**The Institute of Cost Accountants of India
Press Release**

Date 07/07/2022

This is for information of all concerned that 78000 students applied for the Online Intermediate and Final, June 2022 term examination of the Institute covering 210 centres across India and abroad.

The attendance of the candidates was above 70% based on portal login count, which is higher as compared to our earlier examinations

The Institute has been successfully conducting examinations since its inception.

Some of the candidates who faced issues and challenges in this online examination such as infrastructure and technical issues at some centres, internet, and system-based network issues, flood situation in Assam, curfew situation in Rajasthan, etc. are being addressed by the Institute appropriately.

At some centres where the matter required urgent action, the Intermediate and Final examinations, June 2022 term had been temporarily cancelled and notice of rescheduled dates will be provided soon. It may, therefore, be kindly noted that the Institute is taking full care of all issues pertaining to the examinations and will provide a relevant solution in the best interest of the students.

Some miscreants are engaged in unwarranted, unnecessary and false postings on social media about the online Intermediate and Final, June 2022 term of examination, which included – (a) circulation of false video depicting discussion amongst students, whereas the same was taken much before commencement of examination, (b) circulation of false video depicting screen shot of computer screen whereas it was originally of mock test held earlier, (c) falsely spreading rumours of examination paper leakage, whereas the original examination question paper was different (d) spreading false information that the same question paper was given to morning session and evening session, etc., all such false videos, rumours and information is clearly with intent to malign the image of the Institute with well framed strategy by some miscreants. The Institute has taken a serious note of this and taking strong action against those miscreants. **Further, the Institute has already made Police Complaint / Cyber Crime Complaint related to alleged malpractices in the online Intermediate and Final, June 2022 term**
