GENERAL CONDITIONS OF CONTRACT:

Clause 1: Security Deposit

The person/persons whose tender may be accepted (hereinafter called the contactor). He has to submit a bank guaranty/DD of 10 % of work value as security deposit, to the institute. That will be refunded after defect liability period. The amount deducted from running bill shall be released within one month from actual completion of work. No interest shall be paid on Security Deposit.

Clause 2: Compensation for delay

The time allowed for carrying out the work as entered in the tender shall be strictly observed by the contractor and shall be reckoned from the date on which the order to commence work is given to the contactor. The work shall throughout the stipulated period of the contract be proceeded with all due diligence (time being deemed to be the essence of the contract on the part of the contractor) and for delay beyond two months, the contractor shall pay as compensation, an amount equal to one percent, of the contact amount every month.

The total amount of compensation to be paid under the provisions of this clause shall not exceed 10 percent of the contract amount.

Clause 3: Extension of time.

If the contractor shall desire an extension of the time for completion of the work on the ground of his having been unavoidable hindered in its execution or on and other ground, he shall apply in writing to the Technical Consultant before the expiry of the period stipulated in the tender or before the expiry of 30 days from the date to which he was hindered as aforesaid or on which the causes for asking for extension occurred. Whichever is earlier and the Technical Consultant may if in his opinion there are reasonable grounds for granting an extension, grant such extension as he thinks necessary or proper. The decision of PROJECT - COORDINATOR ICMAI JAIPUR CHAPTER in this matter shall be final.

Clause 4: Bill to be on printed form.

The contractor shall submit all bills on the printed forms to be had on application at the office of the Technical Consultant. The charges to be made in the bills shall always be entered at the rates specified in the tender or in the case of any extra work ordered in pursuance of these conditions and not mentioned or provided for in the tender, at the rate hereinafter provided for such work. Bill format as "PROFORMA A, B or C as applicable".

Clause 5: Work to be executed in accordance with specification, orders etc.

The contractor shall execute the whole and every part of the work in the most substantial and workman like manner and both as regards materials and every other respect in strict accordance with specification. The contractor shall also confirm exactly fully and faithfully to the designs, drawing and instructions in writing relating to the work signed by the Technical Consultant and lodge in his office and to which the contractor shall be entitled to have access for the purpose of inspection in his office or on the site of the work during office hours.

Clause 6: Action and Compensation payable in case of bad work.

If any time before the security deposit or any part thereof is refunded to the contractor it shall appear to the Technical Consultant or his subordinate in charge of the work, that any work has been executed with unsound imperfect or unskillful workmanship or with materials of inferior quality, or that any materials or articles provided by him for the execution of the work are unsound or of a quality inferior to that contracted for, or are otherwise not in accordance with the contract, it shall be lawful for the Technical Consultant to intimate this fact in writing to the contractor and then notwithstanding the fact that the work, materials or articles complained of may have been inadvertently passed, certified and paid for the contractor shall be bound forthwith to rectify, or remove and reconstruct the work so specified in whole or in part, as the case may require or if so required, shall remove the materials or articles so specified and provided other proper and suitable materials or articles at his own charge and cost and in the event of his failing to do so within a period to be specified by the Technical Consultant in the written intimation aforesaid, the contractor shall be liable to pay compensation at the rate of one percent on the amount of the estimate for every day not exceeding 10 days, during which the failure so continues and in the case of any such failure the Technical Consultant may rectify or remove and re-execute the work or remove and replace the materials or articles complained of as the case, may be at the risk and expense in all respects of the contractor. Should the Technical Consultant consider that any such inferior work or materials as described above may be accepted or made use of it shall be within his discretion to accept the same at such reduced rates as he may fix therefore.

Clause 7: Works to be open to inspection. Contractor or responsible agent to be present.

All works under or in course of execution or executed in pursuance of the contract shall at all times be open to the inspection and supervision of the Technical Consultant and his subordinates, and the contractor shall at all time during the usual working hours. and at all other times at which reasonable notice of the intention of the Technical Consultant or his subordinate to visit the works shall have been given to the contractor, either himself be present to receive orders and instructions, or have responsible agent duly accredited in writing present for that purpose. Orders given to the contractor's duly authorized agent shall be considered to have the same force and effect as if they had been given to the contractor himself.

Clause 8: The contractor shall maintain sanctity and serenity congenial to the Institute.

Clause 9: Work not to be sublet. Contract may be rescinded and security deposit forfeited for subletting it without approval.

The contract shall not be assigned or sublet without the written approval of the Technical Consultant. And if to do, or become insolvent or commence any proceedings to the adjudicated and insolvent or make any composition with his creditors, or attempt so to do the Technical Consultant may by notice in writing, rescind the contract. In the event of a contract being rescinded, the security deposit of the contractor shall thereupon stand forfeited and be at the disposal of the Institute and same consequences shall as ensue as if the contract had been rescinded under clause

3 hereof and in addition the contractor shall not be entitled to recover or be paid for any work therefore actually performed under the contract.

Clause 10: Sum payable by way of compensation to be considered as reasonable compensation without reference to actual loss.

All sums payable by a contractor by way of compensation under any of these conditions shall be considered as a reasonable to the applied of the use of the Institute without reference to the actual loss or damage sustained and whether any damage has or has not been sustained.

Clause 11: Changes in the constitution of firm to be notified.

In the case of a tender by partners, any change in the constitution of a firm shall be forthwith notified by the contractor to the Technical Consultant for his information.

Clause 12: Works to be executed under direction and contract of Technical Consultant

All works to be executed under the contract shall be executed under the direction and subject to the approval in all respect of the Technical Consultant who shall be entitled to direct at what point or points /and in what manner they are to be commenced, and from time to time, carried on.

Clause 13: Action where no specification.

In the case of any class of work for which there is no such specification, such work shall be carried out in all respect in accordance with instruction and requirement of the Architect/Engineer-in-charge or as per C.P.W.D. specifications.

Clause 14: Method of payment.

Payment to contractors shall be made by cheque account payee/NEFT/RTGS on any Nationalized Bank convenient to the Institute, based on the bill submitted by the contractor as per work done. Payment will be made 100% on total supply and successful installation of all Split Air Condition machines at site and on receipt of bill from the party. However, in case of delay payment for reasons beyond the control of the Institute no interest shall be payable.

Clause 15: Acceptance of conditions compulsory before tendering the work.

Any contractor who does not accept these conditions shall not be allowed to tender for works.

Clause 16: The rates to be quoted by the contractor must be inclusive of GST, cess etc. No. extra payment on this account will be made to the contractor.

Clause 17: Income Tax Clarification

The contractors shall have to furnish Income Tax assessment order and date on which he/they is/are assessed before his tender is accepted.

Clause 18: Price escalation

No price escalations shall be payable to contractor for this work.

GENERAL SPECIFICATIONS

These specifications are for work to be done, items to be supplied and materials to be used in the works as shown and defined on the drawings and described herein all under supervision and to the entire satisfaction of the Technical Consultant & Owner.

The workmanship is to be the best available and of a very high standard, use must be made of specialist tradesmen in all types of work and necessary allowance must be made for the same in the rates quoted.

The materials and items to be provided by the contractor shall be the best of their respective kinds as specified in the tender and in accordance with the samples approved, where materials or products are specified in these specifications and/or Bill of Quantities by the name of the manufacturer of the brand name, trade name or catalogue reference, the contractor will require to obtain prior approval of the Technical Consultant and owner for using substitute material or product. The contractor shall produce all invoices, vouchers or receipted accounts for any materials if called upon to do so by the Technical Consultant and owner.

Samples of all materials are to be submitted to the Technical Consultant /owner for his approval before the contractor orders or delivers in bulk in the site. Samples together with their packing are to be provided by the Contractor free of charge and approved samples will be retained by the owner and designer for comparison with the materials which will be delivered to the site.

Should any materials be rejected by the Technical Consultant /owner, they will be removed from the site at the Contractor's expense. Also the contractor will be required to submit specimen finishes of colors, fabrics, etc. for approval of Technical Consultant / owner before proceeding with the works. Should it be necessary to prepare shop drawings, and then four copies of such drawings shall be submitted for approval of the Technical Consultant who will retain two copies, all at the Contractor's expenses.

AIR CONDITIONERS

1. The Air conditioner locations have already been marked in every room of the building.
2. The specification covers the supply, installation and commissioning of split type Air conditioners.
3. The tenderer shall study the specification and satisfy himself thoroughly and shall take full responsibility of the smooth, reliable and safe working.
4. All items of instrument shall be completed in all respects and any instrument not covered in the specification but essential for proper installation, operation and maintenance of the instrument shall be included by the vendor in his offer and the reasons for such inclusion shall be clearly stated.

SCOPE OF WORK

- a) Removing of Existing Air- Conditioners.
- b) Take Back the Existing Air- Conditioners on Buy- Back basis from the Institute Premises.
- c) The scope of work includes supply, installation and commissioning of Split Type Air conditioners as specified in this specification.
- d) Supply of necessary spares.
- e) Packaging, forwarding, transport, insurance, loading, unloading, precaution against damage during transit etc.
- f) Performance Guarantee.
- g) Two sets of operation and maintenance manuals.
- h) Test Certificate: Vendor shall provide all necessary test certificates

SAFETY

All equipment items shall be complete with approved safety devices, wherever a potential hazard to personnel exists, and with provision for safe access to personnel to and around the instrument for operational and maintenance functions.

TEST AND INSPECTION

1. Inspection of the equipment will be done at ICMAI, Jaipur Chapter, Jaipur.
2. The vendor shall demonstrate all the features of the equipment mentioned in the technical specification.
3. The vendor is solely responsible for installation, commissioning and making the complete system operational at user's site.

OPERATION CONDITIONS

1. All equipment shall be designed for smooth, efficient and trouble free operation in tropical humid climate of 45° C ambient and a humidity of 90%.
2. In cases where the offer deviates from the specification, the tenderer shall indicate clearly in his offer the specification proposed by him along with details thereof and the reasons for the deviation. Each exception to the specification or other parts of the tender document shall be listed separately by the tenderer. If exceptions are not clearly listed, they will not be considered by the Purchaser later.
