Tax Audit

Introduction

The dictionary meaning of the term “audit” is check, review, inspection, etc. There are various types of audits prescribed under different laws like company law requires a company audit, cost accounting law requires a cost audit, etc. The Income-tax Law requires the taxpayer to get the audit of the accounts of his business/profession from the viewpoint of Income-tax Law.

A tax audit is an examination of an organization’s or individual’s financial records to ensure that information is accurately reported to the tax authorities. It involves a thorough review of financial statements, accounts, and other relevant documents to verify compliance with tax laws and regulations.

A proper audit for tax purposes would ensure that the books of account and other records are properly maintained, that they truly reflect the income of the taxpayer and claims for deduction are correctly made by him. Such audit would also help in checking fraudulent practices. It can also facilitate the administration of tax laws by a proper presentation of accounts before the tax authorities and considerably save the time of Assessing Officers in carrying out routine verifications, like checking correctness of totals and verifying whether purchases and sales are properly vouched for or not. The time of the Assessing Officers saved could be utilised for attending to more important and investigational aspects of a case.

Section 44AB gives the provisions relating to the class of taxpayers who are required to get their accounts audited from an accountant. The audit under section 44AB aims to ascertain the compliance of various provisions of the Income-tax Law and the fulfillment of other requirements of the Income-tax Law. The audit conducted by the accountant of the accounts of the taxpayer in pursuance of the requirement of section 44AB is called tax audit.

The accountant conducting the tax audit is required to give his findings, observation, etc., in the form of audit report. The report of tax audit is to be given by the accountant in Form Nos. 3CA/3CB and 3CD.

Legal Framework

Audit of accounts of certain persons carrying on business or profession [Sec. 44AB]

Every person,—

- a. carrying on business shall, if his total sales, turnover or gross receipts, as the case may be, in business exceed or exceeds one crore rupees in any previous year:

Provided that in the case of a person whose -

- a. aggregate of all amounts received including amount received for sales, turnover or gross receipts during the previous year, in cash, does not exceed five per cent of the said amount; and
- b. aggregate of all payments made including amount incurred for expenditure, in cash, during the previous year does not exceed five per cent of the said payment,

this clause shall have effect as if for the words “one crore rupees”, the words “ten crore rupees” had been substituted:

Provided further that for the purposes of this clause, the payment or receipt, as the case may be, by a cheque drawn on a bank or by a bank draft, which is not account payee, shall be deemed to be the payment or receipt, as the case may be, in cash; or

- b. carrying on profession shall, if his gross receipts in profession exceed fifty lakh rupees in any previous year; or
- c. carrying on the business shall, if the profits and gains from the business are deemed to be the profits and gains of such person under section 44AE or section 44BB or section 44BBB, as the case may be, and he has claimed his income to be lower than the profits or gains so deemed to be the profits and gains of his business, as the case may be, in any previous year; or
- d. carrying on the profession shall, if the profits and gains from the profession are deemed to be the profits and gains of such person under section 44ADA and he has claimed such income to be lower than the profits and gains so deemed to be the profits and gains of his profession and his income exceeds the maximum amount which is not chargeable to income-tax in any previous year; or
- e. carrying on the business shall, if the provisions of sub-section (4) of section 44AD are applicable in his case and his income exceeds the maximum amount which is not chargeable to income-tax in any previous year,

get his accounts of such previous year audited by an accountant before the specified date and furnish by that date the report of such audit in the prescribed form duly signed and verified by such accountant and setting forth such particulars as may be prescribed:

Provided that this section shall not apply to a person, who declares profits and gains for the previous year in accordance with the provisions of sub-section (1) of section 44AD or sub-section (1) of section 44ADA:

Provided further that this section shall not apply to the person, who derives income of the nature referred to in section 44B or section 44BBA, on and from the 1st day of April, 1985 or, as the case may be, the date on which the relevant section came into force, whichever is later :

Provided also that in a case where such person is required by or under any other law to get his accounts audited, it shall be sufficient compliance with the provisions of this section if such person gets the accounts of such business or profession audited under such law before the specified date and furnishes by that date the report of the audit as required under such other law and a further report by an accountant in the form prescribed under this section.

Explanation. - For the purposes of this section,—

- i. “accountant” shall have the same meaning as in the Explanation below sub-section (2) of section 288;
- ii. “specified date”, in relation to the accounts of the assessee of the previous year relevant to an assessment year, means date one month prior to the due date for furnishing the return of income under sub-section (1) of section 139.

Special provision for computing profits and gains of business on presumptive basis [Sec. 44AD]

1. Notwithstanding anything to the contrary contained in sections 28 to 43C, in the case of an eligible assessee engaged in an eligible business, a sum equal to eight per cent of the total turnover or gross receipts of the assessee in the previous year on account of such business or, as the case may be, a sum higher than the aforesaid sum claimed to have been earned by the eligible assessee, shall be deemed to be the profits and gains of such business chargeable to tax under the head “Profits and gains of business or profession”:

Provided that this sub-section shall have effect as if for the words “eight per cent”, the words “six per cent” had been substituted, in respect of the amount of total turnover or gross receipts which is received by an account payee cheque or an account payee bank draft or use of electronic clearing system through a bank account or through such other electronic mode as may be prescribed during the previous year or before the due date specified in sub-section (1) of section 139 in respect of that previous year.

2. Any deduction allowable under the provisions of sections 30 to 38 shall, for the purposes of sub-section (1), be deemed to have been already given full effect to and no further deduction under those sections shall be allowed.
3. The written down value of any asset of an eligible business shall be deemed to have been calculated as if the eligible assessee had claimed and had been actually allowed the deduction in respect of the depreciation for each of the relevant assessment years.

4. Where an eligible assessee declares profit for any previous year in accordance with the provisions of this section and he declares profit for any of the five assessment years relevant to the previous year succeeding such previous year not in accordance with the provisions of sub-section (1), he shall not be eligible to claim the benefit of the provisions of this section for five assessment years subsequent to the assessment year relevant to the previous year in which the profit has not been declared in accordance with the provisions of sub-section (1).
5. Notwithstanding anything contained in the foregoing provisions of this section, an eligible assessee to whom the provisions of sub-section (4) are applicable and whose total income exceeds the maximum amount which is not chargeable to income-tax, shall be required to keep and maintain such books of account and other documents as required under sub-section (2) of section 44AA and get them audited and furnish a report of such audit as required under section 44AB.
6. The provisions of this section, notwithstanding anything contained in the foregoing provisions, shall not apply to—
 - (i) a person carrying on profession as referred to in sub-section (1) of section 44AA;
 - (ii) a person earning income in the nature of commission or brokerage; or
 - (iii) a person carrying on any agency business.

Explanation.—For the purposes of this section,—

- a. “eligible assessee” means,—
 - i. an individual, Hindu undivided family or a partnership firm, who is a resident, but not a limited liability partnership firm as defined under clause (n) of sub-section (1) of section 2 of the Limited Liability Partnership Act, 2008 (6 of 2009); and
 - ii. who has not claimed deduction under any of the sections 10A, 10AA, 10B, 10BA or deduction under any provisions of Chapter VIA under the heading “C.—Deductions in respect of certain incomes” in the relevant assessment year;
- b. “eligible business” means,—
 - i. any business except the business of plying, hiring or leasing goods carriages referred to in section 44AE; and
 - ii. whose total turnover or gross receipts in the previous year does not exceed an amount of two crore rupees:

Provided that where the amount or aggregate of the amounts received during the previous year, in cash, does not exceed five per cent of the total turnover or gross receipts of such previous year, this sub-clause shall have effect as if for the words “two crore rupees”, the words “three crore rupees” had been substituted:

Provided further that for the purposes of the first proviso, the receipt of amount or aggregate of amounts by a cheque drawn on a bank or by a bank draft, which is not account payee, shall be deemed to be the receipt in cash.

Analysis

Applicability

Following assessee are required to get their accounts audited by an accountant and to furnish (electronically) the audit report:

1. An assessee carrying on business

Condition: Total sales, turnover or gross-receipts of business for the previous year exceeds ₹ 1 crore.

Exception 1: Where a person:

- Declares profits and gains for the previous year u/s 44AD; **and**
- His total sales / turnover / gross receipts in business do not exceed ₹ 2 crore in the previous year,
 - then, the provision of tax audit is not applicable.

However, where the provision of sec. 44AD(4) is applicable in case of a person carrying on business and his income exceeds the basic exemption limit in any previous year, the provision relating to tax audit is applicable.

Exception 2: Where a person:

- Declares profits and gains for the previous year u/s 44AD; **and**
- His total sales / turnover / gross receipts in business do not exceed ₹ 3 crore in the previous year; **and**
- Aggregate of all amounts received during the previous year in cash does not exceed 5% of the total turnover or gross receipt of such previous year,
 - then, the provision of tax audit is not applicable.

Taxpoint: The payment or receipt, as the case may be, by a cheque drawn on a bank or by a bank draft, which is not account payee, shall be deemed to be the payment or receipt, as the case may be, in cash

Exception 3: If the following conditions are satisfied, then the higher threshold limit of ₹ 10 crore shall be applicable for a person carrying on business:

- a) aggregate of all amounts received including amount received for sales, turnover or gross receipts during the previous year, in cash, does not exceed 5% of the said amount; **and**
- b) aggregate of all payments made including amount incurred for expenditure, in cash, during the previous year does not exceed 5% of the said payment.

Taxpoint: The payment or receipt, as the case may be, by a cheque drawn on a bank or by a bank draft, which is not account payee, shall be deemed to be the payment or receipt, as the case may be, in cash

In nutshell, applicability of tax audit in case of business assessee are as under:

Case	Applicability
Turnover exceeds ₹ 10 crore	Applicable
Turnover does not exceed ₹ 2 crore and assessee is covered u/s 44AD	Not applicable
Turnover does not exceed ₹ 3 crore and his cash receipt does not exceed 5% of total turnover and assessee is covered u/s 44AD	Not applicable
Turnover does not exceed ₹ 10 crore and aforesaid conditions are satisfied	Not applicable
Turnover does not exceed ₹ 10 crore but exceed ₹ 1 crore and aforesaid conditions are not satisfied (assessee is not covered u/s 44AD)	Applicable

2. An assessee carrying on profession

Condition: Gross receipts of profession for the previous year exceeds ₹ 50 lacs.

Exception 1: Where a person:

- Declares profits and gains for the previous year u/s 44ADA; **and**
- His gross receipts from profession does not exceed ₹ 50 lakhs in the previous year;
 - then, the provision of tax audit is not applicable.

Exception 2: Where a person:

- Declares profits and gains for the previous year u/s 44ADA; **and**
- His gross receipts from profession does not exceed ₹ 75 lakhs in the previous year; **and**
- Aggregate of all amounts received during the previous year in cash does not exceed 5% of the gross receipt of such previous year,
 - then, the provision of tax audit is not applicable.

Taxpoint: The payment or receipt, as the case may be, by a cheque drawn on a bank or by a bank draft, which is not account payee, shall be deemed to be the payment or receipt, as the case may be, in cash

3. An assessee covered u/s 44AE, 44BB or 44BBB

Condition: Assessee has claimed that his income from such business is lower than the deemed income computed in accordance with the respective section.

4. An assessee covered u/s 44ADA

Condition: Assessee has claimed that:

- a. his income is lower than the presumptive income (computed u/s 44ADA); and
 - b. his income exceeds the maximum amount which is not chargeable to income-tax (i.e. basic exemption limit)
5. An assessee covered u/s 44AD(4) and his income exceeds the maximum amount which is not chargeable to income-tax in any previous year

- It is to be noted that where an assessee has non-business or non-professional receipts exceeding the amount mentioned in the sec. 44AB, tax audit u/s 44AB is not applicable. For example, an individual having income under the head “Salaries” amounting to ₹ 12 crore, the provision of sec. 44AB is not applicable.
- Mere fact that audit of assessee was conducted under provisions of any other Act, would not be sufficient for such compliance under section 44AB, unless report of audit is furnished in prescribed form accompanied with a further report by an accountant in prescribed form

Business or Profession

- As per sec. 2(13) of the Act, business includes any trade, commerce or manufacture or any adventure or concern in the nature of trade, commerce or manufacture
- The aforesaid definition of ‘business’ being an inclusive definition and ‘not being exhaustive’, is indicative of extension and expansion and restriction - *Dr. P. Vadamalayan -vs.- CIT [1969] (Madras)*
- The Hon’ble Apex Court in *Barendra Prasad Ray -vs.- ITO [1981] 129 ITR 295 (SC)* has held that the word ‘business’ is one of wide import and it means activity carried on continuously and systematically by a person by the application of his labour or skill with a view to earning an income. The expression “business” does not necessarily mean trade or manufacture only.
- The activities which constitute carrying on business need not necessarily consist of activities by way of trade, commerce or manufacture or activities in the exercise of a profession or vocation. They may even consist of rendering services to others which services may be of a variegated character - *Lakshminarayan Ram Gopal -vs.- Government of Hyderabad (1954) 25 ITR 449 (SC)*

- The following activities[†] have been held to be business:
 - Advertising agent
 - Clearing, forwarding and shipping agents
 - Couriers
 - Insurance agent
 - Nursing home
 - Stock and share broking;
 - Dealers in shares and securities
 - Travel agent
 - Money lender
 - Recruiting Agents
- As per sec. 2(36), profession includes vocation.
- Profession requires purely intellectual skill or manual skill on the basis of some special learning and qualification gathered through past training or experience. Professional skill can be acquired only after patient study (in a particular system either a college, university or institute) and application (i.e. experience).
- Vocation implies natural ability of a person to do some particular work. It can be treated as an earning means by which a man passes his life. Unlike profession, vocation does not require a degree or special learning.
- The following have been listed out as professions under the income tax law:
 - legal,
 - medical,
 - engineering
 - architectural profession
 - the profession of accountancy
 - technical consultancy or
 - interior decoration
 - Authorised Representative

[†] The List is not exhaustive.

- Company Secretary,
- Film Artists/Actors, Cameraman, Director including an assistant director; a music director, including an assistant music director, an art director, including an assistant art director; a dance director, including an assistant dance director; Singer, Story-writer, a screen-play writer, a dialogue writer; editor, lyricist and dress designer,
- Information Technology.
- An income arising out of business or profession shall have the same treatment in the Income tax Act. However, a distinction between business or profession is required to be made while applying sec. 44AA, sec. 44AB, sec. 40AD, sec. 44ADA, etc. Example, the threshold limit for the applicability of tax audit is different for business and the same for profession is different.

Meaning of Total sales, turnover or gross-receipts

The applicability of the provision of section 44AB depends on ‘sales’, ‘turnover’ or ‘gross receipt’, but the Act does not define any of them. Thus, we are required to understand these terms through other references and understanding of these terms in the commercial world.

- Section 2(112) of the Central Goods and Services Tax Act, 2017 provides that “turnover in State” or “turnover in Union territory” means the aggregate value of all taxable supplies (excluding the value of inward supplies on which tax is payable by a person on reverse charge basis) and exempt supplies made within a State or Union territory by a taxable person, exports of goods or services or both and inter-State supplies of goods or services or both made from the State or Union territory by the said taxable person but excludes central tax, State tax, Union territory tax, integrated tax and cess.
- Section 2(91) of the Companies Act, 2013 provides that turnover means gross amount of revenue recognised in the profit and loss account from the sale, supply, or distribution of goods or on account of services rendered, or both, by a company during a financial year.
- Commercially, we understand turnover means the aggregate amount for which sales are effected or services rendered by an enterprise. It would include not only sales of goods but also sales of services. Further, this can be classified as gross turnover (before deductions for returns and discounts) and net turnover (after such deductions).
- Further, the words “sales”, “turnover” and “gross receipts” are commercial terms. They should be computed in accordance with either cash or mercantile system of accounting regularly employed by the assessee.

- Different charges listed on an invoice might require evaluation to determine if they should be included in the sales turnover. The table below details the treatment of common items

Particulars	Treatment
Trade Discount	Exclude provided discount is allowed in the invoice itself
Turnover Discount	Exclude
Cash Discount	Not to be excluded
Commission on sale	Not to be excluded
Sale Return	Exclude, even if the returns are from the sales of earlier year(s)
Sale of fixed asset	Exclude
Sale of investment	Exclude
Scrap Sale	Include
Share held as investment	Exclude
Share held as stock	Include
GST	Exclude, if GST recovered are credited separately to separate account (say GST Account) and payments to the authority are debited in the same account

- In case of share brokers or sub broker, only brokerage is to be taken into account for determining the quantum of turnover. If, however, the broker is undertaking share transaction on his personal account, the sale value should also be taken into account for the purpose of limit under section 44AB
- In case of *kachha arathias*, the turnover does not include the sales effected on behalf of the principals and only the gross commission has to be considered for the purpose of section 44AB. But the position is different with regard to *pacca arathias*. Where the property in the goods or all significant risks and rewards of ownership of goods continue to belong to the principal, in that case, the relevant sale price shall not form part of the sales/turnover of the commission agent and/or the consignee as the case may be. If, however, the property in the goods, significant risks and reward of ownership belongs to the commission agent and/or the consignee, as the case may be, the sale price received/receivable by him shall form part of his sales/turnover
- A speculative transaction means a transaction in which a contract for the purchase or sale of any commodity, including stocks and shares, is periodically or ultimately settled otherwise than by the actual delivery or transfer of the commodity or scrips. The aggregate of both positive and negative differences (in absolute terms) is to be considered as the turnover of such transactions for determining

the liability to audit under section 44AB. In case of derivatives transactions, premium received on sale of options is also to be included in turnover. In case of an open position as at the end of the financial year (i.e., trades which are not squared off during the same financial year), the turnover arising from the said transaction should be considered in the financial year when the transaction has been actually squared off.

- Gross Receipts will include all receipts whether in cash or in kind arising from carrying on of the business which will normally be assessable as business income under the Act. The following items of income and/or receipts would be covered
 - Cash assistance received or receivable by any person against exports under any scheme of the Government of India.
 - Interest received by the money lender.
 - Reimbursement of expenses incurred (e.g. packing, forwarding, freight, insurance, etc.) and if the same is credited to a separate account in the books, only the net surplus on this account should be added to the turnover for the purposes of Section 44AB;
 - The net exchange rate difference on export sales during the year shall be added on the basis of the aforesaid principle
 - Liquidated damages
 - Insurance claims – except for fixed assets;
 - Lease rent in the business of operating lease.
 - Hire charges and installments received in the course of hire purchase;
 - Advance received and forfeited from customers.
 - Value of any benefit or perquisite, whether convertible into money or not, arising from business or the exercise of a profession.
- However, gross receipts do not include
 - Agricultural receipts
 - Rental income taxable under the head Income from House Property or under the head Income from Other Sources
 - Dividends on shares except in the case of an assessee dealing in shares

- Interest income taxable under the head Income from Other Sources
 - In the case of a travelling agent, reimbursement on account of actual fare charges received from the client. However, such amount shall not be excluded if the travel agent is conducting a package tour and charges a consolidated sum for transportation, boarding and lodging and other facilities
 - Share of profit of a partner of a firm which is exempted under section 10(2A)
 - Interest and remuneration received by a partner from the partnership firm, if such partner is not carrying on separate business or profession
 - Write back of the amount payable to creditors
- It is worthwhile to note that separate limits are prescribed for the business and the profession. If an assessee is carrying on both, then the provision of section 44AB is applicable if either of the conditions is satisfied. However, if the assessee is engaged in multiple businesses, then aggregate turnover or gross receipts are required to be considered. Further, where the business or profession is covered by section 44AD or 44ADA or 44AE or 44BB or 44BBB and the assessee opts to be assessed under the respective sections on presumptive basis, the turnover thereof shall be excluded

Audit Report [Rule 6G]

The persons mentioned above would have to furnish by the specified date a report of the audit in the prescribed forms.

Case	Audit Report	Statement particulars
Assessee required to get account audited by or under any law for the financial year	Form 3CA	Form 3CD
In cases where the accounts of a person are required to be audited by or under any other law before the specified date, it will be sufficient if the person gets his accounts audited under such other law before the specified date and also furnish by the said date the report of audit in the prescribed form in addition to the report of audit required under such other law.		
Assessee not required to get account audited by or under any law	Form 3CB	
Where an assessee follow accounting year being different from financial year, then separate audit is required and in this case audit report should be in Form 3CB.		

Mode of submitting audit report

The tax audit report (Form 3CA/3CB alongwith Form 3CD) is required to be uploaded using digital signature of the tax auditor. These forms should be accompanied by the audited financial statements of the assessee. The assessee needs to login and approve these Forms from his worklist on e-filing website.

Consequences of failure to get accounts audited [Sec. 271B]

- If any person fails to get his accounts audited in respect of any previous year relevant to an assessment year or furnish a report of such audit as required under section 44AB, the Assessing Officer may direct that such person shall pay penalty, being lower of the following:
 - a. $\frac{1}{2}$ percent of total sales or turnover or gross receipt; or
 - b. ₹1,50,000
- However, section 273B provides that the penalty shall not be imposed if the assessee proves that there was reasonable cause for such failure.
- Few of the instances accepted by the judiciary as ‘reasonable cause’:
 - Resignation of the tax auditor and consequent delay;
 - Death or physical inability of the partner in charge of the accounts;
 - Labour problems such as strike, lock out for a long period, etc.;
 - Loss of accounts because of fire, theft, etc. beyond the control of the assessee;
 - Non-availability of accounts on account of seizure;
 - Natural calamities, commotion, etc.
 - Failure of official e-filing portal of the Income-tax department
- Where no accounts are maintained, the question of auditing the accounts does not arise and therefore, no proceedings can be initiated for imposing penalty under Section 271B.

Form 3CA and Form 3CB

There are two types of forms: 3CA-3CD and 3CB-3CD. Therefore, only one of two will apply to each taxpayer.

- **Form 3CA-3CD** applies to a person who is required by or under any law to get its accounts audited.
- **Form 3CB-3CD** is applicable to a person not referred above, i.e., where accounts are not required to be audited under any other law.

The main difference between Form 3CA and Form 3CB is the audit requirement clause. The table below shows the difference between 3CA and 3CB

	Form 3CA	Form 3CB
Mandatory Audit	Mandatory audit of accounts under other law (like Companies Act or Limited Liability Partnership Act) is required	Mandatory audit of accounts under other law is not required. Audit is conducted by application of sec. 44AB only
Applicability	Companies, LLP, Co-operative society	Individual, HUF and Partnership firm
Supporting Document	A detailed statement of particulars in Form 3CD is also required	A detailed statement of particulars in Form 3CD is also required
Opinion	<p>The tax auditor is not required to give his opinion about a true and fair view of the accounts.</p> <p>The following documents are required to be annexed with Form 3CA:</p> <ul style="list-style-type: none"> - Copy of audited Financial Statement - Copy of the audit report given by the statutory Auditor - Form 3CD <p>The tax auditor is required to give his opinion regarding particulars furnished in Form 3CD by the assessee are true and correct, subject to observation and qualification, if any</p>	<p>The tax auditor is required to give his opinion as to whether or not the accounts audited by him give a true and fair view:</p> <ul style="list-style-type: none"> - in the case of the balance sheet, of the state of affairs as at the last date of the accounting year. - in the case of the profit and loss account/income and expenditure, of the profit or loss/surplus or deficit of the assessee for the relevant accounting year. <p>The following documents are required to be annexed with Form 3CB:</p> <ul style="list-style-type: none"> - Copy of audited Financial Statement - Form 3CD <p>The tax auditor is required to give his opinion regarding particulars furnished in Form 3CD by the assessee are true and correct, subject to observation and qualification, if any.</p> <p>If he has any difference of opinion, these differences are required to be reported in Para 5 of the Form 3CB</p>

Revision of tax audit report

If there is payment by the assessee after furnishing of the report which necessitates recalculation of disallowance under section 40 or section 43B, the report of audit may be revised by the person by getting revised report of audit from an accountant, duly signed and verified by such accountant, and furnish it before the end of the relevant assessment year for which the report pertains.

Taxpoint: The audit report may be revised any number of times within the relevant assessment year.

Form 3CD

Form 3CD prescribes the statement of particulars required to be furnished under section 44AB of the Act. This form is required to be annexed with Form 3CA/Form 3CB. The auditor needs to submit the audit findings in the audit report through audit form 3CD.

This Form has a total of 44 clauses where the auditor has to report on the various matters contained therein. These clauses have been divided into two parts –

- Part A covers the basic factual details about the assessee; and
- Part B contains the particulars of various compliances under the income tax laws that need to be furnished

Disclosures and Reporting in Form 3CD require detailed and specific information under various clauses of the form, which is part of the tax audit report mandated by section 44AB of the Income-tax Act, 1961. Tax auditors must report on a wide range of financial and compliance aspects, including deductions, payments, transactions subject to TDS/TCS, details of loans or deposits, related party transactions, and adherence to various provisions of the Income-tax Act. Each clause necessitates specific disclosures to ensure accurate reporting of the assessee's financial and tax-related activities. These disclosures are crucial for compliance, determining the correct tax liability, ensuring transparency, avoiding penalties, and meeting statutory requirements during the tax audit process.

Taxpoint

- If any specific clause in Form No. 3CD is not applicable, the tax auditor should state that the clause is not applicable.
- In computing the allowance or disallowance, the tax auditor should consider the law applicable for the relevant year.
- If a specific item of income or expenditure is covered under multiple clauses in the statement of particulars, it is important to ensure appropriate cross-references are made to these items in the relevant clauses. Information may be furnished at any one of the clause and reference may be given at other clause.
- If there is a difference in opinion between the tax auditor and the assessee regarding any information provided in Form No. 3CD, the tax auditor should consider stating both opinions along with the relevant information so that the tax authority may make an informed decision on the matter.
- Where information furnished by the assessee is incomplete or inaccurate or the information has not been furnished by the assessee, the tax auditor should state the fact in para 3 / para 5 of the Form 3CA/3CB
- In case the auditor relies on a judicial pronouncement, he may mention the fact as his observations in in para 3 / para 5 of the Form 3CA/3CB

Examine the applicability of tax audit u/s 44AB in the following independent cases:

Case	Cash Turnover from			Audit u/s 44AB applicable
	Business A	Business B	Profession A	
1	₹ 72 lakhs	-	₹ 54 lakhs	Yes , as the professional receipt exceeds threshold limit, hence audit is required for his business and profession
2	₹ 86 lakhs	-	₹ 42 lakhs	No , as business turnover does not exceed threshold limit of ₹ 1crore and professional receipt does not exceed ₹ 50 lakhs, hence tax audit is not applicable.
3	₹ 65 lakhs	₹ 40 lakhs	-	Yes , as aggregate business turnover exceeds ₹ 1 crore, hence the audit is applicable for his all business.

ABC and company want to know whether it requires an audit under section 44AB.

Solution

In the instant case, the aggregate receipt of the firm is ₹ 981.30 lakh. Out of which, cash receipt is only ₹ 46.30 lakhs, which is equivalent to 4.72% of the receipt.

On the other hand, the aggregate payment made by the firm is ₹ 505 lakhs. Out of which, cash payment is ₹ 28 lakhs, which constitutes 5.54% of the total payment made by the firm during the year.

Since cash payment constitutes more than 5% of aggregate payment made by the firm during the previous year, hence, the firm cannot avail the benefit of the higher threshold limit of ₹ 10 crore provided u/s 44AB.

Further, the sales made by the firm exceed ₹ 1 crore, hence, tax audit u/s 44AB is applicable in the given case.

The following information is noted from the records of PQR Ltd engaged in two businesses viz sale of computer and sale of readymade garments, for the previous year ending on 31st March 2025:

₹ in lakhs

Particulars	Computer Business	Garment Business
Sale through banking channel	300	50
Sales made in cash	-	200
Purchase through banking channel	250	200

PQR Ltd is of the view that in the case of computer business, tax audit is not applicable as entire sales and purchases were made through a proper banking channel, hence, the higher threshold limit of ₹ 10 crore would be applicable.

However, the company has submitted a tax audit report within time, considering the garment business only. Analyse the situation.

Solution

As per section 44AB, tax audit is applicable where total sales, turnover or gross-receipts of business for the previous year exceeds ₹ 1 crore. However, if the following conditions are satisfied, then the higher threshold limit of ₹ 10 crore shall be applicable for a person carrying on business:

- aggregate of all amounts received including amount received for sales, turnover or gross receipts during the previous year, in cash, does not exceed 5% of the said amount; **and**
- aggregate of all payments made including amount incurred for expenditure, in cash, during the previous year does not exceed 5% of the said payment.

In this respect, it is to be noted that if the assessee is engaged in multiple businesses, then aggregate turnover or gross receipts are required to be considered.

In view of the above provision, aggregate receipt and payment of the concern are as under:

₹ in lakhs

Particulars	Total Receipt /Payment	Cash receipt /payment out of total	Cash as a % of total
Aggregate Receipt	550	200	36.36
Aggregate Payment	450	-	-

Since cash sales constitutes more than 5% of aggregate turnover made by the company during the previous year, hence, the company cannot avail the benefit of the higher threshold limit of ₹ 10 crore provided u/s 44AB. Further, the sales made by the company exceed ₹ 1 crore, hence, tax audit u/s 44AB is applicable for the assessee-company. Tax audit is applicable for the assessee and not for each business carried on by it. Thus, the company is required to file a tax audit report for both of its business.

Further, the company has not submitted tax audit report for its computer business, the company is liable for a penalty u/s 271B, which is lower of the following:

- ½% of turnover; or
- ₹ 1,50,000

Since the assessee has already furnished the report for ₹ 250 lakhs (i.e., garment business), the penalty u/s 271B shall be invoked only on turnover of ₹ 300 lakhs.

XYZ Ltd (having TAN: CALX12345D) has made the following payments during the year:

Particulars	Gross Amount	TDS
Professional Fee to Mr. X	1,00,000	10,000
Professional Fee to Mr. Y	1,50,000	15,000
Professional Fee to Mr. Z	40,000	-
Yearly Rent to Mr. A	2,00,000	-

All of the aforesaid transactions are related to 31st Mar 2025. The company has paid the TDS being deducted by it, on 25-04-2025 and TDS return in Form 26Q has been submitted by it on 10-05-2025.

How could you submit this information in the Form 3CD?

Solution

Section 40(ia) provides for disallowance of 30% of the sum payable to a resident on which tax is deductible a source and such tax has not been deducted or after deduction has not been paid on or before the due date of filing return of income under section 139(1).

The professional fee to Mr. Z (being in excess of ₹ 30,000) is subject to TDS, but the company fails to deduct tax at source. Hence, 30% of ₹ 40,000 i.e., ₹ 12,000 shall be disallowed u/s 40(ia)

Further, in case of payment of rent, threshold limit has not been crossed, hence TDS is not applicable.

Reporting requirement in clause 21(b) of the Form 3CD

Disallowance u/s 40(ia) are required to be reported in clause 21(b) of the Form 3CD in the following manner:
