Cost Governance consists of the set of policies, principles, processes, customs, and laws paving the way to direct, administer or control the utilization of resources by an enterprise with the objective of optimum resource productivity. Good Cost Governance is conducive to successful economic development.

Cost Governance thrives on accounting of cost by following prescribed Companies (Cost Records and Audit) Rules and Cost Accounting Standards. The same are authenticated by cost audit for which Standards on Cost Auditing are required to be followed.

The Institute of Cost Accountants of India, being the regulator of Cost Accounting profession in India, is organising one day interactive National Seminar on Cost Governance in order to build capacity amongst the members of the profession, the industry and other stakeholders.
