### Theme

## Value Unlocking in Business – Creating Global Competitive Advantage

Businesses thrive in progressive and positive context. Globally, newer waves of disruption and uncertainty are emerging infringing on organisational progress. Acute global crisis – geopolitical instability, volatility commodity prices, cross-border inflation, climate hazards, major shifts in consumer and industrial demand - are putting long term pressure on business models.

Reconstructing businesses for resilience through value unlocking is a necessary progression.

Deliberating the imperative needs of Indian business, CII is chartering new pathways / topics for the conference. Best-in-class case studies through illustrious speakers would demonstrate the pathways for business resilience.
