- SEBI has proposed changes to the mechanism for determining open offer price with respect to disinvestment of PSUs. Issuing a consultation paper on review of the determination of offer price in case of disinvestment of PSUs, the regulator said the move is aimed at relaxing certain provisions, including doing away with the requirement of taking into account 60 days' volume-weighted average market price for calculating the offer price. Comments from the public have been sought on the consultation paper till April 15.
