## PAPER 13: Management Accounting - Strategic Management

- QUES.1.a. Good performance. Questions were based on practical issues.
  - b. Average performance. Could not explain clearly.
  - c. Mixed performance. Some of the students have written clearly and got full credits.
- QUES.2.a. Average performance. Some of the students confused with environmental scanning to pollution rather than business aspects.
  - b. Students attempted but vague statements were written. Poor performance.
  - c. Poor performance.
  - d. Average. Students attempted but not upto mark.
- QUES.3.a. Above average. Students attempted but explanation of practical part was missing.
  - b. Could not explain properly. Below average.
  - c. Average performance.
  - d. Average performance. Somewhere seems to be lack of knowledge or could not explain properly.
- QUES.4.a & b. Poor performance is observed. As both are practical problems. It is expected from the final students to use the expertise to give the answer.
  - c. Average performance.
  - d. Above average performance.
- QUES.5.a & b. Objective questions. Average performance.
- QUES.6.a. Poor performance. Maximum students attempted but could not explain properly. Seems a Problem in explanation of different forms of risk transfer of insurance.
  - b. Average performance.
  - c. Poor performance.

QUES.7.a/b/c/d. Very few attempted and could not explain how to write the answer. Statements were not appropriate. Very poor performance.

QUES.8.a. Poor performance. Could not explain risk protocols.

- b. Average performance.
- C. Average performance.
- d. Average performance.
