the global stage. This ambitious vision aims to position India as one of the two largest economies globally by 2047.

To realize this vision, India is committed to a multifaceted approach, blending macro-economic growth strategies with micro-economic inclusive welfare initiatives. Key focus areas include promoting the Digital Economy, fostering Fintech innovations, leveraging Technology for Development, facilitating Energy Transition, and spearheading Climate Action. A pivotal aspect of this strategy involves nurturing a virtuous cycle, wherein private investment is catalysed by strategic public capital infusion and prudent use of Resources.

Throughout its journey, the Cost and Management Accountancy (CMA) profession has been an unwavering force driving socio-economic progress in the nation. CMAs are revered as the backbone of the Indian economy, renowned for their proficiency in fostering cost competitiveness, resource optimization, and cost-conscious management practices. With their expertise, CMAs are committed to contributing to nation-building and realizing India's vision of becoming a technology-driven, knowledge-based economy with robust financial foundations by 2047.

These objectives form the central agenda of the forthcoming 61<sup>st</sup> National Cost and Management Accountants' Convention (61<sup>st</sup> NCMAC), is themed "Viksit Bharat 2047: Synergizing Catalysts for Sankalp to Siddhi." The convention, slated to take place at the Tent City 2, Ekta Nagar, Statue of Unity, Gujarat from June 27<sup>th</sup> to 30<sup>th</sup>, 2024, aims to address the challenges in achieving the India Vision 2047 and highlight the pivotal role of CMAs in this endeavour. It will feature technical sessions led by senior bureaucrats, eminent experts, and dignitaries from industry, academia, and professional bodies, fostering focused discussions on various facets of the theme.

Participants can expect to gain insights, stimulate new ideas, and derive strategic inputs to bolster their businesses and professional practices. For the Institute and its members, it shall provide a pathway for setting strategies to remain relevant in the ushering era. The convention offers a platform for deeper appreciation of the significant role CMAs can play in realizing the national vision.

We call upon all regional councils, chapters, and members of the Institute to join forces, demonstrating the strength of the CMA profession by actively participating in this landmark event. With the enthusiastic participation and invaluable support of distinguished guests, delegates from the profession, industry, regulators, and government, we are confident that the 61<sup>st</sup> NCMAC will be a resounding success.

With best regards

## 61<sup>st</sup> NATIONAL COST AND MANAGEMENT ACCOUNTANTS' CONVENTION 2024 (NCMAC)

### Viksit Bharat 2047: Synergizing Catalysts for Sankalp to Siddhi

The theme of the ICAI National Cost and Management Accountants' Convention - 2024 reflects a forward-looking vision for the role of Cost and Management Accountants (CMAs) in India's economic development. It is a clarion call to transcend traditional boundaries and embrace a broader and more strategic role in shaping the future of businesses and the economy. CMAs are playing a key role in Performance Governance of business and enacting as enabler towards achieving this change.

CMAs have evolved into strategic partners, providing insights that go beyond numerical accounting data. They are now at the forefront of decision-making processes, steering organizations towards efficiency and sustainability by offering a broader range of expertise. Their insights extend beyond the confines of financial figures. This shift is driven by several factors:

- ⊙ **Performance Governance:** CMAs play a significant role in performance governance within organizations. They bring a unique skill set and expertise to the table which can be instrumental in helping organizations achieve their performance goals.
- ⊙ **Strategic Planning:** CMAs actively contribute to strategic planning processes by providing financial forecasts, scenario analysis, and budgeting expertise. This strategic outlook goes beyond the scope of traditional financial reporting.
- ⊙ **ESG, Sustainability and Risk Management:** ESG has become significant in the 'new world order' as sustainability challenges become more overwhelming to force all concerned to collectively play a role in promoting and implementing sustainable practices. CMAs play a pivotal role in guiding organizations toward sustainable practices and effective risk management. They are well-equipped to assess the financial implications of various sustainability initiatives and risk mitigation strategies.
- ⊙ **Performance Optimization:** CMAs are skilled in identifying cost-effective strategies to optimize performance, improve efficiency and enhance profitability. Their insights go beyond mere financial reporting to actively shaping strategies for growth.
- ⊙ **Data-Driven Decision Making:** Organizations increasingly rely on data to make informed decisions. CMAs, with their deep understanding of accounting data have a unique perspective to offer in terms of data analysis and interpretation.

In essence, the theme underscores the transformation of CMAs from mere reporters of cost data to dynamic decision-makers and strategists within organizations. It highlights their ability to provide valuable insights that drive sustainable growth and efficiency.

'Viksit Bharat' represents 'India' of prosperity and abundance. It signifies a vision for a thriving and economically vibrant India. The convention aims to explore how CMAs can contribute to making this vision a reality and ensuring Performance Governance.

India's aspiration to become a developed country is an ambitious and challenging goal. The Catalysts for achieving this target requires innovative strategies, tools and capabilities. The CMAs symbolise the strategic instruments and tools ideally positioned to provide.

Incorporating CMAs and their tools and techniques into the vision of *Viksit Bharat* can help the government make data-driven decisions, allocate resources efficiently and implement policies effectively. CMAs can play a vital role in optimizing financial and economic outcomes in line with the overarching goals of inclusive development, reaching the last mile,

infrastructure development, unleashing potential, green growth, empowering youth and strengthening the financial sector. The CMA competencies represent key skills or tools that CMAs might need in order to contribute to the vision of *Viksit Bharat*.

#### ▲ **Inclusive Development:**

**Cost Analysis and Management:** CMAs can employ cost analysis techniques to identify areas where cost reductions can lead to lower prices for essential goods and services, making them more accessible to a broader population.

#### ▲ **Reaching the Last Mile:**

**Performance Measurement and KPIs:** CMAs can design key performance indicators (KPIs) to assess the effectiveness of government programs in reaching remote and marginalized communities, ensuring resources are allocated efficiently.

#### ▲ **Infrastructure and Investment:**

**Capital Budgeting:** CMAs can utilize capital budgeting techniques to evaluate the financial viability of infrastructure projects, helping the government make informed investment decisions that maximize returns.

#### ▲ **Unleashing the Potential:**

**Strategic Planning:** CMAs can assist in strategic planning by conducting SWOT analyses and market research to identify opportunities and threats in various sectors, guiding policy decisions for unleashing economic potential.

#### ▲ **Green Growth:**

**Environmental Cost Analysis:** CMAs can calculate the environmental costs and benefits associated with different policies and projects, aiding in the promotion of green and sustainable initiatives.

#### ▲ **Youth Power:**

**Skill Development Programs:** CMAs can design and implement cost-effective skill development programs to empower the youth with the necessary skills for employment and entrepreneurship.

#### ▲ **Financial Sector:**

**Financial Regulation and Compliance:** CMAs can ensure that Financial Sector Institutions adhere to regulatory frameworks and compliance standards, cost effective delivery of services, contributing to the stability and growth of the Sector.

#### ▲ **Women Power:**

**Bridging the digital gender gap:** Cost Accountants, being advisors to corporate, can play a great role in bridging the digital gender gap by embedding procedures in internal control systems that promote inclusiveness and ensure safer physical and digital environment for women.

#### ▲ **Digital Literacy:**

**Digital literacy and workforce diversity:** Professionals has a role in laying a foundation for tackling the digital gender divide, guiding efforts to monitor progress in digital literacy and workforce diversity. Cost Accountants may advocate for and promote digital literacy for common man, because the words of a respected professional would go a long way in changing the perceptions of the society.

In conclusion, the theme of the ICAI National Cost and Management Accountants' Convention - 2024, *Viksit Bharat 2047: Synergizing Catalysts for Sankalp to Siddhi* signifies a paradigm shift in the role and significance of CMAs. It highlights a remarkable transformation of CMA's role from financial reporters to strategic partners and visionaries who actively contribute to India's economic development, innovation, sustainability and growth. CMAs are pivotal in providing the vision needed to propel India towards a *Viksit Bharat*. This theme underscores the vital role that CMAs play in shaping the future of businesses and the broader economy, transcending traditional boundaries and embracing a holistic and strategic outlook.
