Dear Shri Masood,

Over the past few weeks the Central Government has been receiving a series of thoughts, ideas and suggestions for reforms and changes in sphere of governance.

In order to streamline the process of taking these ideas to the next stage and seek better coordination, a special section 'Interact with the Hon'ble PM' has been created on the website of the Prime Minister's Office. This can serve as the place to receive the various ideas and suggestions.

Although there is character limit in the section for sharing views but the idea is to first get the initial suggestions & then following up with more details afterwards.

With regards,

Yours sincerely,

(Nripendra Misra)
