Dear Sir/Madam,

Greetings from PHDCCI !

Environmental, Social, and Governance (ESG) reporting has significantly increased over the past few years, which has prompted the creation of numerous norms and frameworks to help businesses disclose their sustainability practices and accomplishments. ESG data is essential for providing firms with a thorough understanding of their governance processes, social responsibilities, and environmental effect. While SEBI has mandated the top 1,000 listed Indian entities by market capitalization to disclose their ESG risks and responsibilities as per the Business Responsibility and Sustainability Report (BRSR), many are struggling to comply.

With the objective of deliberating on the finer aspects of the challenges & opportunities in compliance with ESG in India, the Corporate Affairs Committee, PHDCCI is organising a **Conference on ESG: A Holistic View towards Sustainable Future on Wednesday, 10th January 2024 from 10:00 AM - 04:00 PM at PHD House, 4/2 Siri Institutional Area, August Kranti Marg, New Delhi – 110016.**

The Conference will be of relevance to the representatives of Business and Professional entities, CFOs, Company Secretaries, Compliance officers; ESG, sustainability and CSR professionals; Key Managerial Personnels; Auditors; Investment Managers; Academicians; due diligence professionals, Finance professionals, Senior Corporate Executives, and Consultants.

Four CPE Credits (Structured) to the members of ICSI & Four CEP Credit hours to CMA members will be granted for attending the Conference. *Members are required to provide their registration number at the time of physical registration.*
