Module Learning Objectives

After studying this module, the students will be able to:

- ⦿ Understand the taxable event under GST
- ⦿ Analyse and identify scope of supply, supply includes and excludes
- ⦿ Classify the transactions which are exempted from GST
- ⦿ Explain the composite and mixed supply
- ⦿ Understand the composition scheme and its application in practice
- ⦿ Identify levy and collection of tax
- ⦿ Understand reverse charge mechanism

Under the old regime of Indirect Tax Laws, there was no concept of Supply. The ‘Central Excise Duty and State Excise Duty’ was charged on goods manufactured. Likewise, ‘Service Tax’ was levied based on the ‘point of taxation’ rules, for services rendered. The Value Added Tax (VAT) would be levied on sale of goods or provision of services.

The new regime of Indirect Tax Laws has merged all taxes to maintain a single taxable event under GST by incorporating the vital term ‘Supply’. The term Supply is considered as ‘taxable event’ for charging tax under GST. The liability to pay tax arises at the ‘time of supply of goods or services or both’. Before knowing about scope of supply under GST, let us focus on fundamentals of GST.

GST is a cure for ills of old regime of Indirect Tax Laws. As a result, India adopted a dual GST where tax imposed concurrently by the Central and States.

DUAL GST Model

SGST

- State GST
- Collected by the State Govt.

CGST

- Central GST
- Collected by the Central Govt.

IGST

- Integrated GST
- Collected by the Central Govt. on inter-state supply of Goods and service

GST extend to whole of India including the State of Jammu and Kashmir. Since appointed day (W.e.f. 1-7-2017) GST has mitigated cascading effects and created unified national market and resulted into elimination of multiple taxes and double taxation. Thus, we can say that GST is truly one nation one tax.

UTGST – in Union territories without Legislature:

Supplies within such Union territory, Central GST will apply to whole of India and hence, it would be applicable to all Union territories, with or without Legislature.

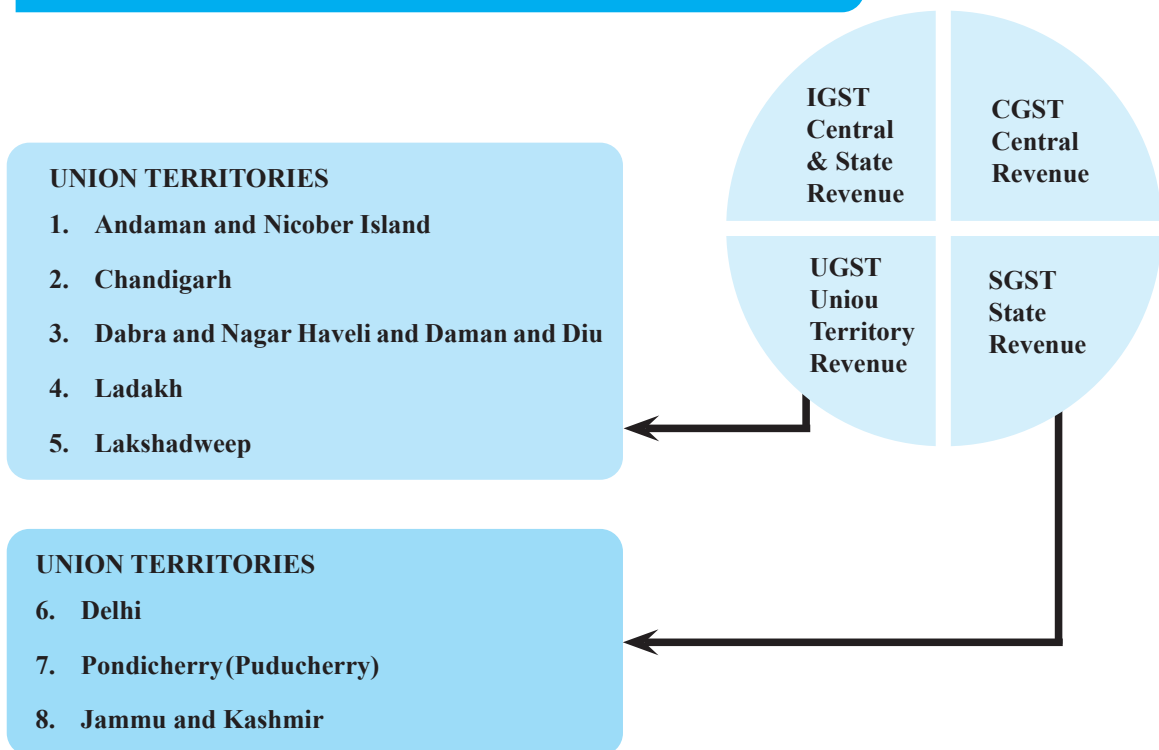

To replicate the law similar to State GST to Union territories without Legislature, the Parliament has the powers under Article 246(4) to make such laws. Alternatively, the President of India may use his general powers to formulate such laws.

Hence, same law as like State GST can be formulated for Union territory without Legislature, by the Parliament.

The following are Union Territories without Legislature:

1. Lakshadweep
2. Daman and Diu and Dadra and Nagar Haveli
3. Andaman and Nicobar Islands
4. Ladakh
5. Chandigarh.

Revenue source to Central and State Government

GST Council:

As per Article 279A of the Constitution of India, the President of India is empowered to constitute Goods and Services Tax Council. The President of India constituted the GST Council on 15th September 2016.

The GST Council shall consist of Union Finance Minister as a Chairperson, Union Minister of State in charge of Finance as a member, the State Finance Minister or State Revenue Minister or any other Minister nominated by each State as a member of the Council. The GST Council shall select one of them as Vice Chairperson of Council.

The mechanism of GST Council would ensure harmonization on different aspects of GST between the Centre and the States as well as among States. It has been provided in the Constitution (101st Amendment) Act, 2016 that the GST Council, in its discharge of various functions, shall be guided by the need for a harmonized structure of GST and for the development of a harmonized national market for goods and services.

Functions of the GST Council

GST Council is to make recommendations to the Central Government and the State Governments on—

- tax rates,
- exemptions,
- threshold limits,
- dispute resolution,
- GST legislations including rules and notifications etc.

VOTING RIGHTS

The Central Govt. shall have a weightage of 1/3rd of the votes cast

The votes of all State Govt. together shall have a weightage of 2/3rd of the total votes cast.

Every decision of the GST Council shall be taken at a meeting by a majority of not less than 3/4th of the weighted votes of the Members present and voting. One half of the total number of members of the GST shall constitute the quorum at its meetings.

Taxable Event

Taxable event under GST law is supply of goods or services or both. It means no supply then no GST.

The term, “supply” has been inclusively defined in the Act. The meaning and scope of supply under GST can be understood in terms of following six parameters, which can be adopted to characterize a transaction as supply:

1. Supply of goods or services. Supply of anything other than goods or services does not attract GST.
2. Supply should be made for a consideration.
3. Supply should be made in the course or furtherance of business.
4. Supply should be made by a taxable person.
5. Supply should be a taxable supply.
6. Supply should be made within the taxable territory

Exceptions:

- (1) Any transaction involving supply of goods or services without consideration is not a supply, barring few exceptions, in which a transaction is deemed to be a supply even without consideration.
- (2) Further, import of services for a consideration, whether or not in the course or furtherance of business is treated as supply.

Case Studies and Illustrations on Supply – Taxable, Non-taxable, Exempted, Deemed Supplies, Reverse Charge

1.2

Supply made in the course or furtherance of business:

In the course of business: Every person carries out certain activities regularly for running trade or commerce.

Example 1

CMA Mr. Ram a practicing Cost Accountant carries out the activity of Accounting, Auditing, filing returns, Certifying documents and so on so forth. These activities can be considered as performed in the course of business.

Furtherance of business: Every business person uses to think how to develop his business or carrying out new activities. Such activities called as furtherance of business.

M/s X Ltd. appointed Mr. Y as a consultant for searching, evaluating and shortlisting places for prospective targets. Finally, company decided to establish unit at Ambattur Industrial Estate Chennai. Hence, Mr. Y carried out various activities is in furtherance of business of M/s X Ltd.

GST is essentially a tax only on commercial transactions. Hence, only those supplies that are in the course or furtherance of business qualify as supply under GST. Hence, any supplies made by an individual in his personal capacity do not come under the ambit of GST unless they fall within the definition of business as defined in the Act.

Sale of goods or service even as a vocation is a supply under GST. Therefore, even if a famous politician paints painting for charity and sells the paintings even as a one-time occurrence, the sale would constitute supply.

1.2.1 Section 7(1)(a) of CGST Act, 2017

- (iii) **Barter:** it means, the exchange of goods and productive services for other goods and productive services, without the use of money.

Example 8

Mr. C a practicing Cost Accountant provided services to M/s XYZ Ltd., dealer of laptops, in return M/s XYZ Ltd., given to Mr. C two laptops. Here, two-way supply takes place. Mr. C is making taxable supply of service and M/s XYZ Ltd., is making taxable supply of goods. Hence, tax is payable by both.

Example 9

Mr. A a dealer in laptops. He supplied a laptop for ₹40,000 to Mr. B along with a barter of printer. The value of the printer known at the time of supply is ₹4,000 but the open market value of the laptop is not known, the value of the supply of laptop is ₹44,000. Hence, Mr. A is liable to pay GST on ₹44,000. At the same time Mr. B is also liable to pay GST on ₹4,000 if he is registered person.

- (iv) **Exchange:** when two persons mutually transfer the ownership of one thing for the ownership of another, neither thing nor both things being money only, the transaction is called an exchange.

Mr. A owns a residential building in a prime commercial locality. Large vacant land in the backyard is given on rent of ₹1,80,000 per month to a parking contractor, Mr. B who has set up a parking facility on the said land. It is a taxable supply of service and hence, Mr. A is liable to pay GST.

Example 15

Mr. X the owner of a residential building in a commercial locality, Ground Floor is given on rent to Mr. C for a monthly rent of ₹60,000. Mr. Y uses the same as his residence. It is a supply of service. However, specifically exempted from GST. Hence, Mr. X is not liable to pay GST.

- (vii) **Lease:** A lease is an agreement whereby the lessor conveys to the lessee in return for a payment or series of payments the right to use an asset for an agreed period of time. A lease may be financial lease or operating lease.

Example 16

M/s X Bank Ltd., given an asset under financial lease to M/s Y Ltd. Repayment of financial lease made by the customer to the bank ₹80 lakhs which includes a principal amount of ₹50 lakhs.

Financial leases shall be taxed as supply of services. M/s X Bank Ltd. is liable to pay GST.

- any payment made or to be made, whether in money or otherwise, in respect of, in response to, or for the inducement of, the supply of goods or services or both, whether by the recipient or by any other person but shall not include any subsidy given by the Central Government or a State Government;
- the monetary value of any act or forbearance, in respect of, in response to, or for the inducement of, the supply of goods or services or both, whether by the recipient or by any other person but shall not include any subsidy given by the Central Government or a State Government:

Provided that a deposit given in respect of the supply of goods or services or both shall not be considered as payment made for such supply unless the supplier applies such deposit as consideration for the said supply;

No Claim Bonus is not a consideration vide Circular No. 186/18/2022-GST-dt. 27.12.2022 has been issued to clarify as under:

| S. No. | Issue | Clarification |
|--------|--|---|
| 1. | Whether the deduction on account of No Claim Bonus allowed by the insurance company from the insurance premium payable by the insured, can be considered as consideration for the supply provided by the insured to the insurance company, for agreeing to the obligation to refrain from the act of lodging insurance claim during the previous year (s)? | <p>As per practice prevailing in the insurance sector, the insurance companies deduct No Claim Bonus from the gross insurance premium amount, when no claim is made by the insured person during the previous insurance period(s). The customer/ insured procures insurance policy to indemnify himself from any loss/ injury as per the terms of the policy and is not under any contractual obligation not to claim insurance claim during any period covered under the policy, in lieu of No Claim Bonus.</p> <p>It is, therefore, clarified that there is no supply provided by the insured to the insurance company in form of agreeing to the obligation to refrain from the act of lodging insurance claim during the previous year(s) and No Claim Bonus cannot be considered as a consideration for any supply provided by the insured to the insurance company.</p> |

Simplified approach:

It is, therefore, clarified that there is no supply provided by the insured to the insurance company in form of agreeing to the obligation to refrain from the act of lodging insurance claim during the previous year(s) and No Claim Bonus cannot be considered as a consideration for any supply provided by the insured to the insurance company.

Donation or charity does not attract GST:

Supply of Service without Consideration (i.e. Donation. Hence, no GST)

Example 17

Akbar Travels Pvt. Ltd., a travel agent books ticket for a customer Mr. X. Travel agent raises invoice on customer Mr. X for transportation of passenger by air of ₹10,000 and his commission of ₹500. The entire amount of ₹10,500 is not his consideration. The amount of ₹500 retained by the air travel is to be considered as his consideration.

Example 18

M/s X Ltd., being an authorized dealer of the TATA brand, rendered services to buyer of car, but payment is made to authorized dealer by the TATA Company. It is called as consideration is given by third person. Therefore, it is treated as supply of service and liable to tax in the hands of M/s X Ltd.

Example 19

Consideration includes non-monetary consideration.

Aggregate of payments received in money and monetary value of the act or forbearance will constitute consideration:

Example 20

A Sports Club agrees to hire services of cricket player Mr. B for a consideration of ₹2 crores. In addition to this, the agreement provides that the player shall be provided with the car valued for ₹20 lakhs. The entire value of ₹2.20 crores will be considered as consideration and subject to tax.

Example 21

Mr. X sells office furniture to Mr. Y on the condition that donation of ₹10,000 is payable by Mr. Y to a trust. The amount of ₹10,000 is paid by Mr. Y is by reason of purchase of furniture. Hence, ₹10,000 will be treated as consideration for sale of furniture. Thereby Mr. X is liable to pay GST on ₹10,000 in addition to the value of furniture.

Example 22

M/s Lakshman Ltd. agreed to sell its business to M/s Ram Ltd., for a consideration of ₹50,00,000. M/s Lakshman Ltd. further agrees that it will not conduct same or similar business for a period of 10 years, for which M/s Ram Ltd., paid ₹20,00,000. Hence, M/s Lakshman Ltd., consideration is ₹70,00,000.

No consideration:**Example 23**

Mr. Rajesh during long drive with his wife Manju violated traffic rules and was imposed fine of ₹1,000. The amount received as fine or penalty for violation of statutory provisions will not be considered as consideration.

Example 24

The following generally not considered as consideration:

- Grant of pocket money;
- Gift or reward (which has not been given in terms of reciprocity); or
- Amount paid on alimony for divorce.

Example 25**Subsidy given by the Government to benefit the farmers cannot be considered an additional consideration:**

Example 26

Deposits: If refunded then, it is not a consideration. Therefore, the same does not attract GST. If tax has already been paid the taxpayer would be entitled to refund.

If not refunded then, it is relating to a service, attract service tax.

Clarifications of the CBIC:**Illustration 2**

Equipment and instruments sent to manufacturers' factory for repairs and calibration within India on a returnable basis. Is it supply?

Solution: It is not a supply. Since, no sale has taken place. It is enough to issue a challan for movement of goods without supply.

Illustration 3

X Ltd. supplied spare parts freely to replace during warranty period. Is it supply and chargeable to GST?

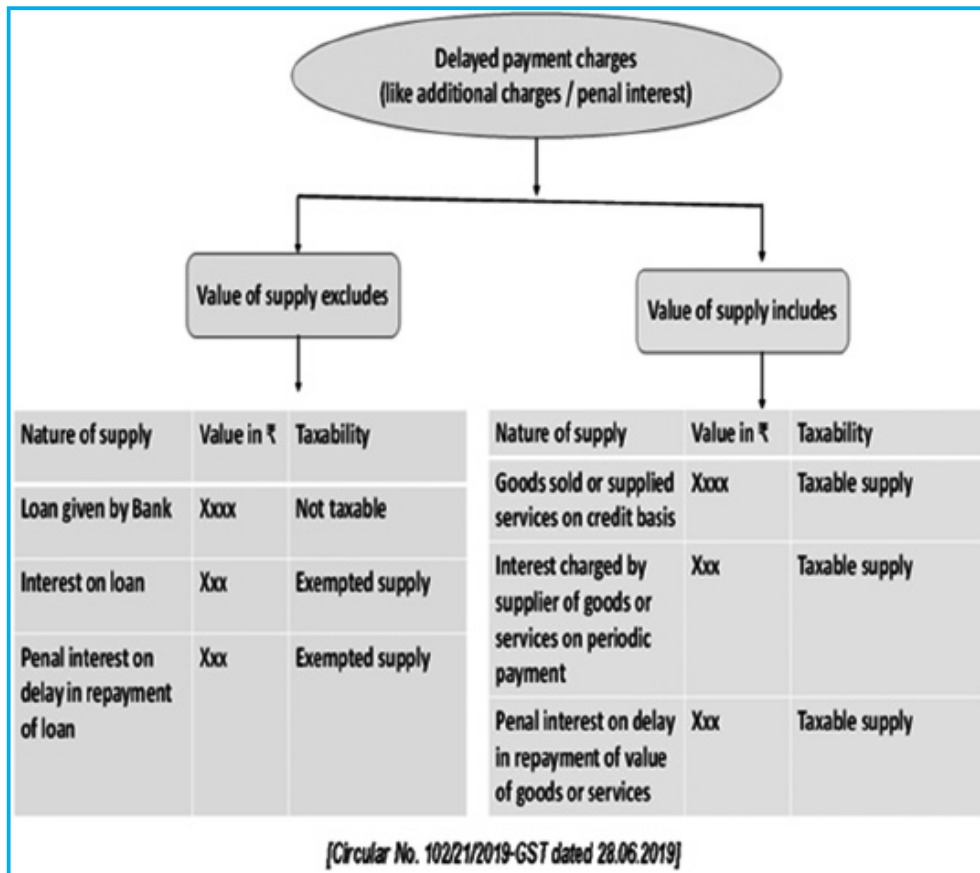

Solution: It is not supply.

GST is not chargeable if free replacement is provided by a business to customers without consideration under warranty.

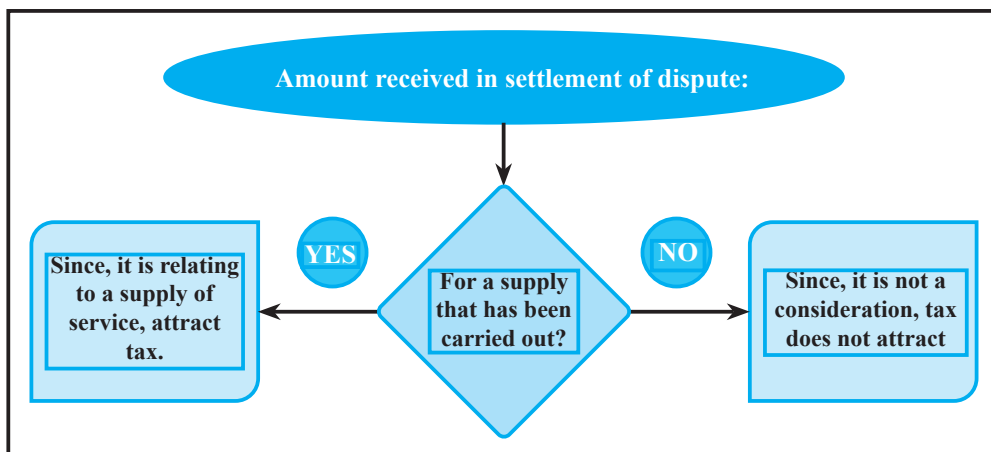

Illustration 4

Penalties levied on late or delayed payment of loans and advances are taxable supply?

Solution: No. These are exempted supply under GST (Circular No. 102/21/2019-GST, dated 28.06.2019)

Example 27: Amount received in settlement of dispute:

Services provided by the members of the Joint Venture (JV) to the JV and vice versa or between the members of the JV:

JV (an unincorporated temporary association constituted for the limited purpose of carrying out a specified project) and the members of the JV are treated as distinct persons and therefore, taxable services provided for consideration, by the JV to its members or vice versa and between the members of the JV are taxable [Circular No. 35/9/2018-GST, dated 5th March, 2018].

If cash calls are merely a transaction in money, they are excluded from the definition of service and not taxable.

If cash calls are not merely a transaction in money, they are included in the definition of service and hence taxable.

Illustration 5

There are 4 members in the JV including the operating member and each one contributes ₹100 as part of their share. A total amount of ₹400 is collected. The operating member purchases machinery for ₹400 for the JV to be used in oil production.

Solution: In given case, the money paid for purchase of machinery is merely in the nature of capital contribution and is therefore a transaction in money.

It will not be the subject matter of 'GST'.

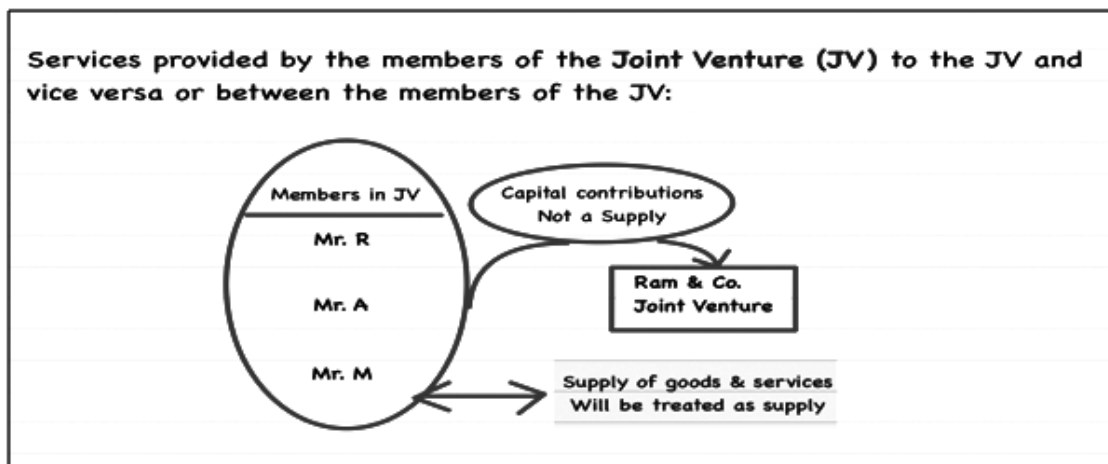

Illustration 6

There are 4 members in the JV including the operating member and each one contributes ₹100 as part of their share. A total amount of ₹400 is collected. The operating member thereafter uses its own machine and performs exploration and production activities on behalf of the JV.

Solution: The operating member uses its own machinery and is therefore providing 'service' within the scope of supply of CGST Act, 2017. This is because in this scenario, the operating member is recovering the cost appropriated towards machinery and services from the other JV members in their participating interest ratio.

Therefore, it will attract GST in the hands of operating member.

Conclusion: any transaction involving supply of goods or services or both without consideration is not a supply unless it is deemed to be a supply under GST Law (i.e. Schedule I of the CGST Act, 2017, Activities to be treated as supply even if made without consideration).

Slump sale treated as supply of service. It shall be inferred that transfer of a going concern as a whole or a part thereof or transfer of business as a going concern is exempt under GST. Therefore, no GST on slump sales.

| Section 7(1)(c) of CGST | Import of services by a taxable person from a related person or from any of his other establishments outside India (i.e. distinct person). | Not Required | Necessarily required. |

Important Points:

- (1) As per the provisions contained in Section 21 of the IGST Act, 2017, all imports of services made on or after the appointed day (i.e. 1st July 2017) will be liable to IGST regardless of whether the transactions for such import of services had been initiated before the appointed day.

- (a) the term “person” also includes legal persons;
- (b) persons who are associated in the business of one another in that one is the sole agent or sole distributor or sole concessionaire, howsoever described, of the other, shall be deemed to be related.

Question:

Whether the activity of holding shares by a holding company of the subsidiary company will be treated as a supply of service or not and whether the same will attract GST or not?

Answer:

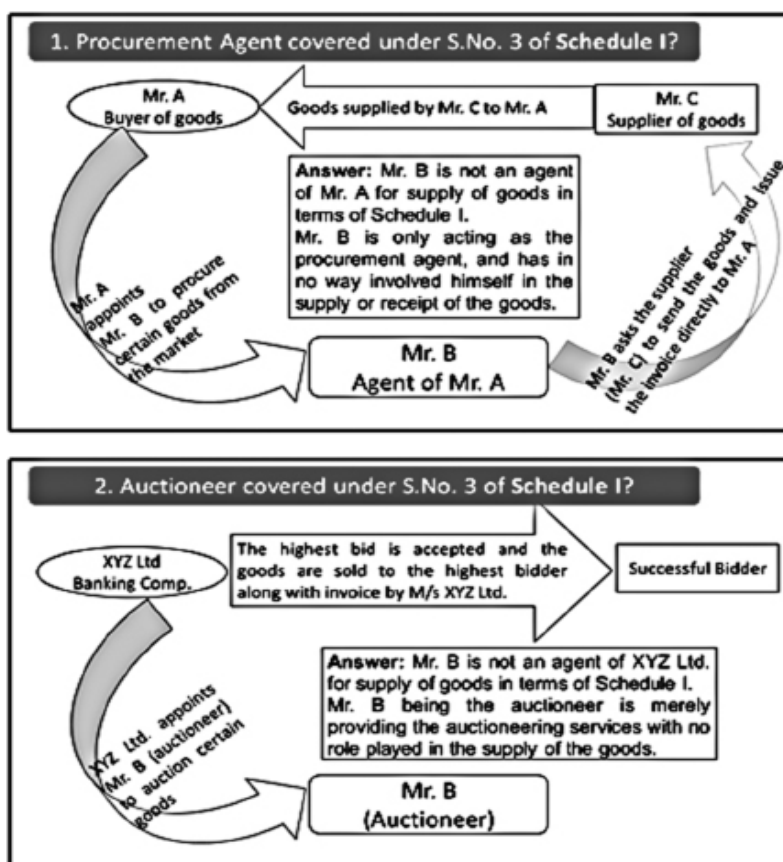

As per CBIC Circular No. Circular No. 196/08/2023-GST dated 17th July 2023, Securities are considered neither goods nor services in terms of definition of goods under clause (52) of section 2 of CGST Act and the definition of services under clause (102) of the said section. Further, securities include ‘shares’ as per definition of securities under clause (h) of section 2 of Securities Contracts (Regulation) Act, 1956.

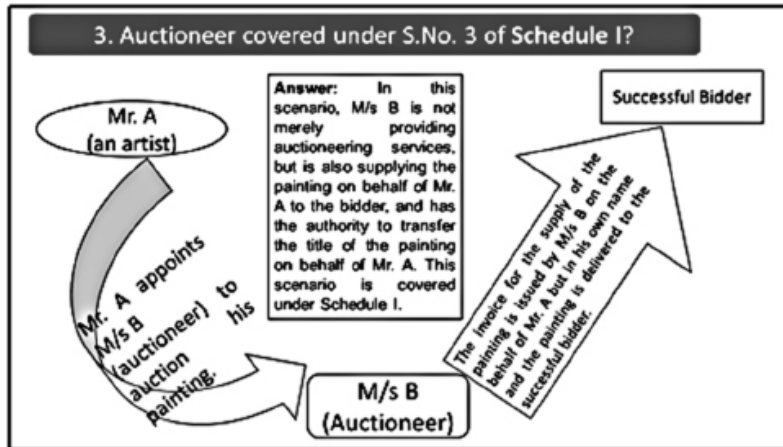

This implies that the securities held by the holding company in the subsidiary company are neither goods nor services. Further, purchase or sale of shares or securities, in itself is neither a supply of goods nor a supply of services. For a transaction/activity to be treated as supply of services, there must be a supply as defined under section 7 of CGST Act. It cannot be said that a service is being provided by the holding company to the subsidiary company, solely on the basis that there is a SAC entry ‘997171’ in the scheme of classification of services mentioning; “the services provided by holding companies, i.e. holding securities of (or other equity interests in) companies and enterprises for the purpose of owning a controlling interest.”, unless there is a supply of services by the holding company to the subsidiary company in accordance with section 7 of CGST Act.

Therefore, the activity of holding of shares of subsidiary company by the holding company per se cannot be treated as a supply of services by a holding company to the said subsidiary company and cannot be taxed under GST.

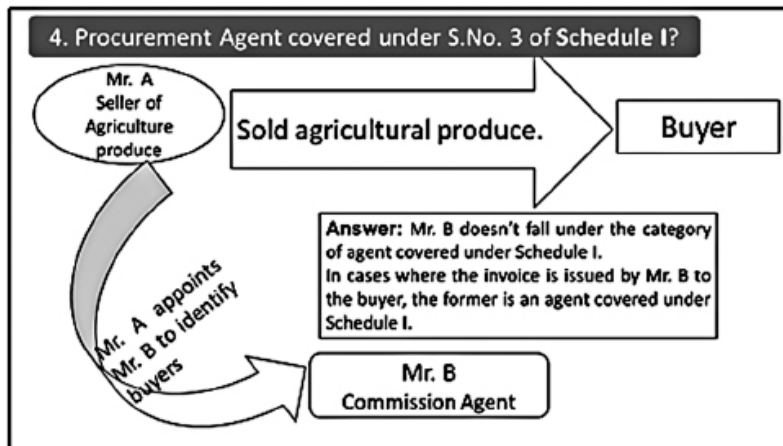

Circular No. 57/31/2018-GST, dated 4th September, 2018:

Scope of Principal-agent relationship in the context of Schedule I of the CGST Act, 2017

Simplified approach:

Note: A similar situation can exist in case of supply of goods as well where the C&F agent.

Summary:

The key ingredient for determining relationship under GST would be whether the invoice for the further supply of goods on behalf of the principal is being issued by the agent or not.

However, it may be noted that in cases where the invoice is issued by the agent to the customer in the name of the principal, such agent shall not fall within the ambit of Schedule-I of the CGST Act, 2017.

Importation of Services:

Import of services by a person from a related person or from his establishments located outside India, in the course or furtherance of business shall be treated as “supply”.

Example 37

Example 38

Sparsh Ltd. of Mumbai imports business support services from its head office located in USA. The head office has rendered such services free of cost to its branch office. Services received by Sparsh Ltd. will qualify as supply even though the head office has not charged anything from it.

Ram is an architect in Chennai. His brother who is settled in London is a well-known lawyer. Ram has taken legal advice from him free of cost with regard to his family dispute. Examine whether the said activity would amount to supply under section 7 read with Schedule I of the CGST Act.

Would your answer be different if in the above case, Ram has taken advice in respect of his business unit in Chennai?

Solution:

Import of Services by a person from a related person located outside India, without consideration is treated as supply if it is provided in the course or furtherance of business. In the given case Ram and his brothers are not related persons. Since Ram's brother who is not wholly or mainly dependent on Mr. Ram.

Therefore, services provided by Ram's brother to him would not be treated as supply under section 7 read with Schedule I of the CGST Act, 2017.

In the above case, if Ram has taken advice with regard to his business unit, services provided by Ram's brother to him still not be treated as supply under section 7 of the CGST Act, 2017 read with Schedule I, as although the same are provided in course or furtherance of business, such services have not been received from a related person.

- Certification is obtained from the Ministry of Civil Aviation
- Reciprocal treatment is confirmed, ensuring that Indian airlines are not subject to similar taxes by the foreign country for identical services

GST on Import of Services by Foreign Airlines' Establishments (vide CBIC Circular No. 234/28/2024-GST dated October 11, 2024):

The GST Council recommended exempting the import of services by foreign airlines' establishments from related entities abroad when made without consideration.

- **Clarification:** Services imported by an establishment of a foreign airline from a related person or another establishment outside India are exempt from GST when made without consideration, effective from October 10, 2024. GST paid from July 1, 2017, to October 9, 2024, is regularized on an "as is where is" basis.

Illustrative Example:

Scenario 1: Exempt Import of Services

- **Foreign Airline:** XYZ Airlines is a foreign airline headquartered in the USA.
- **Indian Establishment:** XYZ Airlines has an office in Mumbai (Indian establishment).
- **Imported Service:** The Mumbai office receives IT support services from the airline's headquarters in the USA (a related entity) to manage its operations in India.
- **Consideration:** No payment is made for the IT support services (i.e., no consideration).

Analysis:

1. The imported services are between related persons (Mumbai office and USA headquarters).
2. No consideration is involved.
3. XYZ Airlines' Indian establishment pays GST on passenger and cargo transport services provided in India.
4. Certification from the Ministry of Civil Aviation and reciprocal tax treatment are confirmed.

Outcome:

The imported IT services are exempt from GST under Notification No. 08/2024.

Para (e) of Schedule II of CGST Act, 2017, Agreeing to the obligation to refrain from an act, or to tolerate an act or a situation, or to do an act; specifically declared to be a supply of service:

The said expression has following three limbs (CBIC Circular No. 178/10/2022-GST, dated 03.08.2022):

| Situation | Examples |
|---|--|
| 1. Agreeing to the obligation to refrain from an act | <ol style="list-style-type: none"> 1. Non-compete agreements, where one party agrees not to compete with the other party in a product, service or geographical area against a consideration paid by the other party. 2. A builder refraining from constructing more than a certain number of floors, even though permitted to do so by the municipal authorities, against a compensation paid by the neighbouring housing project, which wants to protect its sunlight, or 3. An industrial unit refraining from manufacturing activity during certain hours against an agreed compensation paid by a neighbouring school, which wants to avoid noise during those hours. |
| 2. Agreeing to the obligation to tolerate an act or a situation | <ol style="list-style-type: none"> 1. A shopkeeper allowing a hawker to operate from the common pavement in front of his shop against a monthly payment by the hawker, or 2. An Residential Welfare Association (RWA) tolerating the use of loud speakers for early morning prayers by a school located in the colony subject to the school paying an agreed sum to the RWA as compensation. |
| 3. Agreeing to the obligation to do an act | An industrial unit agrees to install equipment for zero emission/discharge at the behest of the RWA of a neighbouring residential complex against a consideration paid by such RWA, even though the emission/discharge from the industrial unit was within permissible limits and there was no legal obligation upon the industrial unit to do so. |

| Issue | Clarification |
|-----------------------|---|
| 1. Liquidated damages | <ol style="list-style-type: none"> 1. Where the amount paid as ‘liquidated damages’ is an amount paid only to compensate for injury, loss or damage suffered by the aggrieved party due to breach of the contract and there is no agreement, express or implied, by the aggrieved party receiving the liquidated damages, to refrain from or tolerate an act or to do anything for the party paying the liquidated damages, in such cases liquidated damages are mere a flow of money from the party who causes breach of the contract to the party who suffers loss or damage due to such breach. Such payments do not constitute consideration for a supply and are not taxable. 2. Amounts paid for acceptance of late payment, early termination of lease or for pre-payment of loan or the amounts forfeited on cancellation of service by the customer as contemplated by the contract as part of commercial terms agreed to by the parties, constitute consideration for the supply of a facility, namely, of acceptance of late payment, early termination of a lease agreement, of pre-payment of loan and of making arrangements for the intended supply by the tour operator respectively. <p>Therefore, such payments, even though referred to as fine or penalty, are actually payments that amount to consideration for supply, and are subject to GST, in cases where the principal supply is taxable. Since these supplies are ancillary to the principal supply for which the contract is signed, they shall be eligible to be assessed as the principal supply. Hence, such payments will not be taxable if the principal supply is exempt.</p> |

| | |
|---|--|
| 2. Compensation for cancellation of coal blocks | There was no contract/ agreement between the prior allottees and the Government that the previous allottees shall agree to or tolerate cancellation of the coal blocks allocated to them if the Government pays compensation to them. The compensation was given to them for such cancellation, not under a contract between the allottees and the Government, but under the provisions of the statute and in pursuance of the Supreme Court Order. Therefore, the compensation paid for cancellation of coal blocks pursuant to the order of the Supreme Court in the above case was not taxable. |
| 3. Cheque dishonour fine/penalty | The fine or penalty that the supplier or a banker imposes, for dishonour of a cheque, is a penalty imposed not for tolerating the act or situation but a fine, or penalty imposed for not tolerating, penalizing and thereby deterring and discouraging such an act or situation. Therefore, cheque dishonour fine or penalty is not a consideration for any service and not taxable. |
| 4. Penalty imposed for violation of laws | Penalties imposed for violation of laws cannot be regarded as consideration charged by Government or a Local Authority for tolerating violation of laws. Fines and penalty chargeable by Government or a local authority imposed for violation of a statute, bye-laws, rules or regulations are not leviable to GST. |
| 5. Forfeiture of salary or payment of bond amount in the event of the employee leaving the employment before the agreed period. | The employee does not get anything in return from the employer against payment of such amounts. Therefore, such amounts recovered by the employer are not taxable as consideration for the service of agreeing to tolerate an act or a situation. |
| 6. Late payment surcharge or fee | The facility of accepting late payments with interest or late payment fee, fine or penalty is a facility granted by supplier naturally bundled with the main supply. Since it is ancillary to and naturally bundled with the principal supply it should be assessed at the same rate as the principal supply. |
| 7. Fixed Capacity charges for Power | The minimum fixed charges/capacity charges and the variable/energy charges are charged for sale of electricity and are not taxable as electricity is exempt from GST. Power purchase agreements which ensure assured supply of power to State Electricity Boards/ DISCOMS are ancillary arrangements, the contract is essentially for supply of electricity. |
| 8. Cancellation charges | For example, cancellation charges of railway tickets for a class would attract GST at the same rate as applicable to the class of travel. The amount forfeited in the case of non-refundable ticket for air travel or security deposit, or earnest money forfeited in case of the customer failing to avail the travel, tour operator or hotel accommodation service or such other intended supplies should be assessed at the same rate as applicable to the service contract, say air transport or tour operator service, or other such services. However, forfeiture of earnest money by a seller in case of breach of 'an agreement to sell' an immovable property by the buyer or such forfeiture by Government or local authority in the event of a successful bidder failing to act after winning the bid for allotment of natural resources, is a mere flow of money, as the buyer or the successful bidder does not get anything in return for such forfeiture of earnest money. Such payments being merely flow of money are not a consideration for any supply and are not taxable. |

|----------------------------|---|

- (i) It appears the liquidated damages recovered by local authority for delay in performance in contract will not be covered under exemption list of GST. The contract has been performed in such cases, GST will be payable on the same.
- (ii) Services provided by Government or a local authority by way of tolerating non-performance of a contract for which consideration in the form of fines or liquidated damages is payable to the Government or the local authority under such contract; is exempted from GST.

|--|----------|
| (i) Gross amount charged by the Shambhu Pvt. Ltd. | 6,00,000 |
| (ii) Fair market value of the material supplied by Nath Ltd. | 1,00,000 |
| (iii) Amount charged by Nath Ltd. for the material [included in (i) above] | 60,000 |

Note: CGST 9% and SGST 9%.

Solution: Works contract is treated as supply of service.

| | |
|--|--------------|
| Gross amount charged by the Shambhu Pvt. Ltd. | 6,00,000 |
| Add: Fair market value of the material supplied by Nath Ltd. | 1,00,000 |
| Less: Amount charged by Nath Ltd. for the material | (60,000) |
| Total value subject to GST | 6,40,000 |
| CGST 9% × 6,40,000 | = ₹ 57,600 |
| SGST 9% × 6,40,000 | = ₹ 57,600 |
| Total GST liability | = ₹ 1,15,200 |

Note: The value would have to be in tune with Section 15(4) of CGST Act, 2017 read with Rule 27 of CGST Rules, 2017 (i.e. open market value of service) as consideration is not in monetary terms.

Supply of food or any other article for human consumption (other than alcoholic liquor for human consumption).

| Add: CGST 2.5% on ₹ 1,100 (rounded off) | 28 |
| Add: SGST 2.5% on ₹ 1,100 (rounded off) | 28 |
| Total Bill payable by customer (rounded off) | 1,156 |

Note: Supply of alcoholic liquor for human consumption will not be considered as a service. It will continue to be taxed by the State in the manner currently being taxed.

9. Activity of apportionment of co-insurance premium by the lead insurer to the co-insurer for the insurance services jointly supplied by the lead insurer and the co-insurer to the insured in coinsurance agreements, subject to the condition that the lead insurer pays the central tax, the State tax, the Union territory tax and the integrated tax on the entire amount of premium paid by the insured.

Example: New India Assurance (lead insurer) bears responsibility for managing all tax obligations on the total premium amount, regardless of how the risk is shared. Consider a co-insurance policy for a large commercial property valued at ₹10 million:

- **Premium split:** New India Assurance (40%) = ₹4 million, United India Insurance (30%) = ₹3 million, Oriental Insurance (30%) = ₹3 million
- **Tax responsibility:** New India Assurance pays IGST of 18% on full ₹10 million = ₹1.8 million
- United India Insurance and Oriental Insurance receive their share without additional tax burden

Inserted in Schedule – III, by F.A. 2024, dated 16-8-2024, w.e.f. 1-11-2024:

10. Services by insurer to the reinsurer for which ceding commission or the reinsurance commission is deducted from reinsurance premium paid by the insurer to the reinsurer, subject to the condition that the central tax, the State tax, the Union territory tax and the integrated tax is paid by the reinsurer on the gross reinsurance

premium payable by the insurer to the reinsurer, inclusive of the said ceding commission or the reinsurance commission.”.

Example: An insurance company (Insurer A) enters into a reinsurance agreement with a reinsurer (Reinsurer B) to mitigate its risk exposure.

- Insurer A cedes 50% of its insurance risk portfolio worth ₹2,00,00,000 to Reinsurer B.
- Reinsurer B pays a ceding commission of ₹10,00,000 to Insurer A as consideration for transferring the risk.

The ceding commission of ₹10,00,000 paid by Reinsurer B to Insurer A is treated as no supply under Schedule III of the CGST Act, 2017, meaning it is outside the scope of GST.

No refund of tax paid or input tax credit reversed.

- No refund shall be made of all the tax paid or the input tax credit reversed, which would not have been so paid, or not reversed, had section 114 been in force at all material times.

Clarification on “No Supply” Status for Co-Insurance Premiums and Reinsurance Commissions – Regularized on ‘As Is Where Is’ Basis [Circular No. 228/22/2024-GST dated 15.07.2024]:

1. Co-Insurance Premium Apportioned by Lead Insurer Declared as No Supply:

Scenario:

An individual purchases a comprehensive insurance policy worth ₹1,00,00,000, which is under a co-insurance agreement between two insurers:

- Lead Insurer (Insurer A): Responsible for 60% of the policy risk and ₹60,00,000 of the premium.
- Co-Insurer (Insurer B): Responsible for 40% of the policy risk and ₹40,00,000 of the premium.

The insured pays the full premium of ₹1,00,00,000 to the lead insurer (Insurer A). Insurer A subsequently transfers ₹40,00,000 to Insurer B as the latter’s share of the premium.

Clarification as Per Circular:

The transfer of ₹40,00,000 by Insurer A to Insurer B is treated as no supply under Schedule III of the CGST Act, 2017. This means such transactions are not taxable under GST.

Impact (Regularization on ‘As Is Where Is’ Basis):

1. If GST was charged:

- Insurer A had charged GST on the ₹40,00,000 transfer to Insurer B and deposited it.
- Under this circular, no refund will be issued for the GST paid earlier, even though the transaction is now classified as no supply.

2. If GST was not charged:

- Insurer A had not charged GST on the ₹40,00,000 transfer.
- Under this circular, no retrospective tax demand will be raised for such non-compliance.

3. Conclusion:

- The regularization of past cases ‘on an as is where is basis’ ensures that no further disputes arise, and the ambiguity over GST treatment of co-insurance agreements is eliminated.

2. Ceding Commission/Reinsurance Commission Declared as No Supply

Scenario:

An insurance company (Insurer A) enters into a reinsurance agreement with a reinsurer (Reinsurer B) to mitigate its risk exposure.

- Insurer A cedes 50% of its insurance risk portfolio worth ₹2,00,00,000 to Reinsurer B.

- Reinsurer B pays a ceding commission of ₹10,00,000 to Insurer A as consideration for transferring the risk.

Clarification as Per Circular:

The ceding commission of ₹10,00,000 paid by Reinsurer B to Insurer A is treated as no supply under Schedule III of the CGST Act, 2017, meaning it is outside the scope of GST.

Impact (Regularization on 'As Is Where Is' Basis):

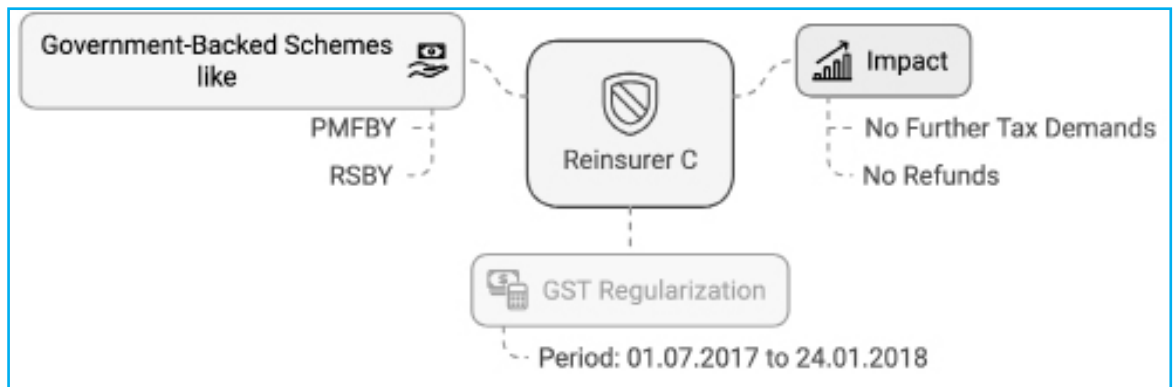

- If GST was charged:
 - Insurer A had charged GST on the ₹10,00,000 commission and deposited it.
 - No refund will be issued for the GST already paid, even though the transaction is now clarified as no supply.
- If GST was not charged:
 - Insurer A had not charged GST on the ₹10,00,000 commission.
 - No retrospective tax demand will be raised for this past non-compliance.
- Conclusion:
 - By regularizing past cases 'on an as is where is basis,' the circular provides clarity and finality, avoiding unnecessary compliance disputes for insurers and reinsurers.

Key Clarifications on GST Provisions in Insurance and Reinsurance Services – Circular No. 228/22/2024-GST dated 15.07.2024:

- GST liability on reinsurance services of specified insurance schemes covered by Sr. Nos. 35 & 36 of notification No. 12/2017-CT (Rate) dated 28.06.2017 have been regularized on 'as is where is' basis for the period from 01.07.2017 to 24.01.2018 [Circular No. 228/22/2024-GST dated 15.07.2024].

Example: Suppose a reinsurer (Reinsurer C) provides reinsurance services for government-backed schemes like the Pradhan Mantri Fasal Bima Yojana (PMFBY) or Rashtriya Swasthya Bima Yojana (RSBY) for the period 01.07.2017 to 24.01.2018.

- Clarification:** GST liability on reinsurance services for these specified schemes during the above period has been regularized.
- Impact:** Even if GST was incorrectly charged or not charged during this period, the issue is settled on an 'as is where is' basis. No further tax demands or refunds will be issued.

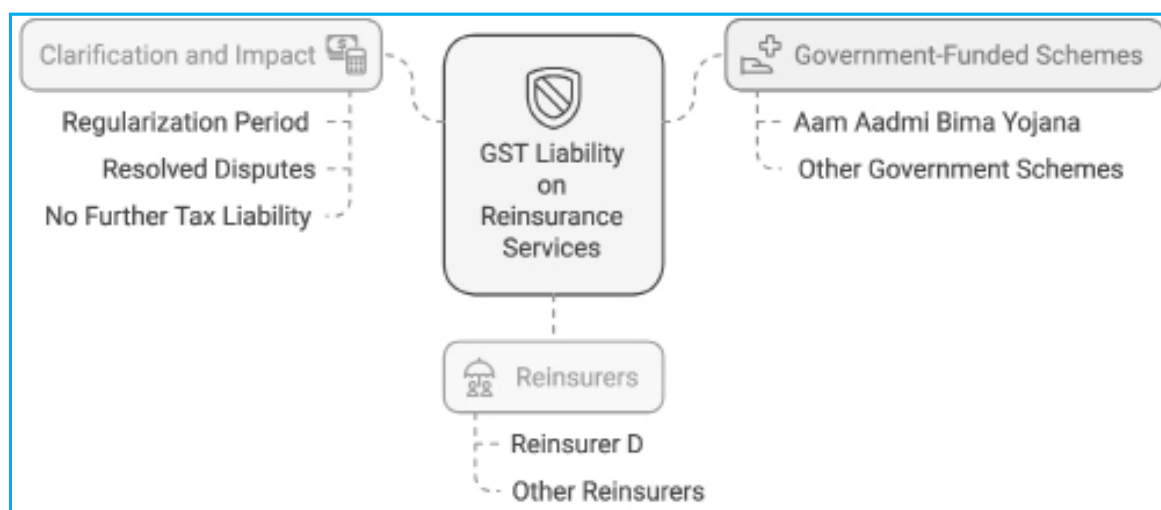

- GST liability on reinsurance services of the insurance schemes for which total premium is paid by the Government that are covered under Sr. No. 40 of notification No. 12/2017-CTR dated 28.06.2017 have been regularized on 'as is where is' basis for the period from 01.07.2017 to 26.07.2018 [Circular No. 228/22/2024-GST dated 15.07.2024].

Example: The Aam Aadmi Bima Yojana (AABY) is a fully government-funded scheme where the government pays 100% of the insurance premium. A reinsurer (Reinsurer D) provides reinsurance services to the primary insurer (Insurer A) for this scheme.

Clarification from Circular:

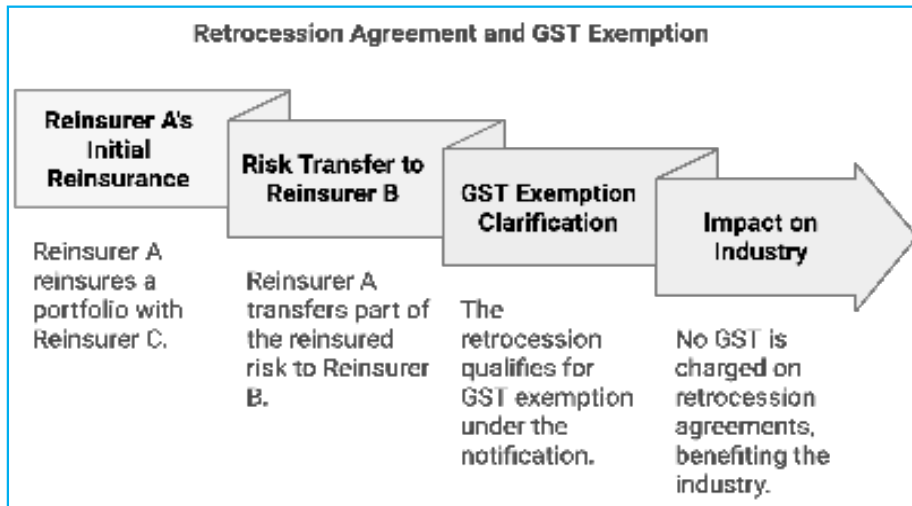

- The government has regularized all past cases for the period 01.07.2017 to 26.07.2018 on an 'as is where is' basis.
- If GST was charged and paid, no refund will be issued.
- If GST was not charged, no tax demand will be raised.

- Clarification has been issued that retrocession is 're-insurance of re-insurance' and therefore, eligible for the exemption under Sl. No. 36A of the notification No. 12/2017-CTR dated 28.06.2017 [Circular No. 228/22/2024- GST dated 15.07.2024].

Example: A retrocession agreement is where a reinsurer (Reinsurer A) transfers part of its reinsured risk to another reinsurer (Reinsurer B). For instance:

- Reinsurer A had reinsured a portfolio of ₹50,00,000 with another reinsurer (Reinsurer C).
- Reinsurer A now transfers part of this reinsurance risk worth ₹20,00,000 to Reinsurer B (retrocession).
- Clarification: The retrocession (re-insurance of re-insurance) qualifies for GST exemption under Sr. No. 36A of Notification No. 12/2017-CTR.
- Impact: No GST is charged on retrocession agreements, providing clarity and relief to the industry.

Section 25(4), A person who has obtained or is required to obtain more than one registration, whether in one State or Union territory or more than one State or Union territory shall, in respect of each such registration, be treated as distinct persons for the purposes of this Act.

Section 25(5), Where a person who has obtained or is required to obtain registration in a State or Union territory in respect of an establishment, has an establishment in another State or Union territory, then such establishments shall be treated as establishments of distinct persons for the purposes of this Act.

Example 56

Mr. CMA Rahim, a Practicing Cost Accountant, has a registered head office in Chennai. He has also obtained registration in the State of Andhra Pradesh in respect of his branch office. Example 57

Such person may have establishment in the State of Telangana where no taxable supplies are made but only the establishment in Telangana helps in handling of materials like procuring and storing. Hence, establishment in Tamil Nadu and establishment in Telangana will be considered as distinct person even when establishment in Telangana is not registered (Section 25(5) of CGST Act, 2017).

However, Gift not exceeding ₹50,000 in value in a financial year by an employer to employee shall not constitute supply of goods or services or both.

Example 58

M/s Know Academy Pvt. Ltd., gives Diwali Gifts to each employee worth ₹75,000/-. Since, an employee and employer are considered to be related persons, such gift treated as supply and would be leviable to GST on the entire value.

Supply of goods by the principal to an agent or by the agent to principal will be considered as a supply even if without consideration. The said transactions are leviable under GST.

Illustration 39

Services by court or Tribunal established under any law for the time being in force:

Illustration 40

It is pertinent to note that in case of supply of service “services provided by an intermediary when location of both supplier and recipient of goods are outside the taxable territory” is also exempt from GST w.e.f. 1-10-2019 vide Notification No. 20/2019 (IT Rate) date September 30, 2019).

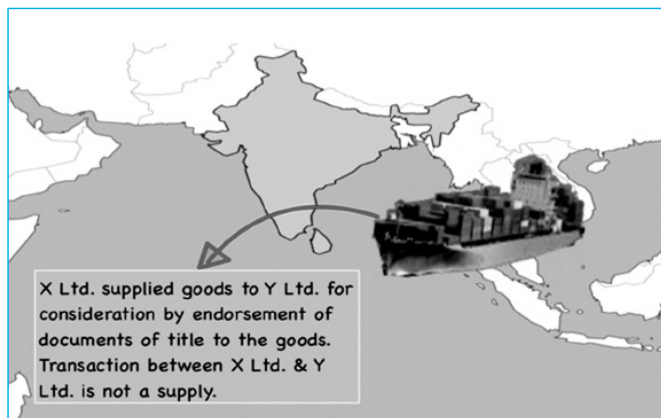

8. (a) Supply of warehoused goods to any person before clearance for home consumption;

Example 60

X Ltd. supplied warehoused goods to Y Ltd. for consideration before clearance for home consumption.

Transaction in between X Ltd. and Y Ltd. is not a supply.

8. (b) Supply of goods by the consignee to any other person, by endorsement of documents of title to the goods, after the goods have been dispatched from the port of origin located outside India but before clearance for home consumption:

Solved Case 1

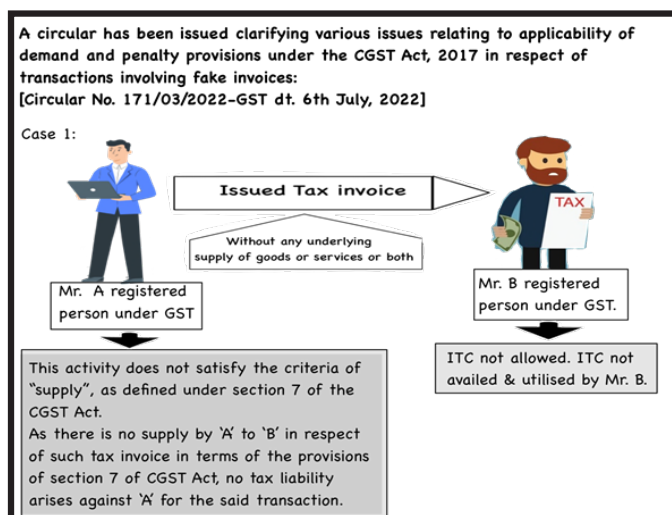

Mr X is working as a Manager in a company M/s ABC Pvt Ltd. On the basis of his past year's performance, the Director of the company Mr. D provided him with free housing facility for which, Mr X will not have to pay 72 categorized in return. Will this transaction be subjected to GST and termed as supply of service to Mr X?

Solution:

In the given scenario, it is understood that for covering a transaction under GST, first we need to identify whether the conditions of supply is satisfied or not. For a transaction to be covered under the definition of supply of service, we need to check that condition in Section 7 is satisfied which states that activity which involved supply of goods or services and must have consideration in it.

Here Mr X has received free housing facility from his employer without any consideration. Thus it is not covered under the term supply and thus GST is not applicable.

Apart from above, it is to be also stated that terms of contract with Mr X of M/s ABC Pvt Ltd is that of employer and employee and is part and parcel of the cost of the company. Thus, the provisions of GST shall not be applicable in the given case.

Clarification on taxability of salvage/ wreck value earmarked in the claim assessment of the damage caused to the motor vehicle (Circular No.-215/9/2024- dated 26th June 2024 GST)):

Taxability of wreck and salvage values in motor insurance claims.

Insurance companies provide services of insuring vehicles for damages, charging premiums from the vehicle owners. It is the responsibility of the insurance company to either get the vehicle repaired or compensate the insured person, as per the terms of the insurance contract.

Clarification:

No GST Liability for Insurance Companies: If the insurance company deducts the salvage value from the claim amount, the salvage remains with the insured (due to deduction in claim settlement). In such cases, there is no supply of salvage by the insurance company, and hence, no GST liability on the insurance company for the salvage value.

GST Liability for Insurance Companies: If the insurance company settles the claim for the full IDV (Insured's Declared Value) without deducting the salvage value, the salvage becomes the property of the insurance company. In such cases, the insurance company is liable to discharge GST on the disposal or sale of the salvage.

Example 1: Salvage Value Deducted by Insurance Company

- **Scenario:**

- ▲ Insurance Company: ABC Insurance Ltd.
- ▲ Insured Vehicle Owner: Mr. Kumar.
- ▲ Vehicle's IDV (Insured Declared Value): ₹5,00,000.
- ▲ Assessed Salvage Value: ₹50,000.
- ▲ Damage Claim: ₹3,00,000.

- **Claim Settlement:**

- ▲ ABC Insurance Ltd. settles the claim by deducting the salvage value of ₹50,000 from the claim amount.
- ▲ Amount Paid to Mr. Kumar = ₹3,00,000 (claim amount) - ₹50,000 (salvage value) = ₹2,50,000.
- ▲ The salvage remains with Mr. Kumar, who may dispose of it.

- **GST Implication:**

- ▲ **No GST Liability** on ABC Insurance Ltd. for the salvage value since the salvage remains with Mr. Kumar, and no supply of salvage occurs by the insurance company.

Example 2: Salvage Retained by Insurance Company

- **Scenario:**

- ▲ Insurance Company: XYZ Insurance Pvt. Ltd.
- ▲ Insured Vehicle Owner: Ms. Priya.
- ▲ Vehicle's IDV (Insured Declared Value): ₹8,00,000.
- ▲ Assessed Salvage Value: ₹80,000.
- ▲ Total Damage: Complete loss of vehicle.

- **Claim Settlement:**

- ▲ XYZ Insurance Pvt. Ltd. pays Ms. Priya the full IDV of ₹8,00,000 without deducting the salvage value.
- ▲ The salvage is retained by XYZ Insurance Pvt. Ltd., which later sells it for ₹90,000.

- **GST Implication:**

- ▲ The sale of salvage by XYZ Insurance Pvt. Ltd. is considered a supply under GST.
- ▲ XYZ Insurance Pvt. Ltd. is liable to pay GST on the sale of salvage (₹90,000).
- ▲ Assume GST Rate = 18%, GST Payable = ₹90,000 × 18% = ₹16,200.

Summary:

1. **No GST Liability:** When the salvage value is deducted from the claim amount, and the salvage remains with the insured.
2. **GST Liability:** When the insurance company pays the full claim (IDV) and retains the salvage, GST is applicable on the subsequent sale of the salvage.

Circular No. 218/12/2024-GST dated 26 June 2024 -

Taxability of the transaction of providing a loan by an overseas affiliate to its Indian affiliate or by a person to a related person:

Interest or discount charged on loan amounts is exempt from GST.

When no consideration is charged for processing, administering or facilitating a loan, processing fees, which are generally non-refundable, cover the administrative costs. For related entities, credit assessment may not be necessary, and the administrative costs may be absent, distinguishing these services from those provided by banks or independent lenders. Even between unrelated parties, administrative charges might be waived based on the relationship. Therefore, no service or supply exists between related persons for processing, administering or facilitating loans, and no GST is applicable as per section 7(1)(c) read with Schedule I of the CGST Act.

However, when a fee is charged for processing, administering or facilitating a loan, it qualifies as consideration for the supply of services and is subject to GST.

Example: Taxability of Loan Transactions Between Related Entities

Scenario 1: No Fee Charged for Loan Processing

1. **Entities Involved:**

- **Overseas Affiliate:** ABC Global Ltd., located in the USA.
- **Indian Affiliate:** ABC India Pvt. Ltd.

2. **Transaction:**

- ABC Global Ltd. provides a loan of ₹50,00,000 to ABC India Pvt. Ltd.
- **Interest Charged:** 5% per annum (₹2,50,000 annually).
- **Processing Fee:** No processing, administration, or facilitation fee is charged.

3. **GST Implications:**

- The interest on the loan (₹2,50,000) is **exempt from GST** as per GST laws.

- Since no processing fee or other charges are involved, there is **no taxable supply** between ABC Global Ltd. and ABC India Pvt. Ltd.
- Hence, **no GST is applicable** on this transaction.

Scenario 2: Fee Charged for Loan Processing

1. Entities Involved:

- **Unrelated Entities:** XYZ Finance Inc. (Lender) and DEF Enterprises (Borrower), both registered under GST.

2. Transaction:

- XYZ Finance Inc. provides a loan of ₹1,00,00,000 to DEF Enterprises.
- **Interest Charged:** 6% per annum (₹6,00,000 annually).
- **Processing Fee:** ₹50,000 is charged by XYZ Finance Inc. for processing the loan.

3. GST Implications:

- The interest on the loan (₹6,00,000) is exempt from GST.
- The processing fee (₹50,000) qualifies as consideration for the supply of services.
- XYZ Finance Inc. must charge GST on the processing fee. Assuming a GST rate of 18%:
$$\text{GST} = ₹50,000 \times 18\% = ₹9,000.$$

4. Total Payable for Processing Fee:

- ₹50,000 (processing fee) + ₹9,000 (GST) = ₹59,000.

Key Points

1. No Fee Charged:

- If no fee is charged for loan processing, administration, or facilitation, no GST applies as there is no taxable supply.

2. Fee Charged:

- When a fee is charged for processing or facilitating the loan, it qualifies as consideration for a supply of services, and **GST is applicable**.

Composite and Mixed Supplies (Section 8 of CGST Act, 2017)

Composite supply is when two or more taxable supplies of goods or services or both are sold in a combination, it becomes difficult to identify the rate of tax to be levied. For such goods or services, CGST Act, 2017 has provided with two terms:

- (i) Composite supply; and
- (ii) Mixed supply.

Composite supply is similar to the concept of “bundled service” as under service tax laws in the existing regime. Both Composite supply and Mixed supply consist of two or more taxable supplies of goods or services or both but the main difference between the two is that Composite supply is naturally bundled i.e., goods or services are usually provided together in normal course of business and cannot be separated. Whereas in Mixed supply, the goods or services can be sold separately.

Composite Supply

Composite supply consists of two or more goods/services, which is naturally supplied with each other in the ordinary course of business and one of them is a principal supply. The items cannot be supplied separately.

Note: Principal supply means the supply of goods or services, which constitute the predominant element of a composite supply and to which another supply is ancillary/secondary.

Following two conditions are necessary for composite supply:

- (a) Supply of two or more goods or services together, AND
- (b) It should be a natural bundle and they cannot be separated

Example 61

Booking of Air Tickets which involves cost of the meal to be provided during travel will be Composite supply and tax will be calculated on the principle supply which in this case is transportation passengers through flight.

Example 62

M/s X Ltd. entered into a contract with M/s Y Ltd. for supply of goods. Where goods are packed and transported with insurance. The supply of goods, packing materials, transport and insurance is a composite supply and supply of goods is a principal supply.

Example 63

A Five-star hotel provides four days and three-night package, with breakfast. This is a composite supply as the package of accommodation facilities and breakfast is a natural combination in the ordinary course of business for a hotel. In this case, the hotel accommodation is the principal supply, and breakfast is ancillary to the hotel accommodation.

The hotel accommodation attracts 18% tax and the restaurant service attracts 28% tax. As per the example, hotel accommodation is the principal supply, and the entire supply will be taxed at 18%.

Mr. Ram being a dealer in laptops. Sold a laptop bag along with the laptop to a customer, for ₹55,000. CGST and SGST for laptop @18% and for laptop bag @28%. What would be the rate of tax leviable? Also find the GST liability.

Solution:

If the laptop bag is supplied along with the laptop in the ordinary course of business, the principal supply is that of the laptop and the bag is an ancillary.

Therefore, it is a composite supply and the rate of tax would that as applicable to the laptop.

Hence, applicable rate of GST 18% on ₹55,000.

CGST is ₹4,950 and SGST is ₹4,950

Mixed supply

In Mixed supply two or more individual supplies combination of goods or services with each other for a single price. Each of these items can be supplied separately and is not dependent on each other. In other words, the combination of goods or services are not bundled due to natural necessities, and they can be supplied individually in the ordinary course of business.

For tax liability purpose, mixed supply consisting of two or more supplies shall be treated as a supply of that item which has the highest tax rate.

Example 64

Diwali gift hamper which consist of different Items like sweets, chocolates, cakes, dry fruits packed in one pack is Mixed supply as these items can be sold separately and it shall be treated as a supply of that particular item which attracts the highest rate of tax.

Example 65

M/s X Ltd. a dealer, offers combo packs of shirt, watch, wallet, book and they are bundled as a kit and this kit is supplied for a single price and the supply of one item does not naturally necessitate the supply of other elements. Hence the supply is a mixed supply. Tax rate for a shirt, watch, wallet and book are 12%, 18%, 5% and Nil respectively. In this case, watch attracts the highest rate of tax in the mixed supply i.e., 18%. Hence, the mixed supply will be taxed at 18%.

Illustration 43

Mr. A booked a Rajdhani train ticket, which includes meal. Is it composite supply or mixed supply?

Solution:

It is a bundle of supplies. It is a composite supply where the products cannot be sold separately. The transportation of passenger is, therefore, the principal supply.

Rate of tax applicable to the principal supply will be charged to the whole composite bundle.

Therefore, rate of GST applicable to transportation of passengers by rail will be charged by IRCTC on the booking of Rajdhani ticket.

Illustration 44

Provided further that a person (i.e. Manufacturer, Trader or Restaurant service supplier) who opts to pay tax under composition scheme may supply services (other than restaurant services) of value not exceeding 10% of turnover in the State or Union Territory in the preceding financial year or ₹5,00,000, whichever is higher.

For the purpose of determination of 10% of turnover in a State or UT in the preceding financial year or ₹5,00,000 whichever is higher:

w.e.f. 1-8-2019, explanation inserted with regard to turnover:—

the value of exempt supply of services provided by way of extending deposits, loans or advances in so far as the consideration is represented by way of interest or discount shall not be taken into account for determining the value of turnover in a State or UT.

Illustration 44

Ram & Co. being a trader of cell phones registered under GST in the State of Tamil Nadu and furnished the following information relating to preceding financial year:

| Particulars | Value (₹ in lakhs) |
|--|--------------------|
| Intra-State supply of taxable goods | 120 |
| Intra-State supply of exempted goods | 10 |
| Intra-State Supply of taxable services | 5 |
| Intra-State supply of exempted services | 3 |
| Interest earned on deposits/loans/advances | 15.50 |

Whether Ram & Co. is eligible for composition scheme in the current financial year?

Solution:

Aggregate turnover of Ram & Co. of Ram & Co. in the preceding financial year:

| Particulars | Value (₹ in lakhs) | Remarks |
|--|--------------------|---|
| Intra-State supply of taxable goods | 120 | Addable into the aggregate turnover |
| Intra-State supply of exempted goods | 10 | -do- |
| Intra-State Supply of taxable services | 5 | -do- |
| Intra-State supply of exempted services | 3 | |
| Interest earned on deposits/loans/advances | Nil | Not addable into the aggregate turnover |
| Aggregate turnover | 138 | Not exceeded ₹ 150 lakh. |

Value of services not exceeded 10% of turnover or ₹5,00,000 whichever is higher:

Value of taxable output supply of service = ₹ 5 lakh

Add: value of exempted output supply of service = ₹ 3 lakh

Total value of services = ₹ 8 lakh

Supply of service as % on turnover = $(₹8 \text{ lakh} / ₹138 \text{ lakh}) \times 100 = 5.80\%$

Permissible limit:

10% of turnover = ₹13.80 lakh (i.e. ₹138 lakh \times 10%)

w.e.f. 1-8-2019, Interest earned on deposits/loans/advances shall not be taken into account for determining the value of turnover in a State or UT.

Or

₹5 lakh

Whichever is higher

Therefore, the value of service upto ₹ 13.80 lakh can be supplied by Ram & Co.

In the given case supply of services (excluding interest earned on deposits/loans/advances) did not exceed the permissible limit and hence, Ram & Co. is eligible for composition scheme in the current financial year

Hot Breads Pvt. Ltd is the supplier of bakery products registered in the current financial year (2025-26) w.e.f. 1st April 2025 in the State of Tamil Nadu. In the month of April 2025 total taxable supplies ₹88 lakhs.

Answer the following:

- Company is eligible for Composition Scheme?
- If so company wants to pay tax @1% being a trader. However, the Deputy Commissioner of Central Tax contended that the assessee is liable to pay tax @5% under the Food and Restaurant Services category? Advise.

Solution:

- Hot Breads Pvt. Ltd. is eligible for composition levy in the current year.
- The supply of food and restaurant services category is the only service included under the composition scheme. For a business to be categorised as food and restaurant services, there needs to be an element of service involved.

In the given case, supply of bakery products, there is only a supply of goods i.e. food items but there is no element of supply of service. Hence supply of bakery products is eligible to pay GST @1%, under the Traders category and not Food and Restaurant Services category.

Therefore, department contention is not correct.

Arjya is running a consulting firm and also a fancy store in the State of Karnataka and registered under the same PAN number. Turnover of the fancy store is ₹65,00,000 and receipt of consultancy firm is ₹10,00,000 in the preceding financial year.

- Whether it is possible for Arjya to opt composition scheme only for fancy store?
- If Arjya is running a restaurant with turnover of ₹65,00,000 instead of consultancy firm as well as a fancy store, would he be eligible for composition scheme?

Solution:

- As per section 10(2)(a) of CGST Act, 2017 if a taxable person is engaged in the supply of services (other than restaurant and outdoor catering service) is not eligible for Composition Scheme under CGST Act, 2017 except supply of services (other than restaurant and outdoor catering service), of value not exceeding 10% of turnover in a State or Union territory in the preceding financial year or ₹5,00,000, whichever is higher;

10% of ₹75,00,000/- is ₹7,50,000/- which is exceeded the permissible limit.

Therefore, Love is not eligible for composition scheme.

- If a business is ineligible to opt for composition, then all other business registered under the same PAN shall automatically ineligible for the composition scheme. So Arjya is not eligible for composition scheme only for fancy store.

- (iii) Restaurant services and fancy store are eligible for the composition scheme provided the aggregate turnover does not exceeds ₹ 1.50 crore.

Exemptions:**Taxable Supply vs Exempted Supply****Power to grant exemption from tax:**

| CGST Act, 2017 | IGST Act, 2017 | Provision |
|----------------|----------------|---|
| Section 11(1) | Section 6(1) | Power to grant exemption with the Central Government by Notification; <ul style="list-style-type: none"> • General exemption • Absolute exemption • Conditional exemption Upon recommendation of the GST Council |
| Section 11(2) | Section 6(2) | Exemption by special order |
| Section 11(3) | Section 6(3) | Explanation in such notification issued u/s 11(1) or 6(1) of CGST or IGST or order issued u/s 11(2) or 6(2) of CGST or IGST as the case may be. |

As per Section 11 of the CGST Act, 2017 and Section 6 of the IGST provides power to Central Government of India to exempt on recommendation of the GST Council either absolutely or subject to such condition, as may be specified goods or services of specified description from the whole or any part of the tax leviable thereon.

Exempt Supply:

As per Section 2(47) of CGST Act, 2017 “**exempt supply**” means supply of any goods or services or both which attracts nil rate of tax or which may be wholly exempt from tax under section 11, or under section 6 of the Integrated Goods and Services Tax Act, and includes non-taxable supply;

Exempt supply includes the supply of following type of goods and services:

- (a) Supply attracting nil rate of tax;
- (b) Supplies wholly exempt from tax;
- (c) Non-taxable supply;

General Exemptions:

As per section 11(1) of the CGST Act, 2017 and section 6(1) of the IGST Act, 2017 the Government of India on the recommendations of the GST Council by notification, exempt generally, either absolutely or subject to such conditions as may be specified therein, goods or services or both of any specified description from the whole or any part of the tax leviable thereon with effect from such date as may be specified in such notification.

Example 66

- (1) General exemption granted where supply is in relation to supply of Indian National Flag [vide Notification No.2/2017-Central Tax (Rate), dated 28-6-2017]. It is called as absolutely exempt. GST rate is Nil.
- (2) Services provided by a goods transport agency, by way of transport in a goods carriage of - agricultural produce where exempted from GST [vide Notification No. 12/2017-Central Tax (Rate), dated 28-06-2017]. It is called as General exemption subject to such condition where supply of service is in the nature of transport of agricultural produce.

Absolute Exemption vs Conditional Exemption:

| Absolute Exemption | Conditional Exemption |
|--|--|
| The taxable person must avail all the benefits of notification, which are absolute (i.e. without any condition). | In case of conditional exemption, this is upto the registered person to avail or not to avail the benefit. |
| Example 67: Applicability of section 9(3) of CGST Act, 2017 where RCM is mandatory. | Example 68: Applicability of section 10 of CGST is at the option of the eligible assessee. |

Exemption by Special Order:

As per section 11(2) of the CGST Act, 2017 and section 6(2) of the IGST Act, 2017 the Government of India on the recommendations of the GST Council by Special Order, in each case, under circumstances of an exceptional nature to be stated in such order, exempt from the payment of tax any goods or services or both on which tax is leviable.

Example 69

Exemption granted by special order to all assesses registered in one State, from payment of GST by reason, earthquake or assesses are affected in tsunami. Such special order can be issued only in exceptional nature to be stated in such order.

Explanation in such notification or order:

As per section 11(3) of the CGST Act, 2017 or section 6(3) of the IGST Act, 2017, Government is empowered to clarify the scope of applicability of any notification or special order by inserting an explanation in such notification or order. Such clarification shall only be issued by notification within ONE year of issuing of notification or special order and every such explanation shall have effect as if it had always been the part of the first such notification or order, as the case may be.

Example 70

Assume a notification issued on 28th June 2023 may specify that it will be effective from 1st July 2023. In such case an explanation is inserted (i.e. subsequently) within one year reckoned from 1st July 2023 but not from 28th June 2023. If so such an explanation is effective from 1st July 2023.

Sec. 11(3) of CGST Act, 2017

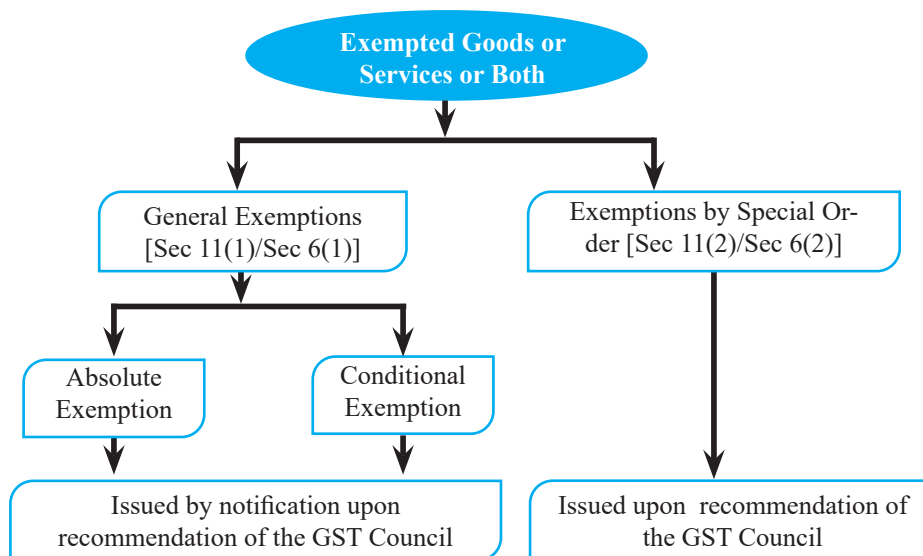

[Circular No. 120/39/2019-GST, dated 11.10.2019]:

Section 11(3) of CGST Act provides that the Government may insert an explanation in any notification issued under section 11, for the purpose of clarifying its scope or applicability, at any time within 1 year of issue of the notification and every such explanation shall have effect as if it had always been the part of the first such notification.

It is hereby clarified that the explanation having been inserted under section 11(3) of the CGST Act, is effective from the inception of the entry in notification and not from the date from which the notification (that inserted said explanation) becomes effective.

Example 71

The principal Notification No. 11/2017 CT (R) dated 28.06.2017 came into force with effect from 1.07.2017. Thereafter, a new entry - **Entry no. 10(A) is inserted w.e.f. 21.09.2017**. Subsequently, an explanation is also inserted with respect to entry no. 10(A) on 26.07.2018. Although the effective date mentioned in the notification which inserted said explanation is 27.07.2018, said explanation will be effective from the inception of entry in notification i.e. **21.09.2017** and not 27.07.2018.

Summary:

w.e.f. 1-11-2024, vide F.A. 2024 dt16-8-2024: power not to recover GST not levied or short-levied as a result of general practice Section 11A:

After section 11 of the Central Goods and Services Tax Act, the following section shall be inserted, namely:—
 “11A. Power not to recover Goods and Services Tax not levied or short-levied as a result of general practice.
 - Notwithstanding anything contained in this Act, if the Government is satisfied that —

- (a) a practice was, or is, generally prevalent regarding levy of central tax (including non-levy thereof) on any supply of goods or services or both; and

(b) such supplies were, or are, liable to, –

- (i) central tax, in cases where according to the said practice, central tax was not, or is not being, levied, or
- (ii) a higher amount of central tax than what was, or is being, levied, in accordance with the said practice,

the Government may, on the recommendation of the Council, by notification in the Official Gazette, direct that the whole of the central tax payable on such supplies, or, as the case may be, the central tax in excess of that payable on such supplies, but for the said practice, shall not be required to be paid in respect of the supplies on which the central tax was not, or is not being levied, or was, or is being, short-levied, in accordance with the said practice.”.

Example: Retailers in sectors like FMCG and apparel frequently offer promotional schemes such as “Buy 1 Get 1 Free.” GST is often levied only on the price of the paid item, assuming the “free” item does not constitute a supply.

- This practice is based on a prevalent interpretation in the retail industry that “free” items are not separately taxable.
- **Issue:**
- According to GST law, the value of the “free” item should be included in the taxable value. This leads to short-levy of GST.
- **Application of Section 11A:**
- The government, recognizing this industry-wide practice, may issue a notification stating that GST short-levied on “free” items will not be recovered for the past period. This protects retailers from retrospective demands and avoids disruption in their promotional practices.

Ambiguity on interpretation of the exemption notification must be in favour of revenue

The Supreme Court in case of *Commissioner of Customs (Import) Mumbai v M/s Dilip Kumar and Company* (2018-TIOL-302-SC-CUS-CB), held that in case of ambiguity in a charging provision, benefit must be necessarily go in favour of assessee but the same is not true for an exemption notification. When there is ambiguity in exemption notification which is subject to the strict interpretation, the benefit of such ambiguity cannot be claimed by the assessee and it must be interpreted in favour of the revenue. The view taken in this case, has overruled the judgment given in the case of *Sun Export Corporation, Bombay v Collector of Customs, Bombay* (2002-TIOL-118-SC-CX-LB), where the benefit of the ambiguity on the interpretation of the exemption notification was conferred in favour of the assessee.

In this case, it is observed that the Exemption notification should be interpreted strictly and the burden of proving applicability would be on the assessee to show that his case comes within the parameters of the exemption clause or exemption notification. Also, when there is an ambiguity in the exemption notification which is subject to strict interpretation, the benefit of such ambiguity shall be made available to the revenue, unlike the taxing provisions where the benefit of ambiguity goes in favour of the assessee.

However, under GST regime also, the assesseees are required to be more careful while claiming the benefit of the exemption notification.

CBIC Circular No. 228/22/2024-GST Dated 15-7-2024: GST Applicability on Statutory Collections by RERA:

Scenario:

The Real Estate Regulatory Authority (RERA), constituted under the **Real Estate (Regulation and Development) Act, 2016**, collects statutory charges such as registration fees from real estate developers and agents, as well as penalties for non-compliance. There has been confusion about whether these collections attract GST.

Clarification Based on Notification and GST Council's Recommendation:

1. Definition of RERA:

- RERA is established as a statutory body to regulate the real estate sector and ensure compliance with the **Real Estate (Regulation and Development) Act, 2016**.
- Its functions fall under **Entry 1 (Regulation of land use) and Entry 2 (Planning of land and construction) of the Twelfth Schedule** of the Indian Constitution.

2. RERA as a Governmental Authority:

- As per **Notification No. 12/2017-CT(R), dated 28.06.2017**, a "governmental authority" includes:
- An authority established by the government to carry out functions related to municipal administration or functions assigned under the Twelfth Schedule of the Constitution.
- RERA qualifies as a "governmental authority."

3. Exemption under Notification No. 12/2017-CT(R):

- **Sl. No. 4** of the notification exempts services provided by a governmental authority relating to:
- Functions entrusted under Article 243W of the Constitution (e.g., regulation of land use and construction of buildings).
- As clarified by the **GST Council in its 53rd meeting**, statutory collections made by RERA are exempt from GST under **Sl. No. 4 of Notification No. 12/2017-CT(R)**.

Practical Example: RERA Statutory Collections

Case 1: Registration Fees for Real Estate Projects

1. Scenario:

- M/s ABC Developers submits an application to RERA for registration of their new housing project.
- RERA charges a statutory registration fee of ₹50,000 for processing the application.

2. GST Applicability:

- Since the registration fee is a statutory collection made by RERA in performance of its regulatory functions under the Real Estate (Regulation and Development) Act, 2016, this fee is exempt from GST.

3. Outcome:

- M/s ABC Developers pays only the ₹50,000 registration fee, without any additional GST.

Case 2: Penalty for Non-Compliance

1. Scenario:

- M/s XYZ Builders fails to adhere to RERA's timeline for project completion and is charged a penalty of ₹1,00,000 by RERA under its statutory authority.

2. GST Applicability:

- The penalty is a statutory collection by RERA and is exempt from GST under Sl. No. 4 of Notification No. 12/2017-CT(R).

3. Outcome:

- M/s XYZ Builders pays only the ₹1,00,000 penalty amount, with no GST liability.

Case 3: Renewal of Real Estate Agent Registration

1. Scenario:

- A real estate agent applies for the renewal of their RERA registration.
- RERA charges a renewal fee of ₹20,000 for the process.

2. GST Applicability:

- As the renewal fee is a statutory collection by RERA in accordance with its regulatory functions, it is **exempt from GST**.

3. Outcome:

- The agent pays ₹20,000 for renewal, with no additional GST.

Summary Table of RERA Statutory Collections and GST Applicability

| Nature of Collection | Purpose | GST Applicability | Reason |
|-------------------------------------|---|-------------------|--|
| Registration Fees | For registering real estate projects | Exempt | Statutory collection by a governmental authority for regulatory functions. |
| Penalties for Non-Compliance | Penalizing violations of RERA regulations | Exempt | Statutory penalty imposed by RERA under its authority. |
| Renewal Fees for Agent Registration | For renewing registration of real estate agents | Exempt | Statutory fee for performing regulatory functions. |

Clarification on GST Regularization for Supplies of Pulses and Cereals Made to or by Agencies Engaged by Government (vide CBIC Circular No. 229/23 /2024-GST dated 15th July 2024):**Key Highlights of Regularization****1. Scope of Applicability (Pre-17th July 2022):**

- Goods Covered:

Pulses and cereals that were:

- Packaged in unit containers.
- Bearing a registered brand name or any brand name on which an actionable claim or enforceable right exists in a court of law.
- These supplies attracted 5% GST before 17th July 2022.

2. Period Regularized:

- The regularization applies for the period from 01.07.2017 to 17.07.2022 for supplies made:
- To or by any agency engaged by the Union Government, State Government, or Union Territory.
- Under government-approved programs or schemes intended to distribute such goods either free of cost or at subsidized rates to eligible beneficiaries, such as economically weaker sections of society.

3. Conditions for Regularization:

- Certification Requirement:

To avail the benefits of regularization, the supplier must:

- Furnish a certificate from an officer of Deputy Secretary rank or higher (of the Central Government, State Government, or Union Territory).
- The certificate should confirm that:
 - Supplies were made under a government-approved program/scheme.
 - The goods were distributed to eligible beneficiaries (economically weaker sections).

- This certificate must be submitted to the jurisdictional GST officer (Central Tax, State Tax, or Union Territory Tax) within 180 days from the date of this circular.
 - Reversal of Input Tax Credit (ITC):
 - ITC is not allowed on inputs used for such supplies.
 - If ITC was already availed, it must be reversed within 180 days from the date of this circular if the supplier intends to take the benefit of regularization.
4. 'As Is Where Is' Basis Regularization:
- All disputes or issues regarding GST liability for the specified period (01.07.2017 to 17.07.2022) will be regularized 'as is where is':
 - If GST was paid during this period, no refunds will be provided.
 - If GST was not charged, no further demands will be raised.
5. Objective:
- This regularization aims to resolve interpretational issues and provide compliance relief for suppliers and agencies involved in government-approved schemes for the economically weaker sections.

Illustrative Example

- Scenario:

A government-approved scheme for distributing cereals to economically weaker sections, like the Public Distribution System (PDS), involves the procurement and sale of cereals by an agency engaged by the State Government.

 - Supplier: A private company supplies packaged cereals to the government agency.
 - Issue: For the period 01.07.2017 to 17.07.2022, there were inconsistencies:
 - Some suppliers charged 5% GST.
 - Others claimed exemption due to the scheme's nature.
- **Regularization Impact:**
 - Suppliers who charged 5% GST can continue without claiming refunds.
 - Suppliers who did not charge GST during this period will not face additional tax demands, provided they comply with the conditions (e.g., certification and ITC reversal).

Mr. A owns a residential building in a prime commercial locality. Basement of the building is leased to Mr. B, a wholesaler. One-fourth of the basement is used by Mr. B as his office and remaining portion is used as a godown for storing his merchandise.

Ground floor of the building is given on rent to Mr. C who uses the same as a guest house for his business contacts. First floor of the building is occupied by Mr. A. and his family. Second floor is given on rent to Mr. D who uses the same as his residence.

There is a large vacant land in the backyard of the building which is also given on rent to a parking contractor, Mr. E who has set up a parking facility on the said land.

Separate rent/lease deeds have been executed in respect of each floor of the building and vacant land given on rent/lease.

Examine the GST liability of Mr. A with respect to the residential building owned by him.

Solution:

Renting of immovable property (whether residential or commercial) is supply of service as per Serial No. 5(a) of Schedule II. However, services by way of renting of residential dwelling for use as residence are covered under exempted supply of services and are thus not liable to GST.

Since, Mr. A has let out different floors of his residential building to different tenants and separate rent/lease deeds have been executed in respect of each floor of such building and vacant land given on rent/lease, principle of composite or mixed supply will not apply. In this backdrop, the taxability of each of the floor of the building and vacant land owned by Mr. A is discussed as under:

- (i) Basement: Leasing out of the basement of the building to Mr. B would not be covered under exemption list of services as Mr. B uses the basement for commercial purpose. Thus, it would be liable to GST as supply of service.
- (ii) Ground floor: Renting of ground floor of the building to Mr. C for being used as a guest house will not be covered under exemption list of services since Mr. C uses it for commercial purpose. Thus, it would be liable to GST as supply of service.
- (iii) First floor: Since Mr. A uses the first floor of the building himself, it would not be a supply and thus, would not be liable to tax.
- (iv) Second floor: Renting of second floor of the building to Mr. D for being used as a residence would not be chargeable to GST as it is covered in exemption list of supply of services.
- (v) Vacant land: Though vacant land is also an immovable property, renting thereof to Mr. E, a parking contractor, will not be covered under exemption list of services since Mr. E uses it for commercial purpose. Thus, it would be liable to GST.

Renting of rooms where charges are ₹1000 or more per day;

Illustration 89

DEPARTMENT CLAIM: Tirumal Tirupati Devasthanams, Tirupati registered under section 12AA of the Income Tax Act, 1961 was running guest houses for pilgrims. Renting of precincts of a religious place meant for general public, by charging more than ₹1,000 per day. Therefore, the assessee was liable to pay GST.

ASSESSEE CONTENTION: Since, they were running guest houses without any profit motive hence they were not liable to pay GST.

Decide the case whether assessee contention is right or Department claim is justifiable?

Solution:

Renting of precincts of a religious place meant for general public, owned or managed by an entity registered as a charitable or religious trust under section 12AA of the Income-tax Act, 1961 is exempt from GST.

However, w.e.f. 1-7-2017, this exemption shall not be applicable to—

1. Renting of rooms where charges are ₹1,000/- or more per day,
2. Renting of premises, community halls, kalyanmandapam or open area, etc. where charges are ₹10,000/- or more per day, and
3. Renting of shops or other spaces for business or commerce where charges are ₹10,000/- or more per month.

Thus, the law gives a limited exemption to renting of only religious precincts or a religious place meant for general public by the entity registered under Section 12AA of the Income Tax Act or section 10(23C)(v) or section 10(23BBA) of the Income Tax Act, 1961.

Question:

Whether hiring of vehicles by firms for transportation of their employees to and from work is exempt under Sr. No. 15(b) of Notification No. 12/2017-CT(R) transport of passengers by non-air conditioned contract carriage?

Answer:

Sr. No. 15(b) of Notification No. 12/2017-CT(R), dated 28.06.2017 exempts “transport of passengers, with or without accompanied belongings, by non-air conditioned contract carriage, other than radio taxi, excluding tourism, conducted tour, charter or hire.

It is clarified that ‘charter or hire’ excluded from the above exemption entry is charter or hire of a motor vehicle for a period of time, where the renter defines how and when the vehicles will be operated, determining schedules, routes and other operational considerations.

Thus, the said exemption would apply to passenger transportation services by non-air conditioned contract carriage falling under Heading 9964 where according to explanatory notes, transportation takes place over pre-determined route on a pre-determined schedule. The exemption shall not be applicable where contract carriage is hired for a period of time, during which the contract carriage is at the disposal of the service recipient and the recipient is thus free to decide the manner of usage (route and schedule) subject to conditions of agreement entered into with the service provider (vide Circular No. 177/09/2022-TRU, dated 03.08.2022).

Entry No. 18: Services by way of transportation of goods

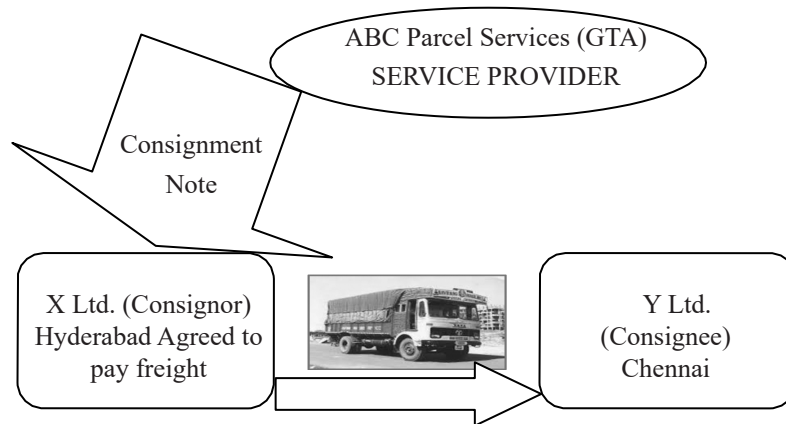

- (a) by road except the services of—
 (i) a goods transportation agency;
 (ii) a courier agency;
 (b) by inland waterways,
 are exempted from GST.

**Goods Transport Agency – GST will be levied:**

Under GST laws, the definition of Goods Transport Agency is provided in clause (ze) of Notification No. 12/2017-Central Tax (Rate), dated 28.06.2017. (ze) “goods transport agency” means any person who provides service in relation to transport of goods by road and issues consignment note, by whatever name called;

Example 173

ABC Parcel Services is a goods transport agency issued consignment note to X Ltd. for transporting of goods from Hyderabad to Y Ltd of Chennai. Hence, ABC Parcel Services is a provider of GTA service.

Individual truck/tempo operators who do not issue any consignment note are not covered within the meaning of the term GTA. As a result, the services provided by such individual transporters who do not issue a consignment note will be covered by the entry at S. No. 18 of notification No. 12/2017-Central Tax (Rate), which is exempt from GST.

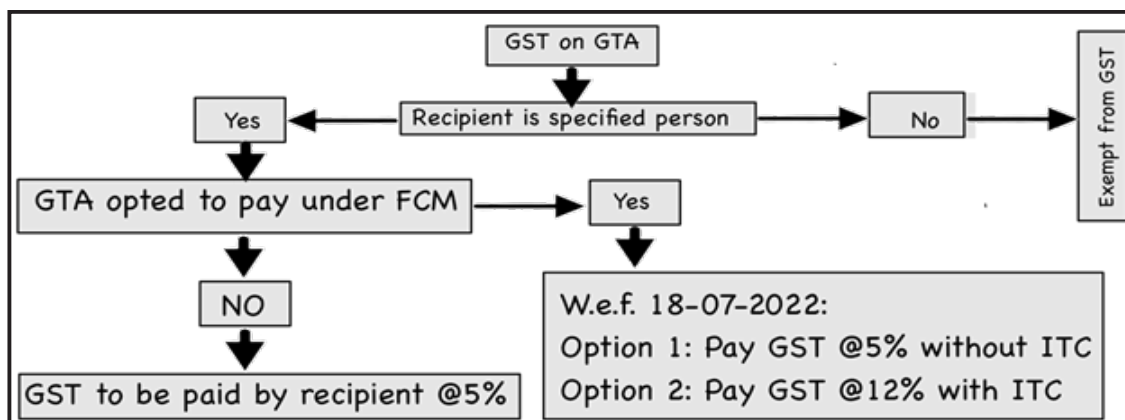

Thus, it is to be seen that mere transportation of goods by road, unless it is a service rendered by a goods transportation agency, is exempt from GST.

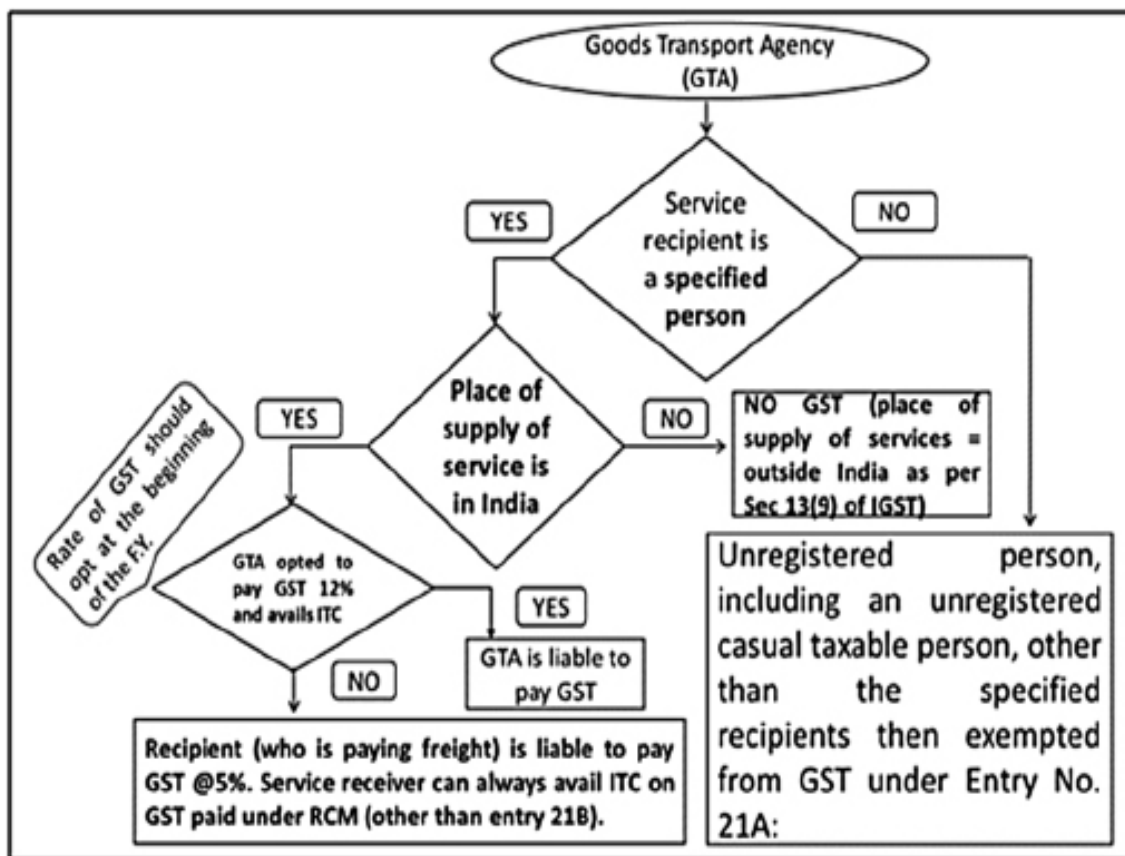

GTA - Reverse charge:

| S. No. | Description of supply of service | Supplier of service | Recipient of service | Person liable to pay GST |
|--------|----------------------------------|------------------------------|---|--------------------------|
| 1 | GTA Services | Goods Transport Agency (GTA) | Any factory, society, co-operative society, registered person, body corporate, partnership firm, casual taxable person; located in the taxable territory. | Recipient |

Thus, it is to be seen that mere transportation of goods by road, unless it is a service rendered by a goods transportation agency, is exempt from GST.

Person liable to pay GST:

The option by GTA to pay GST under Forward Charge Mechanism (FCM) on the services supplied by it during a Financial Year shall be exercised by making a declaration in Annexure V should be filed with the Jurisdictional Authority before the commencement of the financial year. However, GTA commencing new business or crossing registration threshold during any financial year will be allowed to exercise the option to pay GST under forward charge mechanism during the year in which it commences new business or crosses registration threshold within - 45 days from the date of applying for GST registration or 1 month from the date of obtaining registration whichever is later [Notification No 05/2023-CC (R) dt 09-05-2023].

Note: Payment of tax under reverse charge is the default mode of payment of tax for a GTA. Annexure V is required to be filed only when GTA wishes to pay tax under forward charge.

Registration under GST for GTA:

As per Notification No. 5/2017-Central Tax, dated 19/06/2017, a person who is engaged in making only supplies of taxable goods/services on which reverse charge applies is exempted from obtaining registration under GST.

Thus, a GTA does not have to register under GST if he is exclusively transporting goods where the total tax is required to be paid by the recipient under reverse charge basis (even if the turnover exceeds ₹20 lakhs).

Entry No. 21: GTA services specifically exempt:

In terms of Notification No. 12/2017-Central Tax (Rate), dated 28.06.2017 (Sr. No. 21), the following services provided by a GTA (Heading 9965 or 9967) is exempt from payment of tax:

Services provided by a goods transport agency, by way of transport in a goods carriage of:

- (i) agricultural produce;
- (ii) goods, where consideration charged for the transportation of goods on a consignment transported in a single carriage does not exceed ₹1,500 (Omitted w.e.f. 18-07-2022);
- (iii) goods, where consideration charged for transportation of all such goods for a single consignee does not exceed ₹750 (Omitted w.e.f. 18-07-2022);
- (iv) milk, salt and food grain including flour, pulses and rice;
- (v) organic manure;
- (vi) newspaper or magazines registered with the Registrar of Newspapers;
- (vii) relief materials meant for victims of natural or man-made disasters, calamities, accidents or mishap; or
- (viii) defence or military equipments.

Entry No. 21A: “Services provided by a goods transport agency to an unregistered person, including an unregistered casual taxable person, other than the specified recipients” also exempt from GST [vide Notification No. 33/2017-Central Tax (Rate), dated 13.10.2017].

Similarly, the following services received by the GTA (Heading 9966 or 9973) is also exempt in terms of Notification No. 12/2017-Central Tax (Rate), dated 28.06.2017 (Sr. No.22)

GST on Ancillary Services by Goods Transport Agencies (GTAs) [As per The CBIC issued Circular No. 234/28/2024-GST dated October 11, 2024]:

Incidental services such as loading, unloading, packing, and temporary warehousing provided by GTAs during the transportation of goods have been a matter of dispute.

Clarification: Incidental services provided by GTAs as part of goods transportation are to be treated as a composite supply. These services will not attract a separate GST rate unless they are invoiced separately and not provided as part of transportation.

Entry No. 21B: Notification No. 28/2018- CT (R), dated 31st Dec, 2018:

Services provided by a goods transport agency, by way of transport of goods in a goods carriage, to, -

- (a) a Department or Establishment of the Central Government or State Government or Union territory; or
- (b) local authority; or
- (c) Governmental agencies,

which has taken registration under the Central Goods and Services Tax Act, 2017 (12 of 2017) only for the purpose of deducting tax under Section 51 and not for making a taxable supply of goods or services is exempted from GST.

Entry No. 22: Services by way of giving on hire:

- (b) to a goods transport agency, a means of transportation of goods.

Thus, if the GTA hires a means of transportation of goods, no GST is payable on such transactions.

In case of GTA provided services to SPECIFIED PERSONS:

The following businesses (recipient of services) is required to pay GST under reverse charge provided GTA opted to pay GST @5% at the beginning of the year: —

1. Factory registered under the Factories Act, 1948;
2. A society registered under the Societies Registration Act, 1860 or under any other law;
3. A co-operative society established under any law;
4. A GST registered person;
5. A body corporate established by or under any law; or
6. A partnership firm whether registered or not (including AOP);
7. Casual taxable person.

The liability to pay GST devolves on the recipients for supply of services by a goods transport agency (GTA) who has not paid central tax at the rate of 6%. Thus in cases where services of GTA are availed by the above categories of persons in the taxable territory the GTA supplier has the option to pay tax (and avail ITC) @12% (6% CGST + 6% SGST); and if the GTA does not avail this option, the liability to pay GST will fall on the recipients.

In all other cases where the recipients do not fall in the categories mentioned above, the liability will be on the supplier of GTA services.

Important note:

- (1) It has been clarified that ancillary services such as loading/unloading, packing/unpacking, transshipment, temporary storage etc., would form part of the goods transport agency's (GTA) service if such services are provided by a GTA in the course of transportation of goods and the charges for such services are included in the invoice issued by the GTA, and not by any other person.

Illustration 98

A GTA engaged in transport of goods by road. As per the general business practices, GTA also provided intermediary and ancillary services like loading/unloading, packing, transshipment and temporary warehousing, in relation to transportation of goods by road.

With reference to the provisions of GST law, analyse whether such services are to be treated as part of the GTA service, being a composition supply, or as separate supplies.

Solution: CBIC has been clarified that ancillary services such as loading/unloading, packing/ unpacking, transshipment, temporary storage etc., would form part of the goods transport agency's (GTA) service if such services are provided by a GTA in the course of transportation of goods and the charges for such services are included in the invoice issued by the GTA, and not by any other person. Therefore, it is treated as composite supply and principal supply is GTA supply.

On 25th January 2024, Mr. X located in Chennai converted USD 100 into INR, actual exchange rate INR 72 per USD through Akbar Travel a money exchanger. RBI's reference rate for buying and selling was ₹71/71.5 respectively on such date. Akbar Travel registered under GST and located at Chennai.

- Find the Value of supply as per Rule 32(2)(a) of the CGST Rules, 2017 and GST where address of the recipient is available with Supplier?
- How much GST is liable to pay, in case where the RBI reference rate for a currency is not available.

Note: Applicable rate of GST 18%.

Solution:

- The value of supply = $(72-71) \times 100 = \text{INR } 100$

Thus, the value of taxable supply of Akbar Travel will be INR 100 and GST will be levied on this amount.

GST = ₹18/-

9% CGST = ₹9

9% SGST = ₹9

- The value of supply = ₹72 (i.e. 1% of INR 7,200)

GST = ₹12.96

9% CGST = ₹6.48

9% SGST = ₹6.48

$$= ₹(72-71) \times 9,000 \text{ USD} = ₹9,000$$

(b) In the given case, value of taxable service would be as follows:—

$$1\% \text{ of } ₹(71 \times 9,000 \text{ USD}) = ₹6,390$$

In case neither of the currencies exchanged is Indian Rupee:

In the given case, value of taxable service would be 1% of the lower of the following:—

(b) UK pound converted into Indian rupees Value of taxable service

$$= \$ 9,000 \times ₹73 = ₹6,57,000 \text{ (or)}$$

$$= £ 4,500 \times ₹101 = ₹4,54,500$$

(B) Exemption from CGST to Government's share of Profit from grant of licence/lease to explore or mine petroleum crude or natural gas (vide Notification No. 5/2018-C.T. (Rate), Dated 25.1.2018):

As per sec. 11(1) of the CGST Act, 2017 exempt the intra state supply of services by way of grant of license or lease to explore or mine petroleum crude or natural gas or both, from so much of the central tax as is leviable on the consideration paid to the Central Government in the form of Central Government's share of profit petroleum as defined in the contract entered into by the Central Government in this behalf.

In this regard CEBC issued Circular No. 32/06/2018-GST, dated 12th February 2018:

As per the Production Sharing Contract (PSC) between the Government and the oil exploration & production contractors, in case of a commercial discovery of petroleum, the contractors are entitled to recover from the sale proceeds all expenses incurred in exploration, development, production and payment of royalty. Portion of the value of petroleum which the contractor is entitled to take in a year for recovery of these contract costs is called "Cost Petroleum".

The relationship of the oil exploration and production contractors with the Government is not that of partners but that of licensor/lessor and licensee/lessee in terms of the Petroleum and Natural Gas Rules, 1959. Having acquired the right to explore, exploit and sell petroleum in lieu of royalty and a share in profit petroleum, contractors carry out the exploration and production of petroleum for themselves and not as a service to the Government. Para 8.1 of the Model Production Sharing Contract (MPSC) states that subject to the provisions of the PSC, the Contractor shall have exclusive right to carry out Petroleum Operations to recover costs and expenses as provided in this Contract.

The oil exploration and production contractors conduct all petroleum operations at their sole risk, cost and expense. Hence, cost petroleum is not a consideration for service to GOI and thus not taxable per se.

However, cost petroleum may be an indication of the value of mining or exploration services provided by operating member to the joint venture, in a situation where the operating member is found to be supplying service to the oil exploration and production joint venture.

Whether GST is applicable on the superior kerosene oil [SKO] retained for the manufacture of Linear Alkyl Benzene [LAB]?

CBIC Circular No. 53/27/2018-GST, dated 9th August 2018.

Clarification regarding applicability of GST on the petroleum gases retained for the manufacture of petrochemical and chemical products:

Applicability of GST on petroleum gases, which are supplied by oil refineries to them on a continuous basis through dedicated pipelines, while a portion of the raw material is retained by these manufacturers (recipient of supply), and the remaining quantity is returned to the oil refineries. In this regard, an issue has arisen as to whether in this transaction GST would be leviable on the whole quantity of the principal raw materials supplied by the oil refinery or on the net quantity retained by the manufacturers of petrochemical and chemical products.

It is hereby clarified that, in the aforesaid cases, GST will be payable by the refinery only on the net quantity of petroleum gases retained by the recipient manufacturer for the manufacture of petrochemical and chemical products. Though, the refinery would be liable to pay GST on such returned quantity of petroleum gases, when the same is supplied by it to any other person. It is reiterated that this clarification would be applicable mutatis mutandis on other cases involving supply of goods, where feed stock is retained by the recipient and remaining residual material is returned back to the supplier. The net billing is done on the amount retained by the recipient.

GST will be payable by the refinery only on the net quantity of petroleum gases retained by the recipient manufacturer for the manufacture of petrochemical and chemical products.

Remaining quantity is returned after retaining a portion of petroleum gases.

Clarification on issues regarding treatment of supply by an artist in various States and supply of goods by artists from galleries

[Circular No. 22/22/2017-GST, dated 21-12-2017]

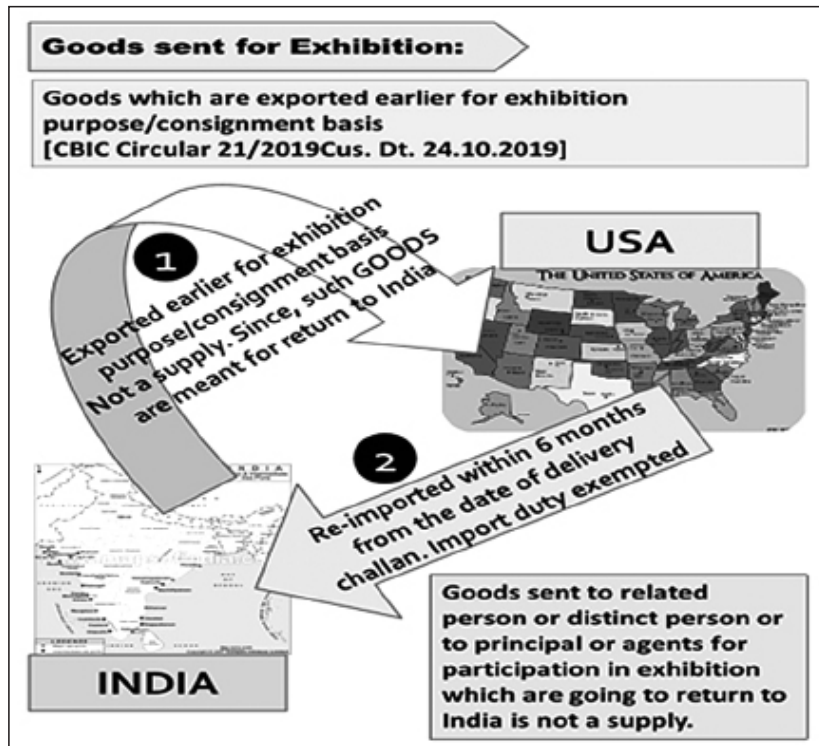

The art work for supply on approval basis can be moved from the place of business of the registered person (artist) to another place within the same State or to a

place outside the State on a delivery challan along with the e-way bill wherever applicable and the invoice may be issued at the time of actual supply of art work.

In case of supply by artists through galleries, there is no consideration flowing from the gallery to the artist when the art works are sent to the gallery for exhibition and therefore, the same is not a supply. It is only when the buyer selects a particular art work displayed at the gallery, that the actual supply takes place and applicable GST would be payable at the time of such supply.

“services by way of grant of alcoholic liquor licence, against consideration in the form of licence fee or application fee or by whatever name it is called”

CBIC Circular No. 121/40/2019-GST, dated 11.10.2019 has clarified that the above special dispensation applies only to supply of service by way of grant of liquor licenses by the State Government as an agreement between the Central and States.

Bus body building activity is a supply of goods or services? As per CBIC Circular No. 52/26/2018-GST, dated 09.08.2018,

Thus, fabrication of buses may involve the following two situations:

- Bus body builder builds a bus, working on the chassis owned by him and supplies the built-up bus to the customer, and charges the customer for the value of the bus.
- Bus body builder builds body on chassis provided by the principal for body building, and charges fabrication charges (including certain material that was consumed during the process of job-work).

In the above context, it is hereby clarified that in case as mentioned (a) above, the supply made is that of bus, and accordingly supply would attract GST @28%.

In the case as mentioned at (b) above, fabrication of body on chassis provided by the principal (not on account of body builder), the supply would merit classification as service, and 18% GST as applicable will be charged accordingly.

Supply under GST-A Refresh

GST on 'pre-packaged and labelled' goods w.e.f. 18-07-2022:

For the purposes of GST, the expression 'pre-packaged and labelled' means a 'pre-packaged commodity' as defined in Clause (I) of section 2 of the Legal Metrology Act reads as below:

"pre-packaged commodity" means a commodity which without the purchaser being present is placed in a package of whatever nature, whether sealed or not, so that the product contained therein has a pre-determined quantity.

Thus, supply of such specified commodity having the following two attributes would attract GST:

- (i) It is pre-packaged; and
- (ii) It is required to bear the declarations under the provisions of the Legal Metrology Act, 2009 (1 of 2010) and the rules made thereunder.

However, if such specified commodities are supplied in a package that do not require declaration(s)/compliance(s) under the Legal Metrology Act, 2009 (1 of 2010), and the rules made thereunder, the same would not be treated as pre-packaged and labelled for the purposes of GST levy.

For example, items like pulses, cereals like rice, wheat, and flour (atta), etc., earlier attracted GST at the rate of 5% when branded and packed in unit container. With effect from 18.7.2022, these items would attract GST when “pre-packaged and labelled”. Additionally, certain other items such as Curd, Lassi, puffed rice etc. when “prepackaged and labelled” would attract GST at the rate of 5% with effect from the 18th July, 2022.

In the context of food items (such as pulses, cereals like rice, wheat, flour etc), the supply of specified pre-packaged food articles would fall within the purview of the definition of ‘pre-packaged commodity’ under the Legal Metrology Act, 2009, and the rules made thereunder, if such pre-packaged and labelled packages contained a quantity upto 25 kilogram [or 25 litre] in terms of rule 3(a) of Legal Metrology (Packaged Commodities) Rules, 2011, subject to other exclusions provided in the Act and the Rules made thereunder.

For such commodities (food items- pulses, cereals, flour, etc.), rule 3 (a) of Chapter-II of Legal Metrology (Packaged Commodities) Rules, 2011, prescribes that package of commodities containing quantity of more than 25 kg or 25 litre do not require a declaration to be made under rule 6 thereof. Accordingly, GST would apply on such specified goods where the pre-packaged commodity is supplied in packages containing quantity of less than or equal to 25 kilograms.

Example: Supply of pre-packed atta meant for retail sale to ultimate consumer of 25 Kg shall be liable to GST. However, supply of such a 30 Kg pack thereof shall be exempt from levy of GST. Thus, it is clarified that a single package of these items [cereals, pulses, flour etc.] containing a quantity of more than 25 Kg/25 litres would not fall in the category of pre- packaged and labelled commodity for the purposes of GST and would therefore not attract GST.

Question:

Whether GST would apply to a package that contains multiple retail packages. For example, a package containing 10 retail packs of flour of 10 Kg each?

Answer:

Yes, if several packages intended for retail sale to ultimate consumer, say 10 packages of 10 Kg each, are sold in a larger pack, then GST would apply to such supply. Such package may be sold by a manufacturer through

distributor. These individual packs of 10 Kg each are meant for eventual sale to retail consumer. However, a package of say rice containing 50 Kg (in one individual package) would not be considered a pre-packaged and labelled commodity for the purposes of GST levy, even if rule 24 of Legal Metrology (Packaged Commodities) Rules, 2011, mandates certain declarations to be made on such wholesale package.

Question:

Whether tax is payable if such goods are purchased in packages of up to 25 kg/25liters by a retailer, but the retailer sells it in loose quantities in his shop for any reason?

Answer:

GST applies when such goods are sold in pre-packaged and labelled packs. Therefore, GST would apply when prepackaged and labelled package is sold by a distributor/ manufacturer to such retailer. However, if for any reason, retailer supplies the item in loose quantity from such package, such supply by retailer is not a supply of packaged commodity for the purpose of GST levy.

Question:

Whether tax is payable if such packaged commodities are supplied for consumption by industrial consumers or institutional consumers?

Answer:

Supply of packaged commodity for consumption by industrial consumer or institutional consumer is excluded from the purview of the Legal Metrology Act by virtue of rule 3 (c) of Chapter-II of Legal Metrology (Packaged Commodities) Rules, 2011. Therefore, if supplied in such manner as to attract exclusion provided under the said rule 3(c), it will not be considered as pre-packaged and labelled for the purposes of GST levy.

Example:

Pluses/rice is supplied to an industrial consumers or institutional consumers, tax at the rate of 5% will not be charged on same.

As per Legal Metrology Act: “industrial consumer” means the consumer who buys packaged commodities directly from the manufacturer or from an importer or from wholesale dealer for use by that industry and the package shall have declaration ‘not for retail sale’;

“institutional consumer” means the institution which buys packaged commodities bearing a declaration ‘not for retail sale’, directly from the manufacturer or from an importer or from wholesale dealer for use by that institution and not for commercial or trade purposes;’

Hence, exemption w.r.t sale made to industrial consumer shall be available only if: It is a prepackaged commodity Bought directly from manufacturer or from an importer or from wholesale dealer Package shall have a declaration – not for retail sale Vic-a-vic exemption w.r.t sale made to institutional consumer shall be available only if: It is a packaged commodity Package shall have a declaration – not for retail sale Bought directly from manufacturer or from an importer or from wholesale dealer used by that institution and not for commercial or trade purposes;

Question:

‘X’ is a rice miller who sells packages containing 20 kg rice but not making the required declaration under legal metrology Act and the Rules made thereunder (although the said Act and the rules requires him/her to make a declaration), would it still be considered as pre-packaged and labelled and therefore be liable to GST?

Answer:

Yes, such packages would be considered as pre-packaged and labelled commodity for the purposes of GST as it requires making a declaration under the Legal Metrology (Packaged Commodities) Rules, 2011 (rule 6 thereof). Hence, miller 'X' would be required to pay GST on supply of such package(s).

CBIC Circular No.206/18/2023-GST dt. 31st October 2023:

Question:

Whether GST is applicable on reimbursement of electricity charges received by real estate companies, malls, airport operators etc. from their lessees/occupants?

Answer:

As per CBIC Circular No.206/18/2023-GST dt. 31st October 2023, It is clarified that whenever electricity is being supplied bundled with renting of immovable property and/or maintenance of premises, as the case may be, it forms a part of composite supply and shall be taxed accordingly. The principal supply is renting of immovable property and/or maintenance of premises, as the case may be, and the supply of electricity is an ancillary supply as the case may be. Even if electricity is billed separately, the supplies will constitute a composite supply and therefore, the rate of the principal supply i.e., GST rate on renting of immovable property and/or maintenance of premise, as the case may be, would be applicable.

However, where the electricity is supplied by the Real Estate Owners, Resident Welfare Associations (RWAs), Real Estate Developers etc., as a pure agent, it will not form part of value of their supply. Further, where they charge for electricity on actual basis that is, they charge the same amount for electricity from their lessees or occupants as charged by the State Electricity Boards or DISCOMs from them, they will be deemed to be acting as pure agent for this supply.

Decision: Tax is not payable by the applicant on supply of “broken rice” if the same is supplied as “other than pre-packaged and labeled” as specified in Notification No. 07/2022-Central Tax (Rate) dated 13.07.2022.

Case Law:

Circular No. 164/20/2021-GST, dated 06.10.2021 has clarified that ice-cream parlours do not have the character of restaurants as they sell already manufactured ice-creams. Hence ice cream sold by such parlours or outlets attracts GST @ 18% with ITC (and not 5% without ITC).

A per CBIC Circular No. 177/09/2022-TRU, dated 03.08.2022, the activity of selling of space for advertisement in souvenirs published in the form of books by different institutions/organizations like educational institutions, social, cultural and religious organizations including clubs etc., is eligible for concessional rate of 5%.

Usually in such cases the vehicles such as tippers, dumpers, loader, trucks etc., are given on hire to the mining lease operator. Expenses for fuel are generally borne by the recipient of service.

It has been clarified that renting of trucks and other freight vehicles with driver for a period of time is a service of renting of transport vehicles with operator falling under Heading 9966 and not service of transportation of goods by road. This being so, it is not eligible for exemption under Sl. No. 18 of Notification No. 12/2017-Central Tax (Rate), dated 28.06.2017 (i.e. transport of goods by road). On such rental services of goods carriages where the cost of fuel is included in the consideration charged from the recipient of service, GST rate has been reduced from 18% to 12% with effect from 18.07.2022. Prior to 18.07.2022, it attracted GST at the rate of 18%.

Circular No. 177/09/2022-TRU, dated 3.7.2022, It has been clarified that a contract of the nature described here for construction, installation and commissioning of a dairy plant constitutes a composite supply of works contract. GST prior to 18.7.2022 is 12%. GST w.e.f. 18.7.2022 is 18%

Online information and database access retrieval service (OIDAR)

On September 26, 2023, the Indian government released a circular to end GST exemption enjoyed by overseas online information and database access retrieval service (OIDAR) providers. This change, which comes into effect from October 1, 2023, means that companies such as Facebook, Google, and various edtech platforms will face an integrated GST (IGST) of up to 18 percent on their services provided to both individuals and the government.

Until this recent change, OIDAR services provided by overseas companies to the Indian central government, state governments, government authorities, or individuals for non-business purposes were exempt from taxation.

w.e.f. 1st October 2023, Section 2(17) of IGST Act, 2017 “online information and database access or retrieval services” means services whose delivery is mediated by information technology over the internet or an electronic network and the nature of which renders their supply impossible to ensure in the absence of information technology and includes electronic services such as,—

- (i) advertising on the internet;
- (ii) providing cloud services;
- (iii) provision of e-books, movie, music, software and other intangibles through telecommunication networks or internet;
- (iv) providing data or information, retrievable or otherwise, to any person in electronic form through a computer network;
- (v) online supplies of digital content (movies, television shows, music and the like);
- (vi) digital data storage; and
- (vii) w.e.f. 1st October 2023, online gaming, excluding the online money gaming as defined in clause (80B) of section 2 of the Central Goods and Services Tax Act, 2017 (12 of 2017.);

w.e.f. 1st October 2023, Section 2(16) of the Integrated Goods and Services Tax (IGST) Act, 2017 Non-taxable online recipient: means any unregistered person receiving online information and database access or retrieval services located in taxable territory.

Explanation: for the purposes of this clause, the expression “unregistered person” includes a person registered solely in terms of clause (vi) of section 24 of CGST Act, 2017.

Transportation of goods by a vessel from a place outside India up to the customs station of clearance in India:

The government has exempted payments made for goods imported through ocean freight from 5 per cent integrated GST with effect from October 1, 2023.

The Supreme Court in the case of Union of India & Anr. v. M/s Mohit Minerals Pvt. Ltd. Civil Appeal No. 1390 of 2022 dated May 19, 2022 has held that levy imposed on the ‘service’ aspect of the transaction is in violation of the principle of ‘composite supply’ enshrined under section 2(30) read with section 8 of the CGST Act. Since the Indian importer is liable to pay IGST on the ‘composite supply’, comprising of supply of goods and supply of services of transportation, insurance, etc. in a CIF contract, a separate levy on the Indian importer for the ‘supply of services’ by the shipping line would be in violation of section 8 of the CGST Act.

In line with the said judgment, w.e.f 1st October, 2023, following amendments have been made in the IGST notifications to provide that IGST will not be leviable on ocean freight under reverse charge on CIF contracts of import of goods by the Indian importers.

Refund: Taxpayers who have paid GST on ‘Ocean Freight’ on imported goods will be entitled to claim refunds, following the Supreme Court verdict, provided they have not claimed input tax credit. It means “Indian importers (who had paid GST under RCM on Ocean Freight) should evaluate the possibility of filing refund claims for claiming the said amounts (to the extent not utilized as input credit).

“Further, importers who had not paid the tax on import of such Ocean Freight services would no longer be required to pay GST on such services in view of the said judgement.

Time period to claim refund: The Hon’ble High Court, Gujarat in M/S Comsol Energy Private Limited v. State of Gujarat [R/Special Civil Application No. 11905 of 2020 decided on December 21, 2020] allowed the refund claim of Integrated Goods and Service Tax (“IGST”) paid on ocean freight under the reverse charge mechanism (“RCM”) beyond the statutory time limit prescribed under Section 54 of the Central Goods and Service Tax Act, 2017 (“the CGST Act”). Held that, the amount collected without authority of law cannot be considered as tax collected and therefore, Section 54 of the CGST Act shall not be applicable. Further, noted that the refund claim was within the time limit prescribed under the Limitation Act, 1963 (“the Limitation Act”).

The Hon’ble High Court, Gujarat has decided as under:

1. Observed that, Article 265 of the Constitution of India provides that no tax shall be levied or collected except by authority of law. Since the amount of IGST collected by the Central Government is without authority of law, the Respondent is obliged to refund the amount erroneously collected.
2. Further observed that, Section 54 of the CGST Act is applicable only for claiming refund of any tax paid under the provisions of the CGST Act. The amount collected by the Respondent without authority of law is not considered as tax collected by them and therefore, Section 54 of the CGST Act is not applicable.
3. Noted that, Section 17(1) of the Limitation Act is the appropriate provision for claiming the refund of the amount paid to the Respondent under the mistake of law.
4. Set aside Impugned Deficiency Memo and directed the Respondent to process the refund claim along with simple interest at the rate of 6% per annum at the earliest.

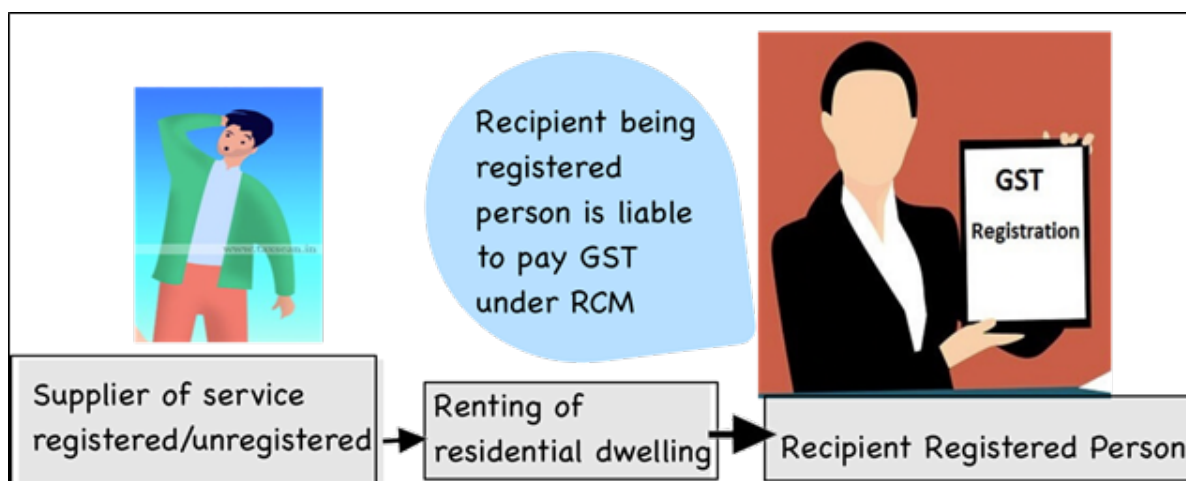

Renting of Motor Vehicle designed to carry passengers:

Question: When services are provided by a non-body corporate to a body corporate by way of renting of any motor vehicle for transport of passengers, whether RCM is applicable on service of transportation of passengers (Heading 9964) or on renting of motor vehicle designed to carry passengers (Heading 9966)?

Answer: As per CBIC Circular No. 177/09/2022 TRU dt 03.08.2022, It has been clarified that where the body corporate hires the motor vehicle (for transport of employees etc.) for a period of time, during which the motor vehicle shall be at the disposal of the body corporate, the service would fall under Heading 9966, and the body corporate shall be liable to pay GST on the same under RCM. It may be seen that reverse charge thus would apply on act of renting of vehicles by body corporate and in such a case, it is for the body corporate to use in the manner as it likes subject to agreement with the person providing vehicle on rent.

However, where the body corporate avails the passenger transport service for specific journeys or voyages and does not take vehicle on rent for any particular period of time, the service would fall under Heading 9964 and the body corporate shall not be liable to pay GST on the same under RCM.

The later Notification provided special procedure to be followed while determining time of supply in case of construction services against transfer of development rights.

The date on which builder shall be liable to pay tax on TDR, FSI, long term lease (premium) of land under RCM in respect of flats sold after completion certificate is being shifted to date of issue of completion certificate or first occupation of the project, whichever is earlier.

CBIC Instruction No. 3/2/2020- GST dated 24-6-2020:

One of the conditions prescribed vide said notification is that atleast eighty per cent. of value of input and input services, [other than services by way of grant of development rights, long term lease of land or FSI, electricity, high speed diesel, motor spirit, natural gas], used in supplying the construction service, shall be received by the promoter/developer from registered supplier only. In case of shortfall from the said threshold of 80 per cent., the promoter/developer shall pay the tax on the value of input and input services comprising such shortfall in the manner as has been prescribed vide said notification. This tax shall be paid through a prescribed form electronically on the common portal by end of the quarter following the financial year. Accordingly for FY 2019-20, tax on such shortfall is to be paid by the 30th June, 2020.

In the above context, requests have been received seeking details of prescribed form on which the said tax amount has to be reported. 4. The issue referred by the trade has been examined. It has been decided that FORM GST DRC-03, as already prescribed, shall be used for making the payment of such tax by promoter/ developer. Accordingly, person required to pay tax in accordance with the said notification on the shortfall from threshold requirement of procuring input and input services (below 80%) from registered person shall use the form **DRC-03** to pay the tax electronically on the common portal within the prescribed period.

Section 9(5) deals with taxability of supply of services:

Output tax shall be paid by e-commerce operator even though e-commerce operator is not the actual supplier of service. E-commerce is liable to comply with GST provisions as if he is a supplier of services and liable to pay tax. In case services are notified u/s 9(5), actual supplier of services need not required to get registration even if turnover exceeds threshold limit unless stated otherwise.

List of services notified under section 9(5):

1. **Passenger Transport Service:** Services by way of transportation of passengers by a radio-taxi, motorcab, maxi cab and motorcycle; with effect from 1st January 2022, the scope of Passenger Transport Service expanded to include service provided through Omnibus and any other motor vehicle. (Notification No. 17/2021 dated 18.11.2021).

W.e.f. 20th October 2023, Notification No. 17/2017-CT(R) dt. 28.06.2017 has been amended to provide that GST in case of services by way of transportation of passengers provided through Omnibus shall be paid by the ECO except where the supplier supplying such service through the ECO is a Company.

Further, 'Company' shall have the same meaning as assigned to it in section 2(20) of the Companies Act, 2013 (vide Notification No. 16/2023-CT(R) dt. 19.10.2023)

It means, w.e.f. 20th October 2023, in case of Services by way of transportation of passenger by Omnibus, the tax on such supplies of which shall be paid by the E-commerce operator, only where the person supplying such service through E-Commerce Operator is not a Company.

Explanations: -

- (a) “radio taxi” means a taxi including a radio cab, by whatever name called, which is in two-way radio communication with a central control office and is enabled for tracking using Global Positioning System (GPS) or General Packet Radio Service (GPRS);
- (b) “maxicab”, “motorcab”, motorcycle, motor vehicle and omnibus shall have the same meanings as assigned to them respectively in clauses (22), (25), (27), (28) and (29) of section 2 of the Motor Vehicle Act, 1988 (59 of 1988).
2. **Accommodation Services:** Services by way of providing accommodation in hotels, inns, guest houses, clubs, campsites or other commercial places meant for residential or lodging purposes, except where the person supplying such service through electronic commerce operator is liable for registration under sub-section (1) of section 22 of the said CGST Act.

4. **w.e.f 1-1-2022 Restaurant Services (i.e. Cloud Kitchen):** Supply of restaurant service other than the services supplied by restaurant, eating joints etc. located at specified premises.
- “Specified premises means premises providing hotel accommodation service having declared tariff of any unit of accommodation above seven thousand five hundred rupees per unit per day or equivalent (i.e. \geq ₹7500/- per unit)” vide Notification No. 17/2021 dated 18.11.2021.

Note: Restaurant is supplying services through E-COM only, he is not required to get registered under GST. In case, he is already registered, he may continue with such registration or get them de-registered under GST.

GST on service supplied by restaurants through e-commerce operators (CBIC Circular No. 167/23/2021-GST Dated 17th December 2021):

| Sl. No. | Issue | Clarification |
|---------|--|---|
| 1 | Would ECOs have to still collect TCS in compliance with section 52 of the CGST Act, 2017? | As ‘restaurant service’ has been notified under section 9(5) of the CGST Act, 2017, the ECO shall be liable to pay GST on restaurant services provided, with effect from the 1 st January, 2022, through ECO. Accordingly, the ECOs will no longer be required to collect TCS and file GSTR 8 in respect of restaurant services on which it pays tax in terms of section 9(5). On other goods or services supplied through ECO, which are not notified u/s 9(5), ECOs will continue to pay TCS in terms of section 52 of CGST Act, 2017 in the same manner at present |
| 2 | Would ECOs have to mandatorily take a separate registration w.r.t supply of restaurant service [notified under 9(5)] through them even though they are registered to pay GST on services on their own account? | As ECOs are already registered in accordance with rule 8(in Form GST-REG 01) of the CGST Rules, 2017 (as a supplier of their own goods or services), there would be no mandatory requirement of taking separate registration by ECOs for payment of tax on restaurant service under section 9(5) of the CGST Act, 2017. |

| Sl. No. | Issue | Clarification |
|---------|---|---|
| 3 | Would the ECOs be liable to pay tax on supply of restaurant service made by unregistered business entities? | Yes. ECOs will be liable to pay GST on any restaurant service supplied through them including by an unregistered person. |
| 4 | What would be the aggregate turnover of person supplying 'restaurant service' through ECOs? | It is clarified that the aggregate turnover of person supplying restaurant service through ECOs shall be computed as defined in section 2(6) of the CGST Act, 2017 and shall include the aggregate value of supplies made by the restaurant through ECOs. Accordingly, for threshold consideration or any other purpose in the Act, the person providing restaurant service through ECO shall account such services in his aggregate turnover. |
| 5 | Can the supplies of restaurant service made through ECOs be recorded as inward supply of ECOs (liable to reverse charge) in GSTR 3B? | No. ECOs are not the recipient of restaurant service supplied through them. Since these are not input services to ECO, these are not to be reported as inward supply (liable to reverse charge). |
| 6 | Would ECOs be liable to reverse proportional input tax credit on his input goods and services for the reason that input tax credit is not admissible on 'restaurant service'? | ECOs provide their own services as an electronic platform and an intermediary for which it would acquire inputs/input service on which ECOs avail input tax credit (ITC). The ECO charges commission/fee etc. for the services it provides. The ITC is utilised by ECO for payment of GST on services provided by ECO on its own account (say, to a restaurant). The situation in this regard remains unchanged even after ECO is made liable to pay tax on restaurant service. ECO would be eligible to ITC as before. Accordingly, it is clarified that ECO shall not be required to reverse ITC on account of restaurant services on which it pays GST in terms of section 9(5) of the Act. It may also be noted that on restaurant service, ECO shall pay the entire GST liability in cash (No ITC could be utilised for payment of GST on restaurant service supplied through ECO) |
| 7 | Can ECO utilize its Input Tax Credit to pay tax w.r.t 'restaurant service' supplied through the ECO? | No. As stated above, the liability of payment of tax by ECO as per section 9(5) shall be discharged in cash. |

| Sl. No. | Issue | Clarification |
|---------|---|--|
| 8 | Would supply of goods or services other than 'restaurant service' through ECOs be taxed at 5% without ITC? | ECO is required to pay GST on services notified under section 9(5), besides the services/other supplies made on his own account. On any supply that is not notified under section 9(5), that is supplied by a person through ECO, the liability to pay GST continues on such supplier and ECO shall continue to pay TCS on such supplies. Thus, present dispensation continues for ECO, on supplies other than restaurant services. On such supplies (other than restaurant services made through ECO) GST will continue to be billed, collected and deposited in the same manner as is being done at present. ECO will deposit TCS on such supplies. |
| 9 | Would 'restaurant service' and goods or services other than restaurant service sold by a restaurant to a customer under the same order be billed differently? Who shall be liable for raising invoices in such cases? | Considering that liability to pay GST on supplies other than 'restaurant service' through the ECO, and other compliances under the Act, including issuance of invoice to customer, continues to lie with the respective suppliers (and ECOs being liable only to collect tax at source (TCS) on such supplies), it is advisable that ECO raises separate bill on restaurant service in such cases where ECO provides other supplies to a customer under the same order. |
| 10 | Who will issue invoice in respect of restaurant service supplied through ECO - whether by the restaurant or by the ECO? | The invoice in respect of restaurant service supplied through ECO under section 9(5) will be issued by ECO. |
| 11 | Clarification may be issued as regard reporting of restaurant services, value and tax liability etc. in the GST return. | A number of other services are already notified under section 9(5). In respect of such services, ECO operators are presently paying GST by furnishing details in GSTR 3B. The ECO may, on services notified under section 9 (5) of the CGST Act, 2017, including on restaurant service provided through ECO, may continue to pay GST by furnishing the details in GSTR 3B, reporting them as outward taxable supplies for the time being. Besides, ECO may also, for the time being, furnish the details of restaurant services under section 9(5) in Table 7A(1) or Table 4A of GSTR-1, as the case maybe, for accounting purpose. Registered persons supplying restaurant services through ECOs under section 9(5) will report such supplies of restaurant services made through ECOs in Table 8 of GSTR-1 and Table 3.1 (c) of GSTR-3B, for the time being. |

Important points:

- (A) **Registration:** A person who is required to pay tax under reverse charge has to compulsorily register under GST and the threshold limit for registration is not applicable to him.
- (B) **ITC:** A supplier cannot take ITC of GST paid on goods or services used to make supplies on which the recipient is liable to pay tax.

CBIC issued **Circular No. 213/07/2024-GST**, dated 26th June 2024 providing critical clarifications regarding the taxability of Employee Stock Option Plans (ESOP), Employee Stock Purchase Plans (ESPP), and Restricted Stock Units (RSU) provided by companies to their employees through their overseas holding companies.

Nature of ESOP/ESPP/RSU Transactions

1. Purpose:

- ESOPs, ESPPs, or RSUs are issued to incentivize employees as part of their compensation package.

2. Mechanics of Transactions:

- The domestic subsidiary provides employees the option/facility of ESOP/ESPP/RSU as compensation.
- Employees can:
 - Purchase shares at the grant price, or
 - Hold the options until they vest.
- The foreign holding company:
 - Issues the ESOP/ESPP/RSU to employees of the domestic subsidiary.
 - Transfers the shares directly to the employees.
- The domestic subsidiary reimburses the cost of shares to the foreign holding company on a cost-to-cost basis, through:
 - Actual remittance, or
 - Equity transfer.

GST Applicability

1. Securities Are Neither Goods Nor Services:

- Under GST law, securities (shares) are not considered goods or services.
- Transactions involving the purchase or sale of shares do not attract GST.

2. Employee Compensation:

- ESOP/ESPP/RSU are part of the remuneration paid to employees.
- As per Entry 1 of Schedule III of the CGST Act, services by employees to employers in the course of employment are not subject to GST.

3. Reimbursement of Costs:

- When the domestic subsidiary reimburses the foreign holding company on a cost-to-cost basis (no markup, fee, or commission):
 - This reimbursement is not considered an import of services.
 - GST is not applicable.

4. Additional Fees, Markups, or Commissions:

- If the foreign holding company charges any additional fee, markup, or commission:
 - This is treated as consideration for the supply of services.
 - The domestic subsidiary must pay GST on these amounts on a reverse charge basis.

Conclusion

• **Non-Taxable:**

- The mere transfer of securities/shares from a foreign holding company to employees of the domestic subsidiary, with reimbursement on a cost-to-cost basis, is not subject to GST.

• **Taxable:**

- Any additional charges (markup, fees, commission) attract GST, payable by the domestic subsidiary under the reverse charge mechanism.

Example: ESOP/ESPP/RSU Transactions and GST Applicability

Scenario

1. **Entities Involved:**

- Foreign Holding Company: XYZ Inc., located in the USA.
- Domestic Subsidiary: XYZ India Pvt. Ltd., registered in India under GST.
- Employee: Mr. A, working for XYZ India Pvt. Ltd.

2. **ESOP/RSU Issuance:**

- XYZ Inc. grants Mr. A 1,000 shares under an ESOP plan as part of his compensation package.
- Mr. A exercises his option after two years by purchasing the shares at a grant price of ₹100/share.

3. **Cost Reimbursement:**

- The market value of the shares at the time of exercise is ₹200/share.
- XYZ India Pvt. Ltd. reimburses XYZ Inc. ₹1,00,000 (1,000 shares × ₹100 grant price) on a cost-to-cost basis.

GST Applicability Analysis

1. **Transfer of Shares:**

- XYZ Inc. transfers the shares directly to Mr. A.
- GST Treatment: As per GST law, securities are neither goods nor services, so no GST is applicable on the transfer of shares.

2. **Reimbursement Without Markup:**

- XYZ India Pvt. Ltd. reimburses ₹1,00,000 to XYZ Inc. on a cost-to-cost basis without any markup, fee, or commission.
- GST Treatment: This reimbursement is not considered an import of services, so no GST is applicable.

3. **Additional Charges (Hypothetical):**

- If XYZ Inc. charged an administrative fee of ₹10,000 along with the ₹1,00,000 reimbursement:
- The ₹10,000 fee would be treated as consideration for a supply of services.
- XYZ India Pvt. Ltd. would need to pay GST on ₹10,000 under the reverse charge mechanism.

Conclusion

- For the cost-to-cost reimbursement of ₹1,00,000, no GST is applicable.
- For the additional fee of ₹10,000 (if charged), GST would be payable by XYZ India Pvt. Ltd. under the reverse charge mechanism.

Circular No. 236/30/2024-GST dated 11th October, 2024:

Key Points: Clarification on “As Is / As Is, Where Is Basis” in GST Circulars

1. **Context:** Confusion among trade and field officers regarding the scope of “as is” or “as is, where is basis” in GST Circulars addressing rates and classifications of goods/services based on GST Council recommendations.
2. **GST Council Recommendation:** In its 54th Meeting (9th September 2024), the GST Council advised issuing clarifications on regularization intent. Circular issued under Section 168 of CGST Act, 2017.
3. **Regularization Basis:**
 - Applies to cases of genuine doubts or diverse interpretations, e.g., two competing rates in notifications.
 - Payments made at lower or nil rates are accepted as full compliance.
 - No refunds for GST paid at higher rates.
4. **Definition:**
 - In GST, “as is, where is” means tax paid at a lower or nil rate is treated as full discharge of liability based on taxpayer returns.
5. **Policy:** Past payments at lower rates are regularized without penalty, promoting fairness in cases of genuine misinterpretation of GST laws.

This ensures uniformity and clarity for taxpayers and field officers.

Illustration 1:

In a situation where certain taxpayers have paid 5% GST on supply of “X”, while some have paid 12% and the GST Council recommends reducing the rate to 5% prospectively and regularizing the past on “as is where is basis” which is notified on 1.12.2023, this means that for the period prior to 1.12.2023, the 5% GST paid by the taxpayer will be treated as tax fully paid and they would not be required to pay duty differential of 7% between 5% and 12%. For those taxpayers who have paid 12% GST, no refund would be allowed.

Illustration 2:

In a situation where certain taxpayers have paid 5% GST on the supply of “X” while some have paid nil duty due to the genuine doubt that there was an exemption entry for “X”, the GST Council recommends clarifying that the applicable rate is 5% and to regularize the past on “as is where is basis”, in view of prevailing genuine doubts, which is notified on 1.12.2023, this means that for the period prior to 1.12.2023, non payment of GST and declaring such transactions as exempted supply in their return by the taxpayer will be treated as a full discharge of tax liability and they would not be required to pay duty differential of 5 % between Nil and 5%. For those taxpayers who have paid 5%, no refund would be made.

Illustration 3:

In a situation where the interpretational issue is between 5% and 12% rates and some taxpayers have paid 5 % , others have paid 12% while certain taxpayers have not paid GST on supply of “X”, and the GST Council

recommends clarifying that the applicable rate is 12% and regularize the past on “as is where is basis” which is notified on 1.12.2023, this means that for the period prior to 1.12.2023, the 5% GST paid by the taxpayer will be treated as tax fully paid and they would not be required to pay duty differential between 5% and 12% . For those taxpayers who have paid 12%, no refund would be made. However, the regularization would not apply to situations where no tax has been paid. In such cases, the applicable tax i.e. 12% shall be recovered.

Illustrative Scenarios for Regularization:

| Scenario | GST rates applied by taxpayers | Confusion between the rates | Rate regularised by GST Council | Action required |
|----------|---|-----------------------------|---------------------------------|--|
| 1 | a) Taxpayer “X” paid 5% b) Taxpayer “Y” paid 12% | 5% and 12% | 5% | a) No action required by X b) Y will not get refund of differential 7% (12%-5%) |
| 2 | a) Taxpayer “X” paid 5% b) Taxpayer “Y” paid Nil | 5% or exempted | 5% | a) No action required by X b) Y does not have to pay differential 5% (5%- nil) |
| 3 | a) Taxpayer “X” paid 5% b) Taxpayer “Y” paid 12% c) Taxpayer “Z” paid nil | 5% or 12% | 12% | a) X does not have to pay differential 7% (12%-5%) b) No action required by Y c) Z has to pay differential 12% (12%-nil) |

Practical theory:

Department contention:

Assessee being an importer of goods from Indonesia is liable to pay GST on Ocean Freight. Since, place of supply of service is destination of goods as per section 13(9) of IGST Act, 2017.

Assessee’s view:

Since, goods imported into India, paid customs duty on such ocean freight which is inclusive of Cost, Insurance and Freight (CIF value). Therefore, question of levying of GST would not arise at all.

Decide the case with the help of decided case, if any.

Solution:

Facts of the Case: Import of goods into India completed when goods are landed on land mass of India (as per the Garden Silk Mills Ltd. of the Hon’ble Supreme Court of India). Ocean freight on import of goods into India is subject to customs duty. As per the Department contention Ocean Freight is subject to GST again.

Grounds on Appeal:

In the case of United Shippers Ltd. 2015 (37) STR 1043 (Tri-Mumbai) has held that when the value of transportation charges has been added in CIF value on which customs duty is paid. Service Tax again cannot be recovered on the same value.

The department’s appeal against the order of Tribunal to the Hon’ble Supreme Court of India has been dismissed as reported in 2015(39) STR J369 (SC). It means the judgment of Hon’ble Tribunal-Mumbai has been confirmed as whole good.

The ratio of this judgment is equally applicable to Goods and Services Tax Law also.

Therefore, payment of GST on Ocean Freight does not arise.

Work out the GST liability [CGST & SGST or IGST, as the case may be] of Energy Pvt. Ltd., Bangalore on the basis of the facts as described, read with the following data for the month of November 20XX.

| Sl. No. | Particulars | (₹) |
|----------|--|-----------|
| A | Truck sent to own location in Tamil Nadu (i) Value of items contained in the truck - ₹3,00,000 (ii) Value of truck - ₹25,00,000 | |
| B | Truck sent to a client location in Tamil Nadu for carrying out repairs. Stand- alone machine is also sent in the truck to client location for repairs (i) Value of items contained in the truck – ₹2,85,000 (ii) Value of stand-alone machine - ₹4,00,000 (iii) Value of truck - ₹20,00,000 (Billing for repairs to be done afterwards depending upon the actual items used) | |
| C | Truck sent to a client location in Karnataka for carrying out repairs (i) Value of items contained in the truck - ₹1,06,000 (ii) Value of truck - ₹20,00,000 (Billing for repairs to be done afterwards depending upon the actual items used) | |
| D | Invoices raised for repair work carried out in Tamil Nadu [including the invoice for repair work done in 'B'] - | 70,00,000 |
| E | Invoices raised for repair work carried out in Karnataka [including the invoice for repair work done in 'C'] | 12,00,000 |

Also, specify the document(s), if any, which need to be issued by Energy Pvt. Ltd., Bangalore for the above transactions.

All the given amounts are exclusive of GST, wherever applicable. Assume the rates of taxes to be as under:

| Items used for repairs | | |
|--|-------------|------------|
| CGST – 6% | SGST – 6% | IGST – 12% |
| Container truck, Stand-alone machines | | |
| CGST – 2.5% | SGST – 2.5% | IGST – 5% |
| Works contract for repairs and maintenance of immovable property | | |
| CGST – 9% | SGST – 9% | IGST – 18% |

You are required to make suitable assumptions, wherever necessary.

Solution:

| Sl. No. | Particulars | (₹) |
|----------------------------|--|------------------|
| A. | Items sent in container truck to own location in Tamil Nadu - IGST @ 12% x ₹3,00,000 = | 36,000 |

Sushma Industries Ltd., registered in the State of Tamil Nadu, manufactures plastic pipes for other suppliers on job-work basis.

On 10.01.20XX, Plasto Manufacturers (registered in the State of Himachal Pradesh) sent plastic worth ₹4 lakh and moulds worth ₹ 50,000, free of cost, to Sushma Industries Ltd. to make plastic pipes. Sushma Industries Ltd. also used its own material - a special type of lamination material for coating the pipes - worth ₹1 lakh in the manufacture of pipes. It raised an invoice of ₹2 lakh as job charges for making pipes and returned the manufactured pipes through challan to Plasto Manufacturers on 20.10.20XX.

The same quality and quantity of plastic pipes, as was made for Plasto Manufacturers, were made by Sushma Industries Ltd. from its own raw material and sold to Solid Pipes (registered in Jammu and Kashmir) for ₹7.5 lakh on 20.10.20XX.

Examine the scenario and offer your views on the following issues with reference to the provisions relating to job work under the GST laws:

1. Is there any difference between the manufacture of plastic pipes by Sushma Industries Ltd. for Plasto Manufacturers and for Solid Pipes?
2. Whether Sushma Industries Ltd. can use its own material even when it is manufacturing the plastic pipes on job-work basis?
3. Whether sending the plastic and moulds to Sushma Industries Ltd. by Plasto Manufacturers is a supply and a taxable invoice needs to be issued for the same?
4. Whether Sushma Industries Ltd. should include the value of free of cost plastic supplied by Plasto Manufacturers in its job charges?

Solution:

1. Supplied to Plasto Manufactures - Supply of service.
Supplied to Solid Pipes - Supply of goods
2. Yes. Sushma Industries Ltd. can use its own material even though it is manufacturing the plastic pipes on job-work basis.
3. It is not a supply. No Tax Invoice is required to issue by Plasto Manufacturers.
4. Value of material supplied by Plasto Manufacturers under job work not included in the job work charges of Sushma Industries Ltd.

Question:

Whether job work for processing of “Barley” into “Malted Barley” attracts GST@5% as applicable to “job work in relation to food and food products” or 18% as applicable on “job work in relation to manufacture of alcoholic liquor for human consumption”?

Answer:

As per CBIC Circular No.206/18/2023-GST dt. 31st October 2023, Malt is a food product. It can be directly consumed as part of food preparations or can be used as an ingredient in food products and also used for manufacture of beer and alcoholic liquor for human consumption. However, irrespective of end-use, conversion of barley into malt amounts to job work in relation to food products.

It is hereby clarified that job work services in relation to manufacture of malt are covered by the entry at Sl. No. 26 (i) (f) which covers “job work in relation to all food and food products falling under chapters 1 to 22 of the customs tariff” irrespective of the end use of that malt and attracts 5% GST.

“Fast Ride” is a mobile application owned and managed by D.T. Ltd. located in India. The application “Fast Ride” facilitates a potential customer to connect with the persons providing cab service under the brand name of “Fast Ride”.

D.T. Ltd. claims that cab service is provided by Mr. Jorawar Singh and hence, he is liable to pay GST. With reference to the provisions of IGST Act, 2017, determine who is liable to pay GST in this case?

Would your answer be different, if D.T. Ltd. is located in New York (USA)? Also briefly state the statutory provisions involved.

Solution:

DT Ltd. owns and manages a mobile application to facilitate supply of passenger transportation services in a motor cabs over a digital network (i.e. Radio Taxi services), it is an ECO. Thus, DT Ltd., an ECO located in India is liable to pay GST in the given case.

D.T. Ltd., is located in New York:

In such case person representing ECO is liable to pay tax. Further, where ECO has neither the physical presence nor any representative in the taxable territory, person appointed by the ECO for the purpose of paying the tax is liable to pay tax.

Mr. A, a taxable service provider, provided taxable supply of services to Mr. B. The contract of service entered into between them stipulated that Mr. A will bear all the taxes, duties and other liabilities in connection with discharge of his obligations. While the service was being provided, an amendment in the law shifted the liability to pay GST in case of such taxable supply of services from service provider to service receiver retrospectively, i.e. reverse charge provisions were made applicable.

You are required to answer the following questions with the help of the decided case law(s), if any:

- (i) Can Mr. B, who is the person liable to pay GST under reverse charge, shift the burden of such GST on Mr. A by deducting the same from the payment made against the bills raised by Mr. A?
- (ii) Can Mr. B ask the Revenue to recover GST from Mr. A since the contract of service stipulates that Mr. A will bear all the taxes, duties and other liabilities in connection with discharge of his obligations?

Solution:

- (i) Yes. As per the **Rashtriya Ispat Nigam Ltd. v Dewan Chand Ram Saran 2012 (260) STR 289 (SC)**, Mr. B can shift the burden of GST on Mr. A by deducting the same from the payment made against the bills raised by Mr. A.
- (ii) No. As per the **Delhi Transport Corporation v Commissioner Service Tax 2015 (038) STR 673 (Del)**, Mr. B cannot ask the Revenue to recover GST from Mr. A since the contract of service stipulates that Mr. A will bear all the taxes, duties and other liabilities in connection with discharge of his obligations.

Analysis of Key Advance Rulings

Solved Case 1:

M/s Columbia Asia Hospitals Pvt. Ltd. (AAR No.-KAR ADRG 15/2018) filed an application to sought an answer to the question whether the services provided by the employee of corporate office to the other units of the company is taxable plus charging consideration against allocation of common expenditure of units would tantamount to levy GST or not. The Karnataka AAR held the ruling in favour of revenue, briefing the findings in relation with the Entry 2 of Schedule I of CGST Act, 2017.

In the instance case, the applicant is a private limited company engaged in providing health care services categorizing them as In-patient (IP) and Out-patient (OP) services. The applicant is also engaged in supply of medicines (pharmacy) to in-patients and out-patients. The relevant facts on the basis of which ruling have been sought after are:—

As clarified by the applicants through the facts that the person delivering the service are employed by the corporate office & not by the other units of the applicant. Hence there is an employer-employee relationship with corporate office only and no relationship exists with the employees of the corporate office & other units of the applicant. Therefore, the entry no. 1 of schedule III of CGST Act, 2017 would not be applicable.

The services provided by such employees to the other units would be treated as the transaction between the corporate office & its units located in other states. Though the corporate office & its units are the distinct person u/s 25 of CGST Act, 2017, the transaction would be covered under the Entry no. 2 of Schedule I of CGST Act, 2017 i.e. “Supply of goods or services or both between related persons or between distinct persons as specified in section 25, when made in the course or furtherance of business” & therefore becomes taxable. The valuation of the transaction includes all cost incurred by the corporate office after considering employee cost in the form of salary, incentive & perquisites.

Additionally, corporate office raises an invoice for the allocation of the expenses such as rent, travel expense, consultancy, etc. incurred on behalf of other units. Such reimbursement from the other units would be covered under the term ‘TRANSFER’ u/s 7(1)(a) of CGST Act, 2017. Furthermore, the transaction between the distinct person without consideration is covered under the definition of the SUPPLY under Entry No. 2 of Schedule I of CSGT Act, 2017. Hence the reimbursement of the expenditure would be attracting the tax liability.

Solved Case 2: Bai Mumbai Trust v Suchitra (Bombay High Court)

Whether GST is applicable on services or assistance rendered by the Court receiver appointed by the Court?

Decision:

Court observed that schedule III provides that services provided by any court or tribunal established under any law is neither a supply of goods nor supply of services.

Court Receiver should implement orders of the court and functions under the supervision and direction of the Court. Hence, office of the Court Receiver is an establishment of the High Court through which the orders issued by the Court are given effect to.

Therefore, the services of the Court Receiver are to be considered as services provided by any Court. Accordingly, the fees or charges paid to the Court Receiver are not liable to GST.

The Honorable High Court held that GST cannot be levied or recovered on services provided by the Court Receiver.

Solved Case 3:

Supply of external storage battery with UPS, constitutes as 'Mixed Supply'

In the case of **Switching Avo Electro Power Ltd.** (2018) 96 taxmann.com 106 (AAAR-West Bengal), the Appellant Authority for Advance Ruling upheld the ruling of Authority for Advance Ruling that when the storage battery or electric accumulator is supplied separately with the static converter (UPS), it would be considered as a mixed supply or not naturally bundled supply.

Here the appellant contended that the UPS cannot function without battery as the same is an integral part of UPS and it is naturally bundled and supplied in conjunction with each other, therefore the supply of static converter along with the external battery should be considered as a composite supply and not mixed supply.

However, the AAAR opined that when a UPS is supplied with built-in batteries in a manner that the supply of the battery is inseparable from the supply of the UPS, and the two items are 'naturally bundled' then it should be treated as a composite supply under Section 2(30) of the CGST Act, but when the storage batteries having multiple uses is supplied with the static converter i.e. UPS, it cannot be said that they are naturally bundled even if the same is supplied under a single contract at a combined single price. **Therefore, the supply of external storage battery supplied with UPS would be considered as a 'mixed supply'.**

Solved Case 5:

Rashtriya Ispat Nigam Ltd. v Dewan Chand Ram Saran 2012 (260) STR 289 (SC):

Point of dispute: Whether the service tax liability created under law can be shifted by a clause entered in the contract?

DECISION: YES. ASSESSEE CAN CONTRACT TO SHIFT THEIR LIABILITY.

Regarding transferring of service tax liability by way of contract was correct. It means service provider will bear all the taxes, and service receiver can shift the burden of service tax payable by him to service provider by deducting the same from the bills raised by service provider.

Solved Case 6:

Delhi Transport Corporation v Commissioner Service Tax 2015 (038) STR 673 (Del)

Facts of the Case: The appellants entered into contracts with seven various agencies for display of advertisements; inter alia, on bus-queue shelters and time-keeping booths. The terms of the contract clearly stated that it would be the responsibility of the contractors/advertisers to pay directly to the concerned authority the tax/levy imposed by such authority in addition to the license fee.

Department issued show cause notice asking the appellant (service provider) to pay service tax along with interest and penalties on the service of display of advertisements rendered by them.

Appellant's Contentions: The appellant argued that they were under a bona fide belief that the liability to remit service tax stood transferred to the recipient as per the agreements; this caused the failure to file returns and remit service tax. They relied upon *Rashtriya Ispat Nigam Limited v Dewan Chand Ram Saran* 2012 (26) STR 289 (SC) to urge that having entered into the contracts in the nature mentioned above, it was a legitimate expectation that the service tax liability would be borne by the contractors/advertisers and, thus, there was no justification for the appellant being held in default or burdened with penalties.

Decision: The High Court held that undoubtedly, the service tax burden could be transferred by contractual arrangement to the other party. However, on account of such contractual arrangement, the assessee cannot ask the Revenue to recover the tax dues from a third party (the other party) or wait for discharge of the liability by the assessee till it has recovered the amount from its contractors (the other party).

Therefore, the appellant was an assessee, and statutorily bound to not only get itself registered but also submit the requisite returns as per the prescription of law and rules framed thereunder.

Solved Case 7:

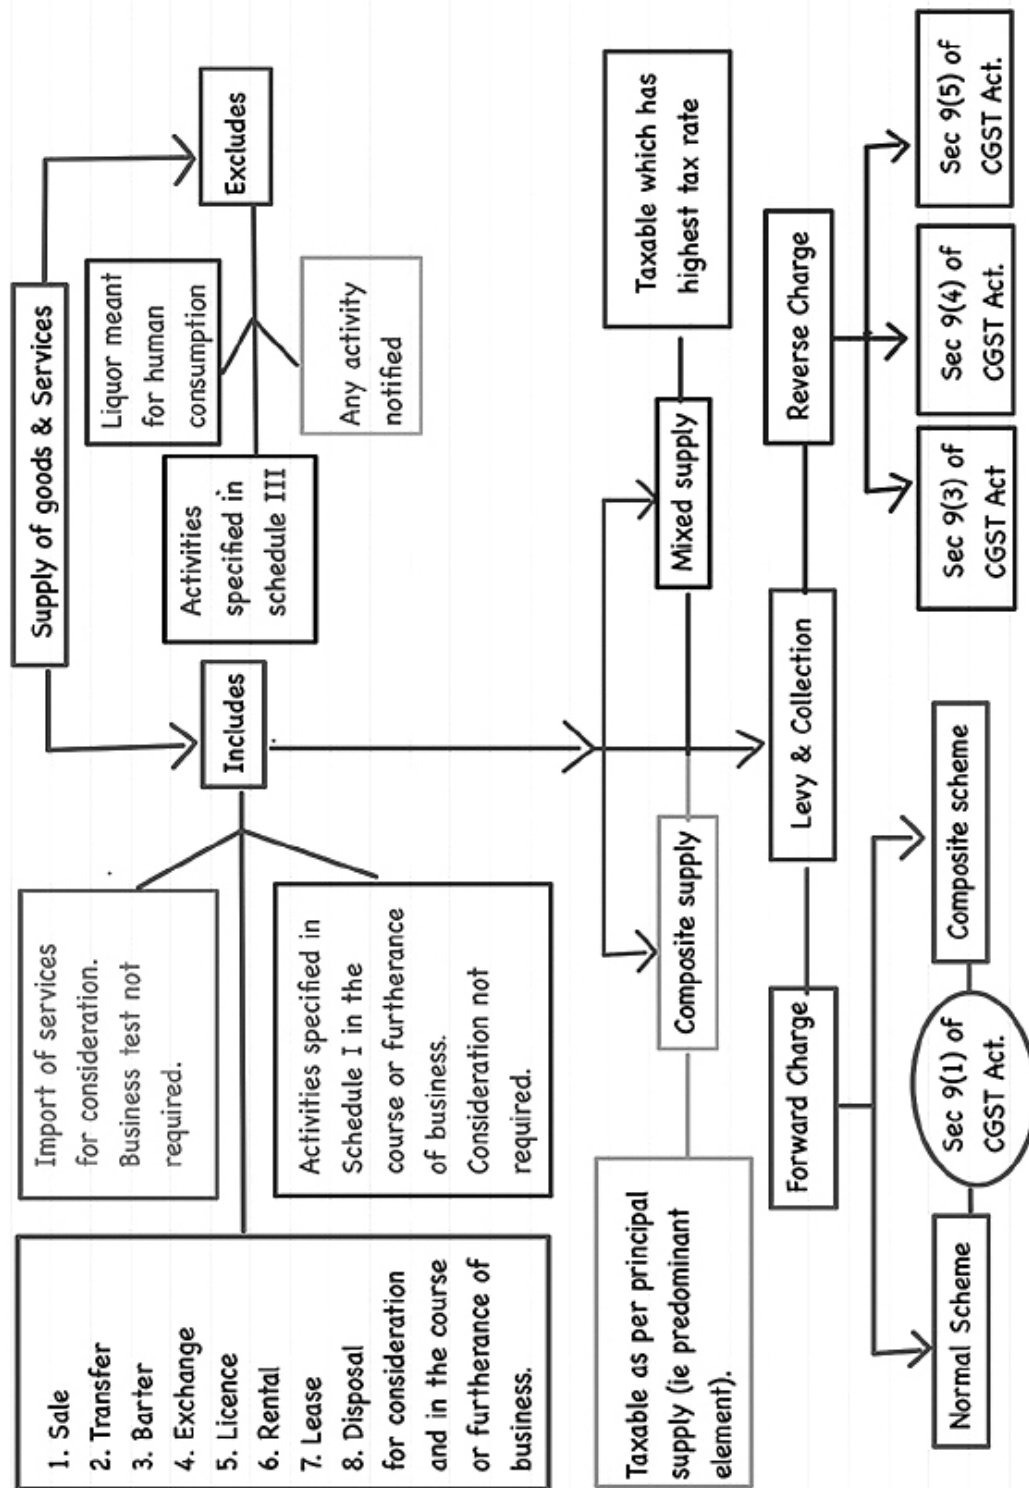

Tata Consultancy Services v State of AP 2004 (178) ELT 22 (SC):

If software is designed/developed, put in a media and sold, it could still be treated as sale of goods by applying the Supreme Court decision in **Tata Consultancy Services v State of AP 2004 (178) ELT 22 (SC)**.

In the said case, it was held that goods may be tangible property or an intangible one. It would become goods provided that attributes thereof having regard to

- (a) utility
- (b) capable of being bought and sold,
- (c) capable of being transmitted,
- (d) transferred,
- (e) delivered
- (f) stored and

On the basis of following information, determine the 'Time of supply' from the following: -

| | | |
|-----|--|------------|
| (1) | Commencement of providing of service on | 05-06-20XX |
| (2) | Completion of service on | 10-10-20XX |
| (3) | Invoice issued on | 20-10-20XX |
| (4) | Payment received by cheque and entered in the books on | 15-10-20XX |
| (5) | Amount credited in Bank A/c on | 25-10-20XX |
| (6) | Service became taxable for the first time on | 01-07-20XX |

Solution:

Time of supply = 15-10-20XX

Date of payment = book entry or bank entry whichever is earlier (i.e. 15-10-20XX)

Date of invoice = 20-10-20XX (i.e. invoice issued within 30 days from the date of completion of service)

Hence, date payment or date of invoice whichever is earlier is the time of supply.

Circular No. 221/15/2024-GST dated 26 June 2024 -

Clarification on the time of supply regarding the supply of services of construction of road and maintenance thereof under the National Highway Projects of National Highways Authority of India (NHAI) in the Hybrid Annuity Mode (HAM) model:

The circular has clarified the issue of the Time of Supply for the purpose of payment of tax on the deferred annuity payments received by the concessionaire from NHAI for the construction of road and operation and maintenance (O&M) thereof under the HAM model.

In HAM contracts, a certain portion of payment linked to construction is payable during the construction and the remaining payment is received in instalments over the concession period as per the payment schedule. However, the revenue authorities have been advancing the view that GST is payable on the percentage of construction completion method. The circular has clarified the time of supply provisions mainly considering that the HAM contract should be considered holistically as a single contract for both construction and O&M services. It cannot be artificially split based on payment terms.

The following clarifications have been provided.

- The tax liability on the concessionaire under the HAM contract, including on the balance portion linked to the construction portion will arise at the time of issuance of invoice or receipt of payment, whichever is earlier [if the invoice is issued on or before the specified date or date of completion of the event specified in the contract].
- If the invoices are not issued on or before the specified date or date of completion of the event as specified in the contract, the tax liability will arise on the date of provision of the said service or date of receipt of payment whichever is earlier.
- Instalments or annuity payable by NHAI to the concessionaire includes the interest component. The interest amount should also be includible in the taxable value for the purpose of payment of tax on the annuity or instalment in terms of section 15(2)(d) of the CGST Act.

Comprehensive Example: Time of Supply for Deferred Annuity Payments under HAM Model:

Project Details

- Concessionaire: XYZ Infra Ltd. (Supplier of service)
- Authority: National Highways Authority of India (NHAI) (Recipient of the service)
- Project Value: ₹1,000 crores
- HAM Model Payment Terms:
 - Construction Phase (2 years):
40% of the project cost (₹400 crores) to be paid in milestone-based instalments, meaning the due date of payment is linked to the completion of specific events.
 - Deferred Annuity Phase (15 years):
Remaining 60% (₹600 crores) to be paid as annual instalments, including interest. The due date of payment, as mentioned in the contract, is 1st April every year.
 - Annual Instalment: ₹50 crores (₹40 crores principal + ₹10 crores interest).

Application of Time of Supply Rules

As per Section 13(2) of the CGST Act for continuous supply of services:

1. If the invoice is issued within the specified time (on or before the due date of payment linked to the completion of an event):
 - The time of supply is the earlier of the date of issue of the invoice or the date of receipt of payment.
2. If the invoice is not issued within the specified time:
 - The time of supply arises on the date of provision of service or the date of receipt of payment, whichever is earlier.

Phase 1: Construction Phase

Scenario 1: First Milestone Payment

- **Milestone Completed:** 25% of construction completed on 31st December 2024.
- **Invoice Raised:** 5th January 2025 for ₹100 crores (25% of ₹400 crores).
- **Payment Received:** 15th January 2025.

Time of Supply Determination:

- Since the invoice was not issued within the specified time (on or before 31st December 2024), the time of supply is 31st December 2024 (date of milestone completion).

Scenario 2: Second Milestone Payment

- **Milestone Completed:** 75% of construction completed on 1st April 2025.
- **Invoice Raised:** 31st March 2025 for ₹300 crores (75% of ₹400 crores).
- **Payment Received:** 15th May 2025.

Time of Supply Determination:

- Since the invoice was issued on or before the due date of payment (1st April 2025), the time of supply is 31st March 2025 (date of invoice).

Phase 2: Deferred Annuity Payments

Scenario: First Annuity Payment

- **Annuity Payment Due:** ₹50 crores (₹40 crores principal + ₹10 crores interest).
- **Service Period Covered:** 1st April 2025 to 31st March 2026.
- **Invoice Raised:** 1st April 2026.
- **Payment Received:** 10th April 2026.

Time of Supply Determination:

- Since the invoice was issued on or before the due date of payment (1st April 2026), the time of supply is 1st April 2026 (date of invoice).

Taxable Value: ₹50 crores (including ₹10 crores interest).

GST Computation (Assuming 18%):

- $GST = ₹50 \text{ crores} \times 18\% = ₹9 \text{ crores}.$
- **Due date for tax payment:** 20th May 2026.

Phase 3: O&M Services**Scenario: Quarterly O&M Payment**

- **Service Provided:** January to March 2026.
- **Due Date of Payment:** 10th April 2026 (as per the contract).
- **Invoice Raised:** 31st March 2026 for ₹5 crores.
- **Payment Received:** 10th April 2026.

Time of Supply Determination:

- Since the invoice was issued on or before the due date of payment (10th April 2026), the time of supply is 31st March 2026 (date of invoice).

Taxable Value: ₹5 crores.

GST Computation (Assuming 18%):

- $\text{GST} = ₹5 \text{ crores} \times 18\% = ₹0.9 \text{ crores.}$
- **Due date for tax payment:** 20th April 2026.

Summary of GST Liability

| Phase | Event | Taxable Value (₹ Crores) | GST (₹ Crores) | Time of Supply | Due Date for Tax Payment |
|-------------------------------|------------------------------------|-----------------------------|-------------------|-----------------------|-----------------------------|
| Construction (Milestone 1) | 25% Milestone Completion | 100 | 18 | 31st December 2024 | 20th January 2025 |
| Construction (Milestone 2) | 75% Milestone Completion | 300 | 54 | 31st March 2025 | 20th April 2025 |
| Deferred Annuity Payment | First Annual Instalment | 50 | 9 | 1st April 2026 | 20th May 2026 |
| O&M Services | Quarterly Maintenance (Jan-Mar) | 5 | 0.9 | 31st March 2026 | 20th April 2026 |

Key Points:

1. **Deferred Annuities:** Time of supply is aligned with invoice issuance or payment, ensuring clarity for GST compliance.
2. **Interest Component:** Interest is includible in the taxable value.
3. **Unified Contract:** Construction and O&M services are treated as a single supply, avoiding artificial splitting of GST liability.
4. **Continuous Supply of Services:** Provisions ensure GST compliance without ambiguity regarding phased payments.

Hence, the GST liability arises at the time the instalment payments are due or made, whichever is earlier.

An income tax and money laundering case against Mr. X, working in a company, reveals a large volume of undisclosed assets, which he claims as service income. On this basis, the GST authorities investigate the GST liability. Solved Case 2

Determine the Time of Supply from the following particulars

| | |
|-----------------------|--|
| 08th September | Mr. X booked a room in J W Marriott for 01 night at room rent of ₹ 120000 per night. An advance of ₹ 20000 was paid in advance and this amount was recorded in books of account |
| 10th September | Mr. X got a confirmation message from the Bank that the amount of ₹20000 being paid to J W Marriott has been debited from the balance amount |
| 02nd November | Mr. X stays in the room for 01 night and gives instruction to issue the invoice for the balance amount at the time of checkout from the Hotel. As the server of the Hotel got jammed, the Manager gave assurance that when the same will be set, the invoice shall be raised and the payment can be done on that date |

| | |
|----------------------|--|
| 18th December | It was fortunate that Manager was able to raise an invoice on this day. An invoice was raised for ₹ 120000 for one night on Mr X. The invoice also stated that about the advance of ₹ 20000 and balance being shown as outstanding of ₹100000 which was payable by Mr X to the Hotel |
| 22nd December | Mr X on receipt of the invoice issued a cheque of ₹ 100000 in the name of Hotel |
| 24th December | The amount of ₹ 100000 was debited from the balance amount of Mr X from the Bank |

Solution:

In the given case, there are two parts.

Firstly there is advance payment of ₹ 20000 to the Hotel – J W Marriott by Mr X.

Secondly, there is a balance payment of ₹ 100000.

Thus, for determining the time of supply, we also need to understand and clarify the concepts in two aspects

- For Advance - Time of Supply shall be Date of Payment or Date of Invoice whichever is earlier. Therefore, in this case, advance was given on 08th September which is the date of payment or 18th December which is the date of invoice, whichever is earlier. Therefore, here the Time of Supply will be 8th September
- For Balance Amount - Time of Supply shall be Date of Payment or Date of provision of supply, if invoice is not raised within 30 days.

Here, the Invoice was raised after 30 days i.e. 18th December which is more than 30 days from the date of utilisation of service which is 02nd November.

Therefore, in this case, Time of Supply will be 02nd November

Solved Case 1**SP Singla Constructions Pvt. Ltd. (GST AAR Gujarat - 2022):**

Question on which Advance Ruling sought: SP Singla Constructions Pvt. Ltd. desires to obtain Advance Ruling on the question as to what is the time of supply for the purpose of discharge of GST under the CGST Act, 2017 in respect of Mobilization Advance (hereinafter referred to as 'said advance') received by it for construction services provided by it? SP Singla Constructions Pvt. Ltd. received advance from its recipient of service for procurement of goods.

Advance Ruling: SP Singla Constructions Pvt. Ltd. does not contest the taxability on said Advance, but is before us for its deferment from date of its receipt to date of issue of invoice. We pass the Ruling based on Section 13(2) CGST Act read with its explanation (i). Time of Supply, on said Advances received by SPSC for Supply of its Service, is the date of receipt of said advance.

Advance is for procurement of Goods. SP Singla Constructions is Service provider, supplying Works Contract Service. We refer to Schedule II (6)(a) CGST Act, wherein works contract shall be treated as supply of service. The Contract submitted before us is also for the same. The Payment terms and conditions are part and parcel of the contract. We find it neither tenable to colour a Service Contract as Goods supply contract nor rational to misrepresent a Service contract as Goods supply contract to hoodwink Section 13(2) CGST Act and defer payment of Tax.

Supplies in Territorial Waters

3.1

Supplies in territorial waters (Section 9 of the IGST Act, 2017): -

- (a) where the location of the supplier is in the territorial waters, the location of such supplier; or
- (b) where the place of supply is in the territorial waters, the place of supply,

shall, for the purposes of this Act, be deemed to be in the coastal State or Union territory where the nearest point of the appropriate baseline is located.

Example 1

Repair services are provided by M/s X Ltd., in Delhi on ship moved off the coast (i.e. an area of land that is next to the sea of Cochin for a shipping company from U.K., the place of supply of the repairs services will not be the waters but Cochin itself.

Example 2

Oil and Natural Gas Company has on offshore (seaward) on the field off coast (seaboard) of Mumbai. Supplies from such oil field would be deemed to be supplies from the State of Maharashtra.

Illustration 1

Sonu Traders, registered person in Maharashtra. In the month of September, it supplied taxable goods worth ₹50 lakh to Rose Oil Corporation Ltd. in the territorial waters. The said territorial waters are located at a distance of 8 nautical miles from the baseline of the State of Maharashtra and 9 nautical miles from the base line of the state of Gujarat. You are required to determine the amount of net CGST and SGST and / or IGST payable in the month of September. Applicable rate of CGST 9% and SGST 9% or IGST 18%.

Solution:

Place of Supply = Maharashtra (inter-State Supply).

CGST @9% is ₹4,50,000; and SGST @9% is ₹4,50,000.

Detailed Discussion on Place of Supply Provisions

3.2

While determining the levy of taxes based on Place of Supply, two things are considered namely:

1. **Location of Supplier:** It is the registered place of business of the supplier.
2. **Place of Supply:** It is the registered place of business of the recipient

Example 3

X Ltd. is a supplier of craft products, having the registered office in Chennai, Tamil Nadu. It supplies goods to schools in Madurai, Tamil Nadu. Since, the location of supplier as well as the place of supply is in the same State i.e. Tamil Nadu, it will be counted as 'Intra-State Supply of Goods' and hence SGST & CGST will be levied.

Illustration 2

X Ltd., located in Mumbai, Maharashtra receives order from M/s Y Ltd. located in Ahmadabad, Gujarat for supply of one machine.

Find the place of supply and applicable GST?

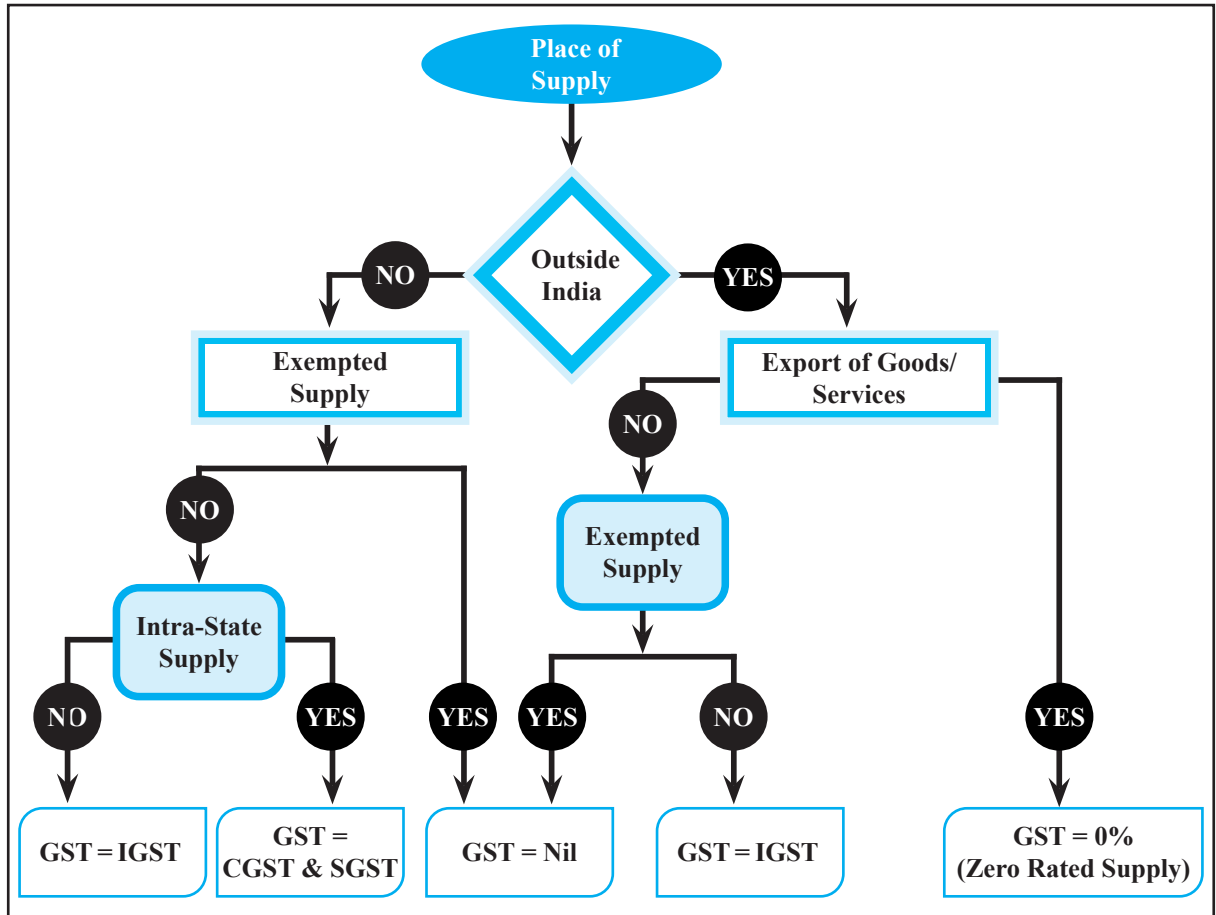

Solution:

1. **Location of Supplier:** Mumbai (Maharashtra).
2. **Place of Supply:** Ahmedabad (Gujarat)

Since the movement of goods terminate at Ahmedabad.

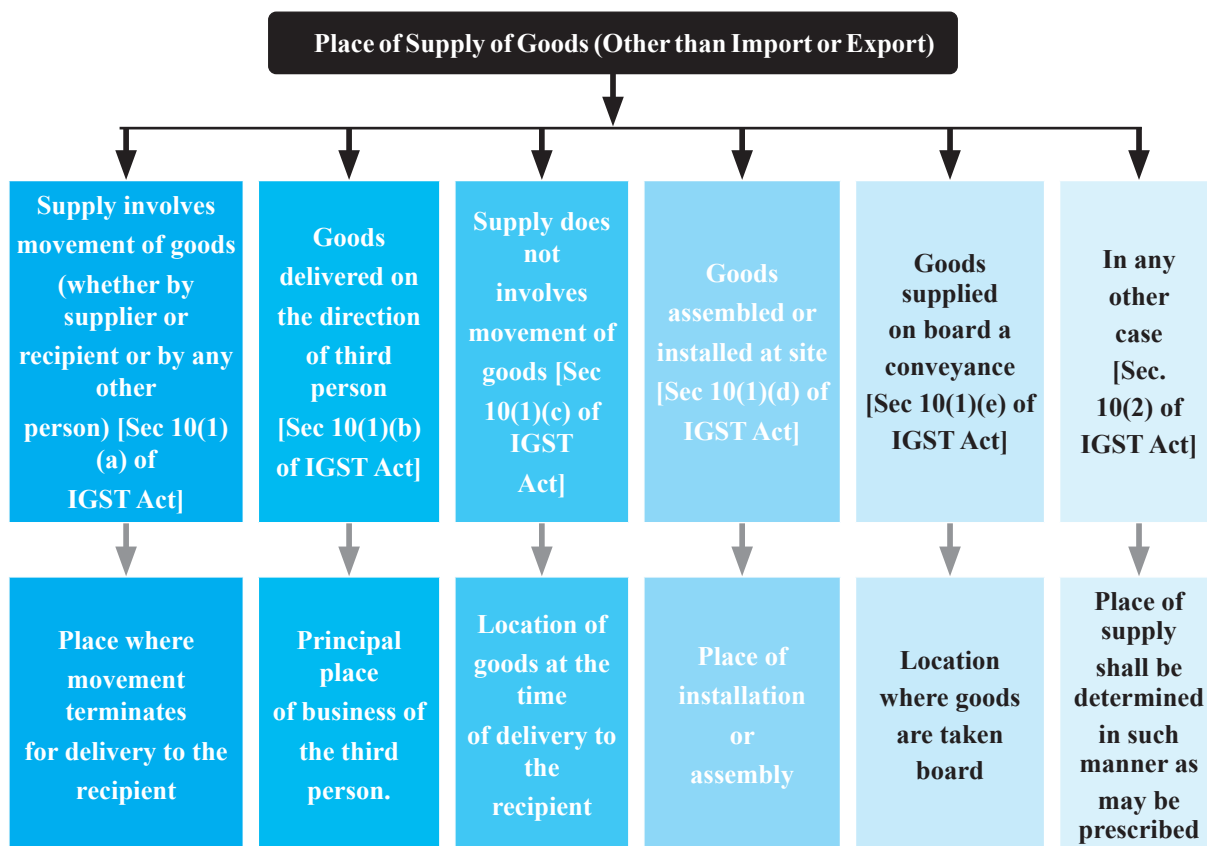

Applicable GST = IGST

Simplified approach:

Place of supply of Goods

As per section 10 of the IGST Act, 2017 Place of Supply of goods other than supply of goods imported into, or exported from India, shall be as follows:

Supply involves movement of goods [Section 10(1)(a) of the IGST Act, 2017]

| Nature of supply | Place of supply of goods |
|--|--|
| Supply involves movement of goods whether by supplier or recipient or by any other person: | Location of the goods at the time at which the movement of goods terminates for delivery to the recipient. |

Example 4

Mr. C of Chennai received purchase order from Mr. H of Hyderabad for want of commercial goods. Now supply involves movement of goods by supplier from Chennai to Hyderabad in a truck by road.

Place of supply of goods = Hyderabad.

IGST will be levied.

Declare outward supply of goods in **Table 5 of GSTR-1**, supplier should indicate place of supply where location of supplier and recipient are different.

Illustration 3

R Limited of Rajasthan sells 100 cell phones to Shah Traders in Tamil Nadu. R Limited delivers the product to Shah Traders in its warehouse in Chennai.

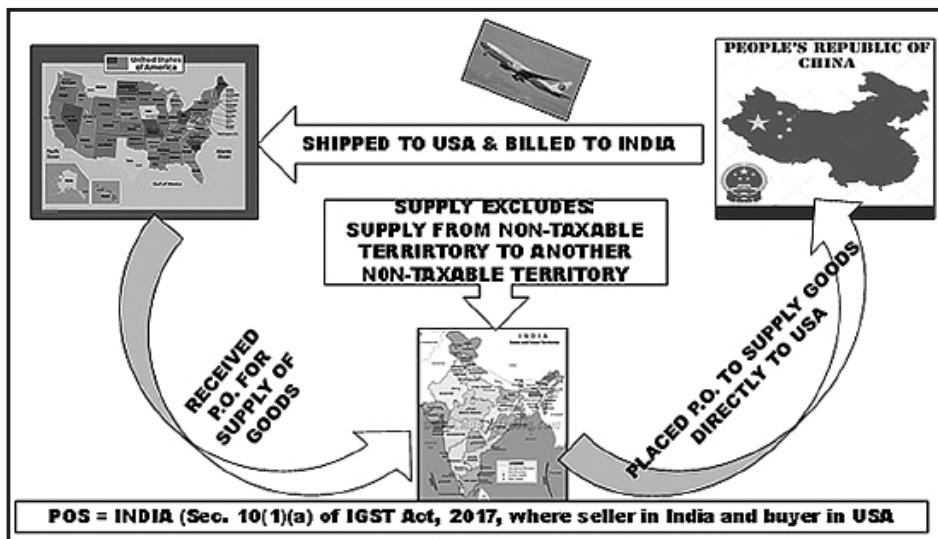

Find the place of supply and levy of GST?

Solution:

Place of supply = Chennai (i.e. Tamil Nadu)

IGST will be levied.

Supply of goods from non-taxable territory to another place in the non-taxable territory without such goods entering into India:

The supplier delivers goods to a recipient or any other person on the direction of a third person by way of transfer of documents of title to the goods or otherwise Section 10(1)(b) of the IGST Act, 2017:

| Nature of supply | Place of supply of goods |
|--|---|
| Goods are delivered by the supplier to a recipient or any other person on the direction of a third person, whether acting as an agent or otherwise, before or during movement of goods by way of transfer of documents of title to the goods or otherwise. | It shall be deemed that the said third person has received the goods and the Place of Supply of such goods shall be the principal place of business of such person. |

Example 5

Mr. C of Chennai received purchase order from Mr. H of Hyderabad for want of commercial goods. Now supply involves movement of goods by supplier from Chennai to Hyderabad by road in a truck.

Upon the direction of Mr. H of Hyderabad these goods are redirect to Branch office of Mr. H located in Vijayawada by way of transfer of documents of title to the goods (i.e. Lorry Receipt or LR copy).

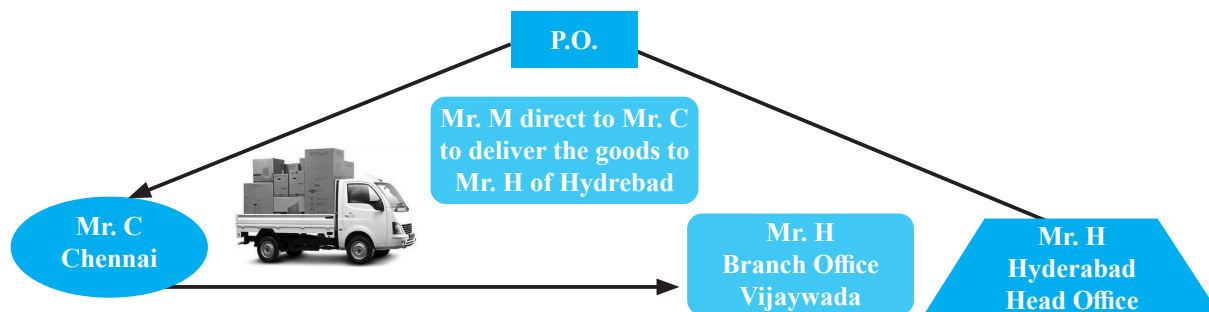

Place of supply of goods = Hyderabad. IGST will be levied

It shall be deemed that the said third person has received the goods and the Place of Supply of such goods shall be the principal place of business of such person.

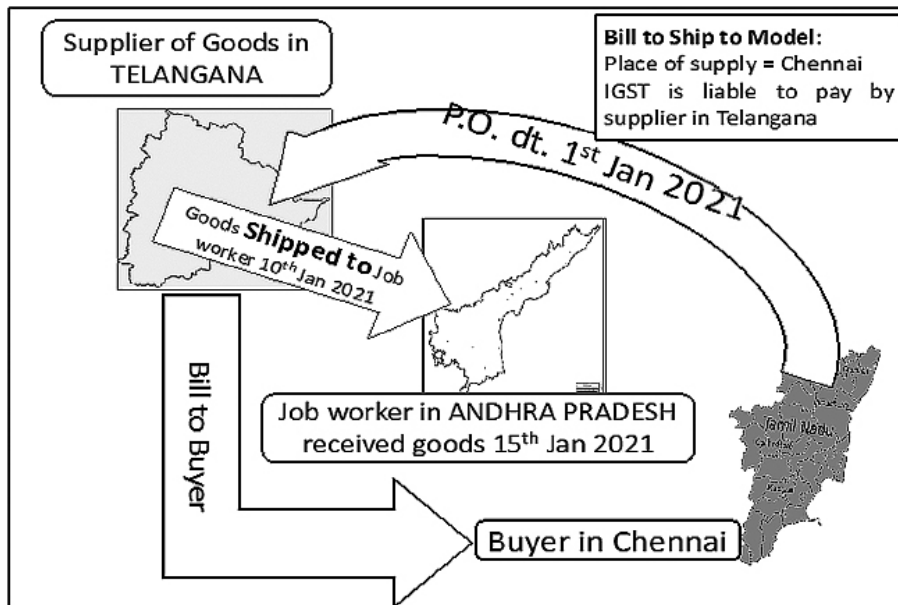

Example 6

Supplier delivers goods to a Principal on the direction of an Agent.

Place of supply of goods = Hyderabad. IGST will be levied

It shall be deemed that the said third person has received the goods and the Place of Supply of such goods shall be the principal place of business of such person as per Sec 10(1)(b) of IGST Act, 2017, even if Mr. M acts as agent of Mr. H (namely Principal).

Bill to Ship to Model:**Example 7****Illustration 4**

Maruti Traders, a dealer in furniture, located in Maharashtra, receives an order from Bhagavan Traders, also located in Maharashtra. The order is for the supply of 250 Tables, with an instruction to ship the Tables to Bhakta Hardware's, located in Tamil Nadu. Bhakta Hardware's is a customer of Bhagavan Traders.

Find the place of supply and levy of GST in the hands of Maruti Traders as well as Bhagavan Traders?

Solution:

There are two parts to this transaction:

- **First part of the transaction** – between Maruti Traders (Maharashtra) and Bhagavan Traders (Maharashtra): Maruti Traders is the supplier of Tables, and Bhagavan Traders is the buyer. Accordingly, Maruti Traders bills the transaction to Bhagavan Traders, and as per the instruction, ships the goods to Bhakta Hardware's in Tamil Nadu.
- **The second part of the transaction** – between Bhagavan Traders and Bhakta Hardware's; Bhagavan Traders is the supplier, and Bhakta Hardware's is the buyer. Bhagavan Traders bills the transaction to Bhakta Hardware's and endorses the lorry receipt (goods shipped in a lorry by Maruti Traders) in favour of Bhakta Hardware's. This lorry receipt (LR) will enable Bhakta Hardware's to take the delivery of the goods.

Over here, on the instruction from Bhagavan Traders, Maruti Traders ships the tables to Bhakta Hardware's located in Tamil Nadu.

Here, Bhagavan Traders is deemed as the third person. Therefore, the place of supply will be the principal place of business of the third person, i.e., Maharashtra. Accordingly, Maruti Traders charges CGST and SGST on billing to Bhagavan Traders. The second part of the transaction between Bhagavan Traders and Bhakta Hardware's will be interstate, and IGST will be charged.

Illustration 5

Whether E-commerce operator (ECO) like **FILPKART, AMAZON, SNAPDEAL** is to be considered as agent of the manufacture/trader & provisions of section 10(1)(b) of IGST Act, 2017 as applicable to Bill to – Ship to transactions shall apply?

Solution:

Sec. 2(45) of CGST Act, defines the term “electronic commerce operator” as any person who owns, operates or manages digital or electronic facility or platform for electronic commerce;

Sec. 2(44) of CGST Act, defines the term “Electronic commerce” as means the supply of goods or services or both, including digital products over digital or electronic network.

The ECO cannot be considered to acting as agent or otherwise as required by section 10(1)(b) of IGST Act, 2017.

ECO is an independent service provider and earning commission for the services rendered by it and its primary responsibility is collect TCS @ 1% under section 52(1) of CGST Act, 2017, on the net value of taxable supplies made through it by other suppliers where the consideration with respect to such supplies is to be collected by the operator.

From the above it is evident that the ECO is not working in the capacity of agent or otherwise. It is only providing the online marketplace services and earning subscription fees or commission on the sale value from the listed sellers.

So the provisions of section 10(1)(b) of IGST Act, i.e. bill to – ship to provisions are not applicable to ECO.

Illustration 6

Mr. Rafi of Chennai, Tamil Nadu orders a headphone from Amazon to be delivered to his father in Kanigiri (AP) as a gift. M/s C India Pvt. Ltd., (online seller registered in Hyderabad) processes the order and sends the headphone accordingly and Mr. R is billed by Amazon.

Find the place of supply and levy of GST. Who is liable to pay GST?

Solution:

Place of supply = Chennai (i.e. location of buyer) as per Section 10(1)(b) of the IGST Act, 2017.

IGST is liable to pay by M/s C India Pvt. Ltd. (Hyderabad).

Illustration 7

M/s H Ltd., holding company incorporated in Hyderabad, Telangana for facilitating the sale of finished product of another Company M/s S Ltd. subsidiary of H Ltd. M/s S Ltd incorporated in Chennai.

Sale Agreement provides that H Ltd. will be responsible for evacuation of 100% products and by-products of S Ltd., for a marketing commission @ 5% on net sales value. S Ltd., will pack the material in standard bags as per the industry norms and will also get the bags printed as “Marketed by H Ltd.” along with H Ltd logo & with other printing such as “Manufactured by S Ltd.” along with S Ltd., logo.

M/s S Ltd is directly supplying the goods to the ultimate customers who are located in the State of Tamil Nadu on behalf of M/s H Ltd.

Whether the aforesaid agreement will attract taxability & modality of invoicing will attract the scope of section 10(1)(b) of IGST Act, 2017 (i.e. bill to and ship model as goods are moving to customer as per directions for H Ltd.)?

Solution:

The provision under section 10(1)(b) of the IGST Act, 2017 has been made to avoid two times movement of goods, first from S Ltd., to H Ltd., and then second time from H Ltd., to the ultimate customer.

The given scenario is covered under bill to ship model.

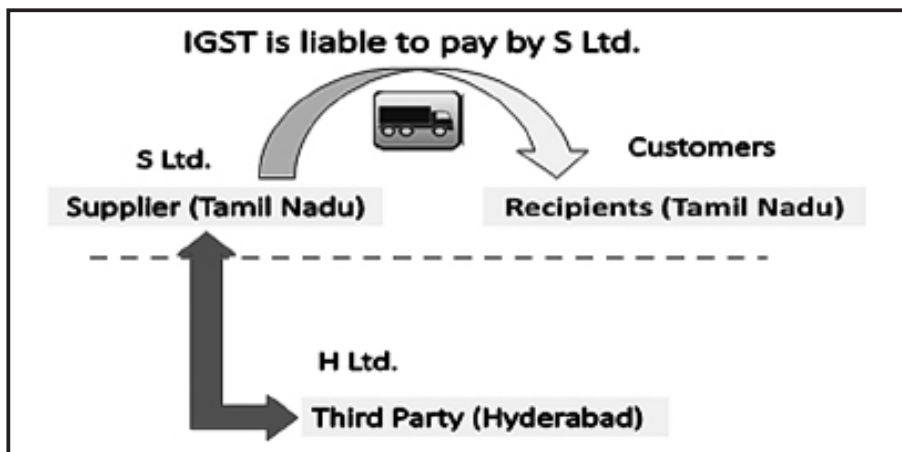

M/s S Ltd., and M/s H Ltd., are registered in different States, then IGST will be payable by M/s S Ltd., while directly supplying the goods to ultimate customer who may be located within the same State as that of M/s S Ltd.

M/s S Ltd. will issue bill in the name of M/s H Ltd., and goods ship to customers.

M/s H Ltd., will issue bill in the name of individual customers, then IGST will be payable by M/s H Ltd.

Summary:

Place of Supply of 'Goods' for S Ltd. Sec. 10(1)(b) = Hyderabad

Place of Supply of 'Goods' for H Ltd. Sec. 10(1)(a) = Tamil Nadu

Illustration 8

Chandana Traders in Karnataka receives an order from M/s A Inc. in USA to deliver 100 cell phones at Odier

Dealers in Karnataka. On application of section 10(1)(b) place of supply will be USA. The question arises will this transaction be taxed even if the place of supply is USA?

Solution:

There will be two parts to this transaction as well:

- (a) Between Chandana Traders of Karnataka and M/s A Inc. of USA.
- (b) Between M/s A Inc. of USA and Odiar Dealers in Karnataka.

(a) Between Chandana Traders of Karnataka and M/s A Inc. of USA:

Transaction between Chandana Traders of Karnataka and M/s A Inc. of USA will be considered as Export? As per section 16 of the IGST Act, 2017, export of goods is a “Zero Rated Supply” and tax need not be levied on the same.

As per section 2(5) of the IGST Act, 2017, “export of goods” means taking goods out of India to a place outside India. In our case, as goods are not moving out of India hence it cannot be termed as exports.

Section 7(5)(a) of the IGST Act, 2017 states that supply of goods or services or both when the supplier is located in India and the place of supply is outside India shall be treated to be a supply of goods or services or both in the course of inter-state trade or commerce.

Above section applies to the present case, supplier (Chandana Traders) is located in India and place of supply (USA) is outside India as per Sec. 10(1)(b) of the IGST Act, 2017. Hence, the transaction between Chandana Traders of Karnataka and M/s A Inc. of USA will be considered as an inter-state supply, and IGST shall be levied on it.

(b) Between M/s A Inc. of USA and Odiar Dealers in Karnataka:

According to Section 2(10) of the IGST Act, 2017 “import of goods” means bringing goods into India from a place outside India. The transaction between M/s A Inc. of USA and Odiar Dealers in Karnataka cannot be considered as the import of goods.

This transaction will be covered under section 7(5)(c) which states that supply of goods or services or both in the taxable territory, not being an intra-state supply and not covered elsewhere in section 7 shall be treated to be a supply of goods or services or both in the course of inter-state trade or commerce.

In the present case, the supply of goods is in the taxable territory (Karnataka), it is not an intra-state supply as a supplier (M/s A Inc. of USA) is located outside the taxable territory and such a situation is not covered elsewhere in section 7. Hence, transaction between M/s A Inc. of USA and Odiar Dealers in Karnataka is also an Inter-state transaction and IGST will have to be paid by Odiar Dealers under reverse charge mechanism (Section 5(4) of the IGST Act, 2017). However, section 5(4) of IGST is not applicable except in case of construction service.

Supply does not involve movement of goods [Section 10(1)(c) of the IGST Act, 2017]

| Nature of supply | Place of supply of goods |
|--|---|
| Where the supply does not involve movement of goods, whether by the supplier or the recipient. | Location of such goods at the time of the delivery to the recipient (This place of supply is irrespective of the location of the buyer and seller) |

Illustration 9

Find the place of supply of goods and levy of tax?

Solution:

Location of such goods at the time of the delivery to the recipient where **Supply does not involve movement of goods.**

This place of supply is irrespective of the location of the buyer and seller.

Find the place of supply of goods and levy of GST.

Solution:

Place of supply of goods = Hyderabad.

IGST will be levied.

Since, there is no movement of goods from one place to another, provisions of section 10(1)(c) of IGST applicable.

Example 8

W.e.f. 1st October 2023, Insertion of new clause (ca) to Section 10(1) of the IGST Act, 2017 [Place of supply of goods made to a person other than a registered person]:

The place of supply of goods made to an unregistered person, [notwithstanding anything contrary contained in the provisions of clause (a) and (c) of section 10(1)] shall be,-

- ✓ the location as per the address of the said person recorded in the invoice issued in respect of the said supply and,
- ✓ the location of the supplier where the address of the said person is not recorded in the invoice.

[Explanation:—For the purposes of this clause, recording of the name of the State of the said person in the invoice shall be deemed to be the recording of the address of the said person.]

CBIC Circular No.209/3/2024-GST dated 26th June 2024 [sec 10(1)(ca)]:

Vide this Circular, clarification has been issued to address and resolve the ambiguity regarding the place of supply in cases where the billing and delivery addresses of goods supplied to unregistered persons differ, particularly in e-commerce transactions.

Clarification:- When goods are supplied to an unregistered person and the billing address differs from the delivery address, the place of supply is the location as per the delivery address recorded in the invoice. Also, Suppliers should record the delivery address as the recipient's address on the invoice when the billing and delivery addresses differ.

Example 1: This implies that when an unregistered person from State 'X' places an order for supply of goods and directs delivery to a different address in State 'Y', the place of supply will be State 'Y', i.e. the place of delivery.

Example 2: Place of Supply for Goods Delivered to an Unregistered Person

Scenario

1. Buyer (Unregistered Person): Ms. Priya from Mumbai, Maharashtra (Billing Address).
2. Delivery Address: Her friend's address in Bengaluru, Karnataka (Delivery Address).
3. Seller: XYZ E-commerce Pvt. Ltd., registered in Chennai, Tamil Nadu.
4. Transaction:
 - Ms. Priya places an online order for a smartphone with XYZ E-commerce Pvt. Ltd.
 - She requests delivery to her friend's address in Bengaluru, Karnataka.

Clarification on Place of Supply

1. Place of Supply:
 - The billing address is in Maharashtra, but the delivery address is in Karnataka.
 - As per the GST law, when the billing and delivery addresses differ, the place of supply is determined by the delivery address.
 - Place of Supply = Karnataka (Delivery Address).
2. GST Implications:
 - The supplier (XYZ E-commerce) is registered in Tamil Nadu.
 - Since the supplier's location (Tamil Nadu) and the place of supply (Karnataka) are in different states, the supply is treated as an inter-state supply.
 - XYZ E-commerce must charge Integrated GST (IGST) on this transaction.
3. Invoice Details:
 - Billing Address: Mumbai, Maharashtra (Ms. Priya).
 - Delivery Address: Bengaluru, Karnataka (Ms. Priya's friend's address).

where the billing address and delivery address are different, the supplier may record the delivery address as the address of the recipient on the invoice for the purpose of determination of place of supply of the said supply of goods.

w.e.f. 1st January 2019, Integrated Goods and Services Tax (Amendment) Rules, 2018

Central Government vide N. No. **04/2018-Integrated Tax, dated 31st December, 2018** notified the following rules as Integrated Goods and Services Tax (Amendment) Rules, 2018:—

As per CBIC Circular No. 203/15/2023-GST dt. 27th October 2023: Place of supply in case of supply of services in respect of advertising sector clarification is as follows:

| Sl. No. | Issue | Clarification |
|---------|---|---|
| 1 | <p>Advertising companies are often involved in procuring space on hoardings/ bill boards erected and mounted on buildings/ land, in different States, from various suppliers (“vendors”) for providing advertisement services to its corporate clients. There may be variety of arrangements between the advertising company and its vendors as below:</p> <p>(i) There may be a case wherein there is supply (sale) of space or supply (sale) of rights to use the space on the hoarding/ structure (immovable property) belonging to vendor to the client/advertising company for display of their advertisement on the said hoarding/ structure. What will be the place of supply of services provided by the vendor to the advertising company in such case?</p> <p>(ii) There may be another case where the advertising company wants to display its advertisement on hoardings/bill boards at a specific location availing the services of a vendor. The responsibility of arranging the hoardings/ bill boards lies with the vendor who may himself own such structure or may be taking it on rent or rights to use basis from another person. The vendor is responsible for display of the advertisement of the advertisement company at the said location. During this entire time of display of the advertisement, the vendor is in possession of the hoarding/structure at the said location on which advertisement is displayed and the advertising company is not occupying the space or the structure. In this case, what will be the place of supply of such services provided by the vendor to the advertising company?</p> | <p>1.1 It is clarified that the place of supply in the case supply of services in respect of advertising sector, in the cases referred in (i) and (ii), shall be determined as below:</p> <p>1.2 Place of supply in Case (i):</p> <p>The hoarding/structure erected on the land should be considered as immovable structure or fixture as it has been embedded in earth. Further, place of supply of any service provided by way of supply (sale) of space on an immovable property or grant of rights to use an immovable property shall be governed by the provisions of section 12(3)(a) of IGST Act. As per section 12(3)(a) of IGST Act, the place of supply of services directly in relation to an immovable property, including services provided by architects, interior decorators, surveyors, engineers and other related experts or estate agents, any service provided by way of grant of rights to use immovable property or for carrying out or co-ordination of construction work shall be the location at which the immovable property is located. Therefore, the place of supply of service provided by way of supply of sale of space on hoarding/ structure for advertising or for grant of rights to use the hoarding/ structure for advertising in this case would be the location where such hoarding/ structure is located.</p> <p>1.3 Place of supply in Case (ii):</p> <p>In this case, as the service is being provided by the vendor to the advertising company and there is no supply (sale) of space/supply (sale) of rights to use the space on hoarding/structure (immovable property) by the vendor to the advertising company for display of their advertisement on the said display board/structure, the said service does not amount to sale of advertising space or supply by way of grant of rights to use immovable property.</p> |

| Sl. No. | Issue | Clarification |
|---------|-------|--|
| | | Accordingly, the place of supply of the same shall not be covered under section 12(3)(a) of IGST Act. Vendor is in fact providing advertisement services by providing visibility to an advertising company's advertisement for a specific period of time on his structure possessed/taken on rent by him at the specified location. Therefore, such services provided by the Vendor to advertising company are purely in the nature of advertisement services in respect of which Place of Supply shall be determined in terms of Section 12(2) of IGST Act. |

Place of supply in case of supply of the “co-location services” clarification as per CBIC Circular No. 203/15/2023-GST dt. 27th October 2023 is as follows:

Issue: Co-location is a data center facility in which a business/company can rent space for its own servers and other computing hardware along with various other bundled services related to Hosting and information technology (IT) infrastructure. A business/company who avails the co-location services primarily seek security and upkeep of its server/s, storage and network hardware; operating systems, system software and may require to interact with the system through a web-based interface for the hosting of its websites or other applications and operation of the servers. In this respect, various doubts have been raised as to

i. whether supply of co-location services are renting of immovable property service (as it involves renting of space for keeping/storing company's hardware/servers) and hence the place of supply of such services is to be determined in terms of provision of clause (a) of sub-section (3) of Section 12 of the IGST Act which is the location where the immovable property is located; or

ii. whether the place of supply of such services is to be determined by the default place of supply provision under sub-section (2) of section 12 of the IGST Act as the supply of service is Hosting and Information Technology (IT) Infrastructure Provisioning services involving providing services of hosting the servers and related hardware, security of the said hardware, air conditioning, uninterrupted power supply, fire protection system, network connectivity, backup facility, firewall services, 24 hrs. monitoring and surveillance service for ensuring continuous operations of the servers and related hardware, etc.

Clarifications of the CBIC:

It is clarified that the Co-location services are in the nature of “Hosting and information technology (IT) infrastructure provisioning services”. Such services do not appear to be limited to the passive activity of making immovable property available to a customer as the arrangement of the supply of colocation services not only involves providing of a physical space for server/network hardware along with air conditioning, security service, fire protection system and power supply but it also involves the supply of various services by the supplier related to hosting and information technology infrastructure services like network connectivity, backup facility, firewall services, and monitoring and surveillance service for ensuring continuous operations of the servers and related hardware, etc. which are essential for the recipient business/company to interact with the system through a web based interface relating to the hosting and operation of the servers.

In such cases, supply of colocation services cannot be considered as the services of supply of renting of immovable property. Therefore, the place of supply of the colocation services shall not be determined by the provisions of clause (a) of sub-section (3) of Section 12 of the IGST Act but the same shall be determined by the default place of supply provision under sub-section (2) of Section 12 of the IGST Act i.e. location of

recipient of co-location service.

However, in cases where the agreement between the supplier and the recipient is restricted to providing physical space on rent along with basic infrastructure, without components of Hosting and Information Technology (IT) Infrastructure Provisioning services and the further responsibility of upkeep, running, monitoring and surveillance, etc. of the servers and related hardware is of recipient of services only, then the said supply of services shall be considered as the supply of the service of renting of immovable property. Accordingly, the place of supply of these services shall be determined by the provisions of clause (a) of sub-section (3) of Section 12 of the IGST Act which is the location where the immovable property is located.

IGST Rules, 2017:

A new **rule 3** has been inserted in IGST Rules to provide a mechanism to compute the proportionate value of advertisement services attributable to different States or Union territories **in the absence of any contract** between the supplier of service and recipient of services.

Example 18

A company T installs a leased circuit between the Chennai, Bengaluru and Mysuru offices of a company C. The starting point of this circuit is in Chennai and the end point of the circuit is in Mysuru. The circuit also connects Bengaluru. Hence one point of this circuit is in Tamil Nadu and two points in Karnataka. The place of supply of this service is in the States of Tamil Nadu and Karnataka. The service shall be deemed to have been provided in the ratio of 1:2 in the States of Tamil Nadu and Karnataka, respectively.

Example 19

1. in the case of services supplied on the same goods, by equally dividing the value of the service in each of the States and Union territories where the service is performed;
2. in the case of services supplied on different goods, by taking the ratio of the invoice value of goods in each of the States and Union territories, on which service is performed, as the ratio of the value of the service performed in each State or Union territory;
3. in the case of services supplied to individuals, by applying the generally accepted accounting principles.

Clarification regarding determination of place of supply in case of software/design services related to Electronics Semi-conductor and Design Manufacturing (ESDM) industry (CBIC Circular No. 118/37/2019-GST, dated 11th October, 2019.)

In contracts where service provider is involved in a composite supply of software development and design for integrated circuits electronically, testing of software on sample prototype hardware is often an ancillary supply, whereas, chip design/software development is the principal supply of the service provider. The service provider is not involved in software testing alone as a separate service. The testing of software/design is aimed at improving the quality of software/design and is an ancillary activity. The entire activity needs to be viewed as one supply and accordingly treated for the purposes of taxation. Artificial vivisection of the contract of a composite supply is not provided in law. These cases are fact based and each case should be examined for the nature of supply contracted.

Therefore, it is clarified that the place of supply of software/design by supplier located in taxable territory to service recipient located in non-taxable territory by using sample prototype hardware/test kits in a composite supply, where such testing is an ancillary supply, is the location of the service recipient as per Section 13(2) of the IGST Act. Provisions of Section 13(3)(a) of IGST Act do not apply separately for determining the place of supply for ancillary supply in such cases.

Section 13(3)(a) of IGST Act, 2017 is not applicable:

If the following two conditions are satisfied then section 13(2) of IGST Act, 2017 is applicable:

- If goods are to be temporarily imported into India for repairs or for any other treatment or process and are exported after such repairs or treatment or process
- without being put to any other use in India, than that which is required for such repairs or treatment or process.

Illustration 48

ABC Fabricators has its factory located in Gujarat. It has temporarily imported certain goods from its customer located in China and re-exported them to China after carrying out the necessary repairs without putting them to any use in Gujarat.

Examine what would be the place of provision of service in the given case with reference to the Place of Supply of Services.

Will your answer be different if the repaired goods are re-exported after being put to use in Gujarat for some time?

Solution:

In the given case, since goods have been temporarily imported by ABC Fabricators and have been re-exported after the repairs without being put to any use in Gujarat (taxable territory), place of provision of repair services carried out by ABC Fabricators will be determined by section 13(2) of IGST Act, 2017. Consequently, the place of supply of service will be the location of service receiver, viz. China (non-taxable territory).

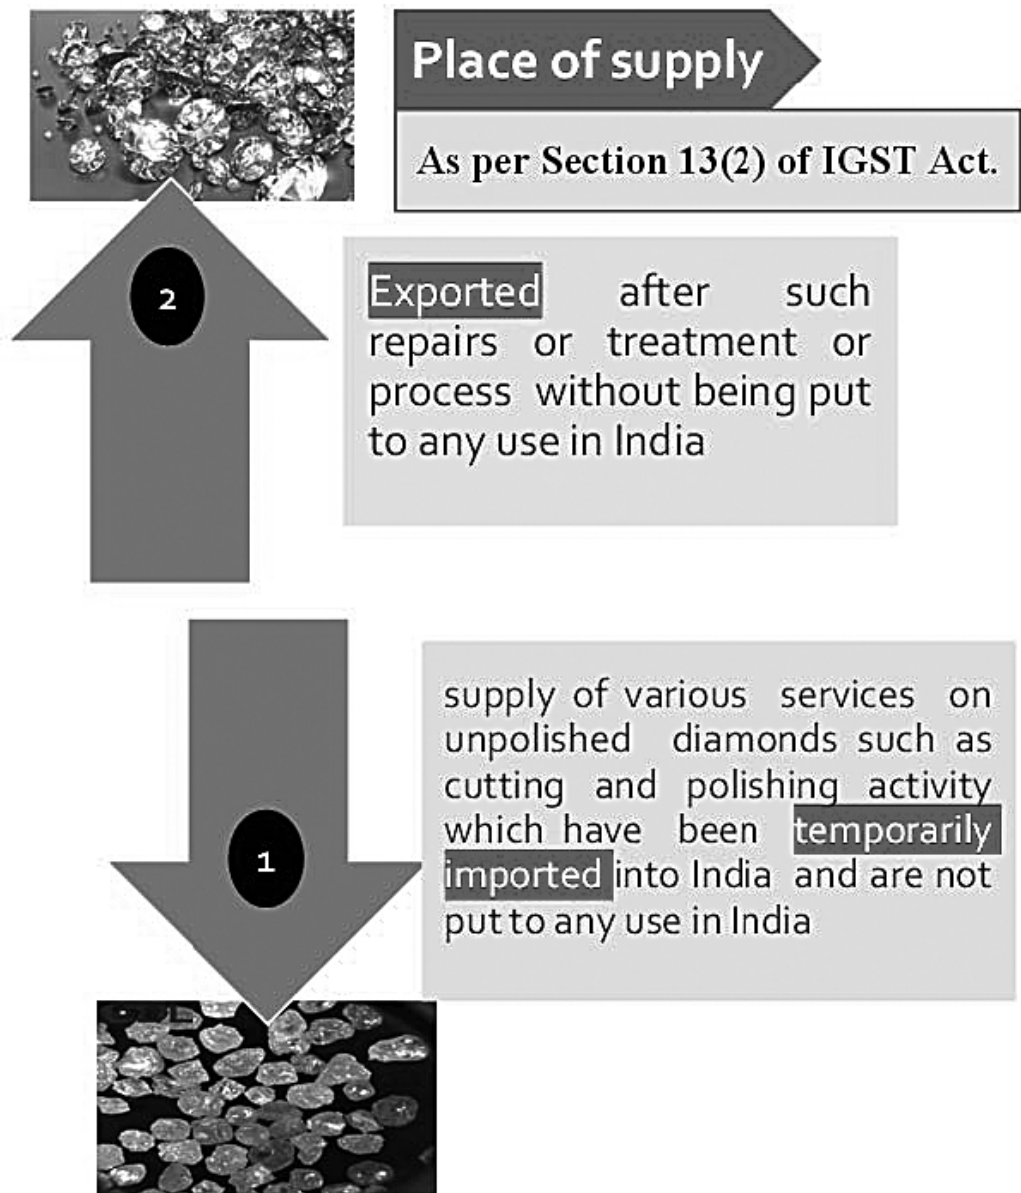

However, if repaired goods are re-exported after being put to use, the place of provision of service will be determined according to section 13(3)(a) of IGST Act, 2017, if the use to which such goods are put to is not required for such repair.

Therefore, in such a case, the place of supply of service will be the location where the service is actually performed, which in the given case is Gujarat.

However, if the use is of such nature, which is necessary for carrying out the repairs, the place of supply of service will again be determined as per section 13(2) of IGST Act, 2017.

CBIC Circular No. 230/24/2024-GST dt. 10th September, 2024 - Clarification in respect of advertising services provided to foreign clients.

This clarification from the Board addresses concerns raised by Indian advertising companies regarding the classification of services provided to foreign clients. Field formations have been treating these services as supplied within India, thereby denying export benefits. The Board, invoking Section 168(1) of the Central Goods and Services Tax (CGST) Act, provides clarity on this matter to ensure consistent application across field formations.

In this circular – following issues has addressed.

Here's a structured and summarized explanation of the issues, clarifications, and examples based on the scenarios mentioned:

Case 1: Comprehensive Advertising Agreement

Scenario:

A foreign client hires an Indian advertising company for a comprehensive advertising agreement. The advertising company provides end-to-end services, including media planning, content creation, media space procurement, and campaign monitoring. The foreign client pays the advertising company in foreign exchange.

Issues and Clarifications:

1. Is the advertising company an intermediary?
 - Clarification: The advertising company is not an intermediary because:
 - It provides the entire scope of services on its own account.
 - Agreements are executed on a principal-to-principal basis.
 - The media owners do not have a direct agreement with the foreign client.
 - Place of Supply: Determined under Section 13(2) of the IGST Act as the location of the recipient, which is outside India. Therefore, the service qualifies as an export of service if conditions under Section 2(6) of the IGST Act are met.
2. Who is the recipient of services?
 - Clarification: The foreign client is the recipient because:
 - The foreign client is liable to pay for the services.
 - Representatives in India or the target audience cannot be considered recipients under Section 2(93) of the CGST Act.
3. Can these services be considered performance-based under Section 13(3)?
 - Clarification: The services are not performance-based because:
 - There is no physical presence of goods or individuals required.
 - The services involve coordination and planning, which do not fall under the purview of Section 13(3).
 - Place of Supply: Determined under Section 13(2) as the location of the recipient (foreign client), i.e., outside India.

Case 2: Facilitation Services (Acting as an Agent)

Scenario:

An Indian advertising company acts as an agent for the foreign client, arranging media space directly with the media owner. The media owner invoices the foreign client, and the client pays the media owner directly. The advertising company charges the foreign client only for its facilitation services.

Issues and Clarifications:

1. Is the advertising company an intermediary?
 - Clarification: The advertising company is an intermediary because:
 - It facilitates the service of procuring media space and broadcasting advertisements.
 - It does not supply the media services on its own account.
 - Place of Supply: Determined under Section 13(8)(b) of the IGST Act as the location of the supplier, i.e., India. Consequently, these services do not qualify as exports.
2. Who is the recipient of services?
 - Clarification: The foreign client remains the recipient, as they pay for the facilitation services.

3. Can these services be considered performance-based?

- **Clarification:** No, these services involve facilitation and coordination rather than physical performance or presence.
- Place of Supply: Determined under Section 13(8)(b) as the location of the supplier, i.e., India.

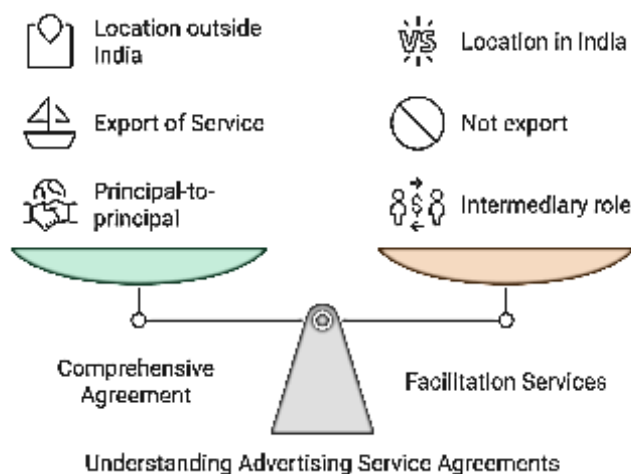

Examples to Illustrate the Clarifications:

Example 1: Comprehensive Agreement (Not an Intermediary)

- **Facts:** ABC Ltd. (India) enters into a comprehensive agreement with XYZ Inc. (USA) for planning, creating, and displaying advertisements. ABC Ltd. procures media space and pays media owners on its own account. ABC Ltd. invoices XYZ Inc. for the entire service and receives payment in foreign exchange.
- **Outcome:**
 - ABC Ltd. is not an intermediary.
 - Place of Supply: Outside India (location of XYZ Inc.).
 - The service qualifies as an export of service under Section 2(6) of the IGST Act.

Example 2: Facilitation Services (Acting as an Intermediary)

- **Facts:** ABC Ltd. (India) facilitates the procurement of media space for XYZ Inc. (USA). The media owner directly invoices XYZ Inc., and payment is made by XYZ Inc. to the media owner. ABC Ltd. charges XYZ Inc. only for facilitation.
- **Outcome:**
 - ABC Ltd. is an intermediary.
 - Place of Supply: India (location of ABC Ltd.).
 - The service does not qualify as an export.

Circular No. 220/1/2024-GST dated 26 June 2024

Clarification on the place of supply applicable for custodial services provided by banks to Foreign Portfolio Investors (FPI):

The circular clarifies the place of supply for custodial services provided by banks to FPIs. It states that these services should not be considered as services provided to ‘account holders’ under section 13(8)(a) of the IGST Act. The place of supply for such services should be determined under the default provision, which is sub-section (2) of section 13 of the IGST Act. The circular provides details on the definition of custodial services, the types of securities FPIs can invest in, and the main activity of banks in providing custodial services. The circular also specifies that similar provisions were there under the service tax regime.

Custodial Services Definition and Scope: Include safekeeping of securities of clients and incidental services.

Account Holder Clarification: “Account” has been defined in the rules to mean an account which bears an interest to the depositor. Custodial services are not considered services provided to account holders as per Section 13(8)(a) of the IGST Act.

The place of supply for services supplied by a banking company or financial institution to account holders is the location of the supplier.

Place of Supply Determination: Custodial services are not covered under Section 13(8)(a) of the IGST Act as they do not qualify as services provided to ‘account holders’.

Place of supply for custodial services is determined under the default provision, Section 13(2), implying the location of the recipient of services.

Here’s an example illustrating the application of Circular No. 220/1/2024-GST dated 26 June 2024 regarding custodial services provided by banks to Foreign Portfolio Investors (FPIs):

Scenario:

ABC Bank Ltd., located in Mumbai, India, provides custodial services to XYZ Capital, an FPI based in Singapore.

Details of Services Provided by ABC Bank:

1. **Custodial Services:** Safekeeping of XYZ Capital’s securities in India (e.g., shares, debentures, and government bonds).
2. **Incidental Services:** Record-keeping, settlement of securities transactions, collection of dividends/interest, and reporting of holdings.
3. **Fee Structure:** ABC Bank charges a custodial fee based on the volume of securities under management.

Step-by-Step Analysis of the Place of Supply:

1. Understanding Section 13(8)(a) of the IGST Act:

Section 13(8)(a) states that for services provided by a banking company, financial institution, or NBFC to an “account holder,” the place of supply is the location of the supplier of services (in this case, India).

- **Key Point of the Circular:** Custodial services are not considered services provided to an “account holder.”
- **Reason:** An “account” under this section is defined as an account bearing interest, such as a savings or fixed deposit account. Custodial accounts do not bear interest.

2. Applicability of Section 13(2) – Default Rule:

Since custodial services do not qualify under Section 13(8)(a), the place of supply is determined under Section 13(2), which specifies:

- **Place of supply =** Location of the recipient of services, if the recipient’s location is available.

In this case:

- The location of the recipient, XYZ Capital, is Singapore.

3. Tax Implications:

- The place of supply for custodial services is outside India (Singapore).
- As the place of supply is outside India and the supplier is in India, this transaction qualifies as an export of services under GST.
- Therefore, ABC Bank can provide these services under a zero-rated supply and may claim refunds for input tax credits, if any.

Numerical Illustration:

- Custodial Fee Charged by ABC Bank: ₹10,00,000
- GST Implication:
- Since this is an export of services, no GST is charged to XYZ Capital.
- ABC Bank must comply with the export documentation requirements to treat this as zero-rated.

Key Takeaways from Circular:

1. Custodial services are excluded from the ambit of Section 13(8)(a).
2. The place of supply is determined as per Section 13(2) and is based on the recipient's location.
3. Similar treatment was provided under the service tax regime for custodial services to foreign clients.

Clarification on place of supply of data hosting services provided by service providers located in India to cloud computing service providers located outside India (vide CBIC Circular No. 232/26/2024-GST Dt. 10th September 2024):

Here's a practical example illustrating the clarified position regarding data hosting services:

Issue 1: Data Hosting Service Provider and Cloud Computing Service Provider

1. Parties Involved:
 - Data Hosting Service Provider (Provider): Located in India, operating a data center.
 - Cloud Computing Service Provider (Recipient): Located in the USA, offering cloud-based services to its global customers.
 - End Users (Consumers): Located in various countries, accessing cloud computing services from the Recipient.
2. Nature of Contract:
 - The Recipient contracts with the Provider to host their data on the Provider's servers.
 - The Provider operates data centers equipped with computing and networking infrastructure to manage data storage, processing, and distribution.
 - The Provider does not interact with or have any knowledge about the End Users.

3. Billing and Payments:

- The Provider charges the Recipient for data hosting services based on the usage of infrastructure (e.g., server space, processing power).
- Payment is made by the Recipient (located outside India) in foreign exchange.

4. Service Flow:

- The Provider provides services like server hosting, IT management, monitoring, and data security directly to the Recipient.
- The Recipient uses these services to deliver cloud computing solutions (e.g., software, storage, analytics) to its End Users.

Practical Example Analysis

1. Whether the Data Hosting Provider is an “Intermediary”?

- The Provider supplies hosting services directly to the Recipient on a principal-to-principal basis.
- The Provider is not facilitating the supply of cloud computing services between the Recipient and the End Users.
- Conclusion: The Provider is not an intermediary under Section 2(13) of the IGST Act.

2. Place of Supply:

- Since the Provider is not an intermediary, the place of supply cannot be determined under Section 13(8)(b) (location of the supplier).
- Instead:
 - No goods are “made available” by the Recipient to the Provider; hence, Section 13(3)(a) does not apply.
 - The services are not directly related to immovable property, so Section 13(4) does not apply.
 - The place of supply defaults to Section 13(2), which specifies the location of the recipient as the place of supply.
 - Conclusion: The place of supply is the location of the Recipient (USA).

3. Export of Services:

To qualify as an export of services under Section 2(6) of the IGST Act:

1. The Supplier of service is located in India.
2. The Recipient of service is located outside India.
3. The place of supply is outside India.
4. Payment is received in convertible foreign exchange.
5. The supplier and recipient are not merely establishments of the same entity.

Outcome:

All conditions are satisfied, and the services qualify as export of services. The Provider is eligible for GST benefits, such as:

- Zero-rated supply under Section 16 of the IGST Act.
- Refund of input tax credit, if any, on inputs/services used for providing the exported services.

Numerical Illustration

1. Contract Value:

- The Provider charges \$50,000 (approximately ₹40,00,000) per month for hosting services.
- Payment is received in USD.

2. GST Implications:

- The service qualifies as an export of service and is zero-rated under GST.
- The Provider does not charge GST on the invoice raised to the Recipient.

3. Input Tax Credit Refund:

- The Provider incurs GST on purchases such as servers, electricity, and IT equipment.
- Total Input GST for the month: ₹2,00,000.
- Since the service is zero-rated, the Provider can claim a refund of the ₹2,00,000 input GST.

Key Takeaways

1. Place of Supply: The location of the cloud computing service provider (USA).
2. Export of Service: Hosting services qualify as export and are zero-rated.
3. Input Tax Credit: The Provider can claim a refund for input taxes incurred in providing the exported service.

Issue 2: Whether data hosting services are provided in relation to goods “made available” by the recipient (cloud computing provider) and whether the place of supply can be determined under Section 13(3)(a) of the IGST Act.

Key Points:

1. Section 13(3)(a):

- Applies when goods are physically made available by the recipient to the provider, and the place of supply is the location of the service provider.

2. Scenario:

- Data hosting providers operate independently, using their own premises, infrastructure (hardware, cooling, power, software, etc.), and personnel.
- Cloud computing providers (recipients) do not own or “make available” the infrastructure used by the data hosting provider.

3. Clarification:

- Data hosting services are not related to goods “made available” by the cloud computing providers.
- Even if some hardware is provided by the recipient, the hosting provider manages all aspects of the service independently.
- Therefore, Section 13(3)(a) does not apply, and the place of supply cannot be determined based on this section.

4. Outcome:

- Place of supply is determined under Section 13(2) (default rule), which is the location of the recipient (overseas cloud computing provider).

Issue 3: Are data hosting services directly related to immovable property, and is the place of supply determined under Section 13(4) of the IGST Act?

Key Points:

1. Section 13(4):

- Applies when services are directly related to immovable property, and the place of supply is the location of the property.

2. Scenario:

- Data hosting providers use premises, IT infrastructure, and additional resources to deliver hosting services.
- The services involve operating data centers, managing power supplies, ensuring network connectivity, and maintaining servers, not just managing or maintaining immovable property.

3. Clarification:

- Data hosting services are not directly related to immovable property but are comprehensive IT services.
- Section 13(4) does not apply.

4. Place of Supply:

- Determined under Section 13(2) (default rule), which is the location of the recipient.
- If the recipient (cloud computing provider) is outside India, the place of supply is outside India, and the service qualifies as export of services, subject to conditions in Section 2(6).

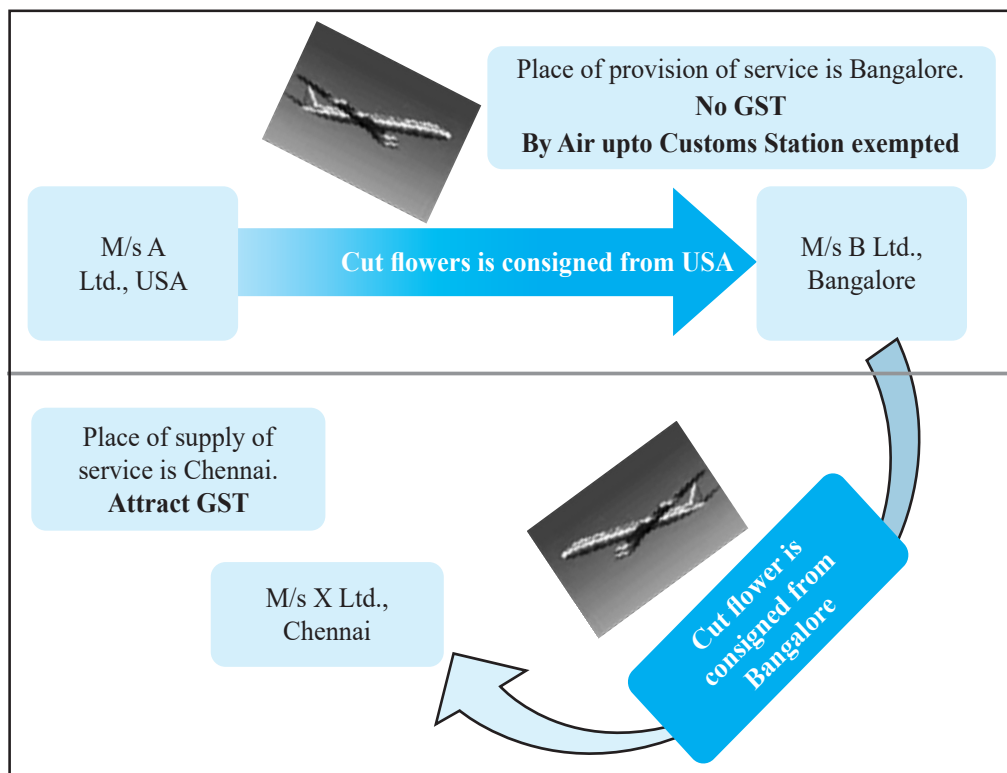

Place of provision of a service of transportation of goods other than by way of mail or courier [Section 13(9) of IGST]

Place of supply of Service = Destination of such Goods

Section 13(9) of IGST Act, 2017 omitted vide Finance Act, 2023, w.e.f. 1st October 2023. W.e.f. 1-10-2023 place of supply will be under section 13(2) of IGST Act.

As per CBIC Circular No. 203/15/2023 dt 27-10-2023, It is clarified that after the said amendment comes into effect, the place of supply of services of transportation of goods, other than through mail and courier, in cases where location of supplier of services or location of recipient of services is outside India, will be determined by the default rule under section 13(2) of the IGST Act and not as performance based services u/s 13(3) of the IGST Act.

Place of supply in case of service of transportation of goods by mail or courier will continue to be determined by the default rule under section 13(2) of the IGST Act, 2017.

In case of transshipment of goods:

Illustration 60

A vessel Bhishma, sailing from U.S.A to Australia via India carries various types of capital goods namely 'A, B, C & D'. 'A & B' are destined to Mumbai Port. On account of submission of bill of transshipment product 'A' transhipped to Chennai port as ultimate destination in India and product 'B' transhipped to Srilanka.

Find the place of supply of service and person liable to pay IGST on sea freight. Import of goods on CIF basis.

Solution:

Place of supply = Chennai (i.e. product 'A' ultimate destination in India) under section 13(2) of IGST Act, 2017.

It is exempted supply of service.

Passenger Transportation Services [Section 13(10) of IGST]

The place of supply of service = where the passenger embarks on the conveyance for a continuous journey.

Services Provided on Board Conveyances [Section 13(11) of IGST]

Any service provided on board a conveyance (aircraft, vessel, rail, or roadways bus) will be covered here.

POS = The first scheduled point of departure of that conveyance for the journey.

Online information and database access or retrieval services [Section 13(12) of IGST]

POS = Location of the recipient of service

- (a) the location of address presented by the recipient of services through internet is in the taxable territory;
- (b) the credit card or debit card or store value card or charge card or smart card or any other card by which the recipient of services settles payment has been issued in the taxable territory;
- (c) the billing address of the recipient of services is in the taxable territory;
- (d) the internet protocol address of the device used by the recipient of services is in the taxable territory;

- (f) the country code of the subscriber identity module card used by the recipient of services is of taxable territory;
- (g) the location of the fixed land line through which the service is received by the recipient is in the taxable territory.

On September 26, 2023, the Indian government released a circular to end GST exemption enjoyed by overseas online information and database access retrieval service (OIDAR) providers. This change, which comes into effect from October 1, 2023, means that companies such as Facebook, Google, and various edtech platforms will face an integrated GST (IGST) of up to 18 percent on their services provided to both individuals and the government.

Until this recent change, OIDAR services provided by overseas companies to the Indian central government, state governments, government authorities, or individuals for non-business purposes were exempt from taxation.

Example : Online information and data base access or retrieval services, where imported from Google and Facebook by Mr. Rahim (unregistered person) located in taxable territory, for ₹20,000 on 1st January 2024. Is it subject to GST?

Answer: Yes. It is taxable supply of service.

IGST is liable to pay by supplier of OIDAR namely, Google and Facebook in the given case.

Power to notify supply of a services or circumstances [Section 13(13)]

In order to prevent double taxation or non-taxation of the supply of a service, or for the uniform application of rules, the Government shall have the power to notify any description of services or circumstances in which the place of supply shall be the place of effective use and enjoyment of a service.

- (ii) Such supply of services fulfils all other conditions in the definition of export of services, except sub-clause
(iii) Provided at clause (6) of section 2 of Integrated Goods and Services Tax, Act, 2017.

- If such supplier does not have a physical presence or does not have a representative for any purpose in the taxable territory, he shall appoint a person in the taxable territory for the purpose of paying integrated tax and such person shall be liable for payment of such tax.
- In case of failure to comply with any of the aforesaid provisions by the said supplier or a person appointed by him or both (notwithstanding anything contained in section 69A of the IT Act, 2000), any information generated, transmitted, received or hosted in any computer resource used for supply of online money gaming by such supplier shall be liable to be blocked for access by the public in such manner as specified in the said Act.

Case Studies and Illustrations on Place of Supply

3.4

Case law: Universal Services India (P) Ltd., In re 2016 (42) STR 585 (AAR)

Facts of the case:

Point of dispute for which Advance Ruling is sought:

- Whether the place of provision of payment processing service proposed to be provided by the applicant, is outside India in terms of Section 13(2) of the IGST Act, 2017? ^[SEP]
- Whether services proposed to be provided by applicant would qualify as ‘export of service’? ^[SEP]

Ruling of Authority for Advance Ruling:

The definition of “intermediary” as envisaged under rule 2(f) of PoPS (now as per Section 2(13) of the IGST Act, 2017) does not include a person who provides the main service on his own account. In the present case, applicant provides main service, i.e., “business support services” to WWD on his own account. Therefore, applicant is not an “intermediary” and thus, the service provided by it is not intermediary service.

Thus, AAR ruled that the place of provision of payment processing service to be provided by the applicant, is outside India in terms of Section 13(2) of the IGST Act, 2017.

Further, while deciding the questions as to whether services provided by applicant qualify as export of service, AAR observed that all conditions mentioned under Rule 6A of STR, 1994 (now as per Section 2(6) of the IGST Act, 2017) are satisfied, and hence the said service will qualify as export of taxable service.

Maharashtra Authority for Advance Ruling in case of M/s Amogh Ramesh Bhatawadekar (2020):

The applicant, Amogh Bhatavdekar, located in Thane is a proprietor supplying digital goods, in the subject case 'online gaming' and has not obtained GSTIN because he is of the opinion that the services rendered by him is export of e-goods (Digital Goods).

Applicant has stated that;

- (a) Digital goods/e-goods are not necessarily goods as commonly understood & as defined in the GST Acts but they can at best be called as "services".
- (b) They are supply of services done through internet or mails. There is no delivery of e-goods as such.
- (c) The said e-goods, are stored on CLOUD which are located outside India, & are purchased from vendors outside India who send it to the CLOUD as identified by the buyer / vendor / the applicant.
- (d) The e-goods are not received by the seller in India but are stored on CLOUD hence it cannot be said to be imports in India, hence out of purview of reverse charge mechanism under the IGST Act.
- (e) The buyers are usually from abroad, who pay in dollars directly through PAYPAL, therefore it is supply outside India taking it outside purview of IGST levy. It is export of services i.e. it is out and out services not liable to either IGST or CGST & SGST. It is covered by the Circular NO. 78/52/2018 GST New Delhi dated 31/12/2018.

Observation and Order of AAR:

A perusal of the submissions made by the applicant reveals that Digital Goods are purchased by applicant from the suppliers based abroad. Such digital goods, in this case online gaming, are then sent to the applicant by Email or Instant message service. Thus we find that there is a supply of OIDAR services to the applicant from suppliers based abroad. The nature of OIDAR services are such that it can be provided online from a remote location outside the taxable territory. A similar service provided by an Indian Service Provider, from within the taxable territory, to recipients in India would be taxable. In case where the supplier of such service is located outside India and the recipient is a business entity (registered person) located in India, the reverse charge mechanism would get triggered and the recipient in India who is a registered entity under GST will be liable to pay GST under reverse charge and undertake necessary compliances. If the supplier is located outside India and the recipient in India is an individual consumer not registered under GST Laws, in such cases also the place of supply would be India and the transaction is amenable to levy of GST. In such case the individual should obtain registration and pay GST under reverse charge.

Ans: In the situation of procurement from foreign supplier & supply from out of India the applicant has to discharge IGST liability under reverse charge mechanism.

Q6. If the customer is from India and paying the consideration in dollar, whether it will be allowed as exports or if not allowed as exports, then whether GST is leviable? What is rate of SGST & CGST or IGST? Under which HSN Code or SAC?

Ans: Since, both, the customer and the applicant are in India, GST would be liable @18% under SAC 998439.

- (i) Mr. Z, a supplier registered in Hyderabad (Telangana), procures goods from China and directly supplies the same to a customer in US. With reference to the provisions of GST law, examine whether the supply of goods by Mr. Z to customer in US is an inter-State supply?
- (ii) RST Inc., a corn chips manufacturing company based in USA, intends to launch its products in India. However, the company wishes to know the taste and sensibilities of Indians before launching its products in India. For this purpose, RST Inc. has approached ABC Consultants, Mumbai, (Maharashtra) to carry out a survey in India to enable it to make changes, if any, in its products to suit Indian taste.

The survey is to be solely based on the oral replies of the surveyees; they will not be provided any sample by RST Inc. to taste. ABC Consultants will be paid in convertible foreign exchange for the assignment.

With reference to the provisions of GST law, determine the place of supply of the service. Also, explain whether the said supply will amount to export of service?

Solution:

- (i) The transaction undertaken by Mr. Z is neither import nor export of goods in terms of Customs Act, 1962. However, it is an inter-State supply in terms of provisions of section 7(5)(a) of the IGST Act, 2017 which provides that when the supplier is located in India and the place of supply is outside India, supply of goods or services or both in the course of inter-State trade or commerce.

ABC Pvt. Ltd., New Delhi, provides support services to foreign customers in relation to procuring goods from India. The company identifies the prospective vendor, reviews product quality and pricing and then shares the vendor details with the foreign customer. ^[U]_[SEP] The foreign customer then directly places purchase order on the Indian vendor for purchase of the specified goods. ABC Pvt. Ltd. charges its foreign customer cost plus 10% mark up for services provided by it. ^[U]_[SEP] For the month of December, 20XX, the company has charged US \$ 1,00,000 (exclusive of GST) to its foreign customer. With reference to the provisions of GST law, examine whether the company is liable to pay IGST or CGST and SGST. ^[U]_[SEP]

Note: GST @ 18% is applicable on supply of the support services provided by ABC Pvt. Ltd. Rate of exchange is ₹65 per US \$. ^[U]_[SEP]

Solution:

As per Section 13(8)(b) of the IGST Act, 2017 the place of supply in case of intermediary services is the location of the supplier (i.e. ABC Pvt, Ltd, New Delhi).

As per section 8(2) of the IGST Act, 2017 Subject to the provisions of section 12 supply of services where the location of the supplier and the place of supply of services are in the same State is treated as intra-State supply. In the given case it is not so.

Therefore, ABC Pvt. Ltd. New Delhi is liable to pay IGST (As per Sec. 7(5)(c) of IGST Act, 2017).

IGST 18% = ₹11,70,000 (i.e. ₹65 × 1,00,000 × 18%)

M/s Jiju Ltd. shall receive the agreed price from M/s Didi Ltd. in convertible foreign exchange.

In the light of above information whether supply of goods by M/s Jiju Ltd. to M/s Didi Ltd. shall qualify as 'Export of Goods'?

Place of supply of goods = U.K.

Location of supplier = India

However, M/s Jiju Ltd. is liable to pay IGST.

It means tax will be payable on the entire value.

Swamy Ltd. of Chennai acquires the business of SA Ltd. at Johannesburg, South Africa. Swamy Ltd. entered into a contract with M/s Krish & Krish Architects, Chennai to do the interiors of the building of new business at South Africa. The Central Tax department issued a notice demanding GST based on the Place of supply of service provisions. Discuss briefly the applicability of the Place of supply of service to M/s Krish & Krish as the work to be done is outside the taxable territory.

Solution:

Place of supply of services supplied directly in relation to an IMMOVABLE PROPERTY as per Section 13(4) of IGST is where immovable property is located or intended to be located.

However, location of supplier and location of recipient is in India we should refer section 12(3)(a) of IGST Act, 2017, accordingly place of supply of service is where immovable property located or intended to be located in India. If location of Immovable property is outside India, then place of supply is location of the recipient.

In the given case location of supplier and location of recipient is in India and hence, place of supply of service is Chennai section 12(3)(a) of IGST. Location of supplier of service is in Chennai. CGST and SGST will be levied (sec. 8(2) of IGST subject to sec. 12).

From the above it is evident that the claim of the Central Tax Department is correct.

Will your answer be different if the price per ticket is fixed at ₹ 450?

Solution:

In the given situation, three supplies are involved:

- Services provided by Pooja (P) Ltd. to Samy Pvt. Ltd. by way of organising the music concert.

(iii) Services provided by Hotel Dumdum to Pooja (P) Ltd. by way of accommodation in the Hotel lawns for organising the music concert.

(i) Section 12(6) of IGST: Place of supply = where event is held (i.e. Gurugram, Haryana)

Location of supplier = Ludhiana, Punjab

$$\text{IGST} = (400 \text{ tickets} \times ₹5,000 \text{ per ticket}) \times 18\% = ₹3,60,000$$

(ii) Section 12(7) of IGST: Place of supply = location of recipient who is a registered person (i.e. Ludhiana, Punjab)

Location of supplier = Delhi

$$\text{IGST} = ₹10,00,000 \times 18\% = ₹1,80,000$$

(iii) Section 12(3)(c) : Place of supply = Location of immovable property (i.e. Gurugram, Haryana)

Location of supplier = Gurugram, Haryana.

$$\text{CGST} = ₹4,00,000 \times 9\% = ₹36,000$$

$$\text{SGST} = ₹4,00,000 \times 9\% = ₹36,000$$

If the price for the entry ticket is fixed at ₹ 450:

Admission to music concert is exempted supply under GST.

However, there will be no change in the answer in respect of supplies mentioned in point (ii) and (iii) above.

Module Learning Objectives

After studying this module, the students will be able to:

- ⦿ Understand related party and distinct person transactions
- ⦿ Explain value of supply with valuation rules
- ⦿ Apply practically how to arrive correct valuation as per the provisions of GST Law.

Value of Supply in common terms is nothing but the amount paid by the recipient of supply to the supplier as consideration for supply (also known as transaction value). It means Value of supply is the figure upon which tax is levied and collected.

It is important to know to ascertain correct value of supply for correct levy of GST.

Valuation rules determine value of goods or services or both on which tax under GST has to be charged. Valuation rules have been prescribed under CGST Rules, 2017 for the purpose of determination of fair market value of goods or services or both supplied by the registered person. It means valuation rules are helpful to determine the value of supply where value not determined under section 15(1) as mentioned under section 15(4) of CGST Act, 2017.

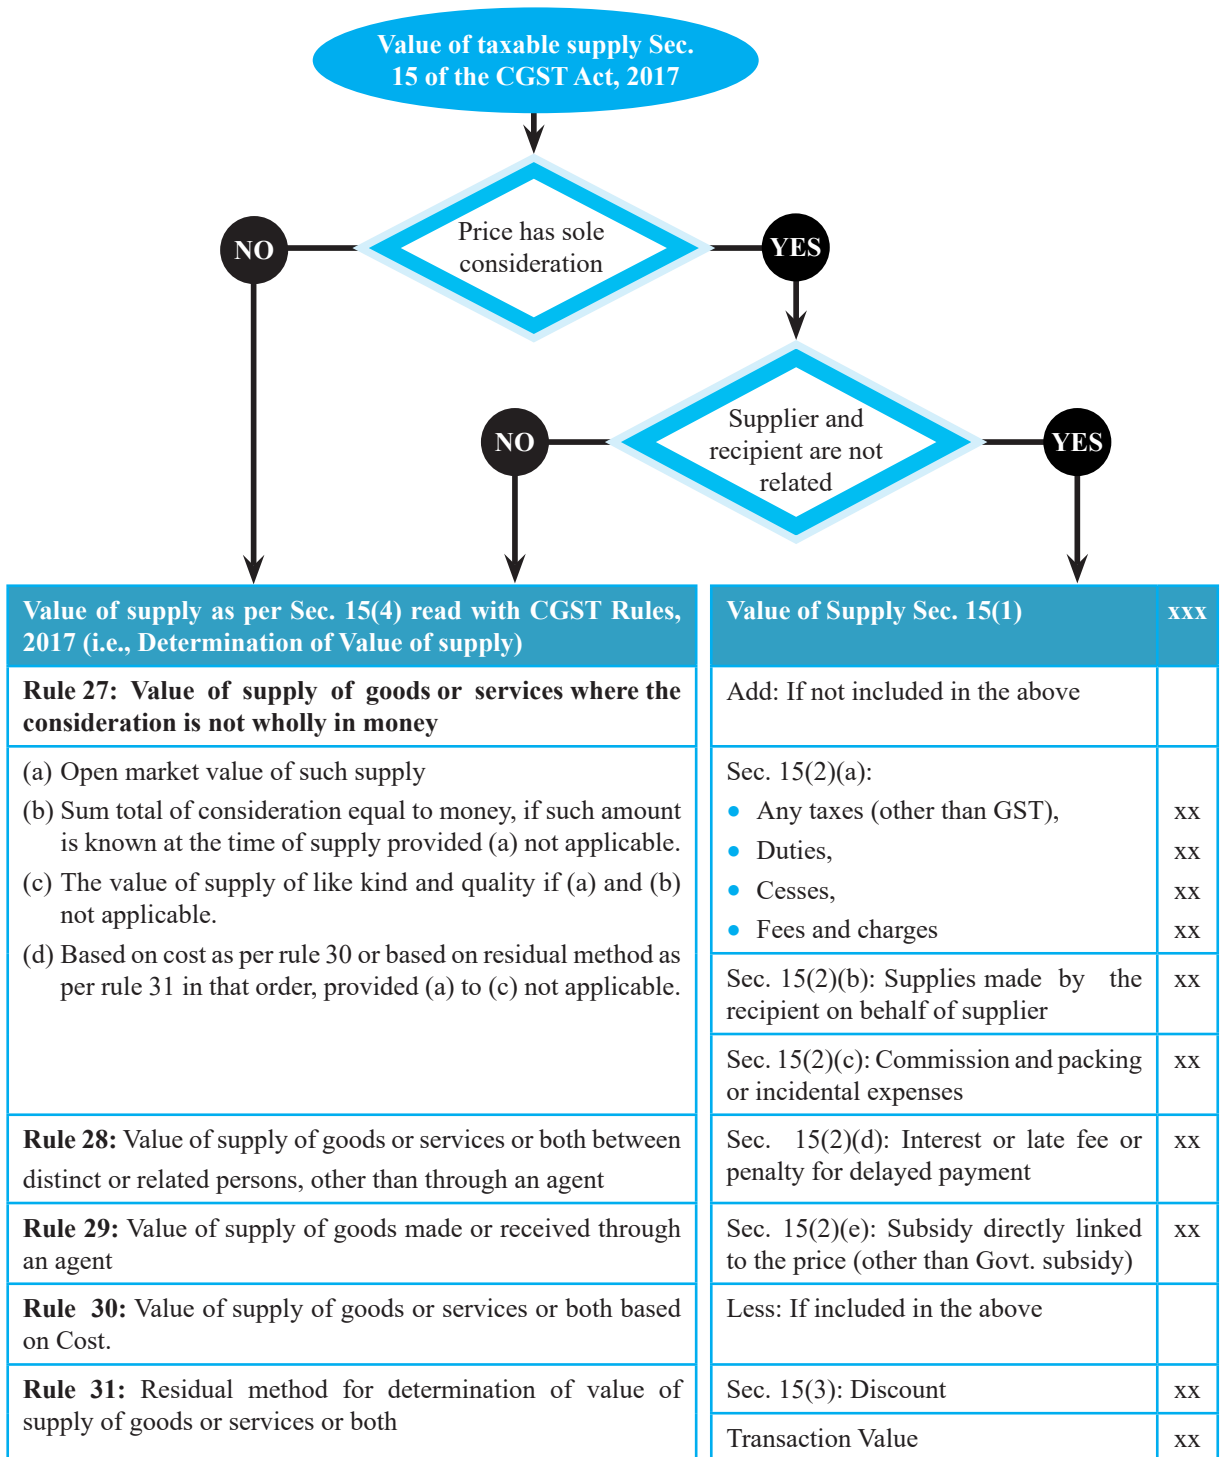

Example 1

Mr A goes to shop of Mr. B and purchases television. He pays amount of ₹50,000 as consideration for 52 inches LED TV Purchased plus GST. MRP of the product ₹65,000. Discount offered to all buyers ₹15,000. As per section 15(1) of the CGST Act, 2017 the valuation will be as per transaction value basis. Assume applicable rate of CGST 14% and SGST 14%. Invoice will be prepared as follows:

| Invoice | |
|---|------------|
| Particulars | Value in ₹ |
| Transaction value | 50,000 |
| Add: CGST 14% | 7,000 |
| Add: SGST 14% | 7,000 |
| Invoice price | 64,000 |
| Note: Invoice price should not increase the Maximum Retail Price (MRP) | |

If Mr. A not maintained sole consideration for such sale or they are related persons then valuation will based on determination of value of supply rules (i.e. CGST Rules, 2017).

The same concept explained in the following diagram:

TCS would not be includible in the value of supply under GST:

The Central Government vide Corrigendum to Circular No. 76/50/2018-GST, dated 31st December, 2018 has clarified that Tax collection at source (TCS) is not a tax on goods but an interim levy on the possible “income” arising from the sale of goods by the buyer and to be adjusted against the final income- tax liability of the buyer. Accordingly, for the purpose of determination of value of supply under GST, Tax collected at source (TCS) under the provisions of the Income Tax Act, 1961 would not be includible as it is an interim levy not having the character of tax.

1. What is the correct valuation methodology for ascertainment of GST on Tax collected at source (TCS) under the provisions of the Income Tax Act, 1961?

Answer:

- a. Section 15(2) of CGST Act specifies that the value of supply shall include “any taxes, duties cesses, fees and charges levied under any law for the time being in force other than this Act, the SGST Act, the UTGST Act and the GST (Compensation to States) Act, if charged separately by the supplier.”
 - b. For the purpose of determination of value of supply under GST, Tax collected at source (TCS) under the provisions of the Income Tax Act, 1961 would not be includible as it is an interim levy not having the character of tax.

- (d) value of taxable supply under section 15 of CGST Act, 2017?
- (e) Invoice Price of M/s Sunder Pvt. Ltd.?

Note: Assume applicable TCS is @1% and GST 28%.

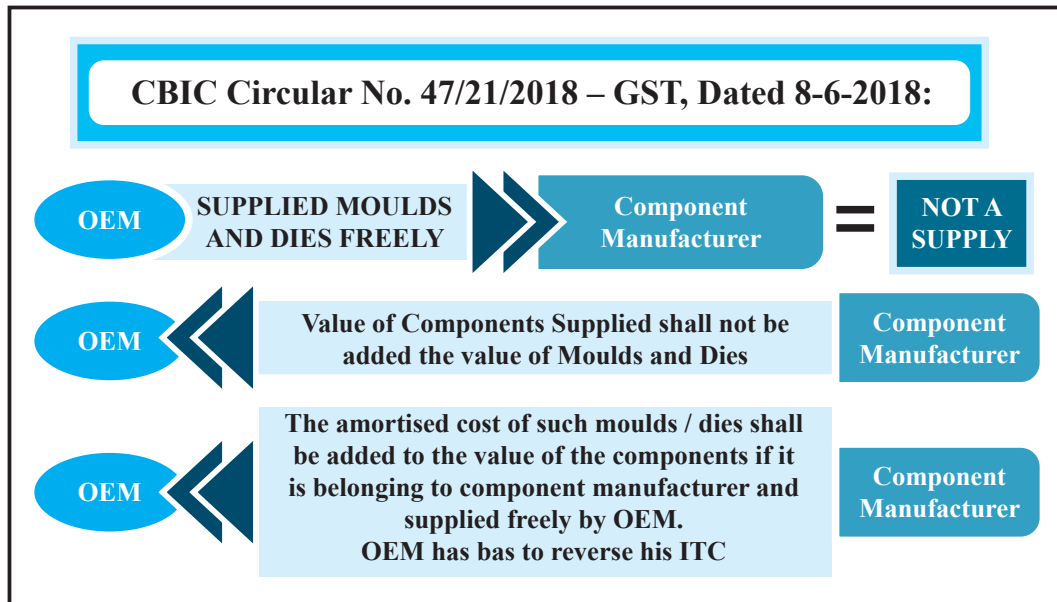

Answer:

- (a) Yes, TCS is applicable in the given case.
- (b) Under section 206C the seller has to collect Tax at Source (TCS) at the rate of 1% from purchaser while selling the specified items or services beyond specified limits. In the given case M/s Sunder Pvt. Ltd. must collect the TCS.
- (c) TCS = ₹20,000 (i.e. @1% on ₹20 lakh)
- (d) Value of taxable supply under Section 15 of CGST Act, 2017 is ₹20 lakh only.
- (e) Invoice price

| Whether moulds and dies owned by Original Equipment Manufacturers (OEM) that are sent free of cost (FOC) to a component manufacturer is leviable to tax and whether OEMs are required to reverse input tax credit in this case? | <p>1.1 Moulds and dies owned by the original equipment manufacturer (OEM) which are provided to a component manufacturer (the two not being related persons or distinct persons) on FOC basis does not constitute a supply as there is no consideration involved. Further, since the moulds and dies are provided on FOC basis by the OEM to the component manufacturer in the course or furtherance of his business, there is no requirement for reversal of input tax credit availed on such moulds and dies by the OEM.</p> <p>1.2 It is further clarified that while calculating the value of the supply made by the component manufacturer, the value of moulds and dies provided by the OEM to the component manufacturer on FOC basis shall not be added to the value of such supply because the cost of moulds/dies was not to be incurred by the component manufacturer and thus, does not merit inclusion in the value of supply in terms of section 15(2)(b) of the Central Goods and Services Tax Act, 2017 (CGST Act for short).</p> <p>1.3 However, if the contract between OEM and component manufacturer was for supply of components made by using the moulds/dies belonging to the component manufacturer, but the same have been supplied by the OEM to the component manufacturer on FOC basis, the amortised cost of such moulds/dies shall be added to the value of the components. In such cases, the OEM will be required to reverse the credit availed on such moulds/ dies, as the same will not be considered to be provided by OEM to the component manufacturer in the course or furtherance of the former's business.</p> |

Interest or late fee or penalty for delayed payment [Section 15(2)(d) of the CGST Act, 2017]

It is specifically provided that interest or late fee or penalty for delay in payment of any consideration for supply will form part of the value of supply.

Example 3

Penal interest charged by the supplier of goods for delay in payment of dues is subject to GST.

Example 4

As per CBIC Circular No. 102/21/2019-GST, dated 28-6-2019, Penal interest against loan repayment is also treated as interest and covered under entry no. 27 of the Notification No. 12/2017 C.T. Therefore, exempted from GST.

Subsidy directly linked to the price (other than Govt. Subsidies) [Section 15(2)(e) of CGST Act, 2017]

Subsidy provided in any form or manner **linked to the supply** will also be included in the transaction value.

Illustration 4

Bharat Gas sells cooking gas cylinders. Subsidy directly transferred to the account of the customer. Selling price per cylinder is ₹800. Customer received subsidy ₹200 directly from Government to his bank account. Net outflow of the buyer is ₹600. Find the value of supply of goods (per cylinder) in the hands of Bharat Gas.

Solution:

Since, the amount of subsidy is directly credited to the account holder and not received by the Bharat Gas making the supply. Therefore, such subsidy will not be considered as part of transaction value as it is not received by the Bharat Gas making the supply.

Hence, transaction value is ₹800 per cylinder.

Illustration 5

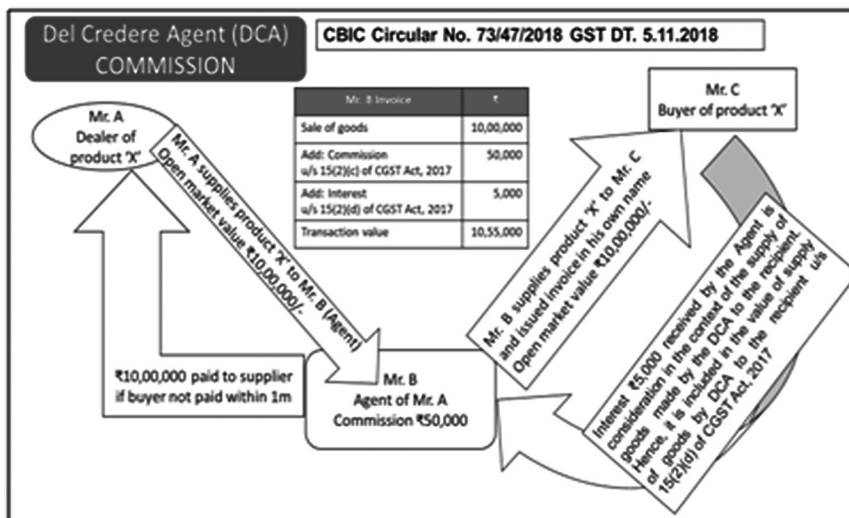

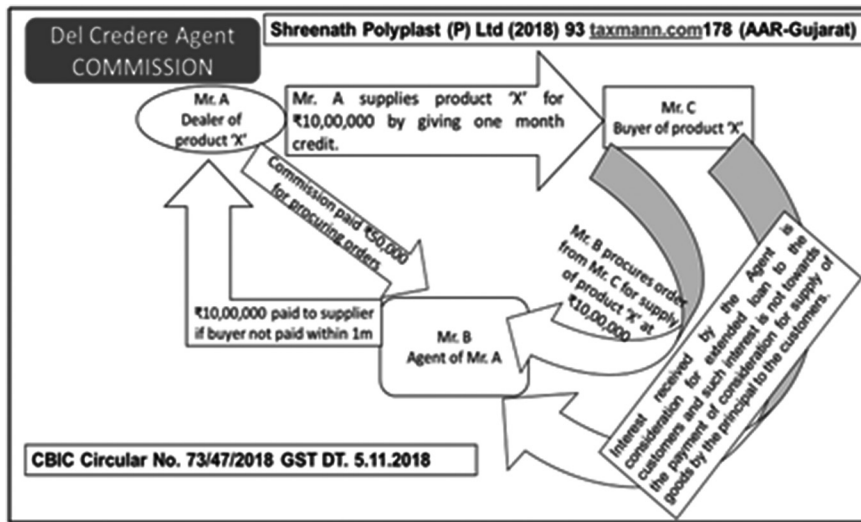

The Government provides subsidy, for the benefit of farmers but it is given to the manufacturer of fertilizers. Such subsidy will form part of value of supply.

Solution:

The buyer of goods does not provide subsidy, but the Government as per the scheme provides it.

Therefore, this will not form part of value of supply as it is specifically specified that such subsidy provided by the Government will not form part of the value of supply.

There is no obligation (quid pro quo) on part of recipient of the donation or gift to do anything (supply a service). Therefore, there is no **GST liability** on such consideration.

No GST on incentive paid by Ministry of Electronics and information Technology (MeitY) to acquiring banks (vide Circular No. 190/02/2023 GST dt. 13.01.2023):

Under the Incentive scheme for promotion of RuPay Debit Cards and low value BHIM-UPI transactions, the Government pays the acquiring banks an incentive as a percentage of value of RuPay Debit card transactions and low value BHIM-UPI transactions up to Rs.2000/-.

The Payments and Settlements Systems Act, 2007 prohibits banks and system providers from charging any amount from a person making or receiving a payment through RuPay Debit cards or BHIM-UPI.

The service supplied by the acquiring banks in the digital payment system in case of transactions through RuPay/ BHIM UPI is the same as the service that they provide in case of transactions through any other card or mode of digital payment. The only difference is that the consideration for such services, instead of being paid by the merchant or the user of the card, is paid by the central government in the form of incentive.

However, it is not a consideration paid by the central government for any service supplied by the acquiring bank to the Central Government. The incentive is in the nature of a subsidy directly linked to the price of the service and the same does not form part of the taxable value of the transaction in view of the provisions of section 2(31) and section 15 of the CGST Act, 2017. As recommended by the Council, it is hereby clarified that incentives paid by MeitY to acquiring banks under the Incentive scheme for promotion of RuPay Debit Cards and low value BHIM-UPI transactions are in the nature of subsidy and thus not taxable.

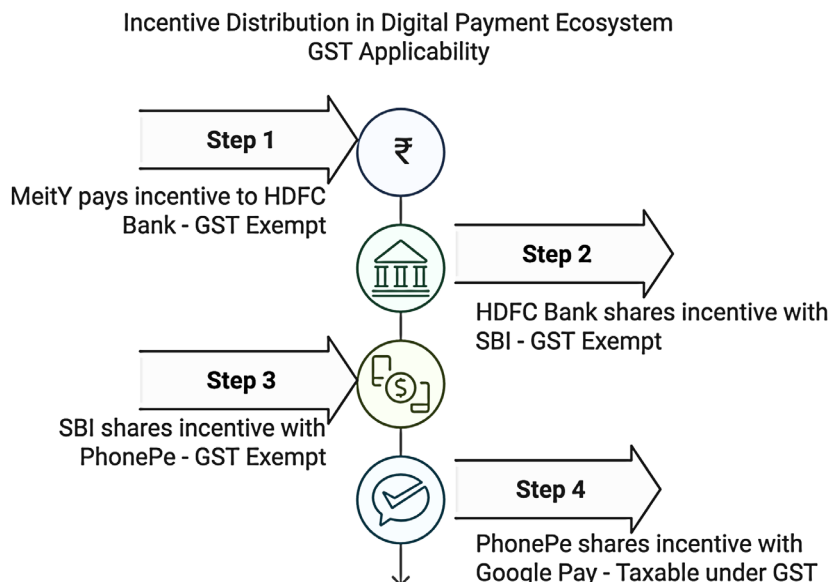

Simplified Approach:

CBIC Circular No. 228/22/2024-GST dated 15th July 2024: Applicability of GST on the incentive amount shared by acquiring banks with other stakeholders in the digital payment ecosystem under the notified Incentive Scheme for promotion of RuPay Debit Cards and low value BHIM-UPI transactions:

The Ministry of Electronics and Information Technology (MeitY) pays incentives to acquiring banks under the Incentive Scheme for the promotion of RuPay Debit Cards and low-value BHIM-UPI transactions. These incentives are shared with various stakeholders in the digital payment ecosystem (e.g., issuer banks, payment service providers, and UPI apps) as per the proportion and manner decided by the National Payments Corporation of India (NPCI). The GST Council clarified that these incentives are not taxable as they are in the nature of a subsidy.

Here is a practical, detailed example involving specific names for each stakeholder and a step-by-step flow explaining the GST applicability in the digital payment ecosystem.

Practical Example

Transaction Details:

1. Transaction Type: BHIM-UPI payment.
2. Transaction Value: ₹1,000.
3. Incentive Amount: 1% of the transaction value = ₹10.
4. Stakeholders Involved:
 - MeitY (Ministry of Electronics and IT): Pays the incentive to the acquiring bank.
 - Acquiring Bank (HDFC Bank): Processes the payment for the merchant.
 - Issuer Bank (SBI): The bank that issued the UPI access/debit card to the customer.
 - PSP (PhonePe): Facilitates the UPI transaction via its app.
 - TPAP (Third-Party App Provider): Google Pay, which is used by the customer to make the payment.

Step-by-Step Flow of the Incentive Distribution:**Step 1: MeitY Pays Incentive to Acquiring Bank (HDFC Bank)**

- **Details:**
 - MeitY pays an incentive of ₹10 (1% of ₹1,000) to HDFC Bank, the acquiring bank, for promoting RuPay Debit Card and UPI transactions.
- **GST Applicability:**
 - Not Taxable.
 - Reason: This payment is a subsidy from MeitY to promote digital payments, as clarified by Circular No. 190/02/2023-GST.

Step 2: Acquiring Bank (HDFC Bank) Shares Incentive with Issuer Bank (SBI)

- **Details:**
 - NPCI directs HDFC Bank to share 70% of the incentive (₹7) with SBI, the bank that issued the customer's debit card or enabled their UPI account.
- **GST Applicability:**
 - Not Taxable.
 - Reason: This sharing is part of the subsidy-sharing mechanism mandated by NPCI, as clarified in the 53rd GST Council meeting.

Step 3: Issuer Bank (SBI) Shares Incentive with PSP (PhonePe)

- **Details:**
 - NPCI instructs SBI to share 50% of the ₹7 it received with PhonePe, the Payment Service Provider that facilitated the transaction.
 - Amount shared: ₹3.50.
- **GST Applicability:**
 - Not Taxable.
 - Reason: This sharing is also part of the NPCI-regulated mechanism and remains a subsidy.

Step 4: PSP (PhonePe) Shares Incentive with TPAP (Google Pay)

- **Details:**
 - As per a private business agreement, PhonePe shares ₹1 (out of the ₹3.50 it received) with Google Pay, the Third-Party App Provider (TPAP) used by the customer for the transaction.
- **GST Applicability:**
 - Taxable.
 - Reason: This sharing is based on a private contract between PhonePe and Google Pay and is not part of the subsidy-sharing mechanism mandated by NPCI.

Detailed Flow of Incentive:

| Step | From | To | Amount Shared | Mechanism | GST Applicability | Reason |
|--------|-----------|------------|---------------|----------------------------|-------------------|---|
| Step 1 | MeitY | HDFC Bank | ₹10 | Subsidy from MeitY | Not Taxable | Incentive from MeitY is a subsidy. |
| Step 2 | HDFC Bank | SBI | ₹7 | NPCI-regulated mechanism | Not Taxable | Shared as part of the subsidy. |
| Step 3 | SBI | PhonePe | ₹3.50 | NPCI-regulated mechanism | Not Taxable | Shared as part of the subsidy. |
| Step 4 | PhonePe | Google Pay | ₹1 | Private business agreement | Taxable | Not part of the NPCI-regulated mechanism. |

Why GST is Taxable at Step 4 (PhonePe → Google Pay)?

1. Nature of Sharing:

- At this stage, the sharing of the incentive is no longer part of the subsidy-sharing mechanism mandated by NPCI.
- It is based on a private business agreement between PhonePe and Google Pay.

2. Classification Under GST:

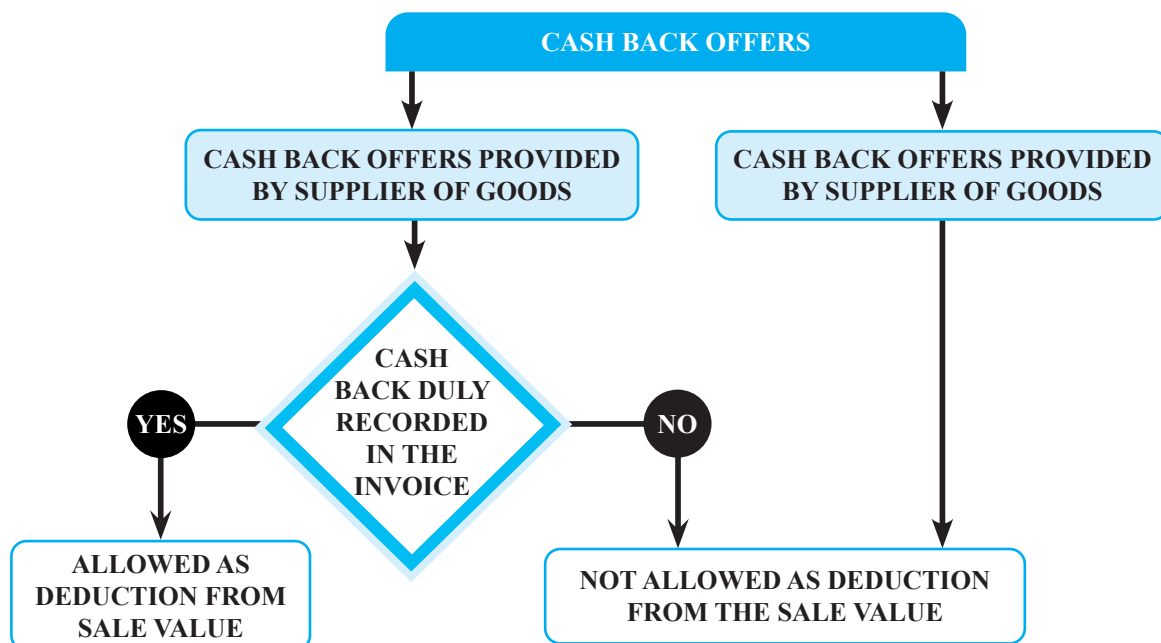

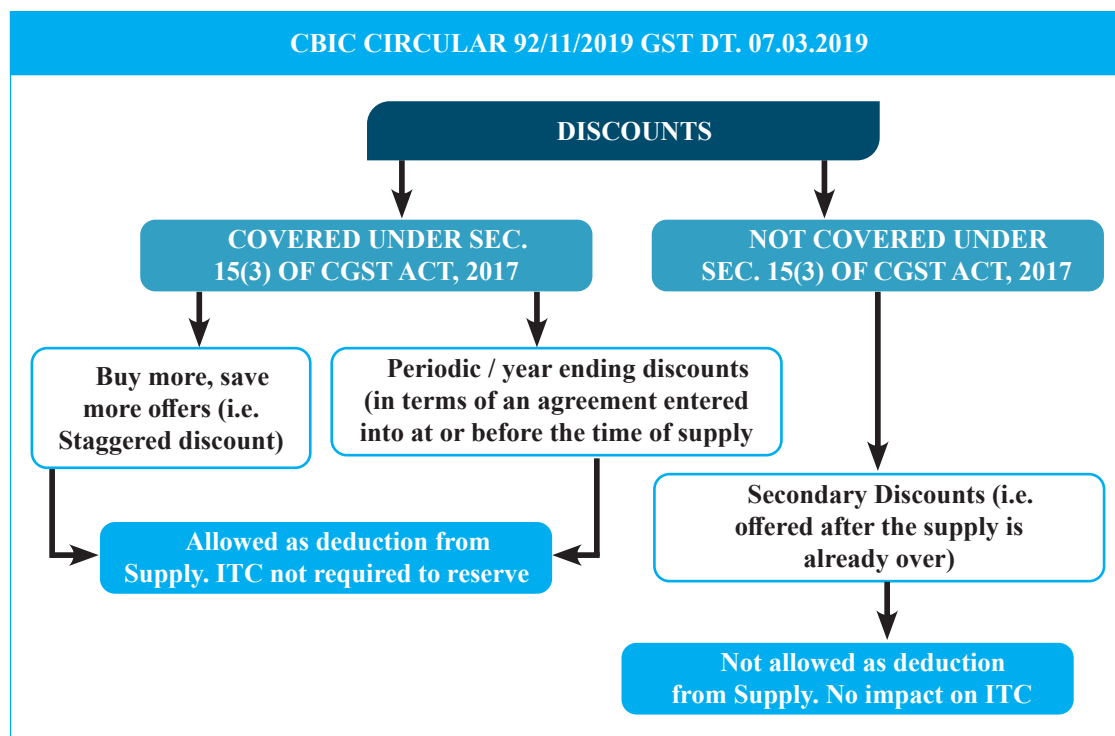

- This ₹1 payment is treated as a service provided by Google Pay to PhonePe, and thus, GST is applicable.

Outcome:

- MeitY, HDFC Bank, SBI, and PhonePe are not liable to pay GST for the incentives received or shared under the NPCI-regulated mechanism.
- Google Pay is liable to pay GST on the ₹1 it receives from PhonePe as this is based on a commercial agreement.

The pre-disclosure of NCB amount in the policy documents and specific mention of the discount in form of No Claim Bonus in the invoice is in consonance with the conditions laid down for deduction of discount from the value of supply under clause (a) of sub-section (3) of section 15.</p> <p>It is, therefore, clarified that NCB is a permissible deduction under clause (a) of sub-section (3) of section 15 of the CGST Act for the purpose of calculation of value of supply of the insurance services provided by the insurance company to the insured. Accordingly, where the deduction on account of NCB is provided in the invoice issued by the insurer to the insured, GST shall be leviable on actual insurance premium amount, payable by the policy holders to the insurer, after deduction of No claim bonus mentioned on the invoice.</p> |

Simplified Approach:

It is, therefore, clarified that No Claim Bonus (NCB) is a permissible deduction under clause (a) of sub-section (3) of section 15 of the CGST Act for the purpose of calculation of value of supply of the insurance services provided by the insurance company to the insured. Circular No. 212/6/2024-GST dated 26 June 2024:**Mechanism for providing evidence of compliance with section 15(3)(b)(ii) of the CGST Act for excluding post- sale discounts from the taxable value:**

Clarification verifying the reversal of Input Tax Credit (ITC) by recipients when discounts are offered by suppliers through credit notes after the supply has been effected.

Currently, there is no facility on the common portal to verify whether the ITC attributable to the discount has been reversed by the recipient.

In view of the above, till the time a functionality/ facility is made available on the common portal to enable the suppliers as well as the tax officers to verify whether the input tax credit attributable to such discounts offered through tax credit notes has been reversed by the recipient or not, the supplier may procure a certificate from the recipient of supply, issued by the Chartered Accountant (CA) or the Cost Accountant (CMA), [containing a Unique Document Identification Number (UDIN)] certifying that the recipient has made the required proportionate reversal of input tax credit at his end in respect of such credit note issued by the supplier.

In cases, where the amount of tax (CGST+SGST+IGST and including compensation cess, if any) involved in the discount given by the supplier to a recipient through tax credit notes in a Financial Year is not exceeding ₹5,00,000 (rupees five lakhs only), then instead of CA/CMA certificate, the said supplier may procure an undertaking/ certificate from the said recipient that the said input tax credit attributable to such discount has been reversed by him.

CA/CMA Certificate must include details of credit notes, relevant invoice numbers, amount of ITC reversal, and the relevant document through which the ITC reversal has been made.

Such certificates or undertakings are considered suitable and admissible evidence for the purpose of section 15(3) (b)(ii) of the CGST Act.

Suppliers should produce these certificates/undertakings during proceedings such as scrutiny, audit, investigations, etc.

Even for past periods, these certificates can be produced as evidence of ITC reversal.

Example: Mechanism for Post-Sale Discounts and ITC Reversal Compliance

Scenario:

1. Supplier: XYZ Pvt. Ltd. issues tax credit notes for post-sale discounts to its recipient, ABC Pvt. Ltd.
2. Discount Details: A discount of ₹60,00,000 (tax amount of ₹9,15,254 included) is given via credit notes in FY 2024-25.

Mechanism for Compliance

- ITC Reversal Verification:
 - Since the recipient (ABC Pvt. Ltd.) must reverse the proportionate ITC related to the discount, the supplier (XYZ Pvt. Ltd.) needs evidence of this reversal.
- Compliance Evidence Based on Amount:
 - If the amount of tax (CGST+SGST+IGST and including compensation cess, if any) involved in the Discount \leq ₹5,00,000:
 - The supplier may procure an undertaking or certificate directly from the recipient.
 - If the amount of tax (CGST+SGST+IGST and including compensation cess, if any) involved in the Discount $>$ ₹5,00,000:
 - A certificate issued by a CA/CMA with a UDIN is required, confirming ITC reversal.
 - The certificate must include credit note details, invoice numbers, and reversal records.

Outcome

- XYZ Pvt. Ltd. obtains a CA or CMA certificate certifying that ABC Pvt. Ltd. has reversed the proportionate ITC of ₹9,15,254 in compliance with Section 15(3)(b)(ii) of the CGST Act.
- Relevance in Proceedings:
 - The certificate serves as valid evidence during scrutiny, audits, or investigations.
- Applicability to Past Periods:
 - Certificates for earlier financial years can also be used to demonstrate compliance.

Best Cars Ltd sells a car worth ₹5,00,000 to Sundar Automobiles. Best Cars Ltd. incurred packing charges of ₹6,000 on the car. Best Cars Ltd provided a discount of 1% on the car price, as part of Diwali scheme.

Best Cars Ltd agreed to provide a further discount of 0.5% if Sundar Automobiles makes payment by 31st of the month via net banking. Sundar Automobiles makes the payment by 31st of the month using net banking. Find the Net GST liability in the hands of Best Cars Ltd. Applicable rate of GST 18%.

Solution:

| Particulars | Value in ₹ |
|------------------------------|------------|
| Value of the product | 5,00,000 |
| Add: packing charges | 6,000 |
| Sub-total | 5,06,000 |
| Less: Discount 1% on ₹5 lakh | (5,000) |
| Transaction value | 5,01,000 |
| Add: CGST 9% | 45,090 |
| Add: SGST 9% | 45,090 |
| Invoice price | 5,91,180 |

Note: Since, the discount was known at the time of supply, and can be linked to this specific invoice, the discount amount can be reduced from the transaction value.

For this, Best Cars Ltd will issue a credit note to Sundar Automobiles for ₹2,500 (0.5% of ₹5,00,000 = ₹2,500 + GST@ 18% on ₹2,500 = ₹450), and the same must be linked to the relevant tax invoice.

Discount given after supply but agreed upon before or at the time of supply and can be specifically linked to relevant invoices, can be deducted from the transaction value.

Illustration 8

However, due to a severe cash crunch, Best Cars Ltd requests Sundar Automobiles to make the payment within 2 days, promising a discount of 2% on doing so. Sundar Automobiles makes the payment within 2 days.

Solution:

Since, the discount was not known at the time of supply, it couldn't be claimed as a deduction from the transaction value for GST calculation.

- (2) CBIC Circular No. 47/21/2018-GST, dated 8-6-2018:

Technology owned by the recipient which are provided to a job worker (the two not being related persons or distinct persons) on FOC basis does not constitute a supply. It is further clarified that while calculating the value of the supply made by the job worker, the value of technology provided by the recipient to the job worker on FOC basis shall not be added to the value of such supply because the cost of technology was not to be incurred by the job worker and thus, does not merit inclusion in the value of supply in terms of section 15(2)(b) of the Central Goods and Services Tax Act, 2017 (CGST Act for short).

- (3) Therefore, if 'Asha Ltd.' paid certain technology transfer fees to 'Reena Ltd', so that 'Kareena Ltd' can use the said technology in the job-work operation that is performing for 'Asha Ltd', the value of such technology transfer fee may also be included in transaction value of job-work services.

As per Rule 31 of the CGST Rules, 2017 Residual method for determination of value of supply of goods or services or both

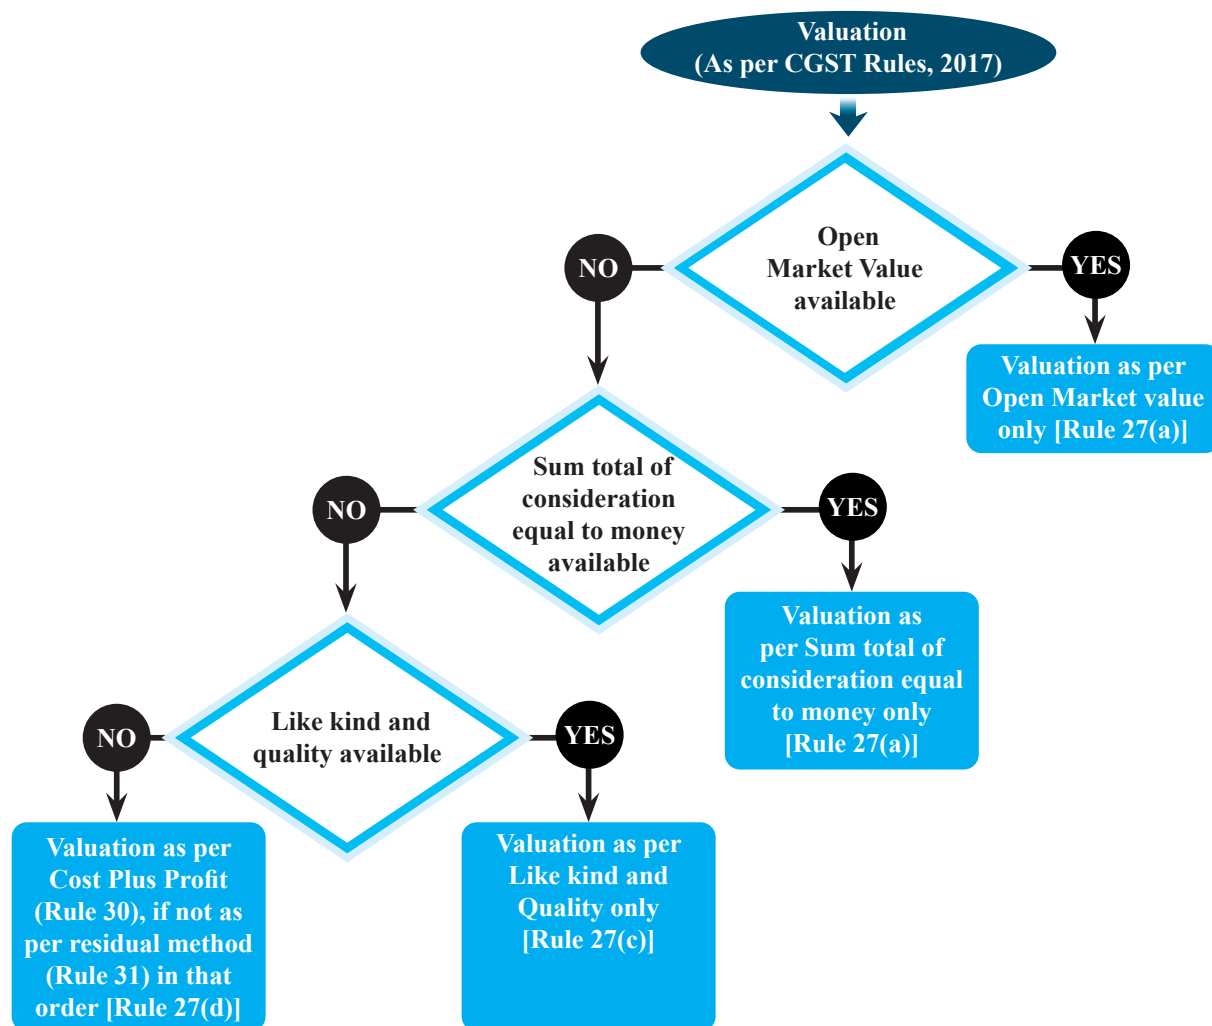

It is provided that where the value of supply of goods or services or both cannot be determined under rule 27 to rule 30 of the CGST Rules, 2017, value shall be determined by using reasonable means consistent with the principles and the general provisions of section 15 and the provisions of this Chapter IV of the CGST Rules, 2017.

Value of service can be on basis of rule 31 instead of on cost plus 10% basis: -

In case of supply of services, the supplier may opt for rule 31 ignoring rule 30 (as per proviso to Rule 31 of CGST and SGST Rules, 2017).

It means to say that efforts should be made by proper officer to determine the by using his best judgment assessment.

Simplified Approach: Rule 27 of the CGST Rules, 2017:

Rule 28 of the CGST Rules 2017 value of supply or goods or services or both between distinct or related persons other than through an agent

Rule 28(1) The value of the supply of goods or services or both between distinct persons as specified in section 25(4) and section 25(5) of the CGST Act, 2017 or where the supplier and recipient are related, other than where the supply is made through an agent, shall—

- (a) be Open market value of such supply
- (b) if the open market value is not available, be the value of supply of goods or services of like kind and quality.
- (c) If value is not determinable under clause (a) or (b), be the value as determined by application of rule 30 or rule 31, in that order.

Provided that where the goods are intended for further supply as such by the recipient, the value shall, at the option of the supplier, be an amount equivalent to 90% of the price charged of the supply of goods of like kind and quality by the recipient to his customer not being a related person:

Provided further that where the recipient is eligible for full input tax credit, the value declared in the invoice shall be deemed to be the open market value of goods or services.

Rule 28(2) of CGST Rules, 2017:

w.e.f. 26th October 2023, Insertion of sub-rule (2) to rule 28: [Notification No 52/2023-CT dt 26-10-2023] Value of supply of services by a supplier to a recipient who is a related person (vide NT 12/2024 dated 10-7-2024, w.e.f. 26-10-2023 the term “located in India” inserted), by way of providing corporate guarantee to any banking company or financial institution on behalf of the said recipient, shall be deemed to be

1% of the amount of such guarantee offered (vide NT 12/2024 dated 10-7-2024, w.e.f. 26-10-2023 the term “per annum” inserted),

or

the actual consideration,

whichever is higher.

Provided that where the recipient is eligible for full input tax credit, the value declared in the invoice shall be deemed to be the value of said supply of service (vide Notification No. 12/2024 CT dt. 10-07-2024, w.e.f. 26-10-2023).

Second proviso to Rule 28(1) of CGST Rules, 2017 - Clarification on valuation of supply of import of services by a related person where recipient is eligible to full input tax credit (vide CBIC Circular No.210/4/2024-GST dt. 26th June, 2024):

In case of import of services by a registered person in India from a related person located outside India, the tax is required to be paid by the registered person in India under reverse charge mechanism. In such cases, the registered person in India is required to issue self-invoice under Section 31(3)(f) of CGST Act and pay tax on reverse charge basis.

It is clarified that in cases where the foreign affiliate is providing certain services to the related domestic entity, and where full input tax credit is available to the said related domestic entity, the value of such supply of services declared in the invoice by the said related domestic entity may be deemed as open market value in terms of second proviso to rule 28(1) of CGST Rules. Further, in cases where full input tax credit is available to the recipient, if the invoice is not issued by the related domestic entity with respect to any service provided by the foreign affiliate to it, the value of such services may be deemed to be declared as Nil, and may be deemed as open market value in terms of second proviso to rule 28(1) of CGST Rules

Example: Import of Services from a Related Person under Reverse Charge Mechanism

Scenario

- Indian Entity (Recipient): ABC Pvt. Ltd., a registered person under GST in India.
- Foreign Affiliate (Supplier): XYZ Inc., located in the USA, related to ABC Pvt. Ltd.
- Nature of Service: Consulting services provided by XYZ Inc. to ABC Pvt. Ltd.
- Service Value: \$10,000 (₹8,00,000 equivalent).
- Input Tax Credit (ITC): Fully available to ABC Pvt. Ltd.

Steps Involved in Compliance

1. Reverse Charge Mechanism (RCM):
 - Since the service provider (XYZ Inc.) is located outside India and is a related person, GST is payable by ABC Pvt. Ltd. in India under the reverse charge mechanism.
2. Issuance of Self-Invoice:
 - As per Section 31(3)(f) of the CGST Act, ABC Pvt. Ltd. must issue a self-invoice for the import of services.
 - The self-invoice should include details such as the value of the services (₹8,00,000) and the applicable GST.
3. Open Market Value:
 - Since ABC Pvt. Ltd. is eligible for full ITC, the value declared in the self-invoice (₹8,00,000) is deemed the open market value of the service as per Rule 28(1) of the CGST Rules.
4. GST Payment:
 - ABC Pvt. Ltd. calculates GST on the value of ₹8,00,000 and pays it under the reverse charge mechanism.
 - For example, if the applicable GST rate is 18%:
 - $\text{GST Payable} = ₹8,00,000 \times 18\% = ₹1,44,000$.
 - The same amount of ₹1,44,000 can be claimed as ITC by ABC Pvt. Ltd. in its GST return.
5. Case of Non-Issuance of Invoice:
 - If ABC Pvt. Ltd. does not issue a self-invoice for the services provided by XYZ Inc., the value of services may be deemed as Nil, and this Nil value is treated as the open market value under the second proviso to Rule 28(1).

CBIC issued Circular No. 225/19/2024-GST dt. 11th July, 2024 regarding Clarification on various issues pertaining to taxability and valuation of supply of services of providing corporate guarantee between related persons are as under:

Issue 1:

- a. Whether Rule 28(2) of CGST Rules applies to corporate guarantees issued before its introduction on 26th October 2023.
- b. Whether intra-group corporate guarantees issued prior to this date, still in force, would require GST payment based on “1% of the amount of such guarantee offered”.

Clarification:

Example 1: Corporate Guarantee Issued Before 26th October 2023

Scenario:

- ABC Ltd. (Holding Company) provided a corporate guarantee to PQR Bank on behalf of its subsidiary, XYZ Ltd., on 1st January 2023, for a loan of ₹10 crore.
- No consideration was charged by ABC Ltd. for this guarantee.

GST Implications:

1. Taxability:
 - The corporate guarantee qualifies as a taxable supply of service between related parties under Schedule I of CGST Act.
2. Valuation:
 - Since the guarantee was issued before 26th October 2023, its value must be determined as per the earlier Rule 28, considering:
 - Open market value, or
 - Value of similar services, or
 - Residual valuation as prescribed under Rule 30 or Rule 31.

Calculation:

- If the open market value of a similar corporate guarantee is determined to be ₹1 lakh, GST will be calculated on ₹1 lakh.

Example 2: Corporate Guarantee Issued On or After 26th October 2023**Scenario (no consideration):**

- On 1st November 2023, ABC Ltd. renewed its earlier guarantee for the same loan of ₹10 crore on behalf of XYZ Ltd..

GST Implications:

1. Taxability:
 - The renewed guarantee is a taxable supply under Schedule I.
2. Valuation:
 - Since the guarantee is renewed after 26th October 2023, valuation will be done as per Rule 28(2).
 - Taxable Value = 1% of the guarantee amount.

Example Calculation:

- Taxable Value = 1% of ₹10 crore = ₹10 lakh.
- GST at 18% = ₹10 lakh × 18% = ₹1.8 lakh.

Key Differences:

1. Before 26th October 2023: Valuation relied on open market value or other earlier rules.
2. On or After 26th October 2023: Valuation is explicitly 1% of the corporate guarantee amount as per Rule 28(2).

Issue 2:

- a. When a corporate guarantee is issued for a specific amount, but the loan is only partly availed or not availed at all, how is the value of the corporate guarantee determined?
- b. Is the recipient eligible to claim full Input Tax Credit (ITC) for the GST charged, even before the full loan amount is disbursed?

Clarification:

Part 1: Valuation of Corporate Guarantee

1. Facts:

- ABC Ltd. (Guarantor) provides a corporate guarantee to XYZ Ltd. (Recipient) for a loan of ₹10 crore from PQR Bank. ABC Ltd., and XYZ Ltd., are related persons.
- PQR Bank approves the loan, but only ₹6 crore is disbursed to XYZ Ltd. initially, and the remaining ₹4 crore is not availed.

2. Valuation of Service:

- The taxable value for the corporate guarantee service is calculated on the guaranteed amount, i.e., ₹10 crore.
- As per Rule 28(2) of CGST Rules, the taxable value is 1% of the guaranteed amount.

3. Calculation:

- Taxable Value = 1% of ₹10 crore = ₹10 lakh.
- GST at 18% = ₹10 lakh × 18% = ₹1.8 lakh.

4. Outcome:

- GST payable by ABC Ltd. = ₹1.8 lakh, irrespective of the actual loan disbursed (₹6 crore).

Part 2: ITC Eligibility for XYZ Ltd.

1. Facts:

- XYZ Ltd. receives an invoice from ABC Ltd. for the corporate guarantee service with a taxable value of ₹10 lakh and GST of ₹1.8 lakh.
- XYZ Ltd. has availed only ₹6 crore of the ₹10 crore loan.

2. Eligibility for ITC:

- XYZ Ltd. is eligible to claim the full ITC of ₹1.8 lakh for the GST paid on the corporate guarantee service.
- The claim is valid irrespective of:
 - The amount of loan disbursed.
 - The timing of loan disbursement.

Issue 3: GST Implications on Takeover of Existing Loans with Corporate Guarantees:

Case 1: Assignment of Existing Corporate Guarantee

- ABC Ltd. provides a corporate guarantee for a loan of ₹20 crore taken by its related entity, XYZ Ltd., from Bank A.

- Later, Bank B takes over the loan from Bank A.
- No new corporate guarantee is issued, and the existing guarantee is merely assigned to Bank B.
- The takeover of the loan by Bank B does not involve a fresh supply of service.
- The corporate guarantee issued by ABC Ltd. remains the same and is assigned to Bank B.
- As clarified, this activity does not attract GST since no new corporate guarantee is issued or renewed.

Case 2: Issuance of a Fresh Corporate Guarantee

- Following the loan takeover by Bank B, a new corporate guarantee is issued by ABC Ltd. to replace the existing one.
- If ABC Ltd. issues a fresh corporate guarantee to Bank B for the same loan amount of ₹20 crore, it constitutes a new taxable supply of service.
- Taxable Value of Service: Calculated as per Rule 28(2) of CGST Rules.
- Taxable Value = 1% of ₹20 crore = ₹20 lakh.
- GST @18% = ₹20 lakh × 18% = ₹3.6 lakh.
- ABC Ltd. must charge GST on the fresh corporate guarantee provided.

Issue 4: GST on Corporate Guarantee Provided by Multiple Co-Guarantors

Scenario 1: Equal Sharing of Guarantee

1. Facts:

- Two co-guarantors, Company A and Company B, jointly provide a corporate guarantee for ₹1 crore on behalf of a related recipient, Company C.
- Both A and B share the guarantee equally, i.e., ₹50 lakh each.
- No specific consideration is paid to either co-guarantor.

2. GST Calculation:

- Since the guarantee amount is shared equally, GST liability is calculated based on 1% of the total guarantee amount.
- Each co-guarantor will pay GST on their proportion of the guarantee.

Taxable Value:

- Company A: 1% of ₹50 lakh = ₹50,000
- Company B: 1% of ₹50 lakh = ₹50,000

GST @18%:

- Company A: ₹50,000 × 18% = ₹9,000
- Company B: ₹50,000 × 18% = ₹9,000

Conclusion: Both co-guarantors are liable to pay GST on their respective taxable values.

Scenario 2: Unequal Sharing of Guarantee

1. Facts:

- Two co-guarantors, Company A and Company B, jointly provide a corporate guarantee for ₹1 crore on behalf of Company C.
- A provides 60% of the guarantee, i.e., ₹60 lakh.
- B provides the remaining 40%, i.e., ₹40 lakh.
- No specific consideration is paid to either co-guarantor.

2. GST Calculation:

- GST liability is calculated based on 1% of the guarantee provided by each co-guarantor.

Taxable Value:

- Company A: 1% of ₹60 lakh = ₹60,000
- Company B: 1% of ₹40 lakh = ₹40,000

GST @18%:

- Company A: ₹60,000 × 18% = ₹10,800
- Company B: ₹40,000 × 18% = ₹7,200

Conclusion: Each co-guarantor is liable to pay GST on their respective taxable values based on the proportion of the guarantee provided.

Scenario 3: Higher Actual Consideration Paid

1. Facts:

- Two co-guarantors, Company A and Company B, jointly provide a corporate guarantee for ₹1 crore on behalf of Company C.
- A and B share the guarantee equally, i.e., ₹50 lakh each.
- The actual consideration paid to A is ₹80,000, and to B is ₹70,000.

2. GST Calculation:

- Since the total consideration (₹1,50,000) exceeds 1% of the guarantee amount (₹1,00,000), GST is payable on the actual consideration received.

Taxable Value:

- Company A: ₹80,000
- Company B: ₹70,000

GST @18%:

- Company A: ₹80,000 × 18% = ₹14,400
- Company B: ₹70,000 × 18% = ₹12,600

Conclusion: In cases where the total consideration exceeds 1% of the guarantee amount, GST is payable on the actual consideration received by each co-guarantor.

Issue 5: GST Payment on Intra-Group Corporate Guarantees

Scenario 1: Domestic Corporate Guarantee

1. Facts:

- Company A (parent company in India) issues a corporate guarantee to a bank on behalf of its subsidiary, Company B (also in India).
- The guarantee amount is ₹1 crore.
- Since both entities are domestic and related, GST is applicable under the forward charge mechanism.

2. GST Process:

- Company A (guarantor) must issue an invoice to Company B (recipient) for providing the corporate guarantee.
- GST is calculated as 1% of the guarantee amount, i.e., ₹1,00,000.
- Company A will charge and pay GST to the government.

3. Taxable Value and GST Calculation:

- Taxable Value: ₹1,00,000 (1% of ₹1 crore)
- GST @18%: ₹1,00,000 × 18% = ₹18,000

4. Input Tax Credit (ITC):

- Company B can claim ITC of ₹18,000 based on the invoice issued by Company A under Section 31 of the CGST Act, 2017.

Scenario 2: Foreign Intra-Group Corporate Guarantee**1. Facts:**

- Parent Company X (located overseas) issues a corporate guarantee to a bank on behalf of its wholly-owned subsidiary, Subsidiary Company Y (located in India).
- The guarantee amount is ₹20 crore.
- Since the guarantor is a foreign entity and the recipient is in India, GST is payable under the reverse charge mechanism by Subsidiary Company Y.

2. GST Process:

- Subsidiary Company Y must self-account for GST and pay it to the government under the reverse charge mechanism.

3. Taxable Value and GST Calculation:

- Taxable Value: ₹20,00,000 (1% of ₹20 crore)
- GST @18%: ₹20,00,000 × 18% = ₹3,60,000

4. Input Tax Credit (ITC):

- Subsidiary Company Y can claim ITC of ₹3,60,000 for the GST paid under the reverse charge mechanism, provided all conditions for claiming ITC are satisfied.

Key Distinctions

| Aspect | Domestic Intra-Group Guarantee | Foreign Intra-Group Guarantee |
|----------------------------|--|--|
| Guarantor | Indian Parent Company (e.g., A) | Overseas Parent Company (e.g., X) |
| Recipient | Indian Subsidiary (e.g., B) | Indian Subsidiary (e.g., Y) |
| Relationship | Related Persons (intra-group) | Related Persons (intra-group) |
| GST Mechanism | Forward Charge | Reverse Charge |
| Taxpayer | Guarantor pays GST | Recipient pays GST |
| Invoice Requirement | Invoice issued by Parent Company A | No invoice; self-accounting by Subsidiary Y. Hence, invoice issued by recipient. |
| ITC Eligibility | Subsidiary B claims ITC based on invoice | Subsidiary Y claims ITC for GST paid under RCM |

Issue 6: Discharge of Tax Liability on Corporate Guarantee**Scenario 1: Corporate Guarantee Issued for a Fixed Term of 5 Years****1. Facts:**

- A holding company (A) provides a corporate guarantee to a bank for securing a loan of ₹10 crore on behalf of its subsidiary (B) for a tenure of 5 years.
- The actual consideration for the corporate guarantee is ₹3 lakh per year.

2. Valuation of Supply:

- One per cent per annum of the guarantee amount: ₹10 crore \times 1% = ₹10 lakh per year.
- Total for 5 years: ₹10 lakh \times 5 = ₹50 lakh.
- Actual consideration: ₹3 lakh \times 5 = ₹15 lakh.
- As per Rule 28(2), the higher of the two is the taxable value.

3. Taxable Value and GST Calculation:

- Taxable Value: ₹50 lakh (higher of ₹50 lakh and ₹15 lakh).
- GST @18%: ₹50 lakh \times 18% = ₹9 lakh.

4. Tax Payment Timeline:

- Time of supply - GST is payable at the time of issuance of the corporate guarantee for the full tenure (5 years).

Scenario 2: Corporate Guarantee Issued for 1 Year and Renewed Annually for 5 Years**1. Facts:**

- A holding company (A) provides a corporate guarantee to a bank for ₹10 crore on behalf of its subsidiary (B) for 1 year, renewable annually for 5 years.
- The actual consideration is ₹3 lakh per year.

2. Valuation of Supply for Each Year:

- One per cent per annum of the guarantee amount: ₹10 crore \times 1% = ₹10 lakh per year.
- Actual consideration: ₹3 lakh per year.
- As per Rule 28(2), the higher of the two is the taxable value.

3. Taxable Value and GST Calculation (Per Year):

- Taxable Value: ₹10 lakh (higher of ₹10 lakh and ₹3 lakh).
- GST @18%: ₹10 lakh \times 18% = ₹1.8 lakh per year.

4. Tax Payment Timeline:

- Time of supply - GST is payable each time the corporate guarantee is renewed for that year.

Scenario 3: Corporate Guarantee Issued for Less Than 1 Year (6 Months)**1. Facts:**

- A holding company (A) provides a corporate guarantee to a bank for ₹10 crore on behalf of its subsidiary (B) for 6 months.
- The actual consideration is ₹1.5 lakh.

2. Valuation of Supply for 6 Months:

- Proportionate value for 6 months: ₹10 crore \times (6/12) \times 1% = ₹5 lakh.
- Actual consideration: ₹1.5 lakh.
- As per Rule 28(2), the higher of the two is the taxable value.

3. Taxable Value and GST Calculation:

- Taxable Value: ₹5 lakh (higher of ₹5 lakh and ₹1.5 lakh).
- GST @18%: ₹5 lakh \times 18% = ₹90,000.

4. Tax Payment Timeline:

- Time of supply - GST is payable at the time of issuance of the corporate guarantee for 6 months.

Issue 7: Whether the benefit of second proviso to sub-rule (1), which states that value declared in invoice is deemed to be the open market value in cases where full input tax credit is available to the recipient of services, is not applicable in cases falling under sub-rule (2)?

Clarification: Proviso has been inserted in sub-rule (2) of Rule 28 of CGST Rules, retrospectively with effect from 26th October 2023 vide notification No. 12/2024 - CT dated 10.07.2024, similar to that provided in the second proviso to sub-rule (1) of Rule 28 of CGST Rules, to provide the benefit in cases involving supply of service of corporate guarantees provided between related persons.

Accordingly, it is clarified that in cases involving the supply of service of corporate guarantees provided between related persons, where full input tax credit is available to the recipient of services, the value declared in the invoice shall be deemed to be the value of supply of the said service

Scenario:**1. Facts:**

- **A holding company (A)** provides a corporate guarantee to a bank for securing a loan of ₹10 crore on behalf of its subsidiary (B).
- Subsidiary B is eligible to claim full Input Tax Credit (ITC) on the services of the corporate guarantee.
- Value Declared in the Invoice: ₹1.5 lakh per year as the consideration for the corporate guarantee.

2. Valuation of Supply:

- As per sub-rule (2) of Rule 28, the taxable value should generally be the higher of:
 - 1% of the guarantee amount per annum: ₹10 crore \times 1% = ₹10 lakh.
 - Actual consideration declared in the invoice: ₹1.5 lakh.
- However, since full ITC is available to the recipient (B), the proviso to sub-rule (2) of Rule 28 applies.
- Result: The value declared in the invoice (₹1.5 lakh) is deemed to be the taxable value.

3. GST Calculation:

- Taxable Value: ₹1.5 lakh (as declared in the invoice).
- GST @18%: ₹1.5 lakh \times 18% = ₹27,000.

4. Key Clarification:

- The benefit of the proviso ensures that the declared invoice value is accepted as the taxable value if full ITC is available to the recipient.
- The higher valuation (e.g., 1% of the guarantee amount) is not applied in such cases.

Comparison Without ITC Benefit:

If Subsidiary B was not eligible for full ITC, the taxable value would be determined as the higher of:

- 1% of ₹10 crore = ₹10 lakh
- Declared Invoice Value = ₹1.5 lakh

In such a case, the taxable value would be ₹10 lakh, and GST payable would be ₹10 lakh \times 18% = ₹1.8 lakh.

Issue 8: Whether the valuation in terms of Rule 28(2) of CGST Rules will apply to the export of the service of providing corporate guarantee between related persons?

Clarification:

As per the amendment done in sub-rule (2) of rule 28 of CGST Rules retrospectively w.e.f. 26th October 2023 vide notification No. 12/2024 -CT dated 10.07.2024, the provisions of the said sub-rule will not apply in cases where the recipient of the services of providing corporate guarantee between related persons is located outside India. Accordingly, the provisions of the said sub-rule shall not apply to the export of the services of providing corporate guarantee between related persons.

M/s X Ltd owned factory in Chennai (Tamil Nadu) and one depot in Cochin (Kerala). Depot in Cochin is required to obtain separate registration as they are considered as distinct person under Section 25(4) of the CGST Act, 2017. The goods manufactured in Chennai factory will be transferred to Cochin Depot where it will be sold as it is.

| Particulars | No. of units | Price at Factory Per unit | Price at Depot Per unit | Rate of IGST Advalorem |
|---|--------------|---------------------------|-------------------------|------------------------|
| (i) Goods transferred from factory to depot on 8th February | 1,000 | ₹200 | ₹220 | 18% |
| (ii) Goods actually sold at depot on 18th February | 750 | ₹220 | ₹250 | 12% |

Find the value of taxable supply of goods and IGST liability in the hands of M/s X Ltd. of Chennai.

Note: Depot in Cochin is not availing input tax credit.

Solution:

Value of taxable supply of goods = ₹1,98,000 (₹220 × 1,000 units) × 90%

IGST = ₹35,640 (i.e. ₹1,98,000 × 18/100)

Note: It means at the time of transfer of goods from Chennai Factory to Cochin Depot, M/s X Ltd. will have to determine the price at which depot will sell the goods to his customers.

As per 1st proviso to Rule 28 of Chapter IV of the CGST Rules, 2017 provides that such price should be the price for sale of goods to unrelated person.

M/s X Ltd. has option to pay GST on 90% of such value (i.e. 90% of the price at which the goods are being sold from Cochin Depot).

Illustration 23

M/s Y Ltd owned factory in Hyderabad (Telangana) and one depot in Vijayawada (Andhra Pradesh). Depot in Vijayawada is required to obtain separate registration as they are considered as distinct person under Section 25(4) of the CGST Act, 2017. The goods manufactured in Hyderabad factory will be transferred to Vijayawada Depot where it will be sold as it is. Depot in Vijayawada is availing Input Tax Credit.

| Particulars | No. of units | Price at Factory Per unit | Price at Depot Per unit | Rate of IGST Advalorem |
|---|--------------|---------------------------|-------------------------|------------------------|
| (i) Goods transferred from factory to depot on 8th February | 1,000 | ₹200 | ₹220 | 18% |
| (ii) Goods actually sold at depot on 18th February | 750 | ₹220 | ₹250 | 12% |

Find the value of taxable supply of goods and IGST liability in the hands of M/s Y Ltd. of Hyderabad.

Solution:

Value of taxable supply of goods = ₹2,00,000 (i.e. Deemed to be open market value) (1000 units × ₹200)

IGST = ₹36,000 (₹2,00,000 × 18/100)

Note:

- As per 2nd proviso to Rule 28 of Chapter IV of the CGST Rules, 2017 provides that where the recipient is eligible for input tax credit, value declared in the invoice shall be deemed to be open market value of goods or services.
- Integrated Tax Department has right to reject the valuation if the value is not full fill the open market value. It should meet the requirement of sole consideration.

Illustration 24

Kamal & Co. manufactures customized products at its unit situated in Rajasthan. Cost of production for Kamal & Co for 1000 products is ₹20,00,000. These products require further processing before sale, and for this purpose products are transferred from its Rajasthan unit to its another unit in Punjab. The Punjab unit, apart from processing its own products, engages in processing of similar products of other persons who supply the products of the same kind and quality and thereafter sells these processed products to wholesalers. There are no other factories in the neighboring area which are engaged in the same business as that of its Punjab unit. Products of the same kind and quality are supplied in lots of 1000 each time by another manufacturer located in Punjab. The price of such goods is ₹19,00,000. Determine the value of 1000 products supplied by Kamal & Co. to its Punjab unit as per the provisions of CGST Act, 2017.

Solution:

Value of supply for Kamal & Co., Rajasthan: The value of the supply of goods or services or both between distinct persons as specified in section 25(4) and section 25(5) of the CGST Act, 2017 or where the supplier and recipient are related, other than where the supply is made through an agent, shall—

- (a) be Open market value of such supply
- (b) if the open market value is not available, be the value of supply of goods or services of like kind and quality.
- (c) If value is not determinable under clause (a) or (b), be the value as determined by application of rule 30 or rule 31, in that order.

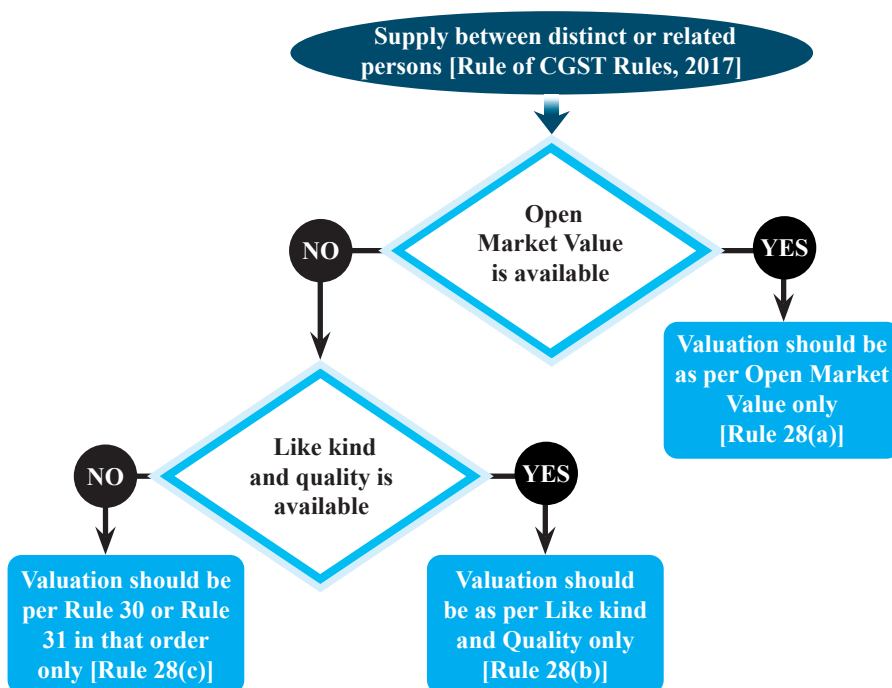

Provided that where the goods are intended for further supply as such by the recipient, the value shall, at the option of the supplier, be an amount equivalent to 90% of the price charged of the supply of goods of like kind and quality by the recipient to his customer not being a related person:

Provided further that where the recipient is eligible for full input tax credit, the value declared in the invoice shall be deemed to be the open market value of goods or services.

In the given case, open market value of the 1000 products being supplied to Punjab unit is not available since the supplier manufactures customised products. Therefore, value of 1000 products supplied by Rajasthan unit of Kamal & Co. to Punjab unit will be the value of the goods of like kind and quality supplied to Punjab unit by other customers which is ₹19,00,000.

Since goods are not supplied as such by the Punjab unit, goods cannot be valued @ 90% of the price charged for the supply of like goods by the Punjab unit to its unrelated customers in terms of first proviso to rule 28 of CGST Rules, 2017.

Further, if Punjab unit is entitled for full ITC, the value declared in the invoice of Rajasthan unit will be deemed to be the open market value of the goods vide second proviso to rule 28 of CGST Rules, 2017.

Simplified Approach: Rule 28 of the CGST Rules, 2017:

1st Proviso to Rule 28: Where the goods supplied as such, at the option of the supplier value shall be 90% of the price charged by recipient.

2nd Proviso to Rule 28: Where the recipient is eligible for full ITC, the value declared in the invoice shall be deemed to be the open market value of goods or service

Corporate Guarantee:

The CBIC has also issued Circular No. 204/16/2023-GST, dated 27-10-2023 to clarify the taxability and valuation of corporate guarantee under GST. It is clarified that the activity of providing corporate guarantee to the bank/financial institutions for providing credit facility to the other company, where both the companies are related, is to be treated as supply of service. In case where no consideration is involved then also it is to be treated as a taxable supply of service as per provisions of Schedule I of CGST Act.

Circular No. 204/16/2023-GST, dated 27-10-2023:

| S.No. | Issue | clarification |
|-------|--|--|
| 1. | Whether the activity of providing personal guarantee by the Director of a company to the bank/ financial institutions for sanctioning of credit facilities to the said company without any consideration will be treated as a supply of service or not and whether the same will attract GST or not. | <p>CBIC clarified about the taxability and valuation of 'personal guarantees' provided by a director on behalf of the company. The CBIC has taken reference from RBI Circular which clearly states that no consideration by way of commission, brokerage fees or any other form, can be paid to the director by the company, directly or indirectly, in lieu of providing personal guarantee to the bank for borrowing credit limits.</p> <p>Therefore, it is clarified that the open market value of the said transaction may be taken as zero and thus, the taxable value would be zero. In such a scenario, no tax is payable, except in exceptional cases where consideration is charged for undertaking the guarantee.</p> <p>There may, however, be cases where the director, who had provided the guarantee, is no longer connected with the management but continuance of his guarantee is considered essential because the new management's guarantee is either not available or is found inadequate, or there may be other exceptional cases where the promoters, existing directors, other managerial personnel, and shareholders of borrowing concerns are paid remuneration/ consideration in any manner, directly or indirectly. In all these cases, the taxable value of such supply of service shall be the remuneration/ consideration provided to such a person/ guarantor by the company, directly or indirectly.</p> |
| 2. | Whether the activity of providing corporate guarantee by a person on behalf of another related person, or by the holding company for sanction of credit facilities to its subsidiary company, to the bank/ | <p>Where the corporate guarantee is provided by a company to the bank/ financial institutions for providing credit facilities to the other company, where both the companies are related, the activity is to be treated as a supply of service between related parties as per provisions of Schedule I of CGST Act, even when made without any consideration.</p> <p>Similarly, where the corporate guarantee is provided by a holding company, for its subsidiary company, those two entities also fall under the category of 'related persons'.</p> |

| | | |
|--|--|--|
| | <p>financial institutions, even when made without any consideration will be treated as a taxable supply of service or not, and if taxable, what would be the valuation of such supply of services.</p> | <p>Hence the activity of providing corporate guarantee by a holding company to the bank/financial institutions for securing credit facilities for its subsidiary company, even when made without any consideration, is also to be treated as a supply of service by holding company to the subsidiary company, being a related person, as per provisions of Schedule I of CGST Act.</p> <p>In respect of such supply of services by a person to another related person or by a holding company to a subsidiary company, in form of providing corporate guarantee on their behalf to a bank/ financial institution, the taxable value will be determined as per rule 28 of CGST Rules.</p> <p>Considering different practices being followed by the field formations and taxpayers in determining such taxable value, in order to provide uniformity in practices and ease of implementation, sub-rule (2) has been inserted in rule 28 of CGST Rules vide Notification No. 52/2023 dated 26.10.2023, for determining the taxable value of such supply of services between related persons in respect of providing corporate guarantee. Accordingly, consequent to insertion of the said sub-rule in rule 28 of CGST Rules, in all such cases of supply of services by a related person to another person, or by a holding company to a subsidiary company, in the form of providing corporate guarantee on their behalf to a bank/ financial institution, the taxable value of such supply of services, will henceforth be determined as per the provisions of the sub-rule (2) of Rule 28 of CGST Rules, irrespective of whether full ITC is available to the recipient of services or not.</p> <p>It is clarified that the sub-rule (2) of Rule 28 shall not apply in respect of the activity of providing personal guarantee by the Director to the banks/ financial institutions for securing credit facilities for their companies and the same shall be valued in the manner provided in S. No. (1) above.</p> |

CBIC issued Circular No. 225/19/2024-GST dt. 11th July, 2024 regarding Clarification on various issues pertaining to taxability and valuation of supply of services of providing corporate guarantee between related persons are as under:

Issue 1:

- Whether Rule 28(2) of CGST Rules applies to corporate guarantees issued before its introduction on 26th October 2023.
- Whether intra-group corporate guarantees issued prior to this date, still in force, would require GST payment based on “1% of the amount of such guarantee offered”.

Clarification:

Example 1: Corporate Guarantee Issued Before 26th October 2023

Scenario:

- ABC Ltd. (Holding Company) provided a corporate guarantee to PQR Bank on behalf of its subsidiary, XYZ Ltd., on 1st January 2023, for a loan of ₹10 crore.
- No consideration was charged by ABC Ltd. for this guarantee.

GST Implications:

1. Taxability:

- The corporate guarantee qualifies as a taxable supply of service between related parties under Schedule I of CGST Act.

2. Valuation:

- Since the guarantee was issued before 26th October 2023, its value must be determined as per the earlier Rule 28, considering:
 - Open market value, or
 - Value of similar services, or
 - Residual valuation as prescribed under Rule 30 or Rule 31.

Calculation:

- If the open market value of a similar corporate guarantee is determined to be ₹1 lakh, GST will be calculated on ₹1 lakh.

Example 2: Corporate Guarantee Issued On or After 26th October 2023**Scenario (no consideration):**

- On 1st November 2023, ABC Ltd. renewed its earlier guarantee for the same loan of ₹10 crore on behalf of XYZ Ltd..

GST Implications:

1. Taxability:

- The renewed guarantee is a taxable supply under Schedule I.

2. Valuation:

- Since the guarantee is renewed after 26th October 2023, valuation will be done as per Rule 28(2).
- Taxable Value = 1% of the guarantee amount.

Example Calculation:

- Taxable Value = 1% of ₹10 crore = ₹10 lakh.
- GST at 18% = ₹10 lakh × 18% = ₹1.8 lakh.

Key Differences:

1. Before 26th October 2023: Valuation relied on open market value or other earlier rules.
2. On or After 26th October 2023: Valuation is explicitly 1% of the corporate guarantee amount as per Rule 28(2).

Issue 2:

- a. When a corporate guarantee is issued for a specific amount, but the loan is only partly availed or not availed at all, how is the value of the corporate guarantee determined?
- b. Is the recipient eligible to claim full Input Tax Credit (ITC) for the GST charged, even before the full loan amount is disbursed?

Clarification:

Part 1: Valuation of Corporate Guarantee

1. Facts:

- ABC Ltd. (Guarantor) provides a corporate guarantee to XYZ Ltd. (Recipient) for a loan of ₹10 crore from PQR Bank. ABC Ltd., and XYZ Ltd., are related persons.
- PQR Bank approves the loan, but only ₹6 crore is disbursed to XYZ Ltd. initially, and the remaining ₹4 crore is not availed.

2. Valuation of Service:

- The taxable value for the corporate guarantee service is calculated on the guaranteed amount, i.e., ₹10 crore.
- As per Rule 28(2) of CGST Rules, the taxable value is 1% of the guaranteed amount.

3. Calculation:

- Taxable Value = 1% of ₹10 crore = ₹10 lakh.
- GST at 18% = ₹10 lakh × 18% = ₹1.8 lakh.

4. Outcome:

- GST payable by ABC Ltd. = ₹1.8 lakh, irrespective of the actual loan disbursed (₹6 crore).

Part 2: ITC Eligibility for XYZ Ltd.

1. Facts:

- XYZ Ltd. receives an invoice from ABC Ltd. for the corporate guarantee service with a taxable value of ₹10 lakh and GST of ₹1.8 lakh.
- XYZ Ltd. has availed only ₹6 crore of the ₹10 crore loan.

2. Eligibility for ITC:

- XYZ Ltd. is eligible to claim the full ITC of ₹1.8 lakh for the GST paid on the corporate guarantee service.
- The claim is valid irrespective of:
- The amount of loan disbursed.
- The timing of loan disbursement.

Issue 3: GST Implications on Takeover of Existing Loans with Corporate Guarantees:

Case 1: Assignment of Existing Corporate Guarantee

- ABC Ltd. provides a corporate guarantee for a loan of ₹20 crore taken by its related entity, XYZ Ltd., from Bank A.
- Later, Bank B takes over the loan from Bank A.
- No new corporate guarantee is issued, and the existing guarantee is merely assigned to Bank B.
- The takeover of the loan by Bank B does not involve a fresh supply of service.
- The corporate guarantee issued by ABC Ltd. remains the same and is assigned to Bank B.
- As clarified, this activity does not attract GST since no new corporate guarantee is issued or renewed.

Case 2: Issuance of a Fresh Corporate Guarantee

- Following the loan takeover by Bank B, a new corporate guarantee is issued by ABC Ltd. to replace the existing one.
- If ABC Ltd. issues a fresh corporate guarantee to Bank B for the same loan amount of ₹20 crore, it constitutes a new taxable supply of service.
- Taxable Value of Service: Calculated as per Rule 28(2) of CGST Rules.
- Taxable Value = 1% of ₹20 crore = ₹20 lakh.
- GST @18% = ₹20 lakh × 18% = ₹3.6 lakh.
- ABC Ltd. must charge GST on the fresh corporate guarantee provided.

Issue 4: GST on Corporate Guarantee Provided by Multiple Co-Guarantors**Scenario 1: Equal Sharing of Guarantee****1. Facts:**

- Two co-guarantors, Company A and Company B, jointly provide a corporate guarantee for ₹1 crore on behalf of a related recipient, Company C.
- Both A and B share the guarantee equally, i.e., ₹50 lakh each.
- No specific consideration is paid to either co-guarantor.

2. GST Calculation:

- Since the guarantee amount is shared equally, GST liability is calculated based on 1% of the total guarantee amount.
- Each co-guarantor will pay GST on their proportion of the guarantee.

Taxable Value:

- Company A: 1% of ₹50 lakh = ₹50,000
- Company B: 1% of ₹50 lakh = ₹50,000

GST @18%:

- Company A: ₹50,000 × 18% = ₹9,000
- Company B: ₹50,000 × 18% = ₹9,000

Conclusion: Both co-guarantors are liable to pay GST on their respective taxable values.

Scenario 2: Unequal Sharing of Guarantee**1. Facts:**

- Two co-guarantors, Company A and Company B, jointly provide a corporate guarantee for ₹1 crore on behalf of Company C.
- A provides 60% of the guarantee, i.e., ₹60 lakh.
- B provides the remaining 40%, i.e., ₹40 lakh.
- No specific consideration is paid to either co-guarantor.

2. GST Calculation:

- GST liability is calculated based on 1% of the guarantee provided by each co-guarantor.

Taxable Value:

- Company A: 1% of ₹60 lakh = ₹60,000
- Company B: 1% of ₹40 lakh = ₹40,000

GST @18%:

- Company A: ₹60,000 × 18% = ₹10,800
- Company B: ₹40,000 × 18% = ₹7,200

Conclusion: Each co-guarantor is liable to pay GST on their respective taxable values based on the proportion of the guarantee provided.

Scenario 3: Higher Actual Consideration Paid

1. Facts:

- Two co-guarantors, Company A and Company B, jointly provide a corporate guarantee for ₹1 crore on behalf of Company C.
- A and B share the guarantee equally, i.e., ₹50 lakh each.
- The actual consideration paid to A is ₹80,000, and to B is ₹70,000.

2. GST Calculation:

- Since the total consideration (₹1,50,000) exceeds 1% of the guarantee amount (₹1,00,000), GST is payable on the actual consideration received.

Taxable Value:

- Company A: ₹80,000
- Company B: ₹70,000

GST @18%:

- Company A: ₹80,000 × 18% = ₹14,400
- Company B: ₹70,000 × 18% = ₹12,600

Conclusion: In cases where the total consideration exceeds 1% of the guarantee amount, GST is payable on the actual consideration received by each co-guarantor.

Issue 5: GST Payment on Intra-Group Corporate Guarantees

Scenario 1: Domestic Corporate Guarantee

1. Facts:

- Company A (parent company in India) issues a corporate guarantee to a bank on behalf of its subsidiary, Company B (also in India).
- The guarantee amount is ₹1 crore.
- Since both entities are domestic and related, GST is applicable under the forward charge mechanism.

2. GST Process:

- Company A (guarantor) must issue an invoice to Company B (recipient) for providing the corporate guarantee.
- GST is calculated as 1% of the guarantee amount, i.e., ₹1,00,000.
- Company A will charge and pay GST to the government.

3. Taxable Value and GST Calculation:

- Taxable Value: ₹1,00,000 (1% of ₹1 crore)
- GST @18%: ₹1,00,000 × 18% = ₹18,000

4. Input Tax Credit (ITC):

- Company B can claim ITC of ₹18,000 based on the invoice issued by Company A under Section 31 of the CGST Act, 2017.

Scenario 2: Foreign Intra-Group Corporate Guarantee**1. Facts:**

- Parent Company X (located overseas) issues a corporate guarantee to a bank on behalf of its wholly-owned subsidiary, Subsidiary Company Y (located in India).
- The guarantee amount is ₹20 crore.
- Since the guarantor is a foreign entity and the recipient is in India, GST is payable under the reverse charge mechanism by Subsidiary Company Y.

2. GST Process:

- Subsidiary Company Y must self-account for GST and pay it to the government under the reverse charge mechanism.

3. Taxable Value and GST Calculation:

- Taxable Value: ₹20,00,000 (1% of ₹20 crore)
- GST @18%: ₹20,00,000 × 18% = ₹3,60,000

4. Input Tax Credit (ITC):

- Subsidiary Company Y can claim ITC of ₹3,60,000 for the GST paid under the reverse charge mechanism, provided all conditions for claiming ITC are satisfied.

Key Distinctions

| Aspect | Domestic Intra-Group Guarantee | Foreign Intra-Group Guarantee |
|----------------------------|--|--|
| Guarantor | Indian Parent Company (e.g., A) | Overseas Parent Company (e.g., X) |
| Recipient | Indian Subsidiary (e.g., B) | Indian Subsidiary (e.g., Y) |
| Relationship | Related Persons (intra-group) | Related Persons (intra-group) |
| GST Mechanism | Forward Charge | Reverse Charge |
| Taxpayer | Guarantor pays GST | Recipient pays GST |
| Invoice Requirement | Invoice issued by Parent Company A | No invoice; self-accounting by Subsidiary Y. Hence, invoice issued by recipient. |
| ITC Eligibility | Subsidiary B claims ITC based on invoice | Subsidiary Y claims ITC for GST paid under RCM |

Issue 6: Discharge of Tax Liability on Corporate Guarantee

Scenario 1: Corporate Guarantee Issued for a Fixed Term of 5 Years

1. Facts:

- A holding company (A) provides a corporate guarantee to a bank for securing a loan of ₹10 crore on behalf of its subsidiary (B) for a tenure of 5 years.
- The actual consideration for the corporate guarantee is ₹3 lakh per year.

2. Valuation of Supply:

- One per cent per annum of the guarantee amount: ₹10 crore \times 1% = ₹10 lakh per year.
- Total for 5 years: ₹10 lakh \times 5 = ₹50 lakh.
- Actual consideration: ₹3 lakh \times 5 = ₹15 lakh.
- As per Rule 28(2), the higher of the two is the taxable value.

3. Taxable Value and GST Calculation:

- Taxable Value: ₹50 lakh (higher of ₹50 lakh and ₹15 lakh).
- GST @18%: ₹50 lakh \times 18% = ₹9 lakh.

4. Tax Payment Timeline:

- Time of supply - GST is payable at the time of issuance of the corporate guarantee for the full tenure (5 years).

Scenario 2: Corporate Guarantee Issued for 1 Year and Renewed Annually for 5 Years

1. Facts:

- A holding company (A) provides a corporate guarantee to a bank for ₹10 crore on behalf of its subsidiary (B) for 1 year, renewable annually for 5 years.
- The actual consideration is ₹3 lakh per year.

2. Valuation of Supply for Each Year:

- One per cent per annum of the guarantee amount: ₹10 crore \times 1% = ₹10 lakh per year.
- Actual consideration: ₹3 lakh per year.
- As per Rule 28(2), the higher of the two is the taxable value.

3. Taxable Value and GST Calculation (Per Year):

- Taxable Value: ₹10 lakh (higher of ₹10 lakh and ₹3 lakh).
- GST @18%: ₹10 lakh \times 18% = ₹1.8 lakh per year.

4. Tax Payment Timeline:

- Time of supply - GST is payable each time the corporate guarantee is renewed for that year.

Scenario 3: Corporate Guarantee Issued for Less Than 1 Year (6 Months)

1. Facts:

- A holding company (A) provides a corporate guarantee to a bank for ₹10 crore on behalf of its subsidiary (B) for 6 months.
- The actual consideration is ₹1.5 lakh.

2. Valuation of Supply for 6 Months:

- Proportionate value for 6 months: ₹10 crore \times (6/12) \times 1% = ₹5 lakh.
- Actual consideration: ₹1.5 lakh.
- As per Rule 28(2), the higher of the two is the taxable value.

3. Taxable Value and GST Calculation:

- Taxable Value: ₹5 lakh (higher of ₹5 lakh and ₹1.5 lakh).
- GST @18%: ₹5 lakh \times 18% = ₹90,000.

4. Tax Payment Timeline:

- Time of supply - GST is payable at the time of issuance of the corporate guarantee for 6 months.

Issue 7: Whether the benefit of second proviso to sub-rule (1), which states that value declared in invoice is deemed to be the open market value in cases where full input tax credit is available to the recipient of services, is not applicable in cases falling under sub-rule (2)?

Clarification: Proviso has been inserted in sub-rule (2) of Rule 28 of CGST Rules, retrospectively with effect from 26th October 2023 vide notification No. 12/2024 - CT dated 10.07.2024, similar to that provided in the second proviso to sub-rule (1) of Rule 28 of CGST Rules, to provide the benefit in cases involving supply of service of corporate guarantees provided between related persons.

Accordingly, it is clarified that in cases involving the supply of service of corporate guarantees provided between related persons, where full input tax credit is available to the recipient of services, the value declared in the invoice shall be deemed to be the value of supply of the said service

Scenario:**1. Facts:**

- A holding company (A) provides a corporate guarantee to a bank for securing a loan of ₹10 crore on behalf of its subsidiary (B).
- Subsidiary B is eligible to claim full Input Tax Credit (ITC) on the services of the corporate guarantee.
- Value Declared in the Invoice: ₹1.5 lakh per year as the consideration for the corporate guarantee.

2. Valuation of Supply:

- As per sub-rule (2) of Rule 28, the taxable value should generally be the higher of:
 - 1% of the guarantee amount per annum: ₹10 crore \times 1% = ₹10 lakh.
 - Actual consideration declared in the invoice: ₹1.5 lakh.
 - However, since full ITC is available to the recipient (B), the proviso to sub-rule (2) of Rule 28 applies.
 - Result: The value declared in the invoice (₹1.5 lakh) is deemed to be the taxable value.

3. GST Calculation:

- Taxable Value: ₹1.5 lakh (as declared in the invoice).
- GST @18%: ₹1.5 lakh \times 18% = ₹27,000.

4. Key Clarification:

- The benefit of the proviso ensures that the declared invoice value is accepted as the taxable value if full ITC is available to the recipient.
- The higher valuation (e.g., 1% of the guarantee amount) is not applied in such cases.

Comparison Without ITC Benefit:

If Subsidiary B was not eligible for full ITC, the taxable value would be determined as the higher of:

- 1% of ₹10 crore = ₹10 lakh
- Declared Invoice Value = ₹1.5 lakh

In such a case, the taxable value would be ₹10 lakh, and GST payable would be ₹10 lakh × 18% = ₹1.8 lakh.

Issue 8: Whether the valuation in terms of Rule 28(2) of CGST Rules will apply to the export of the service of providing corporate guarantee between related persons?

Clarification:

As per the amendment done in sub-rule (2) of rule 28 of CGST Rules retrospectively w.e.f. 26th October 2023 vide notification No. 12/2024 -CT dated 10.07.2024, the provisions of the said sub-rule will not apply in cases where the recipient of the services of providing corporate guarantee between related persons is located outside India. Accordingly, the provisions of the said sub-rule shall not apply to the export of the services of providing corporate guarantee between related persons.

Rule 29 of the CGST Rules 2017 value of supply of goods made or received from an agent:

As we are aware of that as per clause 3 of **Schedule I** of the CGST Act 2017:

SCHEDULE I

ACTIVITIES TO BE TREATED AS SUPPLY EVEN IF MADE WITHOUT CONSIDERATION

3. Supply of goods—

- (a) by a principal to his agent where the agent undertakes to supply such goods on behalf of the principal; or
- (b) by an agent to his principal where the agent undertakes to receive such goods on behalf of the principal.

As per Rule 29 of the CGST Rules, 2017 provides the manner in which value shall be determined in such cases.

- (a) be the **open market value** of the goods being supplied, or at the option of the supplier, be **90% of the price charged for the supply of goods** of like kind and quality by the recipient to his customer not being a related person, where the goods are intended for further supply by the said recipient;
- (b) where the value of a supply is not determinable under clause (a), the same shall be determined by application of Rule 30 or Rule 31 of Chapter IV of the CGST Rules 2017 in that order.

Illustration 25

A principal supplies groundnut to his agent and the agent is supplying groundnuts of like kind and quality in subsequent supplies at a price of ₹5,000 per quintal on the day of the supply. Another independent supplier is supplying groundnuts of like kind and quality to the said agent at the price of ₹4,550 per quintal.

Find the value of taxable supply in the hands of principal as per Rule 29(a) of the CGST Rules, 2017.

Solution:

The value of taxable supply made by the principal shall be ₹4,550 or where he exercises the option, the value shall be ₹4,500 (i.e. 90% of ₹5,000) per quintal.

Illustration 26

M/s P Ltd being a principal supplies laptop to his agent and the agent is supplying laptops of like kind and quality in subsequent supplies. M/s P Ltd incorporated in Chennai (Tamil Nadu). Agent is located in Nagercoil (Tamil Nadu). Goods supplied on 15th November by the Principal to his Agent.

| Particulars | No. of units | Price at which principal supplies to agent | Price at which agent supplies to his customer not being a related person | Rate of GST Advalorem |
|---|--------------|--|--|-----------------------|
| (i) Selling price on 15th November | 1,000 | ₹Nil | ₹22,000 | 18% |
| (ii) Goods procured by agent from other independent supplier supplying laptops of like kind and quality at ₹20,000 per unit on 15th November. | | | | |

Find the value of taxable supply of goods and GST liability in the hands of M/s P Ltd. of Chennai.

Solution:

Value of taxable supply made by principal shall be ₹20,000 per laptop or where the principal exercise the option the value shall be ₹19,800 per laptop (i.e. 90% of the ₹22,000).

It is economical to opt the 90% of the price charged for the supply of goods of like kind and quality by the recipient to his customer not being related person on the day of supply.

Total taxable value of supply = ₹198,00,000 (i.e. 19,800 × 1000 units).

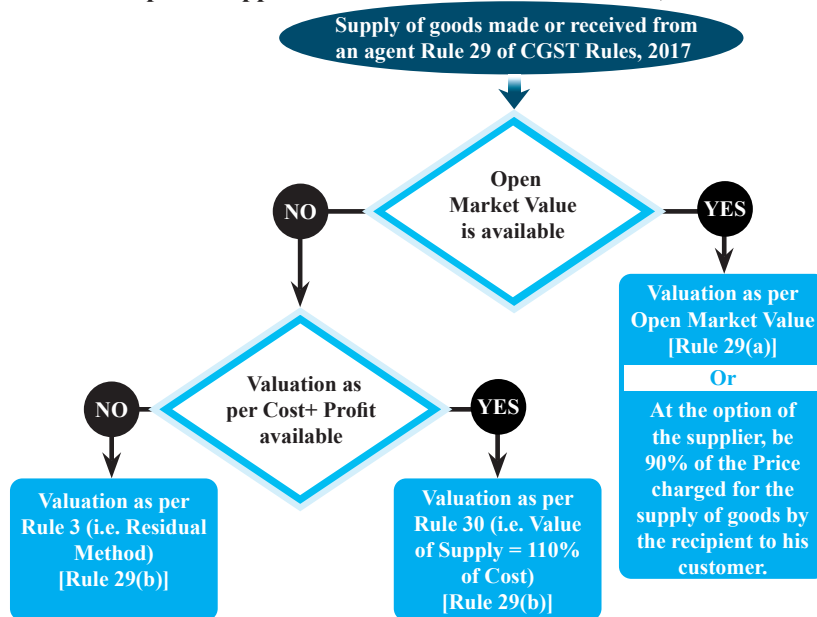

GST liability in the hands of M/s P Ltd. of Chennai:

CGST 9% on ₹198 lakh = ₹17,82,000

SGST 9% on ₹198 lakh = ₹17,82,000

Rule 30: Value of supply of goods or services or both based on Cost already covered.

Rule 31: Residual method for determination of value of supply of goods or services or both already covered.

Simplified Approach: Rule 29 of the CGST Rules, 2017:

Value of supply in case of lottery, betting, gambling and horse racing

- (1) Notwithstanding anything contained in the provisions of this Chapter, the value in respect of supplies specified below shall be determined in the manner provided hereinafter.

Explanation— For the purposes of this sub-rule, the expressions—

- (a) “lottery run by State Governments” means a lottery not allowed to be sold in any State other than the organizing State;
 - (b) “lottery authorised by State Governments” means a lottery which is authorised to be sold in State(s) other than the organising State also; and
 - (c) “Organising State” has the same meaning as assigned to it in clause (f) of sub-rule (1) of rule 2 of the Lotteries (Regulation) Rules, 2010.
- (2) The value of supply of actionable claim in the form of chance to win in betting, gambling or horse racing in a race club shall be 100% of the face value of the bet or the amount paid into the totalisator.”;

Rule 31A. Value of supply in case of lottery, betting, gambling, and horse racing

| Supply | Value |
|--|---|
| W.E.F. 1.3.2020 Supply of lottery run by State Govt. (OR) Supply of lottery authorised by State Govt. | Higher of the two amounts to be deemed as value: 100/128 of the face value of ticket OR 100/128 of the price as notified in the official Gazette by the organising State. |
| Supply of actionable claim in the form of chance to win in betting, gambling or horse racing in a race club | 100% of the face value of the bet or the amount paid into totalisator |

**Value of Supply in case of betting, gambling and horse racing (Rule 31A of CGST Rules):**

The value of supply of actionable claim in the form of chance to win in betting, gambling or horse racing in a race club shall be 100% of the face value of the bet or the amount paid into the totalisator.

W.e.f. 1st October 2023, under Section 15(5) of the CGST Act, the government on the recommendation of the Council has notified the value of supply for the following Rule 31B and 31C –

Rule 31B of CGST Rules, 2017, Value of supply in case of online gaming including online money gaming.–

Notwithstanding anything contained in this chapter, the value of supply of online gaming, including supply of actionable claims involved in online money gaming, shall be the total amount paid or payable to or deposited with the supplier by way of money or money's worth, including virtual digital assets, by or on behalf of the player:

Provided that any amount returned or refunded by the supplier to the player for any reasons whatsoever, including player not using the amount paid or deposited with the supplier for participating in any event, shall not be deductible from the value of supply of online money gaming.

Rule 31C of the CGST Rules, 2017: Value of supply of actionable claims in case of casino.– Notwithstanding anything contained in this chapter, the value of supply of actionable claims in casino shall be the total amount paid or payable by or on behalf of the player for –

- (i) purchase of the tokens, chips, coins or tickets, by whatever name called, for use in casino; or
- (ii) participating in any event, including game, scheme, competition or any other activity or process, in the casino, in cases where the token, chips, coins or tickets, by whatever name called, are not required:

Provided that any amount returned or refunded by the casino to the player on return of token, coins, chips, or tickets, as the case may be, or otherwise, shall not be deductible from the value of the supply of actionable claims in casino.

Explanation.- For the purpose of rule 31B and rule 31C, any amount received by the player by winning any event, including game, scheme, competition or any other activity or process, which is used for playing by the said player in a further event without withdrawing, shall not be considered as the amount paid to or deposited with the supplier by or on behalf of the said player.”

Example 1:

Let us assume each player placed bets worth Rs 100. As such, total bets would be Rs 400. Now, the company concerned gets a platform fee, at the rate of 10 per cent of the bet. This meant Rs 10 from each player and Rs 40 in total is what the company earns. Players winning the games can redeploy their prize into the game.

The industry wants to pay GST on ₹ 40 only. However, the Council decided to impose 28 per cent GST on Rs 400 and exempted the prize money redeployed in the games from GST.

Example 2:

| Gaming Platform Type | Game Type | User Purchase (In-Game Currency) | Platform Fee (10% of Purchase) | New GST (28% on Full Purchase) |
|---------------------------|---------------|----------------------------------|--------------------------------|--------------------------------|
| Oversease Gaming Platform | Game of Skill | ₹ 100 | ₹ 10 | ₹ 28 |
| Oversease Gaming Platform | Game of Skill | | | |

For both games of skill (like online chess) and games of chance (like Online Slot Machine) on an overseas platform, if a player spends Rs. 100, the platform's 10% fee equals Rs. 10. Out of this, the platform needs to pay 28% as GST, which amounts to Rs. 28 on the Rs. 100 spent.

Example 3: Let's assume that if one has placed a bet of Rs. 10,000 for online gaming or horse racing or bought a chip of Rs. 10,000 in casinos, he will need to pay IGST at the rate of 28%. If he wins, say Rs. 3,000 and the total amount in the next bet or chip becomes Rs. 13,000, he will not be required to pay GST on the redeployed winnings amount of Rs. 3,000. However, if he loses Rs. 10,000 and places another Rs. 10,000 that will be considered a fresh bet or chip and will attract 28% IGST.

Important points:

1. Winnings used further in the game are exempt, but taxes won't be returned in case of cash refunds.
2. overseas platforms offering services to Indian players must mandatorily register for GST in India.
3. the new rule imposes a 28% GST on both games of skill and chance, eliminating previous distinctions.

Determination of value in respect of certain supplies (Rule 32 of Chapter IV of the CGST Rules, 2017):

Rule 32(1): Notwithstanding anything contained in the provisions of this Chapter, the value in respect of supplies specified below shall, at the OPTION of the supplier, be determined in the manner provided hereinafter.

| | |
|---|-----------------|
| Rule 32(2): Money changing services | Already covered |
| Rule 32(3): Air travel agent of passenger transport | |
| Rule 32(4): Life insurance business | |

Rule 32(5): Buying and Selling of second hand goods:

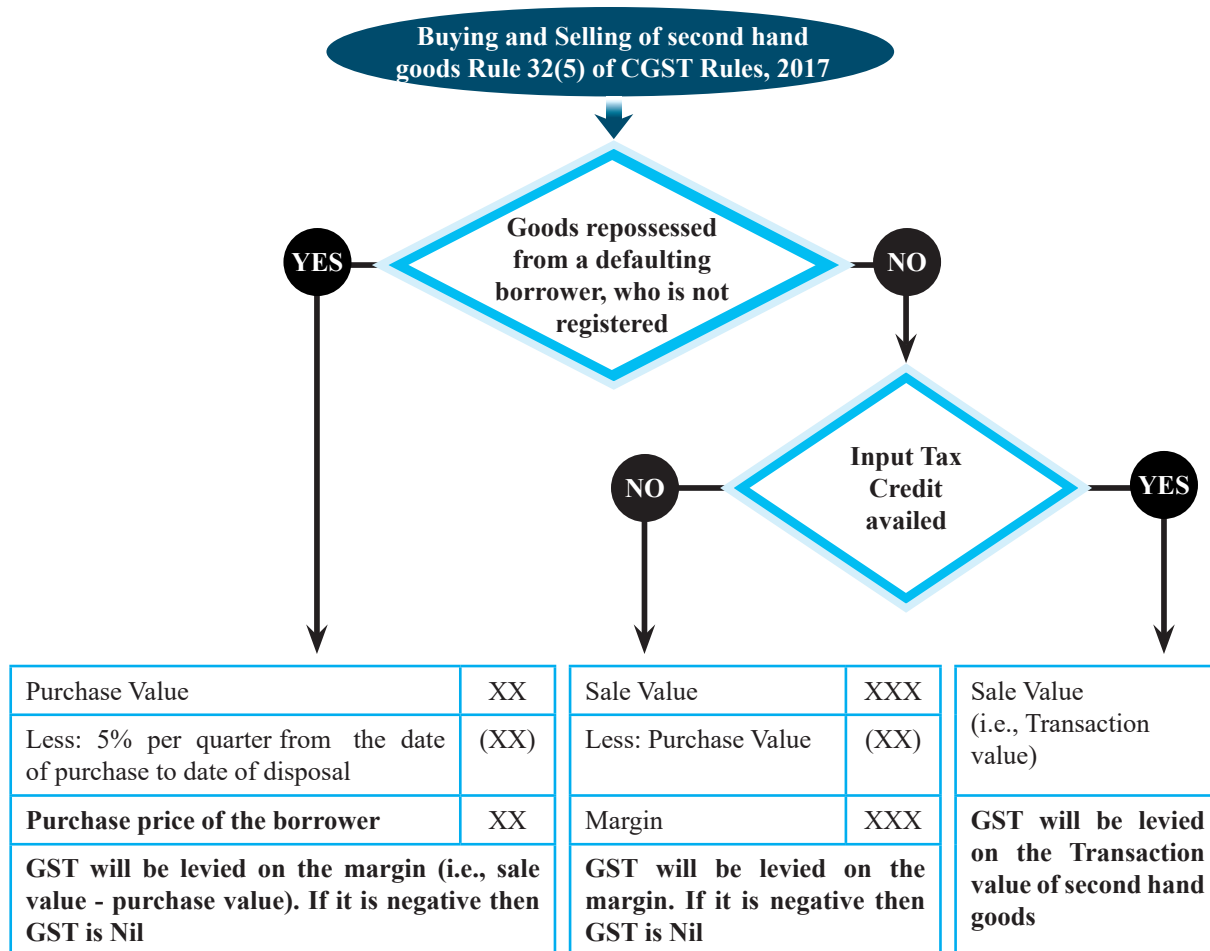

Where a taxable supply is provided by a person dealing in buying and selling of second hand goods i.e. used goods as such or after such minor processing which does not change the nature of the goods and where no input tax credit has been availed on the purchase of such goods, the value of supply shall be the difference between the selling price and the purchase price and where the value of such supply is negative, it shall be ignored (i.e. goods are sold at loss then tax will not be payable).

Provided that the purchase value of goods repossessed from a defaulting borrower, who is not registered, for the purpose of recovery of a loan or debt shall be deemed to be the purchase price of such goods by the defaulting borrower reduced by 5% points for every quarter or part thereof, between the date of purchase and the date of disposal by the person making such repossession.

When a registered second-hand goods dealer supplies second-hand goods, the dealer is liable to charge GST on the second-hand goods. For this, 2 options have been given to the dealers:

Charge GST on the full transaction value. Here, the dealer is eligible to claim input tax credit of the tax paid on purchase of the used goods.

Simplified approach:

As per Section 2(92) of the CGST Act, 2017 “quarter” shall mean a period comprising three consecutive calendar months, ending on the last day of March, June, September and December of a calendar year;

Illustration 27

Ram & Co., being a car dealer dealing in second hand cars. Ram & Co., purchases used car from Mr. Raja and sell the very same car to Miss. Rani after water wash and painting. The purchase price is ₹2,00,000 whereas the sale price is ₹2,50,000. Find the GST liability as per rule 32(5) of the CGST Rules, 2017 by following margin scheme in the hands of Ram & Co. Assume applicable rate of GST 28%.

Ram & Co., is not availing input tax credit on purchase of second hand cars.

Whether your answer is different if the sale of second hand car for ₹1,80,000.

Note: Ram & Co., and Miss. Rani are located within the State of Tamil Nadu.

Solution:

GST net liability is as follows:

| Particulars | Value ₹ | 14% CGST ₹ | 14% SGST ₹ | Remarks |
|----------------------------|----------|---------------|---------------|--|
| Output supply | 2,50,000 | | | |
| Less: purchase price | 2,00,000 | | | |
| Difference known as margin | 50,000 | 7,000 | 7,000 | Charge GST on the margin or profit earned on the goods (₹50,000 × 28%) |

Yes. Our answer different in case of sale price is ₹1,80,000:

Sale price = ₹1,80,000

Less: purchase price = ₹(2,00,000)

Margin = ₹(20,000)

GST liability = ₹Nil

Note: For a dealer who has opted for the margin scheme, there can be a scenario where the second-hand goods are sold at zero margins or for a lesser price than the purchase price. In this case, no GST will be applicable on the supply.

Illustration 28

Mr. D being a dealer in goods sells new brand cars at ₹11,00,000. He advertises that customers can sell their old car if they buy new car from him. One customer exchanged his old car for ₹2,00,000. Mr. D sold new car to that customer for ₹9,00,000. The Central Tax Department demanded to pay GST on ₹11,00,000 whereas Mr. D argues that he is eligible to pay GST on the difference namely margin of ₹9,00,000 as per Rule 32(5) of the CGST Rules, 2017. Discuss and decide the correct approach.

Solution:

Rule 32(5) of the CGST Rules, 2017 is applicable only when person is dealing in buying and selling of secondhand goods.

In the given case Mr. D is not eligible for margin scheme as referred in rule 32(5). Since, dealer sold new car and therefore, provisions of rule 32(5) will not apply.

Therefore, from the above it is evident that the Central Tax Department view is correct.

Illustration 29

M/s X Ltd, a registered person under GST, being a dealer dealing with second-hand goods. M/s X Ltd. supplies a used camera to a consumer in Chennai for selling price of ₹15,000. The used camera (i.e. second hand) was purchased for ₹10,000 from a registered dealer in Mumbai, on which CGST + SGST of ₹1,400 each was charged (i.e. GST rate applicable to cameras is 28%).

M/s X Ltd. charged IGST 28% on inter State supply.

Find the net GST liability in the following independent cases:

- (a) if input tax credit availed.
- (b) if input tax credit not availed.

Solution:**(i) Net GST liability in case of input tax credit availed:**

| Particulars | Value ₹ | 28% IGST ₹ |
|-------------------|---------|------------|
| Output supply | 15,000 | 4,200 |
| Less: ITC | 10,000 | |
| CGST 14% | | (1,400) |
| SGST 14% | | (1,400) |
| Net GST liability | | 1,400 |

(ii) Net GST liability in case of input tax credit not availed:

| Particulars | Value ₹ | 28% IGST ₹ | Remarks |
|----------------------------|---------|------------|---|
| Output supply | 15,000 | | |
| Less: purchase price | 12,800 | | GST will form part of cost. |
| Difference known as margin | 2,200 | 616 | Charge GST on the margin or profit earned on the goods ($₹2,200 \times 28\%$) |

Puplly Manufacturers Ltd., registered in Mumbai (Maharashtra), is a manufacturer of footwear. It imports a footwear making machine from USA. Puplly Manufacturers Ltd. avails the services of Dada Logistics, a licensed customs broker with its office at Ahmedabad (Gujarat), in meeting all the legal formalities for getting the said machine cleared from the customs station.

Puplly Manufacturers Ltd. also authorises Dada Logistics to incur, on its behalf, the expenses in relation to clearance of the imported machine from the customs station and bringing the same to its warehouse at Mumbai. These expenses would be reimbursed by Puplly Manufacturers Ltd. to Dada Logistics on actual basis. In addition, Puplly Manufacturers Ltd. will also pay the agency charges to Dada Logistics for the services rendered by it.

Dada Logistics raised an invoice in July, 20XX as follows:

| Sl. No. | Particulars | Amount* (₹) |
|---------|--|-------------|
| (i) | Agency charges | 5,00,000 |
| (ii) | Unloading of machine at Kandla port, Gujarat | 50,000 |
| (iii) | Charges for transport of machine from Kandla port, Gujarat to Dada Logistics' godown in Ahmedabad, Gujarat | 25,000 |
| (iv) | Charges for transport of machine from Dada Logistics' Ahmedabad godown to the warehouse of Puplly Export Import House in Mumbai, Maharashtra | 28,000 |
| (v) | Customs duty on machine | 5,00,000 |
| (vi) | Dock dues | 50,000 |
| (vii) | Port charges | 50,000 |
| (viii) | Hotel expenses | 45,000 |
| (ix) | Travelling expenses | 50,000 |
| (x) | Telephone expenses | 2,000 |

*exclusive of GST wherever applicable

Compute the value of supply made by Dada Logistics with the help of given information. Would your answer

be different if Dada Logistics charges ₹ 13,00,000 as a lump sum consideration for clearing the imported machine from the customs station and bringing the same to the warehouse of Pupply Manufacturers Ltd.?

Solution:

Statement showing taxable supply of Dada Logistics for the month of July 20XX:

| Sl. No. | Particulars | Amount* (₹) |
|---------|--|------------------------|
| (i) | Agency charges | 5,00,000 |
| (ii) | Unloading of machine at Kandla port, Gujarat | Pure agent expenditure |
| (iii) | Charges for transport of machine from Kandla port, Gujarat to Dada Logistics' godown in Ahmedabad, Gujarat | Pure agent expenditure |
| (iv) | Charges for transport of machine from Dada Logistics' Ahmedabad godown to the warehouse of Pupply Export Import House in Mumbai, Maharashtra | Pure agent expenditure |
| (v) | Customs duty on machine | Pure agent expenditure |
| (vi) | Dock dues | Pure agent expenditure |
| (vii) | Port charges | Pure agent expenditure |
| (viii) | Hotel expenses | 45,000 |
| (ix) | Travelling expenses | 50,000 |
| (x) | Telephone expenses | 2,000 |
| | Total taxable supply | 5,97,000 |

However, if Dada Logistics charges ₹13,00,000 as a lumpsum consideration for getting the imported machine cleared from the customs station and bringing the same to the warehouse of Pupply Manufacturers Ltd., Dada Logistics would incur expenses (ii) to (vii) for its own interest (as the agreement requires it to get the imported machine cleared from the customs station and bring the same to the Pupply Manufacturers Ltd.'s warehouse). Thus, Dada Logistic would not be considered as a pure agent of Pupply Manufacturers Ltd. for said services. Consequently, in that case, value of supply will be ₹13,00,000.

Solution:**Statement showing taxable value of imported goods:**

Value of supply inclusive of integrated tax, State tax, Union territory tax Rule 35 of the CGST Rules, 2017

Where the value of supply is inclusive of integrated tax or, as the case may be, central tax, State tax, Union territory tax, the tax amount shall be determined in the following manner, namely: —

$$\text{Tax Amount} = \frac{\text{Value Inclusive of Tax}}{100 + \text{GST}} \times \text{Rate of GST}$$

This formula is very useful in case where supplier may treat the particular supply as exempted from GST and therefore will not indicate the tax amount separately in the bill of supply prepared by him. In fact it is taxable supply with GST. In such case transaction value will be determined with help of rule 35.

Illustration 38

An assessee was under impression that his product is exempt from GST and hence sold the goods @₹100 per piece without charging GST. Later, it was found that actually, the product was chargeable with IGST 18%. Department claimed that since goods were removed without GST, transaction value should be ₹100 and GST is

payable accordingly. Assessee contended that price of ₹100 should be taken as inclusive of GST and actual GST payable should be calculated by back calculations. Determine the correct GST payable per piece.

(ICWAI Final Dec. 2003 model)

Solution:

As per rule 35 of the CGST Rules, 2017 transaction value and GST liability is as follows:

The Transaction value should be taken, as cum-tax-price and tax payable should be calculated by making back calculations. Hence, the transaction value is as follows:

The transaction value = ₹100 × 100/118 = ₹84.75

IGST = ₹100 × 18/118 = ₹15.25

Total invoice price = ₹100.00

Does a promoter or a builder has option to pay tax at old rates of 8% & 12% with ITC?

Solution:

Yes, but such an option is available in the case of an ongoing project. In case of such a project, the promoter or builder has option to pay GST at old effective rate of 8% and 12% with ITC.

To continue with the old rates, the promoter/builder has to exercise one time option in the prescribed form and submit the same manually to the jurisdictional Commissioner by the 10th of May, 2019.

However, in case where a promoter or builder does not exercise option in the prescribed form, it shall be deemed that he has opted for new rates in respect of ongoing projects and accordingly new rate of GST i.e. 5%/1% shall be applicable and all the provisions of new scheme including transitional provisions shall be applied.

There is no such option available in case of projects which commence on or after 01.04.2019. Construction of residential apartments in projects commencing on or after 01.04.2019 shall **compulsorily attract new rate of GST @ 1% or 5% without ITC.**

GK Developers Limited (i.e. Developer) enters into an agreement with land owner Mr. Nagarajan where Transfer Development Rights (TDRs) of the land transferred but ownership in land continues with the landowner (i.e. license to occupy land) on 31st May, 20XX. After entering to TDRs/Joint Development Agreements, the flats meant for landowner and builder are identified and a Supplementary Agreement (i.e. conveyance deed) is entered into for this purpose on 15th June, 20XX. In pursuit of this agreement a total of 10 residential units will be constructed by GK Developers Limited on the land provided by Mr. Nagarajan, whereas 40% of the units shall be given to Mr. Nagarajan.

Answer the following:

- Transfer of TDRs is taxable supply? If so, who is liable to pay GST? Find the Time of supply for transfer of TDRs?

- (b) Whether GST is payable on the owner's share of the flats/houses/portion of the building constructed by the builder or developer given to the landowner as per development agreement? If so, find the Time of Supply?
- (c) Find the time of supply for the consideration received by the builder from other buyers?
- (d) Re-work, where TDRs of the land transferred permanently and irrevocably transferred by the landowner to the developer (i.e. sale/transfer of land). If so, transfer of TDRs is taxable supply in the hands of landowner?

Note: All 10 residential units constructed under the category of other than affordable housing project and sold only after obtaining completion certificate.

Solution:

- (a) TDRs transferred by land owner is taxable supply in the hands of promoter under RCM (Section 9(3) of CGST Act, 2017).

Time of supply = Date of completion certificate

- (b) Flats allotted under JDA is before obtaining completion certificate and hence, it is taxable supply.

Time of supply = Date of completion certificate.

- (c) Allotment of Flats after completion certificate is not supply of goods or services. Hence, GST does not arise.
- (d) Since, ownership on land is transferred, which is not a supply of goods nor supply of service. Therefore, GST is not applicable.

Important points:**1. Whether GST is applicable on the superior kerosene oil [SKO] retained for the manufacture of Linear Alkyl Benzene [LAB]?**

Facts of the case: Linear Alkyl Benzene (LAB) manufacturers have stated that they receive superior Kerosene oil (SKO) from, a refinery, say, Indian Oil Corporation (IOC). They extract n- Paraffin from SKO and return back the remaining of SKO to the refinery. In this context, the issue has arisen as to whether in this transaction GST would be levied on SKO sent by IOC for extracting n-paraffin or only on the n-paraffin quantity extracted by the LAB manufactures. Further, doubt have also been raised as to whether the return of remaining Kerosene by LAB manufactures would separately attract GST in such transaction.

**2. Clarification on Inter-state movement of various modes of conveyance, carrying goods or passengers or for repairs and maintenance:**

It is hereby clarified that the inter-state movement of goods like movement of various modes of conveyance, between distinct persons as specified in section 25(4) of the CGST Act, may not be treated as supply and consequently IGST will not be payable on such supply.

However, applicable CGST/SGST/IGST, as the case may be, shall be leviable on repairs and maintenance done for such conveyance.

1. Inter-State Movement of Goods do not constitute Supply:

To clarify that inter-state movement of goods like rigs, tools, spares and goods on wheel like cranes, not being in the course of furtherance of supply of such goods, does not constitute a supply. This clarification gives major compliance relief to industry as there are frequent inter-state movement of such kind during providing services to customers or for the purposes of getting such goods repaired or refurbished or for any self-use. Service provided using such goods would in any case attract applicable tax. However, E-way Bill is mandatory provided the value of goods exceeds ₹50,000 (i.e. for reasons other than supply).

2. ITC Available on Inter-state supply of Aircraft engines, Parts & Accessories:

It is being clarified that credit of GST paid on aircraft engines, parts & accessories will be available for discharging GST on inter-state supply of such aircraft engines, parts & accessories by way of inter-state stock transfers between distinct persons as specified in section 25 of the CGST Act.

Clarification on certain issues related to GST

The Central Government vide Circular No. 76/50/2018-GST, dated 31st December, 2018 clarified certain issues under the GST Law as under:—

| Sl. No. | Issue | Clarification |
|---------|---|--|
| | Whether the supply of used vehicles, seized and confiscated goods, old and used goods, waste and scrap by Government departments are taxable under GST? | <ol style="list-style-type: none"> 1. Intra-State and inter-State supply of used vehicles, seized and confiscated goods, old and used goods, waste and scrap made by the Central Government, State Government, Union territory or a local authority is a taxable supply under GST. 2. Notification No. 36/2017-CT(R) and Notification No. 37/2017-IGST(R) notified that such supply to any registered person would be subject to GST on reverse charge basis. |

| Sl. No. | Issue | Clarification |

It is clarified that the respective Government departments shall be liable to get registered and pay GST on intra-State and inter-State supply of used vehicles, seized and confiscated goods, old and used goods, waste and scrap made by them to an unregistered person subject to the provisions of sections 22 and 24 of the CGST Act.</p> |

Clarification related to treatment of sales promotion scheme under GST

The Central Government vide Circular No. 92/11/2019-GST, dated 07th March, 2019 clarified the following issues raised with respect to tax treatment of sales promotion schemes under GST:-

1. Free samples and gifts

Since the consideration is an important element of the definition supply, therefore the samples which are supplied free of cost, without any consideration, do not qualify as “supply” under GST, except where the activity falls within the ambit of Schedule I of the said Act.

Further, clause (h) of sub-section (5) of section 17 of the said Act clarified that input tax credit shall not be available to the supplier on the inputs, input services and capital goods to the extent they are used in relation to the gifts or free samples. However, where the activity of distribution of gifts or free samples falls within the scope of “supply” as per Schedule I of the said Act, the supplier would be eligible to avail of the ITC.

2. Buy one get one free offer

It may appear at first glance that in case of offers like “Buy One, Get One Free”, one item is being “supplied free of cost” without any consideration. In fact, it is not an individual supply of free goods but a case of two or more individual supplies where a single price is being charged for the entire supply.

Taxability of such supply will be dependent upon as to whether the supply is a composite supply or a mixed supply and the rate of tax shall be determined as per section 8 of the said Act. And, ITC shall be available to the supplier in relation to such supply.

3. Discounts including ‘Buy more, save more’ offers

Discounts offered by the suppliers to customers including staggered discount under “Buy more, save more” scheme and post supply/volume discounts established before or at the time of supply) shall be excluded to determine the value of supply provided they satisfy the parameters laid down in sub-section (3) of section 15 of the said Act, including the reversal of ITC by the recipient of the supply as is attributable to the discount. Further, the supplier shall be entitled to avail the ITC for such inputs, input services and capital goods used in relation to the supply.

4. Secondary Discounts

Value of supply shall not include any discount by way of issuance of credit note(s), except in cases where the provisions contained in clause (b) of sub-section (3) of section 15 of the said Act are satisfied. There is no impact on availability or otherwise of ITC in the hands of supplier.

Solved Case 2

Smt. A. Vijaya v Commissioner of Central Excise, Salem (2016) 64 taxmann.com 77 (Chennai-CESTAT)

Facts of the case:

Multi-Level Marketing (MLM) is a marketing strategy in which the distributor is compensated for the sales of the other salespeople that they recruit. This recruited sales force is referred to as the participant's "downline", and can provide multiple levels of compensation. In this model, distributors sell products directly to consumers by means of relationship referrals or by encouraging others to join the company as a distributor. In this model, usually three kinds of incentives/rewards are earned by the distributor-

- ⊙ Profit margin earned on sale of goods purchased from the MLM company (hereafter referred to as "company");
- ⊙ Incentive received for buying certain quantum of goods; and
- ⊙ Consideration for identification of persons who can further be appointed as distributors.

Decision: Recently, honorable tribunal held that:

- (a) **Profit margin:** Sale of goods by distributors to the seller is not in the nature of service but is in the nature of sale of goods, on which VAT is applicable because after sale, those products cease to belong to the company, but belong to the Distributor. Hence Tax is not applicable. However, after GST it is treated as supply of goods which will attract GST.
- (b) **Buying Commission (i.e. Discount):** Incentive received for quantum of goods purchased by the distributor from the company is in the nature of voluble discount. Hence, outside the ambit of Tax.
- (c) **Downline Marketing:** The activity of a Distributor of identifying distributors is considered as Business Auxiliary service on which tax will apply.

This case law is whole good under GST Law also.

Solved Case 3

CCEx. Mumbai v Fiat India Pvt. Ltd. 2012 (283) ELT 161 (SC):

Assessee Claim: Fiat UNO model cars for the past five years consistently selling at below manufacturing cost to non-relative buyers for meeting demand in the market. Therefore, such selling price (i.e. transaction value) itself has sole consideration for the purpose of GST.

Department Contention: The extra commercial consideration was involved in this case an additional consideration should be added to the price for the purpose of duty. Therefore, Best Judgment Assessment has been invoked.

Decision: Full commercial cost of manufacturing and selling was not reflected in the price as it was deliberately kept below the cost of production. Thus, price could not be considered as the sole consideration for sale. No prudent businessperson would continuously suffer huge loss only to penetrate market. Therefore, Best Judgment Assessment of the department was proper said by the Hon'ble Supreme Court of India in the case of **CCEx. Mumbai v Fiat India Pvt. Ltd. 2012 (283) ELT 161 (SC)**.

The spirit of the above case law is also applicable under GST Law.

| Particulars | (₹) |
|--|------------------|
| Taxable value of supply ₹45 lakh \times 100/118 | 38,13,560 |
| Add: CGST @9% on 38,13,560 | 3,43,220 |

6. XYZ Ltd., Noida (Uttar Pradesh) is a supplier of machinery used for making bottle caps. The supply of machinery is effected as under:

- ⊙ The wholesale price of the machinery (excluding all taxes and other expenses) at which it is supplied in the ordinary course of the business to various customers is ₹42,00,000. However, the actual price at which the machinery is supplied to an individual customer varies within a range of $\pm 10\%$ depending upon the terms of contract of supply with the particular customer.

Apart from the price of the machinery, XYZ Ltd. charges from the customer the following incidental expenses:

- associated handling and loading charges of ₹10,000
- installation and commissioning charges of ₹1,00,000

The machinery can be dismantled and erected at another site, if required. The above charges are compulsorily levied in every case of supply of machinery.

Transportation of machinery to the customer's premises is arranged by XYZ Ltd. through a third-party service provider [Goods Transport Agency (GTA)]. The customer enters into a separate service contract with the GTA and pays the freight directly to it.

The company provides one-year free warranty for the machinery. However, the company also provides an extended two-year warranty on payment of additional charge of ₹3,00,000.

A cash discount of 2% on the price of the machinery is offered at the time of supply, if the customer agrees to make the payment within 15 days of the receipt of the machinery at his premises. In the event of failure to make the payment within the stipulated time, the company-

- recovers the discount given; and
- charges interest @ 1% per month or part of the month on the total amount due from the customer (towards the machinery supplied) from the date of making the supply till the date of payment. However, no interest is charged on the tax dues.

For every machinery supplied, XYZ Ltd. receives a grant of ₹2,00,000 from its holding company DEF Ltd.

XYZ Ltd. has supplied a machinery to D Pvt. Ltd. on August 1, 20XX at a price of ₹40,00,000 (excluding all taxes). D Pvt. Ltd. has its corporate office in New Delhi. However, the machinery has been installed at its manufacturing unit located in Gurugram (Haryana). D Pvt. Ltd. has paid the freight directly to the GTA and opted for two year warranty. Discount @ 2% was given to D Pvt. Ltd. as it agreed to make the payment within 15 days. However, D Pvt. Ltd. paid the consideration on 31st October, 20XX.

Assume the rates of taxes to be as under:

| Bottle cap making machine | | |
|---|-------------|------------|
| CGST – 6% | SGST – 6% | IGST – 12% |
| Service of transportation of goods | | |
| CGST – 2.5% | SGST – 2.5% | IGST – 5% |
| Other services involved in the above supply | | |
| CGST – 9% | SGST – 9% | IGST – 18% |

Calculate the GST payable [CGST & SGST or IGST, as the case may be] on the machinery and support your conclusions with legal provisions in the form of explanatory notes.

Make suitable assumptions, wherever needed.

Solution:

Computation of GST liability of XYZ Ltd.

| Particulars | (₹) |
|--|------------------|
| Price of machine | 40,00,000 |
| Handling and loading charges | 10,000 |
| Installation and commissioning charges | 1,00,000 |
| Transportation cost (not the responsibility of XYZ Ltd) | Nil |
| Additional warranty cost | 3,00,000 |
| Grant from DEF Ltd. | 2,00,000 |
| Total price of the machine | 46,10,000 |
| Less: 2% cash discount on price of machinery = ₹40,00,000 × 2% | 80,000 |
| Taxable value of supply | 45,30,000 |
| Tax liability for the month of August 20XX | |
| IGST @ 12% on ₹45,30,000 | 5,43,600 |
| Tax liability for the month of October 20XX | |
| Interest collected @ 3% on ₹44,10,000 | 1,32,300 |
| Cash discount recovered | 80,000 |
| Cum-tax value of interest and cash discount | 2,12,300 |
| IGST = (₹2,12,300/112) × 12% | 22,746 |
| Total IGST payable on the machinery (5,43,600 + 22,746) | 5,66,346 |

Note: the cash discount recovered and interest have been considered as cum tax value on the logical assumption that tax component could not be recovered from the client. Thus, tax payable thereon has to be computed by making back calculations in terms of rule 35 of CGST Rules, 2017.

7. Raja Bhai, registered in Uttarakhand has supplied 30 tons of a chemical @ ₹50,000 per ton (excluding taxes) to P of Uttarakhand on 8th September, 20XX. The invoice for the supply has also been issued on the same date. Further, following additional amounts were also charged from P:-

| Packing charges | 1,10,000 |
| Weighing charges | 20,000 |

As per the terms of the contract of supply, Raja Bhai is required to get the chemical inspected by an independent testing agency before the delivery of the same to P. P has paid such inspection charges amounting to ₹12,000 directly to the testing agency. Raja Bhai has also received ₹50,00,000 as a subsidy from State Government for setting up chemical manufacturing plant in Uttarakhand.

P is required to make payment within 15 days of supply in terms of the contract. However, P delayed the payment of consideration and made payment in November, 20XX thus paid ₹15,000 as interest. You are required to calculate the GST liability in this case and due date of deposit. Assume the rate of GST to be 18%.

1. Specsmaekers Opticians Private Limited (GST AAAR Tamil Nadu - 2019):

Facts of the case:

Applicant View: The two provisos under Rule 28 of the CGST Rules deal with specific situations. There is no requirement that the provisos should be applied sequentially.

- The intention of the legislature was to only avoid blocking of funds by introducing second proviso; and
- Reliance was placed on the decision of Appellate AAR in the case of GKB Lens Pvt. Ltd. (supra).
- After considering the various provisions/rules of GST law, the Appellate AAR observed as under:
- There is no specific regulation in CGST Rules, that the rules are to be applied seriatim;
- The first proviso to Rule 28 does not mandate and it is at the option of the supplier, to take the value as 90% of the sale value of goods of like kind and quality;
- The second proviso is an alternative, whereby the invoice value can be taken as Open Market Value;
- The second proviso is not subordinate to the first proviso. It independently deals with a situation where the recipient is eligible for full ITC.

Based on the above, when the supply is to the distinct person of the appellant and the recipient is eligible for full Input tax credit, the second proviso provides the value declared in the invoice to be the 'open market value' for such transaction. Also the second proviso does not restrict its application as in the first proviso, which is to be applied for cases of 'as such supply' only. Therefore, the appellants may adopt the value for supply to distinct person as provided under Proviso 2 to Rule 28 of the CGST/TNGST Rules 2017.

2. Lakshmi Tulasi Quality Fuels – 2022 (62) GSTL 71 (App. A.A.R -GST – A.P.)

Facts of the case:

Where residential building consists of several rooms are leased/rented out and lessee has not used it itself as residence but sub-leased for its commercial interest and business for accommodating students and working professionals in bulk numbers for a temporary period of stay.

AAAR Held:

The Appellate Authority for Advance Ruling observed that the benefit of exemption is available only where residential dwelling is used as residence. The lessee would be involved in business of sub-leasing of property and had no intention to use property as residence. Moreover, the intention of lessee to take property on lease for commercial and business purposes was evident from lease deed. As a result, lessor is not eligible to exemption and liable to 18% IGST said by AAAR.

Therefore, leasing services involving own or leased non-residential property would be classifiable under SAC 997212 and taxable at 18%.

4. Greenbrilliance Renewable Energy LLP – 2022 (61) GSTL 114 (AAR – GST – Guj.)**Facts of the Case:**

The applicant was supplying photovoltaic panels and Solar EPC services and empanelled as channel partner to execute the solar rooftop system in Gujarat under the Surya Gujarat Yojna. As per the scheme, the beneficiaries have to pay channel partner amount after deducting subsidy portion from total system cost and after successful installation of solar system, channel partner has to apply to respective electricity distribution company (DISCOM) of region for subsidy and funds are released by respective DISCOM directly to channel partners. It filed an application for advance ruling to determine whether subsidy should be reduced for arriving at taxable value of solar system in order to collect GST on goods supplied to customer under rooftop solar project.

Subsidy granted by Government does alter taxable nature of supplies to make supply partly exempted and partly taxable; thus section 17(2) of CGST Act, has any implication?

AAR held:

Subsidy provided Government on Solar Rooftop System is not includible in value of supply; however, since said subsidy received by applicant also included GST element, applicant would be liable for paying back to Government.

Subsidy granted by Government does not alter taxable nature of supplies to make supply partly exempted and partly taxable; thus, entire supply being taxable, sub-section (2) of Section 17 of CGST Act, 2017 in respect of input tax credit has no implication.

Solved Case 2

Mr Harry is an agent of Mr. Potter who operates his business from Asansol, West Bengal. Nature of business being operated by Mr Harry is that of selling Printers. Mr Harry sells a jumbo printer Model No. Burj Khalifa to Mr Tom Cruise for ₹ 74000.

On sending the records to his Principal, he realises that there is an error in invoice raised while selling the jumbo printer to Mr Tom Cruise. By mistake, an amount of ₹ 45000 has been included in the invoice which belongs to the West Bengal State Electricity Department. Calculate the GST to be charged and examine the provisions of law for the given case. GST rate be 18%

Solution:

Firstly, any expenditure being incurred by a supplier, as a Pure Agent, does not form part of the taxable services.

Secondly, in the given scenario, it is understood that Mr Harry had done a mistake for which action has to be taken. Here Mr Harry acts as a Pure Agent of Mr Potter to his client Mr Tom Cruise. Thus, an amount of ₹ 45000 which related to West Bengal State Electricity Department should be removed from the invoice billed of ₹ 74000. Revised Invoice value should have been $₹ 74000 - ₹ 45000 = ₹ 29000$

Lastly, the GST to be charged will be $₹ 29000 \times 18\% = ₹ 5220$

11. Dumdum Engineering Private Limited (DEPL), Surat (Gujarat), a supplier of heavy machinery, supplied a machine to Gulati Manufacturers from its godown located in Mumbai, Maharashtra, on 1st January at a price of ₹ 64,00,000 (excluding all taxes). Gulati Manufacturers has its corporate office in New Delhi. However, the machinery was installed at its manufacturing unit located in Gurugram (Haryana) for which installation and commissioning charges of ₹ 4,80,000 and handling and loading charges of ₹ 1,60,000, were charged by DEPL. For every machinery supplied, DEPL receives a grant of ₹ 3,20,000 from its holding company Dharam Ltd.

Transportation of machinery to the customer's premises is arranged by DEPL through a third-party service provider [Goods Transport Agency (GTA)]. Gulati Manufacturers entered into a separate service contract with the GTA and paid the freight of ₹ 50,000 directly to it.

DEPL offered a cash discount of 2% on the price of the machinery at the time of supply since Gulati Manufacturers agreed to make the payment within 15 days of the receipt of the machinery at its premises. However, it was agreed that in case Gulati Manufacturers failed to make the payment within the stipulated time, DEPL would-

- recover the discount given; and
- charge interest @ 1% per month or part of the month on the total amount due (including discount recovered) from Gulati Manufacturers (towards the machinery supplied) from the date of making the supply till the date of payment. However, no interest is to be charged on the tax dues.

Since the payment was made after the stipulated period of 15 days of the receipt of the machinery, discount given was recovered from it and interest was accordingly charged. However, Gulati Manufacturers refused to pay tax on interest and discount recovered.

Introduction

5.1

The basic concept of INPUT TAX CREDIT (ITC) is to avoid the cascading effect of duty. Cascading effect of duty (i.e. duty on duty) happens where tax is levied at every stage of supply.

The following examples will help us understand this.

Example 1

If the duty is based on the manufacture of a product, the tax burden keeps increasing as raw material and final product passes from one stage to another.

Cascading effect

| | (₹) | (₹) | | |
|------------------------|-----|-----|--|--|
| Assessee | A | B | | |
| Purchases | 100 | 224 | | |
| Value added | 100 | 76 | | |
| Assessable Value | 200 | 300 | | |
| Add: Excise Duty @ 12% | 24 | 36 | | |
| Sale prices | 224 | 336 | | |

$200 \times 12\% = 24$
 $24 \times 12\% = 2.88$
 $76 \times 12\% = 9.12$

Duty paid on duty

GST eliminates cascading effect of tax

| | No Cascading effect | | |
|------------------------|---------------------|--------|-------------------------|
| Assessee | A | B | |
| | (₹) | (₹) | |
| Purchases | 100 | 200.00 | (₹ 224 – ₹ 24) |
| Value added | 100 | 76.00 | Output tax 33.12 |
| Assessable Value | 200 | 276.00 | |
| Add: Excise Duty @ 12% | 24 | 33.12 | Input tax (24.0) |
| Sale prices | 224 | 309.12 | net payable <u>9.12</u> |

i.e.
 $76 \times 12\% = 9.12$

Uninterrupted and seamless chain of input tax credit (hereinafter referred to as, “ITC”) is one of the key features of Goods and Services Tax. As the tax charged by the Central or the State Governments would be part of the same tax regime, the credit of tax paid at every stage would be available as set-off for payment of tax at every subsequent stage.

Step by step approach:

1. Mr K will upload the details of all tax invoices issued in GSTR-1.
2. The details with respect to sales to Mr C will auto populate/get reflected in GSTR 2B.
3. Mr C will then accept the details that the purchase has been made and reported by the seller correctly and subsequently the tax on purchases will be credited to 'Electronic Credit Ledger' of Mr C and he can adjust it against future output tax liability.

| | CGST | SGST | IGST | |
| ITC of CGST | Allowed | Not allowed | Allowed | 1st CGST next IGST in that order |
| ITC of SGST | Not allowed | Allowed | Allowed | 1st SGST next IGST in that order |
| ITC of IGST | Allowed | Allowed | Allowed | W.e.f. 1-4-2019 section 49A of CGST Act, 2017 read with Rule 88A of CGST Rules, 2017: IGST credit can be adjusted equally between CGST and SGST or any other proportion at the option of the assessee. |

Amendments made by the IGST (Amendment) Act, 2018 – Effective from 01.02.2019

IGST not apportioned under sub-sections (1) and (2) of section 17 to be apportioned equally amongst Central Government and State Government/Union Territories on ad hoc basis [New sub-section (2A) inserted in section 17 of the IGST Act]

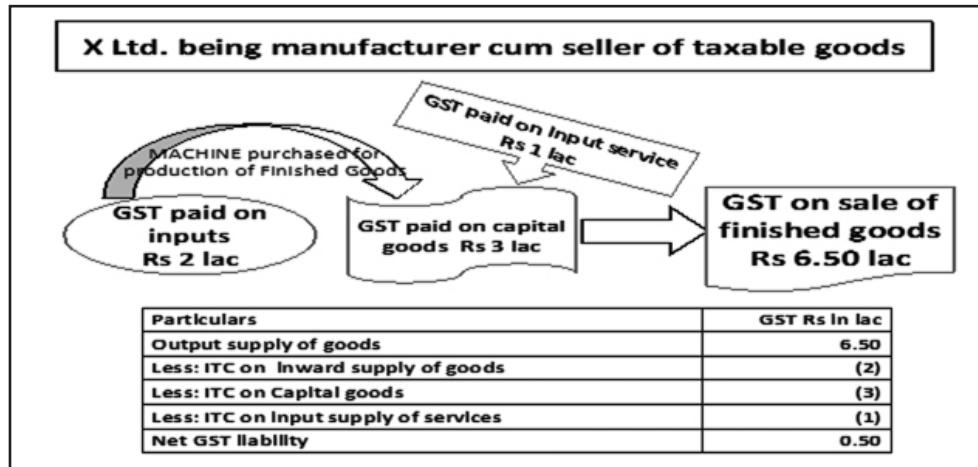

Section 17 of the IGST Act prescribes the provisions for such apportionment of IGST and settlement of funds between the Central Government and the State Governments.

Sub-sections (1) and (2) of section 17 provides for apportionment of IGST between the Central Government and State Governments/Union Territories in respect of those supplies where the input tax credit cannot be availed and thus, the tax revenue finally accrues to the exchequer.

A new sub-section (2A) has been inserted in section 17 to provide that the amount of IGST not apportioned under sub-section (1) and sub-section (2) may, for the time being, on the recommendations of the Council, be apportioned at the rate of 50% to the Central Government and 50% to the State Governments or the Union territories, as the case may be, on ad hoc basis and shall be adjusted against the amount apportioned under the said sub-sections. Thus, essentially, the new sub-section (2A) provides for apportionment of IGST in respect of B2B supplies wherein input tax credit has been taken by the recipients.

ITC is an integration of Goods and Services

Since GST is charged on both goods and services, input tax credit can be availed on both goods and services (except those which are on the exempted/negative list). Input tax credit is allowed on capital goods.

Example 3:

Note: Goods or services or both which are used or intended to be used in the course or furtherance of business and the said amount shall be credited to the electronic credit ledger of such person.

Conditions for taking ITC**Section 16(1) of the CGST Act, 2017 Conditions for taking ITC:**

Every registered person shall, subject to such conditions and restrictions as may be prescribed and in the manner specified in section 49, be entitled to take credit of input tax charged on any supply of goods or services or both to him which are used or intended to be used in the course or furtherance of his business and the said amount shall be credited to the electronic credit ledger of such person.

Notification No 11/2017-CT(R) dt 28.06.2017 is amended w.e.f. 20-10-2023:

Transport of passengers by any motor vehicle designed to carry passengers where the cost of fuel is included in the consideration charged from the service recipient is taxable @ 5% [Sl no 8(vi), Heading 9964] on the condition that ITC other than the ITC of input services in the same line of business has not been taken. [The said supply of service is taxable @ 12% with availability of full ITC].

Renting of any motor vehicle designed to carry passengers where the cost of fuel is included in consideration charged from the service recipient is taxable @ 5% on the condition that ITC other than the ITC of input services in the same line of business has not been taken. [The said supply of service is taxable @ 12% with availability of full ITC].

w.e.f. 20th October 2023, in the above two services a new condition is added that if tax is charged by the supplier of input service in the same line of business at a rate higher than 5%, ITC in respect of such input service in the same line of business shall not be taken in excess of 5% [vide Notification No 12/2023-CGST(R) dt 19.10.2023 & 15/2023-IGST(R) dt 19.10.2023].

Illustration: 'A' engages 'B' for transport from New Delhi to Jaipur in a motor cab for ₹1000. 'B', for supplying the said service, hires a motor cab with operator from 'C' for ₹800. 'C' charges 'B' CGST & SGST at the rate of

12% (₹ 96). If 'B' charges 'A' CGST & SGST at the rate of 5%, he shall be entitled to take input tax credit on the input service in the same line of business supplied by 'C' only to the extent of ₹ 40 (5% of Rs. 800) and not ₹ 96.

Question: Whether 'same line of business' in case of passenger transport service and renting of motor vehicles includes leasing of motor vehicles without operators.

Answer: As per CBIC Circular No. 206/18/2023-GST dated 31st October 2023, Services of transport of passengers by any motor vehicle (SAC 9964) and renting of motor vehicle designed to carry passengers with operator (SAC 9966), where the cost of fuel is included in the consideration charged from the service recipient attract GST at the rate of 5% with input tax credit of services in the same line of business.

Same line of business as stated in the notification No. 11/2017-Central Tax (Rate) means "service procured from another service provider of transporting passengers in a motor vehicle or renting of a motor vehicle".

It is hereby clarified that input services in the same line of business include transport of passengers (SAC 9964) or renting of motor vehicle with operator (SAC 9966) and not leasing of motor vehicles without operator (SAC 9973) which attracts GST and/or compensation cess at the same rate as supply of motor vehicles by way of sale.

Section 16(2) of the CGST Act, 2017: Notwithstanding anything contained in this section, no registered person shall be entitled to the credit of any input tax in respect of any supply of goods or services or both to him unless,—

- (a) he is in possession of a tax invoice or debit note issued by a supplier registered under this Act, or such other tax paying documents as may be prescribed;
- (b) he has received the goods or services or both.

w.e.f. 1-2-2019 Explanation.—For the purposes of this clause, it shall be deemed that the registered person has received the goods or, as the case may be, services—

- (i) where the goods are delivered by the supplier to a recipient or any other person on the direction of such registered person, whether acting as an agent or otherwise, before or during movement of goods, either by way of transfer of documents of title to goods or otherwise;
 - (ii) where the services are provided by the supplier to any person on the direction of and on account of such registered person.
- (c) subject to the provisions of section 41, the tax charged in respect of such supply has been actually paid to the Government, either in cash or through utilisation of input tax credit admissible in respect of the said supply; and
 - (d) he has furnished the return under section 39:

Provided that where the goods against an invoice are received in lots or instalments, the registered person shall be entitled to take credit upon receipt of the last lot or instalment:

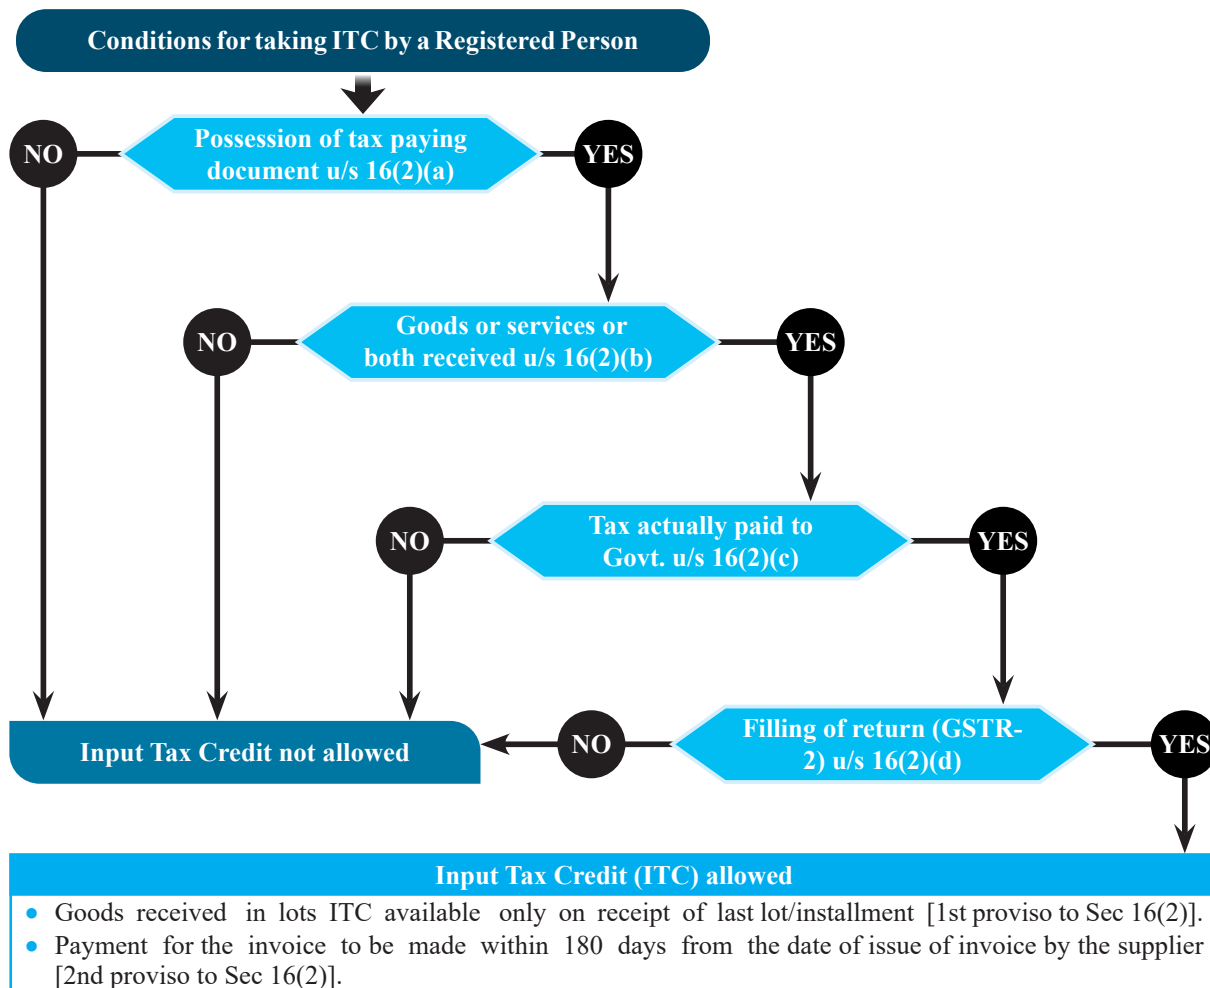

Provided further that where a recipient fails to pay to the supplier of goods or services or both, other than the supplies on which tax is payable on reverse charge basis, the amount towards the value of supply along with tax payable thereon within a period of **one hundred and eighty days** from the date of issue of invoice by the supplier, an amount equal to the input tax credit availed by the recipient shall be (w.e.f. 1st October 2023) paid by him along with interest payable under section 50), in such manner as may be prescribed:

Provided also that the recipient shall be entitled to avail of the credit of input tax on payment made by him (w.e.f. 1st October 2023) to the supplier of the amount towards the value of supply of goods or services or both along with tax payable thereon.

Section 16(3) of the CGST Act, 2017: Where the registered person has claimed depreciation on the tax component of the cost of capital goods and plant and machinery under the provisions of the Income-tax Act, 1961, the input tax credit on the said tax component shall not be allowed.

Section 16(4) of the CGST Act, 2017: A registered person shall not be entitled to take input tax credit in respect of any invoice or debit note for supply of goods or services or both after the due date of furnishing of the return under section 39 for the month of September following the end of financial year to which such invoice or invoice relating to such debit note pertains or furnishing of the relevant annual return, whichever is earlier.

Simplified Approach:

Amendment as per Finance Act, 2021 (w.e.f. 1-1-2022): In section 16 of the Central Goods and Services Tax Act, in sub-section (2), after clause (a), the following clause shall be inserted, namely:– (aa) the details of the invoice or debit note referred to in clause (a) has been furnished by the supplier in the statement of outward supplies and such details have been communicated to the recipient of such invoice or debit note in the manner specified under section 37;

It means ITC claims will be allowed only when the details of such invoice or debit note have been furnished by the supplier in his GSTR-1 and subsequently, it appears in GSTR-2A/2B. So, the taxpayers can no longer claim 5% provisional ITC under the CGST Rule 36(4) and ensure every ITC value claimed was reflected in GSTR-2A/2B

Accordingly, Rule 36(4) has been substituted to provide that with effect from 01.01.2022, a registered person shall be able to avail ITC in respect of only those invoices or debit notes which have been furnished by the supplier in the statement of outward supplies in FORM GSTR-1 or using the invoice furnishing facility and the details of such invoices or debit notes have been communicated to him in FORM GSTR-2B under sub-rule (7) of rule 60 (Notification No. 40/2021 – Central Tax dt. 29th December, 2021)

W.e.f. 1-10-2022, new clause (ba) inserted in Section 16(2) of CGST Act, 2017:

“The details of input tax credit in respect of the said supply communicated to such registered person under section 38 has not been restricted”.

As per this amended provision, the registered person would be eligible to claim the ITC only when the details of invoices/debit notes made available to him electronically on the GSTN Portal are not restricted in the auto-generated statement referred to as GSTR-2B.

This means that details of invoices/debit note communicated to the taxpayer in GSTR-2B as per section 38, should not be restricted from claiming ITC.

‘Communication of details of inward supplies and Input Tax Credit’:

As per provisions of section 38(2) notified vide notification 18/2022-Central Tax, dated 28-09-2022 effected from 01-10-2022, the details furnished by the supplier in GSTR 1 shall be communicated to the taxpayer in an auto-generated statement GSTR 2B. This statement shall consist of 2 parts.

One Part shall state eligible Input Tax Credit which the Recipient can avail and utilize.

The Second Part shall provide details of such supplies in respect of which Input Tax Credit cannot be availed by the Recipient wholly or partly as may be prescribed.

The above section introduces a completely new mechanism under which the auto-generated GSTR 2B shall itself decide and provide the list of Invoices or Debit notes on which ITC can be claimed by the taxpayer.

As a result recipient shall have not to do any work on to locate the supplier whose supply shall not be eligible for the purpose of input tax credit as per section 38.

Question:

Whether it is mandatory to claim ITC as per GSTR-2B generated under Section 38?

Answer:

Yes. As per the newly inserted clause (ba) in section 16(2), it provides mandatory condition that ITC claimed by recipient should not be restricted under section 38. Hence ITC restricted or in-eligible as per GSTR 2B cannot be claimed as per clause (ba) of section 16(2).

New clause (ba) inserted in section 16(2) – Additional condition for claiming ITC by buyer that ITC can be claimed only if that ITC has not been restricted in auto generated statement -GSTR-2B u/s 38 of CGST Act, 2017.

The Second Part shall provide details of such supplies in respect of which Input Tax Credit cannot be availed by the Recipient wholly or partly as may be prescribed.

Restrictions imposed under section 38 of CGST Act, 2017 for which ITC can't be availed are as follows:

1. Related to suppliers who have taken new registration for such period as may be prescribed.
2. Related to suppliers who have defaulted in payment of tax and default continues for such period as may be prescribed.

3. Related to suppliers who have declared output tax liability more in GSTR-1 but paid tax less in GSTR-3B.
4. ITC claimed more than ITC auto-populated in GSTR-2B
5. ITC claimed in violation of conditions prescribed in Section 49(12)- Maximum proportion of output tax liability which may be discharged through electronic credit ledger.

W.e.f. 01-10-2022, amendment in rule 36 (Documentary requirements and conditions for claiming input tax credit) –

Pursuant to the amendment made in section 38 w.e.f. 01-10-2022, with regard to removal of Form GSTR-2 and doing away with two-way communication process, rule 36 has been amended to remove the reference to Form GSTR-2 therefrom - Rule 36(2).

Rule 36(4)(b), Further, it has been provided that the details of input tax credit in respect of invoices or debit notes shall be communicated in Form GSTR-2B.

Quantum of credit [Section 16(1) of the CGST Act, 2017]

The entire credit on the input and capital goods allowed can be availed at the time of receipt of input and capital goods. Thus, to this extent there is no difference between input and capital goods under GST Law.

Tax Invoice or debit note [Section 16(2)(a) of the CGST Act, 2017]

The input tax credit shall be availed by a registered person, including the Input Service Distributor, on the basis of any of the following documents (Rule 36(1) of the CGST Rules, 2017), namely,—

- (a) an invoice issued by the supplier of goods or services or both in accordance with the provisions of section 31;
- (b) an invoice issued under reverse charge;
- (c) a debit note;
- (d) a bill of entry
- (e) an Input Service Distributor invoice or Input Service Distributor credit note.

All these documents are to be furnished at the time of filing form GSTR-2, in accordance with Rule 36(2) of the CGST Rules, 2017.

As per Rule 36(3) of the CGST Rules, 2017, No input tax credit shall be availed by a registered person in respect of any tax that has been paid in pursuance of any order where any demand has been confirmed on account of any fraud, willful misstatement or suppression of facts.

Illustration 1

M/s. X Ltd. supplied taxable goods from the factory after manufacture in the month of May 2024 for sale to a distributor for ₹8,00,000. M/s X Ltd has suppressed this transaction. However, he deposited the GST @12% on these goods on 10-1-2025 against show cause notice issued under Section 74 (when there is fraud) of the CGST Act, 2017 by the Central Tax Officer and passed the order accordingly.

Whether distributor namely recipient of these goods is eligible to take input tax credit.

Solution:

As per rule 36(3) of the CGST Rules, 2017, No credit on payment of tax due to fraud, willful-misstatement or suppression of fact etc. shall be allowed.

In the given case no input tax credit was available to registered person if the supplier has paid tax in pursuance of order where any demand has been confirmed on account of any fraud, willful-misstatement or suppression of facts and so on under Section 74 of the CGST Act, 2017.

Hence, input tax credit is not allowed to recipient of these goods (i.e. distributor in the given case).

Notification No. 39/2018-CT, dated 4-9-2018:

Input tax credit may be availed based on following particulars:

- (i) Amount of tax charged
- (ii) Description of goods or services
- (iii) Total value of supply of goods or services or both
- (iv) GSTIN of the supplier and recipient and
- (v) Place of supply in case of inter-State supply,

ITC on receipt of goods or services [Section 16(2)(b) of the CGST Act, 2017]:

- (a) No credit when tax paid on advance receipt:

As we are aware of that time of supply of goods (Section 12 of the CGST Act, 2017) or time of supply of supply of service (Section 13 of the CGST Act, 2017) where time of supply is the date on which the supplier receives the payment if the payment is received prior to raising of invoice/supply of goods or services (except where supply of goods turnover does not exceed ₹150 lacs, in such case date of invoice namely supply of goods is the time of supply).

GST paid by supplier on advance is not auto populated to the account of receipt of goods or services. The recipient of goods or services is not entitled for credit of tax paid on advances by the supplier. Section 16(2) (b) provides that the receiver should have received the goods or services for availment of credit. When the payments are made on advance receipt of supplier, the recipient has not received the goods or services. Therefore, he is not entitled for credit on input tax paid.

- (b) Receipt of goods and services:

Registered person shall receive the goods or services and used or intended to be used in the course or furtherance of business. In case of input or input services are not received, by the registered person, the question of its use in the course or furtherance of business does not arise and hence, ITC not allowed.

In case goods received in instalment:

Deemed receipt of goods [Explanation to Section 16(2)(b) of the CGST Act, 2017]

The explanation expands the meaning of receipt of goods to provide that it is not necessary that the goods are physically received by the recipient. The recipient can issue directions to deliver the goods to third person.

Example 4

Goods sent to job worker from supplier on the directions of buyer (i.e. Bill To Ship).

Tax charged in respect of such supply has been actually paid to the Government [Section 16(2)(c) of the CGST Act, 2017 subject to the provisions of Section 41 of the CGST Act, 2017]

It is now specially provided that the supplier has actually paid to the credit of appropriate Govt. the tax amount on the supply made by him.

The liability of payment of tax will be computed by the common portal based on the information of outward supply declared by the supplier goods or services or by recipient himself. The liability so computed as per GSTR-3 will automatically reflected in common portal in tax liability register of taxpayer in Part 1 of the GST-PMT-1.

The taxpayer can make the payment of such liability either by using the balance available in the credit ledger or cash ledger. The payment is required to be made by 20th of following month.

It means supplier will give the credit to recipient only when tax paid to the Govt.

Payment to supplier of goods or services or both [2nd Proviso to Section 16(2) of the CGST Act, 2017]

The recipient shall pay to the supplier of goods or services or both, other than the supplies on which tax is payable on reverse charge basis, the value along with the tax payable thereon within a period of 180 days from the date of issue of invoice by the supplier.

It means recipient of goods/services should pay to the supplier (Including Taxes), within 180 days from the date of issue of invoice, else the Input Credit shall be reversed

Rule 37(1) has been amended retrospectively w.e.f. 01-10-2022 to provide for reversal of an amount of ITC proportionate to the amount not paid by the recipient to the supplier vis-à-vis the invoice value.

Only proportionate reversal of ITC required in case of part payment of the value of supply plus tax in respect of an inward supply within 180 days (vide Notification No. 26/2022 dt. 26.12.2022):

As per Rule 37(1) of CGST Rules, 2017, A registered person, who has availed of input tax credit on any inward supply of goods or services or both, other than the supplies on which tax is payable on reverse charge basis, but fails to pay to the supplier thereof, the amount towards the value of such supply [whether wholly or partly,] along with the tax payable thereon, within the time limit specified in the second proviso to sub-section(2) of section 16, shall pay [or reverse] an amount equal to the input tax credit availed in respect of such supply proportionate to the amount not paid to the supplier, along with interest payable thereon under section 50, while furnishing the return in FORM GSTR-3B for the tax period immediately following the period of one hundred and eighty days from the date of the issue of the invoice:

Rule 37A. Reversal of input tax credit in the case of non-payment of tax by the supplier and re-availment thereof.-

Newly inserted rule 37A, Where input tax credit has been availed by a registered person in the return in FORM GSTR-3B for a tax period in respect of such invoice or debit note, the details of which have been furnished by the supplier in the statement of outward supplies in FORM GSTR-1 or using the invoice furnishing facility, but the return in FORM GSTR-3B for the tax period corresponding to the said statement of outward supplies has not been furnished by such supplier till the 30th day of September following the end of financial year in which the input tax credit in respect of such invoice or debit note has been availed, the said amount of input tax credit shall be reversed by the said registered person, while furnishing a return in FORM GSTR-3B on or before the 30th day of November following the end of such financial year:

Provided that where the said amount of input tax credit is not reversed by the registered person in a return in FORM GSTR-3B on or before the 30th day of November following the end of such financial year during which such input tax credit has been availed, such amount shall be payable by the said person along with interest thereon under section 50.

Provided further that where the said supplier subsequently furnishes the return in FORM GSTR-3B for the said tax period, the said registered person may re-avail the amount of such credit in the return in FORM GSTR-3B for a tax period thereafter (Notification No. 26/2022 CT dt 26.12.2022).

For example, M/s X Ltd supplied goods in the month of December 2023; the same shown in GSTR-1 return submitted by supplier on 11th January 2024. The recipient of these goods availed Input Tax Credit in the return in Form GSTR-3B submitted by him on 20th January 2024. But the return in Form GSTR-3B for the tax period namely for December 2023 has not been furnished by M/s X Ltd (namely supplier) till the 30th day of September 2024, the said amount of input tax credit shall be reversed by the said recipient, while furnishing a return in Form GSTR-3B on or before the 30th day of November following the end of such financial year (Rule 37A). Recipient who fail to comply with rule 37A will be issued a GST demand notice demanding tax payment and interest to the extent of excess ITC claimed. The interest is charged as per section 50 of the CGST Act, at 24% p.a. for excess ITC claimed and utilized from the date of such utilisation until the date of payment.

It means the credit will be denied even when the recipient has paid tax to the supplier and supplier has failed to pay the tax to the Government.

Notification No. 26/2018-CT, dated 13-6-2018:

Reversal of input tax credit in case of non-payment of consideration is not required (i.e. Deemed to have been paid): Notification No. 26/2018-CT, dated 13-6-2018:

M/s A Ltd of Aluva (Kerala) receives the input service from M/s B Ltd of Bengaluru who raises the invoice for supply of service on 17th December, 2023 and availed the credit on the same date.

Find the time limit within which M/s A Ltd is required to pay the bill amount inclusive of tax to supplier of service.

Also explain consequence if payment is not made within the stipulated time period as mentioned in 2nd proviso to section 16(2) of the CGST Act, 2017.

Re-credit is allowed if the payment is made to the supplier of service after expiry of time period as mentioned in 2nd proviso to section 16(2) of the CGST Act, 2017.

Solution:

In the given case M/s A Ltd must pay to M/s B Ltd the value of services and GST payable thereon by 14th June 2024.

Working note:

| From | To | No. of days |
|---------------|----------------|-------------|
| 18th Dec 2023 | 14th June 2024 | 180 |

In case M/s A Ltd does not pay by 14th June 2024, the credit availed by it will be added to his output liability. The amount will be added to their output tax liability with interest.

Note: February 2024 will consist of 29 days instead of the usual 28 days.

The 3rd proviso to Section 16(2) of the CGST Act, 2017, provides that the amount so reversed can be again taken as a credit when the payment for receipt goods or services has been made to the supplier of goods or services.

As per Rule 37(4) of the CGST Rules, 2017, the time limit specified in sub-section (4) of section 16 shall not apply to a claim for re-availing of any credit, in accordance with the provisions of the Act or the provisions of this Chapter that had been reversed earlier.

M/s X Ltd. has establishment in Chennai, and establishment in Hyderabad. Supply of goods (open market value of ₹5,00,000) made by M/s X Ltd. Chennai to M/s X Ltd. Hyderabad. M/s X Ltd. Chennai paid IGST of ₹60,000. Accordingly, M/s X Ltd. Hyderabad availed the input tax credit of ₹60,000. 2nd Proviso to Section 16(2) of CGST Act, 2017 is applicable in the given case (i.e. to reverse the credit where payment is not made within 180 days from the date of invoice). Advise.

Solution:

As per proviso to rule 37(1) of the CGST Rules, 2017, the value of supplies made without consideration as specified in Schedule I of the said Act shall be deemed to have been paid for the purposes of the second proviso to sub-section (2) of section 16.

In the given case M/s X Ltd. Hyderabad is not required to reverse the input tax credit. Since, as per Section 25(4) of the CGST Act, 2017 two establishments are considered as establishment of distinct person and accordingly, supply made by one establishment to another establishment will be covered under Schedule I without consideration.

W.e.f 01-10-2022, Amendment in rule 37, Reversal of input tax credit in case of non-payment of consideration within 180 days: vide Notification No. 19/2022-CT, dated 28.09.2022) whereby sub-rule (1) and (2) have been

substituted [and sub-rule (3) has been omitted] as below—

Rule 37 (1) A registered person, who has availed of input tax credit on any inward supply of goods or services or both, other than the supplies on which tax is payable on reverse charge basis, but fails to pay to the supplier thereof, the amount towards the value of such supply along with the tax payable thereon, within the time limit specified in the second proviso to sub-section(2) of section 16, shall pay an amount equal to the input tax credit availed in respect of such supply along with interest payable thereon under section 50, while furnishing the return in FORM GSTR-3B for the tax period immediately following the period of 180 (one hundred and eighty) days from the date of the issue of the invoice:

Provided that the value of supplies made without consideration as specified in Schedule I of the said Act shall be deemed to have been paid for the purposes of the second proviso to sub-section (2) of section 16:

Provided further that the value of supplies on account of any amount added in accordance with the provisions of clause (b) of sub-section (2) of section 15 shall be deemed to have been paid for the purposes of the second proviso to sub-section (2) of section 16;

Rule 37(2) Where the said registered person subsequently makes the payment of the amount towards the value of such supply along with tax payable thereon to the supplier thereof, he shall be entitled to re-avail the input tax credit referred to in sub-rule (1).

Rule 37(3) OMITTED. Sub-rule (3) providing for payment of interest has been omitted since the same as now been incorporated in sub-rule (1).

Rule 37(4) The time limit specified in sub-section (4) of section 16 shall not apply to a claim for re-availing of any credit, in accordance with the provisions of the Act or the provisions of this Chapter, that had been reversed earlier.

Example: if 180 days expires on 06.10.2023, the tax period following the said period is November 2023 and hence the reversal should be made in the GSTR-3B return for the month of November 2023, which would be filed on 20th December 2023. But nothing prevents the taxpayer to reverse the same in the GSTR-3B return for the month of October 2023 itself, which would be filed on 20th November 2023, so that the interest liability could be reduced further.

Depreciation on GST component of the Capital Goods under Income Tax Act, 1961 under section 16(3) of the CGST Act, 2017:

Taxable person shall not claim depreciation on tax component of the cost of capital goods under the provisions of the Income Tax Act, 1961. If the depreciation under section 32 of the Income Tax Act, 1961 is claimed on the tax component by capitalizing with the cost of capital goods, input tax credit shall not be allowed.

Example 5

M/s Jay Ltd. being a manufacturer purchased machinery worth ₹10,00,000 on which GST ₹1,80,000 is paid. The manufacturer has following two options:

Option 1: claim depreciation on the entire value of machinery inclusive of GST (i.e. ₹11,80,000) by forgoing ITC on capital goods.

Option 2: claim depreciation on the cost of machine (i.e. ₹10,00,000) and avail the ITC of GST portion (i.e. 1,80,000).

Time limit to avail the input tax credit Section 16(4) of the CGST Act, 2017

W.e.f. 01-10-2022, A registered person shall not be entitled to take input tax credit in respect of any invoice or debit note for supply of goods or services or both after the 30th November following the end of financial year to

which such invoice or debit note pertains (prior to 01-10-2022 due date of furnishing of the return under section 39 for the month of September following the end of financial year to which such invoice or invoice relating to such debit note pertains) or furnishing of the relevant annual return, whichever is earlier.

The words were “invoice relating to such” has been omitted w.e.f. 1-1-2021) It means the recipient can avail ITC of GST paid through debit note, even if the supply pertains to previous financial years.

The limit to avail the input tax credit:

(a) 30th November of the following financial year

OR

(b) Filling of annual return

whichever is earlier

Similarly. W.e.f 01-10-2022, the time limit of 20th October prescribed in section 34 for declaring detail of a Credit Note pertaining to any supply made in preceding FY is also revised and allowed upto 30th November or furnishing of Annual Return, whichever is earlier.

The time limit under section 16(4) does not apply to claim for re-availing of credit that had been reversed earlier.

■ Credit and Debit Notes (Sec 34 of the CGST Act, 2017) w.e.f. 01-10-2022:

Credit note should be issued by X Ltd., to Y Ltd., on or before 30th November 2025 or date of furnishing of the annual return for 2024-25 whichever is earlier.

Debit note should be issued by Y Ltd., to X Ltd., on or before 30th November 2025 or date of furnishing of the annual return for 2024-25 whichever is earlier.

As per the amended provision, date of debit note and date of underlying invoice have been delinked. Thus, debit note in respect of an invoice can be raised even after 30th November following end of financial year to which the invoice pertains.

Circular No. 211/5/2024-GST dated 26 June 2024**Clarification regarding the time limit under section 16(4) of the CGST Act for RCM supplies received from unregistered persons:**

Section 16(4) of the CGST Act links the time limit for ITC availability with the financial year (FY) to which the invoice or debit note pertains.

This circular clarifies that in case the supplies on which tax is paid by a recipient under RCM are received from unregistered suppliers and the invoice is issued by recipient as per section 31(3)(f) of the CGST Act, the relevant FY for the calculation of time limit for availing ITC will be the FY in which self-invoice has been issued by the recipient, as per section 16(4) of the CGST Act. This is subject to the fulfilment of other conditions and restrictions of sections 16 and 17 of the CGST Act.

Additionally, when the recipient issues invoice after the time of supply and pays tax thereon, it will be required to pay interest and may also be liable to pay a penalty according to section 122 of the CGST Act.

Example: Time of Supply and ITC for RCM on GTA Services**Scenario**

- Supplier: M/s Hanu & Co (unregistered person, GTA service provider).
- Recipient: M/s Bhola Ltd. (registered person under GST).
- Date of Service Provided: April 1, 2019.
- Freight Amount: ₹2,00,000.
- Applicable GST: 5% (under reverse charge mechanism).

Step 1: Time of Supply Under Section 13(3)

As per Section 13(3) of the CGST Act, the time of supply for services under RCM is determined as the earlier of:

1. Date of payment: April 10, 2019.
2. 60 days from the date of invoice: If no payment date is provided, the time of supply would be June 1, 2019.

Here, the time of supply is April 10, 2019, based on the date of payment. Due date to pay is 20th May 2019.

Step 2: Tax Payment and Self-Invoice Issuance by M/s Bhola Ltd.

- Delay in Compliance:
- M/s Bhola Ltd. issued the self-invoice only on July 12, 2024, after a significant delay.
- GST under RCM was paid on August 20, 2024.
- Interest and Penalty:
- As per Section 50(1) of the CGST Act:
- Interest @18% p.a. is payable on the delayed tax payment from 21st May, 2019, until the payment date (August 20, 2024).
- Penalty of ₹25,000 under Section 122(3)(e) may also be levied for the delayed payment of tax. An equal amount of penalty under SGST Act will be levied.

Step 3: Relevant Financial Year for ITC

As per Section 16(4) and the circular:

- The relevant FY for ITC purposes is the year in which the self-invoice was issued (July 12, 2024).
- Therefore, the relevant FY is 2024-25.

Step 4: ITC Time Limit

Under Section 16(4), ITC can be availed until:

1. 30th November of the next FY (FY 2025-26), or
2. The date of filing the annual return for FY 2024-25 (i.e. last date is 31st December 2025), whichever is earlier.

Thus, M/s Bhola Ltd. can claim ITC until:

- 30th November 2025, or
- Annual return filing date for FY 2024-25, whichever is earlier.

Outcome

1. GST Payable:
 - GST on ₹2,00,000 at 5% = ₹10,000.
 - This was paid on August 20, 2024 under RCM.
2. Interest:
 - Interest is payable on ₹10,000 from 21st May, 2019, to August 20, 2024.
3. Penalty:
 - A penalty under Section 122(3)(e) may be applicable due to the delay in issuing the self-invoice and paying GST.
4. ITC Claim:
 - M/s Bhola Ltd. can claim ITC for the ₹10,000 GST paid under RCM in the 2024-25 FY, as the self-invoice was issued in July 2024.

Amendments relating to Tax Invoice:

Invoice by a person liable to pay tax under reverse charge [Section 31(3)(f) of the CGST Act, 2017]

a registered person who is liable to pay tax under sub-section (3) or subsection (4) of section 9 shall [w.e.f. 1-11-2024, F.A. 2024 dated 16-8-2024, “within the period as may be prescribed” shall be inserted] issue an invoice in respect of goods or services or both received by him from the supplier who is not registered on the date of receipt of goods or services or both;

Invoice by a person liable to pay tax under reverse charge [Section 31(3)(g) of the CGST Act, 2017]

a registered person who is liable to pay tax under sub-section (3) or subsection (4) of section 9 shall issue a payment voucher at the time of making payment to the supplier.

w.e.f. 1-11-2024, F.A. 2024, dated 16-8-2024 the following Explanation shall be inserted, namely:—

[Explanation – For the purposes of clause (f), the expression “supplier who is not registered” shall include the supplier who is registered solely for the purpose of deduction of tax under section 51.]

Time limit for issuance of self-invoice notified to be 30 days from date of receipt of supply – Insertion of Rule 47A (w.e.f. 1-11-2024):

Notwithstanding anything contained in rule 47, where an invoice referred to in rule 46 is required to be issued under clause (f) of sub-section (3) of section 31 by a registered person, who is liable to pay tax under sub-section (3) or sub-section (4) of section 9, he shall issue the said invoice within a period of thirty days from the date of receipt of the said supply of goods or services, or both, as the case may be.”.

Also, there cannot be any consolidation of invoices from multiple suppliers. For each relevant supply, a separate self-invoice is to be issued.

Time of supply: In respect of GST payable under Reverse Charge Mechanism(RCM), separate time of supply (ToS) was introduced for supplies received from Registered and Un-registered suppliers through Finance Act (no. 2) of 2024.

For supplies received from unregistered suppliers, the time of supply was prescribed to be earlier of:

- a) The date of payment as entered in the books of account of the recipient or the date on which the payment is debited in his bank account, whichever is earlier; or
- b) the date of issue of invoice by the recipient, in cases where invoice is to be issued by the recipient.

M/s X Ltd. wants to take input tax credit on such input on 30th September, 2024, advise.

Solution:

Time limit to avail the credit is earlier of the following:

- (a) 30th November 2025

Or

- (b) 15th September 2025

Therefore, M/s X Ltd can't avail the input tax credit on 30th September, 2025.

M/s X Ltd. delivered a machine to M/s Y Ltd. in January 2025 under Invoice No. 180, dated 21st January for ₹5,00,000 plus GST, and undertook trial runs and calibration of the same machine as per the requirements of M/s Y Ltd. The amount chargeable for the past delivery activities were covered in a debit note raised in May 2025 for ₹1,25,000 plus GST. M/s Y Ltd filed its annual return 31st December 2025 for the financial year 2024-25 and 31st December 2026 for the financial year 2025-26.

Find the time limit under section 16(4) of the CGST Act, 2017 within which input tax credit can be availed by M/s Y Ltd.

Solution:

Time limit to avail the ITC on machine (vide Invoice No. 180, dated 21.01.2025) is 30th November 2025.

Time limit to avail the ITC on debit note is 30th November 2026.

Note: As per Finance Act, 2020, the words were “invoice relating to such” has been omitted.

The effect of the amendment is that date of debit note, and date of underlying invoice have been delinked. Thus, debit note in respect of an invoice can be raised even after 30th September following end of financial year to which the invoice pertains.

It means the recipient can avail ITC of GST paid through debit note, even if the supply pertains to previous financial years.

Date of issuance of debit note to determine the relevant financial year for the purpose of section 16(4) of the CGST Act, 2017:

(Circular No. 160/16/2021 GST dt. 20.09.2021)

For example, a debit note dated 17th July 2024 is issued in respect of the original invoice dated 16th March 2025. As the invoice pertains to Financial Year 2024-25, the relevant financial year for a availment of ITC in respect of the said invoice in terms of section 16(4) shall be Financial Year 2024-25.

However, as the debit note has been issued in Financial Year 2025-26, the relevant financial year for availment of ITC in respect of the said debit note shall be Financial Year 2025-26 in terms of amended provision of section 16(4) of the CGST Act, 2017.

Section 16(5) of CGST Act, 2017 [inserted by F.A. 2024, dated 16-8-2024, w.e.f 27-9-2024, vide SO 4253€, dt. W.r.e.f 01-07-2017]:

Amendment of section 16. - In section 16 of the Central Goods and Services Tax Act, with effect from the 1st day of July, 2017, after subsection (4), the following section 16(5) shall be inserted, namely:— “Notwithstanding anything contained in sub-section (4), in respect of an invoice or debit note for supply of goods or services or both pertaining to the Financial Years 2017- 18, 2018-19, 2019-20 and 2020-21, the registered person shall be entitled to take input tax credit in any return under section 39 which is filed upto the thirtieth day of November, 2021.

Example: A registered taxpayer, ABC Ltd, received a service invoice dated 15th March 2021 for FY 2020–21 but failed to claim ITC in the returns filed within the original deadlines under Section 16(4).

- The taxpayer later claimed this ITC in the September 2021 return, filed on 20th October 2021.

Issue Before Amendment:

- Tax authorities could disallow the ITC claim, citing the time limit under Section 16(4).

Impact of Section 16(5):

- The ITC claim by ABC Ltd is now valid because it was claimed before 30th November 2021, even if it exceeded the original time limit under Section 16(4).

Section 16(6) of CGST Act, 2017 [inserted by F.A. 2024, dated 16-8-2024, w.e.f 27-9-2024, vide SO 4253€, dt. W.r.e.f 01-07-2017]:

Where registration of a registered person is cancelled under section 29 and subsequently the cancellation of registration is revoked by any order, either under section 30 or pursuant to any order made by the Appellate Authority or the Appellate Tribunal or court and where availment of input tax credit in respect of an invoice or debit note was not restricted under sub-section (4) on the date of order of cancellation of registration, the said person shall be entitled to take the input tax credit in respect of such invoice or debit note for supply of goods or services or both, in a return under section 39,—

- (i) filed upto thirtieth day of November following the financial year to which such invoice or debit note pertains or furnishing of the relevant annual return, whichever is earlier; or

Example 1: Revocation by the Tax Authorities

- Scenario:
 - A taxpayer, XYZ Ltd., had its GST registration cancelled on 15th March 2024 for non-filing of returns.
 - The registration was reinstated on 1st August 2024 upon filing an application for revocation under Section 30.
 - XYZ Ltd. has invoices from February 2024 to July 2024 for which ITC was not claimed.
- Entitlement Under Section 16(6):
 - XYZ Ltd. can claim ITC for:
 1. Invoices dated before the cancellation (February 2024):
These invoices belong to FY 2023–24, so ITC can be claimed in the return filed up to 30th November 2024 or with the relevant annual return for FY 2023–24, whichever is earlier.
 2. Invoices during the cancellation period (March 2024 to July 2024):
ITC for these invoices can be claimed if XYZ Ltd. files the return for this period within 30 days of the revocation order, i.e., by 31st August 2024.
 3. Whichever Is Later Rule:
The later date between 30th November 2024 and 31st August 2024 applies. Therefore, ITC for all invoices (pre-cancellation and cancellation period) can be claimed up to 30th November 2024.

Example 2: Revocation by Court Order

- Scenario:
 - A taxpayer, ABC Pvt. Ltd., had its GST registration cancelled effective 1st July 2023 due to tax arrears.
 - On 15th April 2025, the Appellate Tribunal revoked the cancellation and reinstated the registration retroactively.
 - ABC Pvt. Ltd. has invoices from June 2023 to March 2024 for which ITC was not availed.
- Entitlement Under Section 16(6):
 - ABC Pvt. Ltd. can claim ITC for:
 1. Invoices dated before the cancellation (June 2023):
These invoices belong to FY 2023–24, so ITC can be claimed in the return filed up to 30th November 2024 or with the relevant annual return for FY 2023–24, whichever is earlier.
 2. Invoices during the cancellation period (July 2023 to March 2024):

ITC for these invoices can be claimed if ABC Pvt. Ltd. files the return for this period within 30 days of the Tribunal's order, i.e., by 15th May 2025.

3. Whichever Is Later Rule:

The later date between 30th November 2024 (pre-cancellation timeline) and 15th May 2025 (30 days from the revocation order) applies. Therefore, ITC for all invoices (pre-cancellation and cancellation period) can be claimed up to 15th May 2025.

Notification No. 22/2024-Central Tax dated 8th October 2024: Special procedure for rectification of certain specified orders issued under sections 73, 74, 107 or 108 of CGST Act:

This notification provides a streamlined rectification process for addressing cases where the ITC, initially disallowed, is now permissible under the law, allowing taxpayers to avoid unnecessary litigation.

Process Summary:

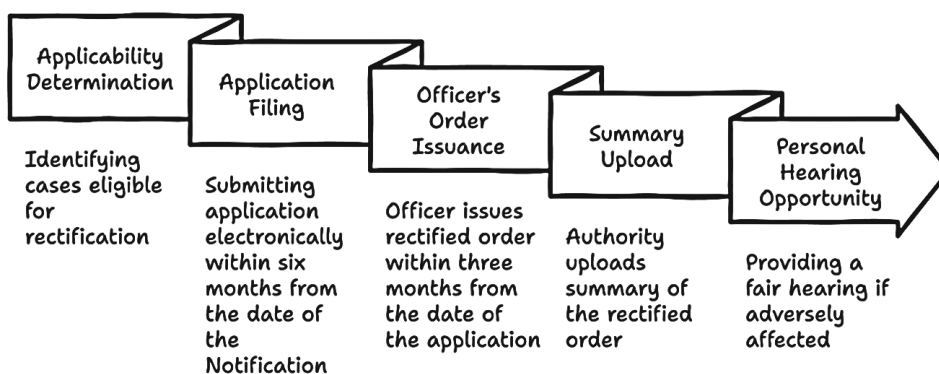

Applicability: The procedure applies to registered persons against whom an order has been issued confirming a demand for wrongful availment of input tax credit (ITC) in violation of Section 16(4). In other words, case where ITC initially disallowed, is now available under Section 16(5) or Section 16(6), and the person has not filed an appeal against the original order.

Filing of Application: The registered person must file an application for rectification of the order electronically on the common portal. Such application for rectification is to be filed within six months from the date of the notification, and the officer must issue a rectified order within three months from the date of the application. Along with the application, the person must upload information in the prescribed Annexure A format.

Summary of Rectified Order: Once the rectification is made, the authority must upload a summary of the rectified order electronically in the relevant forms based on the section under which the original order was issued.

Opportunity for personal hearing: If the rectification process adversely affects the registered person, the principles of natural justice must be followed, ensuring that the person is provided a fair opportunity to be heard before any adverse decision is made.

ITC Rectification Process

Extension of ITC Claim Deadlines under Sections 16(5) and 16(6) of the CGST Act: Clarification of GST Circular No. 237/31/2024, dated 15th October 2024:

Sections 16(5) and 16(6) of the CGST Act extend the time limits for claiming ITC retrospectively from July 1, 2017. This amendment offers relief to taxpayers who were unable to claim ITC within the prescribed period under

Section 16(4). The retrospective application, however, has raised concerns about how past cases—where ITC claims were disallowed—should be handled.

To address these concerns, the GST Circular No. 237/31/2024 lays out specific instructions for various scenarios, ensuring that taxpayers can claim ITC for earlier periods without facing penalties for having missed the original deadlines.

Key Clarifications for Handling Past ITC Cases

The GST Circular No. 237/31/2024 provides clarity on how authorities and taxpayers should approach cases involving incorrect ITC availment due to non-compliance with Section 16(4). The guidance applies to different stages of tax proceedings, such as investigations, demand notices, and appeals.

Cases Without Demand Notices

In situations where proceedings for wrong ITC claims were initiated but no formal demand notice was issued under Sections 73 or 74 of the CGST Act, tax authorities must now consider the amended Sections 16(5) and 16(6). This allows taxpayers to benefit from the extended period for claiming ITC. Proper officers are required to take appropriate action under these provisions, even if informal documents like FORM DRC-01A were previously issued.

Cases with Demand Notices Issued but No Final Order

For cases where demand notices were issued but no final order was passed by the adjudicating authority, retrospective amendments to Sections 16(5) and 16(6) should be taken into account when issuing the final order. This will allow taxpayers to claim ITC, provided their case qualifies under the new provisions.

Appeals in Progress

In cases where orders have already been passed under Sections 73 or 74 and an appeal has been filed under Section 107, but no appellate order has been issued, the appellate authority must now consider the retrospective extension of ITC claims. This ensures that taxpayers who filed appeals due to denied ITC claims are treated fairly under the new legal framework.

Revisional Proceedings Pending

If revisional proceedings were initiated under Section 108 but no final order has been issued, the Revisional Authority is required to factor in the amendments. The revised provisions should guide the decision, ensuring that taxpayers are allowed to rectify their claims where applicable.

Final Orders with No Appeal Filed

Where final orders have already been passed, and either no GST appeal was filed, or no appeal is pending with the Appellate Tribunal, taxpayers can still apply for rectification under the special procedure laid out in Notification No. 22/2024 within 6 months. This must be done within six months of the notification date to rectify any past discrepancies involving ITC claims.

Special Procedure for Rectification of ITC Claims

For taxpayers whose ITC claims were denied due to violations of Section 16(4), but are now eligible under the retrospective amendments, the CBIC has provided a specific rectification process. Here are the key steps:

- ▲ **Filing Period:** Taxpayers must file for rectification within six months from the date of the notification issued on October 8, 2024.
- ▲ **Application Submission:** Applications can be filed electronically through the GST portal. Taxpayers need to submit relevant details, including Annexure A, to rectify past ITC claims.

- ▲ **Order Processing:** The proper officer who issued the original order will handle the rectification and is required to issue a new order within three months of the application.
- ▲ **Rectified Orders:** Summaries for rectified orders will be uploaded through the appropriate forms—FORM DRC-08 for cases under Sections 73 or 74, and FORM GST APL-04 for cases under Sections 107 or 108.
- ▲ **Adverse Effect of Rectification:** If rectification adversely affects the applicant, the principle of natural justice will apply. This means before passing the adverse order the proper office will give the opportunity to be heard to taxpayer.
- ▲ **Appeal Rights:** If the rectified order results in adverse outcomes for the taxpayer, they have the right to appeal under Sections 107 or 112 of the CGST Act.
- ▲ **No refund:** No refund will be granted for taxes already paid of ITC reversed, even if the ITC is now eligible due to the retrospective amendments in Section 16(5) and 16(6).

Limitations of the Rectification Process

It's important to note that the special rectification process only applies to cases where ITC was denied due to violations of Section 16(4). Taxpayers whose cases don't involve such contraventions cannot benefit from the special procedure.

Additionally, no refunds will be provided for taxes already paid or ITC that was reversed, even if the ITC is now eligible under the retrospective amendments.

The value of activities or transactions mentioned in entry 8(a) of Schedule III of the GST Act which is required to be

included in the value of exempt supplies in terms of clause (b) of the Explanation to section 17(3) of the Act shall be the value of supply of goods from the Duty Free Shops located at the arrival terminal in international airports to the incoming passengers.

Manner of determination of input tax credit in respect of inputs or input services and reversal thereof [Rule 42(1) of the CGST Rules, 2017]

The input tax credit in respect of inputs or input services, which attract the provisions of sub-section (1) or sub-section (2) of section 17, being partly used for the purposes of business and partly for other purposes, or partly used for effecting taxable supplies including zero rated supplies and partly for effecting exempt supplies, shall be attributed to the purposes of business or for effecting taxable supplies in the following manner, namely,—

Step 1: Calculate common input tax credit on inputs and input services which are used to supply taxable as well as exempted output supplies:

| Particulars | Value in (₹) | CGST Rules, 2017 |
|---|--------------|----------------------|
| Total ITC on inputs and input services | Xxx | As per rule 42(1)(a) |
| Less: ITC on supplies exclusively used for the purpose other than business | (xx) | As per rule 42(1)(b) |
| Less: ITC on supplies exclusively used for providing exempted supplies | (xx) | As per rule 42(1)(c) |
| Less: ITC not available under section 17(5) of the CGST Act, 2017 | (xx) | As per rule 42(1)(d) |
| Input tax credit which are used to supply taxable as well as exempted output supplies | Xxx | As per rule 42(1)(e) |
| Less: ITC on supplies used exclusively for taxable supply including Zero rated supply (i.e. ITC on normal supplies) | (xx) | As per rule 42(1)(f) |
| Common ITC, which are used to supply taxable as well as exempted output supplies (denoted as “C2”) | Xx | As per rule 42(1)(h) |

Note: As per Rule 42(1)(g) of the CGST Rules, 2017, information relating to Rule 42(1)(b), (c), (d) and (f) shall be determined and declared by the registered person at the invoice level in FORM GSTR-2;

Step 2: Amount of reversal of input tax credit attributable towards Exempt supplies rule 42(1)(i) of the CGST Rules, 2017 (denoted as “D1”):

$$= \frac{\text{Exempted supplies during the tax period ('E')}}{\text{Total turnover in the State of the registered person during the tax period ('F')}} \times \text{Common ITC, which are used to supply taxable as well as exempted, output supplies}$$

Provided that where the registered person does not have any turnover during the said tax period or the aforesaid information is not available, the value of 'E/F' shall be calculated by taking values of 'E' and 'F' of the last tax period for which the details of such turnover are available, previous to the month during which the said value of 'E/F' is to be calculated;

The ITC so availed by the recipient of deemed export supplies would not be subjected to provisions of Section 17 of the CGST Act, 2017 (vide CBIC Circular No. 172/04/2022-GST, dated 6th July, 2022).

Explanation:

For the purposes of this clause, it is hereby clarified that the aggregate value of exempt supplies and the total turnover shall exclude the amount of any duty or tax levied under entry 84 of List I of the Seventh Schedule to the Constitution and entry 51 and 54 of List II of the said Schedule;

Notification No. 55/2017-Central Tax, dated 15th November 2017, w.e.f. 15th November, 2017:

An explanation has been inserted after sub-rule (2) in rule 43 for the purposes of rule 42 and this rule that the aggregate value of exempt supplies shall exclude the value of supply of services having place of supply in Nepal or Bhutan, against payment in Indian Rupees.

Notification No. 3/2018-Central Tax, dated 23rd January 2018:

For the purposes of rule 42 and this rule, it is hereby clarified that the aggregate value of exempt supplies shall exclude:—

- (a) the value of services by way of accepting deposits, extending loans or advances in so far as the consideration is represented by way of interest or discount, except in case of a banking company or a financial institution including a non-banking financial company, engaged in supplying services by way of accepting deposits, extending loans or advances; and
- (b) the value of supply of services by way of transportation of goods by a vessel from the customs station of clearance in India to a place outside India.

Tax period

As per section 2(106) of the CGST Act, 2017 tax period means for the purpose for which return is required to be furnished. As per section 39 return is required to be furnished on monthly basis by the registered person except the person opting for composition scheme or persons eligible to file return quarterly (other than composition levy assessee) based on their aggregate turnover not exceeds ₹150 lacs.

This rule is not applicable to persons opting for composition scheme.

Computing proportionate amount attributable to use for non-business purposes (i.e. Personal purpose) [Rule 42(1)(j) of the CGST Act, 2017]

The amount of credit attributable to non-business purposes if common inputs and input services are used partly for business and partly for non-business purposes, be denoted as 'D2', and shall be equal to five per cent of C2; and

| | | |
|--|----|----------------------|
| Common ITC, which are used to supply taxable as well as exempted output supplies (denoted as "C2") | xx | As per rule 42(1)(h) |
|--|----|----------------------|

Thus, if input or input services have been used for the purpose of non-business, as per rule 42(1)(j) of the CGST Rules, 2017 credit of 5% of "C2" will be required to be reversed. It means the same should be deducting from input tax credit on input or input services exclusively used for taxable supply in the electronic credit ledger.

Quantum of eligible ITC [Rule 42(1)(k) of the CGST Act, 2017]

The remainder of the common credit shall be the eligible input tax credit attributed to the purposes of business and for effecting supplies other than exempted supplies but including zero rated supplies and shall be denoted as 'C3', where,—

$$C3 = C2 - (D1 + D2)$$

Eligible ITC to be separately computed for different taxes [Rule 42(1)(l) of the CGST Rules, 2017]

That “C3” shall be computed separately for CGST, SGST, UTGST and IGST.

Added to the output tax liability Rule 42(1)(m) of the CGST Rules, 2017:

Person shall compute D1 and D2 (i.e. ineligible credit in addition to ineligible credit at invoice level and add that amount to the output tax liability. This will be added on monthly basis and the registered person should pay the amount.

Adjustment at the year end [Rule 42(2) of the CGST Rules, 2017]

The input tax credit determined under sub-rule (1) shall be calculated finally for the financial year before the due date for furnishing of the return for the month of September following the end of the financial year to which such credit relates, in the manner specified in the said sub-rule and—

- (a) where the aggregate of the amounts calculated finally in respect of ‘D1’ and ‘D2’ exceeds the aggregate of the amounts determined under sub-rule (1) in respect of ‘D1’ and ‘D2’, such excess shall be added to the output tax liability of the registered person in the month not later than the month of September following the end of the financial year to which such credit relates and the said person shall be liable to pay interest on the said excess amount at the rate specified in sub-section (1) of section 50 for the period starting from the first day of April of the succeeding financial year till the date of payment; or
- (b) where the aggregate of the amounts determined under sub-rule (1) in respect of ‘D1’ and ‘D2’ exceeds the aggregate of the amounts calculated finally in respect of ‘D1’ and ‘D2’, such excess amount shall be claimed as credit by the registered person in his return for a month not later than the month of September following the end of the financial year to which such credit relates.

w.e.f. 1-4-2020, For the removal of doubt, it is clarified that useful life of any capital goods shall be considered as five years from the date of invoice and the said formula shall be applicable during the useful life of the said capital goods

| Rule | Revised Provision | Comment |
|---|--|--|
| Rule 41: (Transfer of credit on sale, merger, amalgamation, lease or transfer of a business) | Insertion of Explanation: - it is hereby clarified that the “value of assets” means the value of the entire assets of the business, whether or not input tax credit has been availed thereon. | Comment: With the insertion of this explanation it is clarified that for the purpose of apportionment of ITC in case of demerger on the basis of ratio of assets of the new units as specified in the demerger scheme value of assets means value of all assets whether ITC claimed or not. |
| Insertion in Rule 42: (Manner of determination of input tax credit in respect of inputs or input services and reversal thereof) | Insertion of Explanation in clause (f): For the purpose of calculation of T4, it is hereby clarified that in case of supply of services covered by clause (b) of paragraph 5 of Schedule II (Construction of complex, building, civil structure or part thereof except where entire consideration received after issuance of completion certificate), value of T4 shall be zero during the construction phase because inputs and input services will be commonly used for construction of apartments booked on or before the date of issuance of completion certificate or first occupation of the project, whichever is earlier, and those which are not booked by the said date. Insertion in clause (g): T1’, ‘T2’, ‘T3’ and ‘T4’ shall be determined and declared by the registered person at the invoice level in FORM GSTR-2 and at summary level in FORM GSTR-3B | Comment: In case of service of Construction of complex, building, civil structure or part thereof except where entire consideration received after issuance of completion certificate value of T4 shall be zero during the construction phase. Comment: Now, a taxpayer shall declare T1’, ‘T2’, ‘T3’ and ‘T4’ at summary level in FORM GSTR-3B as well earlier this information was only required in GSTR- 2 at the invoice level. |

|------|---|--|
| | <p>Insertion of proviso in clause (i): Provided that in case of supply of services covered by clause (b) of paragraph 5 of Schedule II of the Act, the value of 'E/F' for a tax period shall be calculated for each project separately, taking value of E and F as under:-</p> <p>E= aggregate carpet area of the apartments, construction of which is exempt plus but are identified to be sold after issue of completion certificate or first occupation, whichever is earlier</p> <p>F= aggregate carpet area of the apartments in the project.</p> <p>Further as per explanation, value of E shall also include aggregate carpet area of the apartments, which have not been booked.</p> | <p>Comment: A proviso has been inserted to provide that in case of service of Construction of complex, building, civil structure or part thereof except where entire consideration received after issuance of completion certificate, value of 'E/F' for a tax period shall be calculated for each project separately.</p> |
| | <p>Substitution in Sub Rule (1) clause (l): the amount 'C3', 'D1' and 'D2' shall be computed separately for input tax credit of central tax, State tax, Union territory tax and integrated tax and declared in FORM GSTR-3B or through FORM GST DRC-03</p> | <p>Comment: This now gives teeth the instructions from CBIC to carry out reversals (for earlier years) through DRC03. It was seen that reversals for earlier year were made through GSTR 3B which resulted in double counting of reversal in subsequent financial year.</p> |
| | <p>Substitution Sub Rule (1) clause (m): the amount equal to aggregate of 'D1' and 'D2' shall be reversed by the registered person in FORM GSTR-3B or through FORM GST DRC-03</p> | |

| | <p>Substitution in sub rule (2) clause (a): where the aggregate of the amounts calculated finally in respect of 'D1' and 'D2' exceeds the aggregate of the amounts determined under sub-rule (1) in respect of 'D1' and 'D2', such excess shall be reversed by the registered person in FORM GSTR-3B or through FORM GST DRC-03 45 in the month not later than the month of September following the end of the financial year to which such credit relates.....</p> | <p>Comment: This is consequential effect that is required to accommodate previous rule changes.</p> |

| Rule | Revised Provision | Comment |

| | Insertion of Sub Rule (3): In case of supply of services covered by clause (b) of paragraph 5 of the Schedule II of the Act, the input tax determined under sub-rule (1) shall be calculated finally, for each ongoing project or project which commences on or after 1st April, 2019, which did not undergo or did not require transition of input tax credit consequent to change of rates of tax on 1st April, 2019 In the manner prescribed in the said sub-rule. | Comment: Where transition adjustment has been made (into new rate-regime), the reversal effect needs to be treated without allowing these adjustments to unduly impact the reversal. |
| Rule 43: Manner of determination of input tax credit in respect of capital goods and reversal thereof in certain cases. | <p>Insertion in sub rule 1 clause (a): the amount of input tax in respect of capital goods used or intended to be used exclusively for non-business purposes or used or intended to be used exclusively for effecting exempt supplies shall be indicated in FORM GSTR-2 and FORM GSTR-3B and shall not be credited to his electronic credit ledger.</p> <p>Insertion in sub rule 1 clause (b): he amount of input tax in respect of capital goods used or intended to be used exclusively for effecting supplies other than exempted supplies but including zero-rated supplies shall be indicated in FORM GSTR-2 and FORM GSTR-3B and shall be credited to the electronic credit ledger.</p> <p>Insertion of explanation in clause (b): For the purpose for calculating ITC on capital goods used for effecting supplies other than exempted, it is hereby clarified that in case of supply of services covered by clause (b) of paragraph 5 of the Schedule II of the said Act, the amount of input tax in respect of capital goods used or intended to be used exclusively for effecting supplies other than exempted supplies but including zero rated supplies, shall be zero during the construction phase because capital goods will be commonly used for construction of apartments booked on or before the date of issuance of completion certificate or first occupation of the project, whichever is earlier, and those which are not booked by the said date.</p> | <p>Comment: Earlier the ITC on capital goods used for non-business purpose and used for effecting exempt supplies was required to be indicated in GSTR 2 only. Now, it shall be indicated in GSTR 3B as well.</p> <p>Further, ITC in respect of capital goods used for effecting supplies other than exempted but including zero rated shall also be indicated in GSTR 3B now.</p> <p>Comment: This is welcome as difficulty in determining reversal during year of construction which would have impacted the correctness of reversal which could be favourable or unfavourable to RPs and subverts correct determination of reversal required.</p> |
| | Insertion in clause (g): 'F' is the total turnover in the State of the registered person during the tax period: | Comment: Earlier the clause defining abbreviation "F" is modified in a way to provide that total turnover only within a state will be considered. |
| | <p>Insertion of proviso in clause (g):</p> <p>Provided that in case of supply of services covered by clause (b) of paragraph 5 of the Schedule II of the Act, the value of 'E/F' for a tax period shall be calculated for each project separately, taking value of E and F as under</p> | Comment: A proviso has been inserted to provide that in case of service of Construction of complex, building, civil structure |

Circular No. 214/8/2024-GST dated 26 June 2024, Clarification on the requirement of ITC reversal regarding the portion of premium for life insurance policies which is not included in the taxable value:

Life insurance policies which include a component of investment along with the component of risk cover for life insurance, are covered under the life insurance business.

The provisions regarding the value of supply of the services in relation to life insurance business are contained in rule 32(4) of the CGST Rules. It provides that the value of supply of services in respect of life insurance business is primarily to be determined by deducting the amount of premium allocated for investment or savings on the policy holder's behalf from the gross premium charged from them. It also provides for the determination of value of supply of such services based on a certain percentage of gross premium in other situations.

Section 17(2) of the CGST Rules read with rules 42 or 43 of the CGST Rules require ITC reversal where ITC is used partly for effecting taxable supplies and partly for exempt supplies.

The circular clarifies that just because some amount of consideration is not included in the value of taxable supply as per valuation provisions, the said portion of consideration cannot be said to be attributable to a non-taxable or exempt supply. Hence, there is no requirement of ITC reversal regarding the said amount.

Example: Life Insurance Policies with Investment and Risk Cover Components

Scenario

- Insurance Company: ABC Life Insurance Ltd., registered under GST.
- Policy Details: A life insurance policy includes:
 - Premium: ₹1,00,000 annually.
 - Risk Cover Component: ₹30,000.
 - Investment Component: ₹70,000 (allocated to a savings/investment account).

Value of Supply Under Rule 32(4)

1. Gross Premium: ₹1,00,000.
2. Investment Component: ₹70,000 (not part of the value of supply as it is allocated for investment/savings).
3. Value of Taxable Supply:
 - As per Rule 32(4), the value of taxable supply = Gross Premium - Investment Component.
 - Taxable Value = ₹1,00,000 - ₹70,000 = ₹30,000.

GST Implications

1. Output Tax on Taxable Supply:

- Assume the GST rate for life insurance services is 18%.
- GST Payable = ₹30,000 × 18% = ₹5,400.

2. Input Tax Credit (ITC):

- ABC Life Insurance Ltd. uses inputs (goods/services) for taxable and exempt components.
- Normally, ITC reversal is required for the exempt portion of supplies (as per Section 17(2) and Rule 42/43).

3. Clarification on ITC Reversal:

- The ₹70,000 investment component is not exempt or non-taxable; it is merely excluded from the value of taxable supply due to valuation provisions.
- Hence, there is no ITC reversal required for the investment component.

Conclusion

- Taxable Value of Supply: ₹30,000.
- GST Payable: ₹5,400.
- ITC Reversal: No ITC reversal is required for the ₹70,000 investment component, as clarified in the circular.

- Compute: (i) Amount of input tax credit available and
(ii) Net GST payable by M/s. Vipin Ltd.

Solution:

- (i) Statement showing eligible input tax credit of M/s Vipin

| Particulars | Value in ₹ | Working note |
|--------------------------|------------|--|
| Raw material 'A' | 96,000 | $(10,000 \text{ kg} \times ₹80) \times 12\%$ |
| Other material 'M' | 24,000 | $2,00,000 \times 12\%$ |
| Capital goods (imported) | 10,000 | IGST allowed as ITC. |
| Total ITC | 1,30,000 | |

- (ii) Net GST liability of M/s Vipin

Input 'A' 10,000 kg  Out put 'P' 9,800 kg

(₹)

GST payable on value of supply 'P' = 1,17,600

$(9,800 \text{ kg} ₹100) \times 12\%$

Less: ITC allowed = (1,30,000)

Excess ITC c/f = (12,400)

M/s X Ltd manufacturer of textile products. Company received order from Government to supply goods to defence (exempted supply). The turnover of the other taxable goods and exempted goods ₹4 crore and ₹1 crore respectively. Common inputs on which GST paid ₹20,000.

Calculate the eligible ITC on common inputs?

Solution:

Common inputs credit = ₹20,000
 Total turnover = ₹5 crores
 Credit attributable to exempted supplies = ₹4,000
 ($₹20,000 \times ₹1 \text{ crore} / ₹5 \text{ crore}$)
 Eligible ITC is ₹16,000 (i.e. 20,000 – 4,000)

Illustration 10

M/s Lips Ltd., manufactures four types of 'Nail Polishes', namely Sweety, Pretty, Beauty, Tweety.

The Company has taken input tax credit of ₹3,00,000 on the common inputs used in the manufacture of 'Nail Polishes'. Common inputs also used partly for non-business purposes. During the financial year the company manufactured 1000 litres of each type of 'Nail Polishes'. The Company was not in a position to maintain separate set of records with regards to inputs used for final products. GST payable on final goods @12%.

You are required to calculate the net GST payable by M/s Lips Ltd. for the year from the following data:

| Product Name | Description | Sale price (Exclusive of GST) |
|--------------|--|----------------------------------|
| Sweety | Sale to Domestic Tariff Area | ₹30 per 20ml. bottle |
| Pretty | Sale to a Special Economic Zone (SEZ) | ₹40 per 20ml. bottle |
| Beauty | Sale to A Ltd. of USA | ₹50 per 20ml. bottle |
| Tweety | Sale to Defence Canteen(Exempted from GST) | ₹60 per 20ml. bottle |

Solution:

Statement showing GST on outward supplies:

| Product Name | Description | Sale price (Exclusive of GST) | Transaction Value ₹ | GST liable to pay ₹ | Remarks |
|--------------|---|----------------------------------|---------------------|---------------------|---|
| Sweety | Sale to Domestic Tariff Area | ₹30 per 20ml. bottle | 15,00,000 | 1,80,000 | ₹15,00,000 (1000 litres × 1000ml./ 20ml × ₹30) GST = ₹1,80,000 (₹15,00,000 × 12%) |
| Pretty | Sale to a unit of SEZ (treated as exports) | ₹40 per 20ml. bottle | 20,00,000 | Zero rated supplies | ₹20,00,000 (1000 litres × 1000ml./ 20ml × ₹40) |
| Beauty | Sale to A Ltd. of USA (export sales) | ₹50 per 20ml. bottle | 25,00,000 | Zero rated supplies | ₹25,00,000 (1000 litres × 1000ml./ 20ml × ₹50) |
| Tweety | Sale to Defence Canteen (Exempted from GST) | ₹60 per 20ml. bottle | 30,00,000 | Exempted | ₹30,00,000 (1000 litres × 1000ml/20ml × ₹60) |
| | Total | | 90,00,000 | 1,80,000 | |

As per Section 17(2) of the CGST Act, 2017 read with rule 42(1)(i) and rule 42(1)(j) of the CGST Rules, 2017 proportionate reversal of credit is as follows:

| Particulars | ITC reversal ₹ | Working note |
|---|-----------------|--|
| Input tax credit proportionate reversal on common inputs [rule 42(1)(i)] | 1,00,000 | $(₹30,00,000/₹90,00,000) \times ₹3,00,000$ |
| Credit attributable to non-business purposes on common inputs [rule 42(1)(j)] | 15,000 | $₹3,00,000 \times 5\%$ |
| Total | 1,15,000 | |

Therefore, quantum of eligible ITC (Rule 42(1)(k) of the CGST Rules, 2017) ₹ is ₹1,85,000/-
 $[₹3,00,000 - (1,00,000 + 15,000)]$

Statement showing net GST liability or excess credit:

| | |
|---|----------------------|
| Therefore, the GST payable on taxable supply of goods | = ₹1,80,000 |
| Add: ITC reversed (i.e. Output tax liability) | = ₹1,15,000 |
| Total Tax liability | = ₹2,95,000 |
| Less: ITC credit allowed | = <u>₹(3,00,000)</u> |
| Excess ITC can be carried forward into next month | = <u>₹(5,000)</u> |

Y Ltd. manufactures taxable and exempted goods. Y Ltd. also simultaneously provides taxable as well as exempted output services. Raw material 10,000 units were purchased @ ₹100 per unit used commonly during the month of January 2025 to produce all final products. GST paid on inputs 12%. Input services commonly used for all goods and services in the month of January 2025. Total ITC on inputs and input services taken into books of account in the relevant tax period is ₹1,74,000.

Turnover for the month of January 2025 (excluding all taxes)

| Particulars | Value of finished goods ₹ |
|---|---------------------------|
| Taxable supply of goods | 2,00,000 |
| Exempted supply of goods (₹80 per unit) | 1,00,000 |
| Taxable supply of services | 1,00,000 |
| Exempted supply of services | 50,000 |
| Total | 4,50,000 |

You are required to compute the amount of reversal of input tax credit as per rule 42(1)(i) of the CGST Rules, 2017 for the month of January 2025.

Note: Each unit of exempted final product needs 2 units of raw materials. Assumed that there is no process loss.

Solution:

Step 1: Calculate common input tax credit on inputs and input services which are used to supply taxable as well as exempted output supplies:

| Particulars | Value in ₹ | Working note |
|---|------------|---|
| Total ITC on inputs and input services | 1,74,000 | rule 42(1)(a) |
| Less: ITC on supplies exclusively used for the purpose other than business | Nil | rule 42(1)(b) |
| Less: ITC on supplies exclusively used for providing exempted supplies | (30,000) | $2,500u \times ₹100 \times 12\%$ [rule 42(1)(c)] |
| Less: ITC not available under section 17(5) of the CGST Act, 2017 | Nil | rule 42(1)(d) |
| Input tax credit which are used to supply taxable as well as exempted output supplies | 1,44,000 | rule 42(1)(e) |
| Less: ITC on supplies used exclusively for taxable supply including Zero rated supply (i.e. ITC on normal supplies) | (90,000) | $(10,000u - 2,500u) \times ₹100 \times 12\%$. As per rule 42(1)(f) |
| Common ITC, which are used to supply taxable as well as exempted output supplies (denoted as “C2”) | 54,000 | As per rule 42(1)(h) |

Step 2: Amount of reversal of input tax credit attributable towards exempted supplies rule 42(1)(i) of the CGST Rules, 2017 is as follows:

$$(\₹1,50,000/4,50,000) \times ₹54,000 = ₹18,000/-$$

Working Note:

- Number of units of exempted final products 1,250 units (i.e. $₹1,00,000 / ₹80 \text{ per unit} = 1,250 \text{ units}$)
- Since, each unit of exempted final product needs 2 units of raw materials. Raw material used exclusively for exempted final product 2,500 units (i.e. $1,250 \text{ units} \times 2 \text{ units} = 2,500 \text{ units}$).

| Deposit on which interest received | 2,00,000 |
| Total | 42,00,000 |

Common inputs for the relevant tax period is ₹2,00,000.

GST applicable rate on outward supply of goods @28%

Find the GST liability?

Solution:

Statement showing net GST liability:

| | | (₹) |
|-------------------|---|------------|
| Output tax | = | 5,60,000 |
| Add: ITC reversed | = | 95,238 |
| Out tax liability | = | 6,55,238 |
| Less: ITC | = | (2,00,000) |
| Net GST liability | = | 4,55,238 |

Working note:

(1) Exempted supply:

| | (₹) |
|---|-----------|
| Exempted supply of goods | 5,00,000 |
| Sale of land | 12,50,000 |
| Recovery Agent services supplied to OK Bank | 2,50,000 |
| TOTAL | 20,00,000 |

(2) Net ITC allowed = ₹1,04,762 (₹2,00,000 - ₹95,238)

(3) GST liability on outwards supply = ₹20,00,000 × 28% = ₹5,60,000

(4) ITC not allowed as per Rule 42(1)(i) of CGST Rules, 2017

$2,00,000 \times 20 L/42 L = ₹95,238/-$

Sale of land and Recovery Agent to a banking company is treated as exempted supply as per Section 17(3) of the CGST Act, 2017

Restriction on use of amount available in Electronic Credit Ledger **Rule 86B of the CGST Rules, 2017:**

The CBIC has issued Guidelines for disallowing debit of electronic credit ledger under Rule 86A of the CGST Rules, 2017. The salient points of the Guidelines are elaborated below:

1. Grounds for disallowing debit of amount from electronic credit ledger

- i. The Commissioner or an officer authorised by him, not below the rank of Assistant Commissioner, must “form an opinion” for disallowing debit of an amount from electronic credit ledger after proper application of mind considering all the facts of the case including the nature of prima facie fraudulently availed or ineligible input tax credit and whether the same is covered under the grounds mentioned in rule 86A(1), the amount of input tax credit involved, and whether such disallowance is necessary for restricting him from utilizing/ passing on fraudulently availed or ineligible input tax credit to protect the interests of revenue.
- ii. The power of disallowing debit of amount from electronic credit ledger must not be exercised in a mechanical manner and “careful examination of all the facts of the case” is important to determine case(s) fit for exercising power under rule 86A. The remedy of disallowing debit of amount from electronic credit ledger being, by its very nature, extraordinary’ has to be resorted to with utmost circumspection and with maximum care and caution. It contemplates an objective determination based on intelligent care and evaluation as distinguished from a purely subjective consideration of suspicion. The reasons are to be on the basis of material evidence available or gathered in relation to fraudulent availment of input tax credit or ineligible input tax credit availed as per the conditions/grounds under sub-rule (1) of rule 86A.

1. Proper authority for the purpose of rule 86A

- i. The Commissioner/ Principal Commissioner may authorize exercise of powers under rule 86A based on the following monetary limits:

| Total amount of ineligible fraudulently availed input tax credit | Officer authorized to disallow debit of amount from electronic credit ledger under rule 86A |
|--|---|
| Upto ₹ 1 crore | Deputy/ Assistant Commissioner |
| Above ₹1 crore but upto Rs. 5crore | Additional/ Joint Commissioner |
| Above ₹5 crore | Principal Commissioner/ Commissioner |

- ii. The Additional Director General /Principal Additional Director General of DGGI can also exercise the powers assigned to the Commissioner under rule 86A. The monetary limits for authorization for exercise of powers under rule 86A, to the officers of the rank of Assistant Director and above of DGGI by the Additional Director General /Principal Additional Director General may be same as mentioned above for equivalent rank of officers.

- iii. Where during the course of Audit under section 65 or 66 of CGST Act, 2017, it is noticed that any input tax credit has been fraudulently availed or is ineligible as per the grounds mentioned in rule 86A(1), the concerned Commissioner/ Principal Commissioner of CGST Audit Commissionerate may refer the same to the jurisdictional CGST Commissioner for examination of the matter for exercise of power under rule 86A.

1. Procedure for disallowance

- i. The amount of fraudulently availed or ineligible input tax credit availed by the registered person, as per the grounds mentioned in rule 86(1) shall be prima facie ascertained based on material evidence available or gathered on record. The “reasons to believe” to disallow debit from electronic credit ledger as formed by the Commissioner or any other officer authorized by him shall be duly recorded by the concerned officer in writing on file, before he proceeds to disallow debit of amount from electronic credit ledger of the said person.
- ii. The amount disallowed for debit from electronic credit ledger should not be more than the amount of input tax credit which is believed to have been fraudulently availed or is ineligible, as per the conditions/ grounds mentioned in rule 86A(1).
- iii. The action to disallow such debit from electronic credit ledger shall be informed on the portal to the concerned registered person, along with the details of the officer who has disallowed such debit.

1. Allowing debit of disallowed/restricted credit under rule 86A(2)

- i. The Commissioner or the authorized officer, either on his own or based on the submissions made by the taxpayer with material evidence, may examine the matter afresh and on being satisfied that the input tax credit, initially considered to be fraudulently availed or ineligible, is no more ineligible or wrongly availed, either partially or fully, may allow the use of the credit so disallowed/restricted, up to the extent of eligibility, as per powers granted under rule 86A(2).
- ii. Reasons for allowing the debit of electronic credit ledger, which had been earlier disallowed, shall be duly recorded on file in writing, before allowing such debit of electronic credit ledger.
- iii. Upon expiry of one year from the date of restriction, the registered person shall be able to debit input tax credit so disallowed, subject to any other action that may be taken against such person.
- iv. As the restriction on debit of electronic credit ledger under rule 86A(1) is resorted to protect the interests of the revenue and the said action also has bearing on the working capital of the registered person, it should be endeavoured that in all such cases’ the investigation and adjudication are completed at the earliest, well within the period of restriction, so that the due liability arising out of the same can be recovered from the said taxable person and the purpose of disallowing debit from electronic credit ledger is achieved.

Restriction on use of amount available in Electronic Credit Ledger Rule 86B of the CGST Rules, 2017:

w.e.f. 1-1-2021, New Rule 86B has been inserted which restricts the use of credit available in Electronic Credit Ledger. The said rule restricts the use of Input Tax Credit by more than 99% against output tax liability. This restriction is applicable for taxpayers whose taxable supply other than exempt supply and zero-rated supply exceeds ₹ 50 lakhs in a month.

Example 6

The total value of inter-State supply of Shiva & Sons for the month of March 2024 is of ₹100 lakh. Said supply is taxable @ 18% IGST. Thus, total output tax liability of Shiva & Sons is ₹18 lakh. Amount available in electronic credit ledger is ₹ 20 lakh (IGST).

In terms of restriction imposed by rule 86B, Shiva & Sons can discharge @ 99% of its output tax liability, i.e. ₹17,82,000 (99% of ₹18,00,000) from the amount available in electronic credit ledger. However, it has to mandatorily discharge the balance 1% of the output tax liability i.e. ₹ 18,000 (1% of ₹ 18,00,000) through electronic cash ledger only.

Further, the said rule is not applicable in the following cases:—

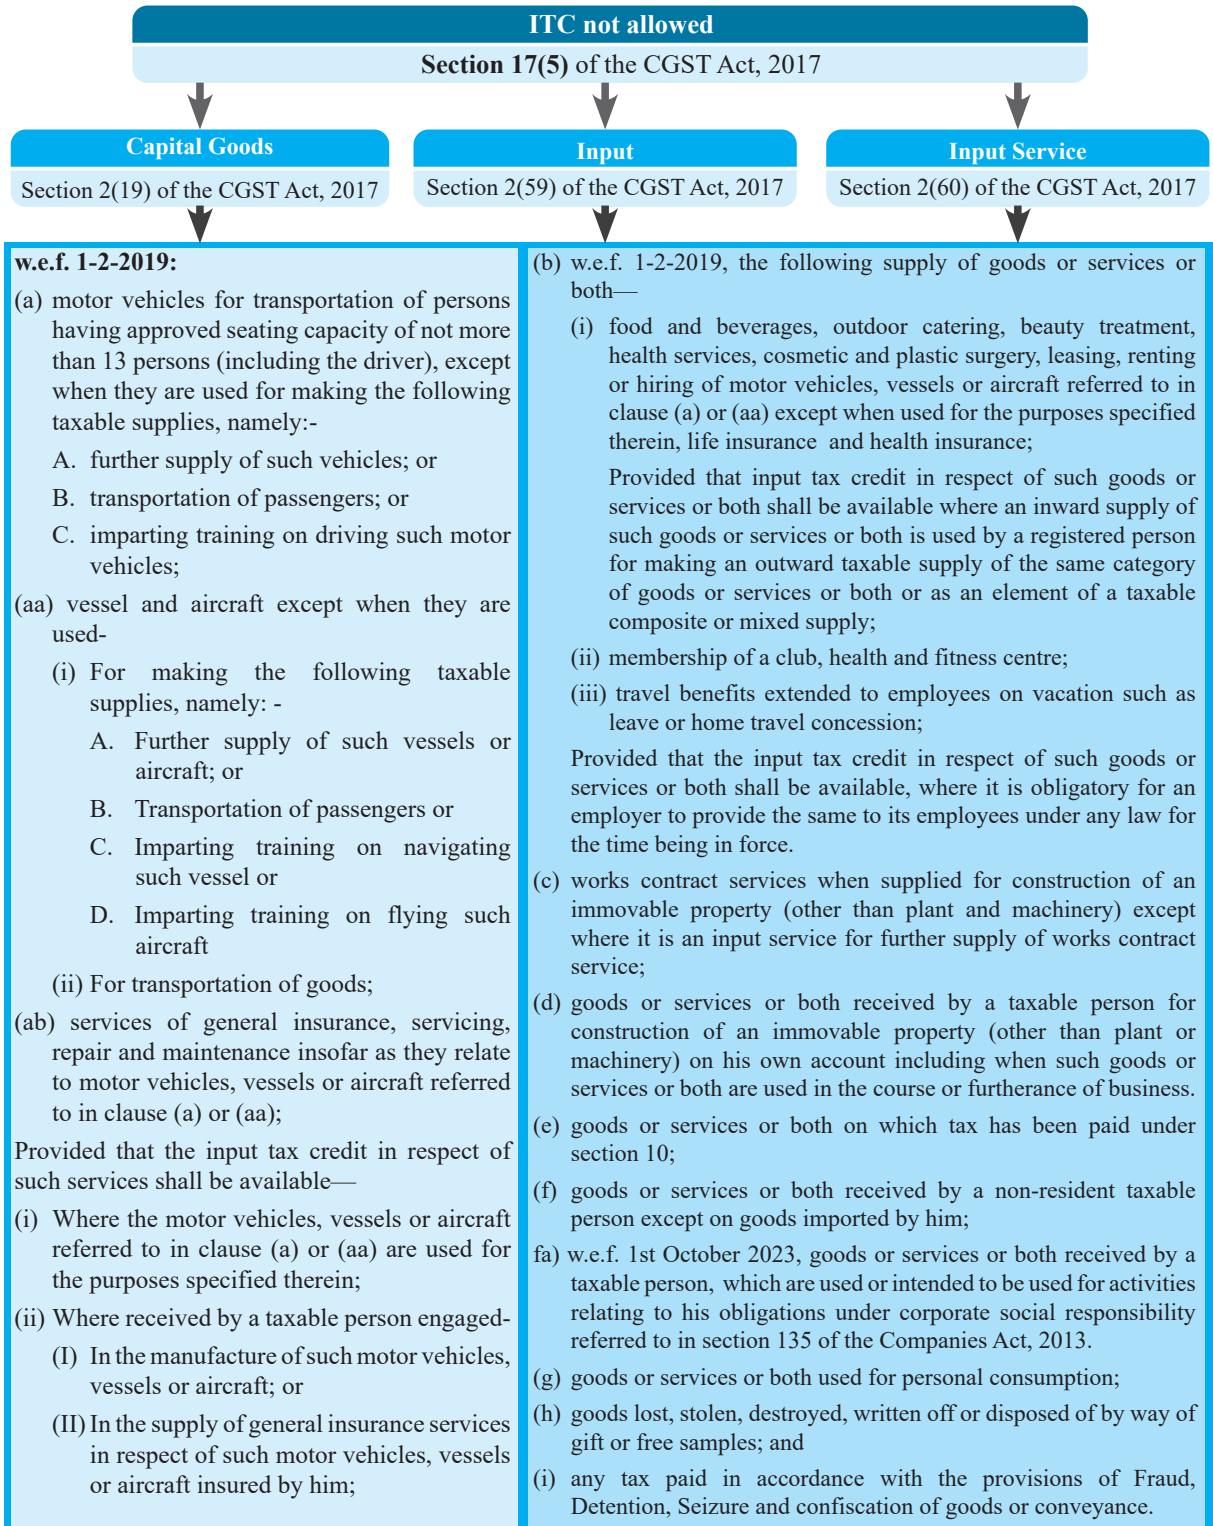

- (a) The taxpayer (proprietor/Karta/managing director/partner/Whole Time Director/Members of the managing committee of Association/Board of Trustees) have paid income tax exceeding ₹1 lakh in each of the 2 preceding financial years or
- (b) Where taxpayers have received a refund of unutilized input tax credit exceeding ₹1 lakh in the preceding financial year on account of exports or supplies to SEZ or
- (c) Where taxpayers have received a refund of unutilized input tax credit exceeding ₹1 lakh in the preceding financial year on account of inverted duty structure or
- (d) The taxpayer has discharged his liability towards output tax through the Electronic Cash Ledger for an amount which is more than 1% of the total output liability, applied cumulatively, up to the said month in the current financial year or
- (e) The taxpayer is—
 - ⊙ Government Department
 - ⊙ Public Sector Undertaking
 - ⊙ Local authority
 - ⊙ Statutory body

The Commissioner or any officer authorized by him on this behalf may remove the said restriction after such verification and safeguards as he may deem fit (vide Notification No. 94/2020-CT., dated 22-12-2020).

W.e.f. 01-10-2022, section 49(12) of CGST Act, 2017 has been inserted concerning the above rule. This insertion gives rule 86B legal backing.

Input Tax Credit (ITC) not applicable goods and services Section 17(5) of the CGST Act, 2017

Notwithstanding anything contained in sub-section (1) of section 16 and sub-section (1) of section 18, input tax credit shall not be available in respect of the following:

Amendment of section 17 (w.e.f. 1-11-2024, F.Y. 2024 dated 16-8-2024):

In section 17 of the Central Goods and Services Tax Act, in sub-section (5), in clause (i), for the words and figures “sections 74, 129 and 130”, the words and figures “section 74 in respect of any period upto Financial Year 2023-24” shall be substituted.

Explanation: For the purposes of clauses (c) and (d) of Section 17(5) of the CGST Act, 2017, the expression “construction” includes re-construction, renovation, additions or alterations or repairs, to the extent of capitalization, to the said immovable property;

Section 2(76) of the CGST Act, 2017 “motor vehicle” shall have the same meaning as assigned to it in clause (28) of section 2 of the Motor Vehicles Act, 1988;

Section 2(34) “conveyance” includes a vessel, an aircraft and a vehicle;

17.29.1 Section 17(5)(a)(ii) of the CGST Act, 2017 further provides that credit on any motor vehicle or other conveyance used for transportation of goods by the company himself or for making taxable supply will be available to avail credit on motor vehicles.

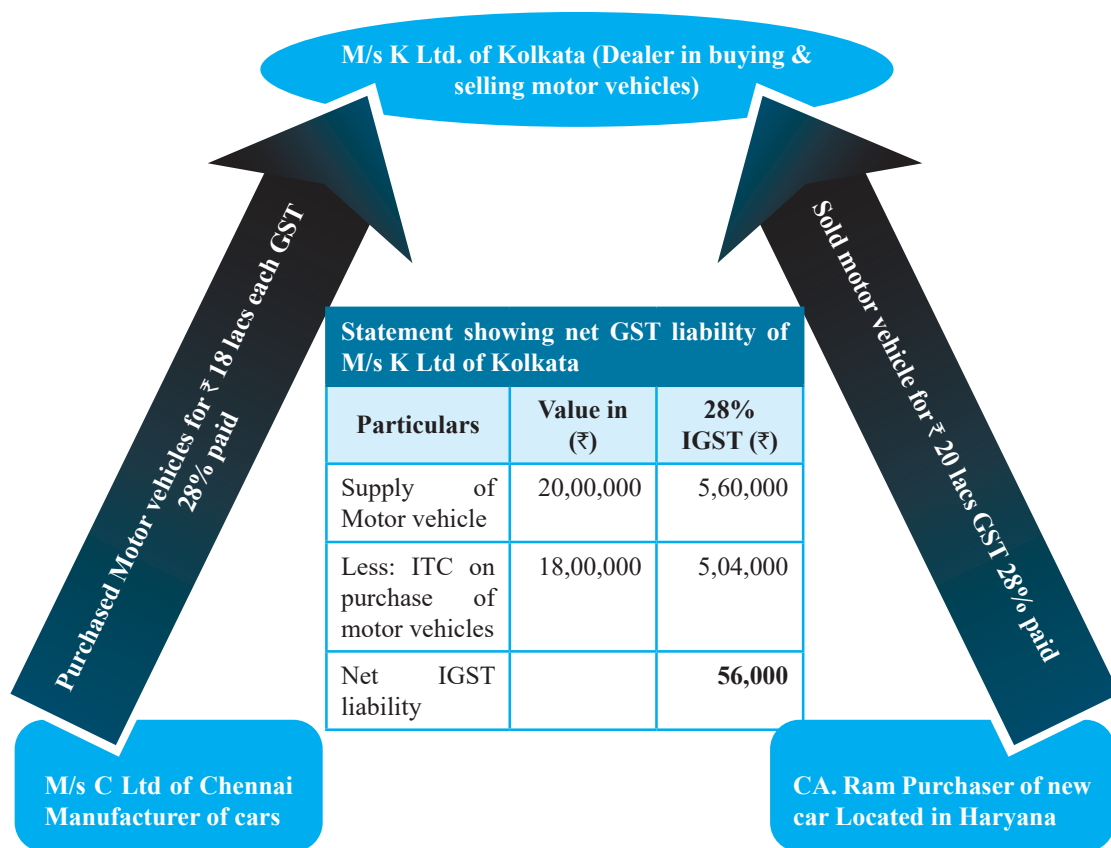

Section 17(5)(a) motor vehicles and other conveyances except when they are used—

(i) for making the following taxable supplies, namely:—

Section 17(5)(a) motor vehicles and other conveyances ITC Not allowed except when they are used—

(i) for making the following taxable supplies, namely:—

Motor vehicles or conveyances are used for further supply of such vehicles or conveyances:

There are many taxable persons who are engaged in purchase and sale of used cars. These dealers purchase used cars from others by paying GST then the credit of GST paid will be available to such dealers (i.e. while selling they are liable to pay GST).

Clarification on availability of input tax credit in respect of demo vehicles (CBIC Circular No. 231/25/2024-GST dt. 10th September 2024):

Here are numerical examples based on the legal framework provided for the availability of input tax credit (ITC) on demo vehicles used by authorized dealers:

Scenario 1: Demo Vehicles Not Capitalized

Facts:

- Dealer A purchases a demo vehicle for ₹10,00,000 (excluding GST) to showcase features and provide test drives to potential customers.
- GST charged by the supplier is ₹1,80,000 (18%).
- Dealer A uses the demo vehicle to promote the sale of similar vehicles.

Legal Framework:

- As per Section 17(5)(a) of the CGST Act, ITC is blocked on motor vehicles for transportation of persons (capacity \leq 13 persons) unless used for:
 - Further supply of such motor vehicles.
 - Transportation of passengers.
 - Training on driving such motor vehicles.
- **Clarification:** Since demo vehicles are used to promote the sale of similar vehicles, they are considered as being used for “further supply of such motor vehicles.”

Outcome:

- ITC Eligibility: ITC of ₹1,80,000 is allowed because the demo vehicle is used for making taxable supplies (sale of similar vehicles).
- Compliance Notes: The dealer must ensure the demo vehicle is used exclusively for business purposes and not for personal use.

Scenario 2: Demo Vehicles Capitalized

Facts:

- Dealer B purchases a demo vehicle for ₹12,00,000 (excluding GST) and capitalizes it in the books of accounts.
- GST charged by the supplier is ₹2,16,000 (18%).
- Dealer B uses the demo vehicle for test drives and later sells it after 2 years for ₹8,00,000.

Legal Framework:

1. Capital Goods Definition (Section 2(19)): If a vehicle is capitalized and used in the course or furtherance of business, it qualifies as capital goods.
2. Section 16(3): ITC is not allowed on the tax component of the cost of capital goods if depreciation is claimed on the tax component under the Income Tax Act.

3. Section 18(6): On the sale of capital goods, tax liability is calculated as the higher of:
- GST on the transaction value (sale price).
 - ITC attributable to the remaining life of the capital good (reduced by 5% per quarter).

Calculations:

1. ITC on Demo Vehicle:

- Dealer B capitalized the vehicle but did not claim depreciation on the GST component. Hence, full ITC of ₹2,16,000 is available.

2. GST Payable on Sale of Demo Vehicle:

- Transaction Value on Sale: ₹8,00,000.
- GST on Sale (18%): ₹1,44,000.
- ITC Reversal Calculation:

ITC is reduced by 5% per quarter. Total ITC = ₹2,16,000. Vehicle used for 8 quarters.

- ITC attributable to remaining life:
 - Tax Payable: Higher of:
 - GST on transaction value = ₹1,44,000.
 - ITC reversal = ₹1,29,600.
- Tax Payable = ₹1,44,000.

Scenario 3: Demo Vehicle with Depreciation on Tax Component**Facts:**

- Dealer C purchases a demo vehicle for ₹15,00,000 (excluding GST) and claims depreciation on the tax component under the Income Tax Act.
- GST charged is ₹2,70,000 (18%).

Legal Framework:

- Section 16(3) of the CGST Act prohibits ITC on the tax component of capital goods if depreciation is claimed on the same under the Income Tax Act.

Outcome:

- ITC Eligibility: ITC of ₹2,70,000 is not allowed as depreciation on the tax component was claimed.

Scenario 4: Sale of Demo Vehicle Without Capitalization**Facts:**

- Dealer D purchases a demo vehicle for ₹9,00,000 (excluding GST) and does not capitalize it. GST charged is ₹1,62,000 (18%).
- After 1 year, the demo vehicle is sold for ₹7,00,000 (excluding GST).

Legal Framework:

1. ITC on demo vehicles is allowed as they are used for further supply of similar vehicles.
2. On sale of demo vehicles, GST is payable on the transaction value.

Calculations:

1. ITC Availed: ₹1,62,000.
2. GST Payable on Sale (18% of ₹7,00,000): ₹1,26,000.

Scenario 4: Dealer Acting as an Agent for the Manufacturer

Facts:

- Dealer A purchases a demo vehicle for ₹12,00,000 (excluding GST) from a vehicle manufacturer to provide test drive facilities for potential customers on behalf of the manufacturer.
- GST charged on the demo vehicle is ₹2,16,000 (18%).
- The dealer is not directly involved in the purchase or sale of vehicles; instead, the sale invoice for the vehicle is issued by the manufacturer directly to the customer.
- After one year or a certain number of kilometers, Dealer A sells the demo vehicle to a customer for ₹8,00,000 (excluding GST), charging applicable GST on the sale.

Legal Framework:

1. Section 17(5)(a) of the CGST Act:

- ITC is not available for motor vehicles used for transporting passengers with a seating capacity ≤ 13 unless used for:
 - Further supply of such motor vehicles.
 - Transportation of passengers.
 - Training on driving such motor vehicles.

2. Clarification:

- In this scenario, Dealer A is acting as an agent or service provider to the manufacturer.
- For providing facility of vehicle test drive to the potential customers of the vehicle, the dealer purchases demo vehicle from the vehicle manufacturer.
- Therefore, the demo vehicle is not used for making “further supply of such motor vehicles”, and ITC is blocked under Section 17(5)(a).

3. Implications of Sale:

- When the demo vehicle is sold after use, GST must still be charged on the sale value (transaction value). However, ITC remains unavailable to the dealer due to the blockage under Section 17(5)(a).

Calculations:

1. Input Tax Credit on Demo Vehicle:

- GST paid on purchase of the demo vehicle: ₹2,16,000.
- ITC Eligibility: Not allowed as per Section 17(5)(a).

2. Sale of Demo Vehicle:

- Sale Price: ₹8,00,000.
- GST on Sale (18%): ₹1,44,000.
- The dealer collects and remits ₹1,44,000 GST to the government.

Outcome:

- ITC on Demo Vehicle: Not Available.
- GST on Sale of Demo Vehicle: Dealer must charge and pay GST of ₹1,44,000 on the sale of the demo vehicle.

Key Points:

1. Since the dealer acts as an agent/service provider to the manufacturer and does not engage in further supply of motor vehicles on their own account, ITC is blocked under Section 17(5)(a).
2. The sale of the demo vehicle is still subject to GST, but ITC on the purchase remains unavailable.

Summary of Scenarios

| Scenario | ITC Eligibility |
|---|-----------------|
| Demo vehicle not capitalized | ITC allowed |
| Demo vehicle capitalized, no depreciation | ITC allowed |
| Demo vehicle capitalized, with depreciation | ITC not allowed |
| Demo vehicle not capitalized, later sold | ITC allowed |
| Dealer purchases a demo vehicle from a vehicle manufacturer to provide test drive facilities for potential customers on behalf of the manufacturer. | ITC not allowed |

Accordingly, availment of ITC is not barred under sub-clause (i) of clause (b) of sub-section (5) of section 17 of the CGST Act in case of leasing, other than leasing of motor vehicles, vessels and aircrafts (CBIC Circular No. 172/04/2022-GST, dated 6th July, 2022).

Section 17(5) of the CGST Act, 2017 ITC Not allowed:

(c) works contract services when supplied for construction of an immovable property (other than plant and machinery) except where it is an input service for further supply of works contract service;

Situations in which ITC can be availed on any tax paid on work contract services:

ITC for any tax paid on work contract services shall be available in the following cases:

- (a) When supplied for construction of plant and machinery
- (b) Where it is an input service for further supply of works contract service.

Works contract:

Under section 2(119) of CGST Act “works contract” means a contract for building, construction, fabrication, completion, erection, installation, fitting out, improvement, modification, repair, maintenance, renovation, alteration or commissioning of any immovable property wherein transfer of property in goods (whether as goods or in some other form) is involved in the execution of such contract.

The expression ‘works contract’ is limited to contracts to do with immoveable property, unlike the existing understanding of the phrase which also extends to moveable property. A contract will amount to a ‘works contract’ only where there is a transfer of property in goods, while such a transfer may result in goods or anything else (i.e., immoveable property).

Construction [applicable to clause (c) and (d)]:

The expression “construction” includes re-construction, renovation, additions or alterations or repairs, to the extent of capitalization, to the said immovable property.

Plant and machinery:

The expression ‘plant and machinery’ means apparatus, equipment and machinery fixed to earth by foundation or structural support that are used for making outward supply of goods or services or both and includes such foundation and structural supports but excludes:

- (a) land, building or any other civil structures
- (b) telecommunication towers; and
- (c) pipelines laid outside the factory premises.

Section 17(5) of the CGST Act, 2017 ITC Not allowed:

- (d) goods or services or both received by a taxable person for construction of an immovable property (other than plant or machinery) on his own account including when such goods or services or both are used in the course or furtherance of business.

It is important to note: Distinction between Section 17(5)(c) and Section 17(5)(d) of the CGST Act, 2017:

Section 17(5)(c), deals with works contract services i.e. when such services are received under composite contracts and used for the purpose of construction of an immovable property (other than plant and machinery).

Section 17(5)(d), deals with situations when goods or services or both are received under different independent contracts i.e. supply of goods and supply of services under separate contracts for the construction of an immovable property (other than plant and machinery).

Input tax credit (ITC) shall not be available in respect of the following Section 17(5) of the CGST Act, 2017:

Section 17(5)(fa) w.e.f. 1st October 2023, goods or services or both received by a taxable person, which are used or intended to be used for activities relating to his obligations under corporate social responsibility referred to in section 135 of the Companies Act, 2013.

Facts of the case: Assessee had availed credit of GST paid on house-keeping and gardening services. In the given case assessee incurred expenditure of housekeeping and gardening in his business premises, out of CSR fund. However, Revenue disallowed the credit and also imposed penalty on the ground that the assessee was not eligible to avail credit of GST paid on these services.

Assessee claim: The environmental law expects the employer to keep the factory without contravening any of those laws. That apart, now the concept of corporate social responsibility is also relevant. Under the CSR policy, the company has contributed 2% of its net profit earned during the last three financial years. The majority of the CSR fund is utilized on Contribution towards the environment protection. It is to discharge a statutory obligation, when the employer spends money to maintain their factory premises in an eco-friendly manner, certainly, the tax paid on such services would form part of the costs of the final products.

However, w.e.f. 1-10-2023, goods or services or both received by a taxable person, which are used or intended to be used for activities relating to his obligations under corporate social responsibility referred to in section 135 of the Companies Act, 2013 is blocked credit under section 17(5)(fa) of CGST Act, 2017. Therefore, ITC is not allowed.

From the above, it is evident that Revenue action is correct.

Circular No. 219/13/2024-GST dated 26 June 2024 -

Clarification regarding availability of ITC on ducts and manholes used in the network of Optical Fibre Cables (OFCs) according to section 17(5) of the CGST Act, 2017:

The circular has clarified the issue of availing ITC on ducts and manholes used in the network of OFC's which was denied as the same was said to be restricted in terms of sections 17(5)(c) and

17(5)(d) of the CGST Act. Now, it has been clarified that availing ITC on ducts and manholes used in the network of OFC's is not restricted in terms of the said section because of the following –

- a. Ducts and manholes are basic components for the optical fibre network used in providing Telecommunication services.
- b. Regarding the explanation to section 17 of the CGST Act, 2017, ducts and manholes are not specifically excluded from the definition of plant and machinery as they are neither in the nature of land, building or civil structures nor are they in the nature of telecommunication towers or pipelines laid outside factory.

- c. Ducts and Manholes are in the nature of plant and machinery as they are used as part of the OFC network for making outward supply of the transmission of telecommunication signals.

Example: Availability of ITC on Ducts and Manholes in OFC Networks

Scenario:

1. Company: XYZ Telecom Ltd.
2. Infrastructure:
 - Ducts: Used to house and protect optical fibre cables (OFCs) underground.
 - Manholes: Provide access points for maintaining and connecting OFCs.

Key Clarifications for ITC:

1. Ducts and Manholes Are Essential:
 - They are basic components for setting up and operating the OFC network.
 - Used directly in providing telecommunication services.
2. Not Excluded from Plant and Machinery:
 - As per Section 17 of the CGST Act, ducts and manholes:
 - Are not categorized as land, building, or civil structures.
 - Are not telecommunication towers or pipelines outside a factory.
3. Eligible for ITC:
 - Since ducts and manholes are part of the telecommunication network (plant and machinery), ITC is available for their purchase and installation.

Illustration 49

Manufacturer has availed ITC of ₹10,000 at the time of purchase of inputs to manufacture of medicines. At the time of return of such medicine on the account of expiry, the ITC available to the manufacturer on the basis of fresh invoice issued by the retailer/wholesaler is ₹15,000.

If so, how much ITC is required to reverse, at the time expired medicines are destroyed by the manufacturer?

Solution:

Manufacturer would be required to reverse ITC of ₹15,000 and not of ₹10,000.

(B) Return of time expired goods by issuing Credit Note:

| | Date of supply of goods from manufacturer/wholesaler to wholesaler/retailer | Date of return of time expired goods from retailer/wholesaler to wholesaler/manufacturer | Treatment in terms of tax liability & credit note |
|---------------|---|--|---|
| Case 1 | 1st July 2024 | 30th November 2025 | Credit note will be issued by the supplier (manufacturer/wholesaler) and the same to be uploaded by him on the common portal. Subsequently, tax liability can be adjusted by such supplier provided the recipient (wholesaler/retailer) has either not availed the ITC or if availed has reversed the ITC |
| Case 2 | 1st July 2024 | 20th December 2025 | Credit note will be issued by the supplier (manufacturer/wholesaler) but there is no requirement to upload the same on the common portal. Subsequently, tax liability cannot be adjusted by such supplier |

It may be noted that though this circular discusses the scenarios in relation to return of goods on account of expiry of the same, it may be applicable to such other scenarios where the goods are returned on account of reasons other than the one detailed above.

Section 17(5)(i) of the CGST Act, 2017 any tax paid in accordance with the provisions of Fraud, Detention, Seizure and confiscation of goods or conveyance.

- (c) Section 130 of the CGST Act, 2017: Tax paid, when the goods or conveyance are being confiscated.

Simplified approach with regard to Section 18 of the CGST Act, 2017:

Proviso to section 18(6) of the CGST Act, 2017 where refractory bricks, moulds and dies, jigs and fixtures are supplied as scrap, the taxable person may pay tax on the transaction value of such goods determined under Section 15. It means 5% per quarter reduction not required to apply.

As per Rule 40(1)(b) of the CGST Rules, 2017 the registered person shall within a period of 30 days from the date of his becoming eligible to avail the input tax credit under sub-section (1) of section 18 shall make a declaration, electronically, on the common portal in **FORM GST ITC-01** to the effect that he is eligible to avail the input tax credit as aforesaid;

As per Rule 40(1)(d) of the CGST Rules, 2017 the details furnished in the declaration under clause (b) shall be duly certified by a practicing **Chartered Accountant** or a **Cost Accountant** if the aggregate value of the claim on account of central tax, State tax, Union territory tax and integrated tax exceeds ₹2,00,000;

Manner of reversal of credit under special circumstances: As per Rule 44(1)(b) of the CGST Rules, 2017 the amount of tax credit relating to capital goods held in stock shall, for the purpose of Section 18(4) of the CGST Act, 2017 (i.e. person opted to pay composition scheme or supplies are exempted wholly from GST) or section 29(5) of the CGST Act, 2017 (i.e. registration cancelled), be determined in the following manner, namely:—

For capital goods held in stock, the input tax credit involved in the remaining useful life in months shall be computed on pro-rata basis, taking the useful life as **FIVE Years**.

Example 14

Capital goods have been in use for 4 years, 6 month and 15 days.

The useful remaining life in months = 5 months ignoring a part of the month.

Input tax credit taken on such capital goods = C

Input tax credit attributable to remaining useful life = $C \times 5/60$.

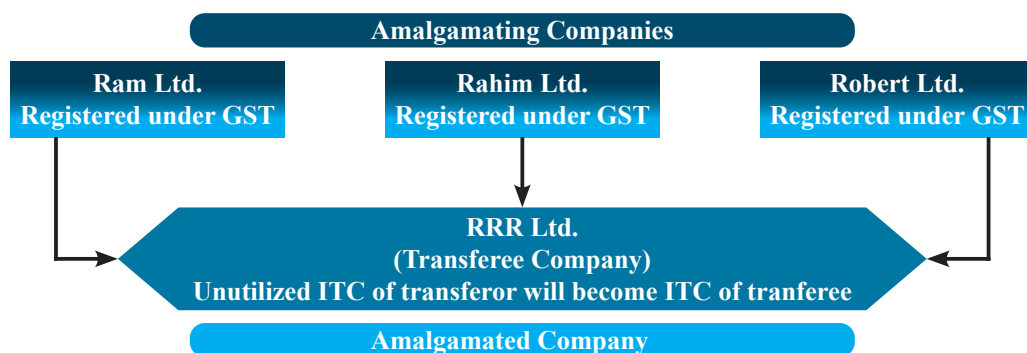

Therefore, input tax credit attributable to remaining useful life shall be reversed or pay as an amount.

vide Notification No. 16/2020-CT, dated 23.03.2020, w.e.f. 01.04.2020:

The amount of input tax in respect of capital goods used or intended to be used exclusively for non-business purposes or used or intended to be used exclusively for effecting exempt supplies shall be indicated in FORM GSTR-2 [and FORM GSTR3B] and shall not be credited to his electronic credit ledger;

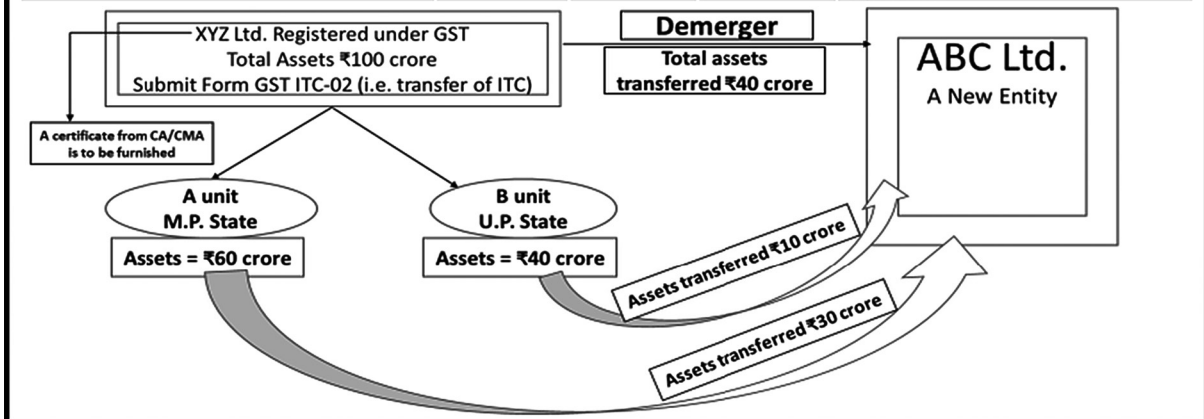

An item of capital goods declared as above on its receipt shall not attract the provisions of sub-section (4) of section 18, if it is subsequently covered under this clause.

Clarification in respect of apportionment of ITC in cases of business reorganization under section 18(3) of the CGST Act read with rule 41(1) of the CGST Rules.

| Unutilised ITC transferred to the demerged entity | $30/60 = 0.50$ | $10/40 = 0.25$ | $40/100 = 0.40$ | |

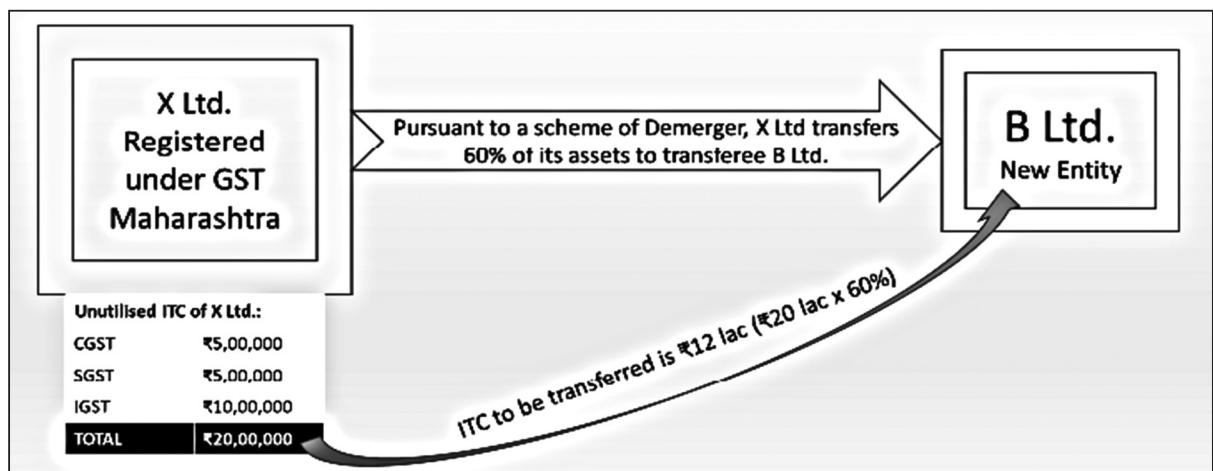

**Question:**

Is the transferor required to file FORM GST ITC-02 in all States where it is registered?

Answer:

No. The transferor is required to file FORM GST ITC-02 only in those States where both transferor and transferee are registered.

The ratio of value of assets, as prescribed under proviso to sub-rule (1) of rule 41 of the CGST Rules, shall be applied to the total amount of unutilized input tax credit (ITC) of the transferor i.e. sum of CGST, SGST/UTGST and IGST credit. The said formula need not be applied separately in respect of each heads of ITC (CGST/SGST/IGST). Further, the said formula shall also be applicable for apportionment of Cess between the transferor and transferee.

How to determine the amount of ITC that is to be transferred to the transferee under each tax head (IGST/CGST/SGST) while filing of FORM GST ITC-02 by the transferor?

The total amount of ITC to be transferred to the transferee (i.e. sum of CGST, SGST/UTGST and IGST credit) should not exceed the amount of ITC to be transferred, as determined under Rule 41(1) of the CGST Rules.

However, the transferor shall be at liberty to determine the amount to be transferred under each tax head (IGST, CGST, SGST/UTGST) within this total amount, subject to the ITC balance available with the transferor under the concerned tax head.

In other words, for the purpose of apportionment of ITC under sub-rule (1) of rule 41 of the CGST Rules, while the ratio of the value of assets should be taken as on the “appointed date of demerger” [Section 232(6) of the Companies Act, 2013], the said ratio is to be applied on the ITC balance of the transferor on the date of filing FORM GST ITC-02 to calculate the amount to transferable ITC.

Rule 39 - Procedure for distribution of input tax credit by Input Service Distributor (vide Notification No. 12/2024 CT dt. 10-7-2024, w.e.f. the date yet to be notified):

Numerical Example: Distribution of Input Tax Credit by an Input Service Distributor (as per revised Rule 39)

Scenario Setup:

1. Input Service Distributor (ISD): XYZ Pvt. Ltd. (Located in Delhi).
2. Input Tax Credit (ITC) Available:
 - Integrated Tax (IGST): ₹1,20,000.
 - Central Tax (CGST): ₹60,000.
 - State Tax (SGST): ₹60,000.
3. Recipients of Services:
 - R1: Recipient in Delhi (same state as ISD), turnover: ₹50 lakhs.
 - R2: Recipient in Maharashtra (different state), turnover: ₹30 lakhs.
 - R3: Recipient in Karnataka (different state), turnover: ₹20 lakhs.
4. Aggregate Turnover of Recipients (T): ₹1 crore (₹50 lakhs + ₹30 lakhs + ₹20 lakhs).

Step 1: Distribution Formula for Each Recipient

The ITC to be distributed is determined using the formula:

Where:

- = Total ITC to be distributed.
- = Turnover of the recipient.
- = Aggregate turnover of all recipients.

Step 2: ITC Distribution for Integrated Tax (IGST)

Total IGST: ₹1,20,000.

- For R1 (Delhi):
- For R2 (Maharashtra):
- For R3 (Karnataka):

Step 3: ITC Distribution for Central Tax (CGST) and State Tax (SGST)

Total CGST and SGST: ₹60,000 each.

For R1 (Delhi):

Since R1 is in the same state as the ISD, the ITC is distributed as CGST and SGST directly:

- CGST: ₹30,000 (50% of ₹60,000).
- SGST: ₹30,000 (50% of ₹60,000).

For R2 (Maharashtra) and R3 (Karnataka):

Since R2 and R3 are in different states, the ITC for CGST and SGST is combined and distributed as IGST:

- For R2: (converted to IGST).
- For R3: (converted to IGST).

Step 4: Summary of ITC Distribution

| Recipient | CGST (₹) | SGST (₹) | IGST (₹) | Total ITC (₹) |
|------------------|----------|----------|----------|---------------|
| R1 (Delhi) | 30,000 | 30,000 | 60,000 | 1,20,000 |
| R2 (Maharashtra) | - | - | 54,000 | 54,000 |
| R3 (Karnataka) | - | - | 36,000 | 36,000 |

Step 5: Issuance of ISD Invoice

- ISD issues separate invoices to each recipient, specifying the type and amount of ITC distributed.
- These invoices are included in the monthly FORM GSTR-6 return.

Adjustments for Debit/Credit Notes

- If a debit note is issued to the ISD, the additional ITC is distributed as per the above method in the same month.
- If a credit note reduces the ITC, the reduction is apportioned among the recipients based on the original distribution ratio.

This example demonstrates how ITC is calculated and distributed according to Rule 39, ensuring accurate allocation across multiple recipients.

Rule 39(1A) For the distribution of credit in respect of input services, attributable to one or more distinct persons, subject to levy of tax under sub-section (3) or (4) of section 9, a registered person, having the same PAN and State code as an Input Service Distributor, may issue an invoice or, as the case may be, a credit or debit note as per the provisions of sub-rule(1A) of rule 54 to transfer the credit of such common input services to the Input Service Distributor, and such credit shall be distributed by the said Input Service Distributor in the manner as provided in sub-rule (1);

Explanation. — For the purpose of this rule, – (i) the term —relevant periodll shall be—

(a) if the recipients of credit have turnover in their States or Union territories in the financial year preceding the year during which credit isto be distributed, the said financial year; or

(b) if some or all recipients of the credit do not have any turnover in their States or Union territories in the financial year preceding the year during which the credit is to be distributed, the last quarter for which details of such turnover of all the recipients are available, previous to the month during which credit is to be distributed;

(ii) the expression —recipient of creditl means the supplier of goods or services or both having the same Permanent Account Number as that of the Input Service Distributor;

(iii) the term -- turnover“, in relation to any registered person engaged in the supply of taxable goods as well as goods not taxable under this Act, means the value of turnover, reduced by the amount of any duty or tax levied under entries 84 and 92A of List I of the Seventh Schedule to the Constitution and entries 51 and 54 of List II of the said Schedule.

Claim of input tax credit and provisional acceptance thereof [Section 41 of the CGST Act, 2017]

Availment of ITC [Section 41 of the CGST Act, 2017] w.e.f. 01-10-2022:

(1) Every registered person shall, subject to such conditions and restrictions as may be prescribed, be entitled to avail the credit of eligible input tax, as self-assessed, in his return and such amount shall be credited to his electronic credit ledger.

Provided that where the said supplier makes payment of the tax payable in respect of the aforesaid supplies, the said registered person may re-avail the amount of credit reversed by him in such manner as may be prescribed.”.

The new section 41 provides that the taxpayer shall self-assess and claim ITC in GSTR 3B. It further provides that in case the taxpayer has claimed ITC of GST which is not paid/ deposited by the corresponding supplier, than the taxpayer/recipient shall reverse the ITC along with interest. The recipient shall be eligible to re-claim the ITC reversed, on payment of GST by the supplier.

CBIC Circular No. 195/07/2023-GST dated 17th July 2023, Clarification on availability of ITC in respect of warranty replacement of parts and repair services during warranty period.

| S.No. | Issue | Clarification |
|-------|--|---|
| 1. | There are cases where the original equipment manufacturer offers warranty for the goods supplied by him to the customer and provides replacement of parts and/ or repair services to the customer during the warranty period, without separately charging any consideration at the time of such replacement/ repair services. Whether GST would be payable on such replacement of parts or supply of repair services, without any consideration from the customer, as part of warranty? | The value of original supply of goods (provided along with warranty) by the manufacturer to the customer includes the likely cost of replacement of parts and / or repair services to be incurred during the warranty period, on which tax would have already been paid at the time of original supply of goods. As such, where the manufacturer provides replacement of parts and/ or repair services to the customer during the warranty period, without separately charging any consideration at the time of such replacement/ repair services, no further GST is chargeable on such replacement of parts and/ or repair service during warranty period. However, if any additional consideration is charged by the manufacturer from the customer, either for replacement of any part or for any service, then GST will be payable on such supply with respect to such additional consideration. |

| | | |
|----|--|---|
| 2. | Whether in such cases, the manufacturer is required to reverse the input tax credit in respect of such replacement of parts or supply of repair services as part of warranty, in respect of which no additional consideration is charged from the customer? | <p>In such cases, the value of original supply of goods (provided along with warranty) by the manufacturer to the customer includes the likely cost of replacement of parts and/ or repair services to be incurred during the warranty period.</p> <p>Therefore, these supplies cannot be considered as exempt supply and accordingly, the manufacturer, who provides replacement of parts and/ or repair services to the customer during the warranty period, is not required to reverse the input tax credit in respect of the said replacement parts or on the repair services provided.</p> |
| 3. | Whether GST would be payable on replacement of parts and/ or repair services provided by a distributor without any consideration from the customer, as part of warranty on behalf of the manufacturer? | <p>There may be instances where a distributor of a company provides replacement of parts and/ or repair services to the customer as part of warranty on behalf of the manufacturer and no separate consideration is charged by such distributor in respect of the said replacement and/ or repair services from the customer.</p> <p>In such cases, as no consideration is being charged by the distributor from the customer, no GST would be payable by the distributor on the said activity of providing replacement of parts and/ or repair services to the customer.</p> <p>However, if any additional consideration is charged by the distributor from the customer, either for replacement of any part or for any service, then GST will be payable on such supply with respect to such additional consideration.</p> |
| 4. | the above scenario where the distributor provides replacement of parts to the customer as part of warranty on behalf of the manufacturer, whether any supply is involved between the distributor and the manufacturer and whether the distributor would be required to reverse the input tax credit in respect of such replacement of parts? | <p>(a) There may be cases where the distributor replaces the part(s) to the customer under warranty either by using his stock or by purchasing from a third party and charges the consideration for the part(s) so replaced from the manufacturer, by issuance of a tax invoice, for the said supply made by him to the manufacturer. In such a case, GST would be payable by the distributor on the said supply by him to the manufacturer and the manufacturer would be entitled to avail the input tax credit of the same, subject to other conditions of CGST Act. In such case, no reversal of input tax credit by the distributor is required in respect of the same.</p> <p>(b) There may be cases where the distributor raises a requisition to the manufacturer for the part(s) to be replaced by him under warranty and the manufacturer then provides the said part(s) to the distributor for the purpose of such replacement to the customer as part of warranty.</p> <p>In such a case, where the manufacturer is providing such part(s) to the distributor for replacement to the customer during the warranty period, without separately charging any consideration at the time of such replacement, no GST is payable on such replacement of parts by the manufacturer. Further, no reversal of ITC is required to be made by the manufacturer in respect of the parts so replaced by the distributor under warranty.</p> |

| | | |
|----|---|---|
| | | (c) There may be cases where the distributor replaces the part(s) to the customer under warranty out of the supply already received by him from the manufacturer and the manufacturer issues a credit note in respect of the parts so replaced subject to provisions of sub-section (2) of section 34 of the CGST Act. Accordingly, the tax liability may be adjusted by the manufacturer, subject to the condition that the said distributor has reversed the ITC availed against the parts so replaced. |
| 5. | Where the distributor provides repair service, in addition to replacement of parts or otherwise, to the customer without any consideration, as part of warranty, on behalf of the manufacturer but charges the manufacturer for such repair services either by way of issue of tax invoice or a debit note, whether GST would be payable on such activity by the distributor? | <p>In such scenario, there is a supply of service by the distributor and the manufacturer is the recipient of such supply of repair services in accordance with the provisions of sub-clause (a) of clause (93) to section 2 of the CGST Act, 2017.</p> <p>Hence, GST would be payable on such provision of service by the distributor to the manufacturer and the manufacturer would be entitled to avail the input tax credit of the same, subject to other conditions of CGST Act.</p> |
| 6. | Some times companies provide offers of Extended warranty to the customers which can be availed at the time of original supply or just before the expiry of the standard warranty period. Whether GST would be payable in both the cases? | <p>(a) If a customer enters in to an agreement of extended warranty with the manufacturer at the time of original supply, then the consideration for such extended warranty becomes part of the value of the composite supply, the principal supply being the supply of goods, and GST would be payable accordingly.</p> <p>(b) However, in case where a consumer enters into an agreement of extended warranty at any time after the original supply, then the same is a separate contract and GST would be payable by the service provider, whether manufacturer or the distributor or any third party, depending on the nature of the contract (i.e. whether the extended warranty is only for goods or for services or for composite supply involving goods and services)</p> |

Circular No. 216/10/2024-GST dated 26 June 2024 - Under warranty replacements and extended warranties:

Circular 195/07/2023-GST dated 17 July 2023 had clarified that if the manufacturer replaces any parts free of cost during the warranty period, they are neither liable to pay any GST thereon, nor any ITC availed on such parts needs to be reversed.

The present circular is further clarifying the following –

- The clarification via the previous circular will be equally applicable, even when the entire goods are supplied or replaced completely (instead of only parts) during warranty.
- If the distributor replaces the parts or goods during warranty, from his own stock on the behalf of the manufacturer and gets replenishment of the same from the manufacturer, the same treatment will apply, i.e. the manufacturer is neither liable to charge any GST nor liable to reverse any ITC.
- If extended warranty against payment is provided by the supplier of the goods itself at the time of original supply, it will be a composite supply, but if the supplier of goods (dealer or distributor) and the supplier of extended warranty (manufacturer) are different, the supply of extended warranty would be a distinct supply of service and the supplier of extended warranty will be liable to discharge

Circular No. 217/11/2024-GST dated 26 June 2024 - Entitlement of ITC by insurance companies on expenses incurred for the repair of motor vehicles in the case of reimbursement mode of an insurance claim settlement:

ITC is available to insurance companies for the motor vehicle repair expenses incurred by them in the case of the reimbursement mode of claim settlement. This is because the insurance company qualifies as a recipient and the consideration includes payment made by third person.

Some scenarios may exist where the amount of repair services is more than the approved claim cost and the insurance company only reimburses the approved claim cost to the garage after considering the standard deductions. The remaining amount is to be paid by the insured to the garage. Here, the circular clarified on following two scenarios

- The garage issues 2 separate invoices to the – (1) insurance company regarding the approved claim cost; and (2) customer for the amount of repair service in excess of the approved claim cost: ITC is available to the insurance company on the said invoice subject to the reimbursement of the said amount by the insurance company to the customer.
- The garage issues an invoice for the full amount for repair services to the insurance company while the latter makes a reimbursement to the insured only for the approved claim cost: ITC is available to the insurance company only to the extent of the reimbursement of approved claim cost to the insured, and not on full invoice value.

ITC is available to the insurer only when the invoice for the repair of the vehicle is in the name of the insurance company to satisfy the conditions laid down in section 16(2)(a) and (aa) of the CGST Act.

Examples for ITC on Motor Vehicle Repairs in Insurance Claim Settlements

Example 1: Separate Invoices Issued by the Garage

1. Scenario:

- Insured Person: Mr. Sharma.
- Insurance Company: ABC Insurance Ltd.
- Garage: XYZ Auto Repairs.
- Repair Cost: ₹50,000.
- Approved Claim by Insurance Company: ₹40,000.
- Balance Amount Paid by Mr. Sharma: ₹10,000 (due to standard deductions).

2. Invoicing:

- XYZ Auto Repairs issues:
 1. Invoice 1: ₹40,000 to ABC Insurance Ltd. for the approved claim cost.
 2. Invoice 2: ₹10,000 to Mr. Sharma for the excess amount.

3. GST Implications and ITC for ABC Insurance Ltd.:

- ITC Eligibility:
 - ABC Insurance Ltd. is entitled to claim ITC on the ₹40,000 invoice if it reimburses the same amount to XYZ Auto Repairs.
- Conditions Fulfilled:
 - The invoice for ₹40,000 is in the name of ABC Insurance Ltd., satisfying Section 16(2)(a) and (aa) of the CGST Act.

- Ms. Priya pays the remaining ₹15,000 to ABC Auto Services.

4. GST Implications and ITC for XYZ Insurance Pvt. Ltd.:

- ITC Eligibility:
 - XYZ Insurance Pvt. Ltd. can claim ITC only on ₹45,000, the amount reimbursed for the approved claim.
 - ITC cannot be claimed on the ₹15,000 balance paid by Ms. Priya since it was not reimbursed by the insurance company.
- Conditions Fulfilled:
 - The invoice is in the name of XYZ Insurance Pvt. Ltd., satisfying Section 16(2)(a) and (aa) of the CGST Act.

Key Points to Remember

1. **Separate Invoices:**
 - If the garage issues separate invoices for the insurance company and the insured person, ITC is available only on the amount reimbursed by the insurance company.
2. **Single Invoice:**
 - If the garage issues a single invoice for the full repair cost, ITC is limited to the approved claim cost reimbursed by the insurance company.
3. **Invoice in the Name of the Insurance Company:**
 - ITC eligibility requires the invoice to be issued in the name of the insurance company as per Section 16(2) (a) and (aa) of the CGST Act.

Clarification regarding taxability of services provided by an office of an organisation in one State to the office of that organisation in another State, both being distinct persons (vide CBIC Circular No. 199/11/2023-GST dated 17th July 2023):

| S.No. | Issues | Clarification |
|-------|---|---|
| 1. | Whether HO can avail the input tax credit (hereinafter referred to as 'ITC') in respect of common input services procured from a third party but attributable to both HO and BOs or exclusively to one or more BOs, issue tax invoices under section 31 to the said BOs for the said input services and the BOs can then avail the ITC for the same or whether is it mandatory for the HO to follow the Input Service Distributor (hereinafter referred to as 'ISD') mechanism for distribution of ITC in respect of common input services procured by them from a third party but attributable to both HO and BOs or exclusively to one or more BOs? | <p>It is clarified that in respect of common input services procured by the HO from a third party but attributable to both HO and BOs or exclusively to one or more BOs, HO has an option to distribute ITC in respect of such common input services by following ISD mechanism laid down in Section 20 of CGST Act read with rule 39 of the Central Goods and Services Tax Rules, 2017 (hereinafter referred to as 'the CGST Rules'). However, as per the present provisions of the CGST Act and CGST Rules, it is not mandatory for the HO to distribute such input tax credit by ISD mechanism. HO can also issue tax invoices under section 31 of CGST Act to the concerned BOs in respect of common input services procured from a third party by HO but attributable to the said BOs and the BOs can then avail ITC on the same subject to the provisions of section 16 and 17 of CGST Act.</p> <p>In case, the HO distributes or wishes to distribute ITC to BOs in respect of such common input services through the ISD mechanism as per the provisions of section 20 of CGST Act read with rule 39 of the CGST Rules, HO is required to get itself registered mandatorily as an ISD in accordance with Section 24(viii) of the CGST Act.</p> <p>Further, such distribution of the ITC in respect a common input services procured from a third party can be made by the HO to a BO through ISD mechanism only if the said input services are attributable to the said BO or have actually been provided to the said BO. Similarly, the HO can issue tax invoices under section 31 of CGST Act to the concerned BOs, in respect of any input services, procured by HO from a third party for on or behalf of a BO, only if the said services have actually been provided to the concerned BOs.</p> |

| | |
|---|--|
| <p>2. In respect of internally generated services, there may be cases where HO is providing certain services to the BOs for which full input tax credit is available to the concerned BOs. However, HO may not be issuing tax invoice to the concerned BOs with respect to such services, or the HO may not be including the cost of a particular component such as salary cost of employees involved in providing said services while issuing tax invoice to BOs for the services provided by HO to BOs. Whether the HO is mandatorily required to issue invoice to BOs under section 31 of CGST Act for such internally generated services, and/ or whether the cost of all components including salary cost of HO employees involved in providing the said services has to be included in the computation of value of services provided by HO to BOs when full input tax credit is available to the concerned Bos.</p> | <p>The value of supply of services made by a registered person to a distinct person needs to be determined as per rule 28 of CGST Rules, read with sub-section (4) of section 15 of CGST Act. As per clause (a) of rule 28, the value of supply of goods or services or both between distinct persons shall be the open market value of such supply. The second proviso to rule 28 of CGST Rules provides that where the recipient is eligible for full input tax credit, the value declared in the invoice shall be deemed to be the open market value of the goods or services. Accordingly, in respect of supply of services by HO to BOs, the value of the said supply of services declared in the invoice by HO shall be deemed to be open market value of such services, if the recipient BO is eligible for full input tax credit.</p> <p>Accordingly, in cases where full input tax credit is available to a BO, the value declared on the invoice by HO to the said BO in respect of a supply of services shall be deemed to be the open market value of such services, irrespective of the fact whether cost of any particular component of such services, like employee cost etc., has been included or not in the value of the services in the invoice.</p> <p>Further, in such cases where full input tax credit is available to the recipient, if HO has not issued a tax invoice to the BO in respect of any particular services being rendered by HO to the said BO, the value of such services may be deemed to be declared as Nil by HO to BO, and may be deemed as open market value in terms of second proviso to rule 28 of CGST Rules.</p> |
| <p>3. In respect of internally generated services provided by the HO to BOs, in cases where full input tax credit is not available to the concerned BOs, whether the cost of salary of employees of the HO involved in providing said services to the BOs, is mandatorily required to be included while computing the taxable value of the said supply of services provided by HO to BOs.</p> | <p>In respect of internally generated services provided by the HO to BOs, the cost of salary of employees of the HO, involved in providing the said services to the BOs, is not mandatorily required to be included while computing the taxable value of the supply of such services, even in cases where full input tax credit is not available to the concerned BO.</p> |

Utilization of input tax credit:

Form PMT-09: Importance and Use in the Electronic Cash Ledger:

w.e.f. 21 April, 2020, The CBIC has recently introduced Form PMT-09 (i.e. a challan) for shifting wrongly paid amount from one head to another head. This enables a registered taxpayer to transfer any amount of tax, interest, penalty, etc. that is available in the electronic cash ledger, to the appropriate tax or cess head under IGST, CGST and SGST in the electronic cash ledger.

Hence, if a taxpayer has wrongly paid CGST instead of SGST, he can now rectify the same using Form PMT-09 by reallocating the amount from the CGST head to the SGST head.

Key points to note about Form GST PMT-09:

1. If the wrong tax has already been utilized for making any payment, then this challan is not useful. This challan only allows shifting of the amounts that are available in the electronic cash ledger.

For instance, in case an amount has been misreported in the GSTR-3B, there is no way to rectify the same as the GSTR-3B is non-editable. In such case, only an adjustment in the next month's return can be made.

2. The amount once utilized and removed from cash ledger cannot be reallocated.
3. Major head refers to- Integrated tax, Central tax, State/UT tax, and Cess.
4. Minor head refers to- Tax, Interest, Penalty, Fee and Others.

Illustration 65

Mr. A. had to pay ₹100 as Central Tax under the major head and ₹50 as interest under the minor head and he has wrongly paid ₹50 under Central tax head and ₹100 as interest under the minor head. What will be the consequences?

Solution:

In this case, he can file PMT-09 to shift the amount from the major head (i.e. Central tax) to the minor head (i.e. interest). This shifting of the amount can be done from minor head to major head as well.

An amount can also be transferred from one minor head to another minor head under the same major head.

For example, in the case of interchange of interest and penalty amount under Central Tax can also be rectified by filing PMT-09.

Interest on late payment of tax by taxpayer [Section 50 of the CGST Act, 2017]

The two scenarios where a taxpayer will be liable to pay interest are:

1. Delayed payment of tax
2. credit has been claimed in excess or where it was not eligible to be claimed/ Tax liability has been shown to be less than the actual

As per Section 50(2) of the CGST Act, 2017 the interest under sub-section 50(1) shall be calculated, in such manner as may be prescribed, from the day succeeding the day on which such tax was due to be paid. Payments even made after 8 pm will be credited on the same day to the taxpayer's account. While there will be no physical challan accepted for the GST payment while the challans will be generated from the gst.gov.in only for all the payments of taxes, fees, penalty, interest.

For the payment of challan under the 10000 rupees limit, it can be done over the counter with cash, cheques, demand draft through authorised banks while for the payments exceeding the amount of ₹10000 will be collected through digital mode only.

Example:

M/s Rajendra Dyeing Pvt Ltd. supplied goods worth ₹10,00,000 to M/s Y Ltd in the month of September 2024 plus GST 12%. M/s Rajendra Dyeing Pvt Ltd. paid the GST on 5th December 2024. The amount of input tax credit is 70,000 is available in the books. Find the interest payment if any under section 50 of the CGST Act, 2017.

Answer:

Tax = ₹1,20,000

Less: ITC = ₹(70,000)

Tax payable = ₹ 50,000

Interest shall be calculated from the next day of the due date of payment from 21st October 2024 to the actual date of payment i.e. 5th December 2024.

Interest is $₹50,000 \times 18\% \times 46/365 = ₹1,134/-$

Section 50(2) of the CGST Act, 2017 “the interest payable shall be calculated, in such manner as may be prescribed, from the day succeeding the day on which such tax was due to be paid”.

Section 2(87) of the CGST Act defines the term ‘prescribed’ to mean prescribed by the Rules made under the Act on the recommendation of the Council.

Now, the Central Government on the recommendation of the GST Council has introduced Rule 88B vide Notification No. 14/2022-Central Tax, dated 5 July 2022 with retrospective effect from 1st July 2017. The said Rule prescribes the manner of computing interest on delayed payment of tax.

Rule 88B can be classified into the following 3 categories:-

| Rule | Scenario | Period for which interest is payable | Amount on which interest liability has to be calculated |
|--------|--|--|---|
| 88B(1) | <p>If tax has been belatedly paid through credit balance on account of delayed filing of return, before commencement of proceedings under Section 73 or 74 [or section 74A, inserted w.e.f. 1-11-2024] of the CGST Act [proviso to Section 50(1)]</p> <p>In the said rules, in rule 88B, after sub-rule (1), the following proviso shall be inserted (w.e.f. 10-7-2024), namely: – —Provided that where any amount has been credited in the Electronic Cash Ledger as per provisions of sub-section (1) of section 49 on or before the due date of filing the said return, but is debited from the said ledger for payment of tax while filing the said return after the due date, the said amount shall not be taken into consideration while calculating such interest if the said amount is lying in the said ledger from the due date till the date of its debit at the time of filing return [vide Notification No. 12/2024 dated 10-7-2024].</p> | Interest to be paid for the period of delay in filing the said return beyond the due date upto date of filing GSTR-3B | Tax paid by debiting the electronic cash ledger |
| 88B(2) | In all other cases where interest is payable on delay in payment of tax covered by Section 50(1) | Period starting from the date on which such tax was due to be paid till the date such tax is paid. | Amount of tax which remains unpaid (i.e. Gross liability without deducting ITC) |
| 88B(3) | Where interest is payable on the amounts of ITC wrongly availed and utilised covered by Section 50(3) | Period starting from the date of utilisation of such wrongly availed input tax credit till the date of reversal of such credit or payment of tax in respect of such amount | Amount of input tax credit wrongly availed and utilised |

Date of the utilization of input tax credit means as under –

| | |
|---|---|
| Cases, wherein, return in Form GSTR-3B is to be furnished | Date of the utilization of input tax credit = Earlier of the <ul style="list-style-type: none"> ▪ due date of the return or ▪ actual date of filing return. |
| In any other case | Date of debit in the electronic credit ledger |

w.e.f. 10-7-2024, The proviso to Section 50(1) of the CGST Act, effective from July 10, 2024, provides relief to taxpayers regarding interest on delayed tax payments. If a taxpayer deposits the tax amount into their Electronic Cash Ledger (ECL) on or before the due date but files the GSTR-3B return after the due date, interest will not be charged on the amount that was timely deposited in the ECL. Interest will apply only to any tax amount that was not deposited by the due date.

Illustrative Example:

- Tax Liability for July 2024: ₹100,000
- Due Date for GSTR-3B Filing: August 20, 2024
- Date of Tax Deposit into ECL: August 20, 2024
- Date of GSTR-3B Filing: August 25, 2024
- Days of Delay in Filing: 5 days
- Interest Rate: 18% per annum

Scenario Analysis:

1. Full Tax Amount Deposited on Due Date:
 - Since the entire tax liability of ₹100,000 was deposited into the ECL on or before the due date (August 20, 2024), and remained there until it was debited at the time of filing the return on August 25, 2024, no interest is payable on this amount.
2. Partial Tax Amount Deposited on Due Date:
 - Amount Deposited on Due Date: ₹70,000
 - Remaining Amount Deposited on: August 22, 2024
 - Interest Calculation:
 - Interest applies only to the delayed amount of ₹30,000 for 2 days (from August 21 to August 22).
 - Interest Amount: $₹30,000 \times (18\% \div 365) \times 2 = ₹29.59$
 - Therefore, an interest of ₹30 (rounded off) is payable due to the delay in depositing ₹30,000.

Key Takeaways:

- Timely depositing the tax amount into the ECL by the due date ensures that no interest is charged, even if the GSTR-3B filing is delayed.
- Interest is levied only on the portion of tax not deposited into the ECL by the due date.

Amendment of Section 50(1) of the CGST Act, 2017, Interest on delayed payment of tax.-

(1) Every person who is liable to pay tax in accordance with the provisions of this Act or the rules made thereunder, but fails to pay the tax or any part thereof to the Government within the period prescribed, shall for the period for

which the tax or any part thereof remains unpaid, pay, on his own, interest at such rate, not exceeding eighteen per cent., as may be notified by the Government on the recommendations of the Council:

[Provided that the interest on tax payable in respect of supplies made during a tax period and declared in the return for the said period furnished after the due date in accordance with the provisions of section 39, except where such return is furnished after commencement of any proceedings under section 73 or section 74 [or section 74A inserted w.e.f. 1-11-2024, F.A. 2024 dt. 16-8-2024] in respect of the said period, shall be levied on that portion of the tax that is paid by debiting the electronic cash ledger.]

As per CBIC Circular No. 192/04/2023-GST dated 17th July 2023, Clarification on charging of interest under section 50(3), in cases of wrong availment of IGST credit and reversal thereof:

- Where IGST credit has been wrongly availed and subsequently reversed on a certain date, there will not be any interest liability under section 50(3) if, during the time period starting from such availment and up to such reversal, the balance of ITC in the electronic credit ledger (ECL), under the heads of IGST, CGST and SGST taken together, has never fallen below the amount of such wrongly availed ITC, even if available balance of IGST credit in electronic credit ledger individually falls below the amount of such wrongly availed IGST credit.
- Credit of Compensation Cess available in ECL cannot be taken into account while considering the balance of ECL for the purpose of calculation of interest u/r 88B(3) in respect of wrongly availed and utilized IGST, CGST or SGST credit.

Rule 88B(1) of CGST Rules, 2017:

Example 1:

| Tax liability | Input Tax Credit | Net GST liability paid after due date | Liability on which interest is applicable |
|---------------|------------------|---------------------------------------|---|
| 10,00,000 | 6,00,000 | 4,00,000 | 4,00,000 |
| 10,00,000 | 2,00,000 | 8,00,000 | 8,00,000 |
| 10,00,000 | 12,00,000 | Nil | Nil |

Rule 88B(2) of CGST Rules, 2017:

Example 2:

M/s Raj & Co., has made a supply of goods/service in the month of Feb for ₹1,00,000 and GST collected on such supply is 5% which is ₹ (1,00,000*5%)= ₹5,000. Assuming E-Credit Ledger balance is ₹2,000.

let's suppose the due date for the GSTR-3B for Feb Month is 20-March M/s Raj & Co., filed his GSTR-3B against show cause notice issued by Proper Officer under section 73 of CGST Act, 2017 on 20th April. Calculate Interest amount.

Solution:

Due date for payment of tax collected by M/s Raj & Co., in the month of Feb is 20-Mar. Interest @ 18% p.a is payable for the period for which the tax remains unpaid in terms of Sec-50(1) of CGST Act, 2017. Calculation of interest amount is as follows:

$$= ₹(5,000 \times 18\% \times 31/365) = ₹76/- \text{ (Calculated on Gross GST Liability).}$$

Rule 88B(3) of CGST Rules 2017:

Input tax credit wrongly availed shall be construed to have been utilised, when the balance in the electronic credit ledger falls below the amount of input tax credit wrongly availed, and the extent of such utilisation of input tax credit shall be the amount by which the balance in the electronic credit ledger falls below the amount of input tax credit wrongly availed.

Interest will be applicable on the amount, by which the balance in the electronic credit ledger falls below the amount of input tax credit wrongly availed. Let's consider a situation:

Example 3:

| Month | Opening Balance in e-credit ledger (A) | Eligible ITC(B) | ITC wrongly availed (C) | Total ITC (D) = A + B + C | Output tax liability ₹ (E) | Closing Balance in e-credit ledger (F) = D-E | Amount on which interest is payable | Due Date (G) | Filing Date (H) | Date of Utilization of ITC wrongly (G) or (H) whichever is earlier |

Section 75(9) of CGST Act, 2017: Interest on the tax short paid or not paid shall be payable whether or not specified in the order determining the tax liability.

Hon'ble Tribunal held that interest under Section 50 of the CGST Act, 2017 should be computed in accordance with interest rate in force during the period of delay.

- (2) Interest payable for actual period of delay, not for whole month (BPL Mobile CCE (2005) 1 STT 140 (CESTAT)).
- (3) Interest is payable even if duty is paid before issue of show cause notice [(CCE v Toyota Kirloskar Motors (2015) 52 GST 1208 (SC)]

Interest is not applicable in the following cases

- (1) No interest is payable if excise duty is paid voluntarily by assessee before show cause notice, even when demand was time barred [CCE v Gujarat Narmada Fertilizers Co. Ltd. (2012) 285 ELT 336 (Guj HC DB)]
- (2) No interest is payable if there was delay in payment of duty by one department of Government to other, because it is only adjustment from one account to other [CCE v General Manager, Telecom (2012) 37 STT 433 (CESTAT)]

Interest to be paid by the department.

The three scenarios where the Department is liable to pay interest on delayed payment to a taxpayer are—

1. Section 54(12) of the CGST Act, 2017: Refund of tax has been withheld from a person on account of an appeal or proceeding but which is later found to be eligible to be paid.
2. Section 56 of the CGST Act, 2017: Refund of tax has not been given to a person within 60 days from the date of receipt of application for refund

3. Provision to section 56 of the CGST Act, 2017: Refund ordered by an adjudicating authority or Appellate Authority or Appellate Tribunal or court has not been paid to a person within 60 days from the date of receipt of application for refund.

Interest rates

| Section | Scenario | Interest rate per annum |
|---|--|-------------------------|
| Section 54(12) of the CGST Act, 2017 | Refund of tax has been withheld from a person on account of an appeal or proceeding but which is later found to be eligible to be paid. | 6% |
| Section 56(1) of the CGST Act, 2017 | Refund of tax has not been given to a person within 60 days from the date of receipt of application for refund. (w.e.f. 1st October 2023, the words “for the period of delay beyond 60 days from the date of receipt of such application till the date of refund of such tax, to be computed in such manner and subject to such conditions and restrictions as may be prescribed (i.e. refer Rule 94)” shall be substituted). | 6% |
| Proviso to section 56 of the CGST Act, 2017 | Refund ordered by an adjudicating authority or Appellate Authority or Appellate Tribunal or court has not been paid to a person within 60 days from the date of receipt of application for refund till the date of refund. | 9% |

Note: As per Section 54(14) of the CGST Act, 2017 no refund shall be granted if refund amount is less than ₹1,000/-. Since, no refund is granted under section 54(14) of the CGST Act, 2017, no interest is payable by the Department.

Interest on refund

Example 1:

X Ltd. manufactured and cleared taxable goods on 1st August 2023 for ₹20,00,000 plus GST 12%. After payment of GST on or before the due date, it is noticed that these goods are exempted from GST and applied for want refund of GST on 15th November 2023. Department acknowledged the receipt on 15th November 2023. Department granted the refund on 23rd January 2024.

Find the interest if any on delay refund.

Note: X Ltd. not passed ITC to recipient of supply.

Answer:

From 15th November 2023 to 22nd January 2024 = 69 days

Less: from 15th November 2017 to 13th Jan 2018 = (60) days

No. of days delay = 9 days

Interest = ₹355/- (i.e. 2,40,000 x 6% x 9/365)

Case laws:

Kanyaka Parameshwari Engineering Ltd. v Comm. of Cus. & Cx 2012 (26) STR 380 (AP)

Facts of the case:

Whether the interest on delayed refund under section 56 of the CGST Act, 2017 would be payable from the date of deposit of duty or after expiry of 60 days from the date of receipt of application for refund?

Decision:

The interest shall be paid on such tax from the date immediately after expiry of 60 days from the date of receipt of such application till the date of the refund of such tax.

Case law:

Ranbaxy Laboratories Ltd. v UOI 2011 (273) ELT 3 (SC)

Facts of the case:

Whether the interest on delayed refund under section 56 of the CGST Act, 2017 would be payable from the date on which order of refund is made by the judiciary or after expiry of 60 days from the date of receipt of application for refund?

Decision:

Section 54 of the CGST Act, 2017 (i.e. refund of tax) comes into play only after an order for refund has been made under section 54(12) of the CGST Act, 2017. However, the liability to pay interest under proviso to Section 56 commences from the date of expiry of 60 days from the date of receipt of application for refund and not on the expiry of the said period from the date on which order of refund is made.

Sundar Motors is a car dealer selling cars of an international car company. It also provides maintenance and repair services of the cars sold by it as also of other cars. It seeks your advice on availability of input tax credit in respect of the following expenses incurred by it during the course of its business operations:

- Cars purchased from the manufacturer for making further supply of such cars. Two of such cars are destroyed in accidents while being used for test drive by potential customers.
- Works contract services availed for constructing a car washing shed in its premises

Solution:

The availability of input tax credit (ITC) in respect of the various expenses incurred by Sundar Motors is discussed below:

- ITC on cars purchased from the manufacturer for making further supply of such cars will be allowed (i.e. exception to section 17(5)(a) of CGST Act, 2017).

However, ITC on the cars destroyed in accident will not be allowed as the ITC on goods destroyed for whichever reason is specifically blocked under section 17(5)(h) of CGST Act.

- the car washing shed is not a plant and machinery and the works contract service is not used for further supply of works contract service, ITC thereon will not be allowed (Section 17(5)(c) of CGST Act, 2017).

M/s XYZ, a registered supplier, supplies the following goods and services for construction of buildings and complexes—

- ⊙ excavators for required period at a per hour rate
- ⊙ manpower for operation of the excavators at a per day rate
- ⊙ soil-testing and seismic evaluation at a per sample rate.

The excavators are invariably hired out along with operators. Similarly, excavator operators are supplied only when the excavator is hired out.

M/s XYZ receives the following services:

- ⊙ Annual maintenance services for excavators;
- ⊙ Health insurance for operators of the excavators;
- ⊙ Scientific and technical consultancy for soil testing and seismic evaluation.

For a given month, the receipts (exclusive of GST) of M/s XYZ are as follows:

- ⊙ Hire charges for excavators - ₹ 18,00,000

- ⊙ Service charges for supply of manpower for operation of the excavator - ₹ 20,000
- ⊙ Service charges for soil testing and seismic evaluation at three sites - ₹ 2,50,000

The GST paid during the said month on services received by M/s XYZ is as follows:

- ⊙ Annual maintenance for excavators - ₹ 1,00,000
- ⊙ Health insurance for excavator operators - ₹ 2,11,000
- ⊙ Scientific and technical consultancy for soil testing and seismic evaluation - ₹ 1,00,000

Compute the net GST payable by M/s XYZ for the given month.

Assume the rates of GST to be as under:

Hiring out of excavators – 12%
Supply of manpower services and soil-testing and seismic evaluation services – 18%

Note: Opening balance of input tax credit of GST is nil.

Solution:

Computation of net GST payable by M/s XYZ

Input Tax Credit – Transitional Credit – Mistake while filing of Form GST TRAN-1 – Revision of Form GST TRAN-1 – Provisions of CGST Act, 2017 do not provide for lapsing of credit, which could not be successfully transitioned under new regime while filing form correctly in TRAN-1 – Assessee having indefeasible right to utilize such credit – Several communication indicating that assessee was in continuous touch with Authorities to ensure that transition of credit was successful – Direction given to Authorities to allow input tax credit, after verification by competent officer that such credit could be transitioned but for wrong declaration in Form TRAN-1 – If credit available to be transitioned, it cannot be denied. Authorities either to allow assessee to file either a revised TRAN-1 or directly make credit entry in assessee's electronic cash register. (4) No GST ITC on Input Services Using Products' Promotional Scheme: TN AAAR in case of GRB Dairy Foods (2022):

The appellant, M/s GRB Dairy Foods Pvt. Ltd is involved in the business of making and supplying ghee, masalas, instant mixes, and sweets. With the goal of expanding the market share, the appellant has incorporated a sales promotional offer buy and fly, to expand the product sales. According to the scheme the petitioner furnishes the rewards such as Dubai Trip, Gold Voucher, Television, and Air Cooler for those retailers whose target will be achieved.

GRB Dairy Foods submitted that it procured the reward items “in the course of its business” and it has a direct nexus with the business carried on by the company. “Marketing and business expansion is an indispensable activity of every company’s operation,” it stated.

The AAR Bench factored in a 2018 ruling given by the Maharashtra Bench in the case of Biostadt India (2019 (22) GST L 551 (AAR – GST)), where ITC was held to be not available on procurement of gold coins offered under a sales promotion scheme to its customers. “the credit of taxes paid on goods/services for personal consumption is explicitly restricted. The (reward) goods and services are used by the retailers and hence are for personal consumption. Thus, the applicant company is ineligible to take Input Tax Credit on the inward supply of these goods and services,” held the AAR Bench.

“The appellant submitted that AAR completely ignored the fact that there was a contractual obligation that was based on a scheme that was circulated to the trade-in in advance.”

After coming to the contractual obligation, the provided promotional materials cannot be treated as a gift. AAR sees that the promotional materials were said to be the gifts that were provided voluntarily and thus will come beneath the provisions of section 17(5)(h) and therefore credit has to be restricted.

AAAR sees that the petitioner furnished the rewards through the method of goods and indeed foreign tours via furnishing valid air tickets and that is the cause they coined the reward policy as buying and fly. Hence what they furnished in the policy were the goods and services. The provisions of clause (h) said that the ITC will not be available for the goods lost, stolen, demolished, written off, or disposed of via gift or free samples. Hence this clause is only subjected to goods.

AAAR ruled that under the provision of the CGST act more precisely section 17(5) of the act, the gifts or rewards provided excluding the acknowledgement despite they are provided for the sales promotion do not entitle as inputs for the objectives of Credit, since no GST is furnished upon its disposal. Hence we mentioned that the ITC on the inputs and the input services engaged in the goods and services used towards the goal of the reward is not available for the petitioner and as per that the ruling provided via the Advance Ruling Authority of Tamil Nadu needs no interruption and the appeal is dismissed.

(5) GST ITC not allowable to BMW on demo car or vehicle: The Haryana Appellate Authority of Advance Ruling (AAAR) (2022)

BMW has sought an advance ruling on the issue of whether the unit of BMW is entitled to avail the Input Tax Credit (ITC) of IGST and Compensation Cess paid on receipt of cars (on stock transfer basis) for use in relation to business activities and onwards supply to dealers after use for a limited period of time.

The Authority of Advance Ruling (AAR) ruled that in the motor vehicle industry, demonstration vehicles are

an indispensable tool for the promotion of sales by providing trial runs to customers. These demo cars are used for demonstration purposes for prospective customers, and after a specific period of time, they are sold off for their book value, paying the applicable taxes at that point of time.

The AAR observed that the specific provisions regarding the admissibility of the input tax credit on motor vehicles for transportation of persons up to a seating capacity of not more than 13 persons are contained in Section 17(5) of the CGST Act 2017.

The appellant has challenged the order of the AAR and stated that the ruling was vague or cryptic. BMW was entitled to take ITC as the vehicles were further used for specified taxable supply under section 17(5)(a)(i)(A) of CGST Act.

The appellant further added that vehicles were always intended to be further supplied by the appellant after specified use. No time limit has been prescribed under the CGST Act for further supply of vehicles. The appellant added that the authorities has failed to adhere to the provisions of Section 98(6) of the CGST Act.

The AAAR observed that if the argument of the party is allowed, then in that case, all motor vehicles, irrespective of the nature of supply, will be eligible for ITC across the industries. It will no longer be a restrictive clause for car dealers, but will be an open-clause for all the trade and industry to avail of the ITC on all the vehicles purchased by them. This has never been the intent of Parliament.

The AAAR ruled that in the very first demonstration run, demo cars lose the character of the new motor vehicle, and demo vehicles are sold akin to second-hand goods, which are different from new vehicles and accordingly treated differently under GST law, so the demo car is not an input.

“The BMW vehicles received by the Appellant under stock transfer have never been received with the intent to simply ‘further supply of such motor vehicles/’sell as such’. The Input Tax Credit on these vehicles, therefore, cannot be allowed,” the AAAR added.

Introduction

6.1

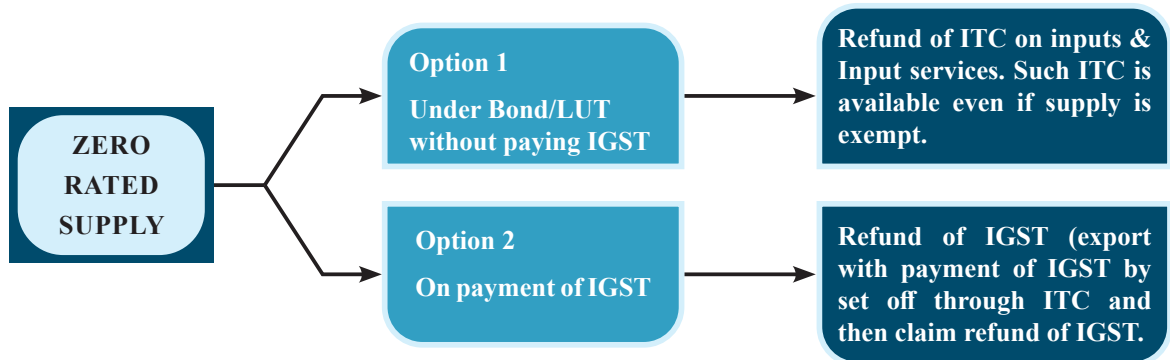

Zero Rate is also a rate of tax. As we all know that numerals start from Zero. Supply which attracts zero rate of tax is called as taxable supply for claiming Input Tax Credit or Refund etc. Zero-rated supply does not mean that the goods and services have a tariff rate of '0%' but the recipient to whom the supply is made is entitled to pay '0%' GST to the supplier. By zero rating it is meant that the entire value chain of the supply is exempt from tax. This means that in case of zero rating, not only is the output exempt from payment of tax, but there is also no bar on taking/availing credit of taxes paid on the input side for making/providing the output supply. Such an approach would in true sense make the goods or services zero rated. All supplies need not be zero-rated. As per the GST Law exports are meant to be zero rated the zero-rating principle is applied in letter and spirit for exports and supplies to SEZ.

Zero Rated Supplies

6.2

The relevant provisions are contained in Section 16(1) of the IGST Act, 2017, which states that “zero rated supply” means any of the following supplies of goods or services or both, namely: —

- (a) Export of goods or services or both; or
- (b) Supply of goods or services or both to a Special Economic Zone developer or a Special Economic Zone unit.

| Without payment of IGST (LUT/Bond) | With Payment of IGST |

W.e.f. 1st October 2023, u/s 54(6), the reference of “provisionally accepted input tax credit” is removed so as to align the same with the present scheme of availment of self-assessed ITC as per section 41(1).

Provisional refund:

As per section 54(6) of the CGST Act, 2017, @90% of the total amount of refund claimed, on account of zero-rated supply of goods or services or both made by registered persons, may be sanctioned on a provisional basis. The remaining @10% can be refunded later after due verification of documents furnished by the applicant

There is a condition attached to provisional refunds. The provisional refund is not granted if the applicant has been prosecuted for any offense under the GST law or earlier law within past five years. The amount of tax evaded in such prosecution shall be more than Rupees Two Hundred and Fifty Lakhs (₹ 2.5 Crores).

Non-applicability of Principle of Unjust Enrichment:

The principle of unjust enrichment shall not be applicable in case of refund of taxes paid wherever such refund is on accounts of zero-rated supplies. As per section 54 (8) of the CGST Act, 2017, the refundable amount, if such amount is relatable to refund of tax paid on zero-rated supplies of goods or services or both or on inputs or input services used in making such zero-rated supplies, shall instead of being credited to the Fund, be paid to the applicant.

Features of Zero-Rated Supplies:

1. No tax on the outward supplies; Input supplies also to be tax free.
2. Credit of input tax may be availed for making zero-rated supplies, even if such supply is an exempt supply ITC allowed on zero rated supplies.
3. Value of zero-rated supplies shall be added along with the taxable supplies for apportionment of ITC.
4. A person exclusively making zero rated supplies may have to register as refunds of unutilised ITC or integrated tax paid shall have to be claimed.
5. A registered person supplying zero rated supply of goods or services, or both shall issue normal tax invoice.
6. SEZ units are exempt from issuing E-invoice.

Zero Rated vs Exempt Supply:

- (a) Export of goods and services and supplies to SEZ units or developers are classified as zero-rated supply.
- (b) On the other hand, nil or exempt supply are those supply with 0% GST rate.
- (c) Exempted supply means the supply of any goods or services or both which attracts nil rate of tax or which may be wholly exempt from tax under section 11 of CGST Act or under section 6 of the IGST Act, and includes the non-taxable supply.

The following points refers to the exempted supply:

- i. GST does not apply on the outward exempted supplies;
- ii. Input tax credit of inputs and / or input services used in providing exempted supply is not available i.e. no input tax credit on exempted supplies;
- iii. A registered person supplying exempted goods or services or both shall issue 'bill of supply' instead of tax invoice.
- iv. A person supplies wholly nil rate of tax is exempt from registration under GST.

Clarification on certain refund related issues Circular No. 166/22/2021-GST dt. 17.11.2021

Following clarifications have been issued in regard to refund:

- i. The time period within which an application for refund can be made shall not be applicable in cases of refund of excess balance in e-cash ledger.
- ii. Furnishing of certification/ declaration under rule 89(2)(l) or 89(2)(m) of the CGST Rules, 2017 for not passing the incidence of tax to any other person is not required in cases of refund of excess balance in e-cash ledger as unjust enrichment clause is not applicable in such case.
- iii. The amount deducted/collected as TDS/TCS under the provisions of section 51/ 52 of the CGST Act, as the case may be, and credited to e-cash ledger of the registered person, is equivalent to cash deposited in electronic cash ledger. It is not mandatory for the registered person to utilize such TDS/TCS amount only for the purpose of discharging tax liability. The registered person is at full liberty to discharge his tax liability in respect of the supplies made by him during a tax period, either through debit in electronic credit ledger or through debit in electronic cash ledger, as per his choice and availability of balance in the said ledgers. Any amount, which remains unutilized in electronic cash ledger, after discharge of tax dues and other dues payable under CGST Act, 2017 and rules made thereunder, can be refunded to the registered person as excess balance in electronic cash ledger in accordance with the proviso to sub-section (1) of section 54, read with sub-section (6) of section 49 of CGST Act, 2017.
- iv. Clause (b) of Explanation (2) under section 54 of the CGST Act, 2017 is applicable for determining relevant date in respect of refund of amount of tax paid on the supply of goods regarded as deemed exports irrespective of the fact whether the refund claim is filed by the supplier or by the recipient. Further, as the tax on the supply of goods, regarded as deemed export, would be paid by the supplier in his return, therefore, the relevant date for purpose of filing of refund claim for refund of tax paid on such supplies would be the date of filing of return, related to such supplies, by the supplier.

Refund of GST can be claimed on submitting the attested copy of tax invoice by the Unique Identification Number (UIN) holder, if UIN is not mentioned therein: -

Rule 95 of the CGST Rules, 2017 relating to refund of taxes paid on the Notification inward supplies to notified specialized agency of UNO or Multilateral Financial Institution and Organization notified under the United

Nations (Privileges and Immunities) Act, 1947 or Consulate or Embassy of foreign countries or any other notified person/class of persons.

One of the conditions prescribed therein for sanction of refund is that name and GSTIN/UIN of the applicant is mentioned in the tax invoice. A proviso has been inserted retrospectively, w.e.f. 1-4-2021, to sub-rule (3) of Rule 95 to provide that where UIN of the applicant is not mentioned in tax invoice, the refund of tax paid by the applicant on such invoice shall be available only if the copy of the invoice, duly attested by the authorised representative of the applicant, is submitted along with the refund application in prescribed form (Notification No. 40/2021 CT dated 29.12.2021).

W.e.f. 01-10-2022, Withholding and deduction of amounts extended to all kinds of refunds section 54(10) of CGST Act, 2017:

Where any refund is due to a registered person who has defaulted in furnishing of any return or has not paid the GST liability, the refund due is liable to be withheld or deductible from the refund due. This clause is applicable only for refund of unutilized input tax credit i.e. for exports, supplies to SEZ and inverted duty structure. The withholding and deduction of refund is now being extended to all kinds of refunds if there is any pending liability of the applicant.

The extent of withholding the refund of tax has been extended by removing the reference to refund in case of unutilised input tax credit in sub-section (3) of section 54.

Supply of Goods from SEZ to SEZ:

It is interesting to note that section 7(5) of IGST Act, 2017 (and even proviso to section 8(1)) declares that supplies 'to' or 'by' SEZ developer or unit will be treated as an inter-State supply. So, when two SEZ units or one SEZ developer and another SEZ unit supply goods or services to each other (among themselves within the zone) and the zone being located within the same State or UT, such supplies will always be inter-State supplies.

Allowing supplies to SEZ units/ developer for authorised operations for IGST refund route by amendment in Notification 01/2023-Integrated Tax dated 31.07.2023

The Council has recommended to amend Notification No. 1/2023-Integrated Tax dated 31.07.2023 w.e.f. 01.10.2023 so as to allow the suppliers to a Special Economic Zone developer or a Special Economic Zone unit for authorised operations to make supply of goods or services (except the commodities like pan masala, tobacco, gutkha, etc. mentioned in the Notification No. 1/2023-Integrated Tax dated 31.07.2023) to the Special Economic Zone developer or the Special Economic Zone unit for authorised operations on payment of integrated tax and claim the refund of tax so paid [vide Notification No 05/2023-IT dt 26-10-2023].

Supply of Goods from SEZ to Domestic Tariff Area (DTA):

Supply of goods by SEZ to non- SEZ area is governed by Customs Act in terms of Rule 47 in Chapter V of SEZ Rules, 2006. Accordingly, duties of customs will be levied by Customs Department.

Supply of Services from SEZ to DTA:

Sub-section (1) of Section 53 of the SEZ Act, 2005 provide that "A Special Economic Zone shall, on and from the appointed day, be deemed to be a territory outside the customs territory of India" for the purposes of undertaking the authorised operations. SEZ is also be called as separate island within the territory of India. Thus, any Supply of Services from SEZ to DTA shall be Treated as Import of Services by the Domestic Tariff Area (DTA). Accordingly Import of services attracts GST under Reverse Charge Basis.

Deemed Exports

6.3

Deemed Exports refers to supplies of goods manufactured in India (and not services) which are notified as deemed exports under Section 147 of the CGST/SGST Act, 2017. The supplies do not leave India. The payment for such supplies is received either in Indian rupees or in convertible foreign exchange. Deemed exports are not zero rated supplies by default, unlike the regular exports. Hence all supplies notified as supply for deemed export will be subject to levy of taxes i.e. such supplies can be made on payment of tax and cannot be supplied under a Bond/LUT. However, the refund of tax paid on the supply regarded as Deemed export is admissible to either the supplier or the recipient. The application for refund has to be filed by the supplier or recipient (subject to certain conditions) of deemed export supplies, as the case may be.

As per **Section 2(39) of the CGST Act, 2017** “deemed exports” means such supplies of goods as may be notified under Section 147;

As per **Section 147 of the CGST Act, 2017** The Government may, on the recommendations of the Council, notify certain supplies of goods as deemed exports, where goods supplied do not leave India, and payment for such supplies is received either in Indian rupees or in convertible foreign exchange, if such goods are manufactured in India.

Difference between Export, Deemed Export, and Merchant export

Export: An export refers to a trade transaction wherein the goods are produced locally and then it is shipped to a foreign country.

Deemed Export: Goods classified as deemed export may not ship out of the country.

Example 1

When a Andhra Pradesh based manufacturer supplies goods to an Export oriented Unit in Maharashtra, who further ships the product to its customer in the USA - the first part of the transaction is classified as deemed export while the second transaction is considered an export.

Merchant Export: Merchant export is the process of procuring the goods locally and then exporting them under their label. A merchant exporter is someone who buys the goods locally and then exports it globally under his name.

Deemed exports are likely to be considered for purpose of GST to claim refund.

Customs notification 79/2017, dated 13th October, 2017 and DGFT's Notification No. 33/2015-2020 contain provisions regarding exemption from GST on imports made under the Duty exemption Schemes.

Exemption from GST and Goods and Service Tax Compensation cess in respect of imports under the Advance Authorization (AA)/Export Promotion Capital Goods (EPCG) from abroad as well as domestic suppliers. The GST Council recommended that the holders of AA/EPCG and EOUs would not have to pay IGST, Cess etc. on imports and Also, domestic supplies to holders of AA/EPCG and EOUs would be treated as deemed exports under Section 147 of CGST/SGST Act and refund of tax paid on such supplies given to the supplier.

Supplier of deemed export also enabled to file application for refund (other than refund of IGST paid on goods exported out of India):

Earlier, only the recipient of deemed exports could file the application for refund under third proviso to rule 89(1) of the CGST Rules. The said proviso has been amended to also enable the supplier of deemed export supplies to file application for refund if the recipient does not avail of input tax credit on such supplies and furnishes an undertaking to the effect that the supplier may claim the refund [Notification No. 47/2017-CT, dated 18.10.2017].

Supplies against Advance Authorisation scheme not to be used in supply of nil rated/fully exempted supplies, when exports have already been made after availing ITC on inputs used in manufacture of such exports

Notification No. 48/2017-CT, dated 18.10.2017 specifies the supplies which shall be treated as deemed exports. The said notification has been amended as under:

- (i) Supply of goods by a registered person against Advance Authorisation is a deemed export in terms of the said notification. The following conditions have been prescribed in this regard:
 1. the goods so supplied, when exports have already been made after availing ITC on inputs used in manufacture of such exports, shall be used in manufacture and supply of taxable goods (other than nil rated or fully exempted goods) and a certificate to this effect from a chartered accountant is submitted to the jurisdictional commissioner of GST or any other officer authorised by him within 6 months of such supply. 2. No such certificate shall be required if ITC has not been availed on inputs used in manufacture of export goods.

“Advance Authorisation means an authorisation issued by the Director General of Foreign Trade under Chapter 4 of the Foreign Trade Policy 2015-20 for import or domestic procurement of inputs for physical exports”.

4. Supply of gold by a bank or Public Sector Undertaking specified in the notification No. 50/2017-Customs, dated 30th June, 2017 against Advance Authorisation.

Taxability of deemed exports:

- (ii) An undertaking by the recipient of deemed export supplies that no input tax credit on such supplies has been availed of by him.
- (iii) An undertaking by the recipient of deemed export supplies that he shall not claim the refund in respect of such supplies and the supplier may claim the refund.

[Notification No. 49/2017-CT, dated 18.10.2017]

No restriction on recipient of deemed export supplies in availing ITC of the tax paid on such supplies

As per third proviso to rule 89(1) of the CGST Rules, in respect of supplies regarded as deemed exports, either recipient or supplier is allowed to file the refund application. However, the supplier can seek refund only in case where the recipient does not avail ITC on such supplies and furnishes an undertaking to the effect that the supplier may claim the refund. Otherwise, recipient of deemed export supplies can claim the refund.

In view of aforesaid provisions, it has been clarified that:

No deduction of Tax is required when the location of supplier and place of supply is different from the State of the registration of the recipient.

The concept of Tax Deducted at Source (TDS) is one of the ways to collect tax based on certain percentages on the amount payable by the receiver on goods/services under Section 51 of the CGST Act, 2017.

Illustrations of various situations requiring deduction of tax:

| Situations/Contracts | Deduction required Yes/No | Remarks |
|---|---|---|
| Finance Department is making a payment of ₹3 Lakh to a supplier of ‘printing & stationery’. | Yes | Where the total contract value of taxable supply is more than ₹2.5 Lakh deduction is mandatory. |
| Education Department is making payment of ₹5 Lakh to a supplier of ‘printed books and printed or illustrated post cards’ where payment for books is ₹2 Lakh and ₹3 Lakh is for other printed or illustrated post cards. | Yes, deduction is required in respect of payment of ₹3 Lakh only i.e. for payment in respect of taxable supply. | Books are exempted goods; no deduction is required in respect of supply of books. However, payment involving ‘printed or illustrated post cards’ is for supply of taxable goods and value of such supply is > ₹2.5 Lakh; so deduction is required. |
| Finance Department, is making payment of ₹1.5 Lakh to a supplier of ‘car rental service’ | See Remarks | Deduction is mandatory in case the total value of taxable supply under the contract > ₹2.5 Lakh irrespective of the amount paid. However, if the total value of supply under a contract is < ₹2.5 Lakh, deduction is not required. |
| Health Department executed a contract with a local supplier to supply “medical grade oxygen” of ₹2.6 Lakh (including GST) and is making full payment. | No | Total value of supply as per the contract is ₹2.6 Lakh (including GST). Tax rate is 12%. So, taxable value of supply (excluding GST) stands at $\frac{₹2.6L \times 100}{112} = ₹2.32 L < ₹2.5 \text{ Lakh}$ Hence, deduction is not required. |
| Municipal Corporation of Kolkata purchases a heavy generator from a supplier in Delhi. Now, it is making payment of ₹5 Lakh and IGST @ 18% on ₹5 Lakh for such purchase. | Yes, deduction is required @ 2% | Deduction is required in case of inter-State supply and if the value of taxable supply under a contract exceeds ₹2.5 Lakh. |

No. 66 of Notification No. 12/2017-Central Tax (Rate), dated 28.06.2017 as amended and hence deduction is not required. |
| Health Department is making payment of ₹10 Lakh to a supplier for supply of Hearing Aids. | No | This supply of goods is exempt in terms of Sl. No. 142 of Notification No. 2/2017-Central Tax (Rate), dated 28.06.2017 as amended and hence deduction is not required. |

Valuation of supply for deduction of TDS and applicable rates with illustrations:

For the purpose of deduction of TDS, the value of supply shall exclude the taxes leviable under GST (i.e. ‘Central tax’, ‘State tax’, ‘UT tax’, ‘Integrated tax’ & Cess). Thus, no tax shall be deducted on ‘Central tax’, ‘State tax’, ‘UT tax’, ‘Integrated tax’ and cess component levied on supply. No deduction of tax and cess should also be made on the value of exempted goods or services or both even if the exempt and taxable supply are billed together.

Note: Suppose three separate contracts for supply are given to M/s ABC by the Health Department of the Government of West Bengal and the value of taxable supply is below ₹2.5 Lakh in case of each contract though their combined value is more than ₹2.5 Lakh; in such case no deduction is required to be made since value of taxable supply in neither of the contract exceeds ₹2.5 Lakh.

Rate of deduction of tax:

There are 4 types of taxes in GST-Integrated Tax (IGST), Central Tax (CGST) and State Tax (SGST)/Union territory Tax (UTGST). The deduction in case of intra-State supply (supply within a State) will be CGST & SGST (in case of Union territory without legislature, it will be CGST & UTGST), and the deduction in case of inter-State supply (supply from one State to another) will be IGST.

Rate of such deduction is @ 2% [i.e. 1% each on CGST & SGST/UTGST component] on the amount paid/credited in respect of intra-State supply & @ 2% [as IGST] on the amount paid/credited in respect of inter-State supply.

Illustration 1

Supplier X makes supply worth ₹11,800/- (inclusive of GST) to a Municipality where contract for supply is for ₹15,00,000/-. The rate of GST is 18%. Supplier and the deductor are in the same State.

Find the following:

- (a) Whether TDS to be deducted by Municipality?
- (b) Net payment to Supplier X after TDS?

Solution:

- (a) Yes.
- (b) Following payment is being made by this Municipality to X: ₹10,000 (value of Supply) + ₹900 (Central Tax) + ₹900 (State Tax).

Value of supply = ₹10,000 ($₹11,800 \times 100/118$)

Tax to be deducted from payment: Central Tax = 1% on ₹10,000 = ₹100; State Tax = 1% on ₹10,000 = ₹100

Payment due to X after TDS as per GST provisions: ₹11600/- (i.e. ₹11,800 – 200)

Illustration 2

Supplier Y of Mumbai makes taxable supply worth ₹10,000 & exempted supply worth ₹20,000/- in an invoice/bill of supply to Finance Deptt. of GoI located in New Delhi where contract for supply is for ₹6,00,000/- (₹2,60,000 for taxable supply including GST and ₹3,40,000 for exempted supply). The rate of GST is 18%. Following payment is being made by GoI to Y: ₹10,000 (value of taxable Supply) + ₹1,800 (Integrated Tax) + ₹20,000/- (value of exempted Supply). Whether any deduction of tax is required?

Solution:

No.

Value of taxable supply in the contract

= ₹2,60,000 (including GST)

Value of such contract excluding tax = $260000 \times 100/118 = ₹2,20,340$

Since, the value of taxable supply in the contract does not exceed ₹2.5 Lakh, deduction of tax is not required.

Illustration 3

Supplier ZA is a person registered under the composition scheme in Jharkhand who makes taxable supply worth ₹10,000 to a Local Authority of Jharkhand where value of taxable supply under the contract is for ₹2, 55,000.

Find the TDS if any?

Solution:

Following payment is being made by the Local Authority of Jharkhand to ZA:

₹10,000

Value of taxable supply under the contract is ₹2,55,000 which is more than ₹2.5 Lakh and hence deduction of tax is required.

TDS towards:

CGST = 1% on ₹10,000 = ₹100

SGST = 1% on ₹10,000 = ₹100

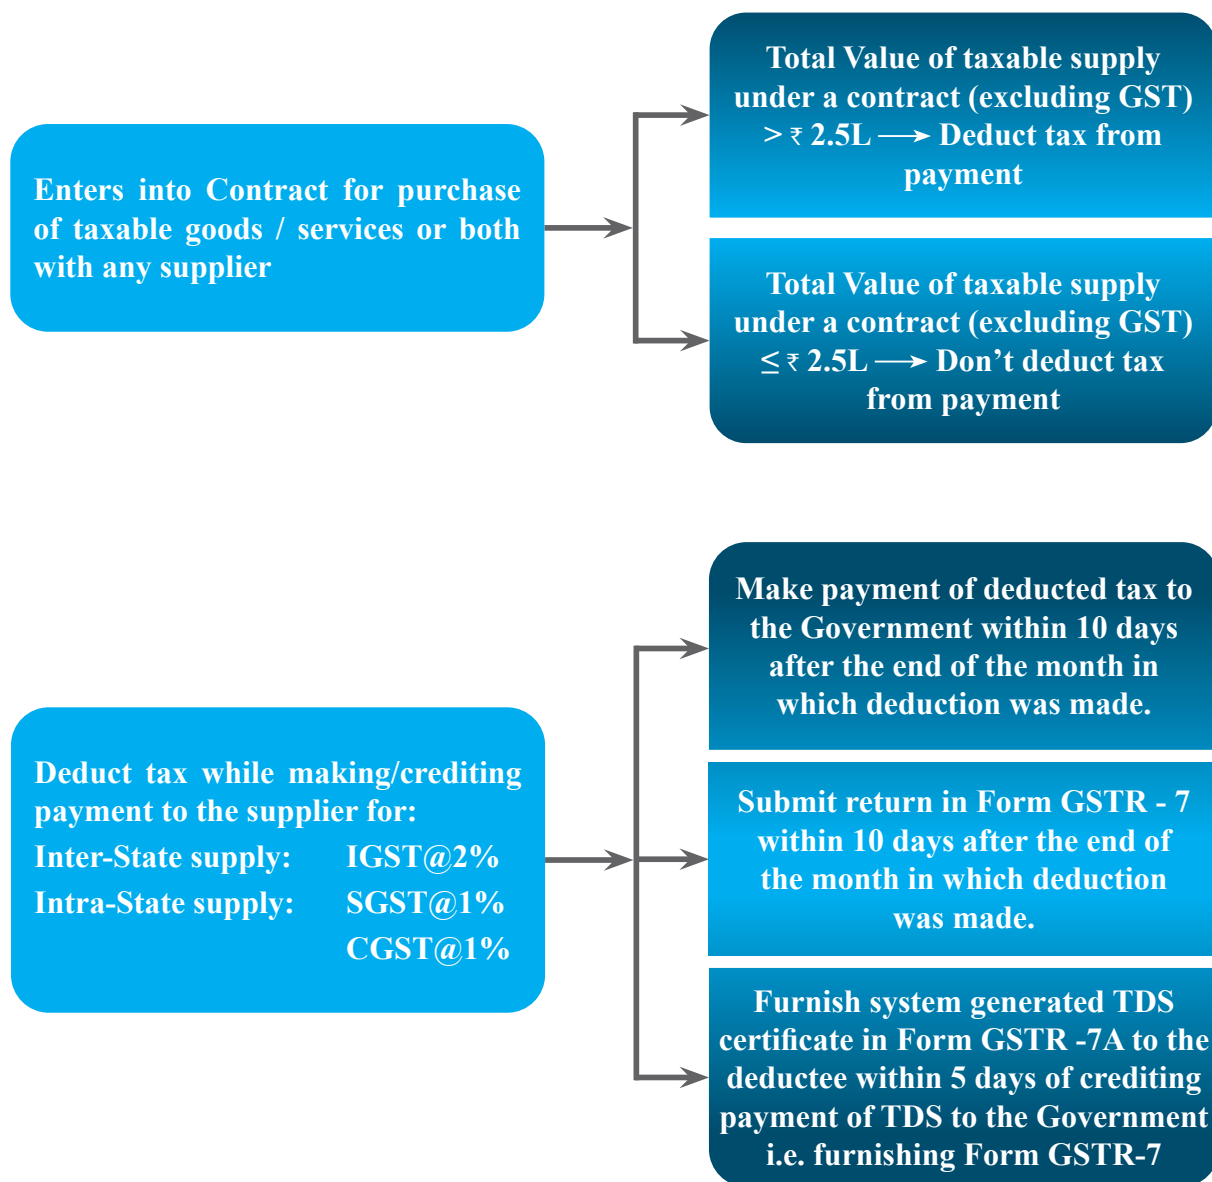

Total TDS = ₹200

The obligation to collect tax at source has been placed upon Electronic Commerce Operators and no other class of suppliers. When an ‘Electronic Commerce Operator’ receives payment (which is consideration by another person for a supply made by someone else), he must collect TCS at the rate to be notified (this rate will not exceed 1%) and pay it to the Government. This rate is to be applied to the ‘net value’ as defined in the Explanation to Section 51(1) CGST. An agent is not covered by the TCS provisions.

‘**Electronic Commerce Operator**’ is defined as any person who owns, operates or manages digital or electronic facility or platform for electronic commerce.

‘**Electronic Commerce**’ is defined as the supply of goods or services or both, including digital products over digital or electronic network.

Under section 52, an Electronic Commerce Operator is liable to collect TCS only if the supply has been made through such Operator by other suppliers and the consideration is collected by the Electronic Commerce Operator. Supplies made by the electronic commerce operator on its own account are not subject to TCS requirements.

Applicability of Tax Collected at Source (TCS):

Effective Date of TCS (w.e.f. 01.10.2018):

GST TCS Provisions Effective from 1 Oct 2018 (CGST Section 52): CBIC Notification No. 51/2018 Central Tax, dated 13 Sept 2018.

Effective from: 10 July 2024 [Notification No. 15/2024-Central Tax, No. 01/2024- Integrated Tax, No. 01/2024- Union Territory Tax all dated 10 July 2024]

Operator shall collect tax TCS 0.25% of CGST + 0.25% of SGST or 0.50% of IGST of the net value of taxable supplies made through it by other suppliers.

Tax Collected at Source (TCS) under Section 52 of CGST Act, 2017

| Particulars | Old Rate (%) | New Rate (%) (Effective 10-07-2024) |
|----------------------|--------------|-------------------------------------|
| TCS under CGST | 0.50% | 0.25% |
| TCS under SGST/UTGST | 0.50% | 0.25% |
| TCS under IGST | 1.00% | 0.50% |

Services Not Notified for E-commerce TCS:

- Services notified under Section 9(5) of the CGST Act, such as passenger transport services, housekeeping, accommodation services or restaurant services, including those provided by cloud kitchens are excluded from TCS when the operator is already liable to pay tax.

- Sale Value: ₹1,00,000
- Applicable TCS Rate (Post 10th July 2024): 0.5% (0.25% CGST + 0.25% SGST)

The amount so collected is called as Tax Collection at Source (TCS). |
| 4 | What is the rate of TCS notified by Government? | Rate of TCS is 0.5% under each Act (i.e. the CGST Act, 2017 and the respective SGST Act/UTGST Act respectively) and the same is 1% under the IGST Act, 2017. Notifications No. 52/2018-Central Tax and 02/2018-Integrated Tax both dated 20th September 2018 have been issued in this regard. Similar notifications have been issued by the respective State Governments also. |
| 5 | Is it mandatory for e-commerce operator to obtain registration? | Yes. As per section 24(x) of the CGST Act, 2017, every electronic commerce operator has to obtain compulsory registration irrespective of the value of supply made by him. |
| 6 | Whether a supplier of goods or services supplying through e-commerce operator would be entitled to threshold exemption? | As per Section 24(ix) of the CGST Act, 2017, every person supplying goods through an e-commerce operator shall be mandatorily required to register irrespective of the value of supply made by him. Government has issued the notification No. 65/2017-Central Tax dated 15th November, 2017 in this regard. |
| 7 | Whether e-Commerce operator is required to obtain registration in every State/ UT in which suppliers listed on their e-commerce platform are located to undertake the necessary compliance as mandated under the law? | As per the extant law, registration for TCS would be required in each State/ UT as the obligation for collecting TCS would be there for every intra-State or inter-State supply. In order to facilitate the obtaining of registration in each State/UT, the e-commerce operator may declare the Head Office as its place of business for obtaining registration in that State/UT where it does not have physical presence. |

| Sl. No. | Question | Answer |
|---------|--|---|
| 8 | Foreign e-commerce operator does not have place of business in India since they operate from outside. But their supplier and customers are located in India. So, in this scenario will the TCS provision be applicable to such e-commerce operator and if yes, how will foreign e-commerce operator obtain registration? | Where registered supplier is supplying goods or services through a foreign e-commerce operator to a customer in India, such foreign e-commerce operator would be liable to collect TCS on such supply and would be required to obtain registration in each State/UT. If the foreign e-commerce operator does not have physical presence in a particular State / UT, he may appoint an agent on his behalf. |
| 9 | Is it necessary for eCommerce operators who are already registered under GST and have GSTIN, to have separate registration for TCS as well? | E-Commerce operator has to obtain separate registration for TCS irrespective of the fact whether e-Commerce operator is already registered under GST as a supplier or otherwise and has GSTIN. |
| 10 | What is meant by “net value of taxable supplies”? | The “net value of taxable supplies” means the aggregate value of taxable supplies of goods or services or both, other than the services on which entire tax is payable by the e-commerce operator, made during any month by a registered supplier through such operator reduced by the aggregate value of taxable supplies returned to such supplier during the said month |
| 11 | Whether value of net taxable supplies to be calculated at gross level or at GSTIN level? | The value of net taxable supplies is calculated at GSTIN level. |
| 12 | Is every e-commerce operator required to collect tax on behalf of actual supplier? | Yes, every e-commerce operator is required to collect tax where the supplier is supplying goods or services through e-commerce operator and consideration with respect to the supply is to be collected by the said e-commerce operator. |
| 13 | At what time should the e-commerce operator collect TCS? | TCS is to be collected once supply has been made through the e-commerce operator and where the business model is that the consideration is to be collected by the ecommerce operator irrespective of the actual collection of the consideration. For example, if the supply has taken place through the ecommerce operator on 30th October, 2024 but the consideration for the same has been collected in the month of November, 2024, then TCS for such supply has to be collected and reported in the statement for the month of October, 2024. |

| Sl. No. | Question | Answer |
|---------|---|---|
| 14 | Whether TCS to be collected on exempt supplies? | No, TCS is not required to be collected on exempt supplies. |
| 15 | Whether TCS to be collected on supplies on which the recipient is required to pay tax on reverse charge basis? | No, TCS is not required to be collected on supplies on which the recipient is required to pay tax on reverse charge basis. |
| 16 | Whether TCS is to be collected in respect of supplies made by the composition taxpayer? | As per section 10(2)(d) of the CGST Act, 2017, a composition taxpayer cannot make supplies through e-commerce operator. Thus, question of collecting TCS in respect of supplies made by the composition taxpayer does not arise. |
| 17 | Whether TCS is to be collected on import of goods or services or both? | TCS is not liable to be collected on any supplies on which the recipient is required to pay tax on reverse charge basis. As far as import of goods is concerned since same would fall within the domain of Customs Act, 1962, it would be outside the purview of TCS. Thus, TCS is not liable to be collected on import of goods or services |
| 18 | Is there any exemption on Gold, owing to the fact that rate of GST is only 3% and TCS on it would erode the margin for the seller? | No such exemption from TCS has been granted. |
| 19 | Whether payment of TCS through Input Tax Credit of operator for depositing TCS as per Section 52(3) of the CGST Act, 2017 is allowed? | No, payment of TCS is not allowed through Input Tax Credit of e-Commerce operator |
| 20 | It is very common that customers of ecommerce companies return goods. How these sales returns are going to be adjusted? | An e-commerce company is required to collect tax only on the net value of taxable supplies made through it. In other words, value of the supplies which are returned (supply return) may be adjusted from the aggregate value of taxable supplies made by each supplier (i.e. on GSTIN basis). In other words, if two suppliers "A" and "B" are making supplies through an ecommerce operator, the "net value of taxable supplies" would be calculated separately in respect of "A" and "B". If the value of returned supplies is more than supplies made on behalf of any of such supplier during any tax period, the same would be ignored in his case. |

| Sl. No. | Question | Answer |
|---------|--|---|
| 21 | Under Section 52, ecommerce operator collects TCS at the net of returns. Sometimes sales return is more than sales and hence can negative amount be reported? | Negative amount cannot be declared. There will be no impact in next tax period also. In other words, if returns are more than the supplies made during any tax period, the same would be ignored in current as well as future tax period(s). |
| 22 | What is the time within which such TCS is to be remitted by the e-commerce operator to the Government account? | The amount collected by the operator is to be paid to appropriate government within 10 days after the end of the month in which the said amount was so collected. |
| 23 | How can actual suppliers claim credit of TCS? | The amount of TCS deposited by the operator with the appropriate Government will be reflected in the electronic cash ledger of the actual registered supplier (on whose account such collection has been made) on the basis of the statement filed by the operator in FORM GSTR-8 in terms of Rule 67 of the CGST Rules, 2017. The said credit can be used at the time of discharge of tax liability by the actual supplier. |
| 24 | How is TCS to be credited in cash ledger? Whether the refund of such TCS credit lying in the ledger would be allowed at par with the refund provisions contained in section 54(1) of the CGST Act, 2017? | TCS collected is to be deposited by the ecommerce operator separately under the respective tax head (i.e. Central tax/ State tax/Union territory tax/Integrated tax). Based on the statement (FORM GSTR-8) filed by the ecommerce operator, the same would be credited to the electronic cash ledger of the actual supplier in the respective tax head. If the supplier is not able to use the amount lying in the said cash ledger, the actual supplier may claim refund of the excess balance lying in his electronic cash ledger in accordance with the provisions contained in section 54(1) of the CGST Act, 2017. |
| 25 | Is the e-commerce operator required to submit any statement? What are the details that are required to be submitted in the statement? | Yes, every operator is required to furnish a statement, electronically, containing the details of outward supplies of goods or services effected through it, including the supplies of goods or services returned through it, and the amount collected by it as TCS during a month within 10 days after the end of such month in FORM GSTR-8. The operator is also required to file an annual statement by 31st day of December following the end of the financial year in which the tax was collected in FORM GSTR-9B |
| 26 | Whether interest would be applicable on non-collection of TCS? | As per section 52(6) of the CGST Act, 2017, interest is applicable on omission as well in case of incorrect particulars noticed. In such a case, interest is applicable since it is a case of omission. Further penalty under section 122(vi) of the CGST Act, 2017 would also be leviable |

Details of TCS furnished by ECO to be made available electronically to only registered suppliers [Rule 67(2) amended]

Unregistered suppliers of services and now unregistered suppliers of goods also are allowed to make supplies through ECOs till the time their turnover does not exceed the prescribed threshold limit. Rule 67 has been amended to clearly bring out that the details of TCS furnished by ECOs in Form GSTR-8 shall be made available only to the registered suppliers, as the supplies by unregistered persons do not attract TCS.

Amended rule 67(2) provides as follows:

The details of tax collected at source under section 52(1) furnished by the ECO shall be made available electronically to each of the registered suppliers on the common portal after filing of Form GSTR-8 for claiming the amount of tax collected in his electronic cash ledger after validation.

As per CBIC Circular No. 194/06/2023-GST dt. 17th July 2023, Clarification on TCS liability under Sec 52 in case of multiple E-commerce Operators in one Transaction:

Issue 1:

In a situation where multiple ECOs are involved in a single transaction of supply of goods or services or both through ECO platform and where the supplier-side ECO himself is not the supplier in the said supply, who is liable for compliances under section 52 including the collection of TCS?

Clarification:

In such a situation where multiple ECOs are involved in a single transaction of supply of goods or services or both through ECO platform and where the supplier-side ECO himself is not the supplier of the said goods or services, the compliances under section 52 of CGST Act, including collection of TCS, is to be done by the supplier-side ECO who finally releases the payment to the supplier for a particular supply made by the said supplier through him.

Example:

Buyer-side ECO collects payment from the buyer, deducts its fees/commissions and remits the balance to Seller-side ECO. Here, the Seller-side ECO will release the payment to the supplier after deduction of his fees/commissions and therefore will also be required to collect TCS, as applicable and pay the same to the Government in accordance with section 52 of CGST Act and also make other compliances under section 52 of CGST Act.

In this case, the Buyer-side ECO will neither be required to collect TCS nor will be required to make other compliances in accordance with section 52 of CGST Act with respect to this particular supply.

Issue 2:

In a situation where multiple ECOs are involved in a single transaction of supply of goods or services or both through ECO platform and the Supplier-side ECO is himself the supplier of the said supply, who is liable for compliances under section 52 including collection of TCS?

Clarification:

In such a situation, TCS is to be collected by the Buyer-side ECO while making payment to the supplier for the particular supply being made through it.

Example:

Buyer-side ECO collects payment from the buyer, deducts its fees and remits the balance to the supplier (who is itself an ECO as per the definition in Sec 2(45) of the CGST Act). In this scenario, the Buyer-side ECO will also be required to collect TCS, as applicable, pay the same to the Government in accordance with section 52 of CGST Act and also make other compliances under section 52 of CGST Act.

Peter England is a trader who sells his ready-made clothes online on Amazon India. He receives an order for ₹12,000 in the month of April 2024, inclusive of tax and commission 2%. Amazon charges a commission of ₹200. Applicable GST ₹1,800. Find the TCS in the hands of Amazon.

Note: there are sales returns of Peter England products from other customer for ₹2,000 in the month of April 2024.

Solution:

Amazon would therefore need to deduct 1% tax (0.5% CGST and 0.5% SGST towards TCS) on the amount, excluding the money paid as commission and GST. Amazon would thus be deducting tax for ₹80 (1% of ₹8000).

Module Learning Objectives

After studying this module, the students will be able to:

- ⦿ Identify the persons who is required to issue E-Way bill
- ⦿ Explain importance of E-Way bill
- ⦿ Understand blocking of E-Way bill
- ⦿ Identify cases where E-Way bill is not required to issue
- ⦿ Explain application of E-Way bill with the help of practical issues.

E-Way Bill is an electronic way bill for movement of goods which can be generated on the E-Way Bill Portal. Transport of goods of more than ₹50,000 (Single Invoice/bill/delivery challan) in value in a vehicle cannot be made by a registered person without an E-Way bill.

Alternatively, E-Way bill can also be generated or cancelled through SMS, Android App and by Site-to-Site Integration (through Application Programming Interface (API).

When an E-Way bill is generated a unique E-Way bill number (EBN) is allocated and is available to the supplier, recipient, and the transporter.

In case of 'Bill To' & 'Ship to', now consignor (seller) or consignee (buyer) either of them can generate E-Way bill.

8.1.1 When Should E-Way Bill be issued:

E-Way bill will be generated when there is a movement of goods in a vehicle/conveyance of value more than ₹50,000 (either each Invoice or in (aggregate of all Invoices in a vehicle/Conveyance) –

- ⊙ In relation to a 'supply'
- ⊙ For reasons other than a 'supply' (say a return)
- ⊙ Due to inward 'supply' from an unregistered person

For this purpose, a supply may be either of the following:

- A supply made for a consideration (payment) in the course of business
- A supply made for a consideration (payment) which may not be in the course of business
- A supply without consideration (without payment) In simpler terms, the term 'supply' usually means a:
 1. Sale – sale of goods and payment made
 2. Transfer – branch transfers for instance
 3. Barter/Exchange – where the payment is by goods instead of in money

Therefore, E-Way Bills must be generated on the common portal for all these types of movements.

For certain specified Goods, the E-Way bill needs to be generated mandatorily even if the Value of the consignment of Goods is less than ₹50,000:

1. Inter-State movement of Goods by the Principal to the Job-worker by Principal/ registered Job-worker,
2. Inter-State Transport of Handicraft goods by a dealer exempted from GST registration.

8.1.2 Who should Generate an E-Way Bill:

1. **Registered Person** – E-Way bill must be generated when there is a movement of goods of more than ₹50,000 in value to or from a Registered Person. A Registered person or the transporter may choose to generate and carry E-Way bill even if the value of goods is less than ₹50,000.
2. **Unregistered Persons** – Unregistered persons are also required to generate E-Way Bill. However, where a supply is made by an unregistered person to a registered person, the receiver will have to ensure all the compliances are met as if they were the supplier.
3. **Transporter** – Transporters carrying goods by road, air, rail, etc. also need to generate E-Way Bill if the supplier has not generated an E-Way Bill.

E-Way Bill is generated electronically in Form GST EWB-01 on the common portal (i.e. www.ewaybillgst.gov.in)

Latest update as on 23rd March 2018:

Until a date yet to be notified, the transporters need not generate the E-Way bill (as Form EWB-01 or EWB-02) where all the consignments in the conveyance:

- ⊙ Individually (single Document**) is less than or equal to ₹50,000 BUT
- ⊙ In Aggregate (all documents** put together) exceeds ₹50,000

**Document means Tax Invoice/Delivery challan/Bill of supply

Consolidated E-Way Bill

8.2

Where the consignor/consignee has not generated the E-Way bill in Form **GST EWB-01** and the aggregate of the consignment value of goods carried in the conveyance is more than ₹50,000, the transporter, except in case of transportation of goods by railways, air and vessel, shall, in respect of inter-State supply, generate the E-Way bill in Form **GST EWB-01** on the basis of invoice or bill of supply or delivery challan, as the case may be, and may also generate a consolidated E-Way bill in **Form GST EWB-02** on the common portal prior to the movement of goods [Rule 138(7)].

However, where the goods to be transported are supplied through an e-commerce operator or a courier agency, the information in Part A of Form GST EWB-01 may be furnished by such e-commerce operator or courier agency [Proviso to rule 138(7)].

Thus, a consolidated E-Way bill is generated when the transporter is carrying multiple consignments in a single vehicle. Consolidated E-Way bill allows the transporter to carry a single document, instead of a separate document for each consignment in a conveyance.

Consolidated EWB is like a trip sheet and it contains details of different E-Way bills in respect of various consignments being transported in one vehicle and these E-Way bills will have different validity periods. Hence, Consolidated EWB does not have any independent validity period. Further, individual consignment specified in the Consolidated EWB should reach the destination as per the validity period of the individual EWB.

Cancellation of E-Way Bill

8.3

Where an E-Way bill has been generated, but goods are either not transported or are not transported as per the details furnished in the E-Way bill, the E-Way bill may be cancelled electronically on the common portal within 24 hours of generation of the E-Way bill [Rule 138(9)].

However, an E-Way bill cannot be cancelled if it has been verified in transit in accordance with the provisions of rule 138B [First proviso to rule 138(9)].

Further, unique number generated is valid for a period of 15 days for updation of Part B [Second proviso to rule 138(9)].

Validity Period

8.4

8.4.1 Validity period of E-Way bill/consolidated E-Way bill [Rule 138(10)] [Notification No. 94/2020-CT, dated 22-12-2020]

Earlier one day was permitted for a distance up to 100 km under e way bill provision. Now one day was permitted for a distance up to 200 km. This means that two-day validity granted to cover a distance up to 200 km, is reduced to one day.

| Sl. No. | Distance within country | Validity period from relevant date |
|---------|--|---|
| 1. | w.e.f. 1-1-2021 upto 200 km | One day in cases other than Over Dimensional Cargo or multimodal shipment in which at least one leg involves transport by ship |
| 2. | w.e.f. 1-1-2021 upto 200 km or part thereof thereafter | One additional day in cases other than Over Dimensional Cargo or multimodal shipment in which at least one leg involves transport by ship |
| 3. | Upto 20 km | One day in case of Over Dimensional Cargo or multimodal shipment in which at least one leg involves transport by ship |
| 4. | For every 20 km or part thereof thereafter | One additional day in case of Over Dimensional Cargo or multimodal shipment in which at least one leg involves transport by ship |

The sub-rule (10) has been further amended to lay down that the validity of the E-Way bill can be extended within eight hours from the time of its expiry.

***Relevant date** means the date on which the E-Way bill has been generated and the period of validity shall be counted from the time at which the E-Way bill has been generated and each day shall be counted as the period expiring at midnight of the day immediately following the date of generation of E-Way bill.

****Over dimensional cargo** means a cargo carried as a single indivisible unit and which exceeds the dimensional limits prescribed in rule 93 of the Central Motor Vehicle Rules, 1989, made under the Motor Vehicles Act, 1988.

Example 1:

A registered person has to transport goods from its warehouse to its depot located at a distance of 500 km. In the given case, if E-Way bill was generated on 01.01.2024, it will be valid for 3 days.

Extension of validity period:

Commissioner may, on the recommendations of the Council, by notification, extend the validity period of an E-Way bill for certain categories of goods as may be specified therein.

Where, under circumstances of an exceptional nature, including trans-shipment, the goods cannot be transported

within the validity period of the E-Way bill, the transporter may extend the validity period after updating the details in Part B, if required.

Validity of the E-Way bill for the first day ends by the midnight of the following day.

Example 2

E-Way bill generated on April 1, 2024 at 6pm for transport of cargo which will cover a distance of 90 kms. This E-Way bill will be valid for one day (till mid night of April 2, 2024);

Example 3

E-Way bill generated on April 1, 2024 at 5pm for transport of cargo which will cover a distance of 190 kms. This E-Way bill will be valid for one day.

2. Validity of the E-Way bill commences upon the updation of vehicle number for the first time by the supplier/recipient or by the transporter in Part B of the E-Way bill.

8.4.2 Commencement of validity period:

Supplier handed over the goods to the transporter on April 1, 2024. Part A of the E-Way bill was submitted by the supplier on April 1, 2024 after updating the GSTIN of the transporter. Transporter loaded the goods on the truck on April 3, 2024 and completed Part B of the E-Way bill by updating the vehicle number. In this case, the validity of the E-Way bill commences from April 3, 2024.

Miscellaneous Provisions

8.5

8.5.1 Restriction on furnishing of information in Part A of Form GST EWB-01

No person (including a consignor, consignee, transporter, an e-commerce operator or a courier agency) shall be allowed to furnish the information in Part A of Form GST EWB-01 in respect of following registered persons, whether as a supplier or a recipient:

- (i) A person paying tax under composition scheme or under Notification No. 2/2019-CT(R), dated 07.03.2019 has not furnished the statement for payment of self-assessed tax for 2 consecutive quarters, or
- (ii) A person paying tax under regular scheme has not furnished the returns for 2 consecutive months, or
- (iii) A person paying tax under regular scheme has not furnished GSTR-1 (Statement of outward supplies) for any 2 months or quarters, as the case may be.

However, Commissioner (jurisdictional commissioner) may, on receipt of an application from a registered person in prescribed form, on sufficient cause being shown and for reasons to be recorded in writing, by order, in prescribed form allow furnishing of the said information in Part A of Form GST EWB-01, subject to prescribed conditions and restrictions. An order rejecting said request shall not be passed without giving the said person a reasonable opportunity of being heard. The permission granted or rejected by the Commissioner of State tax or Commissioner of Union territory tax shall be deemed to be granted or, as the case may be, rejected by the Commissioner.

[Notification No. 74/2018-CT, dated 31.12.2018 read with Notification No. 36/2019-CT, dated 20.08.2019 and Notification No. 75/ 2019-CT, dated 26.12.2019]

8.5.2 Blocking of E-Way Bill (EWB) generation facility for taxpayers with AATO over ₹5 Cr., after 15th October, 2020

- ⦿ In terms of Rule 138E(b) of the CGST Rules, 2017, the E Way Bill generation facility of a person is liable to be restricted, in case the person fails to file their GSTR-3B returns, for a consecutive period of two months or more.
- ⦿ The GST Council has decided that this provision will be made applicable for the taxpayers whose Aggregate Annual Turn Over (AATO, PAN based) is more than ₹5 Crores.
- ⦿ Thus, if the GSTIN associated with the respective PAN (with AATO over ₹5 Cr.) has failed to file their GSTR-3B Return for 02 or more tax periods, up to the month of tax period of August, 2020, their EWB generation facility will be blocked on the EWB Portal. Please note that the EWB generation facility for such GSTINs (whether as consignor or consignee or by transporter) will be blocked on EWB Portal after 15th October, 2020.
- ⦿ To avail continuous EWB generation facility on EWB Portal, you are therefore advised to file your pending GSTR 3B returns immediately.

- ⊙ Please ignore this update if:

You are not registered on the EWB portal; or

You have already filed your GSTR-3B Return for August, 2020; or

Your AATO (PAN based) is below ₹5 Cr.

8.5.3 Blocking of E-Way bill generation facility, extended to a person, whose registration has been suspended [Rule 138E]

Blocking of E-Waybill generation facility means disabling a taxpayer from generating the E-Way bill. A user will not be able to generate E-Way bill for a GSTIN if the said GSTIN is not eligible for E-Way bill generation as per rule 138E of the CGST Rules. The GSTINs of such blocked taxpayers cannot be used to generate the E-Way bills either as consignor or consignee.

Clause (b) of rule 138E blocks the E-Way bill generation facility of a person paying tax under regular scheme if he has not furnished the returns for a consecutive period of 2 months.

Said clause has been amended to **replace 2 months with 2 tax periods**.

Accordingly, henceforth, E-Way bill generation facility of a person paying tax under regular scheme will be blocked if he has not furnished the returns for a consecutive period of 2 tax periods.

Further, a new clause (d) has been added to rule 138E to block the E-Way bill generation facility of a person, whose registration has been suspended under rule 21A pending the completion of the proceedings for cancellation of registration.

[Notification No. 94/2020-CT, dated 22.12.2020]

E-Way bill generation facility to be blocked only in respect of outward movement of goods, by the defaulting person (Rule 138E of CGST Rules, 2017):

Blocking of GSTIN for E-Way bill generation would only be for the defaulting supplier GSTIN and not for the defaulting Recipient or Transporter GSTIN. Suspended GSTIN cannot generate the E-Way bill as supplier. However, the suspended GSTIN can get the E-Way bill generated as recipient or as transporter.

Example 4

M/s Potat & Co., a registered person under GST and paying tax monthly basis (located Mumbai). M/s Potat & Co., has not filed Form GSTR-1 for last 2 months. M/s Gada & Co., a regular return filer (located Madhya Pradesh) wants to generate an E-Way bill for goods to be supplied to M/s Potat & Co. As per earlier position of law, M/s Gada & Co., would not have been able to generate E-Way bill with M/s Potat & Co. GSTIN.

In terms of the amended position of law, there will be no more restriction in generating E-Way Bill as M/s Gada & Co., who is making outward movement of goods is a regular return filer.

M/s Potat & Co, wants to generate an E-Way bill in respect of an outward supply of goods to M/s Roshan & Co. E-Way bill generation is blocked in this case as it's an outward movement of goods of M/s Potat & Co., who has not filed GSTR-1 for past 2 months.

(Notification No. 15/2021 CT dated 18.05.2021)

8.5.4 E-Way bill is Not Required

In the following cases it is not necessary to generate E-Way Bill:

1. The mode of transport is non-motor vehicle
2. Goods transported from Customs port, airport, air cargo complex or land customs station to Inland Container Depot (ICD) or Container Freight Station (CFS) for clearance by Customs.
3. Goods transported under Customs supervision or under customs seal
4. Goods transported under Customs Bond from ICD to Customs port or from one custom station to another.
5. Transit cargo transported to or from Nepal or Bhutan
6. Movement of goods caused by defence formation under Ministry of defence as a consignor or consignee
7. Empty Cargo containers are being transported
8. Consignor transporting goods to or from between place of business and a weighbridge for weighment at a distance of 20 kms, accompanied by a Delivery challan.
9. Goods being transported by rail where the Consignor of goods is the Central Government, State Governments or a local authority.
10. Goods specified as exempt from E-Way bill requirements in the respective State/Union territory GST Rules.
11. Transport of certain specified goods- Includes the list of exempt supply of goods, Annexure to Rule 138(14), goods treated as no supply as per Schedule III, Certain schedule to Central tax Rate notifications.
12. Where empty cylinders for packing of liquefied petroleum gas are being moved for reasons other than supply (w.e.f. 16-6-2018).

Note (1): Part B of E-Way Bill is not required to be filled where the distance between the consigner or consignee and the transporter is less than 50 Kms and transport is within the same state.

Note (2): Person-in-charge of the conveyance to carry a copy of the tax invoice/bill of supply where such person is not required to carry an E-Way bill (new rule 55A of CGST Rules w.e.f. 23-1-2018)

Amendment in rule 138(14) (Information to be furnished prior to commencement of movement of goods and generation of e-way bill) vide Notification No. 26/2022-CT dt. 26.12.2022:

Rule 138(14) illustrates the cases where e-way bill is not required to be generated.

One such case is where jewellery, goldsmiths' and silversmiths' wares and other articles (Chapter 71) are being transported. Thus, jewellery, goldsmiths' and silversmiths' wares and other articles (chapter 71) can be transported without generating e-way bill.

This provision has been amended to provide that henceforth, e-way bill needs to be generated for transporting imitation jewellery (7117).

Inspection and verification of goods Rule 138C of CGST Rules, 2017:

A summary report of every inspection of goods in transit shall be recorded online by the proper officer in Part A of Form GST EWB-03 within 24 hours of inspection and the final report in Part B of Form GST EWB-03 shall be recorded within 3 days of such inspection.

w.e.f 19-6-2018, where the circumstances, so warrant, the Commissioner, or any other officer authorised by him, may on sufficient cause being shown, extend the time for recording the final report in Part B of Form EWB-03, for a period not exceeding 3 days.

CBIC vide Press Release No. 144/2018, dated 31.03.2018 has clarified following issues regarding the new E-Way bill system:

Illustration 1

Consider a situation where a consignor is required to move goods from City X to City Z. He appoints Transporter A for movement of his goods. Transporter A moves the goods from City X to City Y. For completing the movement of goods i.e., from City Y to City Z, Transporter A now hands over the goods to Transporter B. Thereafter, the goods are moved to the destination i.e. from City Y to City Z by Transporter B. How would the E-Way bill be generated in such situations?

Solution:

It is clarified that in such a scenario, only one E-Way bill would be required. Part A can be filled by the consignor and then the E-Way bill will be assigned by the consignor to Transporter A. Transporter A will fill the vehicle details, etc. in Part B and will move the goods from City X to City Y.

On reaching City Y, Transporter A will assign the said E-Way bill to the Transporter B. Thereafter, Transporter B will be able to update the details of Part B. Transporter B will fill the details of his vehicle and move the goods from City Y to City Z.

Illustration 2

Consider a situation where a consignor hands over his goods for transportation on Friday to transporter. However, the assigned transporter starts the movement of goods on Monday. How would the validity of E-Way bill be calculated in such situations?

Solution:

It is clarified that the validity period of E-Way bill starts only after the details in Part B are updated by the transporter for the first time.

In the given situation, Consignor can fill the details in Part A on Friday and handover his goods to the transporter. When the transporter is ready to move the goods, he can fill the Part B i.e. the assigned transporter can fill the details in Part B on Monday and the validity period of the E-Way bill will start from Monday.

8.5.5 E-Way Bill for “Bill To Ship To” model of supplies:

As per CBIC Press Release No. 152/2018 dated 23-4-2018:

In a typical “Bill To Ship To” model of supply, there are three persons involved in a transaction, namely:

‘A’ is the person who has ordered ‘B’ to send goods directly to ‘C’.

‘B’ is the person who is sending goods directly to ‘C’ on behalf of ‘A’.

‘C’ is the recipient of goods.

In this complete scenario two supplies are involved and accordingly two tax invoices are required to be issued:

Invoice-1, which would be issued by ‘B’ to ‘A’.

Invoice-2 which would be issued by ‘A’ to ‘C’.

Who would generate the E-Way Bill for the movement of goods which is taking place from ‘B’ to ‘C’ on behalf of ‘A’? It is clarified that as per the CGST Rules, 2017 either ‘A’ or ‘B’ can generate the E-Way Bill, but it may be noted that only one **E-Way Bill** is required to be generated as per the following procedure:

Solved Case 1:

Where E-Way Bill is generated by 'B', the following fields shall be filled in Part A of GST FORM EWB-01:

| | | |
|----|-------------------------|---|
| 1. | Bill From: | In this field details of 'B' are supposed to be filled. |
| 2. | Dispatch From: | This is the place from where goods are actually dispatched. It may be the principal or additional place of business of 'B'. |
| 3. | Bill To: | In this field details of 'A' are supposed to be filled. |
| 4. | Ship to: | In this field address of 'C' is supposed to be filled. |
| 5. | Invoice Details: | Details of Invoice-1 are supposed to be filled |

Solved Case 2:

Where E-Way Bill is generated by 'A', the following fields shall be filled in Part A of GST FORM EWB-01:

| | | |
|----|-------------------------|---|
| 1. | Bill From: | In this field details of 'A' are supposed to be filled. |
| 2. | Dispatch From: | This is the place from where goods are actually dispatched. It may be the principal or additional place of business of 'B'. |
| 3. | Bill To: | In this field details of 'C' are supposed to be filled. |
| 4. | Ship to: | In this field address of 'C' is supposed to be filled. |
| 5. | Invoice Details: | Details of Invoice-2 are supposed to be filled. |

Goods sent/taken out of India for exhibition or on consignment basis for export promotion
(CBIC Circular No. 108/27/2019-GST, dated 18th July 2019)

- Exporter shall maintain a record of such goods.
- Supply treated as sale on approval basis.
- A delivery challan to be issued.
- It is not a zero-rated supply. Hence, no need to execute Bond/LUT.
- Not a supply if the goods are returned ≤ 6 months from the date of removal.
- Goods are sold ≤ 6 months from the date of removal, then it is supply. Shall issue tax invoice

**REFUND**

It is further clarified that refund claim cannot be preferred under rule 96 of CGST Rules as supply is taking place at a time after the goods have already been sent / taken out of India earlier.

However supplier can claim refund under Sec. 54(3) of the CGST Act, 2017

Information to be furnished prior to commencement of movement of goods and generation of e-way bill (Notification No. 12/2024 C.T. dated 10-7-2024):

with effect from a date to be notified, in rule 138, in sub-rule (3), after the third proviso, the following proviso shall be inserted, namely:- —

Provided also that an unregistered person required to generate e-way bill in FORM GST EWB-01 in terms of the fourth proviso to sub-rule (1) of Rule 138 (i.e. where handicraft goods are transported from one State or UT to another State or UT by a person who has been exempt from the requirement of obtaining registration under clause (i) or (ii) of section 24, the e-way bill shall be generated by the said person irrespective of the value of the consignment) or an unregistered person opting to generate e-way bill in Form GST EWB-01, on the common portal, shall submit the details electronically on the common portal in FORM GST ENR- 03 either directly or through a Facilitation Centre notified by the Commissioner and, upon validation of the details so furnished, a unique enrolment number shall be generated and communicated to the said person.

Examples for Generating E-Way Bill by Unregistered Persons

Example 1: Transport of Handicraft Goods Across States

- Scenario: Mr. Ramesh, a handicraft artisan based in Rajasthan, transports handmade wooden toys worth ₹8,000 to Gujarat for an exhibition.
- Applicability:
 - Mr. Ramesh is exempted from GST registration under Section 24 due to the nature of his handicraft goods.
 - As per the fourth proviso of Rule 138(1), Mr. Ramesh must generate an e-way bill regardless of the consignment value.
- Process:
 1. Mr. Ramesh submits his details electronically in FORM GST ENR-03 on the GST portal.
 2. After validation, he receives a unique enrolment number.
 3. Using this enrolment number, Mr. Ramesh generates an e-way bill in FORM GST EWB-01.
 4. The e-way bill accompanies the transport of goods from Rajasthan to Gujarat.

Example 2: Unregistered Individual Opting to Generate E-Way Bill

- Scenario: Ms. Sneha, a freelance interior designer, sells antique furniture worth ₹45,000 to a client in Karnataka. Sneha is unregistered under GST but wishes to generate an e-way bill voluntarily.
- Applicability:
 - Although Ms. Sneha is unregistered, Rule 138 allows her to opt for generating an e-way bill.
- Process:
 1. Ms. Sneha submits her personal and consignment details in FORM GST ENR-03 on the GST portal.
 2. Once the details are validated, she receives a unique enrolment number.

3. Using this number, she generates an e-way bill in FORM GST EWB-01.
4. The e-way bill ensures the smooth movement of goods across state boundaries without compliance issues.

Illustration 3

An international trade exhibition is going to be held in United States of America in January. Import Export Makaan (IEM) has participated in it. It intends to send 100 units of taxable goods manufactured by it to USA for display in the said exhibition.

IEM is of the view that the activity of sending the goods out of India for exhibition is a zero-rated supply. However, its tax advisor does not concur with its view. Examine whether the view of IEM is correct.

Assuming that IEM could not sell any goods at the exhibition and brings back entire 100 units to India

(i) in February, (ii) in August,

Discuss the requirement to issue invoice, if any, in each of the above independent cases.

Would your answer be different if IEM sells an aggregate of 65 units of the taxable goods in USA exhibition on different dates in January and remaining 35 units are brought back on 31st January. The tax advisor of IEM advises IEM that the export of 65 units qualify as zero-rated supply and it should apply for refund of the unutilized ITC in respect of the same. Examine the technical veracity of the tax advisor's advice.

Solution:

In the given case, IEM is not required to issue invoice at the time of taking the goods out of India since the activity of merely sending/ taking the taxable goods out of India is not a supply. However, the goods shall be accompanied with a delivery challan.

Since such activity is not a supply, the same cannot be considered as “zero rated supply” as per the provisions contained in section 16 of the IGST Act.

- (i) In case the entire quantity of goods (100 units) sent to USA is not sold but brought back by IEM in February, i.e. within the stipulated period of 6 months from the date of removal, no tax invoice is required to be issued as no supply has taken place in such a case.
- (ii) In case, the entire quantity of goods (100 units) sent to USA is not sold and brought back by IEM in August, i.e. after 6 months from the date of removal, a tax invoice is required to be issued for entire 100 units of taxable goods.

However, if an aggregate of 65 units of the goods are sold in USA exhibition by IEM on different dates in January (i.e. within the stipulated period of 6 months), a tax invoice would be required to be issued for these units, at the time of each of these sales. When the goods are sold in exhibition, actual supply from the exporter in India to the importer located abroad takes place and this supply qualifies as export. Export of goods is a zero-rated supply in terms of section 16(1)(a) of the IGST Act, 2017.

If the remaining 35 units are brought back on 31st January, i.e. within the stipulated period of 6 months from the date of removal, no tax invoice is required to be issued as no supply has taken place in such a case.

In the given case, tax advisor's advice is technically correct. Since the activity of sending / taking specified goods out of India is not a zero-rated supply, execution of a bond/Letter of Undertaking (LUT), as required under section 16 of the IGST Act, is not required.

However, the sender can prefer refund claim even when the specified goods were sent / taken out of India without execution of a bond/LUT, if he is otherwise eligible for refund as per the provisions contained in section 54(3) of the CGST Act, 2017 read with rule 89(4) of the CGST Rules, 2017 in respect of zero-rated supply of 65 units.

B. Numerical Questions

⦿ Comprehensive Numerical Problems

- With reference to the provisions relating to the electronic way bill (E- way bill) as prescribed under the GST laws, answer the following questions: (i) Sandhu Toys Manufacturers, registered in Punjab, sold electronic toys to a retail seller in Gujarat, at a value of ₹ 48,000 (excluding GST leviable @ 18%). Now, it wants to send the consignment of such toys to the retail seller in Gujarat. You are required to advise Sandhu Toys Manufacturers on the following issues:

- Whether E-Way bill is mandatorily required to be generated in respect of such movement of goods?
- If yes, who is required to generate the E-Way bill?

- Sakthi Enterprises Ltd., a registered supplier of air-conditioners, is required to send from Mumbai (Maharashtra), a consignment of parts of air-conditioner to be replaced under warranty at various client locations in Gujarat. The value of consignment declared in delivery challan accompanying the goods is ₹ 70,000. Sakthi Enterprises Ltd. claims that since movement of goods to Gujarat is caused due to reasons other than supply, E-Way bill is not mandatorily required to be generated in this case.

You are required to examine the technical veracity of the claim made by Sakthi Enterprises Ltd.

- Lovely & Lovely Ltd. has multiple wholesale outlets of cosmetic products in Chennai, Tamil Nadu. It receives an order for cosmetics worth ₹ 1,20,000 (inclusive of GST leviable @ 18%) from Reena, owner of a retail cosmetic store in Delhi. While checking the stock, it is found that order worth ₹ 55,000 can be fulfilled from the company's Mylapore (Chennai) store and remaining goods worth ₹ 65,000 can be sent from its Nungambakkam (Chennai) store. Both the stores are instructed to issue separate invoices for the goods sent to Reena. The goods are transported to Reena in Delhi, in a single conveyance owned by Priya Transporters. You are required to advise Lovely & Lovely Ltd. with regard to issuance of E-Way bill(s).

Answer:

- | | |
|----|--|
| 1. | <p>(a) Rule 138(1) of the CGST Rules, 2017 provides that E-Way Bill is mandatorily required to be generated if per consignment value exceeds ₹ 50,000. Further, explanation 2 to rule 138(1) stipulates that the consignment value of goods shall include CGST, SGST/UTGST, IGST and cess charged, if any and shall exclude the value of exempt supply of goods where the invoice is issued in respect of both exempt and taxable supply of goods. Accordingly, in the given case, the consignment value will be as follows:</p> $= ₹ 48,000 \times 118\% = ₹ 56,640.$ <p>Since the movement of goods is in relation to supply of goods and the consignment value exceeds ₹ 50,000, E-Way bill is mandatorily required to be issued in the given case.</p> <p>(b) Where the goods are transported by railways or by air or vessel, the E-Way bill shall be generated by the registered person, being the supplier or the recipient, who shall, either before or after the commencement of movement, furnish, on the common portal, the information in Part B [Rule 138(2A)]. Where the goods are handed over to a transporter for transportation by road, the registered person shall furnish the information relating to the transporter on the common portal and the E-Way bill shall be generated by the transporter on the said portal on the basis of the information furnished by the registered person in Part A [Rule 138(3)]. Where the consignor or the consignee has not generated the E-Way bill and the aggregate of the consignment value of goods carried in the conveyance is more than ₹ 50,000/, the transporter, except in case of transportation of goods by railways, air and vessel, shall, in respect of inter-State supply, generate the E-Way</p> |
|----|--|

| | |
|-----------|--|
| | bill on the basis of invoice or bill of supply or delivery challan, as the case may be, and may also generate a consolidated E-Way bill on the common portal prior to the movement of goods [Rule 138(7)]. |
| 2. | <p>The goods to be moved to another State for replacement under warranty is not a 'supply'. However, rule 138(1) of the CGST Rules, 2017, inter alia, stipulates that every registered person who causes movement of goods of consignment value exceeding ₹ 50,000:</p> <ol style="list-style-type: none"> in relation to a supply; or for reasons other than supply; or due to inward supply from an unregistered person, shall, generate an electronic way bill (E-Way Bill) before commencement of such movement. <p>CBIC clarified that even if the movement of goods is caused due to reasons others than supply [including replacement of goods under warranty], E-Way bill is required to be issued. Thus, in the given case, since the consignment value exceeds ₹ 50,000, E-Way bill is required to be mandatorily generated. Therefore, the claim of Sakthi Enterprises Ltd. that E-Way bill is not mandatorily required to be generated as the movement of goods is caused due to reasons other than supply, is not correct.</p> |
| 3. | <p>Lovely & Lovely Ltd. would be required to prepare two separate e- way bills since each invoice value exceeds ₹ 50,000 and each invoice is considered as one consignment for the purpose of generating e- way bills. The FAQs on E-Way Bill issued by CBIC clarify that if multiple invoices are issued by the supplier to one recipient, that is, for movement of goods of more than one invoice of same consignor and consignee, multiple E-Way bills have to be generated. In other words, for each invoice, one E-Way bill has to be generated, irrespective of the fact whether same or different consignors or consignees are involved. Multiple invoices cannot be clubbed to generate one E-Way bill. However, after generating all these E-Way bills, one consolidated E-Way bill can be prepared for transportation purpose, if goods are going in one vehicle.</p> |

Circumstance in which registered person can claim refund

The various circumstances in which refund will arise has been explained in section 54 of the CGST Act, 2017 read with Chapter X of CGST Rules, 2017. Under this module we are focusing our attention refunds relating to:

- (a) Inverted Duty structure
- (b) Zero Rated Supplies namely
 - a. Export of goods or services
 - b. Special Economic Zones (SEZ's)/Developer of SEZ units

Inverted Duty Structure

9.2

Inverted duty structure indicates a situation when the rate of tax on inward supply is higher than rate of tax on outward supply. Section 54 (3) (ii) of the CGST Act, 2017 read with Rule 89 (5) of the CGST Rules, 2017, inter alia, provides for a refund of accumulated input tax credit on account of the inverted duty structure.

As per Section 54(3) Subject to the provisions of sub-section (10), a registered person may claim refund of any unutilised input tax credit at the end of any tax period:

Provided that no refund of unutilised input tax credit shall be allowed in cases other than—

- (i) zero rated supplies made without payment of tax;
- (ii) where the credit has accumulated on account of rate of tax on inputs being higher than the rate of tax on output supplies (other than nil rated or fully exempt supplies), except supplies of goods or services or both as may be notified by the Government on the recommendations of the Council:

[Omitted w.e.f. 1-11-2024, F.A. 2024, dated 16-8-2024 - Provided further that no refund of unutilised input tax credit shall be allowed in cases where the goods exported out of India are subjected to export duty:]

Provided also that no refund of input tax credit shall be allowed, if the supplier of goods or services or both avails of drawback in respect of central tax or claims refund of the integrated tax paid on such supplies.

Formula for claiming refund under inverted duty structure:

CBIC vide Notification No. 14/2022-Central Tax, dated 05-07-2022 has made an amendment in the formula under Rule 89(5) of CGST Rules, 2017 which now reads as under

$$\text{Maximum Refund Amount} = \left[\left(\text{Turnover of inverted rated supply of goods and services} \right) \times \frac{\text{Net ITC}}{\text{Adjusted Total Turnover}} \right] - \left[\text{Tax payable on such inverted rated supply of goods and services} \times \left(\frac{\text{Net ITC}}{\text{ITC availed on inputs and input services}} \right) \right]$$

“Net ITC” shall mean input tax credit availed on inputs during the relevant period other than the input tax credit availed for which refund is claimed under sub-rules (4A) or (4B) or both; “Net ITC” covers the ITC availed on all inputs in the relevant period, irrespective of their rate of tax.

Adjusted Total turnover shall have the same meaning as assigned to it in sub-rule (4).”

- Refund of ITC under section 54(3)(ii) restricted to the extent of credit reflected in Form GSTR-2B.

- ITC on capital goods not qualify for refund u/s 54(3)(ii) of CGST Act, 2017.
- ITC on input services also not qualify for refund u/s 54(3)(ii) of CGST Act, 2017.
- Refund of accumulated ITC on account of reduction in GST rate on goods, not available.

Vide Notification No. 14/2022–Central Tax dated 05.07.2022, amendment has been made in sub-rule (5) of rule 89 of CGST Rules, 2017, modifying the formula prescribed therein. The said amendment is not clarificatory in nature and is applicable prospectively with effect from 05.07.2022 (vide CBIC Circular No. 181/13/2022 GST dt. 10th November 2022).

ITC of Input goods only allowed as refund prospectively based on new formulae

Example: M/s X Ltd., Turnover and ITC during January 2023 are as follows:

| | |
|---|-----------|
| Turnover of Inverted rated supply of goods and services (GST @5%) | ₹5,50,000 |
| Other turnover (GST 18%) | ₹ 50,000 |
| Total turnover. | ₹6,00,000 |

| | |
|----------------------------------|---------|
| ITC on input goods (GST @18%) | ₹50,000 |
| ITC on input services (GST @18%) | ₹15,000 |
| ITC on capital goods (GST @28%) | ₹25,000 |
| Total ITC | ₹90,000 |

Advise to M/s X Ltd., with regard to maximum amount of refund under Rule 89(5) of CGST Rules, 2017.

Answer: Maximum amount of refund under rule 89(5) of CGST Rules, 2017 is ₹24,680/-

$$\left[5,50,000 \times \frac{50,000}{6,00,000} \right] - \left[27,500 \times \frac{50,000}{65,000} \right] = ₹45,833 - ₹21,153 = ₹24,680$$

Input service should be not included for the purpose of refund as in respect of input goods are eligible for refund but input services are not bought under this bracket.

Conditions for being eligible for a refund in terms of the above provisions are that:

1. Rate of tax on input is higher than rate of tax on output supplies

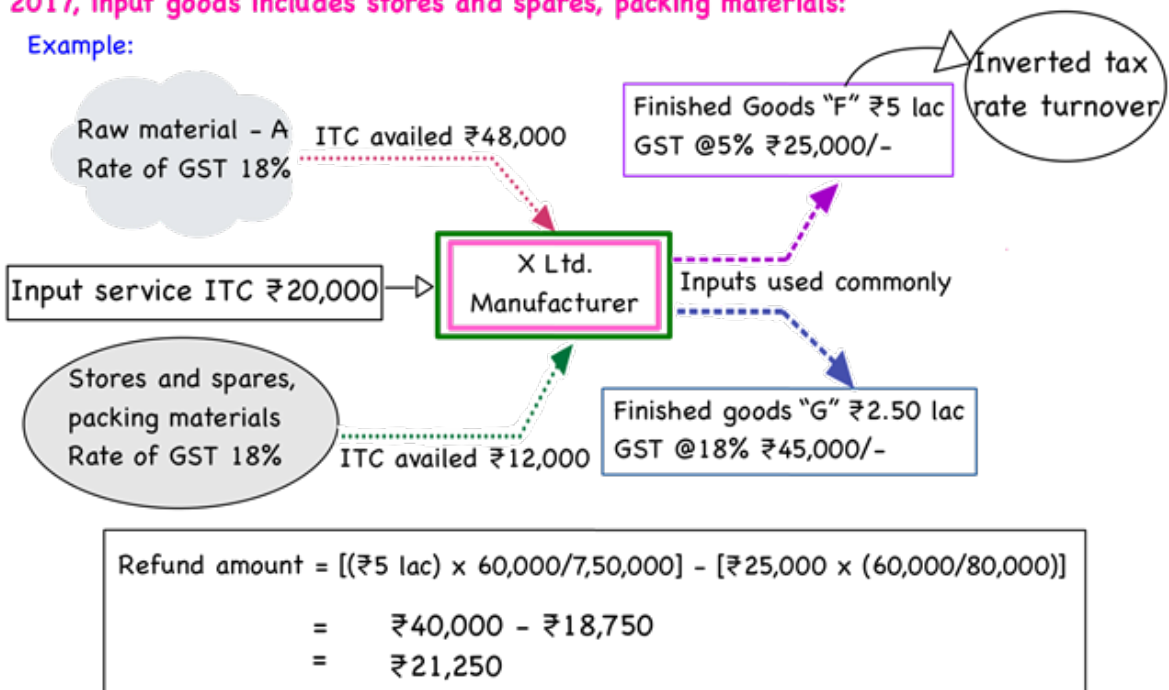

2. The output supplies are not exempt or nil rated supplies
3. Refund on such supplies is not specifically restricted by the Government
4. ITC on capital goods and input services do not qualify for refund
5. Refund of accumulated ITC on account of reduction in GST rate on goods not available
6. Refund of ITC restricted to the extent of credit reflected in Form GSTR-2B
7. Registered person claiming refund basically a manufacturer.

Example 2: An applicant trading in goods has purchased, say goods “X” attracting 18% GST. However, subsequently, the rate of GST on “X” has been reduced to, say 12%.

Now, it has been clarified that refund of accumulated input tax credit on account of inverted structure section 54(3)(ii) of the CGST Act, 2017 would be allowed in cases where accumulation of input tax credit is on account of rate of tax on outward supply being less than the rate of tax on inputs (same goods) at the same point of time, as per some concessional notification issued by the Government providing for lower rate of tax for some specified supplies subject to fulfilment of other conditions. [Circular No. 173/05/2022-GST, dated 6th July, 2022]

Inverted Rate of Tax as per Section 54(3)(ii) Rule 89(5) of CGST Rules, 2017, input goods includes stores and spares, packing materials:

Example:

Refund of ITC under section 54(3) restricted to the extent of credit reflected in Form GSTR-2B

[Circular No. 135/05/2020-GST, dated 31.03.2020]

In wake of insertion of sub-rule (4) to rule 36 of the CGST Rules, 2017, it has been decided that the refund of accumulated ITC shall be restricted to the ITC as per those invoices, the details of which are uploaded by the supplier in Form GSTR-1 and are reflected in the Form GSTR-2B of the applicant.

w.e.f. 20th October 2023, Amendment in Notification No. 5/2017- CT(R) dt. 28.06.2017 - Supplies of goods in respect of which no refund of unutilised input tax credit shall be allowed where rate of tax on input is higher than rate of tax on output supplies of such goods

A new entry has been inserted in Notification No. 5/2017- CT(R) dt. 28.06.2017 to provide that no refund of unutilised input tax credit under inverted duty structure shall be allowed in case of supply of imitation zari thread or yarn made out of Metallised polyester film /plastic film. An explanation has also been inserted providing that this shall apply for refund of input tax credit only on polyester film /plastic film (vide Notification No. 20/2023-CT ® dt. 19.10.2023)

w.e.f. 20th October 2023, No refund of unutilised ITC on account of inverted duty structure in terms of section 54(3) shall be allowed in case of supply of services of construction of a complex, building or a part thereof, intended for sale to a buyer, wholly or partly, where the amount charged from the recipient of service includes the value of land or undivided share of land, as the case may be, except where the entire consideration has been received after issuance of completion certificate, where required, by the competent authority or after its first occupation, whichever is earlier (vide Notification No 15/2023-CGST(R) dt 19.10.2023 & 18/2023-IGST(R) dt 19.10.2023).

Zero-Rated Supplies

9.3

Zero rated supply:

- a. Export of goods or services
- b. Special Economic Zones (SEZ's)/Developer of SEZ units

We already discussed zero rated supplies and supplies to SEZ units or developers under module 6. Further claiming of refund under Zero Rated Supplies are elaborated here under.

Refund on account of export of goods or services can be granted in the following two methods:

- (i) refund of un-utilised credit when exports of goods or services are made without payment of tax (Section 54(3) of the CGST Act, 2017).
- (ii) refund of taxes paid on output supply of goods or services (known as rebate).

As per Rule 89(4) of Chapter X of the CGST Rules, 2017 the quantum of input tax credit shall be determined as per the following formula:

$$\text{Refund amount} = \frac{\text{Turnover of zero-rated supply of goods + services}}{\text{Adjusted total turnover}} \times \text{Net ITC}$$

Where —

- (A) “Refund amount” means the maximum refund that is admissible;
- (B) “Net ITC” means input tax credit availed on inputs and input services during the relevant period [other than the input tax credit availed for which refund is claimed under sub-rules (4A) or (4B) or both, omitted vide Notification No. 20/2024 CT dated 8-10-2024, w.e.f. 8-10-2024];
- (C) “Turnover of zero-rated supply of goods” means the value of zero-rated supply of goods made during the relevant period without payment of tax under bond or LUT, [other than the turnover of supplies in respect of which refund is claimed under sub-rules (4A) or (4B) or both, omitted vide Notification No. 20/2024 CT dated 8-10-2024, w.e.f. 8-10-2024];
- (D) “Turnover of zero-rated supply of services” means the value of zero-rated supply of services made without payment of tax under bond or LUT, calculated in the following manner, namely:—

Zero-rated supply of services is the aggregate of the payments received during the relevant period for zero-rated supply of services and zero-rated supply of services where supply has been completed for which payment had been received in advance in any period prior to the relevant period reduced by advances received for zero-rated supply of services for which the supply of services has not been completed during the relevant period;

(E) “Adjusted total turnover” means the sum total of the value of –

- (a) the turnover in a State or a Union territory, as defined under section 2(112), excluding the turnover of services; and
- (b) the turnover of zero rated supply of services determined in terms of clause D above and non-zero rated supply of services, [w.e.f. 8-10-2024, excluding the value of exempt supplies other than zero-rated supplies during the relevant period, vide Notification No. 20/2024 CT dt. 8-10-2024].

[(a) the value of exempt supplies other than zero-rated supplies and

- (b) the turnover of supplies in respect of which refund is claimed under sub-rules (4A) or (4B) or both, if any, during the relevant period, omitted vide Notification No. 20/2024 CT dated 8-10-2024, w.e.f. 8-10-2024];

(F) “Relevant period” means the period for which the claim has been filed.

Circular No. 37/11/2018 GST dated 15.03.2018 has clarified that the relevant period has been defined in the context of the refund claim and is not linked to a tax period. The exporter, at his option, may file refund claim for one calendar month/quarter or by clubbing successive calendar months/quarters. The calendar month(s)/quarter(s) for which refund claim has been filed, however, cannot spread across different financial years. [Notification No. 75/2017-CT, dated 29.12.2017]

Sub-rules (4A) and (4B) of rule 89 shall be omitted w.e.f. 8-10-2024 (vide Notification No. 20/2024 CT dated 8-10-2024); A new sub-rule (4A) has been inserted in rule 89 of the CGST Rules retrospectively from 23.10.2017.

The new sub-rule (4A) lays down that in the case of supplies received on which the supplier has availed the benefit of Notification No. 48/2017-CT, dated 18.10.2017 (i.e., where supplier has claimed refund of tax paid on deemed exports), refund of input tax credit, availed in respect of other inputs or input services used in making zero-rated supply of goods or services or both, shall be granted.

A new sub-rule (4B) has been inserted in rule 89 of the CGST Rules retrospectively from 23.10.2017.

The new sub-rule (4B) lays down that in the case of supplies received on which the supplier has availed the benefit of Notification No. 40/2017-CT(R), dated 23.10.2017/Notification No. 41/2017-IT(R), dated 23.10.2017 [concessional rate of tax @ 0.1% (0.05% CGST + 0.05% SGST & 0.1% IGST) for supply of goods made to merchant exporters for export] or Notification No. 78/2017-Cus, dated 13.10.2017/ Notification No. 79/2017-Cus, dated 13.10.2017 [imports of goods by EOUs/ Advance Authorisation / EPCG schemes], or all of them, refund of input tax credit, availed in respect of inputs received under the said notifications for export of goods and the input tax credit availed in respect of other inputs or input services to the extent used in making such export of goods, shall be granted.

[Notification No. 3/2018-CT, dated 23.01.2018]

Definition of turnover of zero-rated supplies of goods amended [Rule 89(4)(C)]

[Notification No. 16/2020-CT, dated 23.03.2020] and [Circular No. 147/03/2021 GST dated 12.03.2021]

Lower of the two shall be taken:

- ⊙ Zero Rated Value of supply of goods as per GST Invoice
- or
- ⊙ 1.5 times the value of like goods domestically supplied by the same or, similarly placed supplier

Rule 89(4) of the CGST Rules provides the formula for determining the refund of ITC in the case of zero-rated supply of goods and/or services without payment of tax under bond/LUT in accordance with the provisions of section 16(3) of the IGST Act, 2017.

The formula is as follows:

$$\text{Refund Amount} = \frac{(\text{Turnover of zero-rated supply of goods} + \text{Turnover of zero-rated supply of services})}{\text{Adjusted Total Turnover}} \times \text{Net ITC}$$

W.e.f. 5th July, 2022, an explanation has been inserted in sub-rule (4), to clarify that while calculating refund of unutilised ITC in case of zero-rated supply without payment of tax, value of goods exported out of India shall be taken as:

(Vide Notification No. 14/2022-CT, dated 5th July, 2022)

- (i) the Free on Board (FOB) value declared in the Shipping Bill or Bill of Export form, as the case may be, as per the Shipping Bill and Bill of Export (Forms) Regulations, 2017; or
 - (ii) the value declare in tax invoice or bill of supply;
- whichever is less

The term ‘**Turnover of zero-rated supply of goods**’ used in the above formula had been redefined to restrict the same to 1.5 times the value of like goods domestically supplied by the same/similarly placed supplier/as declared by the supplier vide Notification No.16/2020-CT, dated 23.03.2020.

Turnover of zero-rated supply of goods means the value of zero-rated supply of goods made during the relevant period without payment of tax under bond or letter of undertaking or the value which is 1.5 times the value of like goods domestically supplied by the same or, similarly placed, supplier, as declared by the supplier, whichever is less, other than the turnover of supplies in respect of which refund is claimed under rule 89(4A) or 89(4B) or both.

The term “**Adjusted Total Turnover**” as defined under rule 89(4) includes “Turnover in a State or Union Territory”. As per section 2(112) of the CGST Act. “Turnover in a State or Union Territory” includes turnover/ value of export/ zero-rated supplies of goods. As seen above, the definition of ‘Turnover of zero-rated supply of goods’ has been amended In view of the above, it can be stated that the same value of zero-rated/ export supply of goods, as calculated as per amended definition of “turnover of zero-rated supply of goods”, needs to be taken into consideration while calculating “turnover in a State or a Union Territory”, and accordingly, in “adjusted total turnover” for the purpose of rule 89(4).

Thus, the restriction of 1.5 times of the value of like goods domestically supplied, as applied in “turnover of zero-rated supply of goods”, would also apply to the value of “adjusted total turnover” in rule 89(4) of the CGST Rules.

Accordingly, it is clarified that—

For the purpose of rule 89(4), the value of export/ zero-rated supply of goods to be included while calculating “adjusted total turnover” WILL BE SAME as being determined as per the amended definition of “Turnover of zero-rated supply of goods” in the said sub-rule.

The same can explained by the following illustrations where actual value per unit of goods exported is more than 1.5 times the value of same/ similar goods in domestic market, as declared by the supplier:

Adjusted Total Turnover means the sum total of the value of-

- (a) the turnover in a State or a Union territory, as defined under clause (112) of section 2, excluding the turnover

of services; and

- (b) the turnover of zero-rated supply of services determined in terms of clause (D) above and non-zero-rated supply of services,

excluding—

- (i) the value of exempt supplies other than zero-rated supplies; and
(ii) the turnover of supplies in respect of which refund is claimed under rule 89(4A) or 89(4B) or both, if any, during the relevant period.

Turnover in State or turnover in Union territory means the aggregate value of all taxable supplies (excluding the value of inward supplies on which tax is payable by a person on reverse charge basis) and exempt supplies made within a State or Union territory by a taxable person, exports of goods or services or both and inter-State supplies of goods or services or both made from the State or Union territory by the said taxable person but excludes central tax, State tax, Union territory tax, integrated tax and cess.

CBIC Circular No. 172/04/2022-GST, dated 6th July, 2022, The ITC of tax paid on deemed export supplies, allowed to the recipients for claiming refund of such tax paid, is not ITC in terms of the provisions of Chapter V of the CGST Act, 2017. Therefore, such ITC availed by the recipient of deemed export supply for claiming refund of tax paid on supplies regarded as deemed exports is not to be included in the “Net ITC” for computation of refund of unutilised ITC on account of zero-rated supplies under rule 89(4) or on account of inverted rated structure under rule 89(5) of the CGST Rules, 2017.

Example 3

| | GST Invoice value for export (₹) | Value of like goods supplied Domestically (₹) | 1.5 times the value of like goods supplied domestically (₹) | Value for purpose of refund claim (₹) | Adjusted total turnover for formulae (₹) |
|--------|----------------------------------|---|---|---------------------------------------|--|
| Case A | 1,00,000 | 90,000 | 1,35,000 | 1,00,000 | 1,90,000 |
| Case B | 2,00,000 | 60,000 | 90,000 | 90,000 | 1,50,000 |

Example 4

Win India Exports Pvt. Ltd., is supplier of taxable goods in both domestic market and overseas. During the relevant period of refund, the details of his inward supply and outward supply details are shown in the table below:

| Outward Supply | Value per unit (₹) | No. of units supplied | Turnover (₹) |
|----------------|--------------------|-----------------------|--------------|
| Local | 200 | 5 | 1,000 |
| Export | 350 | 5 | 1,750 |
| Total | | | 2750 |

Net admissible Input Tax Credit is ₹ 270

Find the refund amount as per rule 89(4) of the CGST Rules, 2017.

Solution:

$$\text{Refund amount} = ₹ 270 \times \frac{₹ 1,500}{₹ 2,500} = ₹ 162.$$

Turnover of Zero-rated supply of goods (as per amended definition) = ₹ 1,500

Actual export turnover = ₹ 1,750

Or

₹200 × 5 units × 1.5 times = ₹ 1,500

Whichever is Less

Adjusted Total Turnover = ₹ 2,500

(local is ₹ 1,000 + Export is ₹ 1,500)

Notification No. 54/2018-CT, dated 9-10-2018:

The person claiming refund of Integrated Tax (IGST) paid on exports of goods or services should not have received supplies namely

- ⊙ Supply of goods by a registered person against Advance Authorisation
(Except Supply of capital goods by a registered person against Export Promotion Capital Goods Authorisation)
- ⊙ Supply of goods by a registered person to Export Oriented Unit.

Determination of refundable amount in case of refund of unutilised ITC on account of

- (i) exports without payment of tax,
- (ii) supplies made to SEZ Unit/SEZ Developer without payment of tax or
- (iii) accumulation due to inverted tax structure, clarified

[Master Circular on Refunds – Circular No. 125/44/2019-GST, dated 18.11.2019]

In case of refund of unutilized input tax credit (ITC) on account of (i) exports without payment of tax, (i) supplies made to SEZ Unit/SEZ Developer without payment of tax or (iii) accumulation due to inverted tax structure, the common portal calculates the refundable amount as the least of the following amounts:

- (a) (The maximum refund amount as per the formula in rule 89(4) or rule 89(5) of the CGST Rules, 2017 [formula is applied on the consolidated amount of ITC, i.e. Central tax + State tax/Union Territory tax + Integrated tax];
- (b) The balance in the electronic credit ledger of the applicant at the end of the tax period for which the refund claim is being filed after the return in Form GSTR-3B for the said period has been filed; and
- (c) The balance in the electronic credit ledger of the applicant at the time of filing the refund application.

After calculating the least of the above 3 amounts, as detailed above, the equivalent amount is to be debited from the electronic credit ledger of the applicant in the following order:

- (a) Integrated tax, to the extent of balance available;
- (b) Central tax and State tax/Union Territory tax, equally to the extent of balance available and in the event of a shortfall in the balance available in a particular electronic credit ledger (say, Central tax), the differential amount is to be debited from the other electronic credit ledger (i.e., State tax/ Union Territory tax, in this case).

Export Procedure under Goods and Services Tax (GST):

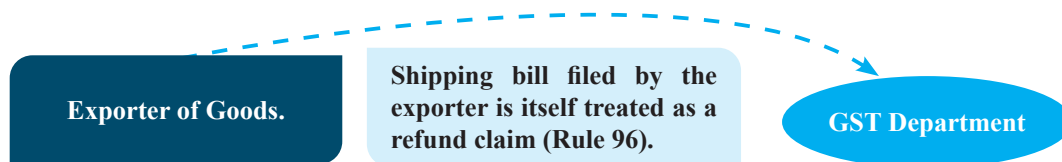

Case A: In general cases:

Case B: Refund in case of supplies to SEZ unit/developer:

Case C: Refund of IGST paid on goods exported out of India:

Case D: Refund of IGST paid on services exported:

Rule 89(2)(k) (w.e.f. 04-08-2023): a statement showing the details of the amount of claim on account of excess payment of tax [inserted w.e.f. 4th August 2023, and interest, if any, or any other amount paid.]

This amendment is made to align the existing provision of the rule with the existing provision of refund in section 54.

Refund of tax – Relevant Date

As per section 54(1) of the CGST Act, any person claiming refund of any tax and interest, if any paid on such tax or any other amount paid by him, may make an application before the expiry of 2 Years from the relevant date in such form and manner as may be prescribed.

Explanation (2), to section 54 of the CGST Act, 2017 “relevant date” means—

- (a) in the case of goods exported out of India where a refund of tax paid is available in respect of goods themselves or, as the case may be, the inputs or input services used in such goods,—

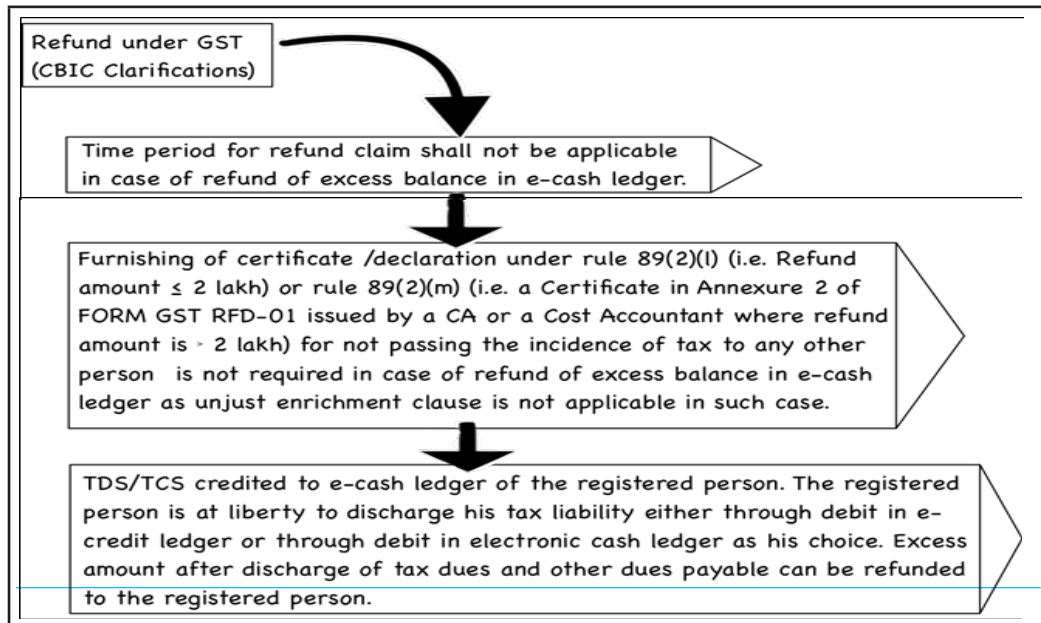

- (i) if the goods are exported by sea or air, the date on which the ship or the aircraft in which such goods are loaded, leaves India; or
- (ii) if the goods are exported by land, the date on which such goods pass the frontier; or
- (iii) if the goods are exported by post, the date of despatch of goods by the Post Office concerned to a place outside India;
- (b) in the case of supply of goods regarded as deemed exports where a refund of tax paid is available in respect of the goods, the date on which the return relating to such deemed exports is furnished;
- (c) in the case of services exported out of India where a refund of tax paid is available in respect of services themselves or, as the case may be, the inputs or input services used in such services, the date of—
 - (i) receipt of payment in convertible foreign exchange (w.e.f. 1-2-2019 or in Indian rupees, wherever permitted by the Reserve Bank of India), where the supply of services had been completed prior to the receipt of such payment; or
 - (ii) issue of invoice, where payment for the services had been received in advance prior to the date of issue of the invoice;
- (d) in case where the tax becomes refundable as a consequence of judgment, decree, order or direction of the Appellate Authority, Appellate Tribunal or any court, the date of communication of such judgment, decree, order or direction;
- (e) w.e.f. 1-2-2019 in the case of refund of unutilised input tax credit under clause (ii) of the first proviso to sub-section (3), the due date for furnishing of return under section 39 for the period in which such claim for refund arises;
- (f) in the case where tax is paid provisionally under this Act or the rules made thereunder, the date of adjustment of tax after the final assessment thereof;
- (g) in the case of a person, other than the supplier, the date of receipt of goods or services or both by such person; and
- (h) in any other case, the date of payment of tax.

In case of deficiency in refund application, limitation period of 2 years for making refund claim to exclude the time period from the date of filing of refund claim till the date of communication of the deficiencies (Notification No. 15/2021 CT dated 18.05.2021)

W.e.f. 01-10-2022, Relevant date prescribed for refund of supplies to SEZ without payment of tax:

Refund is allowed to be claimed only within 2 years from the relevant date. In case of refund of any unutilized ITC on account of supplies to SEZ unit/developer without payment of tax, no relevant date had been prescribed by the GST law. The said loophole is now plugged by providing relevant date for such supplies as the due date of furnishing GSTR-3B of the applicable month for which refund is claimed.

Clarification on certain refund related issues Circular No. 166/22/2021-GST, dated 17.11.2021

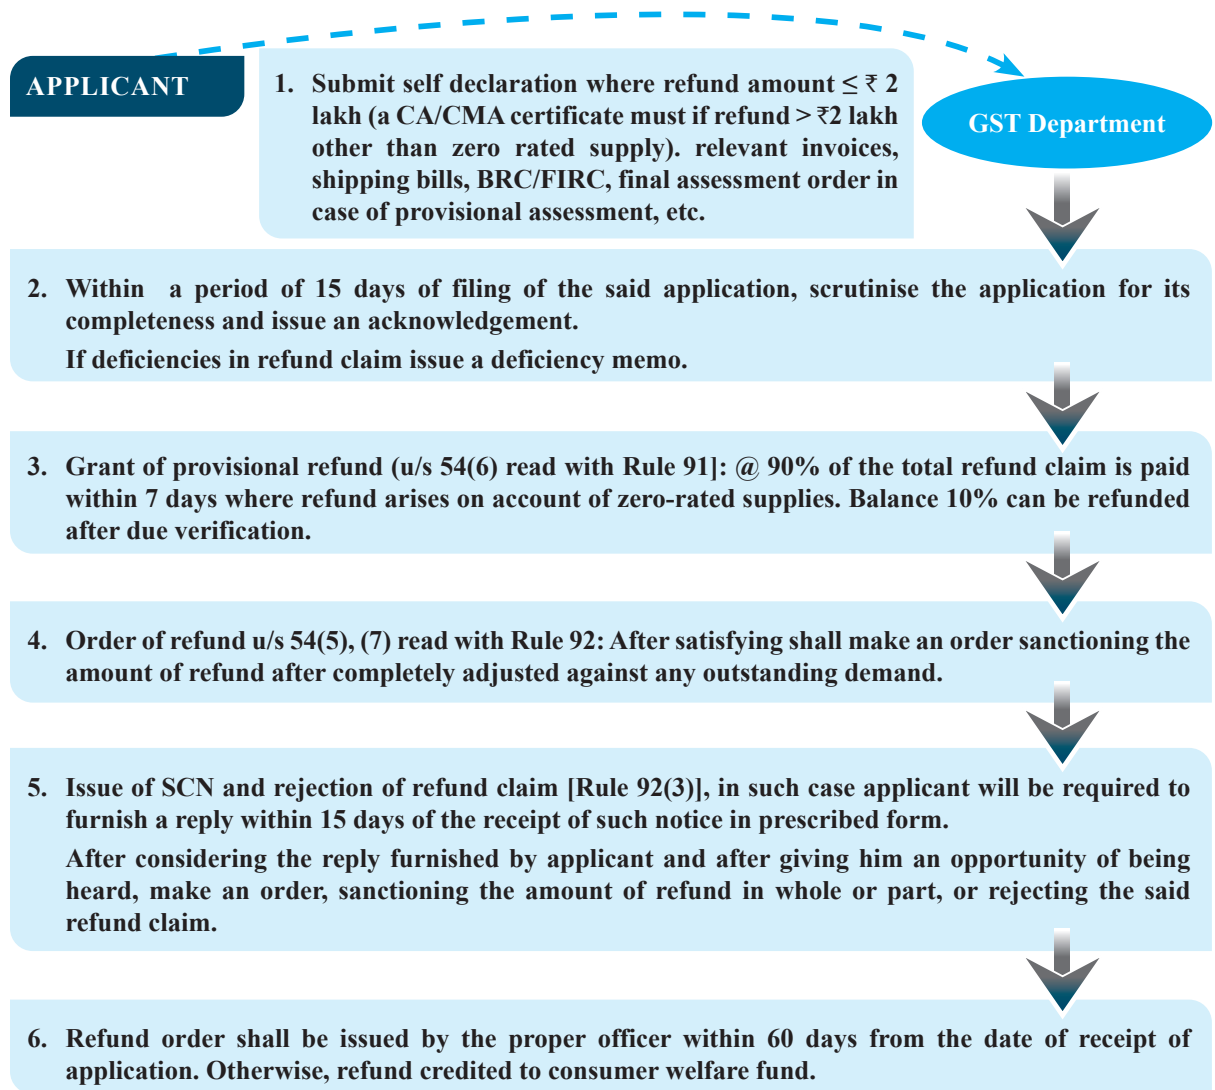

W.e.f 01-10-2022, Refund from electronic cash ledger not through GSTR-3B but through prescribed manner (Vide NT no. 18/2022-CT Dt28.09.2022 GST:

Proviso to section 54(1): Provided that a registered person, claiming refund of any balance in the electronic cash ledger in accordance with the provisions of sub-section (6) of section 49, may claim such refund in “such form and” manner as may be prescribed.

Refund of any balance in electronic cash ledger cannot be claimed in GSTR-3B. The said refund shall be claimed in such form and manner as would be prescribed. It should be noted that currently there is no mechanism to claim refund of electronic cash ledger via GSTR-3B, hence making it a redundant provision in the Act.

Submission of documentary evidence and procedure on receipt of refund claim:

Order for release of withheld refund to be issued where refund no longer liable to be withheld. Order for complete adjustment of demand for refund not required to be issued (Rule 92(1) and (2)):

Earlier, in case where refund is completely adjusted against any outstanding demand, an order giving details of the adjustment was issued (proviso to rule 92(1) of the CGST Rules). The said proviso has been omitted. Accordingly, no such order will now be issued.

Further, proviso to rule 92(2) has been inserted to provide that where the proper officer or the Commissioner is satisfied that the refund is no longer liable to be withheld, he may pass an order for release of withheld refund in prescribed form (Notification No. 15/2021 CT dated 18.5.2021).

Bunching of refund claims across financial years permitted [Circular No. 135/05/2020-GST, dated 31.03.2020]

It has been clarified that while filing the refund claim, an applicant may, at his option, file a refund claim for a tax period or by clubbing successive tax periods. Earlier, there was a restriction on bunching of refund claims across financial years; now the said restriction has also been relaxed.

For instance, a registered person opting to file Form GSTR-1 on quarterly basis can apply for refund on a quarterly basis or clubbing successive quarters and these quarters may spread across different financial years. Thus, he can file refund claim for quarters: Jan-Mar, Apr-Jun and July-Sep, while filing the refund claim.

Exporters can furnish bond or letter of undertaking instead of paying Integrated GST at the time of exporting goods and services with effect from July 1, 2017. In case the IGST has been paid, the exporters can seek refund of the tax paid.

IGST is levied on the supply of any goods and services in the course of inter-state trade or commerce. As per the IGST Act, export and import of goods and services are deemed to be a supply in the course of inter-state trade or commerce. Supplies of goods and services for exports have been categorised as ‘Zero Rated Supply’ implying that goods could be exported under bond or Letter of Undertaking without payment of integrated tax followed by claim of refund.

Under section 7(5) of IGST Act, 2017 supply will be treated, as inter-state supply when

- ⊙ the supplier is located in India; and
- ⊙ the place of supply is outside India; or
- ⊙ place of supply is SEZ unit.

Further, exports would be considered as **“Zero rated supply”** under section 16 of IGST Act.

Any person making zero rated supply (i.e. any exporter) shall be eligible to claim refund under either of the following options, namely:—

Options:

- (i) he may supply goods or services or both under bond or Letter of Undertaking (LUT), subject to such conditions, safeguards and procedure as may be prescribed, without payment of integrated tax and claim refund of unutilised input tax credit; or
- (ii) he may supply goods or services or both, subject to such conditions, safeguards and procedure as may be prescribed, on payment of integrated tax and claim refund of such tax paid on goods or services or both supplied, in accordance with the provisions of section 54 (Refunds) of the Central Goods and Services Tax Act or the rules made there under.

For the option (i), procedure to file refund has been outlined in the Refund Rules under GST. The exporter claiming refund of ITC will file an application electronically through the Common Portal, either directly or through a Facilitation Centre notified by the GST Commissioner. The application shall be accompanied by documentary evidences as prescribed in the said rules. Application for refund shall be filed only after the export manifest or an export report, as the case may be, is delivered under section 41 of the Customs Act, 1962 in respect of such goods.

For the option (ii), governing under rule 96 of the CGST Rules, 2017 the shipping bill filed by an exporter shall be deemed to be an application for refund of integrated tax paid on the goods exported out of India and such application shall be deemed to have been filed only when the person in charge of the conveyance carrying the export goods duly files an export manifest or an export report covering the number and the date of shipping bills or bills of export and the applicant has furnished a valid return (i.e. Form GSTR-3 or GSTR-3B).

For both option (i) and (ii) exporters have to provide details of GST invoice in the Shipping bill.

Procedure regarding refund of integrated tax paid on goods exported out of India is governed by rule 96 of the CGST Rules, 2017.

Amendments in rule 96 - Refund of integrated tax paid on goods or services exported out of India w.e.f. 01.07.2017 (vide NT No. 14/2022-CT, dated 5th July, 2022):

- (a) Reference of Form GSTR-3B has been removed from clause (b) of sub-rule (1). A proviso has been added in sub-rule (1) specifying that if there is any mismatch between the data furnished by the exporter of goods in shipping bill and those furnished in statement of outward supplies in FORM GSTR-1, such application for refund of integrated tax shall be deemed to have been filed on such date when the mismatch in respect of the said shipping bill is rectified by the exporter.
- (b) A new clause (c) has been inserted in sub-rule (4) to provide that the claim for refund shall be withheld where the Commissioner in the Board or an officer authorised by the Board, on the basis of data analysis and risk parameters, is of the opinion that verification of credentials of the exporter, including the availment of ITC by the exporter, is considered essential before grant of refund, in order to safeguard the interest of revenue.
- (c) New sub-rules (5A) and (5B) have been inserted specifying that where refund is withheld in accordance with the provisions of clause (a) or newly inserted clause (c) or clause (b) of sub-rule (4) proper officer passes an order for withholding of refund due to violation of Customs Act, 1962 under clause (b) of sub-rule (4), such claim shall be transmitted to the proper officer of Central tax, State tax or Union territory tax, as the case may be, electronically through the common portal in a system generated FORM GST RFD-01 and the intimation of such transmission shall also be sent to the exporter electronically through the common portal, and notwithstanding anything to the contrary contained in any other rule, the said system generated form shall be deemed to be the application for refund in such cases and shall be deemed to have been filed on the date of such transmission.

Another sub-rule (5C) has been inserted to provide that the application for refund in FORM GST RFD-01 transmitted electronically through the common portal in terms of sub-rules (5A) and (5B) shall be dealt in accordance with the provisions of rule 89.

- (d) Sub-rules (5), (6) and (7) have been omitted.

Rule 96 (w.e.f. 04-08-2023): The provisos to sub-rule (2) that provided for furnishing of details of export in Table 6A of Form GSTR-1 after the furnishing of the returns in Form GSTR 3B are omitted for being redundant after introduction of the system of sequential filing of Form GSTR 3B & Form GSTR 1.

Procedure regarding LUT & refund of IGST is governed by rule 96A of CGST Rules, 2017 (w.e.f. 01.07.2017).

Rule 96A of the CGST Rules provides for Refund of unutilized credit on inputs and input services on export of goods or services under bond or Letter of Undertaking as below:—

(1) Any registered person availing the option to supply goods or services for export without payment of integrated tax shall furnish, prior to export, a bond or a Letter of Undertaking in FORM GST RFD-11 to the jurisdictional Commissioner, binding himself to pay the tax due along with the interest specified under sub-section (1) of section 50 within a period of —

- (a) fifteen days after the expiry of three months from the date of issue of the invoice for export, if the **goods** are not exported out of India; or
- (b) fifteen days after the expiry of one year, or such further period as may be allowed by the Commissioner, from the date of issue of the invoice for export, if the payment of such **services** is not received by the exporter in convertible foreign exchange.

Section 16. Zero rated supply.-

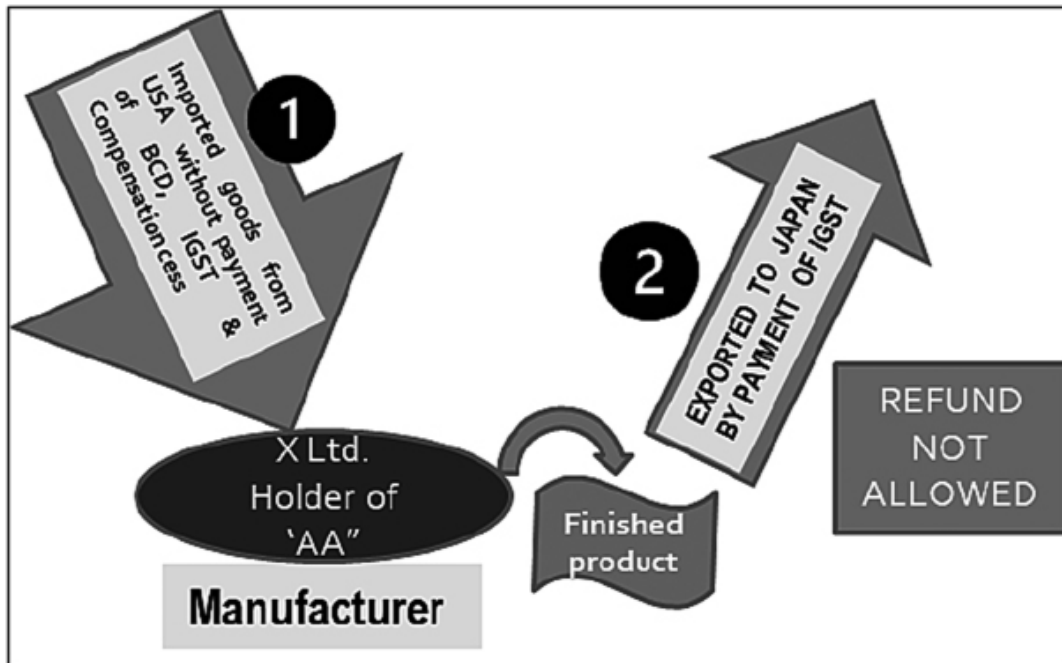

- (1) “zero rated supply” means any of the following supplies of goods or services or both, namely: -
- export of goods or services or both; or
 - supply of goods or services or both [for authorised operations] to a Special Economic Zone developer or a Special Economic Zone unit.
- (2) Subject to the provisions of sub-section (5) of section 17 of the Central Goods and Services Tax Act, credit of input tax may be availed for making zero-rated supplies, notwithstanding that such supply may be an exempt supply.
- [(3) A registered person making zero rated supply shall be eligible to claim refund of unutilised input tax credit on supply of goods or services or both, without payment of integrated tax, under bond or Letter of Undertaking, in accordance with the provisions of section 54 of the Central Goods and Services Tax Act or the rules made thereunder, subject to such conditions, safeguards and procedure as may be prescribed:
- Provided that the registered person making zero rated supply of goods shall, in case of non- realisation of sale proceeds, be liable to deposit the refund so received under this sub-section along with the applicable interest under section 50 of the Central Goods and Services Tax Act within thirty days after the expiry of the time limit prescribed under the Foreign Exchange Management Act, 1999 (42 of 1999.) for receipt of foreign exchange remittances, in such manner as may be prescribed.
- (4) The Government may, on the recommendation of the Council, and subject to such conditions, safeguards and procedures, by notification, specify-
- a class of persons who may make zero rated supply on payment of integrated tax and claim refund of the tax so paid [in accordance with the provisions of section 54 of the Central Goods and Services Tax Act or the rules made thereunder, (inserted w.e.f. 1-11-2024, F.A. 2024, dated 16-8-2024)];
 - a class of goods or services [or both, on zero rated supply of which, the supplier may pay integrated tax and claim the refund of tax so paid, in accordance with the provisions of section 54 of the Central Goods and Services Tax Act or the rules made thereunder (inserted w.e.f. 1-11-2024, F.A. 2024, dated 16-8-2024).]
- [(5) Notwithstanding anything contained in sub-sections (3) and (4), no refund of unutilised input tax credit on account of zero rated supply of goods or of integrated tax paid on account of zero rated supply of goods shall be allowed where such zero rated supply of goods are subjected to export duty (inserted w.e.f. 1-11-2024, F.A. 2024, dated 16-8-2024).]

w.e.f. 8-10-2024, rule 96, sub-rule (10) shall be omitted (vide NT No. 20/2024, dt. 8-10-2024)

Explanation to rule 96(10)(b) inserted [Notification No. 16/2020-CT, dated 23.03.2020]

Rule 96(10)(b) lays down an embargo on the refund claim by a person seeking refund of IGST paid on export of goods/services. The restriction is that such person should not have availed the benefit of exemption from IGST and Compensation Cess, for goods imported by EOU under Notification No. 78/2017-Cus., dated 13.10.2017 or for goods imported under Advance Authorisation (AA)/EPCG under Notification No. 79/2017-Cus., dated 13.10.2017.

An explanation has been inserted to this clause which clarifies that the benefit of the notifications mentioned therein shall not be considered to have been availed only where the registered person has paid IGST and Compensation Cess on inputs and has availed exemption of only Basic Customs Duty (BCD) under the said notifications.

Refund of IGST on exports when inputs were imported without payment of IGST/cess but paid later (vide CBIC Circular No. 233/27/2024-GST dated 10th September, 2024):

1. Background:

- Rule 96(10) of CGST Rules: Refund of IGST on exports is restricted if the exporter avails concessional/exemption benefits (e.g., Notifications 78/2017-Customs or 79/2017-Customs) on inputs without paying IGST and compensation cess.
- Clarification was sought on whether refund of IGST on exports can be regularized if IGST and cess on such inputs are paid later, with interest.

2. Clarification:

- As per Notification No. 16/2020-CT (with retrospective effect from 23.10.2017):
- If IGST and compensation cess on imported inputs are subsequently paid with interest and the Bill of Entry is reassessed by Customs, it will be considered that the exporter has not availed exemption under Rule 96(10).
- Refund of IGST on exports in such cases is not considered a contravention of Rule 96(10).

3. Conclusion:

- Exporters who initially imported inputs without paying IGST/cess but later paid IGST/cess with interest can claim IGST refund on exports, provided the Bill of Entry is reassessed by Customs.

vide Notification No. 16/2020-CT, dated 23.03.2020:—

Rule 96B. Recovery of refund of unutilised input tax credit or integrated tax paid on export of goods where export proceeds not realised.—

- (1) Where any refund of unutilised input tax credit on account of export of goods or of integrated tax paid on export of goods has been paid to an applicant but the sale proceeds in respect of such export goods have not been realised, in full or in part, in India within the period allowed under the Foreign Exchange Management Act, 1999 (42 of 1999), including any extension of such period, the person to whom the refund has been made shall deposit the amount so refunded, to the extent of non-realisation of sale proceeds, along with applicable interest within thirty days of the expiry of the said period or, as the case may be, the extended period, failing which the amount refunded shall be recovered in accordance with the provisions of section 73 or 74 of the Act, as the case may be, as is applicable for recovery of erroneous refund, along with interest under section 50:

Provided that where sale proceeds, or any part thereof, in respect of such export goods are not realised by the applicant within the period allowed under the Foreign Exchange Management Act, 1999 (42 of 1999), but the Reserve Bank of India writes off the requirement of realisation of sale proceeds on merits, the refund paid to the applicant shall not be recovered.

- (2) Where the sale proceeds are realised by the applicant, in full or part, after the amount of refund has been recovered from him under sub-rule (1) and the applicant produces evidence about such realisation within a period of **3 months** from the date of realisation of sale proceeds, the amount so recovered shall be refunded by the proper officer, to the applicant to the extent of realisation of sale proceeds, provided the sale proceeds have been realised within such extended period as permitted by the Reserve Bank of India.

Amendment in Circular No. 08/08/2017-GST, dated 04.10.2017, in view of the amendment carried out in section 2(6) of IGST Act

Circular No. 08/08/2017-GST, dated 04.10.2017 clarified issues related to furnishing of Bond/Letter of Undertaking for export. In view of the amendment carried out in section 2(6) of the IGST Act allowing realization of export proceeds in INR, wherever allowed by the RBI, the Circular No. 08/08/2017-GST, dated 04.10.2017 has been amended to clarify that **the acceptance of LUT for supplies of goods or services to countries outside India or SEZ developer or SEZ unit will be permissible irrespective of whether the payments are made in Indian currency or convertible foreign exchange as long as they are in accordance with the applicable RBI guidelines.**

[Circular No. 88/07/2019 GST dated 01.02.2019]

Explanation to section 2(16) of the IGST Act, 2017 defining “Governmental Authority” amended w.e.f. 1-2-2019

The amended definition reads as under:

“Governmental authority means an authority or a board or any other body,—

- (i) set up by an Act of Parliament or a State Legislature; or
- (ii) established by any Government,

with ninety per cent. or more participation by way of equity or control, to carry out any function entrusted to a **Panchayat under article 243G** or to a municipality under article 243W of the Constitution.”

Export of goods or services under bond or LUT [Rule 96A]

Clause (b) of rule 96A(1) provides that any registered person availing the option to supply services for export without payment of integrated tax shall furnish, prior to export, a bond or LUT, binding himself to pay tax due along with interest within period of 15 days after expiry of one year, or such further period as may be allowed by

the Commissioner, from the date of issue of invoice for exports, if the payment of such services is not received by the exporter in convertible foreign exchange.

With effect from 01.02.2019, in view of the amendment carried out in section 2(6) of IGST Act [Discussed in detail in Chapter 3: Charge of tax], the payment of such services can be received by the exporter in Indian rupees, wherever permitted by Reserve Bank of India.

Consequently, aforesaid rule has been amended to provide that any registered person availing the option to supply services for export without payment of integrated tax shall furnish, prior to export, a bond or LUT, binding himself to pay tax due along with interest within period of 15 days after expiry of 1 year, or such further period as may be allowed by the Commissioner, from the date of issue of invoice for exports, if the payment of such services is not received by the exporter in convertible foreign exchange or **in Indian rupees, wherever permitted by Reserve Bank of India.**

[Notification No. 03/2019-CT, dated 29.01.2019]

Commissioner empowered to extend the time period for payment of tax and interest under rule 96A(1) (a) of CGST Rules

Rule 96A(1)(a) of CGST Rules lays down that any registered person availing the option to supply goods or services for export without payment of integrated tax shall furnish, prior to export, a bond or a LUT to the jurisdictional Commissioner, binding himself to pay the tax due along with the interest specified under section 50(1) of CGST Act within a period of 15 days after the expiry of 3 months from the date of issue of the invoice for export, if the goods are not exported out of India.

The said rule has been amended to provide that the tax due along with the interest should be paid within a period of 15 days after the expiry of 3 months, or **such further period as may be allowed by the Commissioner, from the date of issue of the invoice for export**, if the goods are not exported out of India [Notification No. 47/2017-CT, dated 18.10.2017].

- (2) The details of the export invoices contained in FORM GSTR-1 furnished on the common portal shall be electronically transmitted to the system designated by Customs and a confirmation that the goods covered by the said invoices have been exported out of India shall be electronically transmitted to the common portal from the said system.
- (3) Where the goods are not exported within the time specified in sub-rule (1) and the registered person fails to pay the amount mentioned in the said sub-rule, the export as allowed under bond or Letter of Undertaking shall be withdrawn forthwith and the said amount shall be recovered from the registered person in accordance with the provisions of section 79.
- (4) The export as allowed under bond or Letter of Undertaking withdrawn in terms of sub-rule (3) shall be restored immediately when the registered person pays the amount due.
- (5) The Board, by way of notification, may specify the conditions and safeguards under which a Letter of Undertaking may be furnished in place of a bond.
- (6) The provisions of sub rule (1) shall apply, mutatis mutandis, in respect of zero-rated supply of goods or services or both to a Special Economic Zone developer or a Special Economic Zone unit without payment of integrated tax.”;

CBIC Circular No. 8/8/2017-GST, dated 4th October 2017:

1. Eligibility to export under LUT:

The facility of export under LUT has been now extended to all registered persons who intend to supply

goods or services for export without payment of integrated tax except those who have been prosecuted for any offence under the CGST Act or the Integrated Goods and Services Tax Act, 2017 or any of the existing laws and the amount of tax evaded in such cases exceeds ₹250 lakh (i.e. two hundred and fifty lakh rupees) vide Circular No. 8/8/2017-GST, dated 4th October, 2017.

2. Validity of LUT:

The LUT shall be valid for the whole financial year in which it is tendered. However, in case the goods are not exported within the time specified in sub-rule (1) of rule 96A of the CGST Rules and the registered person fails to pay the amount mentioned in the said sub-rule, the facility of export under LUT will be deemed to have been withdrawn. If the amount mentioned in the said sub-rule is paid subsequently, the facility of export under LUT shall be restored.

As a result, exports, during the period from when the facility to export under LUT is withdrawn till the time the same is restored, shall be either on payment of the applicable integrated tax or under bond with bank guarantee.

3. Form for bond/LUT:

Till the time FORM GST RFD-11 is available on the common portal, the registered person (exporters) may download the FORM GST RFD-11 from the website of the Central Board of Excise and Customs (www.cbic.gov.in) and furnish the duly filled form to the jurisdictional Deputy/Assistant Commissioner having jurisdiction over their principal place of business. The LUT shall be furnished on the letter head of the registered person, in duplicate, and it shall be executed by the working partner, the Managing Director or the Company Secretary or the proprietor or by a person duly authorised by such working partner or Board of Directors of such company or proprietor. The bond, wherever required, shall be furnished on non-judicial stamp paper of the value as applicable in the State in which the bond is being furnished.

4. Documents for LUT:

Self-declaration to the effect that the conditions of LUT have been fulfilled shall be accepted unless there is specific information otherwise. That is, self-declaration by the exporter to the effect that he has not been prosecuted should suffice for the purposes of Notification No. 37/2017-Central Tax, dated 4th October 2017. Verification, if any, may be done on post - facto basis.

5. Time for acceptance of LUT/Bond:

As LUT/Bond is a priori requirement for export, including exports to a SEZ developer or a SEZ unit, the LUT/bond should be processed on topmost priority. It is clarified that LUT/bond should be accepted within a period of three working days of its receipt along with the self - declaration as stated in para (4) above by the exporter. If the LUT/bond is not accepted within a period of three working days from the date of submission, it shall be deemed to be accepted.

6. Bank guarantee:

Since the facility of export under LUT has been extended to all registered persons, bond will be required to be furnished by those persons who have been prosecuted for cases involving an amount exceeding Rupees two hundred and fifty lakhs. A bond, in all cases, shall be accompanied by a bank guarantee of 15% of the bond amount.

7. Clarification regarding running bond:

The exporters shall furnish a running bond where the bond amount would cover the amount of self - assessed estimated tax liability on the export. The exporter shall ensure that the outstanding integrated tax liability on exports is within the bond amount. **In case the bond amount is insufficient to cover the said liability in yet to be completed exports, the exporter shall furnish a fresh bond to cover such liability.** The onus

of maintaining the debit/credit entries of integrated tax in the running bond will lie with the exporter. The record of such entries shall be furnished to the Central tax officer as and when required.

8. Sealing by officers:

Till mandatory self-sealing is operationalised, sealing of containers, wherever required to be carried out under the supervision of the officer, shall be done under the supervision of the central excise officer having jurisdiction over the place of business where the sealing is required to be done. A copy of the sealing report would be forwarded to the Deputy/Assistant Commissioner having jurisdiction over the principal place of business.

9. Purchases from manufacturer and Form CT-1:

It is clarified that there is no provision for issuance of CT-1 form which enables merchant exporters to purchase goods from a manufacturer without payment of tax under the GST regime. The transaction between a manufacturer and a merchant exporter is in the nature of supply and the same would be subject to GST.

10. Transactions with EOUs:

Zero rating is not applicable to supplies to EOUs and there is no special dispensation for them under GST regime. Therefore, supplies to EOUs are taxable like any other taxable supplies. EOUs, to the extent of exports, are eligible for zero rating like any other exporter.

11. Realization of export proceeds in Indian Rupee: Attention is invited to para A(v) Part-I of RBI

Master Circular No. 14/2015-16, dated 1st July, 2015 (updated as on 5th November, 2015), which states that “there is no restriction on invoicing of export contracts in Indian Rupees in terms of the Rules, Regulations, Notifications and Directions framed under the Foreign Exchange Management Act, 1999. Further, in terms of Para 2.52 of the Foreign Trade Policy (2015-2020), all export contracts and invoices shall be denominated either in freely convertible currency or Indian rupees, but export proceeds shall be realized in freely convertible currency. However, export proceeds against specific exports may also be realized in rupees, provided it is through a freely convertible Vostro account of a non-resident bank situated in any country other than a member country of Asian Clearing Union (ACU) or Nepal or Bhutan”.

Accordingly, it is clarified that the acceptance of LUT for supplies of goods to Nepal or Bhutan or SEZ developer or SEZ unit will be permissible irrespective of whether the payments are made in Indian currency or convertible foreign exchange as long as they are in accordance with the applicable RBI guidelines. It may also be noted that the supply of services to SEZ developer or SEZ unit under LUT will also be permissible on the same lines. The supply of services, however, to Nepal or Bhutan will be deemed to be export of services only if the payment for such services is received by the supplier in convertible foreign exchange.

12. Jurisdictional officer:

In exercise of the powers conferred by sub-section (3) of section 5 of the CGST Act, it is hereby stated that the LUT/Bond shall be accepted by the jurisdictional Deputy/Assistant Commissioner having jurisdiction over the principal place of business of the exporter. The exporter is at liberty to furnish the LUT/bond before either the Central Tax Authority or the State Tax Authority till the administrative mechanism for assigning of taxpayers to the respective authority is implemented.

Note: Circular No. 2/2/2017-GST, dated 5th July 2017, Circular No. 4/4/2017-GST, dated 7th July 2017 and Circular No. 5/5/2017-GST, dated 11th August 2017 are hereby rescinded except as respects things already done or omitted to be done.

Clarification on refund related issues (CBIC Circular No. 79/53/2018-GST, dated 31-12-2018):

1. Various representations have been received seeking clarification on various issues relating to refund. In order to clarify these issues and to ensure uniformity in the implementation of the provisions of law across field formations, the Board, in exercise of its powers conferred by section 168 (1) of the Central Goods and Services Tax Act, 2017 (hereinafter referred to as “CGST Act”), hereby clarifies the issues detailed hereunder:

Physical submission of refund claims with jurisdictional proper officer:

2. Due to the non-availability of the complete electronic refund module, a work around was prescribed vide Circular No. 17/17/2017-GST, dated 15.11.2017 and Circular No. 24/24/2017-GST, dated 21.12.2017, wherein a taxpayer was required to file Form GST RFD-01A on the common portal, generate the Application Reference Number (ARN), take print-outs of the same, and submit it physically in the office of the jurisdictional proper officer, along with all the supporting documents. It has been learnt that this requirement of physical submission of documents in the jurisdictional tax office is causing undue hardship to the taxpayers. Therefore, in order to further simplify the refund process, the following instructions, in partial modification of the aforesaid circulars, are issued:
 - (a) All documents/undertaking/statements to be submitted along with the claim for refund in FORM GST RFD-01A shall be uploaded on the common portal at the time of filing of the refund application. Circular No. 59/33/2018-GST, dated 04.09.2018 specified that instead of providing copies of all invoices, a statement of invoices needs to be submitted in a prescribed format and copies of only those invoices need to be submitted the details of which are not found in FORM GSTR-2A for the relevant period. It is now clarified that the said statement and these invoices, instead of being submitted physically, shall be electronically uploaded on the common portal at the time of filing the claim of refund in FORM GST RFD-01A. Neither the application in FORM GST RFD-01A, nor any of the supporting documents, shall be required to be submitted physically in the office of the jurisdictional proper officer.
 - (b) However, the taxpayer will still have the option to physically submit the refund application to the jurisdictional proper officer in FORM GST RFD-01A, along with supporting documents, if he so chooses. A taxpayer who still remains unallocated to the Central or State Tax Authority will necessarily have to submit the refund application physically. They can choose to do so before the jurisdictional proper officer of either the State or the Central tax authority, as was earlier clarified vide Circular No. 17/17/2017-GST, dated 15.11.2017.
 - (c) The ARN will be generated only after the claimant has completed the process of filing the refund application in FORM GST RFD-01A and has completed uploading of all the supporting documents/undertaking/statements/invoices and, where required, the amount has been debited from the electronic credit/cash ledger.
 - (d) As soon as the ARN is generated, the refund application along with all the supporting documents shall be transferred electronically to the jurisdictional proper officer who shall be able to view it on the system. The application shall be deemed to have been filed under rule 90(2) of the Central Goods and Services Tax Rules, 2017 (hereinafter referred to as “CGST Rules”) on the date of generation of the said ARN and the time limit of 15 days to issue an acknowledgement shall be counted from that date. This will obviate the need for a claimant to visit the jurisdictional tax office for the submission of the refund application. Accordingly, the acknowledgement for the complete application or deficiency memo, as the case may be, would be issued by the jurisdictional tax officer based on the documents so received electronically from the common portal. However, the said acknowledgement or deficiency memo shall continue to be issued manually for the time being.
 - (e) If a refund application is electronically transferred to the wrong jurisdictional officer, he/she shall reassign it to the correct jurisdictional officer electronically within a period of three days. In such cases, the application shall be deemed to have been filed under rule 90(2) of the CGST Rules only after it has

been so reassigned. Deficiency memos shall not be issued in such cases merely on the ground that the applications were received electronically in the wrong jurisdiction. Where the facility of electronic re-assignment is not available, the present arrangement shall continue.

- (f) It has already been clarified vide Circular No. 70/44/2018-GST, dated 26.10.2018 that after the issuance of a deficiency memo, taxpayers would be required to submit the rectified refund application under the earlier Application Reference Number (ARN) only. It is further clarified that the rectified application, which is to be treated as a fresh refund application, will be submitted manually in the office of the jurisdictional proper officer.
3. It may be noted that the documents/statements/undertakings/invoices to be submitted along with the refund application in FORM GST RFD-01A are the same as have been prescribed under the CGST Rules and various Circulars issued on the subject from time to time. Only the method of submission of these documents/statements/undertakings/invoices is being changed from the physical mode to the electronic mode. It may also be noted that the other stages of processing of a refund claim submitted in FORM GST RFD-01A by the jurisdictional tax officer shall continue to be carried out manually for the time being, as is being presently done.

Calculation of refund amount for claims of refund of accumulated Input Tax Credit (ITC) on account of inverted duty structure:

4. Already discussed under inverted duty structure topic.

As per CBIC Circular No. 197/09/2023-GST, dated 17th July, 2023:

1. Refund of accumulated ITC on the basis of that available as per FORM GSTR 2B:

- With effect from 01.01.2022, the restriction on availability of refund of accumulated input tax credit for a tax period on the basis of the credit available as per FORM GSTR-2B for the said tax period or for any of the previous tax periods, shall be applicable for the refund claims for the tax period of January 2022 onwards.
- In cases where refund claims for a tax period from January 2022 onwards have already been disposed of, in accordance with the extant guidelines in force, the same may not be reopened.

2. Requirement of the undertaking in FORM RFD 01 inserted vide Circular No. 125/44/2019-GST, dated 18.11.2019:

Para 7 of Circular No. 125/44/2019-GST, dated 18.11.2019 provides for an undertaking to be provided by the applicant electronically along with the refund claim in FORM RFD-01 in accordance with the Rule 89(1) of CGST Rules. Para 7 of Circular No. 125/44/2019-GST, dated 18.11.2019 is reproduced below:

“7. Since the functionality of furnishing of FORM GSTR-2 and FORM GSTR-3 remains unimplemented, it has been decided by the GST Council to sanction refund of provisionally accepted input tax credit. However, the applicants applying for refund must give an undertaking to the effect that the amount of refund sanctioned would be paid back to the Government with interest in case it is found subsequently that the requirements of clause (c) of sub-section (2) of section 16 read with sub-section (2) of section 42 of the CGST Act have not been complied with in respect of the amount refunded. This undertaking should be submitted electronically along with the refund claim.”

3. Clarification in respect of admissibility of refund where an exporter applies for refund subsequent to compliance of the provisions of sub-rule (1) of rule 96A:
 - Context of the circular simplified:
 - Exporters may voluntarily pay Integrated Tax (IGST) and applicable interest when:

- Goods are not exported within the time prescribed in Rule 96A(1)(a).
- Payment for export of services is not received within the time prescribed in Rule 96A(1)(b).
- Key Provisions under Rule 96A(1):
- For export of goods: Tax must be paid within 15 days after 3 months (or an extended period) from the date of invoice, if goods are not exported.
- For export of services: Tax must be paid within 15 days after 1 year (or an extended period) from the date of invoice, if payment is not received.

Notification No. 12/2024, w.e.f. 10-7-2024, for export of services: tax must be paid within 15 days after the expiry of one year, or the period as allowed under the Foreign Exchange Management Act, 1999 (42 of 1999) including any extension of such period as permitted by the Reserve Bank of India, whichever is later, from the date of issue of the invoice for export, or such further period as may be allowed by the Commissioner, if the payment of such services is not received by the exporter in convertible foreign exchange or in Indian rupees, wherever permitted by the Reserve Bank of India.

this timeline applies only for export of services:

- Amendment to rule 96A(1)(b) of the CGST Rules to include the period as allowed under the Foreign Exchange Management Act, 1999 (FEMA) including any extension of such period as permitted by the Reserve Bank of India (RBI) for the determination of receipt of consideration in case of exports made under a bond or letter of undertaking (LUT).
- **Clarifications:**
 1. **Zero-Rated Supplies:**
 - Exports are zero-rated under the IGST Act.
 - Benefit of zero-rating cannot be denied if:
 - Goods are exported after the prescribed time.
 - Payment for export of services is realized beyond the prescribed time.
 2. **Refunds:**
 - Exporters are eligible for:
 - Refund of unutilized Input Tax Credit (ITC) under Section 54(3) of the CGST Act.
 - Refund of IGST paid earlier due to non-export or non-realization of payment, once:
 - Goods are actually exported.
 - Payment for export services is realized.
 - Interest paid under Rule 96A(1) is not refundable.
 3. **Filing Refund Applications:**
 - Refunds can be filed under the category “Excess payment of tax”.
 - If this category is unavailable on the portal:
 - Use the category “Any Other” to file for refund of IGST paid.

Key Reference:

- Circular No. 125/44/2019-GST (dated 18.11.2019):
- Time extensions may be granted by the jurisdictional Commissioner.

- Substantive benefits of zero-rating cannot be denied if exports/payments are completed as per provisions.

Here's an example to explain the provisions and amendments under Rule 96A(1) concerning the refund of tax for exporters:

Scenario: Exporter Defaults but Later Complies

Context:

ABC Exports, an exporter of services, applies for a refund of unutilized Input Tax Credit (ITC) after initially failing to meet the timeline under Rule 96A(1)(b).

1. Export Details:

- Date of Invoice: 1 April 2023.
- Export under LUT/Bond: Services exported without payment of IGST.
- Consideration Received: Payment for the exported services in convertible foreign exchange.

2. Rule 96A(1)(b) Timeline for Receipt of Payment:

- Original Deadline: 31 March 2024 (one year from invoice date).
- Extension Granted by RBI under FEMA: Additional 6 months, making the deadline 30 September 2024.

Non-Compliance:

- By 15 October 2024 (15 days after the extended timeline expired), ABC Exports has not received payment.
- To comply with Rule 96A(1)(b), ABC Exports:
- Voluntarily Pays IGST on the export value along with applicable interest for the delay.

Subsequent Compliance:

- On 15 November 2024, payment is received in convertible foreign exchange within the further time allowed under FEMA and RBI guidelines.
- ABC Exports applies for a refund of IGST and interest paid under the updated provisions.

Steps for Refund Claim

1. Filing Refund Application:

- Application filed in FORM GST RFD-01 under the appropriate category.
- ABC Exports includes:
- Proof of payment of IGST and interest (challans).
- Proof of receipt of export proceeds (bank realization certificate).
- Copy of the LUT/Bond under which export was made.

2. Amendment Impact:

- The refund is admissible because the payment was received within the RBI-allowed extended period under FEMA, even though it was beyond the original one-year limit.
- Amendment to Rule 96A(1)(b) ensures compliance with FEMA/RBI timelines overrides the strict one-year timeline.

3. Processing by Proper Officer:

- Officer validates:
- Export details in GSTR-1.
- Receipt of convertible foreign exchange within the extended time frame.
- IGST and interest payment records.
- Refund is sanctioned in FORM GST RFD-06 after verification.

Disbursal of refund amounts after sanction:

5. Section 56 of the CGST Act clearly states that if any tax ordered to be refunded is not refunded within 60 days of the date of receipt of application, interest at the rate of 6 per cent (notified vide notification No. 13/2017-Central Tax, dated 28.06.2017) on the refund amount starting from the date immediately after the expiry of sixty days from the date of receipt of application (ARN) till the date of refund of such tax shall have to be paid to the claimant. It may be noted that any tax shall be considered to have been refunded only when the amount has been credited to the bank account of the claimant. Therefore, interest will be calculated starting from the date immediately after the expiry of sixty days from the date of receipt of the application till the date on which the amount is credited to the bank account of the claimant. Accordingly, all tax authorities are advised to issue the final sanction orders in FORM GST RFD-06 within 45 days of the date of generation of ARN, so that the disbursement is completed within 60 days by both Central and State Tax Authorities for CGST/IGST/UTGST/Compensation Cess and SGST respectively.

Refund applications that have been generated on the portal but not physically received in the jurisdictional tax offices:

6. There are a large number of applications for refund in FORM GST RFD-01A which have been generated on the common portal but have not yet been physically received in the jurisdictional tax offices. With the implementation of electronic submission of refund application, as detailed in para 2 above, this problem is expected to reduce. However, for the applications (except those relating to refund of excess balance in the electronic cash ledger) which have been generated on the common portal before the issuance of this Circular and which have not yet been physically received in the jurisdictional offices (list of all applications pertaining to a particular jurisdictional office which have been generated on the common portal, if not already available, may be obtained from DG-Systems), the following guidelines are laid down:
 - (a) All refund applications in which the amount claimed is less than the statutory limit of ₹1,000/- should be rejected and the amount re-credited to the electronic credit ledger of the applicant through the issuance of FORM GST RFD-01B.
 - (b) For all applications wherein an amount greater than ₹1,000/- has been claimed, a list of applications which have not been received in the jurisdictional tax office within a period of 60 days starting from the date of generation of ARN may be compiled. A communication may be sent to all such claimants on their registered email ids, informing that the application needs to be physical submitted to the jurisdictional tax office within 15 days of the date of the email. The contact details and the address of the jurisdictional officer may also be provided in the said communication. The claimant may be further informed that if he/she fails to physically submit the application within 15 days of the date of the email, the application shall be summarily rejected and the debited amount, if any, shall be re-credited to the electronic credit ledger.

Facility of withdrawal of refund application by taxpayer introduced rule 90(5) and (6):

Earlier the taxpayer had no option to withdraw their refund applications, if they has committed any mistakes,

while filing the application. A functionality has now been implemented for the taxpayer by inserted subrule (5) and (6) to rule 90 of CGST Rules, 2017.

The applicant may, at any time before issuance of provisional refund sanction order or final refund sanction order or payment order or refund withhold order or show cause notice, in respect of any refund application filed, withdraw the said application for refund by filing an application in the prescribed form.

On submission of such withdrawal application, any amount debited by the applicant from electronic credit ledger or electronic cash ledger, as the case may be, while filing refund application, shall be credited back to the ledger from which such debit was made (Notification No. 15/2021) CT dated 18/05/2021)

7. For the applications generated on the common portal before the issuance of this Circular in relation to refund of excess balance from the electronic cash ledger which have not yet been received in the jurisdictional office, the amount debited in the electronic cash ledger in such applications may be re-credited through FORM GST RFD-01B provided that there are no liabilities in the electronic liability register. The said amount shall be re-credited even though the return in FORM GSTR-3B, as the case may be for the relevant period has not been filed.
8. For the refund applications generated on the common portal after the issuance of this Circular, and for the refund applications generated on the common portal before the issuance of this Circular and which have been physically received in the jurisdictional tax offices before the issuance of this Circular, the existing guidelines, as modified by this Circular may be followed.

Issues related to refund of accumulated Input Tax Credit of Compensation Cess:

9. Several representations have been received requesting clarifications on certain issues related to refund of accumulated input tax credit of compensation cess on account of zero rated supplies made under Bond/Letter of Undertaking. These issues have been examined and are clarified as below:
 - (a) Issue: A registered person uses inputs on which compensation cess is leviable (E.g. coal) to export goods on which there is no levy of compensation cess (E.g. aluminium). For the period July 2017 to May 2018, no ITC is availed of the compensation cess paid on the inputs received during this period. ITC is only availed of the CGST, SGST/UTGST or IGST charged on the invoices for these inputs. This ITC is utilized for payment of IGST on export of goods. Vide Circular No. 45/19/2018-GST, dated 30.05.2018, it was clarified that refund of accumulated ITC of compensation cess on account of zero-rated supplies made under Bond/Letter of Undertaking is available even if the exported product is not subject to levy of cess. After the issuance of this Circular, the registered person decides to start exporting under bond/LUT without payment of tax. He also decides to avail (through the return in FORM GSTR-3B) the ITC of compensation cess, paid on the inputs used in the months of July 2017 to May 2018, in the month of July 2018. The registered person then goes on to file a refund claim for ITC accumulated on account of exports for the month of July 2018 and includes the said accumulated ITC for the month of July 2018. How should the amount of compensation cess to be refunded be calculated? Clarification: In the instant case, refund on account of compensation cess is to be recomputed as if the same was available in the respective months in which the refund of unutilized credit of CGST/SGST/UTGST/IGST was claimed on account of exports made under LUT/Bond. If the aggregate of these recomputed amounts of refund of compensation cess is less than or equal to the eligible refund of compensation cess calculated in respect of the month in which the same has actually been claimed, then the aggregate of the recomputed refund of compensation cess of the respective months would be admissible. Further, the recomputed amount of eligible refund (of compensation cess) in respect of past periods, as aforesaid, would not be admissible in respect of consignments exported on payment of IGST. This process would be applicable for application for refund of compensation cess (not claimed earlier) in respect of the past period.

- (b) Issue: A registered person uses coal for the captive generation of electricity which is further used for the manufacture of goods (say aluminium) which are exported under Bond/Letter of Undertaking without payment of duty. Refund claim is filed for accumulated Input Tax Credit of compensation cess paid on coal. Can the said refund claim be rejected on the ground that coal is used for the generation of electricity which is an intermediate product and not the final product which is exported and since electricity is exempt from GST, the ITC of the tax paid on coal for generation of electricity is not available? Clarification: There is no distinction between intermediate goods or services and final goods or services under GST. Inputs have been clearly defined to include any goods other than capital goods used or intended to be used by a supplier in the course or furtherance of business. Since coal is an input used in the production of aluminium, albeit indirectly through the captive generation of electricity, which is directly connected with the business of the registered person, input tax credit in relation to the same cannot be denied.
- (c) Issue: A registered person avails ITC of compensation cess (say, of ₹100/-) paid on purchases of coal every month. At the same time, he reverses a certain proportion (say, half i.e. ₹50/-) of the ITC of compensation cess so availed on purchases of coal which are used in making zero rated outward supplies. Both these details are entered in the FORM GSTR-3B filed for the month as a result of which an amount of ₹50/- only is credited in the electronic credit ledger. The reversed amount (₹50/-) is then shown as a 'cost' in the books of accounts of the registered person. However, the registered person declares ₹100/- as 'Net ITC' and uses the same in calculating the maximum refund amount which works out to be ₹50/- (assuming that export turnover is half of total turnover). Since both the balance in the electronic credit ledger at the end of the tax period for which the claim of refund is being filed and the balance in the electronic credit ledger at the time of filing the refund claim is ₹50/- (assuming that no other debits/credits have happened), the system will proceed to debit ₹50/- from the ledger as the claimed refund amount. The question is whether the proper officer should sanction ₹50/- as the refund amount or ₹25/- (i.e. half of the ITC availed after adjusting for reversals)?

Clarification: ITC which is reversed cannot be held to have been 'availed' in the relevant period. Therefore, the same cannot be part of refund of unutilized ITC on account of zero-rated supplies. Moreover, the reversed ITC has been accounted as a cost which would have reduced the income tax liability of the claimant. Therefore, the same amount cannot, at the same time, be refunded to him/her in the ratio of export turnover to total turnover. However, if the said reversed amount is again availed in a later tax period, subject to the restriction under section 16(4) of the CGST Act, it can be refunded in the ratio of export turnover to total turnover in that tax period in the same manner as detailed in para 9(a) above. This is subject to the restriction that the accounting entry showing the said ITC as cost is also reversed.

Misinterpretation of the meaning of the term "inputs":

12. It has been represented that on certain occasions, departmental officers do not consider ITC on stores and spares, packing materials, materials purchased for machinery repairs, printing and stationery items, as part of Net ITC on the grounds that these are not directly consumed in the manufacturing process and therefore, do not qualify as input. There are also instances where stores and spares charged to revenue are considered as capital goods and therefore the ITC availed on them is not included in Net ITC, even though the value of these goods has not been capitalized in his books of account by the claimant.
13. In relation to the above, it is clarified that the input tax credit of the GST paid on inputs shall be available to a registered person as long as he/she uses or intends to use such inputs for the purposes of his/her business and there is no specific restriction on the availment of such ITC anywhere else in the GST Act. The GST paid on inward supplies of stores and spares, packing materials etc. shall be available as ITC as long as these inputs are used for the purpose of the business and/or for effecting taxable supplies, including zero-rated supplies, and the ITC for such inputs is not restricted under section 17(5) of the CGST Act. Further, capital goods have been clearly defined in section 2(19) of the CGST Act as goods whose value has been capitalized in the

books of account and which are used or intended to be used in the course or furtherance of business. Stores and spares, the expenditure on which has been charged as a revenue expense in the books of account, cannot be held to be capital goods.

Refund of accumulated ITC of input services and capital goods arising on account of inverted duty structure:

14. Section 54(3) of the CGST Act provides that refund of any unutilized ITC may be claimed where the credit has accumulated on account of rate of tax on inputs being higher than the rate of tax on output supplies (other than nil rated or fully exempt supplies). Further, section 2(59) of the CGST Act defines inputs as any goods other than capital goods used or intended to be used by a supplier in the course or furtherance of business. Thus, inputs do not include services or capital goods. Therefore, clearly, the intent of the law is not to allow refund of tax paid on input services or capital goods as part of refund of unutilized input tax credit. Accordingly, in order to align the CGST Rules with the CGST Act, notification No. 26/2018-Central Tax, dated 13.06.2018 was issued wherein it was stated that the term Net ITC, as used in the formula for calculating the maximum refund amount under rule 89(5) of the CGST Rules, shall mean input tax credit availed on inputs during the relevant period other [than the input tax credit availed for which refund is claimed under sub-rules (4A) or (4B) or both, omitted w.e.f 8-10-2024, NT 20/2024, dt. 8-10-2024].

In view of the above, it is clarified that both the law and the related rules clearly prevent the refund of tax paid on input services and capital goods as part of refund of input tax credit accumulated on account of inverted duty structure.

15. All previous Circulars/Instructions issued on the subject stand modified accordingly.

Proper officer to issue payment order instead of payment advice for refunds

To give effect to this amendment, with effect from 24.09.2019, rule 91(3), rule 92(4), rule 92(5), rule 94 of the CGST Rules have been suitably amended and rule 91(4) and rule 92(4A) have been newly inserted.

- ⦿ Refund of 90% will be granted provisionally within seven days of acknowledgement of refund application.
- ⦿ Remaining 10% will be paid within a maximum period of 60 days from the date of receipt of application complete in all respects.

M/s X Ltd. manufacture of exempted excisable goods for export. Company availed input stage rebate (ITC on inputs) used in the manufacture of exported goods. Whether the company is eligible for refund of ITC on inputs?

Solution:

Under IGST law a person engaged in export of goods which is an exempt supply is eligible to avail input stage credit for zero rated supplies. Once goods are exported, refund of unutilized credit can be availed under Section 16(3)(a) of IGST Act, 2017 and Section 54 of the CGST Act, 2017 and the rules made there under.

Illustration 4

What do you mean refund under section 54 of CGST Act, 2017?

Solution:

As per explanation to section 54 of the CGST Act 2017 refund includes refund of tax paid on zero-rated supplies of goods or services or both; OR

on inputs or input services used in making such zero-rated supplies, or refund of tax on the supply of goods regarded as deemed exports, or refund of unutilized input tax credit as provided under section 54(3) of the CGST Act, 2017.

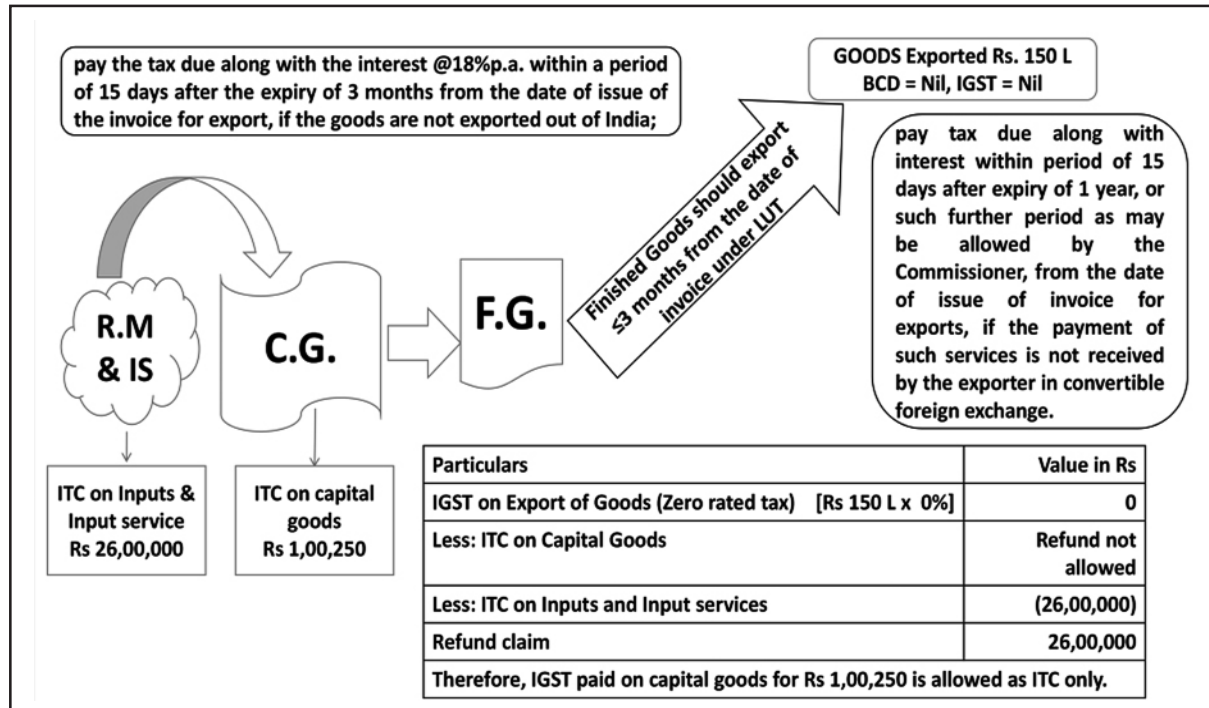

Illustration 5

Under what circumstances it may be beneficial to claim refund of un-utilised credit when exports of goods or services are made without payment of tax. [Section 54(3) of the CGST Act, 2017]

Solution:

If assessee has negligible balance of tax in Capital Goods Input Tax Credit Account, and more credit in inputs and input services it is advisable to claim refund of un-utilised credit when exports of goods or services are made without payment of tax (Section 54(3) of the CGST Act, 2017).

Simplified approach: assume X Ltd purchased goods by paying GST for manufacture. After manufacturing supplied goods to an importer located in USA in the following manner.

Note: In general, all our exports free from Basic Customs Duty unless law specifically stated otherwise.

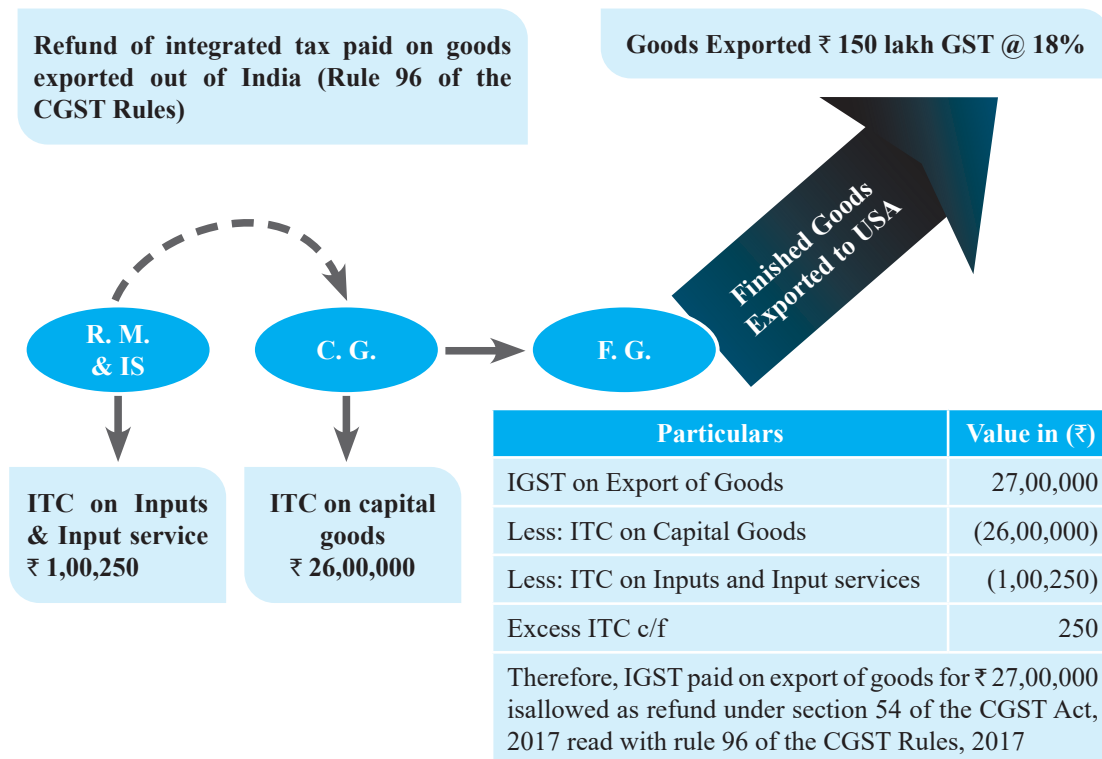

Illustration 6

Under what circumstances it may be beneficial to pay IGST on export of goods and claim rebate (i.e. Refund) under rule 96 of the CGST Rules, 2017.

Solution:

If assessee has balance of tax in Capital Goods Input Tax Credit Account, it is advisable to pay duty (i.e. IGST) on export and claim refund, as balance in Capital Goods Input Tax Credit Account is never refundable.

Simplified approach: assume X Ltd purchased goods by paying GST for manufacture. After manufacturing supplied goods to an importer located in USA in the following manner.

Changes to rules 89 and 96 of the CGST Rules regarding refund of additional IGST paid on account of upward price revision of the goods subsequent to export along with clarification on mechanism to apply for refund Effective from 10 July 2024 [Notification No. 12/2024 – Central Tax (clauses 17 and 19), Circular No. 226/20/2024-GST dated 11 July 2024]:

Amendment

- Amendment to rules 89 and 96 of CGST Rules introduce an explicit provision allowing the refund of additional Integrated Goods and Service Tax (IGST) paid on account of the upward revision in the price of goods subsequent to exports, and on which the refund of IGST paid at the time of their export has already been sanctioned as per rule 96 of the CGST Rules. An application should be filed via Form GST RFD-01 before the expiry of two years from relevant date as per Explanation (2)(a) of section 54 of the CGST Act.
- Where such time limit has already lapsed, the refund application is to be filed before the expiry of two years from 10 July 2024.

- Insertion of a provision to produce additional documentary evidence to claim refund.

CBIC Circular No. 226/20/2024-GST dated 11 July 2024 - clarifications

This circular addresses clarifications sought by trade and industry regarding mechanism to claim refund of additional IGST paid on account of upward price revision of the goods subsequent to export.

- The circular clarifies that the GST Network is developing a new category in Form GST RFD-01 for refund applications related to additional IGST paid. Until this feature is available, exporters can claim refunds by filing Form GST RFD-01 under the category 'Any other' with the remark 'Refund of additional IGST paid on account of increase in price subsequent to export of goods'.
- The circular also clarifies that the proper officer will verify adequate disclosures in Forms GSTR-1 and GSTR-3B while processing the refund. The proper officer will scrutinise the application with respect to its completeness and eligibility and proceed to issue a refund sanction order in Form GST RFD 06 and payment order in Form GST RFD-05. The proper officer will also upload a detailed speaking order along with a refund sanction order in Form GST RFD-06.
- With respect to cases of downward revision in the price of goods subsequent to exports when the export has been made with the payment of IGST, the circular notes that the exporter is required to deposit the IGST refund received in proportion to the reduction in the price of the exported goods, along with the applicable interest. Importantly, while granting refund of additional IGST paid on account of upward revision of price of goods subsequent to exports, the proper officer will also verify whether the exporter has deposited the excess refund amount in case of downward revision in price of goods subsequent to exports, during the relevant tax period.

Example to illustrate the recent changes and mechanism for claiming refunds of additional IGST under rules 89 and 96 of the CGST Rules:

Introduction of rule 95B of the CGST Rules for the refund of goods received by canteen stores department Effective from 10 July 2024 [Notification No.12/2024 – Central Tax dated 10 July 2024 clause 18] and CBIC issued Circular for processing of refund applications filed by canteen Stores Department [Circular No. 227/21/2024 dated 11 July 2024]:

Amendment

In furtherance to the Circular No. 60/34/2018 – GST dated 4 September 2018 of the CGST Act

- This notification enables the Canteen Stores Department (CSD) to claim a refund of 50% of the applicable central tax paid on all inward supplies of goods.
- A new form, GST RFD-10A, is introduced for this purpose. The form will be processed in a manner similar to Form GST RFD-01.

 - Both the inward and the outward supplies details should be furnished in the respective forms.
 - The name and GSTIN should be mentioned on the tax invoice.
 - Goods must be received by the CSD for the purpose of subsequent supply to the Unit Run Canteens or authorised customers of the CSD.

To enable CSD to file the refund application electronically, a new functionality has been made available on the common portal allowing the CSD to file an application electronically on the common portal.

As per rule 95B of the CGST Rules, the CSD is required to apply for a refund once every quarter. The CSD can also opt to file a refund application for multiple quarters, clubbing multiple financial years, as per their preference.

Here's an example illustrating the refund process under Circular No. 227/21/2024-GST for the Canteen Stores Department (CSD):

Scenario: Refund of Tax Paid on Inward Supplies

1. Facts:

- CSD Location: XYZ CSD Depot (Kolkata).
- Period: Q1 of FY 2024-25 (April to June 2024).
- Details of Inward Supplies:
 - Goods purchased from registered suppliers for subsequent supply to Unit Run Canteens or authorized customers.
 - Total purchase value: ₹10,00,000.

Steps for Claiming Refund

Filing the Refund Application (FORM GST RFD-10A)

1. CSD logs into the common GST portal.
2. Files FORM GST RFD-10A for Q1 of FY 2024-25.
3. Uploads necessary documents:

- Tax invoices for inward supplies from registered suppliers.
 - Undertaking that goods were received for supply to Unit Run Canteens or authorized customers.
 - Declaration confirming no prior refund claim for the same invoices.
4. The system auto-populates:
- Table in Sl. No. 7 of FORM GST RFD-10A based on 50% of taxes in Sl. No. 6.
 - CSD can edit the refund amount downward but cannot increase it.

Processing of Refund Application

1. Validation of GSTIN and Returns:
 - Proper officer ensures all GSTR-1 and GSTR-3B returns due before the application date are filed.
2. Verification of Invoices:
 - Cross-verifies invoices uploaded by CSD with:
 - Supplier's GSTR-1/1A (outward supply).
 - Supplier's GSTR-3B (tax payment).
 - FORM GSTR-2B (auto-populated purchase register for CSD).
 - Ensures no duplicate refund claims for the same invoices.
3. Reversal of ITC:
 - Confirms that CSD reversed any input tax credit (ITC) on inward supplies as per Circular No. 170/02/2022-GST.

Issuance of Refund Order

1. Upon successful verification, the proper officer:

 - Eligible refund: ₹3,60,000 (50%).
2. Time Limit for Filing:
 - Goods received in Q1 (April to June 2024).
 - Last date to file: 30 June 2026 (two years from the last day of the quarter).

Prescribing manner of filing an application for refund by unregistered persons Rule 89(2) amended (Notification No. 26/2022 CT dated 26.12.2022 read with Circular No. 188/20/2022 GST dated 27.12.2022):

Instances have been brought to the notice where the unregistered buyers, who had entered into an agreement/contract with a builder for supply of services of construction of flats/ building, etc. and had paid the amount towards consideration for such service, either fully or partially, along with applicable tax, had to get the said contract/ agreement cancelled subsequently due to non-completion or delay in construction activity in time or any other reasons. In a number of such cases, the period for issuance of credit note on account of such cancellation of service under the provisions of section 34 of the Central Goods and Service Tax Act, 2017 (hereinafter referred to as 'CGST Act') may already have got expired by that time. In such cases, the supplier may refund the amount to the buyer, after deducting the amount of tax collected by him from the buyer.

Similar situation may arise in cases of long-term insurance policies where premium for the entire period of term of policy is paid upfront along with applicable GST and the policy is subsequently required to be terminated prematurely due to some reasons. In some cases, the time period for issuing credit note under the provisions of section 34 of the CGST Act may have already expired and therefore, the insurance companies may refund only the proportionate premium net off GST.

Hitherto, there was no facility available to such unregistered buyers/recipients for claiming refund of amount of tax borne by them in the event of cancellation of the contract/agreement for supply of services of construction of flats/ building or on termination of long-term insurance policy.

It would be pertinent to mention that sub-section (1) of section 54 of the CGST Act already provides that any person can claim refund of any tax and interest, if any, paid on such tax or any other amount paid by him, by making an application before the expiry of two years from the relevant date in such form and manner as may be prescribed. Further, in terms of clause (e) of sub-section (8) of section 54 of the CGST Act, in cases where the unregistered person has borne the incidence of tax and not passed on the same to any other person, the said refund shall be paid to him instead of being credited to Consumer Welfare Fund (CWF).

In order to enable such unregistered person to file application for refund under subsection (1) of section 54, in cases where the contract/agreement for supply of services of construction of flat/ building has been cancelled or where long-term insurance policy has been terminated, a new functionality has been made available on the common portal which allows unregistered persons to take a temporary registration and apply for refund under the category 'Refund for Unregistered person'. Further, sub-rule (2) of rule 89 of Central Goods and Service Tax Rules, 2017 (hereinafter referred to as 'CGST Rules') has been amended and statement 8 has been inserted in FORM GST RFD-01 vide Notification No. 26/2022-Central Tax dated 26.12.2022 to provide for the documents required to be furnished along with the application of refund by the unregistered persons and the statement to be uploaded along with the said refund application.

In such cases, the following documentary evidences are required:

- i. As per a new clause (ka) has been inserted in sub-rule (2) of rule 89 to prescribe that the refund application shall be accompanied by a statement containing the details of invoices viz. number, date, value, tax paid and details of payment, in respect of which refund is being claimed along with copy of such invoices, proof of making such payment to the supplier, the copy of agreement or registered agreement or contract, as applicable, entered with the supplier for supply of service, the letter issued by the supplier for cancellation or termination of agreement or contract for supply of service, details of payment received from the supplier against cancellation or termination of such agreement along with proof thereof, in a case where the refund is claimed by an unregistered person where the agreement or contract for supply of service has been cancelled or terminated.
- ii. Further, a new clause (kb) inserted in rule 89(2) thereafter prescribes that refund application shall be

accompanied by a certificate issued by the supplier to the effect that he has paid tax in respect of the invoices on which refund is being claimed by the applicant; that he has not adjusted the tax amount involved in these invoices against his tax liability by issuing credit note; and also, that he has not claimed and will not claim refund of the amount of tax involved in respect of these invoices, in a case where the refund is claimed by an unregistered person where the agreement or contract for supply of service has been cancelled or terminated.

- iii. A proviso has been inserted in clause (m) to clarify that a certificate from Chartered Accountant or Cost Accountant shall not be required in cases where refund is being claimed by an unregistered person who has borne incidence of tax (even if the amount of refund claimed exceeds ₹2 lakh).

Filing of refund application:

Step 1: The unregistered person, who wants to file an application for refund under sub-section (1) of section 54 of CGST Act, in cases where the contract/agreement for supply of services of construction of flat/ building has been cancelled or where long-term insurance policy has been terminated, shall obtain a temporary registration on the common portal using his Permanent Account Number (PAN). While doing so, the unregistered person shall select the same state/UT where his/her supplier, in respect of whose invoice refund is to be claimed, is registered. Thereafter, the unregistered person would be required to undergo Aadhaar authentication in terms of provisions of rule 10B of the CGST Rules. Further, the unregistered person would be required to enter his bank account details in which he seeks to obtain the refund of the amount claimed. The applicant shall provide the details of the bank account which is in his name and has been obtained on his PAN.

Step 2: The application for refund shall be filed in FORM GST RFD-01 on the common portal under the category 'Refund for unregistered person'. The applicant shall upload statement 8 (in pdf format) and all the requisite documents as per the provisions of sub-rule (2) of rule 89 of the CGST Rules. The refund amount claimed shall not exceed the total amount of tax declared on the invoices in respect of which refund is being claimed. Further, the applicant shall also upload the certificate issued by the supplier in terms of clause (kb) of sub-rule (2) of rule 89 of the CGST Rules along with the refund application. The applicant shall also upload any other document(s) to support his claim that he has paid and borne the incidence of tax and that the said amount is refundable to him.

Step 3: Separate applications for refund have to be filed in respect of invoices issued by different suppliers. Further, where the suppliers, in respect of whose invoices refund is to be claimed, are registered in different States/UTs, the applicant shall obtain temporary registration in the each of the concerned States/UTs where the said supplier are registered.

Step 4: Where the time period for issuance of credit note under section 34 of the CGST Act has not expired at the time of cancellation/termination of agreement/contract for supply of services, the concerned suppliers can issue credit note to the unregistered person. In such cases, the supplier would be in a position to also pay back the amount of tax collected by him from the unregistered person and therefore, there will be no need for filing refund claim by the unregistered persons in these cases. Accordingly, the refund claim can be filed by the unregistered persons only in those cases where at the time of cancellation/termination of agreement/contract for supply of services, the time period for issuance of credit note under section 34 of the CGST Act has already expired.

Step 5: Relevant date for filing of refund: As per sub-section (1) of section 54 of the CGST Act, time period of two years from the relevant date has been specified for filing an application of refund. Further, the relevant date in respect of cases of refund by a person other than supplier is the date of receipt of goods or services or both by such person in terms of provisions of clause (g) in Explanation (2) under section 54 of the CGST Act. However, in respect of cases where the supplier and the unregistered person (recipient) have entered into a long-term contract/ agreement for the supply, with the provision of making payment in advance or in instalments, for example construction of flats or long-term insurance policies, if the contract is cancelled/ terminated before completion of service for any reason, there may be no date of receipt of service, to the extent supply has not been made/ rendered. Therefore, in such type

of cases, it has been decided that for the purpose of determining relevant date in terms of clause (g) of Explanation (2) under section 54 of the CGST Act, date of issuance of letter of cancellation of the contract/ agreement for supply by the supplier will be considered as the date of receipt of the services by the applicant.

Step 6; Minimum refund amount: Sub-section (14) of section 54 of the CGST Act provides that no refund under subsection (5) or sub-section (6) shall be paid to an applicant, if amount is less than one thousand rupees. Therefore, no refund shall be claimed if the amount is less than one thousand rupees.

Step 7: The proper officer shall process the refund claim filed by the unregistered person in a manner similar to other RFD-01 claims. The proper officer shall scrutinize the application with respect to completeness and eligibility of the refund claim to his satisfaction and issue the refund sanction order in FORM GST RFD-06 accordingly. The proper officer shall also upload a detailed speaking order along with the refund sanction order in FORM GST RFD-06.

Step 8: In cases where the amount paid back by the supplier to the unregistered person on cancellation/termination of agreement/contract for supply of services is less than amount paid by such unregistered person to the supplier, only the proportionate amount of tax involved in such amount paid back shall be refunded to the unregistered person.

Rule 89(2)(k) (w.e.f. 04-08-2023): a statement showing the details of the amount of claim on account of excess payment of tax [inserted w.e.f. 4th August 2023, and interest, if any, or any other amount paid.]

This amendment is made to align the existing provision of the rule with the existing provision of refund in section 54.

Rule 94 – Order sanctioning interest on delayed refunds (w.e.f. 1st October 2023) vide Central Tax Notification No. 38/2023 (dated 04th August 2023):

[(1) Where any interest is due and payable to the applicant under section 56, the proper officer shall make an order along with a payment order in FORM GST RFD-05, specifying therein the amount of refund which is delayed, the period of delay for which interest is payable and the amount of interest payable, and such amount of interest shall be electronically credited to any of the bank accounts of the applicant mentioned in his registration particulars and as specified in the application for refund.]

[(2) The following periods shall not be included in the period of delay under sub-rule (1), namely:-

(a) any period of time beyond fifteen days of receipt of notice in FORM GST RFD-08 under sub-rule (3) of rule 92, that the applicant takes to-

(i) furnish a reply in FORM GST RFD-09, or

(ii) submit additional documents or reply;

and

(b) any period of time taken either by the applicant for furnishing the correct details of the bank account to which the refund is to be credited or for validating the details of the bank account so furnished, where the amount of refund sanctioned could not be credited to the bank account furnished by the applicant.”]

Following instructions have been released by CBIC with respect to manner of processing and sanction of IGST refunds withheld in terms of rule 96(4)(c), transmitted to the jurisdictional GST authorities under rule 96(5A) of the CGST Rules, 2017 (vide CBIC Instruction NO. 04/2022 GST dated 28.09.2022):

1. Standard Operating Procedures (SOPs) for verification of risky exporters and their suppliers dated 23.01.2020 were issued to CGST and Customs formations as well as Directorate General of Analytics and Risk Management (DGARM) and SOP dated 20.05.2020 were issued to CGST formations and DGARM providing for the procedure to be followed for verification of the risky exporters and their suppliers.

2. The said SOPs provided that DGARM would identify the exporters and their suppliers on the basis of risk parameters, approved by the Competent Authority and would forward the list of such exporters to the Risk Management Centre for Customs (RMCC) for putting alert in the system. In such cases, the Customs authorities were required to conduct the detailed examination of the export goods of such identified exporters.
3. Further, the jurisdictional CGST authorities were required to conduct detailed verification of such identified exporters and their suppliers and forward the verification report to DGARM. On receipt of verification report from CGST officers, DGARM was required to take a decision for issuance of NOC or otherwise.
4. In cases, where NOC has been issued by DGARM, the same was communicated to the Customs authorities at the port of export for release of withheld IGST refunds of such exporter. Further, DGARM was also required to review whether the exporters can be removed from the list of identified exporters. However, with retrospective amendment of rule 96 of the CGST Rules w.e.f. 01.07.2017 providing for withholding of IGST refund in cases where the verification of credentials of the exporter, identified on the basis of data analytic including the availment of ITC by the exporter is considered essential before grant of refund.
5. Further, sub-rule (5A) has been inserted in rule 96 to provide for transmission of IGST refunds, withheld in terms of provisions of rule 96(4)(c) of the CGST Rules, as system generated refund in Form GST RFD-01 and to provide that the said system generated form shall be deemed to be the application for refund in such cases and such application for refund shall be deemed to have been filed on the date of such transmission on the portal. In addition, sub-rule (5C) has also been inserted in rule 96 to provide that such system generated refund in FORM GST RFD-01 have to be dealt with in accordance with rule 89 i.e., in a manner similar to other GST RFD-01 refund claims.
6. In view of the aforesaid amendments, certain changes have been made in the alert module on ICES for which an Advisory has been issued by DG Systems to all the system managers. In the said advisory, it has been inter-alia informed that a new role for putting an all-India suspension, either on IEC or GSTIN of the exporter as the case may be, to withhold IGST refunds has been developed for officers of DGARM. An option to revoke the said alert has also been made available to DGARM officers.
7. DGARM on the basis of data analysis and risk parameters, would identify the exporters where verification of credentials of the exporter, including the availment of ITC by the exporter, is considered essential before grant of refund. DGARM would then place an all- India alert on such exporter on Indian Customs EDI system along with the reasons for putting the said alert. Once an alert is placed on an exporter, the IGST refunds of such exporters would be withheld and the data in respect of Shipping Bills filed by such exporter, for which IGST Scroll could not be generated due to DGARM alert, along with the reasons thereof would be transmitted to GSTN through ICEGATE for generation of refund claims in FORM GST RFD-01 in terms of provisions of sub-rule (5A) of rule 96.
8. Such refund claims will be made available to the jurisdictional proper officer on back- office system under the category “Any other (GST paid on export of goods)” with the remarks “Refund of IGST paid on export of goods (Refund not processed by ICEGATE)”.

9. Further, the risk parameters, on basis of which the exporter has been identified as risky by DGARM, would be shared with the jurisdictional tax officers along with the system generated refund claim in FORM GST RFD-01.
10. In cases, where the verification report in respect of the exporter has already been submitted to DGARM by the jurisdictional CGST authorities, the details of the same would also be shared with the jurisdictional proper officer, along with the said system generated refund claim in FORM GST RFD-01. On receipt of such refunds, the jurisdictional proper officer shall immediately process such refund claims in a manner similar to other RFD-01 refunds filed under the provisions of rule 89 of the CGST Rules, 2017.
11. However, it may be noted that as these refund claims have been generated by the system on the basis of Shipping Bills/ Bills of Export filed by the exporter, these claims would be auto-acknowledged by the system and no Deficiency Memo in Form GST RFD-03 can be issued against such system generated Form GST RFD-01 refund claims.
12. The proper officer shall ascertain the genuineness of the exporter & verify the correctness of availment and utilisation of ITC by the exporter and exercise due diligence in processing the said refund claims to safeguard the interest of revenue. The proper officer may conduct the physical verification of places of business of the exporter, if required, to ensure that the exporter is existing at his declared place of business and is functional/ active.
13. The proper officer shall pass a detailed speaking order in respect of the refund claim and shall duly upload the same along with the refund sanction order in Form GST RFD-06 on the portal in terms of Instruction No. 03/2022-GST dated 14.06.2022. The officer will also follow the timelines for processing of the refund claim in terms of provisions of sub- section (7) of section 54 of the CGST Act. It is needless to mention that the procedure of review and post-audit as prescribed in para 2.2 of above-mentioned notification will also be applicable to such refund claims.
14. In cases where the detailed investigation of the exporter or his suppliers is required to be conducted to verify the genuineness and correctness of ITC availed by the exporter, the matter may be examined, if required, for resorting to provisions of sub-section (11) of section 54 of the Act for withholding of the refund.
15. Further, the proper officer would also be required to provide feedback on the common portal while issuing refund sanction order in FORM GST RFD-06 as with recommendation as to whether the alert against the said taxpayer need to be continued or whether the same can be removed. The functionality for the same would be available on the system in due course.
16. GSTN shall transmit the data regarding the outcome of processing of refund by the proper officer, along with the feedback received from the proper officer on the requirement of removal or continuation of alert, to DGARM for necessary action for removal or continuation of alert.

In view of the above, the SOP's dated 20.01.2020 and 20.05.2020 prescribing the procedure to be followed for verification of the risky exporters and their suppliers, are hereby superseded.

How to execute Bond required for exporting without payment of IGST?

Solution:

Following are the instructions on how to execute Bond required for exporting without payment of IGST.

Step 1: Bond has to be executed when your turnover in the previous year is less than ₹1,00,00,000/- (now please refer master circular **CBIC Circular No. 8/8 /2017-GST, dated 4th October 2017 with regard to export given above**).

Step 2: Bond of amount equivalent to the tax liability (usually annual liability) has to be executed on non-judicial stamp paper in the favour of President of India, through the concerned Assistant Commissioner.

Step 3: In the bond, exporter has to mention the Bank Guarantee amount which is equivalent to 15% of the bond value (or lesser if allowed by Assistant Commissioner).

Step 4: Stamp Paper for Bond can be of value ₹500/- or more (or as prescribed by concerned Assistant Commissioner). Stamp paper should be purchased from your own State (same jurisdiction) i.e. where the concerned Range Office is located. It should be purchased in the name of exporter (with address).

Bond-Language does not fit well on single page, so you have to use second page. Second page can be any blank page to print the extra content.

Export of Services under GST – (CBIC Circular No. 78/52/2018-GST, dated 31-12-2018)

| S. No. | Issue | Clarification |
|--------|--|--|
| 1 | In case an exporter of services outsources a portion of the services contract to another person located outside India, what would be the tax treatment of the said portion of the contract at the hands of the exporter? There may be instances where the full consideration for the outsourced services is not received by the exporter in India. | <p>1. Where an exporter of services located in India is supplying certain services to a recipient located outside India, either wholly or partly through any other supplier of services located outside India, the following two supplies are taking place:—</p> <p>(i) Supply of services from the exporter of services located in India to the recipient of services located outside India for the full contract value;</p> <p>(ii) Import of services by the exporter of services located in India from the supplier of services located outside India with respect to the outsourced portion of the contract.</p> <p>Thus, the total value of services as agreed to in the contract between the exporter of services located in India and the recipient of services located outside India will be considered as export of services if all the conditions laid down in section 2(6) of the Integrated Goods and Services Tax Act, 2017 (IGST Act for short) read with section 13(2) of the IGST Act are satisfied.</p> <p>2. It is clarified that the supplier of services located in India would be liable to pay integrated tax on reverse charge basis on the import of services on that portion of services which has been provided by the supplier located outside India to the recipient of services located outside India. Furthermore, the said supplier of services located in India would be eligible for taking input tax credit of the integrated tax so paid.</p> <p>3. Thus, even if the full consideration for the services as per the contract value is not received in convertible foreign exchange in India due to the fact that the recipient of services located outside India has directly paid to the supplier of services located outside India (for the outsourced part of the services), that portion of the consideration shall also be treated as receipt of consideration for export of services in terms of section 2(6)(iv) of the IGST Act, provided the:</p> <p>(i) integrated tax has been paid by the supplier located in India for import of services on that portion of the services which has been directly provided by the supplier located outside India to the recipient of services located outside India; and</p> <p>(ii) RBI by general instruction or by specific approval has allowed that a part of the consideration for such exports can be retained outside India.</p> |

Export of Service:

Any registered person availing the option to supply services for export without payment of integrated tax shall furnish, prior to export, a bond or LUT, binding himself to pay tax due along with interest within period of 15 days after expiry of 1 year, or such further period as may be allowed by the Commissioner, from the date of issue of invoice for exports, if the payment of such services is not received by the exporter in convertible foreign exchange or in Indian rupees, wherever permitted by Reserve Bank of India.

Clarification regarding applicability of section 16 of the IGST Act, 2017, relating to zero rated supply for the purpose of compensation cess on exports:

Section 11(2) of the Goods and Services tax (Compensation to States) Act, 2017 provides that provisions of IGST Act, and the rules made thereunder, shall, mutatis mutandis, apply in relation to the levy and collection of the cess leviable under section 8 of that Act on the inter-State supply of goods and services, as they apply in relation to the levy and collection of integrated tax on such inter-State supplies under the said Act or the rules made thereunder.

In view of the above, it has been clarified that provisions of section 16 of the IGST Act, 2017, relating to zero rated supply will apply mutatis mutandis for the purpose of compensation cess (wherever applicable), that is to say that:

- (a) Exporter will be eligible for refund of compensation cess paid on goods exported by him [on similar lines as refund of IGST under section 16(3)(b) of the IGST, 2017]; or

- (b) No compensation cess will be charged on goods exported by an exporter under bond and he will be eligible for refund of input tax credit of compensation cess relating to goods exported [on similar lines as refund of input taxes under section 16(3)(a) of the IGST, 2017]. X Ltd. exported 1000 watches @ ₹1,100 per watch. Further watches are also sold in domestic tariff area (i.e. DTA) 1000 watches @ ₹800 per watch. Input tax credit on inputs and input services is ₹10,00,000 is available for the relevant tax period. GST applicable rate is 18%. Find the net GST payable for DTA clearances and refund of tax if any?

Solution:

| | |
|---|--|
| GST payable on DTA clearances | = ₹1,44,000 [i.e. (₹800 × 1000 units) × 18%] |
| Less: ITC receivable. (₹10 lakh × ₹8 lakh / ₹19 lakh) | = ₹(4,21,053) |
| Net GST payable | = nil |
| Excess credit carried forward is | ₹2,77,053/- |
| Refund = ₹10,00,000 × ₹11,00,000 / ₹19,00,000 | = ₹5,78,947/- |

Working note:

Total turnover = Export turnover + Domestic turnover

₹19,00,000 = ₹11,00,000 + 8,00,000

₹11,00,000 or 1.5 times of ₹8,00,000 whichever is less ₹11,00,000 or ₹12,00,000 whichever is less Therefore, exported turnover is ₹11,00,000/-

ABC Ltd. India has received an order for supply of services amounting to \$5,00,000/- to a US based client. ABC Ltd. India is unable to supply the entire services from India and asks XYZ Ltd. Mexico (who is not merely an establishment of a distinct person viz. ABC Ltd. India, in accordance with the Explanation 1 in Section 8 of the IGST Act) to supply a part of the services (say 40% of the total contract value). Identify exporter, importer and value of exports and imports from the above?

Solution:

ABC Ltd. India shall be the exporter of services for the entire value if the invoice for the entire amount is raised by ABC Ltd. India. The services provided by XYZ Ltd. Mexico to the US based client shall be import of services by ABC Ltd. India and it would be liable to pay integrated tax on the same under reverse charge and also be eligible to take input tax credit of the integrated tax so paid. Further, if the provisions contained in section 2(6) of the IGST Act are not fulfilled with respect to the realization of convertible foreign exchange, say only 60% of the consideration is received in India and the remaining amount is directly paid by the US based client to XYZ Ltd.

Mexico, even in such a scenario, 100% of the total contract value shall be taken as consideration for the export of services by ABC Ltd. India provided integrated tax on import of services has been paid on the part of the services provided by XYZ Ltd Mexico directly to the US based client and RBI (by general instruction or by specific approval) has allowed that a part of the consideration for such exports can be retained outside India. In other words, in such cases, the export benefit will be available for the total realization of convertible foreign exchange by ABC Ltd. India and XYZ Ltd. Mexico.

Determine refundable amount of M/s X Ltd. for the month of April 2024 exports in case of refund of un-utilised ITC on account of (i) exports without payment of tax, (ii) supplies made to SEZ unit / SEZ Developer without payment of tax or (iii) accumulation due to inverted tax structure from the following:- (A) The maximum amount of refund as per the formulae in rule 89(4) or rule 89(5) of the CGST Rules, 2017 is ₹5,00,000/- (B) The balance in the electronic credit ledger of the applicant (M/s X Ltd.) at the end of the tax period for which the refund claim is being filed after the return in in Form GSTR-3B for the said period has been filed is ₹4,00,000/- (C) The balance in the electronic credit ledger of the applicant a the time of filing the refund application is ₹6,00,000.

Solution:

Maximum refund amount is ₹4,00,000/- the common portal calculates the refundable amount as the least of the following amounts:

- (a) The maximum refund amount as per the formula in rule 89(4) or rule 89(5) of the CGST Rules, 2017 [formula is applied on the consolidated amount of ITC, i.e. Central tax + State tax/Union Territory tax + Integrated tax];
- (b) The balance in the electronic credit ledger of the applicant at the end of the tax period for which the refund claim is being filed after the return in Form GSTR-3B for the said period has been filed; and
- (c) The balance in the electronic credit ledger of the applicant at the time of filing the refund application.

After calculating the least of the above 3 amounts, as detailed above, the equivalent amount is to be debited from the electronic credit ledger of the applicant in the following order:

- ⊙ Integrated tax, to the extent of balance available;
- ⊙ Central tax and State tax/Union Territory tax, equally to the extent of balance available and in the event of a shortfall in the balance available in a particular electronic credit ledger (say, Central tax), the differential amount is to be debited from the other electronic credit ledger (i.e., State tax/Union Territory tax, in this case).

As per CBIC Circular No. 197/09/2023-GST dt 17th July2023:

1. Refund of accumulated ITC on the basis of that available as per FORM GSTR 2B:
 - ☐ With effect from 01.01.2022, the restriction on availability of refund of accumulated input tax credit for a tax period on the basis of the credit available as per FORM GSTR-2B for the said tax period or for any of the previous tax periods, shall be applicable for the refund claims for the tax period of January 2022 onwards.
 - ☐ In cases where refund claims for a tax period from January 2022 onwards have already been disposed of, in accordance with the extant guidelines in force, the same may not be reopened.

2. Requirement of the undertaking in FORM RFD 01 inserted vide Circular No. 125/44/2019-GST dt 18.11.2019:

para 7 of Circular No. 125/44/2019-GST dated 18.11.2019 provides for an undertaking to be provided by the applicant electronically along with the refund claim in FORM RFD-01 in accordance with the Rule 89(1) of CGST Rules. Para 7 of Circular No. 125/44/2019-GST dated 18.11.2019 is reproduced below:

“7. Since the functionality of furnishing of FORM GSTR-2 and FORM GSTR-3 remains unimplemented, it has been decided by the GST Council to sanction refund of provisionally accepted input tax credit. However, the applicants applying for refund must give an undertaking to the effect that the amount of refund sanctioned would be paid back to the Government with interest in case it is found subsequently that the requirements of clause (c) of sub-section (2) of section 16 read with sub-section (2) of section 42 of the CGST Act have not been complied with in respect of the amount refunded. This undertaking should be submitted electronically along with the refund claim.”

3. Clarification in respect of admissibility of refund where an exporter applies for refund subsequent to compliance of the provisions of sub-rule (1) of rule 96A:

References have been received citing the instances where exporters have voluntarily made payment of due integrated tax, along with applicable interest, in cases where goods could not be exported or payment for export of services could not be received within time frame as prescribed in clause (a) or (b), as the case may be, of sub-rule (1) of rule 96A of CGST Rules. Clarification is being sought as to whether subsequent to export of the said goods or as the case may be, realization of payment in case of export of services, the said exporters are entitled to claim not only refund of unutilized input tax credit on account of export but also refund of the integrated tax and interest so paid in compliance of the provisions of sub-rule (1) of rule 96A. of CGST Rules.

It is mentioned that in terms of sub-rule (1) of rule 96A of the CGST Rules, a registered person availing of the option to export without payment of integrated tax is required to furnish a bond or a Letter of Undertaking (LUT), prior to export, binding himself to pay the tax due along with applicable interest within a period of –

- (a) fifteen days after the expiry of three months, or such further period as may be allowed by the Commissioner, from the date of issue of the invoice for export, if the goods are not exported out of India; or
- (b) fifteen days after the expiry of one year, or such further period as may be allowed by the Commissioner, from the date of issue of the invoice for export, if the payment of such services is not received by the exporter in convertible foreign exchange or in Indian rupees, wherever permitted by the Reserve Bank of India.

In this context, it has been clarified inter alia in para 45 of Circular No. 125/44/2019 - GST dated 18.11.2019 that:

“.....exports have been zero rated under the IGST Act and as long as goods have actually been exported even after a period of three months, payment of Integrated tax first and claiming refund at a subsequent date should not be insisted upon. In such cases, the jurisdictional Commissioner may consider granting extension of time limit for export as provided in the said sub-rule on post facto basis keeping in view the facts and circumstances of each case. The same principle should be followed in case of export of services”

Further, in Para 44 of the aforesaid Circular, it has been emphasized that the substantive benefits of zero rating may not be denied where it has been established that exports in terms of the relevant provisions have been made.

The above clarifications imply that as long as goods are actually exported or as the case may be, payment is realized in case of export of services, even if it is beyond the time frames as prescribed in sub-rule (1) of rule 96A, the benefit of zero-rated supplies cannot be denied to the concerned exporters. Accordingly, it is clarified that in such cases, on actual export of the goods or as the case may be, on realization of payment in case of export of services, the said exporters would be entitled to refund of unutilized input tax credit in terms of sub-section (3) of section 54 of the CGST Act, if otherwise admissible.

It is also clarified that in such cases subsequent to export of the goods or realization of payment in case of export of services, as the case may be, the said exporters would be entitled to claim refund of the integrated tax so paid earlier on account of goods not being exported, or as the case be, the payment not being realized for export of services, within the time frame prescribed in clause (a) or (b), as the case may be, of sub-rule (1) of rule 96A. It is further being clarified that no refund of the interest paid in compliance of sub-rule (1) of rule 96A shall be admissible.

It may further be noted that the refund application in the said scenario may be made under the category “Excess payment of tax”. However, till the time the refund application cannot be filed under the category “Excess payment of tax” due to non-availability of the facility on the portal to file refund of IGST paid in compliance with the provisions of sub-rule (1) of rule 96A of CGST Rules as “Excess payment of tax”, the applicant may file the refund application under the category “Any Other” on the portal.

Case Laws:

1. **Union of India v. VKC Footsteps India Pvt Ltd.** [2021] 130 taxmann.com 193 (SC):

Rule 89(5) which denies refund of unutilised ITC of input services is not ultra vires. The Honorable Supreme Court observed that the purpose of the formula in Rule 89(5) is to give effect to Section 54(3) (ii) which makes a distinction between input goods and input services for grant of refund. The Apex Court also observed that the formula under Rule 89(5) to create a legal bifurcation is a familiar terrain in fiscal legislation including delegated legislation.

The Supreme Court also noted that the practical effect of the formula might result in certain inequities but it restrained providing any formula saying that it's the field of the legislature. The Court strongly urged the GST Council to reconsider the formula and take a policy decision regarding the same.

From the above presently unutilised ITC on input services is not allowed to claim refund under inverted duty structure.

2. **Platinum Holdings (P.) Ltd. v. Additional Commissioner of GST & Central Excise, Chennai** [2021] 131 taxmann.com 142 (Madras):

The petitioner was a Special Economic Zone (SEZ) and made purchases from several suppliers/vendors for the development of the SEZ. The petitioner filed applications for refund of the taxes and it was held that the petitioner was not entitled to the refund on the ground that only a supplier of services would be entitled to claim the refund and not the SEZ itself. It filed an appeal and the appeal was also rejected. The petitioner filed the writ petition.

The Honorable High Court observed that Section 54 of the CGST Act read with Rule 89 of CGST Rules permits any entity to seek a refund of taxes or other amounts paid under provisions of the Act. The only exclusion is for the person covered under a notification issued under Section 55, admittedly inapplicable to the petitioner. Therefore, it was held that the application filed for refund of taxes paid under the Act would be maintainable if it would be established that no such claim has been made by supplier, and tax has been remitted to treasury.

Decision: SEZ unit is eligible to claim refund of unutilized Input Tax Credit.

3. M/s Britannia Industries Vs UOI 2020-TIOL-1495-HC-AHM-GST

The department rejected refund of unutilized ITC filed by the Petitioner which is operating as a Special Economic Zone (SEZ) unit. Department contended that Rule 89 of the CGST Rules allows refund of ITC only to supplier of goods or services for supplies made to SEZ unit, however the Petitioner is not supplier of goods or services to SEZ unit but SEZ unit itself, thus, not eligible to claim refund of ITC under Section 54 of the CGST Act. Department further contended that the Petitioner received ITC on services from Input Service Distributor (ISD) which is not supplier of services.

The Hon'ble High Court observed that outward supplies made by SEZ unit is zero rated supply and there is no statutory provision barring refund of accumulated ITC to SEZ unit relatable to zero rated supplies. Accordingly, it has been held that the Petitioner is entitled to claim refund of ITC of GST distributed by ISD and there is no specific supplier who can claim refund under GST laws.

Decision: Gujarat HC at Ahmedabad in the case of M/s Britannia Industries Limited held that Refund of accumulated ITC received from ISD to SEZ unit in relation to zero rated supplies cannot be barred.

- ⦿ Identify various types of returns under GST
- ⦿ Explain importance of returns under GST
- ⦿ Understand content and due dates returns under GST
- ⦿ Explain QRMP Scheme
- ⦿ Identify matching, mismatching, reclaiming of Input Tax Credit.
- ⦿ Understand various types of penalties for late filing of returns.

To meet the concept of digital India, the Government of India made it mandatory to file all returns electronically.

Moreover, one of the basic features of the returns mechanism in GST include electronic filing of returns, uploading of invoice level information and auto-population of information relating to Input Tax Credit (ITC) from returns of supplier to that of recipient, invoice-level information matching and auto reversal of Input Tax Credit in case of mismatch.

The returns mechanism is designed to assist the taxpayer to file returns and avail ITC.

Under GST, a regular taxpayer needs to furnish monthly returns and one annual return. There are separate returns for a taxpayer registered under the composition scheme, non-resident taxpayer, taxpayer registered as an Input Service Distributor, a person liable to deduct or collect the tax (TDS/TCS) and a person granted Unique Identification Number.

It is important to note that a taxpayer is NOT required to file all types of returns. In fact, taxpayers are required to file returns depending on the activities they undertake.

Returns can be filed using any of the following methods:

1. GSTN portal (www.gst.gov.in)
2. Offline utilities provided by GSTN
3. GST Suvidha Providers (GSPs)

Case Study: Risk-Based Biometric Aadhaar Authentication for High-Risk GST Registration Applicants

Background

The Central Board of Indirect Taxes and Customs (CBIC) introduced a pilot project in Gujarat for risk-based biometric Aadhaar authentication to prevent fraudulent GST registrations. The process identifies high-risk applicants

based on risk parameters and mandates biometric Aadhaar authentication along with document verification. This pilot project has now been extended to Puducherry and Andhra Pradesh.

Case Details

State: Andhra Pradesh

Applicant Type: Sole Proprietor

Business Type: Electronics Retailer

Application Date: December 1, 2023

Scenario

1. Applicant Details:

Mr. Ramesh applies for GST registration in Andhra Pradesh as a sole proprietor using Form GST REG-01 and opts for Aadhaar authentication.

2. Risk-Based Identification:

- The GST common portal identifies Mr. Ramesh as a high-risk applicant based on predefined risk parameters (e.g., frequent address changes and history of rejected applications).

3. Notification for Biometric Authentication:

- Mr. Ramesh receives a notification instructing him to visit a notified Facilitation Centre for biometric Aadhaar authentication.

4. Process at the Facilitation Centre:

- Biometric Authentication: Mr. Ramesh's Aadhaar number is authenticated using his fingerprint and iris scan.
- Photo Capture: A live photograph of Mr. Ramesh is taken.
- Document Verification: The original documents uploaded with the application (e.g., PAN, address proof) are verified.

5. Acknowledgment Issuance:

- After successfully completing the authentication, Mr. Ramesh receives an acknowledgment for his GST registration application.

Outcome

- Mr. Ramesh's GST registration application is processed successfully after biometric authentication and document verification.
- The process ensures transparency and reduces the risk of fraudulent registrations.

Key Takeaways

1. Objective: The project strengthens the registration process by ensuring that high-risk applicants undergo additional scrutiny.
2. Applicability: Extended from Gujarat to Puducherry and Andhra Pradesh for high-risk applicants opting for Aadhaar authentication.
3. Process Completion: GST registration applications for high-risk applicants are deemed complete only after biometric authentication and document verification.
4. Impact: Enhances security in the GST registration process, minimizing fraud while maintaining ease of doing business.

This case study highlights the practical application and importance of biometric Aadhaar authentication in ensuring secure GST registrations.

The GST annual return is a statement of return that is required to be filed annually by each registered person (except for a few specified categories of persons) under GST, providing summarized details of outward supplies and taxes paid thereon, input tax credits claimed, taxes paid, and refund claimed in the fiscal year in which such annual return is filed.

GST Annual Return is to be filed by all registered taxpayers including composition taxpayers as per Section 44(1) & (2) of CGST Act, 2017. GST annual return (GSTR-9) filing is mandatory for all entities with a turnover of more than ₹ 2 crores in a financial year. Annual Return consists of details regarding the outward and the inward supplies made during the relevant financial year. It is a consolidation of all the monthly/quarterly returns filed in that year.

GSTR-9A is a simplified GST annual return filed by business owners who have chosen the GST composition scheme. This return incorporates all quarterly returns filed by the composite dealers during the fiscal year. Since the introduction of GSTR 4 (Annual), this return has been discontinued.

GSTR-9B is a summary of the information filed in GSTR-8 by taxpayers registered as GST E-commerce operators.

GSTR-9C is a return form that registered taxpayers must file if their total turnover exceeds ₹ 5 crores, but it is optional for taxpayers with a turnover between ₹ 2 and ₹ 5 crores. In this case, the taxpayer must also submit a copy of the audited annual accounts as well as a self-certified Form GSTR-9C reconciliation statement that reconciles the value of supplies declared in the return furnished for the financial year.

The CBIC has notified changes to Sections 35(5) and 44 of the CGST Act. The requirement to get a GST audit and certification done by a Chartered Accountant/Cost Accountant now stands removed. Taxpayers with a turnover exceeding ₹ 5 crore in the previous financial year are required to file Form GSTR-9C on a self-certification basis. This change is applicable from Financial Year 2020-21 onwards. Further, Form GSTR-9C will be modified to support self-certification by the taxpayer.

Form GSTR-9C Annual Return

GSTR 9C is an annual GST reconciliation statement. Earlier, GSTR 9C was applicable for a business individual who has a turnover of more than ₹2 crore in the financial year. This form required a books audit and record audits by the certified cost accountant or chartered accountant.

The CBIC has notified changes to Sections 35(5) and 44 of the CGST Act. The requirement to get a GST audit and certification done by a Chartered Accountant/Cost Accountant now stands removed. Taxpayers with a turnover exceeding ₹5 crore in the previous financial year are required to file Form GSTR-9C on a self-certification basis. This change is applicable from FY 20-21 onwards. Further, Form GSTR-9C will be modified to support self-certification by the taxpayer.

At present, this GSTR 9C needs to be self-certified by the taxpayers themselves. GSTR 9C has to be filed, after completing the process of filing GSTR 9.

GSTR-9C is a statement of reconciliation between:

- ⊙ the Annual Returns in GSTR-9 filed for a FY, and
- ⊙ the figures as per the audited annual Financial Statements of the taxpayer.

It can be considered to be similar to that of a tax audit report furnished under the Income-tax act. It will consist of gross and taxable turnover as per the Books reconciled with the respective figures as per the consolidation of all the GST returns for a financial year. Hence, any differences arising from this reconciliation exercise will be reported here along with the reasons for the same. The certified statement shall be issued for every GSTIN. Hence, for a PAN there can be several GSTR-9C forms to be filed.

Contents of Form GSTR-9C: The GSTR-9C consists of two main parts:

- ⦿ Part-A: Reconciliation Statement
- ⦿ Part-B: Self-certification

Part-A: The Reconciliation Statement is divided into five parts as follows:

Part-I: Basic details: Consists of FY, GSTIN, Legal Name and Trade Name. The taxpayer must also mention if he is subject to audit under any other law.

Part-II: Reconciliation of turnover declared in the Audited Annual Financial Statement with turnover declared in Annual Return (GSTR-9): This involves reporting the gross and taxable turnover declared in the Annual return with the Audited Financial Statements. One must note that most often, the Audited Financial statements are at a PAN level. This might require the break up of the audited financial statements at GSTIN level for reporting in GSTR-9C.

Part-III: Reconciliation of tax paid: This section requires GST rate-wise reporting of the tax liability that arose as per the accounts and paid as reported in the GSTR-9 respectively with the differences thereof. Further, it requires the taxpayers to state the additional liability due to unreconciled differences noticed upon reconciliation.

Part-IV: Reconciliation of Input Tax Credit (ITC): This part consists of the reconciliation of input tax credit availed and utilised by taxpayers as reported in GSTR-9 and as reported in the Audited Financial Statement.

Further, it needs a reporting of Expenses booked as per the Audited Accounts, with a breakup of eligible and ineligible ITC and reconciliation of the eligible ITC with that amount claimed as per GSTR-9. This declaration will be after considering the reversals of ITC claimed, if any.

Part-B: Self-certification:

The amended section 44 clearly states now only self-certification of reconciliation statement in Form GSTR-9C is required. Earlier the same also required certification either by the Chartered accountant or the cost accountant. The GST annual return should be accompanied by a self-certified reconciliation statement.

GST Audit:

Audit is a systematic and independent examination of books of accounts, statutory records, and documents as required by the relevant law applicable to the organisation. Audit by the tax authorities entails a deeper scrutiny of tax compliance by a taxpayer from such examination and the effort is not only to ensure that the books of accounts and documents etc., of a tax payer are maintained as required under the law but they also reflect the correct liability and its compliance thereof.

Approach for GST Audit- Audit Plan, Checklists, Methodology, Management Representations, Reconciliations

12.2

GST Audit demands significant preparation from the auditor as well as the Auditee. While the statutory audit (under the Companies Act) and tax audit (under the Income-tax Act) primarily rely on the financial records, GST audit would require coverage of a larger cluster of records. The GST audit requires deep understanding of the GST laws, IT infrastructure of the auditee, the method in which the GST portal operates, applicability of the various notifications, circulars, clarifications, classification of goods and / or services, the nature of supplies, the manner of availment of credits together with its allowability or otherwise, maintenance of various records and documents specified therein, requirements of reporting and source of information, understanding of the business of the auditee etc. Apart from these issues, it is imperative that an auditor understands the basic functioning of the e-governance model.

Audit Plan

The objective of preparing an audit plan is to outline a logical series of review and examination steps that would meet the goals and standards of an audit in an efficient and effective manner.

Audit Plan is the most important stage before conduct of audit. All the previous steps are actually aimed at preparation of a purposeful Audit Plan. By now, the Audit Officer is in a position to take a reasonable view regarding the vulnerable areas, the weak points in the systems, abnormal trends and unusual occurrences that warrant detailed verification. Certain unanswered or inadequately answered queries about the affairs of the assessee/taxpayer may also be added to this list.

Audit plan should be a detailed plan of action. The audit plan should be consistent with the complexity of the audits.

Checklists: An Illustrative checklist to conduct audit under GST are as follows:

1. **GST Registration:** It is most important to check and verify all the details specified in the GST registration certificate.
2. **Detail Analysis of Particulars of Invoice Documents:** The second most important part to be analyzed by the auditor is invoicing under GST.

Following are the crucial points which one needs to keep in mind – Tax invoice contains all the particulars as prescribed under rule 46 of the Central Goods and Service Tax Rules, 2017. It is important to verify that the invoice number reflected in the tax invoice is as per rule 46(b) of the Central Goods and Service Tax Rules, 2017. Auditor should check e-invoice is issued or not where it is mandatory to issue. HSN Code has been mentioned in the tax invoice as per the specification provided under the law. Check E-way bills properly generated in the e-way bill portal where is it mandate to generate.

3. Verification of Time of Issuance of Tax Invoice Needs To Be Done Following are the rules for the same –
In Case of Supply of Goods
 - (a) On or before the date of removal, in the case of actual movement of goods.
 - (b) In the case where GST is payable on a reverse charge basis, on receipt of such goods.In Case of Supply of Services
 - (a) Within a period of 30 days from the date of supply of service.
 - (b) In case of continuous supply, where the due date can be ascertained, 30 days from the due date.
 - (c) In case of continuous supply, where the due date cannot be ascertained, 30 days from the date of actual payment.
 - (d) When there is the cessation of supply before the expiry of the contract, at the time of such cessation.
 - (e) In the case of banking and other financial institutions, the due date will be 45 days
4. Check debit and credit note. It should be checked that the debit and credit note, if applicable, has been issued as per the GST law. If the issuance of the bill of supply is applicable the same needs to be checked.
5. Correct Availment of Input Tax Credit After GST registration certificate and invoicing, the next most important point is to verify the input tax credit availed during the specified period. Following are some of the important points which need to be verified – Invoice particulars on the basis of which input tax credit has been availed. Verification of input tax credit availed as per books of accounts against the input tax credit reflected in the GST returns. Going through the applicability of list of the restricted tax credit as per GST law. Verification of reversal entries, if any, in the input tax credit. Date of invoice of supply and Date of payment should be checked that the difference does not exceed 180 days. ITC should be reversed for non-payment of invoice within 180 days and this should be checked by the auditor. This is most common mistake and need to be taken care of.
6. Verification of Job-Work Transactions It must be verified that the goods have been sent to a job-work under the cover of delivery challan. In case of a job-work transaction, the registered person is required to file FORM ITC 04 on the half yearly or yearly basis as the case may be, and filing of the same needs to be confirmed. The return date of the goods from the job-work needs to be checked in order to confirm that the same has been received back in time.
7. GST Returns GST monthly / quarterly returns, as applicable, should be verified and confirmed that the same is duly filed as per GST law. Figures reflected in the respective returns should be verified with the books of accounts and any difference in the same should be reconciled. While every care has been taken to ensure the accuracy/ authenticity of the above, the readers are advised to recheck/ reconfirm the same from the original sources/ relevant departments.
8. Interest calculations on liability @ 18% p.a. is required to be made and auditor is required to check whether same has been deposited timely by the taxpayer. Also, if notices have been issued by department for the payment of interest, whether same has been properly dealt with. If claimed excess Input Tax Credit (ITC), payment of interest at 24% on the excess tax amount is required.
9. As GST Turnover definition is somewhat different from Income Tax Turnover. However, now both the department will exchange the information with each other. Therefore, one needs to take care in reporting turnover under Income Tax and GST.
10. GST Audit is applicable when Total Turnover on PAN India basis exceeds ₹5 crores in a financial year. However, GST Audit will be done GSTIN wise. Turnover will be checked on PAN basis that means all

supplies made inclusive of exempted supplies made throughout the country either from 1 place or multiple branches will be considered, while checking turnover for GST audit.

Methodology and Management:

The objective of audit of assessee/taxpayer is to measure the level of compliance of the assessee/ taxpayer in the light of the provisions of the GST Act, 2017 and the rules made thereunder. It should be consistent with departmental instructions and should make use of professional audit methodology and procedures.

The basic principles are:

- i. The audit should be conducted in a systematic manner.
- ii. Emphasis should be on the identified risk areas and on scrutiny of records maintained in the normal course of business.
- iii. Audit efforts should be based on materiality and the degree of scrutiny will depend on the nature of risk factors identified.
- iv. Recording of all checks and findings. v. Audit should normally be distinct from enforcement activity in as much as it can detect irregularities only to the extent of their reflection in the books of accounts and other documents.

Standards for conduct of audit:

In keeping with the principles of audit outlined above, audit has to be conducted in a transparent and systematic manner with focus on business records of the assessee/taxpayer and according to the audit plan for each assessee/taxpayer. The assessee/ taxpayer participation in the course of audit is also envisaged so that instead of raising purely technical discrepancies (without any revenue implications), substantive issues are focused upon. The Audit Officer should ensure that audit is conducted in a focused manner with optimum utilization of time and resources available at hand.

The Audit Officer must use his judgement and experience to determine the materiality of any discrepancies and/or irregularities observed and decide what action is necessary under the circumstance, for example,

- i. Cumulative effect of small items: An error of one isolated item might be insignificant but the cumulative effect of many individually unimportant items would signify systemic failure. In fact, the relative materiality of an individual item has to be viewed against the net effect on over-all compliance and interest of revenue.
- ii. General or Particular Items: An error made in a particular transaction may be an aberration if it is a stray, single instance but the effect may be material, if it is of recurring nature. Thus, frequency of error is of importance.
- iii. Effect in relation to scale of operations of an assessee / taxpayer: An error may appear to be small in itself but may have sizable implication due to the huge scale of operations of an assessee/taxpayer.

Period to be covered during audit:

Audit may cover a particular financial year or part thereof or multiples thereof.

Duration of audit

Efforts should be made to complete each audit within the following general time limits:-

The indicative duration for conduct of audit that is inclusive of desk review, preparation of audit plan, actual audit and preparation of audit report wherever necessary, for each category would be as follows:

- i. Top taxpayers – 10-15 working days
- ii. Middle taxpayers – 6 to 8 working days
- iii. Other taxpayers – 2 to 5 working days

The above classification is based on the GST Pro portal and may be subjected to revision. The above-mentioned working days are indicative and applicable for conduct of GST audit covering a period of one financial year. The duration, as above, covers the effective number of working days spent by the audit team for the audit of a particular assessee and taxpayer from desk review to preparation of audit report (i.e. days spent in office as well as at the assessee/ taxpayer premises).

Stage wise action for audit

- i. Preparation/updating of assessee master file containing comprehensive assessee/taxpayer profile.
- ii. Collection of all relevant documents, data reconciliation statement and preparation of questionnaire.
- iii. Desk review on the basis of relevant documents. iv. Formulation of audit plan based on Scrutiny/Desk Review.
- iv. Conducting audit on the basis of the audit plan.
- v. Raise Audit observation and obtain reply/explanation from taxpayer/ assessee
- vi. Preparation and Issue of final audit report.
- vii. Follow up action, for monitoring the compliance of various points.
- viii. Adjudication/Assessment Proceedings under Section 73/74
- ix. Ensuring timely issuance of SCNs, wherever warranted.
- x. Recovery of revenue detected.

Solved Case

1. A.C.L. Education Centre (P) Ltd. v UOI 2014 (33) S.T.R. 609 (All.)

Facts of the case: Central Tax Department of GST issued intimation under Section 65(3) of the CGST Act, 2017, demanding necessary documents from the petitioners for making a reference to conduct an audit. The petitioners objected and also challenged the vires of Section 65(3) of the CGST Act, 2017, inter alia, on the ground that the provisions of Section 65 of the CGST Act, 2017 are contrary to the provisions of section 66 of the CGST Act, 2017.

Decision: In the light of the aforesaid discussion, the High Court held that Section 65 of the CGST Act, 2017. It is in consonance with section 66 of the CGST Act, 2017.

2. Suresh Kumar P.P. v. Deputy Director, Directorate General of GST Intelligence [2021] 123 taxmann.com 376 (Kerala)

Facts of the Case: The petitioners were Managing Director and Director of a Media Company engaged in providing cable services to its customers as Multi-Service Operator under the regulation issued by the Telecom Regulatory Authority of India (TRAI). The GST Authorities initiated search and seizure proceedings against them. The authorities issued notice and further passed an order of seizure. Thereafter, the GST Authorities issued notice to petitioners under section 65 for auditing of books. The petitioners submitted that they had never defaulted to any of the statutory responsibilities. They filed the writ petition seeking relief in this regard.

Decision: The Honorable High Court observed that provisions of the CGST Act, 2017 like inspection of the premises, powers of arrest and summons to produce documents have been incorporated with the aim to prevent evasion of GST at the hands of unscrupulous taxpayers. The process issued for auditing of the books as well as the order of seizure of the documents would help the department in co-relating the entries in the documents and at the time of auditing of the account. Therefore, it would be too premature to comment upon the act of the GST Authorities and writ petition accordingly dismissed.

As a result, Authorities can initiate audit and investigation simultaneously in GST

3. Tuli Motors v. Union of India - [2021] 128 taxmann.com 336 (Delhi)

Facts of the Case: The petitioner received the show cause notices in the year 2021 which were related to the old assessments for the period 2015 to 2017. It filed writ petition and submitted that the old assessments for the period 2015 to 2017 cannot be reopened in the year 2021 and emphasized that after the repeal of the Chapter V of the Finance Act, 1994 by the Goods and Services Tax Act, 2017, there is no power to initiate

any fresh proceeding under the repealed Act i.e. Chapter V of the Finance Act, 1994.

The department submitted that this Court, in *Vianaar Homes Private Limited v. Assistant Commissioner (Circle-12)*, [2020] 121 taxmann.com 54 (Delhi), has held that there is power to initiate fresh proceedings under Chapter V of the Finance Act, 1994 despite coming into force of the Goods and Services Tax Act, 2017.

High Court Held: The Honorable High Court after hearing both the parties directed that proceedings pursuant to the impugned Show Cause Notices and summons shall continue but the final orders shall not be given effect to till disposal of the writ petition.

Illustration 2

Assessee accounts have already been audited under Income-tax Act, 1961 by a Chartered Accountant, and thus, do not require any other audit under Section 66 of the CGST Act, 2017.

Solution:

Section 66 of the CGST Act, 2017 provides that Commissioner may order such special audit even if the accounts of such person have been audited under any other law for the time being in force.

Therefore, the fact that assesses accounts have been audited under Income-tax Act, 1961 will not have any bearing on special audit ordered under Section 66 of the CGST Act, 2017.

- ⦿ Understand transitional provisions in case of job worker, principal, and agent etc.

Introduction

13.1

GST is a multi-stage value added tax on consumption of goods or services or both. As GST seeks to consolidate multiple taxes into one, it is very essential to have transitional provisions to ensure that the transition to the GST regime is very smooth and hassle-free and no ITC (Input Tax Credit)/benefits earned in the existing regime are lost.

Transition Provisions

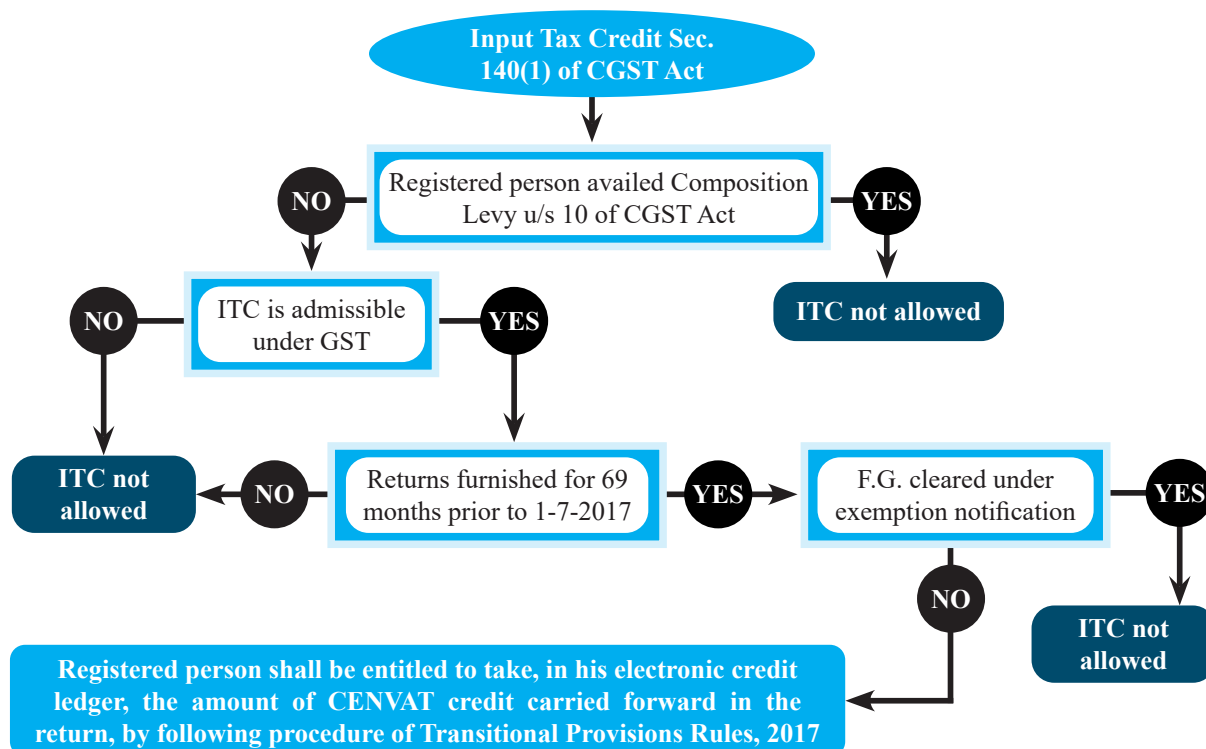

13.2

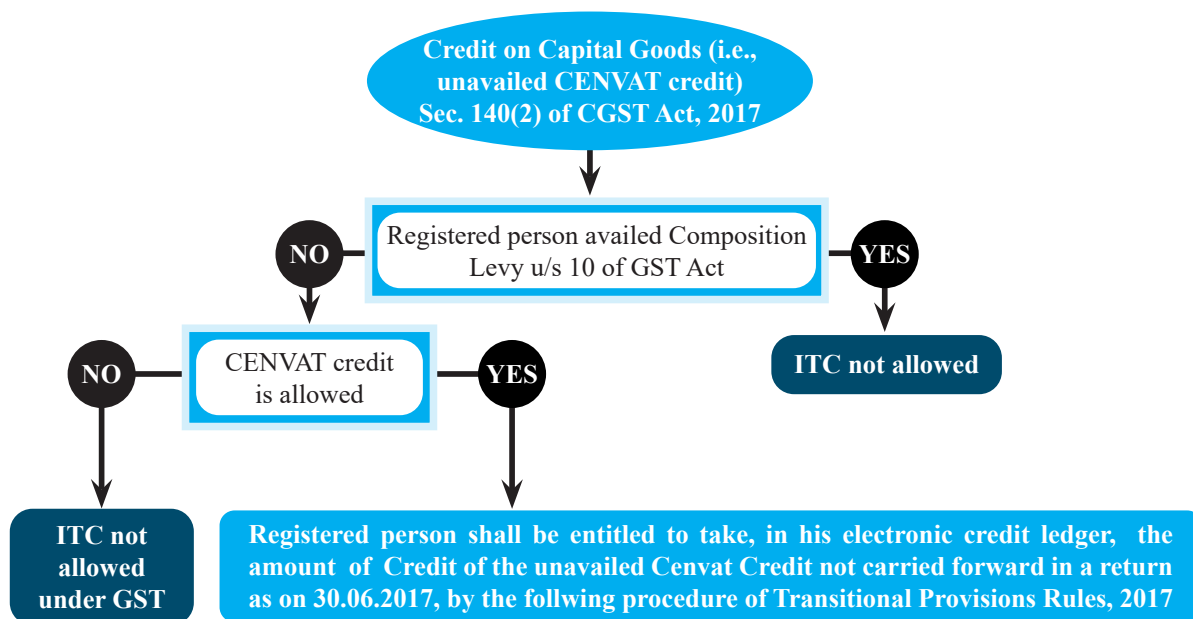

The transition provisions can be categorized under three heads:

- A. Relating to Input Tax Credit
- B. Continuance of existing procedures such as job work for a reasonable period without any adverse consequence under GST law
- C. All claims (pending as well as future) pertaining to existing laws filed before, on or after the appointed day (i.e. 1-7-2017).

A. Relating to Input Tax Credit:

Elaborate provisions have been made to carry forward the ITC earned under the existing law. Such credit should be permissible under the GST law. However, the taxable person opting for composition scheme would not be eligible for carry forward of the existing ITC.

ITC of various taxes under the existing laws (CENVAT credit, VAT etc.) would be carried forward as under:

(a) Closing balance of the credit in the last returns:

The closing balance of the CENVAT credit /VAT in the last returns filed under the existing law can be taken as credit in electronic credit ledger. Such credit would be available only when returns for the previous last six months have been filed under the existing law. In order to claim this credit, declaration in form GST TRAN 1 is required to be furnished on the common portal within ninety days from the appointed day i.e. 1st July, 2017 or within such extended time. The balance instalment of un-availed credit on capital goods credit can also be taken by filing the requisite declaration in the GST TRAN 1. Inputs purchased from 100% EOU/EHTP credit is allowed to the extent as provided in rule 3(7) of Cenvat Credit Rules, 2004.

1. Adfert Technologies (P.) Ltd.[2019] 111 taxmann.com 27 (Punj. & Har.)

Decision: Where petitioners, migrated from VAT regime to GST regime on introduction of GST, sought direction to respondents to permit carry forward of unutilized CENVAT credit of duty paid under Central Excise Act, 1944 and Input Tax Credit (ITC) of VAT paid under Punjab VAT Act, 2005 or Haryana VAT Act, 2003 on account of non-filing or incorrect filing of prescribed statutory Form i.e., TRAN-1 by stipulated last date, i.e., 27-12-2017 due to technical glitches, petitioners were permitted to file Form TRAN-1 either electronically or manually on or before 30-11-2019.

While doing so, the Hon'ble Court noted that the Respondent authorities were having complete record of already registered persons and at present they are free to verify fact and figures of any Petitioner thus in spite of being aware of complete facts and figures, the Respondent cannot deprive Petitioners from their valuable right of credit.

Note: Against this order of the Hon'ble P&H HC SLP was filed by the Revenue Dept. which was dismissed by the Apex Court in Adfert Technologies (P.) Ltd. (supra).

2. Rohan Dyes and Intermediates Ltd. v. Union of India[2020] 115 taxmann.com 387 (Guj.)

In this case, Hon'ble Gujarat High Court relying on its earlier decision given in Siddharth Enterprises held that:

In case where petitioner could not upload the form GST TRAN-1 due to technical glitches and in spite of various representations made by the petitioner, he was not allowed to upload the form GST TRAN-1, the petitioner is entitled to claim credit of CENVAT as on 30th June 2017 as per the provisions under section 140(1) of the Act, 2017 read with Rule 117 of the Rules 2017.

Taking into consideration Order No. 01/2020-GST dtd. 07.-2.2020 of CBEC, the Hon'ble Court directed the Department to consider the Petitioner's declaration till 31-3-2020

3. Brand Equity Treaties Ltd. v. Union of India [2020] 116 taxmann.com 415 (Delhi)

This is a case is of immense importance wherein Hon'ble Delhi HC interalia resolved the following issues:

Basis the decision of the Apex Court given in Eicher Motors Ltd. (supra) and Dai Ichi Karkaria Ltd. (supra) (wherein the Apex Court held that the provision for facility of credit as a vested right (which is indefeasible in nature) and also held that the facility of credit is as good as tax paid till the tax is adjusted on future good) noted that “..On enactment of the CGST Act, no mechanism was provided for the refund of the credit that existed on the said date. The only mechanism was for utilization of such credit by migrating the same to the GST regime by way of filing declaration Form TRAN-1. The manner and procedure to carry forward the said CENVAT credit under Sub-Section (1) of Section 140 was to be ‘prescribed’....Evidently, there is no other provision in the Act prescribing time limit for the transition of the CENVAT credit, and the same has been introduced only by way of Rule 117. This provision also contains a proviso, which vests power with the Commissioner to extend the period on the recommendations of the Council....there is

nothing sacrosanct about the time limit so provided. It is not as if the Act completely restricts the transition of CENVAT credit in the GST regime by a particular date, and there is no rationale for curtailing the said period, except under the law of limitations. The period of 90 days has no rationale and as noted above, extensions have been granted by the Government from time to time, largely on account of its inefficient network.”

High Court further opined that “Conscious of the circumstances that are prevailing, we feel that taxpayers cannot be robbed of their valuable rights on an unreasonable and unfounded basis of them not having filed TRAN-1 Form within 90 days, when civil rights can be enforced within a period of three years from the date of commencement of limitation under the Limitation Act, 1963.”

In view of the above, Hon’ble Delhi High Court held that entitlement of credit of taxes/duties paid on purchases made under the erstwhile regime is a vested right and cannot be taken away by virtue of Rule 117 of the CGST Rules, 2017.

4. In **Eicher Motors Ltd. v. Union of India 1999** taxmann.com 1769, the Hon’ble Supreme Court of India considered MODVAT Credit as an ‘absolute right’ regarding the input is used in the manufacture of the final product and on the date when the Assessee paid the tax on the raw materials or the inputs. In this regard, the Hon’ble Court observed that:

“..Thus, the right to the credit has become absolute at any rate when the input is used in the manufacture of the final product. The basic postulate, that the scheme is merely being altered and, therefore, does not have any retrospective or retro-active effect, submitted on behalf of the State, does not appeal to us. As pointed out by us that when on the strength of the rules available certain acts have been done by the parties concerned, incidents following thereto must take place in accordance with the scheme under which the duty had been paid on the manufactured products and if such a situation is sought to be altered, necessarily it follows that right, which had accrued to a party such as availability of a scheme, is affected and, in particular, it loses sight of the fact that provision for facility of credit is as good as tax paid till tax is adjusted on future goods on the basis of the several commitments which would have been made by the assessee concerned.

Therefore, the scheme sought to be introduced cannot be made applicable to the goods which had already come into existence in respect of which the earlier scheme was applied under which the assessee had availed of the credit facility for payment of taxes. It is on the earlier scheme necessarily the taxes have to be adjusted and payment made complete. Any manner or mode of application of the said rule would result in affecting the rights of the assessee. We may look at the matter from another angle. If on the inputs the assessee had already paid the taxes on the basis that when the goods are utilised in the manufacture of further products as inputs thereto then the tax on these goods gets adjusted which are finished subsequently. Thus, a right accrued to the assessee on the date when they paid the tax on the raw materials or the inputs and that right would continue until the facility available thereto gets worked out or until those goods existed.”

Notably, the Supreme Court in addition to the above also held that provision for facility of credit is as good as tax paid till tax is adjusted on future goods on the basis of the several commitments which would have been made by the assessee concerned.

5. **R.R. Distributors Pvt. Ltd v. Commissioner Of Central Tax, GST [W.P. (C) 4143 of 2020, dated 27-5-2021]**

Very recently i.e. on 27-5-2021, Hon’ble Delhi High Court in this case aptly held that the non-filing of part 7B of table 7(a) and table 7(d) of TRAN-1 Form cannot impair the rights of the petitioner to claim transitional ITC, if he is otherwise eligible. The Hon’ble Court further noted that failure on the part of the Petitioner to give relevant details in TRAN-1 Form can only be taken as a procedural lapse which should not cause any impediment to its right to claim transitional ITC. In view thereof, the Court directed the Respondents to either open the online portal so as to enable the Petitioner to file the rectified TRAN-1 Form electronically or accept the same manually with necessary corrections, on or before 30th June 2021.

1. Key Highlights of Section 74A and Section 50

Section 74A (Effective 1-11-2024)

This new section consolidates and simplifies the process of determining tax liabilities, including cases of:

- Tax not paid or short paid,
- Erroneous refund,
- Input Tax Credit (ITC) wrongly availed or utilized.

Key Features:

1. Uniform Time Limits:
 - Notice Issuance: Within 42 months from the due date of furnishing the annual return or from the date of erroneous refund.
 - Order Issuance: Within 12 months from the date of notice, extendable by 6 months.
2. Penalty Provisions:
 - Without Fraud: Higher of 10% of tax due or ₹10,000.
 - With Fraud: Penalty escalates based on the stage of payment:
 - 15% of tax (voluntary payment before notice).
 - 25% of tax (payment within 60 days of notice).
 - 50% of tax (payment within 60 days of order).

Section 50 (Interest on Delayed Payment)

1. Interest Rates:

- Delayed Payment of Tax: 18% per annum.
- Wrongful ITC Utilization: 24% per annum.

2. Clarification on Electronic Cash Ledger (ECL):

- Interest is payable only on the portion of tax that is not available in the ECL on or before the due date.

2. Detailed Practical Examples

Example 1: Non-Fraudulent Case (Short Payment of Tax)

Scenario:

- Taxpayer: XYZ Pvt. Ltd.
- Tax Period: May 2025.
- Tax Liability: ₹5,00,000.
- Tax Paid: ₹4,50,000 (short payment of ₹50,000).
- Due Date for GSTR-3B: June 20, 2025.
- Actual Payment Date: August 10, 2025.
- Notice Issued: None (voluntary payment before detection).

Step-by-Step Process:

1. Interest Calculation:

- Shortfall: ₹50,000.
- Interest Rate: 18% per annum.
- Delay: From June 21, 2025 to August 10, 2025 = 51 days.
- Interest: $₹50,000 \times 18\% \times (51 \div 365) = ₹1,258.90$.

2. Penalty:

- Since the taxpayer voluntarily paid the shortfall along with interest before any notice was issued, no penalty is applicable as per Section 74A(8)(i).

Final Payment Breakdown:

- Tax: ₹50,000.
- Interest: ₹1,258.90.
- Penalty: Nil.

If Notice Was Issued:

If the notice had been issued:

- Taxpayer must pay ₹50,000 (tax) + ₹1,258.90 (interest) within 60 days.
- No penalty would still apply if payment is made within this period under Section 74A(8)(ii) (i.e. within sixty days of issue of show cause notice).

Example 2: Fraudulent Case (Wrongful ITC Utilization)**Scenario:**

- Taxpayer: ABC Ltd.
- Financial Year: 2024-25.
- Wrongful ITC Claimed: ₹3,00,000 using fake invoices.
- Detection Date: September 15, 2026.

Step-by-Step Process:

1. Interest Calculation:

- Wrongful ITC: ₹3,00,000.
- Interest Rate: 24% per annum.
- Period: From April 1, 2024, to September 15, 2026 = 898 days.
- Interest: $₹3,00,000 \times 24\% \times (898 \div 365) = ₹1,77,480$.

2. Penalty:

- Since the case involves fraud, the penalty depends on the stage of payment:
- Before Notice Issuance (Subsection 9(i)):
- Penalty = 15% of ₹3,00,000 = ₹45,000.
- Within 60 Days of Notice (Subsection 9(ii)):
- Penalty = 25% of ₹3,00,000 = ₹75,000.
- Post-Order (Subsection 9(iii)):
- Penalty = 50% of ₹3,00,000 = ₹1,50,000.

Final Payment Scenarios:

1. Voluntary Payment Before Notice:

- Tax: ₹3,00,000.
- Interest: ₹1,77,480.
- Penalty: ₹45,000.
- Total: ₹5,22,480.

2. Payment Within 60 Days of Notice:

- Tax: ₹3,00,000.
- Interest: ₹1,77,480.
- Penalty: ₹75,000.
- Total: ₹5,52,480.

3. Post-Order Payment:

- Tax: ₹3,00,000.
- Interest: ₹1,77,480.
- Penalty: ₹1,50,000.
- Total: ₹6,27,480.

3. Summary of Compliance Scenarios

| Type of Case | Interest Rate | Penalty Before Notice | Penalty Within 60 Days of Notice | Penalty After Order |
|----------------|---------------|-----------------------|----------------------------------|---|
| Non-Fraudulent | 18% | Nil | Nil | 10% of Tax or ₹10,000 (whichever is higher) |
| Fraudulent | 24% | 15% of Tax | 25% of Tax | 50% of Tax |

4. Key Learnings

1. Timely Compliance Reduces Costs:
 - Voluntary payment avoids penalties entirely in non-fraudulent cases and minimizes penalties in fraudulent cases.
2. Awareness of Time Limits:
 - Notice must be issued within 42 months, and orders must be issued within 12 months of the notice, extendable by 6 months.
3. Proper ITC Utilization:
 - Avoid wrongful ITC claims as they attract higher interest (24%) and steep penalties (up to 50% of tax due) in cases of fraud.
4. Electronic Cash Ledger (ECL):
 - Maintain sufficient balance in ECL to minimize interest liabilities on late tax payments.

Dispensation of SCN (i.e. SCN not required to issue)

- (a) Once a SCN has been issued, where for normal period or extended period, for subsequent demand period, a statement showing details demand can be served if grounds of demand are same. It means for subsequent period no separate show cause notice is required to issue as per section 73(6) or 74(6) of the CGST Act, 2017.
- (b) In a normal demand case (other than fraud), where assessee on the basis of his own ascertainment or ascertainment of the proper officer pays the tax short levied or short paid etc. along with interest and informs the proper officer in writing, then no SCN will be issued.
- (c) In an extended period demand case (i.e. fraud case), where assessee on the basis of his own ascertainment or ascertainment of the proper officer pays the tax short levied or short paid etc., along with interest with 15% of the amount as penalty and informs the proper officer in writing, then no SCN will be issued.

Clarification on levy of penalty under section 73 of the CGST Act in case of delayed filing of return

Issue: Whether penalty in accordance with section 73(11) of the CGST Act should be levied in cases where the return in Form GSTR-3B has been filed after the due date of filing such return?

Clarification: As per the provisions of section 73(11) of the CGST Act, penalty is payable in case self-assessed tax or any amount collected as tax has not been paid within a period of 30 days from the due date of payment of such tax.

The provisions of section 73(11) of the CGST Act can be invoked only when the provisions of section 73 are invoked and the provisions of section 73 of the CGST Act are generally not invoked in case of delayed filing of the return in FORM GSTR-3B because tax along with applicable interest has already been paid.

It is accordingly clarified that penalty under the provisions of section 73(11) of the CGST Act is not payable in such cases. It is further clarified that since the tax has been paid late in contravention of the provisions of the CGST Act a general penalty under section 125 of the CGST Act may be imposed after following the due process of law.

[Circular No. 76/50/2018-GST, dated 31.12.2018]

Clarification on the legal position of voluntary payment of taxes during the course of inspection, search or investigation:

Under CGST Act, 2017, the taxpayers have an option to make voluntary payment of tax through Form DRC-03. Such voluntary payment of tax before issuance of show cause notice is permitted under section 73(5) and section 74(5) of the CGST Act, 2017. This helps the taxpayers in discharging their admitted liability, self-ascertained or as ascertained by the tax officer, without having to bear the burden of interest under section 50 of CGST Act, 2017 for delayed payment of tax and may also save him from higher penalty imposable on him subsequent to issuance of show cause notice under section 73 or section 74, as the case may be.

Recovery of taxes not paid or short paid, can be made under the provisions of section 79 of CGST Act, 2017 only after following due legal process of issuance of notice and subsequent confirmation of demand by issuance of adjudication order. Therefore, there may not arise any situation where “recovery” of the tax dues has to be made by the tax officer from the taxpayer during the course of search, inspection or investigation, on account of any issue detected during such proceedings. However, the law does not bar the taxpayer from voluntarily making payment of any tax liability ascertained by him or the tax officer in respect of such issues, either before or during the course of such proceedings or subsequently. The tax officer should however, inform the taxpayers regarding the provisions of voluntary tax payments through DRC-03.

The Pr. Chief Commissioners/Chief Commissioners, CGST Zones and Pr. Director General, DGGI are advised that in case, any complaint is received from a taxpayer regarding use of force or coercion by any of their officers for getting the amount deposited during search or inspection or investigation, the same may be enquired at the earliest and in case of any wrongdoing on the part of any tax officer, strict disciplinary action as per law may be taken against the defaulting officers.

[Instruction No. 01/2022-23 [GST-Investigation], dated 25.05.2022]

Case Law

Ansil Ibrahim v. Assistant Commissioner (WP(C) NO. 31165 OF 2023 SEPTEMBER 25, 2023) - HIGH COURT OF KERALA:

Where any person claims that he is eligible for input tax credit under this Act, the burden of proving such claim shall lie on such person... If there is a difference between GSTR 2A and GSTR 3B, then it is for the assessee/dealer to prove his claim of input tax credit by leading cogent and credible evidence for his claim regarding input tax credit.

In the present case, the petitioner, despite show cause notice, chose not to provide any evidence in respect of his claim for the input tax credit, nor did he appear for a hearing on the date fixed. When the petitioner himself has

given up his right to prove his claim for the input tax credit, this Court cannot help such an assessee by entertaining this writ petition.

Amendment to sub-rule (3) to rule 142 [Notice and order for demand of amounts payable under the Act]:

The mention of Form GST DRC-05* as an “order” in the sub-rule is changed to “intimation” to align the same with the content of the said Form.

Proceedings under section 129 and section 130 delinked from proceedings under section 74 of CGST Act, 2017:

Section 74 deals with Determination of tax not paid or short paid or erroneously refunded or input tax credit wrongly availed or utilised by reason of fraud or any willful misstatement or suppression of facts.

w.e.f. 1-1-2022, Section 74 of the CGST Act has been amended so as make seizure (section 129) and confiscation of goods and conveyances (section 130) in transit a separate proceeding from recovery of tax.

This makes detention, seizure and confiscation of goods and conveyances in transit a separate proceeding from recovery of tax.

Important points:

- (a) A summary of demand has to be furnished electronically in Form GST DRC-01 along with SCN simultaneously. In case of extended period a summary of demand has to be furnished electronically in Form GST DRC-02.
- (b) the assessee will reply/make representation against SCN in Form GST DRC-06 within the prescribed time or time as extended.
- (c) A summary of the order issued shall be uploaded electronically in Form GST DRC-07, specifying therein the amount of tax, interest and penalty payable by the person chargeable with tax. This order shall be treated as Recovery Notice.

- (d) Cross empowerment between CGST and SGST/UTGST officers has been done so as to ensure that if a proper officer of one Act (say CGST Act, 2017) passes an order with respect to a transaction, he will also act as the proper officer of SGST for the same transaction and issue the order with respect to the CGST as well as the SGST/UTGST component of the same transaction.

Self-assessed tax to include tax payable on outward supplies furnished in GSTR-1 but not included in return under Section 39 of the CGST Act, 2017:

General provisions relating to determination of tax section 75, An explanation has been inserted in sub-section (12) of section 75 of the CGST Act to clarify that “self-assessed tax” shall include the tax payable in respect of outward supplies, the details of which have been furnished under section 37 (output tax liability GSTR-1), but not included in the return furnished under section 39 (payment of tax GSTR-3B).

Example 1: a typographical error/wrongly reported details in GSTR-1 or GSTR-3B which may be rectified in subsequent GSTR_1 or GSTR-3B.

Example 2: where a supply could not be declared in GSTR-1 of an earlier tax period, though the tax on the same was paid by correctly reporting the same in GSTR-3B of said tax period; details may now be reported in the GSTR-1 of the current tax period.

Therefore, in case of mis-match between GSTR-1 and GSTR-3B, the proper officer may first send a communication to the registered person to pay the self-assessed tax short paid /not paid, or to explain the reasons for the same, within a reasonable time prescribed in the communication.

Recovery proceedings under section 79 will be initiated by the proper officer only when the said person either (i) fails to reply to the proper officer, or (ii) fails to make the payment of such amount short paid/not paid within the prescribed time or (iii) fails to explain the reasons for such amount short paid/not paid (instruction No. 01/2022-GST, dated 07/01/2022).

Serving of the summary of notice in FORM GST DRC-01 and uploading of summary of order in FORM GST DRC-07 electronically on the portal by the proper officer (vide CBIC Instruction No. 04/2023-GST dt. 23.11.2023):

Non-issuance of the summary of such notices/ orders electronically on the portal is in clear violation of the explicit provisions of CGST Rules. Further, to keep track of the proceedings and consequential action in respect of recovery, appeal etc, subsequent to issuance of notices/ orders, the proper officers have been directed:

- to serve summary of the notice required to be issued under sections 52, 73, 74, 122, 123, 124, 125, 127, 129 and 130 of the CGST Act, 2017 in Form DRC-01 as required under rule 142(1), electronically on the common portal, and
- to issue summary of the orders required to be issued in sections 52, 62, 63, 64, 73, 74, 75, 76, 122, 123, 124, 125, 127, 129 and 130 of the CGST Act, 2017 in Form DRC-07 as prescribed under rule 142(5), electronically on the common portal.

CBIC Clarification pertaining to cases where it is concluded that the notice issued under section 74(1) not sustainable for reason that the charges of fraud etc. not been established against the notice and tax payable being determined deeming as if the notice was issued under section 73(1).

Circular No. 185/17/2022-GST dt. 27.12.2022 has been issued to clarify issues with regard to applicability of provisions of section 75(2) as under:

| S.No. | Issue | Clarification |

| 1. | In some of the cases where the show cause notice has been issued by the proper officer to a noticee under sub-section (1) of section 74 of CGST Act for demand of tax not paid/ short paid or erroneous refund or input tax credit wrongly availed or utilized, the appellate authority or appellate tribunal or the court concludes that the said notice is not sustainable under sub-section (1) of section 74 of CGST Act for the reason that the charges of fraud or any wilful-misstatement or suppression of facts to evade tax have not been established against the noticee and directs the proper officer to re-determine the amount of tax payable by the noticee, deeming the notice to have been issued under sub-section (1) of section 73 of CGST Act, in accordance with the provisions of sub-section (2) of section 75 of CGST Act. Accordingly, in cases where any direction is issued by the appellate authority or appellate tribunal or the court to re-determine the amount of tax payable by the noticee by deeming the notice to have been issued under sub-section (1) of section 73 of CGST Act in accordance with the provisions of sub-section (2) of section 75 of the said Act, the proper officer is required to issue the order of redetermination of tax, interest and penalty payable within the time limit as specified in under sub-section (3) of section 75 of the said Act, i.e. within a period of two years from the date of communication of the said direction by appellate authority or appellate tribunal or the court, as the case may be. |
| 2. | How the amount payable by the noticee, deeming the notice to have been issued under sub-section (1) of section 73, shall be re-computed/ re-determined by the proper officer as per provisions of sub-section (2) of section 75? | <ul style="list-style-type: none"> In cases where the amount of tax, interest and penalty payable by the noticee is required to be re-determined by the proper officer in terms of sub-section (2) of section 75 of CGST Act, the demand would have to be re-determined keeping in consideration the provisions of sub-section (2) of section 73, read with sub-section (10) of section 73 of CGST Act. Sub-section (1) of section 73 of CGST Act provides for issuance of a show cause notice by the proper officer for tax not paid or short paid or erroneously refunded, or where input tax credit has been wrongly availed or utilized, in cases which do not involve fraud or wilful misstatement or suppression of facts to evade tax. Sub-section (2) of section 73 of CGST Act provides that such show cause notice shall be issued at least 3 months prior to the time limit specified in sub-section 10 of section 73 for issuance of order. As per sub-section (9) of section 73 of CGST Act, the proper officer is required to determine the tax, interest and penalty due from the noticee and issue an order. As per sub-section (10) of section 73 of CGST Act, an order under sub-section (9) of section 73 has to be issued by |

Thus, only the amount of tax short paid or not paid, or input tax credit wrongly availed or utilized, along with interest and penalty payable, in terms of section 73 of CGST Act relating to such financial years can be re-determined, where show cause notice was issued within 2 years and 9 months from the due date of furnishing of annual return for the respective financial year. Guidelines for initiation of recovery proceedings before three months from the date of service of demand order- vide CBIC Instruction Circular No. 01/2024-GST (Dated 30.05.2024)

The CGST Act mandates that after the issue of demand notice, recovery proceedings should be initiated by the proper officer if an assessee fails to pay the due amount within three months from the date of the order as it is so interpreted from the act. In exceptional cases, to protect revenue interests, the proper officer may recover the dues in less than three months, for reasons to be recorded in writing. If the assessee does not pay within this period or within three months, the proper officer may proceed with recovery under Section 79(1) of the CGST Act.

CBIC had observed instances where some field formations initiated recovery before the three-month period without the necessary written justification. To ensure uniform implementation of the law, the Board clarified that, according to Circular No. 3/3/2017-GST dated July 5, 2017, the jurisdictional Deputy or Assistant Commissioner of Central Tax is responsible for recovery under Section 79 of the Act. For early recovery, the Deputy or Assistant Commissioner must place the matter before the jurisdictional Principal Commissioner/Commissioner of Central Tax with reasons. The Principal Commissioner/Commissioner must then record written reasons for requiring early payment and issue directions accordingly, considering the taxable person's financial health and business status. These directions should not be issued mechanically but only when necessary to safeguard revenue interests due to specific circumstances based on credible evidence. This is in line with the board's intention to balance the interests of revenue with the ease of doing business

Therefore, this circular will be helpful for the cases where the department has arbitrarily initiated recovery proceedings in pursuance of the demand order before giving statutory period of three months.

Practical Example:

1. Scenario:

- A taxpayer receives a demand order on March 1, 2024, confirming a GST liability of ₹5,00,000.
- The three-month statutory appeal period ends on May 31, 2024.

2. Standard Case:

- The taxpayer does not appeal and does not pay by May 31, 2024.
- Recovery proceedings begin on June 1, 2024, as per the standard rule.

3. Exceptional Case:

- The proper officer finds evidence that the taxpayer is liquidating assets to evade payment.
- The Deputy Commissioner presents this case to the Principal Commissioner, who records written reasons for initiating early recovery (e.g., on April 15, 2024).
- Recovery proceedings are approved and begin before May 31, 2024, to protect revenue.

This circular ensures that recovery proceedings are conducted lawfully, with proper justification and in a taxpayer-friendly manner.

CBIC Launches Second All-India Drive Against Fake GST Registrations;

CBIC's Instruction No. 02/2024-GST (dated 12.08.2024) initiates a Special All-India Drive (August 16 to October 15, 2024) to detect and act against fake GSTINs. Building on the 2023 drive, this initiative focuses on safeguarding GST integrity, verifying suspicious registrations, and preventing revenue loss by ensuring only legitimate entities remain registered.

Implementation of Special Drive Against Fake GST Registrations

CBIC Instruction No. 03/2024-GST Dated 14th August 2024:

Application of Para 2(g) of Instruction No. 01/2023-24-GST (Inv.) Dated 30-03-2024 in Audit Matters

Objective:

The CBIC has directed that Para 2(g) of Instruction No. 01/2023-24-GST (Inv.) (aimed at ensuring ease of doing business) be applied in audit matters by CGST Audit (Pr.) Commissioners.

Key Points of Para 2(g):

1. Scenarios Covered:

- When a CGST investigation or audit involves issues arising from:
- Interpretation of the CGST Act, Rules, notifications, or circulars.
- A prevalent trade practice in a sector/industry, leading to multiple interpretations and potential litigation or changes in practice.

Summary of the CBIC Instruction No. 04/2024-GST (CBIC) dated 04-10-2024, has announced systemic revisions to ease the mapping and de-mapping of officers on the GSTN portal.:

1. Purpose:

- Streamline mapping and de-mapping of GST officers on the GSTN portal to improve efficiency, reduce errors, and prevent delays in assessments, audits, and compliance tasks.

2. Key Issues:

- Delayed de-mapping of officers after transfers led to errors, including fraudulent GST refunds.
- Mismatches between officer postings on the portal and actual jurisdictions disrupted workflow and compliance processes.

3. Recommendations by Directorate General of Vigilance (DGoV):

- Officers must be promptly de-mapped from their positions on the GSTN portal after completing GFR-33.
Note: The Directorate General of Vigilance (DGoV) reported cases where officers who were not promptly de-mapped from the GSTN portal after being relieved from their duties engaged in fraudulent activities, including the sanctioning of illegal GST refunds.
- Supervisory officers (Joint/Additional Commissioners) should monitor the process, ensuring compliance.
- Compliance reports should be submitted to jurisdictional Commissioners within a set timeframe.

4. Action Required:

- Principal Commissioners/Commissioners must ensure strict adherence to these instructions and assign clear accountability for mapping and de-mapping officers on the GSTN portal.

- In rule 142 (2), for the words, letters and figures “he shall inform the proper officer of such payment in FORM GST DRC-03 and the proper officer shall issue an acknowledgement, accepting the payment made by the said person in FORM GST DRC– 04”, the words, letters and figures “he shall inform the proper officer of such

- (iii) New sub-rule 2B inserted in Rule 142:

Where an amount of tax, interest, penalty or any other amount payable by a person under section 52 or section 73 or section 74 or section 76 or section 122 or section 123 or section 124 or section 125 or section 127 or section 129 or section 130, has been paid by the said person through an intimation in FORM GST DRC-03 under sub-rule (2), instead of crediting the said amount in the electronic liability register in FORM GST PMT-01 against the debit entry created for the said demand, the said person may file an application in FORM GST DRC-03A electronically on the common portal, and the amount so paid and intimated through FORM GST DRC-03 shall be credited in Electronic Liability Register in FORM GST PMT-01 against the debit entry created for the said demand, as if the said payment was made towards the said demand on the date of such intimation made through FORM GST DRC-03:

Provided that where an order in FORM GST DRC-05 has been issued in terms of sub-rule (3) concluding the proceedings, in respect of the payment of an amount in FORM GST DRC-03, an application in FORM GST DRC-03A cannot be filed by the said person in respect of the said payment.

Example: Application of Sub-Rule 2B of Rule 142 under CGST Rules

Scenario:

M/s ABC Pvt. Ltd., a taxpayer under GST, was issued a show cause notice under Section 73 of the CGST Act, 2017, for short payment of tax amounting to ₹5,00,000. To settle the demand and avoid further penalties, the company voluntarily deposited ₹5,00,000 through FORM GST DRC-03 on 15th December 2024, without waiting for an official order to be issued.

Later, the department issued a demand order on 20th December 2024, creating a debit entry in the Electronic Liability Register (FORM GST PMT-01). However, the tax amount already paid by M/s ABC Pvt. Ltd. was not automatically adjusted against this debit entry.

Steps Taken by M/s ABC Pvt. Ltd.:

1. To adjust the ₹5,00,000 already paid through FORM GST DRC-03 against the demand reflected in FORM GST PMT-01, M/s ABC Pvt. Ltd. filed an application electronically in FORM GST DRC-03A on the GST portal.
2. This application requested that the previously paid amount be credited in the Electronic Liability Register (PMT-01) against the debit created for the demand.

Outcome:

- Upon submission of FORM GST DRC-03A, the GST portal verified and credited the amount of ₹5,00,000 already paid in FORM GST DRC-03 to the Electronic Liability Register (PMT-01) as if the payment was made on the date of intimation (15th December 2024).
- M/s ABC Pvt. Ltd. avoided making duplicate payments and complied with the provisions.

Important Note (Proviso to Sub-Rule 2B):

If the tax officer had issued FORM GST DRC-05 (concluding the proceedings after payment via FORM GST DRC-03), M/s ABC Pvt. Ltd. could not file FORM GST DRC-03A for the said payment. Thus, FORM GST DRC-03A is only applicable when proceedings are still ongoing, and no conclusion order has been issued.

Rule 142(3) Revised w.e.f. 1-11-2024 (vide Notification No. 20/2024 C.T. Dated 8-10-2024]

“Where the person chargeable with tax makes payment of tax and interest under sub-section (8) of section 73 or under clause (ii) of sub-section (8) of section 74A, as the case may be, or tax, interest and penalty under sub-section (8) of section 74 or under clause (ii) of sub-section (9) of section 74A, as the case may be, within the period specified therein, or where the person concerned makes payment of the amount referred to in sub-section (1) of section 129 within seven days of the notice issued under subsection (3) of that Section but before the issuance of order under the said sub-section (3), he shall intimate the proper officer of such payment in FORM GST DRC-03 and the proper officer shall issue an intimation in FORM GST DRC-05 concluding the proceedings in respect of the said notice.”;

Example: Detention and Payment of Penalty Under Section 129**Scenario:**

M/s DEF Traders is transporting taxable goods worth ₹10,00,000 from Maharashtra to Gujarat. During transit, the vehicle is intercepted by GST officers, and the consignment is detained due to the absence of a valid e-way bill.

Details of the Case:

1. Goods Value: ₹10,00,000
2. Applicable GST Rate: 18%
 - Tax Payable on Goods = ₹10,00,000 × 18% = ₹1,80,000
3. Penalty (as per Section 129):
 - If owner comes forward: 200% of the tax payable
 - If owner does not come forward: Higher of 50% of the value of goods or 200% of the tax payable

Case 1: Owner Comes Forward

1. Penalty Calculation:
 - 200% of the tax payable = 200% × ₹1,80,000 = ₹3,60,000
2. Total Amount Payable:
 - Penalty: ₹3,60,000
3. Steps Taken by M/s DEF Traders:
 - M/s DEF Traders makes the payment of ₹3,60,000 through FORM GST DRC-03 within 7 days of the notice issued in FORM GST MOV-07.
 - They intimate the proper officer about the payment by filing FORM GST DRC-03.
 - Upon verification, the officer issues FORM GST MOV-05 (release of goods) and FORM GST DRC-05 (concluding proceedings).
4. Outcome:
 - Goods and vehicle are released promptly.
 - Proceedings are concluded without further action.

Recovery in installments [Section 80 of the CGST Act, 2017]

- ⦿ In case of default in payment of any one installment on its due date, the whole outstanding balance payable on such date shall become due.
- ⦿ For seeking installment facility, taxable person can file application electronically in Form GST DRC-20.

The installment facility will not be allowed if:

- The taxable person has already defaulted on the payment of any amount under GST law and recovery process is already undergoing;

- The amount for which instalment facility is sought is less than ₹25,000/-.

1. Clarification regarding the treatment of statutory dues under GST law in respect of the taxpayers for whom the proceedings have been finalised under Insolvency and Bankruptcy Code, 2016 (IBC):-

As per Circular No.134/04/2020-GST dated 23rd March, 2020, no coercive action can be taken against the corporate debtor with respect to the dues of the period prior to the commencement of Corporate Insolvency Resolution Process (CIRP). Such dues will be treated as ‘operational debt’ and the claims may be filed by the proper officer before the NCLT in accordance with the provisions of the IBC.

Circular No. 187/19/2022-GST dt. 27.12.2022 has been issued to clarify on the modalities for implementation of the order of the adjudicating authority under IBC, with respect to demand for recovery against such corporate debtor under the CGST Act as well under the existing laws and the treatment of such statutory dues under CGST Act and existing laws, after finalization of the proceedings under IBC, has been issued.

As per section 84 of CGST Act, if the government dues against any person under CGST Act are reduced as a result of any appeal, revision or other proceedings in respect of such government dues, then an intimation for such reduction of government dues has to be given by the Commissioner to such person and to the appropriate authority with whom the recovery proceedings are pending. Further, recovery proceedings can be continued in relation to such reduced amount of government dues.

The word ‘other proceedings’ is not defined in CGST Act. It is to be mentioned that the adjudicating authorities and appellate authorities under IBC are quasi-judicial authorities constituted to deal with civil disputes pertaining to insolvency and bankruptcy. For instance, under IBC, NCLT serves as an adjudicating authority for proceedings which are initiated on application from any stakeholder of the entity like the firm, creditors, debtors, employees etc. and passes an order approving the resolution plan. As the proceedings conducted under IBC also adjudicate the government dues pending under the CGST Act or under existing laws against the corporate debtor, the same appear to be covered under the term ‘other proceedings’ in section 84.

Rule 161 of CGST Rules, 2017 prescribes FORM GST DRC-25 for issuing intimation for such reduction of demand specified under section 84. Accordingly, in cases where a confirmed demand for recovery has been issued by the tax authorities for which a summary has been issued in FORM GST DRC-07/DRC 07A against the corporate debtor, and where the proceedings have been finalised against the corporate debtor under IBC reducing the amount of statutory dues payable by the corporate debtor to the government under CGST Act

or under existing laws, the jurisdictional Commissioner shall issue an intimation in FORM GST DRC-25 reducing such demand, to the taxable person or any other person as well as the appropriate authority with whom recovery proceedings are pending.

Transfer of property to be void in certain cases [Section 81 of the CGST Act, 2017]

Where a person, after any amount has become due from him, creates a charge on or parts with the property belonging to him or in his possession by way of sale, mortgage, exchange, or any other mode of transfer whatsoever of any of his properties in favour of any other person with the intention of defrauding the Government revenue, such charge or transfer shall be void as against any claim in respect of any tax or any other sum payable by the said person:

Provided that, such charge or transfer shall not be void if it is made for adequate consideration, in good faith and without notice of the pendency of such proceedings under this Act or without notice of such tax or other sum payable by the said person, or with the previous permission of the proper officer.

Tax to be first charge on property [Section 82 of the CGST Act, 2017]

Notwithstanding anything to the contrary contained in any law for the time being in force, save as otherwise provided in the Insolvency and Bankruptcy Code, 2016, any amount payable by a taxable person or any other person on account of tax, interest or penalty which he is liable to pay to the Government shall be a first charge on the property of such taxable person or such person.

Provisional attachment to protect revenue in certain cases [Section 83 of the CGST Act, 2017]

(1) Where assessment or adjudication are pending under

Section 62 Assessment of non-filers of returns;

Section 63 assessment of unregistered persons;

Section 64 summary assessment in certain special cases;

Section 73 determination of tax not paid other than fraud;

Section 74 determination of tax not paid by reason of fraud;

The Commissioner for protecting the interest of the Government revenue, by order in writing in Form GST DRC-22 can attach provisionally any property, including bank account, belonging to the taxable person.

(2) Every such provisional attachment shall cease to have effect after the expiry of a period of one year from the date of the order made under sub-section (1).

Amendment of section 83 Provisional Attachment as per Finance Act, 2021 (w.e.f. 1-1-2022):

In section 83 of the Central Goods and Services Tax Act, for sub-section (1), the following sub-section shall be substituted, namely:—

Where, after the initiation of any proceeding under Chapter XII (Advance Ruling), Chapter XIV (i.e. Transitional Provisions) or Chapter XV (i.e. Anti-Profitteering), the Commissioner is of the opinion that for the purpose of protecting the interest of the Government revenue it is necessary so to do, he may, by order in writing, attach provisionally, any property, including bank account, belonging to the taxable person or any person specified in sub-section (1A) of section 122, in such manner as may be prescribed.

Vide this Modification Powers of Provisional attachment of the Commissioner have been extended to proceeding under Chapter XII (Assessment), XIV (Inspection, Search, Seizure and Arrest) or XV (Demands and Recovery)

for attachment of property including bank account belonging to the taxable person / person who has retained benefits of offences under 122(1A) e.g Fake Invoice Transactions, where he feels that provisional attachment is necessary to protect the Interest of the Revenue.

Further, earlier the person whose property is attached could file an objection to such attachment within 7 days of the attachment. However, said provision has been amended by aforesaid notification to provide that the objections to such attachment can be filed at any time. Further, amendment in rule 159 of the CGST Rules, 2017 is also effective from 1-1- 2022. Further, a copy of the order of provisional attachment of the property including bank account shall also be sent to the person whose property is being attached.

w.e.f. 26th October 2023: As per amended Rule 159(2) of the CGST Rules, 2017 The Commissioner shall send a copy of the order of attachment [in FORM GST DRC-22] to the concerned Revenue Authority or Transport Authority or any such Authority to place encumbrance on the said movable or immovable property, which shall be removed only

- on the written instructions from the Commissioner to that effect
- (w.e.f. 26th October 2023, or on expiry of a period of one year from the date of issuance of order under sub-rule (1),

whichever is earlier),

and a copy of such order shall also be sent to the person whose property is being attached under section 83.

The Council has proposed an amendment to sub-rule (2) of Rule 159 within the CGST Rules of 2017, as well as to FORM GST DRC-22. This amendment stipulates that the provisional attachment order in FORM GST DRC-22 will no longer remain valid one year after its issuance. This modification aims to simplify the process of releasing provisionally attached properties without requiring an additional, specific written order from the Commissioner, once the one-year period has elapsed.

As per CBIC Letter F. No. CBEC-20/16/05/2021-GST/359, dated 23-2-2021 - Guidelines:

1. Grounds for provisional attachment of property

- (a) Commissioner must exercise due diligence and duly consider as well as carefully examine all the facts of the case, including the nature of offence, amount of revenue involved, established nature of the business, and extent of investment in capital assets before attaching the property.
- (b) Commissioner must have reasons to believe that the taxable person may dispose of or remove the property if not attached provisionally.
- (c) Commissioner should duly record the 'reasons to believe' on file.
- (d) CBIC has directed that the power of provisional attachment must not be exercised in a routine/mechanical manner and should be based on careful examination of all the facts of the case. It has been mandated that the collective evidence, based on the proceedings/ enquiry conducted in the case, must indicate that prima-facie a case has been made out against the taxpayer, before going ahead with any provisional attachment.
- (e) As the provisional attachment of property may affect the working capital of the taxable person, the investigation and adjudication should be completed at the earliest.

2. Cases fit for provisional attachment of property

Provisional attachment should not be invoked in cases of technical nature and should be resorted to mainly

in cases where there is an evasion of tax or where the wrongful input tax credit (“ITC”) is availed or utilized or wrongfully passed on. Provisional attachment can be resorted to in following cases (illustrative list):

- (a) Where taxable person has supplied any goods or services without issue of any invoice with an intention to evade tax; or
- (b) Where taxable person has issued any invoice without supply; or
- (c) Where taxable person has availed ITC using the invoice or bill issued without any corresponding supply or fraudulently availed ITC without any invoice; or
- (d) Where taxable person has collected any amount as tax but has failed to pay the same to the Government beyond a period of 3 months; or
- (e) Where taxable person has fraudulently obtained refund; or
- (f) Where taxable person has passed on ITC fraudulently to the recipient(s) but has not paid the commensurate tax.

3. Procedure for provisional attachment of property

- (a) Commissioner should duly record the ‘reasons to believe’ on file and pass an order in Form GST DRC-22 with proper Document Identification Number (“DIN”) recording the details of property being attached.
- (b) Copy of order in Form GST DRC-22 to be sent to the concerned revenue authority/transport authority/bank or the relevant authority to place encumbrance on the attached property. The property, thus attached, shall be removed only on the written instructions from the Commissioner.
- (c) Copy of such attachment order shall be provided to the taxable person as early as possible so that objections, if any, to the said attachment can be made by the taxable person within 7 days.
- (d) If such objection is filed by the taxable person, Commissioner should provide an opportunity of being heard. After considering the facts presented by the person in his written objection as well as during the personal hearing, if any, the Commissioner should form a reasoned view whether the property is still required to be continued to be attached or not, and pass an order in writing.
- (e) In case, the Commissioner is satisfied that the property was or is no longer liable for attachment, he may release such property by issuing an order in FORM GST DRC- 23.
- (f) Even in cases where objection is not filed within the time prescribed under Rule 159(5) of CGST Rules i.e. 7 days, the Commissioner should pass a reasoned order.
- (g) Each such provisional attachment shall cease to have effect after the expiry of a period of one year from the date of the order of attachment.
- (h) In case the attached property is of perishable/hazardous nature, then such property shall be released to the taxable person by issuing order in FORM GST DRC-23, after taxable person pays an amount equivalent to the market price of such property or the amount that is or may become payable by the taxable person, whichever is lower, and submits proof of payment.
- (i) In case the taxable person fails to pay the said amount, then the perishable/hazardous property may be disposed of and the amount recovered from such disposal of property shall be adjustable against the tax, interest, penalty, fee or any other amount payable by the taxable person.
- (j) Further, the sale proceeds thus obtained must be deposited in the nearest Government Treasury or branch of any nationalised bank in fixed deposit and the receipt thereof must be retained for record, so that the same can be adjusted against the amount determined to be recoverable from the said taxable person.

4. Types of property that can be attached

- (a) Value of property attached should not be excessive and should be reasonable to the estimated amount of pending revenue. More than one property can be attached.
- (b) Provisional attachment can be made only of the property belonging to the taxable person, against whom the proceedings under Section 83 of the Act are pending.
- (c) Movable property should normally be attached only if the immovable property, available for attachment, is not sufficient to protect the interests of revenue.
- (d) As far as possible, it should also be ensured that such attachment does not hamper normal business activities of the taxable person. This would mean that raw materials and inputs required for production or finished goods should not normally be attached by the Department.
- (e) In cases where the movable property, including bank account, belonging to a taxable person has been attached, such movable property may be released if taxable person offers any other immovable property which is sufficient to protect the interest of revenue.

5. Attachment period:

- (a) Every provisional attachment shall cease to have effect after the expiry of a period of ONE Year from the date of the provisional attachment order.
- (b) Besides, the provisional attachment order shall also cease to have effect if an order in Form GST DRC-23 for release of such property is made by the Commissioner.

6. Investigation and Adjudication:

- (a) The investigation and adjudication are completed at the earliest, well within the period of attachment, so that the due liability of tax as well as interest, penalty etc., arising upon adjudication can be recovered from the said taxable person and the purpose of attachment is achieved.
- (b) Where the property to be provisionally attached consists of the share or interest of the concerned taxable person in property belonging to him and another as co-owners, the provisional attachment shall be made by order to the concerned person prohibiting him from transferring the share or interest or charging it in any way.

7. Property exempt from attachment:

All such property as is by the Code of Civil Procedure, 1908 exempt from attachment and sale for execution of a Decree of a Civil Court shall be exempt from provisional attachment.

Case Law:

Judgment of the Hon'ble Supreme Court in the case of Northern Operating Systems Private Limited (NOS) not to be made applicable to all cases universally (vide CBIC Instruction No. 05/2023-GST dt. 13.12.2023):

Parties Involved: Commissioner of Customs, Central Excise, and Service Tax, Bangalore (Adj.) vs. Northern Operating Systems Private Limited (NOS).

• Background:

- NOS, an Indian company, received seconded employees from its overseas group company.
- The employees continued to be on the payroll of the overseas company but worked under the control and supervision of NOS in India.

- The Hon'ble Supreme Court examined whether this arrangement constituted a taxable service.
- **Issue:** Whether the secondment of employees from an overseas group company to an Indian entity is a taxable service of "manpower supply" and liable to Service Tax?.

Decision by the Hon'ble Supreme Court

- The Court held that the secondment of employees from the overseas group company to NOS:
 - Constituted a 'manpower supply service', as the employees were made available to NOS in exchange for consideration.
 - Was therefore liable to Service Tax under the Finance Act, 1994.

CBIC Instruction No. 05/2023-GST (13.12.2023)

- **Post-Supreme Court Judgment:**
 - GST proceedings were initiated under Section 74(1) of the CGST Act, 2017 for alleged tax evasion due to non-payment of GST on similar secondment arrangements.
- **Clarification by CBIC:**
 - Secondment arrangements vary based on contractual terms and conditions.
 - The NOS judgment should not be applied universally to all cases without analyzing the specifics of each arrangement.
 - GST liability depends on the precise nature of the transaction and whether it qualifies as "manpower supply."

Instruction Regarding Section 74(1)

- Section 74(1) cannot be invoked merely for non-payment of GST unless there is:
 - Fraud,
 - Willful misstatement, or
 - Suppression of facts to evade tax.
 - Investigating officers must ensure:
 - There is material evidence of fraud or suppression before invoking Section 74(1).
 - Such evidence should be explicitly included in the show cause notice.

Conclusion

- The NOS judgment is relevant for determining taxability in cases involving secondment of employees.
- However, it should not be applied mechanically to all secondment arrangements.
- Proper investigation and evidence are required before invoking penal provisions under Section 74(1).

Assessment means determination of tax liability and includes—

- ⦿ self-assessment,
- ⦿ final assessment,
- ⦿ re-assessment,

Therefore, in case of mismatch between GSTR-1 and GSTR-3B, the proper officer may first send a communication to the registered person to pay the self-assessed tax short paid /not paid, or to explain the reasons for the same, within a reasonable time 23prescribed in the communication.

Recovery proceedings under section 79 will be initiated by the proper officer only when the said person either (i) fails to reply to the proper officer, or (ii) fails to make the payment of such amount short paid/not paid within the prescribed time or (iii) fails to explain the reasons for such amount short paid/not paid (instruction No. 01/2022 GST dated 07/01/2022).

Final Assessment

If the department accept the self-assessment, it will become final assessment.

Re-assessment

If department noticed any discrepancies, it will become re-assessment.

Provisional assessment (Section 60 of the CGST Act, 2017)

The Asst. Commissioner/Dy. Commissioner of Central Tax provisionally determines the amount of tax payable by the supplier and is subject to final determination.

On provisional assessment, the supplier can pay tax on provisional basis but only after he executes a bond with security, binding them for payment of the difference between the amount of tax as may be finally assessed and the amount of tax provisionally assessed. [Section 60(2) of the CGST Act, 2017]

Time limit to finalise provisional assessment [Section 60(3) of the CGST Act, 2017]

The proper officer shall, within a period not exceeding 6 months from the date of the communication of the order issued under section 60(1), pass the final assessment order after taking into account such information as may be required for finalizing the assessment.

Extension of time limit

Proviso to section 60(3) of the CGST Act, 2017 on sufficient cause being shown and for reasons to be recorded in writing, be extended by the Joint Commissioner or Additional Commissioner for a further period not exceeding 6 months and by the Commissioner for such further period not exceeding 4 years.

On finalization of the provisional assessment, any amount that has been paid on the basis of such assessment is to be adjusted against the amount that has been finally determined as payable. In case of short payment, the same has to be paid with interest and in case of excess payment, the same will be refunded with interest. [Section 60(4)/(5) of the CGST Act, 2017]

Interest liability

In case any tax amount becomes payable subsequent to finalization of the provisional assessment, then interest at the specified rate will also be payable by the supplier from the first day after the due date of payment of the tax till the date of actual payment, whether such amount is paid before or after the issuance of order for final assessment.

In case any tax amount becomes refundable subsequent to finalization of the provisional assessment, then interest (subject to the eligibility of refund and absence of unjust enrichment) at the specified rate will be payable to the supplier.

M/s Ram Ltd. manufactured and cleared goods under provisional assessment, in the month of July 20XX, by paying tax of ₹50,000 on the 20th August 20XX [i.e. due date of filing GSTR-3B], a further tax of ₹90,000 is paid on the 15th November, 20XX, and on the same day the documents for final assessment are submitted by the assessee. Final assessment order is issued on the 18th November 20XX, assessing the tax payable on goods as ₹1,50,000, and consequently the assessee paid a tax of ₹10,000 on the 30th November 20XX. Find the total interest payable by the assessee?

Solution:

No interest shall be payable on ₹50,000.

Interest shall be payable on ₹90,000 from the 21st August 20XX to 15th November 20XX.

Therefore No. of days delay = 87 days.

Interest shall be payable on ₹10,000 from the 21st August 20XX to 30th November 20XX as due date for payment of tax of ₹1,50,000 is the 20th August 20XX.

Therefore, No. of days delay = 102 days.

$$₹90,000 \times 18/100 \times 87/365 = ₹ 3,861$$

$$₹10,000 \times 18/100 \times 102/365 = ₹ 503$$

$$\text{Total interest payable} = ₹ 4,364$$

Anna & Sons has entered into a contract to supply two consignments of certain taxable goods. However, since it is unable to determine the value of the goods to be supplied by it, it applies for payment of tax on such goods on a provisional basis along with the required documents in support of its request.

On 12.01.20XX, the Assistant Commissioner of Central Tax issues an order allowing payment of tax on provisional basis indicating the value on the basis of which the assessment is allowed on provisional basis and the amount for which the bond is to be executed and security is to be furnished.

Anna & Sons complies with the same and supplies both the consignments of goods on 25.01.20XX thereafter paying the tax on provisional basis in respect of both the consignments on 19.02.20XX.

Consequent to the final assessment order passed by the Assistant Commissioner of Central Tax on 21.03.20XX, a tax of ₹1,80,000 becomes due on 1st consignment whereas a tax of ₹4,20,000 becomes refundable on 2nd consignment.

Anna & Sons pays the tax due on 1st consignment on 09.04.20XX and applies for the refund of the tax on 2nd consignment same day. Tax was actually refunded to it on 05.06.20XX.

Determine the interest payable and receivable, if any, by Anna & Sons in the above case.

Solution:

In the given case, due date for payment of tax on goods cleared on 25.01.20XX under provisional assessment is 20.02.20XX.

In view of the provisions of section 60(4), in the given case, Anna & Sons is liable to pay following interest in respect of 1st consignment:

$$= ₹1,80,000 \times 18\% \times 48/365$$

$$= ₹4,261 \text{ (rounded off)}$$

Further, section 60(5) of the CGST Act, 2017 stipulates that where the tax liability as per the final assessment is less than in provisional assessment i.e. tax becomes refundable consequent to the order of final assessment, the registered person shall be paid interest at the rate specified under section 56 [6% p.a.] from the date immediately after the expiry of 60 days from the date of receipt of application under section 54(1) till the date of refund of such tax.

However, since in the given case, refund has been made (05.06.20XX) within 60 days from the date of receipt of application of refund (09.04.20XX), interest is not payable to Anna & Sons on tax refunded in respect of 2nd consignment.

- (6) On executing the bond, the process of the provisional assessment is complete and the supplier can supply the goods or services or both and pay the tax at the rate or on the value that has been indicated in the order in FORM GST ASMT-04.
- (7) The provisional assessment will be finalized, within a period not exceeding six months from the date of issuance of FORM GST ASMT-04.
- (8) The Asst. Commissioner/Dy. Commissioner of Central Tax will issue a notice in FORM GST ASMT-06, calling for information and records required for finalization of assessment and shall issue a final assessment order, specifying the amount payable by the registered person or the amount refundable, if any, in FORM GST ASMT-07.
- (9) Once the order in FORM GST ASMT-07 is issued, the supplier has to file an application in FORM GST ASMT-08 for the release of the security furnished.
- (10) On receipt of this application the Asst. Commissioner/Dy. Commissioner of Central Tax will issue an order in FORM GST ASMT-09 within a period of seven working days from the date of the receipt of the application, releasing the security after the amount payable if any as specified in FORM GST ASMT-07 has been paid.

Standard Operating Procedure (SOP) for scrutiny of returns for FY 2019-20 and onwards (vide Instruction No. 02/2023-GST dt. 26.05.2023)

Instruction No. 02/2022- GST dated 22nd March 2022 was issued to provide a SOP for scrutiny of returns under section 61 of the CGST Act as an interim measure till the time a Scrutiny Module for online scrutiny of returns is made available on the ACES-GST application. DG Systems has now developed functionality “Scrutiny of Returns”, containing the online workflow for scrutiny of returns in the CBIC ACES-GST application. The GSTINs selected for scrutiny for the Financial Year 2019-20 have also been made available on the scrutiny dashboard of the proper officers on ACES-GST application. In view of this, the SOP for scrutiny of returns provided in the Instruction No. 02/2022-GST dated 22nd March 2022 stands modified to the following extent in respect of scrutiny of returns for financial years 2019-20 onwards:

The details of GSTINs selected for scrutiny for a financial year will be made available by DGARM through DG Systems on the scrutiny dashboard of the concerned proper officer of Central Tax on ACES-GST application. The GSTIN in respect of which risk has been identified, the amount of tax/ discrepancy involved (i.e., likely revenue implication) will be shown on the scrutiny dashboard of the proper officer.

2. Scrutiny Schedule

The proper officer, with the approval of the divisional Assistant / Deputy Commissioner, shall finalize a month-wise scrutiny schedule in respect of GSTINs selected for scrutiny. - At this stage, the proper officer is expected to rely upon the information available with him on records. As far as possible, scrutiny of returns should have minimal interface between the proper officer and the registered person and, there should normally not be any need for seeking documents/ records from the taxpayers before issuance of FORM GST ASMT-10.
- The proper officer shall issue a notice to the registered person in FORM GST ASMT-10 through the scrutiny functionality on ACES-GST application informing him of the discrepancies noticed and seeking

his explanation thereto. The notice in FORM ASMT-10 issued through scrutiny functionality on ACES-GST application shall be communicated by the system to the concerned registered person through common portal. As far as possible, the proper officer shall quantify the amount of tax, interest and any other amount payable in relation to such discrepancies after considering payment, if any, already made by the registered person through Form DRC-03. The proper officer shall mention the parameter-wise details of the discrepancies noticed and shall also upload the worksheets and annexures, if any. A single compiled notice in FORM GST ASMT-10 shall be issued to the taxpayer for all returns pertaining to the financial year under scrutiny.

- The registered person may accept the discrepancy communicated to him in ASMT-10 and pay the tax, interest and any other amount arising from such discrepancy and inform the same or may furnish an explanation for the discrepancy in FORM GST ASMT-11 to the proper officer.
- If the explanation furnished by the registered person or the information submitted in respect of acceptance of discrepancy and payment of dues is found to be acceptable by the proper officer, he shall conclude the proceedings by informing the registered person in FORM GST ASMT-12.
- In case no satisfactory explanation is furnished by the registered person in FORM GST ASMT-11 within a period of thirty days of being informed by the proper officer or such further period as may be permitted by him or where the registered person, after accepting the discrepancies, fails to pay the tax, interest and any other amount arising from such discrepancies, the proper officer, may proceed to determine the tax and other dues under section 73 or section 74.
- For proceeding under section 73 or section 74, monetary limits as specified in Circular No. 31/05/2018-GST dated 9th February 2018 shall be adhered to. However, if the proper officer is of the opinion that the matter needs to be pursued further through audit or investigation to determine the correct liability of the said registered person, then he may take the approval of the jurisdictional Principal Commissioner / Commissioner through the divisional Assistant / Deputy Commissioner, through e-file or other suitable mode, for referring the matter to the Audit Commissionerate or anti-evasion wing of the Commissionerate, as the case may be.

As per Section 62 of the CGST Act, 2017 (i.e. assessment of non-filers of return) provides for best judgment assessment where a registered person fails to furnish the return even after the service of a notice and pass order taking into account all the relevant material which is available or which he has gathered within a period of five years from the due date of filing annual return. Similar provision exists for unregistered persons under Section 63 of the CGST Act, 2017.

Amendment of Section 62. Assessment of non-filers of returns.-

(1) Notwithstanding anything to the contrary contained in section 73 or section 74 [or section 74A inserted w.e.f. 1-11-2024, F.A. 2024 Dt. 16-8-2024], where a registered person fails to furnish the return under section 39 or section 45, even after the service of a notice under section 46, the proper officer may proceed to assess the tax liability of the said person to the best of his judgement taking into account all the relevant material which is available or which he has gathered and issue an assessment order within a period of five years from the date specified under section 44 for furnishing of the annual return for the financial year to which the tax not paid relates.

Appeals under GST

A person who is aggrieved by a decision or order passed against him by an adjudicating authority, can file an appeal to the Appellate Authority (i.e. Commissioner (Appeals) also in short called as AA). It is important to note that it is only the aggrieved person who can file the appeal. Also, the appeal must be against a decision or order passed under the Act.

It is to be noted that no appeals whatsoever can be filed against the following orders:—

- (a) Board can fix monetary limits below which no departmental appeal would be filed with respective authorities.
- (b) An order of the Commissioner or other authority empowered to direct transfer of proceedings from one officer to another officer;
- (c) An order pertaining to the seizure or retention of books of account, register and other documents; or
- (d) An order sanctioning prosecution under the Act; or
- (e) An order passed under section 80 (payment of tax in installments).

Important definitions

Section 2(8) of the CGST Act, 2017 “Appellate Authority” means an authority appointed or authorised to hear appeals as referred to in section 107;

Section 2(9) of the CGST Act, 2017 “Appellate Tribunal” means the Goods and Services Tax Appellate Tribunal constituted under section 109;

Section (24) of the CGST Act, 2017 “Commissioner” means the Commissioner of central tax and includes the Principal Commissioner of central tax appointed under section 3 and the Commissioner of integrated tax appointed under the Integrated Goods and Services Tax Act;

Section 2(99) of the CGST Act, 2017 “Revisional Authority” means an authority appointed or authorised for revision of decision or orders as referred to in section 108;

Right to appeal against an adverse decision or order is a statutory right available with all assesseees under any law and GST law also. However, this right is not an absolute right and is conditioned by fetters of timely filing of appeal and mandatory payment of part dues as pre-deposit. Under GST regime the taxable supplies of goods or services are attracting the levy which is being leviable by both Central Tax and State Tax.

Illustration 9

Person aggrieved should approach both the authorities of Central and State for exercising the right of appeal?

Solution:

As per CBIC clarification the answer to this question is NO.

The Act makes provisions for cross empowerment between CGST and SGST/UTGST officers so as to ensure that if a proper officer of one Act (say CGST) passes an order with respect to a transaction, he will also act as the proper officer of SGST for the same transaction and issue the order with respect to the CGST as well as the SGST/UTGST component of the same transaction. The Act also provides that where a proper officer under one Act (say CGST) has passed an order, any appeal/review/revision/rectification against the said order will lie only with the proper officers of that Act only (CGST Act).

So also if any order is passed by the proper officer of SGST, any appeal/review/revision/rectification will lie with the proper officer of SGST only.

Reduction of Government Litigation – fixing monetary limits for filing appeals or applications by the Department before GSTAT, High Courts and Supreme Court (vide CBIC Circular No. 207/1/2024-GST dated 26th June 2024):

The Board, on recommendations of the GST Council, fixes the following monetary limits below which appeal or application or Special Leave Petition, as the case may be, shall not be filed by the Central Tax Officers before GSTAT, High Court and Supreme Court under the provisions of CGST Act, subject to few exclusions.

| Appellate Forum | Monetary Limit (amount involved in ₹) |
|-----------------|---------------------------------------|
| GSTAT | 20,00,000/- |
| High Court | 1,00,00,000/- |
| Supreme Court | 2,00,00,000/- |

While determining whether a case falls within the above monetary limits or not, the following principles are to be considered:

- Where the dispute pertains to demand of tax (with or without penalty and/or interest), the aggregate of the amount of tax in dispute (including CGST, SGST/UTGST, IGST and Compensation Cess) only shall be considered while applying the monetary limit for filing appeal.
- Where the dispute pertains to demand of interest only, the amount of interest shall be considered for applying the monetary limit for filing appeal.
- Where the dispute pertains to imposition of penalty only, the amount of penalty shall be considered for applying the monetary limit for filing appeal.
- Where the dispute pertains to imposition of late fee only, the amount of late fee shall be considered for applying the monetary limit for filing appeal.
- Where the dispute pertains to demand of interest, penalty and/or late fee (without involving any disputed tax amount), the aggregate of amount of interest, penalty and late fee shall be considered for applying the monetary limit for filing appeal.

- vi. Where the dispute pertains to erroneous refund, the amount of refund in dispute (including CGST, SGST/UTGST, IGST and Compensation Cess) shall be considered for deciding whether appeal needs to be filed or not.
- vii. Monetary limit shall be applied on the disputed amount of tax/interest/penalty/late fee, as the case may be, in respect of which appeal or application is contemplated to be filed in a case.
- viii. In a composite order which disposes more than one appeal/demand notice, the monetary limits shall be applicable on the total amount of tax/interest/penalty/late fee, as the case may be, and not on the amount involved in individual appeal or demand notice.

However, these limits will not be applicable in the following cases:

1. Where any provision of the CGST Act or SGST/UTGST Act or IGST Act or GST (Compensation to States) Act has been held to be ultra vires to the Constitution of India; or
2. Where any Rules or regulations made under CGST Act or SGST/UTGST Act or IGST Act or GST (Compensation to States) Act have been held to be ultra vires the parent Act; or
3. Where any order, notification, instruction, or circular issued by the Government or the Board has been held to be ultra vires of the CGST Act or SGST/UTGST Act or IGST Act or GST (Compensation to States) Act or the Rules made thereunder; or
4. Where the matter is related to –
 - a) Valuation of goods or services
 - b) Classification of goods or services
 - c) Refunds
 - d) Place of Supply
 - e) Any other issue
5. Which is recurring in nature and/or involves interpretation of the provisions of the Act /the Rules/ notification/ circular/order/instruction etc; or
6. Where strictures/adverse comments have been passed and/or cost has been imposed against the Government/ Department or their officers; or
7. Any other case or class of cases, where in the opinion of the Board, it is necessary to contest in the interest of justice or revenue.

Examples Applying Monetary Limits for Appeals under GST Law

Example 1: Appeal to GSTAT

- Dispute: A taxpayer is assessed an additional GST liability of ₹18,00,000 (₹12,00,000 tax + ₹3,00,000 interest + ₹3,00,000 penalty).
- Monetary Limit for GSTAT: ₹20,00,000.
- Action:
- The total disputed amount is ₹18,00,000, which is below the monetary limit for GSTAT appeals.

- Decision: The Central Tax Officer cannot file an appeal before GSTAT.

Example 2: Composite Order

- Dispute: A composite order covers multiple demand notices:
 - Demand Notice 1: ₹10,00,000 (tax)
 - Demand Notice 2: ₹25,00,000 (tax)
 - Demand Notice 3: ₹5,00,000 (interest and penalty).
 - Total Disputed Amount: ₹40,00,000.
 - Monetary Limit for GSTAT: ₹20,00,000.
- Action:
 - Since the aggregate amount exceeds ₹20,00,000, an appeal can be filed before GSTAT.

Example 3: Appeal to High Court

- Dispute: A refund of ₹85,00,000 is claimed by a taxpayer but rejected by the Department.
- Monetary Limit for High Court: ₹1,00,00,000.
- Action:
 - The disputed refund amount is ₹85,00,000, which is below the monetary threshold for High Court appeals.
 - Decision: The Department cannot file an appeal before the High Court.

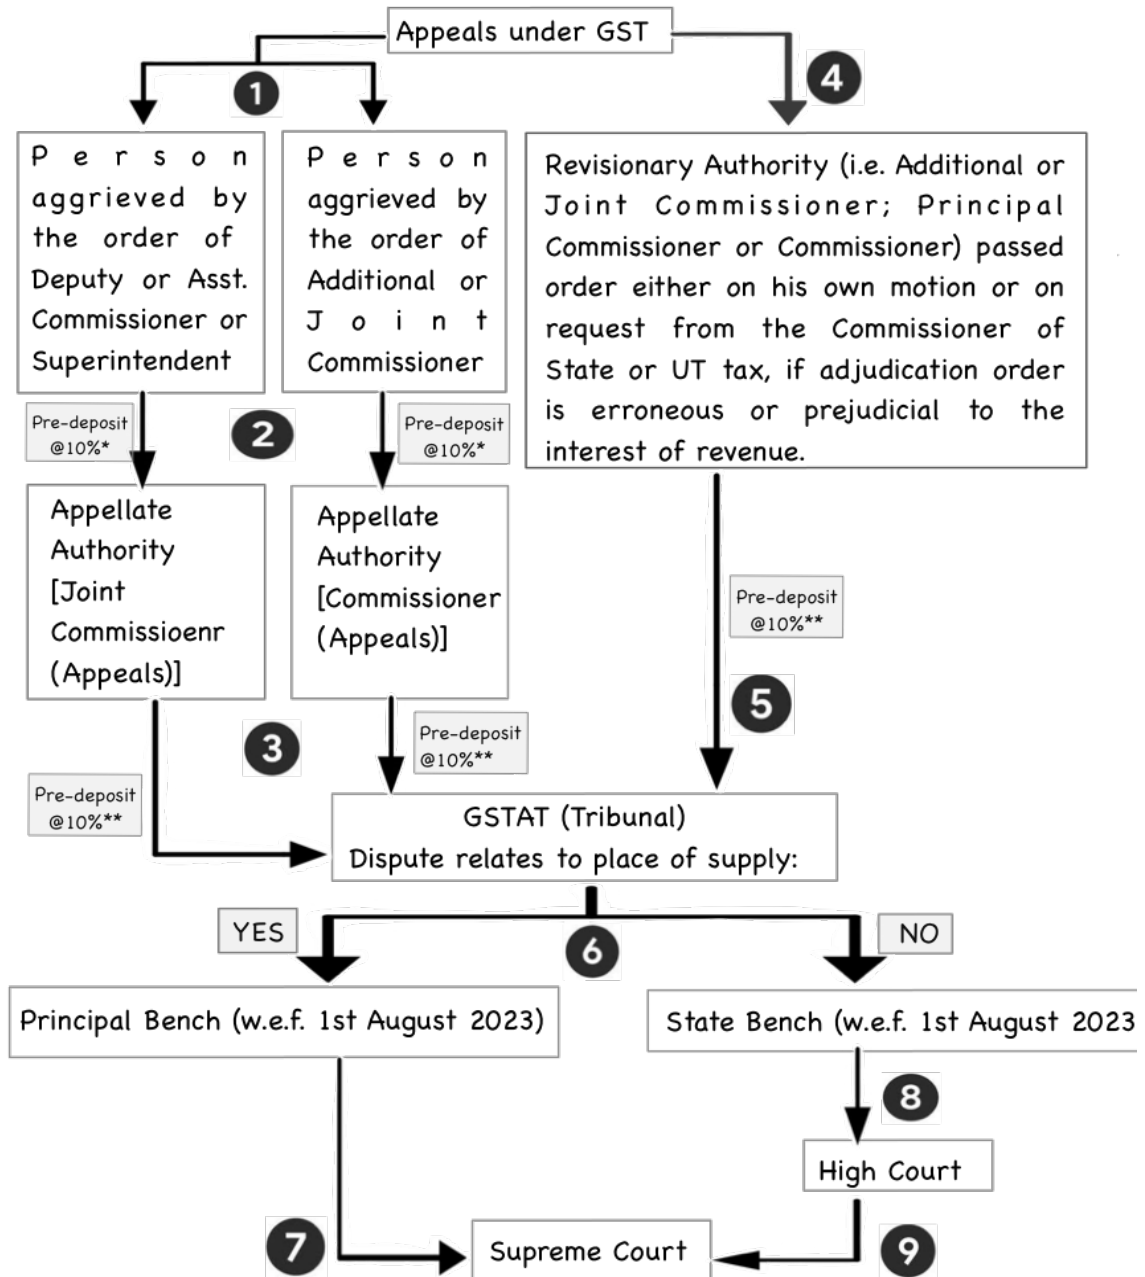

Example 4: Exclusions – Valuation of Goods

- Dispute: A taxpayer disputes the valuation of imported goods, which impacts GST liability of ₹15,00,000.
- Monetary Limit for GSTAT: ₹20,00,000.
- Exclusion: Valuation disputes are excluded from the monetary threshold.
- Action:
 - Despite the amount being below ₹20,00,000, the Department may file an appeal to GSTAT due to the exclusion for valuation issues.

Example 5: Adverse Court Comments

- Dispute: A High Court order involving a GST liability of ₹75,00,000 includes adverse remarks against the Department.
- Monetary Limit for High Court: ₹1,00,00,000.
- Exclusion: Cases involving adverse comments against the Department are excluded from monetary limits.
- Action:
 - The Department may file an appeal to the Supreme Court to contest the adverse remarks, even though the disputed amount is below ₹2,00,00,000.

Circular No. 224/18/2024-GST, issued by the Central Board of Indirect Taxes and Customs (CBIC) on July 11, 2024, provides guidelines for the recovery of outstanding dues in cases where the first appellate authority has confirmed a demand, but the GST Appellate Tribunal is not yet operational:

Key Provisions of the Circular:

1. Inability to File Appeals:

- Taxpayers cannot currently file appeals against orders from the first appellate authority under Section 112 of the CGST Act due to the non-constitution of the GST Appellate Tribunal.

2. Recovery Proceedings:

- Section 78 of the CGST Act mandates the initiation of recovery proceedings if the amount specified in an order is not paid within three months from the date of service of the order.

3. Stay on Recovery:

- Filing an appeal with the requisite pre-deposit under Section 112(8) stays recovery proceedings for the remaining amount until the appeal is resolved, as per Section 112(9).
- Due to the Tribunal's non-operation, taxpayers cannot file such appeals or make the associated pre-deposits, leading to uncertainty regarding the stay on recovery proceedings.

4. Payment of Pre-Deposit Amount:

- Taxpayers intending to appeal can make a payment equivalent to the pre-deposit amount required under Section 112(8).
- This payment can be made through the GST portal by navigating to Services >> Ledgers >> Payment towards demand.
- The payment will be reflected in the Electronic Liability Register (ELL) Part-II, where the taxpayer can select the relevant outstanding demand order.
- The deposited amount will be mapped against the selected order, reducing the outstanding demand accordingly.

5. Effect of Pre-Deposit Payment:

- Once the pre-deposit amount is paid and mapped to the specific demand, recovery proceedings for the remaining balance should be deferred until the Appellate Tribunal becomes operational and the taxpayer can formally file an appeal.

6. Adjustment of Inadvertent Payments:

- If a taxpayer has inadvertently paid an amount intended for the demand through FORM GST DRC-03 under the 'voluntary' or 'others' category, this amount can be adjusted against the pre-deposit required for filing an appeal before the appellate authority under Section 107 or the Appellate Tribunal under Section 112.

Practical Examples Illustrating the Circular:

Example 1: Payment of Pre-Deposit to Defer Recovery Proceedings

• Scenario:

- XYZ Pvt. Ltd. received an order from the first appellate authority confirming a GST demand of ₹10,00,000.
- The company intends to appeal to the GST Appellate Tribunal, but it is currently non-operational.
- To prevent recovery proceedings, XYZ decides to make a pre-deposit payment.

- **Steps Taken by XYZ Pvt. Ltd.:**

1. **Access the GST Portal:**

- Log in to the GST portal.
- Navigate to Services >> Ledgers >> Payment towards demand.

2. **Make the Pre-Deposit Payment:**

- In the Electronic Liability Register (ELL) Part-II, select the relevant outstanding demand order.
- Calculate the pre-deposit amount:
 - As per Section 112(8), the pre-deposit required is 10% (w.e.f. 1-11-2024 as per Finance Act, 2024) of the disputed tax amount.
 - For a demand of ₹10,00,000, the pre-deposit would be ₹1,00,000.
 - Make a payment of ₹1,00,000, which gets mapped against the selected order, reducing the outstanding demand accordingly.

3. **Outcome:**

- With the pre-deposit payment made and mapped, recovery proceedings for the remaining ₹9,00,000 are deferred until the Appellate Tribunal becomes operational and XYZ can formally file an appeal.

Example 2: Adjustment of Inadvertent Payment Made Through FORM GST DRC-03

- **Scenario:**

- ABC Enterprises intended to pay a pre-deposit for an upcoming appeal but inadvertently made a payment of ₹1,50,000 through FORM GST DRC-03 under the 'voluntary' category.
- ABC wishes to adjust this payment against the pre-deposit required for filing an appeal once the Appellate Tribunal is operational.

- **Steps Taken by ABC Enterprises:**

1. **Await FORM GST DRC-03A Availability:**

- Currently, the functionality for FORM GST DRC-03A is not available on the GST portal.
- ABC should monitor updates for when this form becomes available.

2. **Intimate the Proper Officer:**

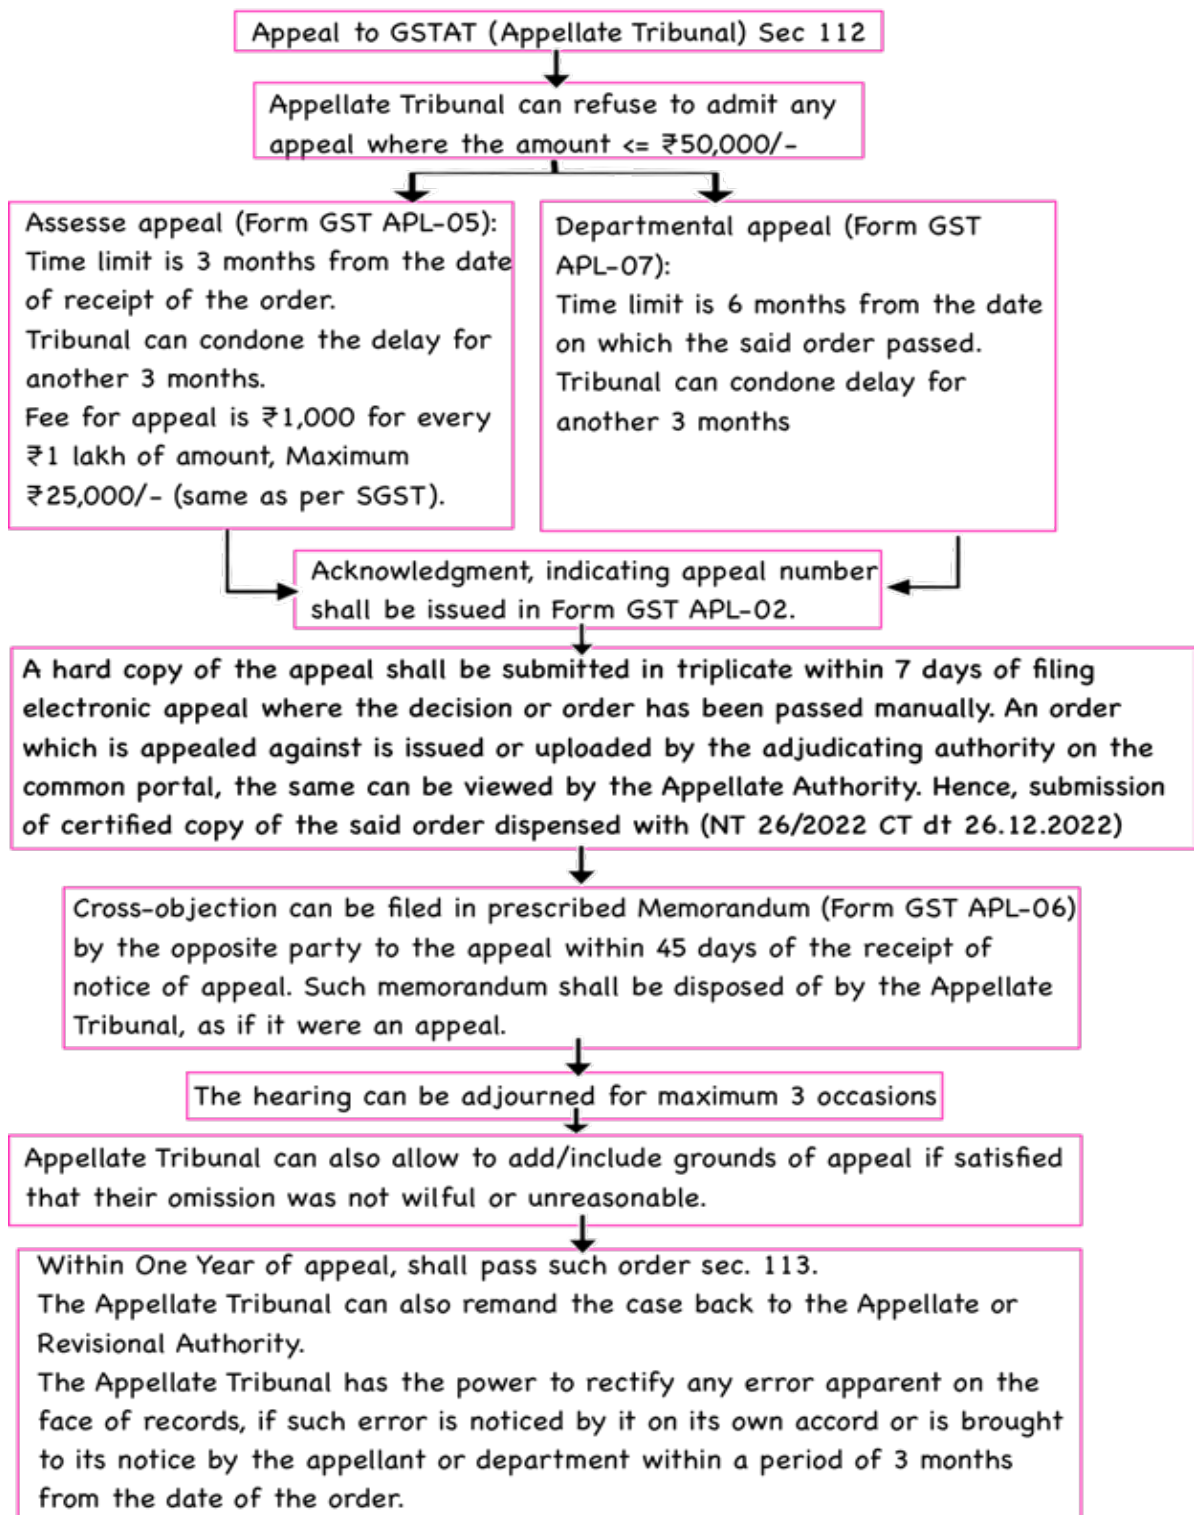

- In the interim, ABC should inform the jurisdictional proper officer about the inadvertent payment and express the intent to adjust it against the pre-deposit for the anticipated appeal.

3. **File FORM GST DRC-03A (Once Available):**

- Upon the availability of FORM GST DRC-03A on the portal, ABC should:
 - File the form electronically, indicating the details of the payment made through FORM GST DRC-03.
 - Request the adjustment of the ₹1,50,000 against the pre-deposit required for the appeal.

4. **Outcome:**

- The amount paid inadvertently will be treated as if it was paid towards the demand on the date of intimation through FORM GST DRC-03A.
- This adjustment will be considered as the pre-deposit required under Section 112(8)

**“Circulars of CBIC v Judgments of the Supreme Court and the High Courts:
Which one is binding on the authorities under the respective statutes?”**

Ratan Melting & Wire Industries v CCE 2008 (231) ELT 22 (SC):

The Supreme Court has held that so far as the clarifications/circulars issued by the Central Government and of the State Government are concerned, they represent merely their understanding of the statutory provisions. They are not binding upon the Court. It is for the Court to declare what the particular provision of statute says and it is not for the Executive. A circular which is contrary to the statutory provisions has really no existence in law.

Therefore, “Circulars issued by the Central Board of Excise and Customs (CBIC), which are contrary to the judgements of the Supreme Court and the High Courts are not binding on the authorities under the respective statutes.”

Circular No. 1006/13/2015-CX, dated 21.09.2015:

In the light of the aforesaid judgment, CBIC, has instructed its officers not to follow the Board Circulars contrary to the judgements of Hon’ble Supreme Court and High Court where Board has decided not to file an appeal on merit as such circulars become non-est in law.

Power of Government to extend time limit in special circumstances [Section 168A]

The Central Government has issued Taxation and Other Laws (Relaxation of Certain Provisions) Ordinance, 2020 on 31.03.2020 which empowers it to extend the due dates for compliances under various tax laws.

The Ordinance has inserted a new section 168A in the CGST Act which enables the Government to extend the time limits provided under the said Act in respect of actions which cannot be completed or complied with due to force majeure. Here, force majeure means war, epidemic, flood, drought, fire, cyclone, earthquake or any other calamity caused by nature affecting the implementations of provisions of the CGST Act. This power can also be exercised retrospectively. The new section has become effective from 31.03.2020.

An advance ruling helps the applicant in planning his activities which are liable for payment of GST, well in advance. It also brings certainty in determining the tax liability, as the ruling given by the Authority for Advance Ruling is binding on the applicant as well as Government Authorities. It thus provides certainty and transparency to a taxpayer with respect to an issue which may potentially cause a dispute with the tax administration.

A legally constituted body called Authority for Advance Ruling (AAR) can give a binding ruling to an applicant who is a registered taxable person or is liable to be registered. The advance ruling given by the Authority can be appealed before an Appellate authority for Advance Ruling (AAAR).

There are timelines prescribed for passing an order by AAR and by AAAR.

What is an Advance Ruling?

It means **knowing the law in advance**.

“Advance ruling” means a decision provided by the Authority or the Appellate Authority to an applicant on matters or on questions specified in sub-section (2) of section 97 or subsection (1) of section 100 of the CGST Act, 2017, in relation to the supply of goods or services or both being undertaken or proposed to be undertaken by the applicant.

The definition of Advance ruling given under the Act is a broad one and an improvement over the existing systems of advance rulings under Customs and Central Excise Laws. Under the present dispensation, advance rulings can be given only on a proposed transaction, whereas **under GST, Advance ruling can be obtained on a proposed transaction as well as a transaction already undertaken by the appellant.**

34.0.2 Objectives of Advance Ruling:

The broad objectives for setting up a mechanism of Advance Ruling are:

- (i) Provide certainty in tax liability in advance in relation to an activity proposed to be undertaken by the applicant;
- (ii) Attract Foreign Direct Investment (FDI)
- (iii) Reduce litigation
- (iv) Pronounce ruling expeditiously in a transparent and inexpensive manner

To whom the Advance Ruling is applicable:

An advance ruling pronounced by AAR or AAAR shall be binding only on the applicant and on the concerned officer or the jurisdictional officer in respect of the applicant.

This clearly means that an advance ruling is not applicable to similarly placed other taxable persons in the State. It is only limited to the person who has applied for an advance ruling.

Example 5

Obama, a non-resident intends to supply taxable services under a joint venture in collaboration with a non-resident but has entertained some doubts about its valuation.

Rafi, Obama's friend, has obtained an 'Advance Ruling' from the Authority for Advance Rulings on an identical point. Obama proposes to follow the same ruling in his case. Obama has sought your advice as his consultant whether he could follow the ruling given in the case of Rafi. Explain with reasons.

Solution:

An advance ruling is binding only on the applicant who has sought it. In the given problem, in view of the aforesaid provision, Obama cannot make use of the advance ruling pronounced in the identical case of his friend, Rafi. Obama should obtain a ruling from the Authority of Advance Ruling by making an application along with a fee of ₹5,000.

Time period for applicability of Advance Ruling:

The law does not provide for a fixed time period for which the ruling shall apply. Instead, it has been provided that advance ruling shall be binding till the period when the law, facts or circumstances supporting the original advance ruling have not changed.

Section 95 of CGST Act, 2017 deals with the provisions of Advance ruling.

In this Chapter, unless the context otherwise requires,—

- (a) "advance ruling" means a decision provided by the Authority or the Appellate Authority (**or the National Appellate Authority w.e.f. 1-8-2019**) to an applicant on matters or on questions specified in sub-section (2) of section 97 or sub-section (1) of section 100, in relation to the supply of goods or services or both being undertaken or proposed to be undertaken by the applicant;
- (b) "Appellate Authority" means the Appellate Authority for Advance Ruling referred to in section 99;
- (c) "applicant" means any person registered or desirous of obtaining registration under this Act;
- (d) "application" means an application made to the Authority under sub-section (1) of section 97;
- (e) "Authority" means the Authority for Advance Ruling referred to in section 96.
- (f) W.e.f. 1-8-2019 "National Appellate Authority" means the National Appellate Authority for Advance Ruling referred to in section 101A.'.

Authority in respect of State and Union Territory

As per Section 96 of CGST Act, 2017 Subject to the provisions of this Chapter, for the purposes of this Act, the Authority for advance ruling constituted under the provisions of a State Goods and Services Tax Act or Union Territory Goods and Services Tax Act shall be deemed to be the Authority for advance ruling in respect of that State or Union territory.

AAR and AAAR

It can be seen that both the Authority for Advance Ruling (AAR) & the Appellate Authority for Advance Ruling (AAAR) is constituted under the respective State/Union Territory Act and not the Central Act.

This would mean that the ruling given by the AAR & AAAR will be applicable only within the jurisdiction of the concerned state or union territory.

It is also for this reason that questions on determination of **place of supply** cannot be raised with the AAR or AAAR.

Application to Authority [Section 97 of CGST Act, 2017]

- (1) An applicant desirous of obtaining an advance ruling under this Chapter may make an application in such form and manner and accompanied by such fee as may be prescribed, stating the question on which the advance ruling is sought.
- (2) The question on which the advance ruling is sought under this Act, shall be in respect of,—
 - ⦿ classification of any goods or services or both;
 - ⦿ applicability of a notification issued under the provisions of this Act;
 - ⦿ determination of time and value of supply of goods or services or both;
 - ⦿ admissibility of input tax credit of tax paid or deemed to have been paid;
 - ⦿ determination of the liability to pay tax on any goods or services or both;
 - ⦿ whether applicant is required to be registered;
 - ⦿ whether any particular thing done by the applicant with respect to any goods or services or both amounts to or results in a supply of goods or services or both, within the meaning of that term.

Advance ruling can be sought ONLY ON THE ABOVE MENTIONED ASPECTS

- (7) A copy of the advance ruling pronounced by the Authority duly signed by the members and certified in such manner as may be prescribed shall be sent to the applicant, the concerned officer and the jurisdictional officer after such pronouncement.

Upon receipt of an application, the AAR shall send a copy of application to the officer in whose jurisdiction the applicant falls and call for all relevant records.

The AAR may then examine the application along with the records and may also hear the applicant. Thereafter he will pass an order either admitting or rejecting the application.

Application for advance ruling will not be admitted in cases where the question raised in the application is already pending or decided in any proceedings in the case of an applicant under any of the provisions of this Act.

If the application is rejected, it should be by way of a speaking order giving the reasons for rejection.

Mr. R owns a sole proprietorship firm, ‘Safe and Super Importers’. Mr. R has never been to any place outside India. The firm proposes to purchase a product. Mr. R is not sure of the correct classification of the product under GST. His Tax Consultant has informed him that the said classification issue has been decided by the GSTAT in a different case. However, Mr. R does not want to take any chances and is desirous of obtaining a ruling from the Authority for Advance Ruling under GST Law with respect to the classification of the product to be purchased by it.

In the light of recent amendments, state whether Safe and Super Importers can seek advance ruling in the present case under the GST?

Solution:

A resident firm can also apply for AAR. The sole proprietorship will have to satisfy the test of residency as per section 2(42) of the Income Tax Act, 1961 to be eligible to apply for an advance ruling.

Therefore, Safe and Super Importers, being a resident proprietorship firm, is an eligible applicant for advance ruling.

Since in the given case, question intended to be raised by Safe and Super Importers is already decided by the GSTAT, advance ruling cannot be sought by it.

Appeals against order of AAR:

If the applicant is aggrieved with the finding of the AAR, he can file an appeal with AAAR. Similarly, if the prescribed or jurisdictional officer of CGST/SGST does not agree with the finding of AAR, he can also file an appeal with AAAR.

The word prescribed officer of CGST/SGST means an officer who has been designated by the CGST/SGST administration in regard to an application for advance ruling.

In normal circumstances, the concerned officer will be the officer in whose jurisdiction the applicant is located. In such cases the concerned officer will be the jurisdictional CGST/SGST officer.

Any appeal must be filed within thirty days from the receipt of the advance ruling.

The appeal has to be in prescribed form and has to be verified in prescribed manner. The format has been prescribed in the Advance Ruling Rules.

The Appellate Authority must pass an order after hearing the parties to the appeal within a period of ninety days of the filing of an appeal. If members of AAAR differ on any point referred to in appeal, it shall be deemed that no advance ruling is issued in respect of the question under appeal.

Rectification of Mistakes:

The law gives power to AAR and AAAR to amend their order to rectify any mistake apparent from the record within a period of six months from the date of the order. Such mistake may be noticed by the authority on its own accord or may be brought to its notice by the applicant or the prescribed or the jurisdictional CGST/SGST officer. If a rectification has the effect of enhancing the tax liability or reducing the quantum of input tax credit, the applicant must be heard before the order is passed.

Section 161 of CGST Act 2017: Rectification of Errors Apparent on the Face of Record (CHAPTER XXI – MISCELLANEOUS):

Without prejudice to the provisions of section 160, and notwithstanding anything contained in any other provisions of this Act, any authority, who has passed or issued any decision or order or notice or certificate or any other document, may rectify any error which is apparent on the face of record in such decision or order or notice or certificate or any other document, either on its own motion or where such error is brought to its notice by any officer appointed under this Act or an officer appointed under the State Goods and Services Tax Act or an officer appointed under the Union Territory Goods and Services Tax Act or by the affected person within a period of three months from the date of issue of such decision or order or notice or certificate or any other document, as the case may be:

Provided that no such rectification shall be done after a period of six months from the date of issue of such decision or order or notice or certificate or any other document:

Provided further that the said period of six months shall not apply in such cases where the rectification is purely in the nature of correction of a clerical or arithmetical error, arising from any accidental slip or omission:

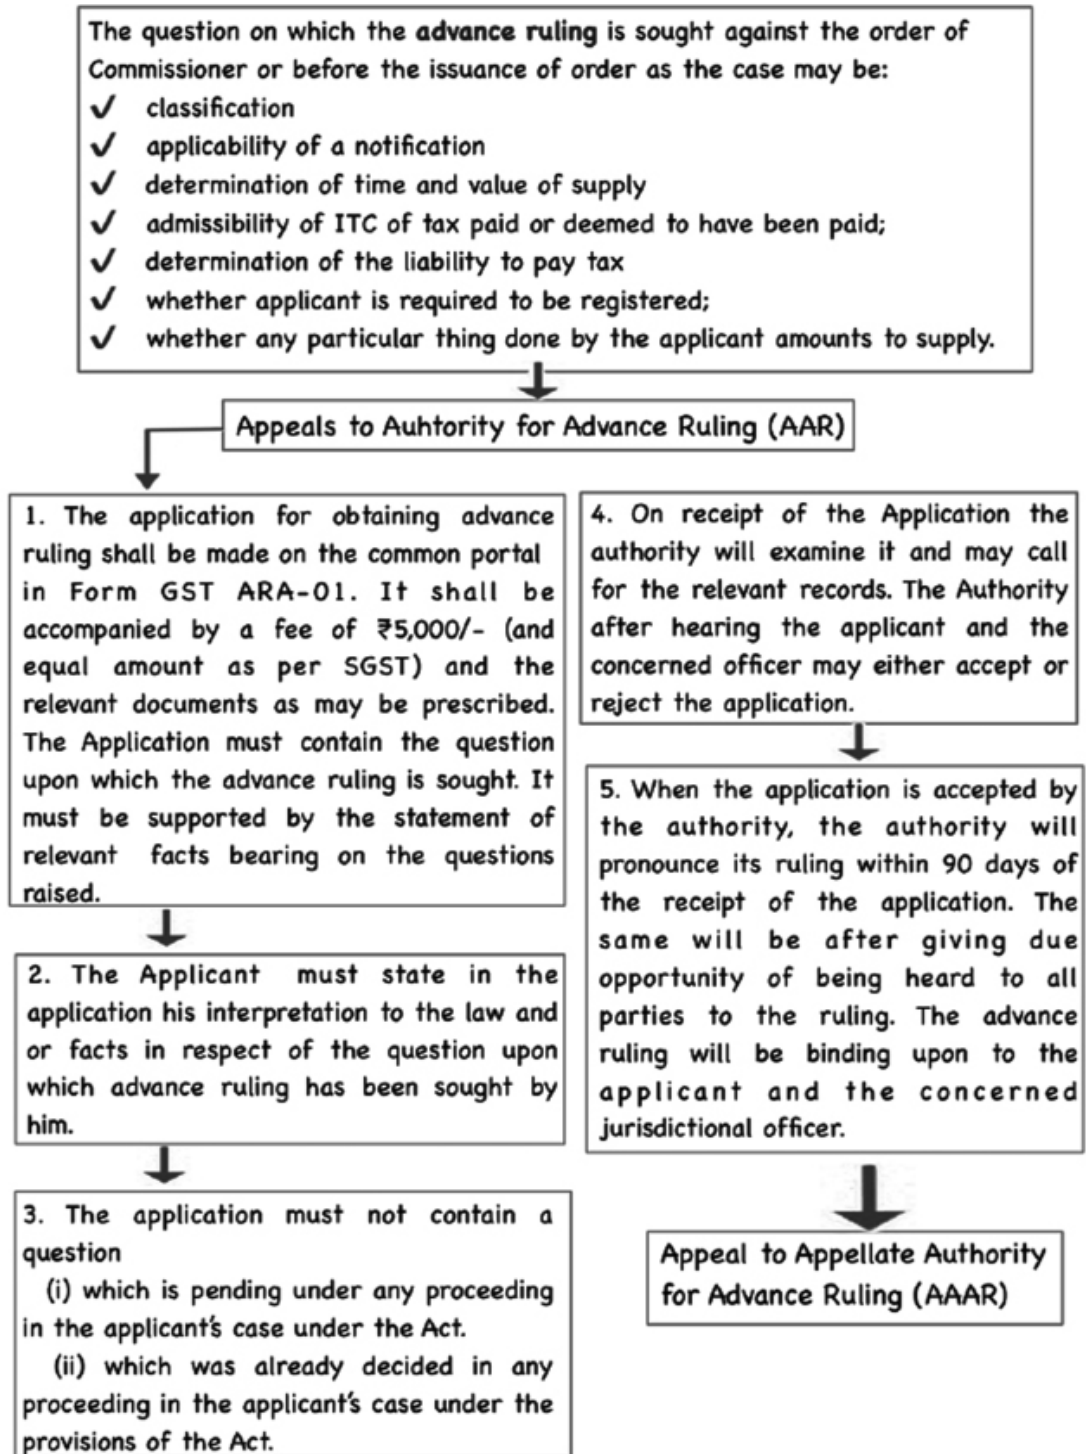

Provided also that where such rectification adversely affects any person, the principles of natural justice shall be followed by the authority carrying out such rectification.

Kiran intends to start selling certain goods in Mumbai. However, he is not able to determine

- (i) the classification of the goods proposed to be supplied by him [as the classification of said goods has been contentious] and
- (ii) the place of supply if he supplies said goods from Mumbai to buyers in U.S.

Kiran's tax advisor has advised him to apply for the advance ruling in respect of these issues. He told Kiran that the advance ruling would bring him certainty and transparency in respect of the said issues and would avoid litigation later. Kiran agreed with his view but has some apprehensions.

In view of the information given above, you are required to advise Kiran with respect to following:

- (i) The tax advisor asks Kiran to get registered under GST law before applying for the advance ruling as only a registered person can apply for the same. Whether Kiran needs to get registered?

- (ii) Can Kiran seek advance ruling to determine (a) the classification of the goods proposed to be supplied by him and (b) the place of supply, if he supplies said goods from Mumbai to buyers in U.S.?
- (iii) Kiran is apprehensive that if at all advance ruling is permitted to be sought, he has to seek it every year. Whether Kiran's apprehension is correct?
- (iv) The tax advisor is of the view that the order of Authority for Advance Ruling (AAR) is final and is not appealable. Whether the tax advisor's view is correct?
- (v) Rahim - Kiran's friend - is a supplier registered in Mumbai. He is engaged in supply of the goods, which Kiran proposes to supply at the same commercial level that Kiran proposes to adopt. He intends to apply the classification of the goods as decided in the advance ruling order to be obtained by Kiran, to the goods supplied by him in Mumbai. Whether Rahim can do so?

Solution:

- (i) Advance ruling under GST can be sought by a registered person or a person desirous of obtaining registration under GST law [Section 95(c) of the CGST Act, 2017]. Therefore, it is not mandatory for a person seeking advance ruling to be registered.
- (ii) Section 97(2) of the CGST Act, 2017 stipulates the questions/matters on which advance ruling can be sought. It provides that advance ruling can be sought for, inter alia, determining the classification of any goods or services or both. Therefore, Kiran can seek the advance ruling for determining the classification of the goods proposed to be supplied by him.

Determination of place of supply is not one of the specified questions/matters on which advance ruling can be sought under section 97(2). Further, section 96 of the CGST Act, 2017 provides that AAR constituted under the provisions of an SGST Act/UTGST Act shall be deemed to be the AAR in respect of that State/Union territory under CGST Act also.

- (iii) Section 103(2) of the CGST Act, 2017 stipulates that the advance ruling shall be binding unless the law, facts or circumstances supporting the original advance ruling have changed. Therefore, once Kiran has sought the advance ruling with respect to an eligible matter/question, it will be binding till the time the law, facts and circumstances supporting the original advance ruling remain same.
- (iv) No, the tax advisor's view is not correct. As per section 100 of the CGST Act, 2017, if the applicant is aggrieved with the finding of the AAR, he can file an appeal with Appellate Authority for Advance Ruling (AAAR). Similarly, if the concerned/ jurisdictional officer of CGST/SGST does not agree with the findings of AAR, he can also file an appeal with AAAR.
- (v) Section 103 of the CGST Act provides that an advance ruling pronounced by AAR is binding only on the applicant who had sought it and on the concerned officer or the jurisdictional officer in respect of the applicant. This implies that an advance ruling is not applicable to similarly placed other taxable persons in the State. It is only limited to the person who has applied for an advance ruling.

Case law:**Global Reach Education Services Pvt. Ltd. (2018) 96 taxmann.com 107 (AAAR-West Bengal)**

Recently, in the case of Global Reach Education Services Pvt Ltd, (2018) 96 taxmann.com 107 (AAAR-West Bengal), the Appellant Authority for Advance Rulings (AAAR), West Bengal has confirmed the decision of Authority for Advance Ruling (AAR), that the services of-

- ⦿ promoting the courses of the foreign university in India;
- ⦿ finding suitable prospective students to undertake the course;
- ⦿ recruiting and
- ⦿ assisting in recruiting the suitable students

shall be treated as intermediary services in terms of Section 2(13) of the IGST Act, 2017, and not 'Export of Services'.

Here, the assessee appealed against the ruling of the AAR, that they are 'intermediary' of the Foreign Universities. The appellant contended that they are providing 'business auxiliary services' to the Foreign Universities rather than intermediary services, as they provide services of promoting and marketing of Foreign Universities courses in India on their own account which does not include the function of an intermediary as to facilitation and arrangement of supply of goods or services between two or more persons.

The AAAR here observed that the in the instant case, the appellant was free to refer students to various foreign universities of its choice. Further, the fee paid to the Appellant was not tied to the promotional activities or expenses incurred to promote the courses of foreign universities but as a percentage of fee paid by the students who got admitted to the universities. Thus, no consideration was paid in spite of incurring expenses by the Appellant for promoting activities of universities, if no student joined the university.

Whereas, in the case of M/s Sunrise Immigration Consultants Private Ltd. v CCE & ST, Chandigarh, cited by the appellant, the AAAR observed that the order passed there by the Tribunal was completely different from this case. As in that case, the tribunal considered the 'intermediary' under Rule 2(f) of the Place of Provision of Service Rules, 2012 (POPS), in relation to 'main service'. Further, the definition of 'intermediary' under Section 2(13) of the IGST Act, is not same as that under Rule 2(f) of the POPS Rules, 2012, in as much as under GST an intermediary is an entity who arranges/facilitates for the supply of services of another entity, which may include the ancillary services, whereas under POPS Rules, the intermediary arranges/facilitates for the provisions of services of the main service provider.

Therefore, the services provided carried out by the appellant would be considered as an intermediary in terms of Section 2(13) of the IGST Act.

Answer the following questions:

- (i) Prathap started supply of goods in Vasai, Maharashtra from 01.01.20XX. His turnover exceeded ₹40 lakh on 25.01.20XX. However, she didn't apply for registration. Determine the amount of penalty, if any, that may be imposed on Prathap on 31.03.20XX, if the tax evaded by her, as on said date, on account of failure to obtain registration is ₹1,26,000. ^[1]_{SEP}
- (ii) Jal, managing director of Technical Tech Ltd., is issued a summon to appear before the central tax officer to produce the books of accounts of Technical Tech Ltd. in an inquiry conducted on said company. Determine the amount of penalty, if any, that may be imposed on Jal, if he fails to appear before the central tax officer.

Solution:

(i) Section 122(1)(xi) of the CGST Act, 2017 stipulates that a taxable person who is liable to be registered under the CGST Act, 2017 but fails to obtain registration shall be liable to pay a penalty of:

(a) ₹10,000 or

(b) an amount equivalent to the tax evaded [₹1,26,000 in the given case],

whichever is higher.

Thus, the amount of penalty that can be imposed on Prathap is ₹1,26,000.

(ii) Section 122(3)(d) of the CGST Act, 2017 stipulates that any person who fails to appear before the officer of central tax, when issued with a summon for appearance to give evidence or produce a document in an inquiry is liable to a penalty which may extend to ₹25,000. Therefore, penalty upto ₹25,000 can be imposed on Jal, in the given case.

As per the Finance Act, 2020, sub-section (1A) inserted in Section 122 of CGST Act, 2017, w.e.f. 1-1-2021:
namely,

Any person who retains the benefit of a transaction covered under clauses (i), (ii), (vii) or clause (ix) of subsection (1) of Section 122 and at whose instance such transaction is conducted, shall be liable to pay penalty of an amount equivalent to the tax evaded or input tax credit availed of or passed on.

Note:

Section 122(1)(i): supplies any goods or services or both without issuance of any invoices or issues an incorrect of false invoice with regard to any such supply;

Section 122(1)(ii): issues any invoice or bill without supply of goods or services or both in violation of the provisions of this Act or the rules made thereunder;

Section 122(1)(ix): takes or distributes ITC in contravention of section 20 of the CGST Act, 2017 or the rules made thereunder.

w.e.f. 1-10-2024 Insertion of new section 122A. After section 122 of the Central Goods and Services Tax Act, the following section shall be inserted, namely:—

“Section 122A. Penalty for failure to register certain machines used in manufacture of goods as per special procedure.

(1) Notwithstanding anything contained in this Act, where any person, who is engaged in the manufacture of goods in respect of which any special procedure relating to registration of machines has been notified under section 148, acts in contravention of the said special procedure, he shall, in addition to any penalty that is paid or is payable by him under Chapter XV or any other provisions of this Chapter, be liable to pay a penalty equal to an amount of one lakh rupees for every machine not so registered.

(2) In addition to the penalty under sub-section (1), every machine not so registered shall be liable for seizure and confiscation:

Provided that such machine shall not be confiscated where—

(a) the penalty so imposed is paid; and

- (b) the registration of such machine is made in accordance with the special procedure within three days of the receipt of communication of the order of penalty.” [Notification No. 16/2024—Central Tax | Dated: 6th August, 2024].

Illustrative Example

- **Scenario:**

- A manufacturer uses 10 machines for producing goods and is required to register these machines as per the special procedure notified under Section 148.
- Out of these, 3 machines were not registered by the due date.

- **Consequences:**

- Penalty: ₹1,00,000 × 3 machines = ₹3,00,000.
- Seizure: The 3 unregistered machines are liable for seizure and confiscation.

- **Avoiding Confiscation:**

- If the manufacturer:
 1. Pays the penalty of ₹3,00,000, and
 2. Registers the 3 unregistered machines within 3 days of receiving the penalty order,then confiscation will not apply, and the machines can continue to be used.

Section 126 of CGST Act, 2017, General disciplines related to penalty:

Section 126(1) of CGST Act, 2017, no officer under this Act shall impose any penalty for minor breaches of tax regulations or procedural requirements and in particular, any omission or mistake in documentation which is easily rectifiable and made without fraudulent intent or gross negligence.

Explanation: For the purpose of this sub-section,—

- (a) a breach shall be considered a ‘minor breach’ if the amount of tax involved is less than ₹5,000;
 - (b) an omission or mistake in documentation shall be considered to be easily rectifiable if the same is an error apparent on the face of record.
- (2) The penalty imposed under this Act shall depend on the facts and circumstances of each case and shall be commensurate with the degree and severity of the breach.
 - (3) No penalty shall be imposed on any person without giving him an opportunity of being heard.
 - (4) The officer under this Act shall while imposing penalty in an order for a breach of any law, regulation or procedural requirement, specify the nature of the breach and the applicable law, regulation or procedure under which the amount of penalty for the breach has been specified.
 - (5) When a person voluntarily discloses to an officer under this Act the circumstances of a breach of the tax law, regulation or procedural requirement prior to the discovery of the breach by the officer under this Act, the proper officer may consider this fact as a mitigating factor when quantifying a penalty for that person.
 - (6) The provisions of this section shall not apply in such cases where the penalty specified under this Act is either a fixed sum or expressed as a fixed percentage.

Illustration 17

Nandini, registered under the CGST Act, 2017 has made a breach in payment of tax amounting to ₹7,200. Assessing authority has imposed a penalty as per law applicable to the breach. Invoking the provisions of Section 126, Nandini argues that it is a minor breach and therefore no penalty is impossible.

In another instance, Nandini has omitted certain details in documentation that is not easily rectifiable. This has occurred due to the gross negligence of his accountant and he makes a plea that he was unaware of it and therefore no penalty should be levied.

Nandini voluntarily writes accepting a major procedural lapse from his side and requests the officer to condone the lapse as the loss caused to the revenue was not significant.

Also a lapse on the part of Nandini has no specific penalty provision under the CGST Act, 2017. He is very confident that no penalty should be levied without a specific provision under this Act.

Discuss, what action may be taken by the Assessing Authority under law for each of the above breaches.

Solution:

As per Section 126(1) a breach shall be considered a 'minor breach' if the amount of tax involved is less than ₹5,000; no penalty is imposed on such minor breach.

In the given case it is ₹7,200, hence, it is not minor breach. Therefore, argument of Nandini is not correct.

As per Section 126(1) of the CGST Act, 2017, an omission or mistake in documentation shall be considered to be easily rectifiable if the same is an error apparent on the face of record and made without fraudulent intent or gross negligence. No penalty is imposed on such omission or mistake in documentation.

In the given case Nandini has omitted certain details in documentation that is not easily rectifiable. Hence, penalty will be imposed.

As per Section 126(5) of CGST Act, 2017, when a person voluntarily discloses to an officer under this Act the circumstances of a breach of the tax law, regulation or procedural requirement prior to the discovery of the breach by the officer under this Act, the proper officer may consider this fact as a mitigating factor when quantifying a penalty for that person.

In the given case proper officer may consider condoning the lapse.

Section 126(6) of CGST Act, 2017, the provisions of this section shall not apply in such cases where the penalty specified under this Act is either a fixed sum or expressed as a fixed percentage. In the given case as per section 126 penalty can be imposed.

Power to impose penalty in certain cases Section 127 of the CGST Act, 2017:

Where the proper officer is of the view that a person is liable to a penalty and the same is not covered under any proceedings under section 62 or section 63 or section 64 or section 73 or section 74 [or section 74A inserted w.e.f. 1-11-2024, F.A. 2024, dt. 16-8-2024] or section 129 or section 130, he may issue an order levying such penalty after giving a reasonable opportunity of being heard to such person.

Power to waive penalty or fee or both Section 128 of the CGST Act, 2017:

The Government may, by notification, waive in part or full, any penalty referred to in section 122 or section 123 or section 125 or any late fee referred to in section 47 for such class of taxpayers and under such mitigating circumstances as may be specified therein on the recommendations of the Council.

New Section 128A. Waiver of interest or penalty or both relating to demands raised under section 73, for certain tax periods (w.e.f 1-11-2024, F.A. 2024, dated 16-8-2024):

- o In cases where the order is passed or required to be passed by the proper officer in pursuance of the direction of the Appellate Authority, Appellate Tribunal, or a court, the due date for payment is the Date ending on completion of six months from the date of issuance of the order by the proper officer redetermining tax under section 73 of the said Act.

GST Circular No. 238/32/2024 (October 15, 2024):

- o On October 15, 2024, the Goods and Services Tax (GST) authorities issued an important circular that provides much-needed clarification on Section 128A of the CGST Act.
- o This circular provides important clarifications about the implementation of Section 128A, confirming that taxpayers must file applications using FORM GST SPL-01 or FORM GST SPL-02 on the common portal to avail of the waiver.
- o The proper officer shall issue an order in FORM GST SPL-05, accepting the said application, if he is satisfied that the applicant is eligible for a waiver of interest or penalty or both under Section 128A. However, if the proper officer, based on the application and the reply in FORM GST SPL-04 received from the taxpayer, is of the view that the applicant is not eligible for a waiver of interest or penalty or both under Section 128A, he shall issue an order in FORM GST SPL-07, rejecting the said application.
- o If the application is rejected, taxpayers may appeal the decision.

GST Advisory (November 8, 2024):

- o The advisory from GSTN elaborates on the procedural aspects of the waiver scheme under Section 128A.
- o As per the waiver scheme, if a notice or order is issued under Section 73 for the financial years 2017-18, 2018-19, and 2019-20, the taxpayers are required to apply FORM GST SPL-01 or FORM GST SPL-02, respectively on the common portal within three months from notified date, which is 31.03.2025.
- o These forms will be available on the common portal tentatively from the first week of January 2025.
- o In the meantime, taxpayers can pay the demanded tax amount through the “payment towards demand” facility in case of demand orders and through Form GST DRC-03 in case of notices. However, if payment has already been done through Form GST DRC-03 for any demand order then the taxpayer needs to link the said Form GST DRC 03 with such demand order through Form GST DRC-03A, which is now available on the common portal.

Question:

Who will be considered as the “owner of the goods” for the purposes of section 129(1) of the CGST Act?

Answer:

As per the CBIC Circular No. 76/50/2018-GST, dated 31st Dec. 2018, It is hereby clarified that if the invoice or any other specified document is accompanying the consignment of goods, then either the consignor or the consignee should be deemed to be the owner. If the invoice or any other specified document is not accompanying the consignment of goods, then in such cases, the proper officer should determine who should be declared as the owner of the goods.

Sec 129(3), The Proper Officer shall issue notice within 7 days of such detention or seizure, specifying the penalty payable, and thereafter pass an order within 7 days from the date of service of such notice, for payment of penalty u/s 129.

Sec 129(6), Where the person transporting any goods or the owner of such goods fails to pay the amount of penalty under sub-section (1) within 15 days from the date of receipt of the copy of the order passed under sub-section (3), the goods or conveyance so detained or seized shall be liable to be sold or disposed of otherwise, in such manner and within such time as may be prescribed in newly inserted rule 144A, to recover the penalty payable under sub-section (3):

Provided that the conveyance shall be released on payment by the transporter of

- ⊙ penalty under sub-section (3) or
- ⊙ one lakh rupees,

whichever is less:

Provided further that where the detained or seized goods are perishable or hazardous in nature or are likely to depreciate in value with passage of time, the said period of fifteen days may be reduced by the proper officer.

As a result, proceedings under section 129 delinked from the proceedings under section 130 of CGST Act, 2017.

Illustration 18

Calculate the amount to be paid for release of goods detained or seized under section 129 of the CGST Act, 2017, if owner of the goods does not come forward for payment of applicable tax and penalty.

| Particulars | Amount in (₹) |
|---------------------------|---------------|
| Value of goods | 15,00,000 |
| GST payable on such goods | 2,70,000 |

Solution:

In the given case, the amount payable under section 129 is ₹7,50,00/-

Penalty only is payable.

$$15,00,000 \times 50\% = 7,50,000$$

Or

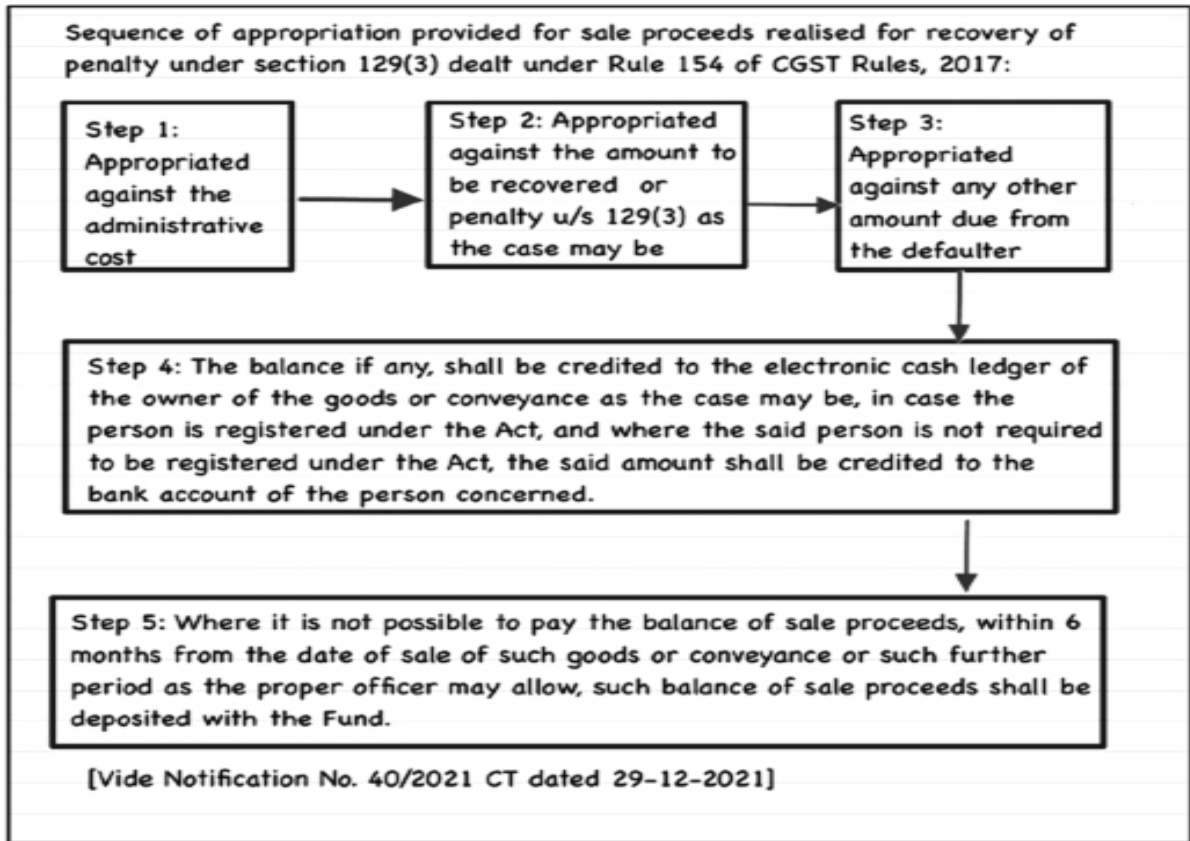

$$2,70,000 \times 200\% = 5,40,000$$

Whichever is higher.

A new rule 144A (Recovery of penalty by sale of goods or conveyance detained or seized in transit) has been inserted with effect from 01.01.2022. The new rule lays down that where the person transporting any goods or the owner of such goods fails to pay the amount of penalty under section 129(1) within fifteen days from the date of receipt of the copy of the order passed under section 129(3), the proper officer shall proceed for sale or disposal of the goods or conveyance so detained or seized by preparing an inventory and estimating the market value of such goods or conveyance.

If the detained or seized goods are perishable or hazardous in nature or are likely to depreciate in value with passage of time, the said period of fifteen days may be reduced by the proper officer. The said goods or conveyance shall be sold through a process of auction, including e-auction.

Sequence of appropriation of sale proceeds realized for recovery of penalty under section 129(3):

- ⦿ Identify inspection, search and seizure under GST
- ⦿ Explain power to arrest under GST
- ⦿ Understand arrest and prosecution under GST

Inspection, Search and Seizure are provided to protect the interest of genuine taxpayers as the Tax evaders by evading the tax get an unfair advantage over the genuine taxpayers. These provisions are also required to safeguard and protect interest of revenue. It is well-settled law that search and seizure being an encroachment on the fundamental right of citizen which adversely affects his/her reputation and paralyze his/her business. Therefore, while exercising such powers, the authorities should be rather careful and cautious and must exercise it strictly under the authority of the law.

Thus, to ensure that these provisions are used very carefully, effectively and the rights of taxpayers are also protected, it is stipulated that Inspection, Search or Seizure can only be carried out by a proper officer, not below the rank of Joint Commissioner under GST law, only when such proper officer has 'reasons to believe' regarding the existence of such exceptional circumstances.

Inspection, Search, Seizure (Section 67 of CGST Act, 2017)

The term ‘**Inspection**’ has not been specifically defined in GST. Inspection is a softer provision than search which enables officers to access any place of business of a taxable person or of a person engaged in transporting goods or who is an owner or an operator of a warehouse or godown,

The term ‘**Search**’ has not been specifically defined in GST. Search in simple language, denotes an action of government machinery to go, look through or examine carefully a place, area, person, object etc. in order to find something concealed or for the purpose of discovering evidence of an offence or a crime.

The term ‘**seizure**’ has not been specifically defined in GST. In legal parlance, seizure is the act of taking over something or someone by force through legal process, such as the seizure of evidence found at the scene of a crime. It generally implies taking possession forcibly against the wishes of the owner.

Under GST, inspection, as well as search, can be carried out only after authorization by a proper officer not below the rank of Joint Commissioner and such proper officer must have reason to believe for the existence of exceptional circumstances to justify invoking provisions of Search and Seizure. Sections 67 to 72 of the CGST Act read with rules 139 to 141 of CGST Rules deal with powers and procedure of Inspection, Search & Seizure.

It is imperative to mention here that application of the provisions of the Code of Criminal Procedure arises only when the premises are searched and not inspected.

As per Section 67(1) of the CGST Act, 2017, Where the proper officer, not below the rank of Joint Commissioner, has reasons to believe that-

- (a) a taxable person has suppressed any transaction relating to supply of goods or services or both or the stock of goods in hand, or has claimed input tax credit in excess of his entitlement under this Act or has indulged in contravention of any of the provisions of this Act or the rules made thereunder to evade tax under this Act; or
- (b) any person engaged in the business of transporting goods or an owner or operator of a warehouse or a godown or any other place is keeping goods which have escaped payment of tax or has kept his accounts or goods in such a manner as is likely to cause evasion of tax payable under this Act, he may authorize in writing any other officer of central tax to inspect any places of business of the taxable person or the persons engaged in the business of transporting goods or the owner or the operator of warehouse or godown or any other place.

section 67(1) read with Rule 139 of the CGST Rules envisage procedural aspects of Inspection, Search and Seizure. Rule 139 of the CGST Rules are as follows:

- “(1) Where the proper officer not below the rank of a Joint Commissioner has reasons to believe that a place of business or any other place is to be visited for the purposes of inspection or search or, as the case may be, seizure in accordance with the provisions of section 67, he shall issue an authorisation in FORM GST INS-

01 authorising any other officer subordinate to him to conduct the inspection or search or, as the case may be, seizure of goods, documents, books or things liable to confiscation.

- (2) Where any goods, documents, books or things are liable for seizure under sub-section (2) of section 67, the proper officer or an authorised officer shall make an order of seizure in FORM GST INS-02.
- (3) The proper officer or an authorised officer may entrust upon the owner or the custodian of goods, from whose custody such goods or things are seized, the custody of such goods or things for safe upkeep and the said person shall not remove, part with, or otherwise deal with the goods or things except with the previous permission of such officer.
- (4) Where it is not practicable to seize any such goods, the proper officer or the authorised officer may serve on the owner or the custodian of the goods, an order of prohibition in FORM GST INS-03 that he shall not remove, part with, or otherwise deal with the goods except with the previous permission of such officer.
- (5) The officer seizing the goods, documents, books or things shall prepare an inventory of such goods or documents or books or things containing, inter alia, description, quantity or unit, make, mark or model, where applicable, and get it signed by the person from whom such goods or documents or books or things are seized.”

It is pertinent to note that, section 67(1) categorically provides that Inspection can be at the place of business of the assessee. It further needs to be noted here that section 2(85) of the CGST Act defines the phrase ‘place of business’ which reads as follows:

“place of business” includes—

- (a) a place from where the business is ordinarily carried on, and includes a warehouse, a godown or any other place where a taxable person stores his goods, supplies or receives goods or services or both; or
- (b) a place where a taxable person maintains his books of account; or
- (c) a place where a taxable person is engaged in business through an agent, by whatever name called;”

Definition of the place of business is inclusive which includes godown or any other place where a taxable person stores his goods or maintains his books of accounts or place of agent. Accordingly, if books of accounts are being maintained or kept at residence of director or any other key managerial person the same may be treated as place of business and inspection can be carried out there as well.

The Hon’ble Gujarat High Court, in the case of **Patran Steel Rolling Mill v. Assistant Commissioner of State Tax** [2019] 101 taxmann.com 80 (Guj.) held that provision of section 67, should not be exercised as a matter of course, but only after due application of mind to the relevant factors.

As per Section 67(2) of the CGST Act, 2017, Where the proper officer, not below the rank of Joint Commissioner, either pursuant to an inspection carried out under sub-section (1) or otherwise, has reasons to believe that any goods liable to confiscation or any documents or books or things, which in his opinion shall be useful for or relevant to any proceedings under this Act, are secreted in any place, he may authorise in writing any other officer of central tax to search and seize or may himself search and seize such goods, documents or books or things:

Provided that where it is not practicable to seize any such goods, the proper officer, or any officer authorised by him, may serve on the owner or the custodian of the goods an order that he shall not remove, part with, or otherwise deal with the goods except with the previous permission of such officer:

Provided further that the documents or books or things so seized shall be retained by such officer only for so long as may be necessary for their examination and for any inquiry or proceedings under this Act.

As per Section 67(3) of the CGST Act, 2017, The documents, books or things referred to in sub-section (2) or

any other documents, books or things produced by a taxable person or any other person, which have not been relied upon for the issue of notice under this Act or the rules made thereunder, shall be returned to such person within a period not exceeding thirty days of the issue of the said notice.

As per Section 67(4) of the CGST Act, 2017, The officer authorised under sub-section (2) shall have the power to seal or break open the door of any premises or to break open any almirah, electronic devices, box, receptacle in which any goods, accounts, registers or documents of the person are suspected to be concealed, where access to such premises, almirah, electronic devices, box or receptacle is denied.

As per Section 67(5) of the CGST Act, 2017, The person from whose custody any documents are seized under sub-section (2) shall be entitled to make copies thereof or take extracts therefrom in the presence of an authorised officer at such place and time as such officer may indicate in this behalf except where making such copies or taking such extracts may, in the opinion of the proper officer, prejudicially affect the investigation.

As per Section 67(6) of the CGST Act, 2017, The goods so seized under sub-section (2) shall be released, on a provisional basis, upon execution of a bond and furnishing of a security, in such manner and of such quantum, respectively, as may be prescribed or on payment of applicable tax, interest and penalty payable, as the case may be.

Provided that the period of six months may, on sufficient cause being shown, be extended by the proper officer for a further period not exceeding six months.

As per Section 67(8) of the CGST Act, 2017, The Government may, having regard to the perishable or hazardous nature of any goods, depreciation in the value of the goods with the passage of time, constraints of storage space for the goods or any other relevant considerations, by notification, specify the goods or class of goods which shall, as soon as may be after its seizure under sub-section (2), be disposed of by the proper officer in such manner as may be prescribed.

As per Section 67(9) of the CGST Act, 2017, Where any goods, being goods specified under sub-section (8), have been seized by a proper officer, or any officer authorised by him under sub-section (2), he shall prepare an inventory of such goods in such manner as may be prescribed.

As per Section 67(10) of the CGST Act, 2017, The provisions of the Code of Criminal Procedure, 1973, relating to search and seizure, shall, so far as may be, apply to search and seizure under this section subject to the modification that sub-section (5) of section 165 of the said Code shall have effect as if for the word “Magistrate”, wherever it occurs, the word “Commissioner” were substituted.

As per Section 67(11) of the CGST Act, 2017, Where the proper officer has reasons to believe that any person has evaded or is attempting to evade the payment of any tax, he may, for reasons to be recorded in writing, seize the accounts, registers or documents of such person produced before him and shall grant a receipt for the same, and shall retain the same for so long as may be necessary in connection with any proceedings under this Act or the rules made thereunder for prosecution.

Clarification on the legal position of voluntary payment of taxes during the course of inspection, search or investigation:

Under CGST Act, 2017, the taxpayers have an option to make voluntary payment of tax through Form DRC-03. Such voluntary payment of tax before issuance of show cause notice is permitted under section 73(5) and section

74(5) of the CGST Act, 2017. This helps the taxpayers in discharging their admitted liability, self-ascertained or as ascertained by the tax officer, without having to bear the burden of interest under section 50 of CGST Act, 2017 for delayed payment of tax and may also save him from higher penalty imposable on him subsequent to issuance of show cause notice under section 73 or section 74, as the case may be.

Recovery of taxes not paid or short paid, can be made under the provisions of section 79 of CGST Act, 2017 only after following due legal process of issuance of notice and subsequent confirmation of demand by issuance of adjudication order. Therefore, there may not arise any situation where “recovery” of the tax dues has to be made by the tax officer from the taxpayer during the course of search, inspection or investigation, on account of any issue detected during such proceedings. However, the law does not bar the taxpayer from voluntarily making payment of any tax liability ascertained by him or the tax officer in respect of such issues, either before or during the course of such proceedings or subsequently. The tax officer should, however, inform the taxpayers regarding the provisions of voluntary tax payments through DRC-03.

The Pr. Chief Commissioners/ Chief Commissioners, CGST Zones and Pr. Director General, DGGI are advised that in case, any complaint is received from a taxpayer regarding use of force or coercion by any of their officers for getting the amount deposited during search or inspection or investigation, the same may be enquired at the earliest and in case of any wrongdoing on the part of any tax officer, strict disciplinary action as per law may be taken against the defaulting officers. Compounding of Offences

15.4

Compounding of offences under GST [Section 138 of the CGST Act, 2017]

Compounding of offenses is a short cut method to avoid litigation. In the case of prosecution for an offense in a criminal court, the accused has to appear before the Magistrate at every hearing through an advocate. Court proceedings are time-consuming and expensive. In compounding, the accused is not required to appear personally and can be discharged on payment of compounding fee which cannot be more than the maximum fine leviable under the relevant provisions.

Section 138(1): Any offence under this Act may, either before or after the institution of prosecution, be compounded by the Commissioner on payment, by the person accused of the offence, to the Central Government or the State Government, as the case be, of such compounding amount in such manner as may be prescribed:

w.e.f. 1st October 2023, Compounding will not be available for—

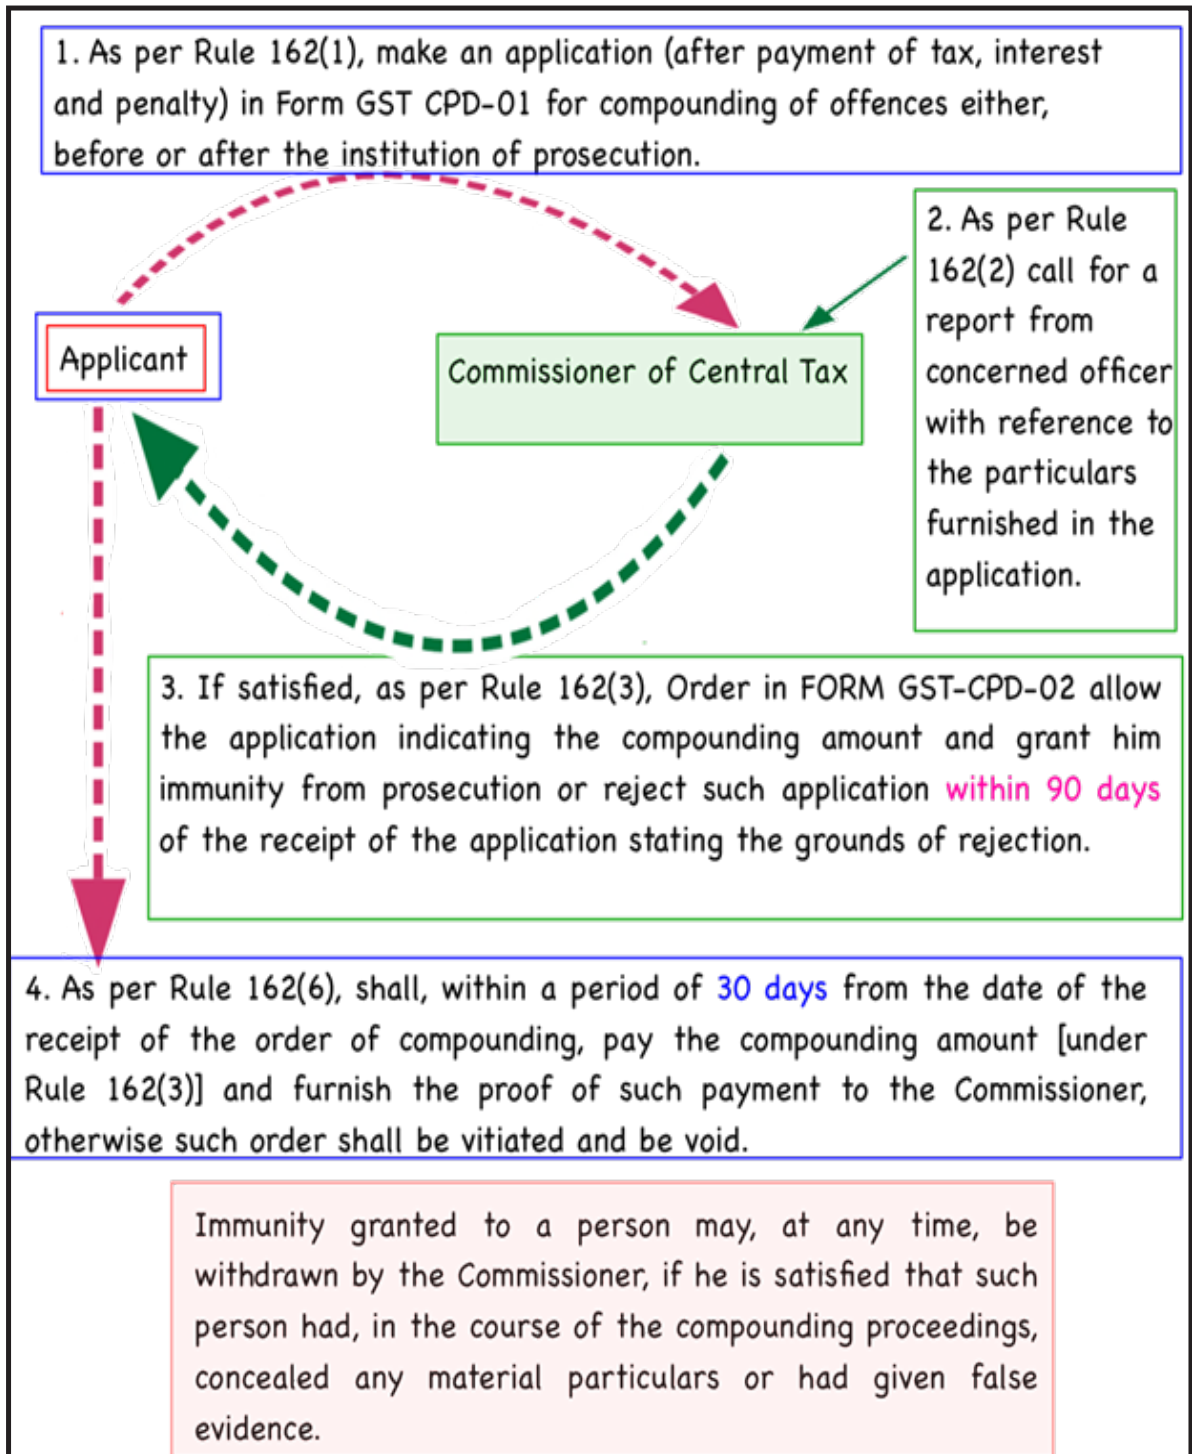

- (a) a person who has been allowed to compound once in respect of any of the offences specified in clauses (a) to (f), (h), (i) and (l) of sub-section (1) of section 132;
- (b) (omitted – a person who has been allowed to compound once in respect of any offence, other than those in clause (a), under this Act or under the provisions of any State Goods and Services Tax Act or the Union Territory Goods and Services Tax Act or the Integrated Goods and Services Tax Act in respect of supplies of value exceeding one crore rupees);
- (c) a person who has been accused of committing an offence under clause (b) of sub-section (1) of Section 132;
- (d) a person who has been convicted for an offence under this Act by a court;
- (e) (omitted - a person who has been accused of committing an offence specified in clause (g) or clause (j) or clause (k) of sub-section (1) of section 132 of the CGST Act, 2017; and)

Any reduction in GST rate or benefit of input tax credit should be passed on to the end consumer and not retained by the business. This is the basis of anti-profiteering provisions under GST. Under anti-profiteering provisions, it is illegal for a business to not pass on benefits of GST rate benefits to the end consumer and thereby indulging in illegal profiteering. The Anti-Profiteering Rules, 2017 lay down details about the selection of the members of the National Anti-Profiteering (NAA) and the other committees that will assist the NAA in investigating the complaints, the procedure to be followed in investigations and the powers given to the authority.

Tenure of Anti-Profiteering Authority extended to five years

With effect from 30.11.2021, rule 137 of the CGST Rules, 2017 has been amended to extend the tenure of National Anti-Profiteering Authority from existing 4 years to 5 years. Thus, the Authority shall cease to exist after the expiry of five years from the date on which the Chairman enters upon his office unless the Council recommends otherwise [Notification No. 37/2021 CT dated 1.12.2021].

In rule 161, for the word, “order”, the words, “intimation or notice” shall be substituted (NT. No. 26/2022 CT dated 26.12.2022).

The procedure followed in decision making / investigation:

Amendments have been made in anti-profiteering provisions prescribed under rules 128, 129, 132, 133 & 137 of the CGST Rules as under: Notification No. 31/2019-CT, dated 28.06.2019

Rule 128 provides that on receipt of written application from an interested party or from a Commissioner or from any other person, the Standing Committee have to examine the accuracy and adequacy of the evidence provided in the application within a period of **2 months** from the date of the receipt of application and determine whether there is prima facie evidence to support the claim of the applicant that the benefit of reduction in the rate of tax on any supply of goods or services or the benefit of input tax credit has not been passed on to the recipient by way of commensurate reduction in prices.

The said period of 2 months can now be extended up to a further period of 1 month for reasons to be recorded in writing as may be allowed by the Authority.

Rule 128 has been amended to provide that all applications from interested parties on issue of local nature **as well as those forwarded by Standing Committee** shall first be examined by the State level Screening Committee and the Screening Committee shall, **within 2 months from the date of receipt of a written application (further extendable up to 1 month)**, upon being satisfied that the supplier has contravened the provisions of section 171, forward the application with its recommendations to the Standing Committee for further action.

Earlier, Screening Committee used to examine application on issues of local nature only and there was no time limit for forwarding the application to Standing Committee for further action.

Rule 129 provides that where Standing Committee is satisfied that there is a prima facie evidence to show that the supplier has not passed on the benefit to the recipient, it shall refer the matter to the Director General of Anti-Profiteering [DGAP] for detailed investigation.

Earlier, DGAP had to complete the investigation within a period of **3 months** of the receipt of the reference from the Standing Committee. Now the said period of **3 months has been extended to 6 months**.

Therefore, now DGAP has to complete the investigation within a period of 6 months of the receipt of the reference from the Standing Committee which is further extendable up to 3 months.

In addition to DGAP and an officer authorized by him in this behalf, **the Authority has also been empowered to summon any person** whose attendance he considers necessary either to give evidence or to produce a document or any other thing under section 70 of the CGST Act and shall have power in any inquiry in the same manner, as provided in the case of a civil court under the provisions of the Code of Civil Procedure, 1908 [Rule 132].

As per rule 133, the Authority had to determine as to whether the registered person has passed on the benefit of the reduction in the rate of tax on the supply of goods or services or the benefit of ITC to the recipient by way of commensurate reduction in prices, within **3 months** from the date of receipt of investigation report from DGAP. The said period of **3 months has now been extended to 6 months**.

In terms of rule 133, the **Authority can now seek a clarification from DGAP on the Investigation report** submitted by it during the process of determining as to whether the benefit of reduction in rate of tax or benefit of ITC has been passed on to the recipient by way of commensurate reduction in prices.

The procedure followed in decision making/investigation (Notification No. 31/2019 CT dated 28.06.2019):

As per rule 133, the Authority may, inter-alia, order to deposit an amount equivalent to 50% of the amount not passed on by way of commensurate reduction in prices, in the Consumer Welfare Fund of the Centre and remaining 50% in the Consumer Welfare Fund of the concerned State* where the eligible person does not claim return of the amount or is not identifiable.

The rule has been amended to provide that the **said amount shall now be deposited along with interest @ 18% from the date of collection of the higher amount till the date of deposit of such amount**.

*Here, the expression “concerned State” means the **State or Union Territory** in respect of which the Authority passes an order.

A new sub-rule (5) has been inserted in rule 133 to provide that where upon receipt of the report of the DGAP, the Authority has reasons to believe that there has been contravention of the provisions of section 171 in respect of goods and/or services other than those covered in the said report, it may, for reasons to be recorded in writing, within a period of six months, direct the DGAP to cause investigation or inquiry with regard to such other goods and/or services.

Such investigation or enquiry shall be deemed to be a new investigation or enquiry and all the provisions of rule 129 shall mutatis mutandis apply to such investigation or enquiry

As per rule 137, the Authority ceases to exist after the expiry of 2 years from the date on which the Chairman enters upon his office unless the GST Council recommends otherwise. Rule 137 has been amended to increase the said period of 2 years to 4 years.

w.e.f. 12-7-2018 the Director General of safeguards replaced as the Director General of Anti-Profiteering.

Question: Whether e-invoicing is applicable for supplies made by a registered person, whose turnover exceeds the prescribed threshold for generation of e-invoicing, to Government Departments or establishments/ Government agencies/ local authorities/ PSUs which are registered solely for the purpose of deduction of tax at source as per provisions of section 51 of the CGST Act?

Therefore, Government Departments or establishments/ Government agencies/ local authorities/ PSUs, registered solely for the purpose of deduction of tax at source as per provisions of section 51 of the CGST Act, are to be treated as registered persons under the GST law as per provisions of clause (94) of section 2 of CGST Act. Clarification in respect of applicability of Dynamic Quick Response (QR) Code on B2C invoices: -

Circular No. 165/21/2021-GST dt. 17.11.2021 has amended Circular No. 156/12/2021-GST dt. 21.06.2021 issued to provide clarifications in respect of applicability of Dynamic Quick Response (QR) Code on B2C invoices and compliance of Notification 14/2020 CT dt. 21.03.2020.

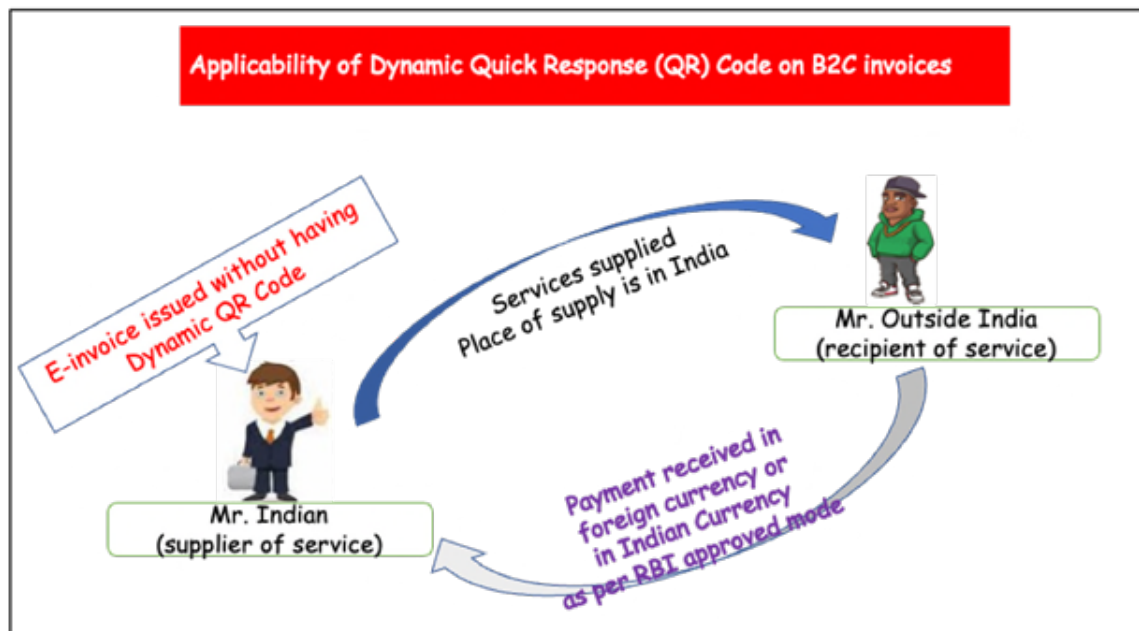

S. No. 4 of Circular No. 156/12/2021 clarified that wherever an invoice is issued to a recipient located outside India, for supply of services, for which the place of supply is in India, as per the provisions of IGST Act, 2017, and the payment is received by the supplier in foreign currency, through RBI approved mediums, such invoice may be issued without having a Dynamic QR Code, as such dynamic QR code cannot be used by the recipient located outside India for making payment to the supplier.

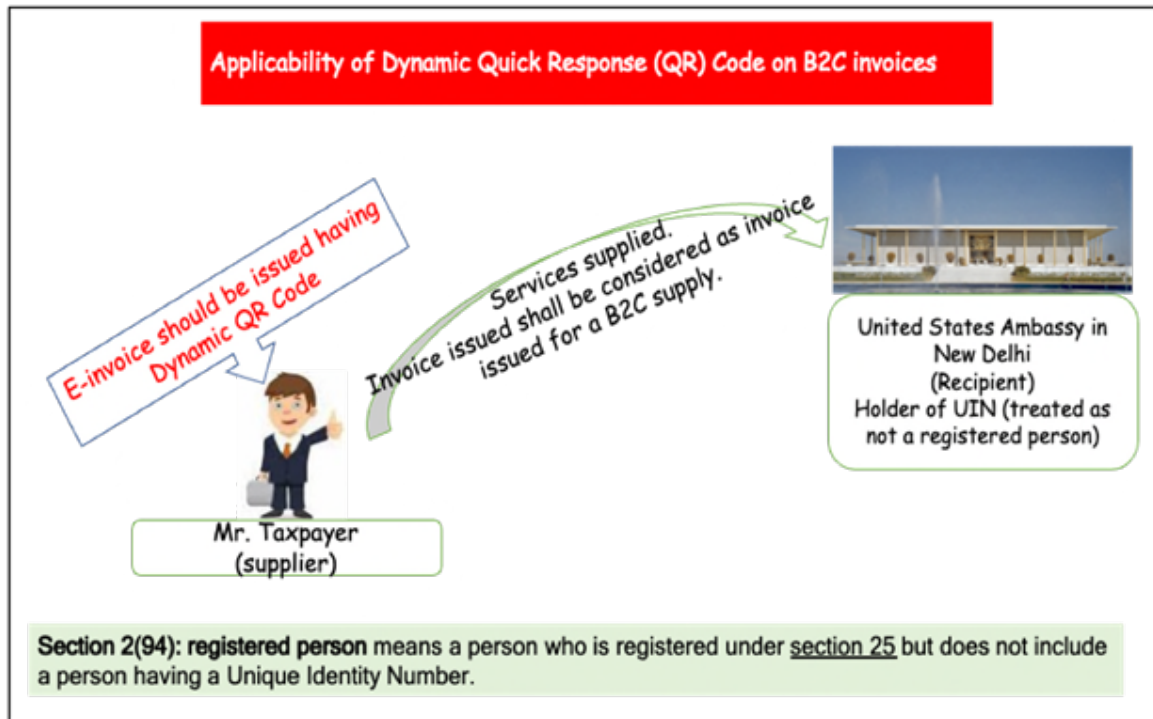

The wordings of S. No. 4 of Circular No. 156/12/2021 created doubt as to whether the relaxation from the requirement of dynamic QR code on the invoices would be available to such supplier, who receives payments from the recipient located outside India through RBI approved modes of payment, but not in foreign exchange. It has been clarified vide Circular No. 165/21/2021 that the intention of clarification as per S. No. 4 in the said circular was not to deny relaxation in those cases, where the payment is received by the supplier as per any RBI approved mode, other than foreign exchange.

S. No. 4 of Circular No. 156/12/2021 has been substituted vide Circular No. 165/21/2021 to clarify that dynamic QR code is not required on the invoice issued to a recipient located outside India, for supply of services, for which the place of supply is in India, as per the provisions of IGST Act, 2017, and the payment is received by the supplier, in convertible foreign exchange or in Indian Rupees, wherever permitted by the RBI. This is so because such dynamic QR code cannot be used by the recipient located outside India for making payment to the supplier.

Dynamic QR Code is required to be provided on an invoice, issued to a person, who has been obtained a UIN. Any person, who has obtained a Unique Identity Number (UNI), is not a “registered person” as per the definition of registered person provided in section 2(94) of CGST Act, 2017. Therefore, any invoice issued to such person having a UIN, shall be considered as invoice issued for a B2C supply and shall be required to comply with the requirement of Dynamic QR Code.

Clarification in respect of applicability of Dynamic Quick Response (QR) Code on B2C invoices:

Important Note: As of now, B2C invoices are exempted from e-invoicing. However, a taxpayer is required to generate a dynamic QR code for enabling digital payments on all B2C invoices.

In cases involving supply of online money gaming/service provided by/through ECO or by supplier of OIDAR services to unregistered recipient, tax invoice to contain the name of the State irrespective of value of supply [Rule 46 amended w.e.f. 4th August 2023]:-

Amended proviso to rule 46(f) provides as follows:

Valuation and Related Party Transactions

18

This Module Includes

18.1 Valuation of Imported and Exported Goods

Valuation and Related Party Transactions

SLOB Mapped against the Module

1. To acquire adequate knowledge relating to valuation and duty calculation, remission and refund under Customs Act and Rules.
2. To facilitate strategic decision making by appropriate management of various indirect tax issues.

Module Learning Objectives

After studying this module, the students will be able to:

- ⦿ Understand valuation of imported and exported goods.
- ⦿ Explain related party transactions
- ⦿ Apply practically how to arrive value for imported and exported goods
- ⦿ Understand valuation in case of related party transactions

Once the duty liability arises, such duty can be calculated only on the assessable value. As per section 2(41) of the Customs Act, 1962 the term value means in relation to any goods as the value thereof determined in accordance with the provisions of sections 14(1) and sections 14(2) of the Customs Act, 1962. There are basically specific duties based on the quantity of the goods like `5,000 per Kg of

Steel or Ad valorem rate of duty expressed as percentage of the value of the goods say 20% ad valorem. However, Government of India will lose its revenue if it follows specific rate of duty due to continuous upward trend in the price of goods.

As per the World Trade Organization (WTO), Transaction Value (i.e. ad valorem) is the base and our Customs Valuation Rules were prepared based on these lines. The Central Board of Indirect Taxes and Customs (CBI&C) empowers to fix tariff values of imported goods or export goods by issuing notifications under section 14(2).

Valuation of Imported and Exported Goods

18.1

Transaction Value

As per section 14(1) of the Customs Act, 1962 valuation based on transaction value is applicable for export as well as imported goods

Transaction Value means:

- ⦿ Price at which such or like goods are ordinarily sold or offered for sale
- ⦿ For delivery at the time and place of importation
- ⦿ In the course of international Trade
- ⦿ When Seller and buyer have no interest in the business of each other and
- ⦿ Price is the sole consideration for sale
- ⦿ At rate of exchange as on the date of presentation of Bill of Entry as fixed by the CBIC.

The conditions laid down above are common to imports as well as exports. Export goods are to be valued as per section 14(1) of the Customs Act, 1962. If any one of the above conditions are not satisfied valuation for export goods should be done based on the Customs Valuation (Determination of Value of Export Goods) Rules, 2007.

However, in case of imported goods, assessable value is to be determined in accordance with the Customs (Determination of Price of Imported Goods) Rules, 2007. Basically, there is no conflict between section and rules because main focus is on transaction value which is arrived at based on the valuation rules either in case of export or import.

Valuation for Export Goods

Valuation is essential for export goods even though many products are exempted from export duty under the Customs Law.

Importance of valuation of export goods:

- ⦿ Duty Drawback
- ⦿ Export incentives like DEPB License
- ⦿ Refund of CENVAT credit, if any.
- ⦿ Payment of duty on export, if any.

The Customs Valuation (Determination of Value of Export Goods) Rules, 2007 is applicable only if the aforesaid conditions are not satisfied:

Rule 1:

- (i) These rules may be called the Customs Valuation (Determination of Value of Export Goods) Rules, 2007.
- (ii) They shall come into force on the 10th day of October 2007.
- (iii) They shall apply to export goods.

Rule 2: Definitions

Some important definitions are:

- (a) “goods of like kind and quality” means export goods which are identical or similar in physical characteristics, quality and reputation as the goods being valued, and perform the same functions or are commercially interchangeable with the goods being valued, produced by the same person or a different person; and
- (b) “transaction value” means the value of export goods within the meaning of sub-section (1) of section 14 of the Customs Act, 1962.

Rule 3: Determination of the method of valuation

1. Subject to rule 8, the value of export goods shall be the transaction value.
2. The transaction value shall be accepted even where the buyer and seller are related, provided that the relationship has not influenced the price.
3. If the value cannot be determined under the provisions of sub-rule (1) and sub-rule (2), the value shall be determined by proceeding sequentially through rules 4 to 6.

Rule 4: Determination of export value by comparison

- (1) The value of the export goods shall be based on the transaction value of goods of like kind and quality exported at or about the same time to other buyers in the same destination country of importation or in its absence another destination country of importation adjusted in accordance with the provisions of sub-rule (2).
- (2) In determining the value of export goods under sub-rule (1), the proper officer shall make such adjustments as appear to him reasonable, taking into consideration the relevant factors, including—
 - difference in the dates of exportation,
 - difference in commercial levels and quantity levels,
 - difference in composition, quality and design between the goods to be assessed and the goods with which they are being compared,
 - difference in domestic freight and insurance charges depending on the place of exportation

Rule 5: Computed value method

If the value cannot be determined under rule 4, it shall be based on a computed value, which shall include the following:—

- ⦿ cost of production, manufacture or processing of export goods;
- ⦿ charges, if any, for the design or brand;
- ⦿ An amount towards profit.

Rule 6: Residual method

Subject to the provisions of rule 3, where the value of the export goods cannot be determined under the provisions of rules 4 and 5, the value shall be determined using reasonable means consistent with the principles and general provisions of these rules provided that local market price of the export goods may not be the only basis for determining the value of export goods.

Rule 7: Declaration by the exporter

The exporter shall furnish a declaration relating to the value of export goods in the manner specified in this behalf.

Rule 8: Rejection of declared value

- (1) When the proper officer has reason to doubt the truth or accuracy of the value declared in relation to any export goods, he may ask the exporter of such goods to furnish further information including documents or other evidence and if, after receiving such further information, or in the absence of a response from such exporter, the proper officer still has reasonable doubt about the truth or accuracy of the value so declared, the transaction value shall be deemed to have not been determined in accordance with sub-rule (1) of rule 3.
- (2) At the request of an exporter, the proper officer shall intimate the exporter in writing the ground for doubting the truth or accuracy of the value declared in relation to the exported goods by such exporter and provide a reasonable opportunity of being heard, before taking a final decision under sub-rule (1).

Presently the following goods are subject to export duty:

| Commodity | Rate of Duty |
|----------------------------------|-------------------------|
| Luggage leather | 25% |
| Hides, Skins and leather | 15% |
| Snake skins and lamb skins | 10% |
| Steel product [w.e.f. 10-5-2008] | 15% |
| Iron ores | ₹300 per metric tonne |
| Chromium ores | ₹2,000 per metric tonne |

Refund of Export duty:

Refund of export duty is permissible in the following circumstances subject to satisfaction of certain conditions

- ⊙ Goods are reimported within one year from the date of export
- ⊙ These goods are not for resale
- ⊙ Refund claim is lodged within six months from the date of clearance by Customs Officer for re-importation

Illustration 1

M/s SP Ltd. has exported some goods to Mexico by air. The FOB price of goods exported is US\$1,00,000. Compute the value of exported goods and export duty payable by M/s SP Ltd with help of following details provided:

| Particulars | Date | Basic Customs Duty | Exchange rate declared by the CBIC | Exchange rate declared by RBI |
|-------------------------------|------------|--------------------|------------------------------------|-------------------------------|
| Presentation of Shipping Bill | 17-06-20XX | 12% | 1 USD = ₹ 75 | 1 USD = ₹ 74 |
| Let export order | 19-06-20XX | 10% | 1 USD = ₹ 74 | 1 USD = ₹ 73 |

Solution:**Working notes:**

- (1) The transaction value, i.e. FOB price of export goods, is considered as assessable value in terms of section 14(1) of the Customs Act, 1962.
- (2) As per third proviso to section 14(1) of the Customs Act, 1962, assessable value has to be calculated with reference to the rate of exchange notified by CBIC on date of presentation of shipping bill of export.
- (3) The rate of duty prevalent on the date of let export order is considered for computing export duty in terms of section 16(1)(a) of the Customs Act, 1962.
- (4) In case of export duty is imposed by the Government, exporter is liable to pay only BCD. Other duties and cesses are not applicable.

Therefore, Assessable value (i.e. FOB value) is ₹ 75,00,000 (i.e. USD 1,00,000 × ₹75).

Export duty (only BCD) @10% is ₹7,50,000/-

M/s. XYZ Ltd. (assessee) imported certain goods at US \$ 20 per unit from an exporter who was holding 30% equity in the share capital of the importer company. Subsequently, the assessee entered into an agreement with the same exporter to import the said goods in bulk at US \$ 14 per unit. When imports at the reduced price were effected

pursuant to this agreement, the Department rejected the transaction values taking that the price was influenced by the relationship and completed the assessment on the basis of transaction value of the earlier imports i.e. at US \$ 20 per unit under rule 4 of the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007, viz., transaction value of identical goods. State briefly, whether the Department's action is sustainable in law, with reference to decided cases, if any.

Solution:

Persons shall be deemed to be “related” if one of them directly or indirectly controls the other. The word “control” has not been defined under the said rules. As per the common parlance, the control is established when one enterprise holds at least 51% of the equity shareholding of the other company. However, in the instant case, the exporter company held only 30% of shareholding of the assessee. Thus, Exporter Company did not exercise a control over the assessee. So, the two parties cannot be said to be related.

The fact that assessee had made bulk imports could be a reason for reduction of import price. The burden to prove under-valuation lies on the Revenue and in absence of any evidence from the Department to prove under-valuation, the price declared by the assessee is acceptable. Therefore, the Departmental action is not sustainable in law.

Rule 3: Subject to rule 12, the value of imported goods shall be the transaction value adjusted in accordance with provisions of rule 10.

Transaction Value of import goods under section 14(1) of the Customs Act and Rule 3(1) of the Imported Goods Rules:

This method is applicable only when importer satisfies the following conditions:

- ⊙ There are no restrictions as to the disposition or use of the goods by the buyer,
- ⊙ The sale or price is not subject to some conditions or considerations for which a value cannot be determined in respect of the goods being valued,
- ⊙ No part of the proceeds of any subsequent resale, disposal or use of the goods by the buyer will accrue directly or indirectly to the seller, unless an appropriate adjustment can be made in accordance with the provisions of rule 10 of these rules, and
- ⊙ The buyer and seller are not related, or where the buyer and seller are related, that transaction value is acceptable for customs purposes under the provisions of rule 3(3).

Case 1:

Commissioner of Cus., Vishakhapatnam v Aggarwal Industries Ltd. 2011 ELT 641 (SC):

Statement of Facts: The importer entered into contract for supply of crude sunflower seed oil U.S. \$ 435 C.I.F./Metric ton. Under the contract, the consignment was to be shipped in the month of July 2011. The period was extended by mutual agreement and goods were shipped on 5th August 2011 at old agreed prices.

In the meanwhile, the international prices had gone up due to volatility in market, and other imports during August 2011 were at higher prices.

Department sought to increase the assessable value on the basis of the higher prices as contemporaneous imports.

Decide whether the contention of the department is correct. You may refer to decided case law, if any, for your decision.

Decision: No. Department view is not correct. It is true that the commodity involved had volatile fluctuations in its price in the international market, but having delayed the shipment; the supplier did not increase the price of the

commodity even after the increase in its price in the international market. There was no allegation of the supplier and importer being in collusion.

Thus, the appeal was allowed in the favour of the respondent- assessee.

Assessable Value of Imported Goods = (Free on Board (FOB) + Insurance + Freight)

| Insurance if not specified @1.125% of FOB value as per Customs [Rule 10(2)] | = | XXXX |
| Cost, Insurance and Freight (CIF) [i.e. ASSESSABLE VALUE] | = | XXXX |

Note:

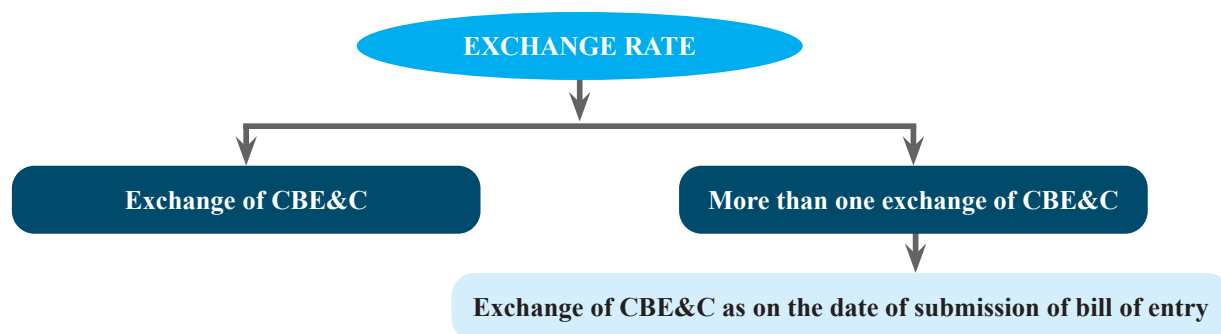

1. The term "buying commissions" means fees paid by an importer to his agent for the service of representing him abroad in the purchase of the goods being valued.
2. Any expenditure like right to reproduce the imported goods in India shall not be added. However, if importer imports software and pays license fee with permission to use its copies at various branches, making additional copies for its own use at various branches does not amount to reproduction. Right to use countrywide is not right to reproduce. Therefore, the whole license fee is includible in assessable value [State Bank of India v Commissioner of Customs (2000) (SC)].
3. Cost of actual air freight exceeds @ 20% of FOB, only @ 20% of FOB price will be added for Customs Valuation. However, cost of transport within India is not to be included in the Assessable Value of imported goods.

4. Apportioning cost of tools are not consumed immediately by the importer, in such a case he may request Customs Officer to apportion full cost of tooling on first consignment itself.

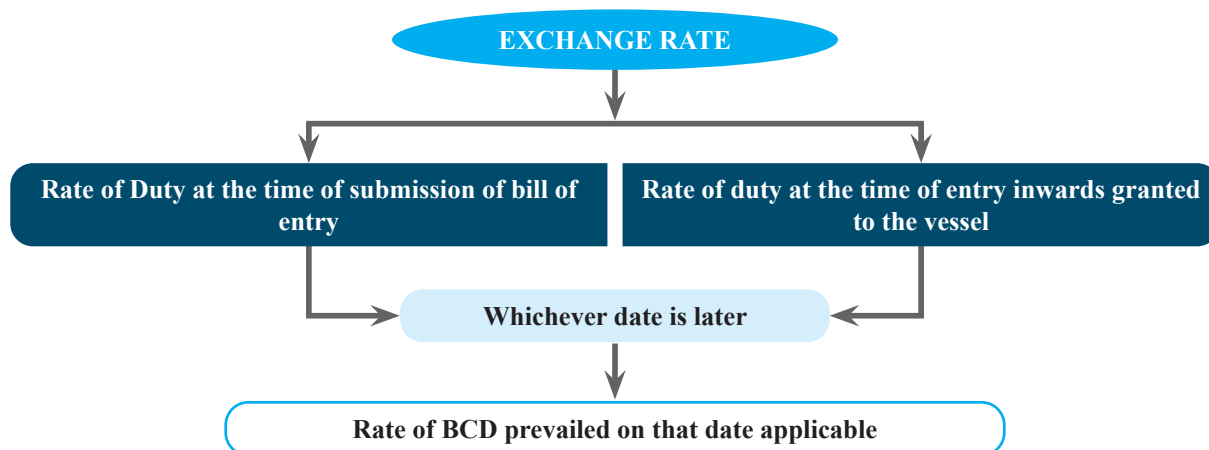

Example 1:

Cost of tooling is ₹2,00,000 and the tool expected to produce 20,000 pieces. If the importer imports 2,000 pieces in the first lot, 10% of cost of such tooling i.e. ₹20,000 may be apportioned to the 2,000 pieces and ₹20,000 may be added to transaction value for ascertaining assessable value.

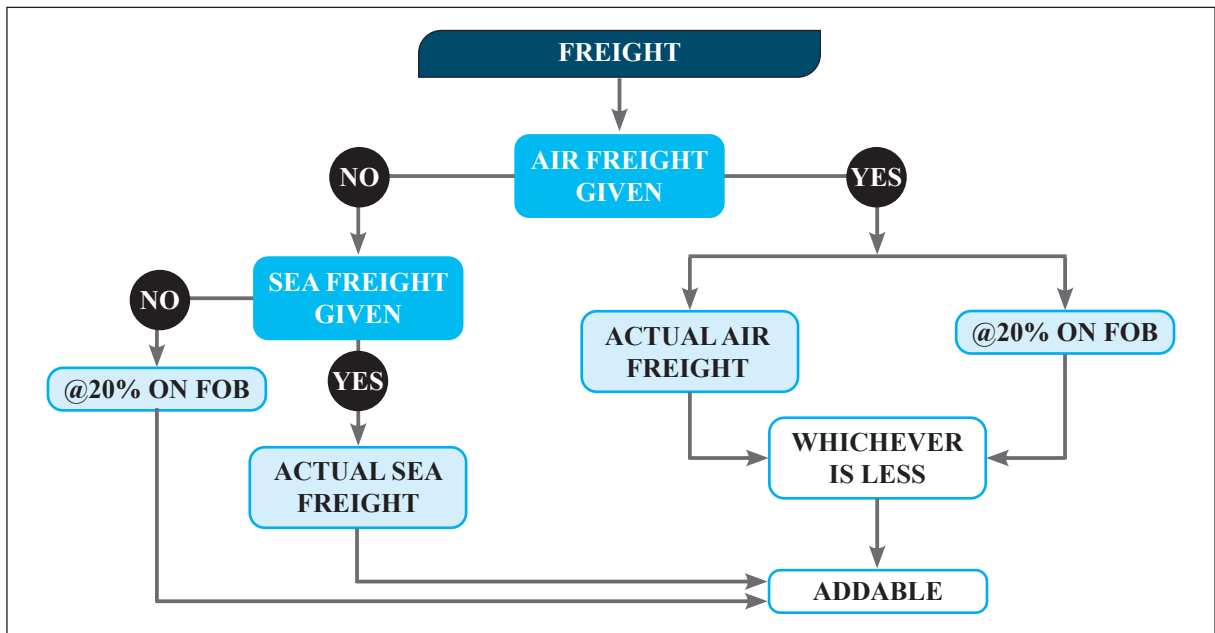

5. The cost of transport of the imported goods includes the ship demurrage charges on chartered vessels, lighterage or barge charges. Sometimes the ship is not brought upto jetty because deep draught at port or ports are very busy or Odd dimensional or heavy lifts or hazardous cargo discharged at anchorage. Hence, charges for bringing goods from outer anchorage to the jetty are called as barging/lighterage charges.
6. However, demurrage charges payable to port trust authorities for delay in clearing goods are not to be added in the transaction value.
7. **Free on Board (FOB):** FOB means 'Term of sale' under which the price invoiced or quoted by a seller includes all charges up to placing the goods on board a ship at the port of departure specified by the buyer.
8. **Exchange Rate:** we should consider the exchange rate of CBE&C for finding assessable value in Indian Rupees.

9. Rate of determination of Basic Customs Duty:

10. Freight from the exporter country to importer port or airport addable into assessable value.

11. **Service charges paid to canalizing agent:** It is includible in the assessable value of imported goods.

Canalizing agent: Since the canalizing agent is not the agent of the importer nor does he represent the importer abroad, purchases by canalizing agency from foreign seller and subsequent sale by it to Indian importer are independent of each other.

The importer may either place the order directly or through the agent. In case of canalized items, he obtains the imports through the canalizing agency. Canalisation means channelization of goods through a government agency like Metals and Minerals Trading Corporation of India (MMTC). The importer cannot directly import such canalized items. They have to place an order with the canalizing agency who shall import and supply the same.

12. **Inspection Charges:**

Case 2:

Commissioner of Central Excise, Mangalore v Mangalore Refinery & Petrochemicals Ltd. (2016) 66 taxmann.com 108 (SC)

Revenue contended that demurrage charges paid by the assessee are includible in the assessable value for the levy of custom duty.

Decision: Demurrage charges are incurred after the goods reached at Indian Ports, thus it is a post-importation event; relying on the case of Commissioner of Customs v Essar Steel Ltd. (2015) 51 GST 181/58 taxmann.com 191, the Apex Court has held that Demurrage charges are not includible in assessable value of imported goods.

13. Insurance charges

Demurrage charges:

Case 3:

Commissioner of Central Excise, Mangalore v Mangalore Refinery & Petrochemicals Ltd. (2016) 66 taxmann.com 108 (SC)

Revenue contended that demurrage charges paid by the assessee are includible in the assessable value for the levy of custom duty.

Decision: Demurrage charges are incurred after the goods reached at Indian Ports, thus it is a post-importation event; relying on the case of Commissioner of Customs v Essar Steel Ltd. (2015) 51 GST 181/58 taxmann.com 191, the Apex Court has held that Demurrage charges are not includible in assessable value of imported goods.

Agriculture Infrastructure and Development Cess (AIDC):

A new cess called Agriculture Infrastructure and Development Cess (AIDC) was introduced vide Finance Act, 2021 for the purpose of financing the agriculture infrastructure and other development expenditure. Such cess is applicable on certain specified goods such as apple, kabuki Chanda, chickpeas, lentils, various types coals, urea, silver (including imports by eligible passengers), Silver Dore, Gold (including imports by eligible passengers), Gold Dore etc.

Where the duty is leviable on the goods at any percentage of its value, then for the purpose of calculating the Agriculture Infrastructure and Development Cess, the value of such goods is calculated in the same manner as the value of goods is calculated for the purpose of customs duty under section 14 of the Customs Act, 1962.

For Example:

| Particulars | Amount | Remarks |
|--|----------|-------------------------|
| Cost of imported goods | 1,00,000 | Transaction value |
| Add: Basic customs duty | 10,000 | $1,00,000 \times 10\%$ |
| Add: Agriculture Infrastructure Development Cess | 7,500 | $1,00,000 \times 7.5\%$ |
| Add: Social Welfare Surcharge | 1,750 | $17,500 \times 10\%$ |
| Sub-total | 1,19,250 | |

| Particulars | Amount | Remarks |
|--|----------|----------------|
| Add: IGST | 21,465 | 1,19,250 × 18% |
| Add: GST Compensation Cess | 17,888 | 1,19,250 × 15% |
| Total cost of imported goods | 1,58,603 | |
| Note: Please note that IGST and GST compensation cess would be available as input tax credit under GST Laws subject to fulfilment of prescribed conditions. | | |

As per Section 14(1)(iv) is inserted in Finance Act, 2022 (w.e.f. 30.03.2022), provisions for rules enabling the Board to specify the additional obligations of the importer in respect of a class of imported goods whose value is not being declared correctly, the criteria of selection of such goods, and the checks in respect of such goods. This amendment is a measure to address the issue of undervaluation in imports.

The government has recently proposed draft Customs (Assistance in Value Declaration of Identified Imported Goods) Rules, 2022.

Customs (Assistance in Value Declaration of Identified Imported Goods) Rules, 2023 (vide Notification No. 03/2023 Cus (N.T.) dated 11.01.2023 read with customs circular no. 01/2023 Cus dated 11.01.2023):

The trend of undervaluing imported goods, for the purpose of evading customs duty or for other ulterior purposes, has been on a constant rise. Finance Act, 2022, amended section 14 of the Customs Act, 1962, with the intent of addressing the issue of undervaluation in imports. Now, the Central Government has notified the Customs (Assistance in Value Declaration of Identified Imported Goods) Rules, 2023 (CAV Rules, 2023) which shall come into force from 11th February 2023, to tackle the menace of undervaluation of imports.

The aspects in these rules are explained in the following steps:

Step 1: Written Reference: Any person having a reason to believe that the value of any class of goods, imported thereof may not have been declared truthfully or accurately, shall make a written reference (containing evidence and other specified details) of the same to the Board, and submit the same electronically. The reference may also be made to an officer of Customs (i.e., the Commissioner or Additional Director General), or to any person representing a government department.

The written reference shall also be accompanied with all evidence which established the claims made by person submitting the written reference. Thereafter, the written reference so received shall be forwarded to the Screening Committee.

Step 2: Examination by the Screening Committee: The Screening Committee shall, after having taken all material evidence on record, do a scrutiny of the same. Thereafter, having conducted a preliminary examination, the findings of the Screening Committee shall be recorded within a period of 15-21 days. Based on preliminary examinations and findings, the written reference may have the following fate:

- On being found suitable for a detailed examination, shall be taken up for detailed evaluation by the Evaluation Committee.
- being found unsuitable for a detailed examination, the Screening Committee shall close the reference after recording their reasons.

Step 3: Examination by the Evaluation Committee: The Evaluation Committee, after having conducted a detailed examination of the relevant class of goods by analyzing the international prices of the goods, research papers and reports, disclosures made under the act etc., shall submit a reasoned Report, signed by all members of the Evaluation Committee.

The detailed Report being submitted by the Evaluation Committee shall provide complete description of the class of imported goods, with the 8-digit HS code, the Unique Quantity Code (UQC) used by the importer, along with other technical specifications as provided under Rule 8 of CAV Rules, 2023.

Alternatively, the Evaluation Committee may close the reference and submit its reasons for such closure to the Screening Committee for filing.

Step 4: Confirmation and recommendation by Screening Committee: The detailed Report submitted by the Evaluation Committee shall subsequently be forwarded to the Screening Committee under Rule 9 of CAV Rules, 2023 for recommendation (regarding completeness of the Report) and rectifications, if any. The Screening Committee shall make its recommendation to the Board within 15 days of receipt of such Report.

Step 5: Recommendation by the Board: The recommendations made by the Screening Committee shall be considered by the Board, and on the said Report being accepted, the board may issue an Order under Rule 5 wherein specifications regarding the 8-digit HS Code, Unique Quantity Code and other details shall be specified.

Step 6: Procedure with respect to the identified goods:

(A) Obligations on the importer:

Once certain goods have been identified in the Order by the Board under these Rules, the importer of such goods will have to declare the value of goods as specified under Rule 10 of the CAV Rules, 2023, while importing such identified goods. As such, the overall consequences or additional obligations that may be cast upon the importer are as follows:

- (1) Unique Quantity Code (UQC), as specified in the Order, would be necessarily used by the importer to declare the value in the bill of entry.
- (2) Technical or other specifications (e.g., make, model, brand, grade, size, quality, composition, quantity in UQC) to be declared in the bill of entry.
- (3) Other additional obligations may have to be met by the importer to demonstrate the truthfulness and accuracy of the declared value (including manufacturer invoice, manufacturer test report, expert certification issued in the country of origin, manufacturing process, costing, purchase order or contract etc.)

(B) Assessment including provisional assessment:-

- (1) The importer shall have to fulfil the details as required by the Customs Automated System. If the details have not been provided, the importer shall have to, if required by the proper officer, provide such details within 10 days.
- (2) The importer shall have to provide further information and documents as required by the proper officer to examine the truthfulness of the declared value.
- (3) The proper officer shall clear the goods after provisional assessment, on request of the importer and upon furnishing appropriate security under section 18 of the Customs Act, 1962.
- (4) The proper officer may accept the declared value of the goods upon being satisfied with the truthfulness and accuracy of the declared value.
- (5) Where the importer does not provide requisite information or does not fulfil other obligations cast upon him or where the proper officer has reasonable doubt about the truth or accuracy of the declared value, the further proceedings shall take place as per Customs Valuation (Determination of Value of Imported Goods) Rules, 2007.

Step 7: Review: After half of the validity period has lapsed, the Screening Committee shall review its order issued under Rule 5, to identify whether the goods specified under Rule 5 may be de-specified before its expiration period, or the validity period of the specified goods might be extended as per the reasoned report of the Screening Committee.

Step 8: Exceptions.- These rules shall not be applied to, –

- (a) imports not involving duty;
- (b) goods for which tariff value has been fixed by the Board in terms of sub-section (2) of section 14 of the Act;

| (iii) Engineering and design charges paid to a firm in U.K. | 500 U.K. Pounds |
| (iv) License fee relating to imported goods payable by the buyer as a condition of sale | 20% of F.O.B. Cost |

 - (iii) Importer paid ₹5,000 towards demurrage charges for delay in clearing the machine from the Airport.
- (Make suitable assumptions wherever required and show workings with explanations)

Solution:

| | UK Ponds |
|---|--------------|
| FOB value | = 10,000 |
| Add: Engineering and Design charges (paid in UK) | = 500 |
| Add: License fee (20% on 10,000 UKP) | = 2,000 |
| Sub-total | = 12,500 |
| | Value in (₹) |
| Sub-total (12,500 UKP × ₹70.25) | = 8,78,125 |
| Add: Material supplied by the buyer freely | = 20,000 |
| FOB value as per customs | = 8,98,125 |
| Add: Air freight (8,98,125 × 20%) | = 1,79,625 |
| Or 3,000 USD × ₹70.25 = ₹2,10,750 whichever is less | |
| Add: Insurance | = 6,000 |
| Assessable value (i.e. CIF value) | = 10,83,750 |

Rule 4: Transaction value of Identical Goods

Identical goods means that the goods must be same in all respects, including physical quantity

This method is applicable only when following conditions are satisfied:

- ⊙ Identical goods can be compared with the other goods of the same country from which import takes place.
- ⊙ These goods must be valued at a price which is produced by the same manufacturer.
- ⊙ If price is not available, then the price of other manufacturers of the same country is to be taken into account.
- ⊙ If more than one value of identical goods is available, lowest of such value should be taken.

A condition for adjustment because of different commercial levels or different quantities is that such adjustment, whether it leads to an increase or a decrease in the value, be made only on the basis of demonstrated evidence that clearly establishes the reasonableness and accuracy of the adjustment, e.g. valid price lists containing prices referring to different levels or different quantities.

Example 2

A consignment of 800 metric tonnes of edible oil of Gulf origin was imported by a charitable organization in India for free distribution to below poverty line citizens in a backward area under the scheme designed by the Food and Agricultural Organization. This being a special transaction, a nominal price of US\$ 10 per metric tonne was charged for the consignment to cover the freight and insurance charges. The Customs House found out that at or about the time of import of this gift consignment, there were following imports of edible oil of Malaysian origin:

| Sl. No. | Quantity imported in metric tonnes | Unit price in US \$ (CIF) |
|---------|------------------------------------|---------------------------|
| 1. | 20 | 260 |
| 2. | 100 | 220 |
| 3. | 500 | 200 |
| 4. | 900 | 175 |
| 5. | 400 | 180 |
| 6. | 780 | 160 |

The rate of exchange on the relevant date was 1 US \$ = ₹63.00 and the rate of basic customs duty was 15% ad valorem. There is no IGST. Calculate the amount of duty leviable on the consignment under the Customs Act, 1962 with appropriate assumptions and explanations where required.

Solution:

Calculation of amount of duty payable:—

exchange rate of \$ 1 = ₹63

CIF Value (800 metric × 160 USD × ₹63) (i.e. Assessable Value) = ₹80,64,000

15% Basic Customs duty on ₹80,64,000 = ₹12,09,600

Add: SWS 10% of ₹ 12,09,600 = ₹1,20,960

Total custom duty payable = ₹13,30,560

Notes: more than one transaction value for identical goods are given, we are supposed to take the lowest price of the quantity which is nearest to the quantity of import.

Example 3

If the imported goods being valued consist of a shipment of 10 units and the only identical imported goods for which a transaction value exists involved a sale of 500 units, and it is recognised that the seller grants quantity discounts, the required adjustment may be accomplished by resorting to the seller's price list and using that price applicable to a sale of 10 units. This does not require that a sale had to be made in quantities of 10 as long as the price list has been established as being bona fide through sales at other quantities. In the absence of such an objective measure, however, the determination of a value under the provisions of rule 4 is not appropriate.

Case 4:

Gira Enterprises v CCus. 2014 (307) ELT 209 (SC)

Can the value of imported goods be increased if Department fails to provide to the importer, evidence of import of identical goods at higher prices?

Facts of the Case: The appellant imported some goods from China. On the basis of certain information obtained through a computer printout from the Customs House, Department alleged that during the period in question, large number of such goods were imported at a much higher price than the price declared by the appellant. Therefore, Department valued such goods on the basis of transaction value of identical goods as per rule 4 of the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007 and demanded the differential duty along with penalty and interest from the appellant. However, Department did not provide these printouts to the appellant.

Decision: The Supreme Court held that mere existence of alleged computer printout was not proof of existence of comparable imports. Even if assumed that such printout did exist, and content thereof were true, such printout must have been supplied to the appellant and it should have been given reasonable opportunity to establish that the import transactions were not comparable.

Thus, in the given case, the value of imported goods could not be enhanced on the basis of value of identical goods as Department was not able to provide evidence of import of identical goods at higher prices.

Rule 5: Transaction value of Similar Goods

“Similar goods” includes—

- ⊙ Which although not alike in all respects, have like characteristics and like component materials which enable them to perform the same functions and to be commercially interchangeable with the goods being valued having regard to the quality, reputation and the existence of trade mark.
- ⊙ Produced in the country in which the goods being valued were produced; and
- ⊙ Produced by the same person who produced the goods being valued, or where no such goods are available, goods produced by a different person, but shall not include imported goods where engineering, development work, art work, design work, plan or sketch undertaken in India were completed directly or indirectly by the buyer on these imported goods free of charge or at a reduced cost for use in connection with the production and sale for export of these imported goods;

Difference between identical and Similar Goods

| Identical goods | Similar goods |
|---|---|
| Goods must be same in all respects, except for minor differences in appearance | Goods have like characteristics and components and perform same functions |
| Example 4 Hero Honda Two-Wheeler Products namely Splendor and Passion | Example 5 Hero Honda Splendor and Bajaj scooter. |

Rule 6: Determination of value

If the value of imported goods cannot be determined under the provisions of rules 3, 4 and 5, the value shall be determined under the provisions of rule 7 or, when the value cannot be determined under that rule, under rule 8.

Rule 7: Deductive Value

Based on the request of the importer if the Customs Officer approves, either deductive method or computed value method as the case may be adopted.

In case of deductive method, the valuation is as follows:

- ⊙ Assessable value is calculated by reducing the post-importation costs and expenses from this selling price.

Example 6

Selling price minus selling commission, transportation, insurance associated costs within India and duties and taxes paid in India.

- ⊙ This method may be used when goods are extracted on High Seas (e.g. minerals, crude oil etc.) and brought into India for sale. It will be import and dutiable.

Example 7

Valuation where various quantities are sold at various prices.

(a) Sales

| Sale quantity | Unit price |
|---------------|------------|
| 40 units | 100 |
| 30 units | 90 |
| 15 units | 100 |
| 50 units | 95 |

| Sale quantity | Unit price |
|---------------|------------|
| 25 units | 105 |
| 35 units | 90 |
| 5 units | 100 |

(b) Totals

| Total quantity Sold | Unit price |
|---------------------|------------|
| 65 | 90 |
| 50 | 95 |
| 60 | 100 |
| 25 | 105 |

In this example, the greatest number of units sold at a particular price is 65; therefore, the unit price in the greatest aggregate quantity is ₹90.

Illustration 6

X Ltd. imported 500 units of minerals from High Seas for sale in India. Selling price exclusive of duties and taxes. Freight from port to depot in India is ₹10,150 and Insurance ₹1,250.

| Sale quantity | Unit price ₹ |
|---------------|--------------|
| 400 units | 100 |
| 300 units | 90 |
| 150 units | 100 |
| 500 units | 95 |
| 250 units | 105 |
| 350 units | 90 |
| 50 units | 100 |

Basic Customs Duty 12% and SWS as applicable. Calculate total customs duty as per Rule 7 of Customs Valuation (Determination of Value of Imported Goods) Rules, 2007. Assume there is no IGST applicable for the product.

Solution:

| Total quantity Sold | Unit price |
|---------------------|------------|
| 650 | 90 |
| 500 | 95 |
| 600 | 100 |
| 250 | 105 |

The greatest number of units sold at a particular price is 650 units;

Therefore, the unit price in the greatest aggregate quantity is ₹90.

(₹)

| | | |
|---------------------------------|---|-------------------------------|
| Selling Price | = | 45,000 (i.e. 500 units × ₹90) |
| Less: Freight (post shipment) | = | (10,150) |
| Less: Insurance (post shipment) | = | (1,250) |
| Assessable Value | = | 33,600 |

Total Customs Duty = ₹4,435 (i.e. 33,600 × 13.20%)

Illustration 7

A Ltd., sell in India from a price list which grants favourable unit prices for purchases made in larger quantities.

| Sale quantity | Unit price in ₹ (Exclusive of duties and taxes) | Number of sales |
|---------------|---|---|
| 1-10 units | 100 | 10 sales of 5 units 5 sales of 3 units |
| 11-25 units | 95 | 5 sales of 11 units |
| Over 25 units | 90 | 1 sale of 30 units 1 sale of 50 units |

The selling price includes the following post shipment expenses:

Freight from port to factory in India for ₹24,000

Insurance to cover transit damage from port to factory in India for ₹6,000

Number of units imported from high seas 5,000 units. Find the assessable value and total customs duty.

Note: BCD @12%.

Solution:

| Sale quantity | Unit price in ₹ (exclusive of duties and taxes) | Total quantity sold at each price |
|---------------|---|-----------------------------------|
| 1-10 units | 100 | 65 |
| 11-25 units | 95 | 55 |
| Over 25 units | 90 | 80 |

The greatest number of units sold 80, therefore, the unit price in the greatest aggregate quantity is ₹90.

| | (₹) |
|---------------------------|-------------------------------------|
| Sale value | = 4,50,000 (i.e. ₹90 × 5,000 units) |
| Less: Freight & insurance | = 30,000 |
| Assessable value | = 4,20,000 |
| Total customs duty | = ₹55,440 (₹4,20,000 × 13.20%) |

Rule 8: Computed Value

The value of imported goods shall be based on a computed value, which shall consist of the sum of:—

- ⦿ The cost or value of materials and fabrication or other processing employed in producing the imported goods;
- ⦿ an amount for profit and general expenses equal to that usually reflected in sales of goods of the same class or kind as the goods being valued which are made by producers in the country of exportation for export to India;
- ⦿ The cost or value of all other expenses under sub-rule (2) of rule 10.

| | | |
|--|--|-------|
| This method is normally possible when the importer in India and foreign exporter are closely associated and the foreign exporter is willing to give necessary costing. | Cost of Materials and General expenses | ₹ |
| | for producing the imported goods | = xxx |
| | Add: profit of the exporter | = xxx |
| | Add: all expenditure as per Rule 10 | = xxx |
| | Assessable Value | = XXX |

Rule 9: Residual method

Residual method is also called as Best Judgment Method. This method is applicable when all aforesaid methods are not applicable. The value determined under this method cannot exceed normal price at which such or like goods are ordinarily sold or offered for sale for delivery at the time and place of importation in course of International Trade, when seller or the buyer are non-relatives and the price is sole consideration for such sale.

While determining Assessable Value, we should not consider the following

- ⦿ The selling price in India of the goods produced in India;
- ⦿ A system which provides for the acceptance for customs purposes of the highest of the two alternative values;
- ⦿ The price of the goods on the domestic market of the country of exportation;
- ⦿ The cost of production other than computed values which have been determined for identical or similar goods in accordance with the provisions of rule 8;
- ⦿ The price of the goods for the export to a country other than India;
- ⦿ Minimum customs values; or
- ⦿ Arbitrary or fictitious values.

Rule 10: Cost and Services:

The following shall be added to the invoice price (i.e. FOB value) to determine the transaction value for imported goods:

| Rule 10(1): | | Value in Rupees |
|---|---|-----------------|
| Commission and brokerage (except buying commissions) | = | XXXX |
| Packing cost (except cost of durable and returnable packing) | = | XXXX |
| Cost of engineering, development and plan or sketches (Undertaken outside India) | = | XXXX |
| Royalties and license fee | = | XXXX |
| Value of subsequent re-sale if payable to foreign supplier | = | XXXX |
| Rule 10(2) | | |
| Cost of freight and insurance up to place of importation | = | XXXX |
| Cost of freight if not specified @ 20% of FOB | = | XXXX |
| Insurance if not specified @ 1.125% of FOB | = | XXXX |
| Ship demurrage charges on chartered vessels, lighterage or barge charges | = | XXXX |
| | = | XXXX |

The following shall not be added to the invoice price (i.e. FOB value) to determine the transaction value for imported goods:

| | | Value in Rupees |
|--|---|-----------------|
| Duties and taxes in India | = | XXX |
| Cost of erection charges in India | = | XXX |
| Cost of transport and insurance from port to factory of importer in India | = | XXX |
| Cost of development charges in connection with imported machinery | = | XXX |
| Port demurrage charges and unloading charges in India | = | XXX |
| Any other charges incurred after importation (i.e. Post shipment charges, unless such post shipment charges are pre-condition for importation) | = | XXX |

Related Party Transactions:

The World Trade Organisation (WTO) Customs Valuation Agreement addresses transfer pricing through its provisions regarding related party transactions. In examining whether the relationship influences the price, certain tests are used to determine **whether a transfer price may form the basis of the transaction value**.

The transaction value method cannot be applied in cases where the buyer and seller are related and the relationship has influenced the price. The scope of relationship is defined in Sub-Rule 2 (2) of the Customs Valuation Rules. In such cases the burden of proof shifts to the importer, who should satisfy the Customs that the declared price closely approximates to the arm's length. If the importer fails to discharge this responsibility, the declared value could be rejected, and valuation done under any of the subsequent methods applied in hierarchical order.

Transactions Involving Transfer Pricing:

Under the Customs Law some of the imports involving transfer pricing are as follows:-

- (i) Imports by wholly owned subsidiary from the foreign holding company or its subsidiaries/associates in other countries;
- (ii) Imports by a joint venture company from its foreign partners who has substantial stake in joint venture;
- (iii) Import by branches from their overseas principals;
- (iv) Import of new or used construction machinery/equipment by engineering construction companies for their own projects;
- (v) Goods imported under leasing contract from a related party;
- (vi) Goods imported on loan basis from a related party.

Customs Valuation in Case of Related Party Transactions:

The valuation for the purpose of assessment and recovery of customs duty on any imported goods in case of 'Related Party Transactions' involves the following three stages as per the provisions contained under Section 14 of the Customs Act, 1962 read with the Customs Valuation Rules, 1988 (now the Customs Valuation (Determination of Value of Imported Goods) Rules, 2007):-

- (i) Examination of relationship between the foreign supplier and the Indian Importers to verify that both of them are 'Related Party' and the transactions are not at arm's length.
- (ii) In case the foreign supplier and the Indian Importers are 'Related Party,' it is required to be examined as to whether the relationship has influenced the prices or not.
- (iii) In case the foreign supplier and the Indian Importers are 'Related Party' and the relationship has influenced the prices, the extent of influence of relationship is required to be examined, the additions are required to be quantified and the valuation of the imported goods is required to be computed.

Valuation where relationship not influencing the price:

Once it is established that the buyer and the seller are 'related party', the importers are required to demonstrate that the relationship has not influenced the prices and the price for the said goods closely approximates to one of the following values ascertained at or about the same time -

- ⊙ The transaction value of identical goods, or of similar goods, in respect of sales to unrelated buyers in India;
- ⊙ The deductive value for identical goods or similar goods; and
- ⊙ The computed value for identical or similar goods.

If the importer is able to furnish evidence of the transaction value or the deductive value or the computed value of identical or similar goods in respect of sales to unrelated buyers in India at the same price and establish that the relationship has not influenced the prices, the declared value is accepted, and clearance allowed.

If the importer is not able to furnish evidence of the transaction value or the deductive value or the computed value of identical or similar goods in respect of sales to unrelated buyers in India at the same price and there are no contemporaneous imports, and there is no way to compare the values at the time of assessment of the Bill of Entry, the circumstances of sale are examined to ascertain as to whether the relationship has influenced the prices or not. In case relationship has influenced the prices then the valuation of the goods is required to be done.

Illustrative list where relationship influencing the price:

Importers in their imports from their foreign principals or associated companies resort to large scale manipulations in prices either to evade the customs duties, income tax or to circumvent any other provision of law. The modus operandi adopted by them are as follows:

1. In case of imports from their foreign principals or associated companies is to declare higher value for goods

exempted from duty or entitled to lower rate and to declare lower value for the goods having higher rate of duty.

2. Over invoicing of imported capital goods in order:-
 - a. to obtain higher amount of soft loans from Banks and financial institutions;
 - b. to increase the book value of plant and machinery and to obtain higher income tax depreciation;
 - c. to increase their stake in Indian company without making the requisite remittance of foreign exchange.
3. Over invoicing of exports from SEZ, 100% EOUs etc to avail higher income tax exemption by diversion of profits from domestic sales to export income.
4. Over invoicing of exports under export promotion schemes to claim higher Drawback, export promotions etc.
5. Under-invoicing in imports and under-invoicing in exports- the difference in value of under invoiced imports is settled by way of under invoiced exports.
6. Over-invoicing in imports and over-invoicing in exports - the difference in value of over invoiced imports is adjusted by way of over invoiced exports.
7. In case of import of machinery/equipment etc. the higher values for the elements exempted from customs duty are declared in order to evade customs duty, like:
 - a. the cost of engineering drawings , designs etc.;
 - b. software;
 - c. the cost of technical know how;
 - d. interest.
8. In case of second hand goods, motor vehicle etc. the expenses like dismantling charges, packing charges, inland transportation, inland insurance, reconditioning, refurbishing charges incurred by the foreign principals etc. are not declared.
9. In case of goods procured by the foreign principals and supplied to their Indian counterparts, the country of origin is sometimes mis-declared to claim exemption from customs duty applicable under a trade agreement or to declare lower values applicable for the goods of origin of that country; e.g. goods of Japan or Korean origin are declared as goods of Chinese origin and lower values applicable for Chinese goods are declared.

Valuation where relationship influencing the price:

In case the buyer and the seller are 'related party' and the relationship has influenced the price, the transaction value under Rule 3 of the Customs Valuation Rules, is ruled out. The valuation is done by sequential application of Rule 4 to Rule 8. In such cases normally the value of identical or similar goods are not available and the valuation on the basis of deductive value method or computed value method is also not possible. The valuation is normally done under Rule 9 (Residual method) using reasonable means consistent with general principles of law. As contained under rule 10 (Cost and Services) , the additions for the following services provided by the foreign suppliers either free or at reduced cost are made to the invoice price:-

- (i) The value, apportioned as appropriate, of the following goods and services where supplied directly or indirectly by the buyer free of charge or at reduced cost for use in connection with the production and sale for export of imported goods, to the extent that such value has not been included in the price actually paid or payable, namely:-
 - ⦿ materials, components, parts and similar items incorporated in the imported goods;
 - ⦿ tools, dies, moulds and similar items used in the production of the imported goods;
 - ⦿ materials consumed in the production of the imported goods;

- engineering, development, art work, design work, and plans and sketches undertaken elsewhere than in India and necessary for the production of the imported goods;
- (ii) Royalties and licence fees related to the imported goods that the buyer is required to pay, directly or indirectly, as a condition of the sale of the goods being valued, to the extent that such royalties and fees are not included in the price actually paid or payable;
- (iii) The value of any part of the proceeds of any subsequent resale, disposal or use of the imported goods that accrues, directly or indirectly, to the seller;
- (iv) All other payments actually made or to be made as a condition of sale of the imported goods, by the buyer to the seller, or by the buyer to a third party to satisfy an obligation of the seller to the extent that such payments are not included in the price actually paid or payable.

Solved Cases

Case 1

The assessee-respondent had been importing “Orange Shock Tube” from the exporter at a unit price of US\$0.0150 per ft till November 2000 when the price was reduced to US\$0.0141 per ft. However, in June 2001, the importer declared the value of the imported tubes at a unit price of US\$0.0100 per ft. Revenue contended that declared value was substantially lower than the actual value i.e. the assessee had under-valued the goods. Therefore, the value had to be determined as per erstwhile rule 5 of Customs Valuation Rules, 1988 [now rule 4 of Customs Valuation (Determination of value of Imported Goods) Rules, 2007], viz., transactional value of identical goods. In this regard, the assessee provided the explanation that the reduction in price was subject to mutual agreement that he would purchase 100% of its annual requirement from the same exporter.

Solution:

There is no undervaluation and hence, transactional value should be accepted as assessable value. [CCus. v Initiating Explosives Systems (I) Ltd. 2008 (224) ELT 343 (SC)]

Case 2

The assessee was a manufacturer of printers. The shuttle, an integral part of a printer, was imported by him. The question which arose for determination was whether the adjudicating authority was entitled to load the royalty/license fee payment on the price of the imported goods, viz., shuttle by taking its peak price.

Solution:

Any post shipment expenses are includible in the assessable value only when it is pre-requisite to the sale or purchase. Hence, in the given case the royalty was not a pre-requisite condition for sale of shuttle. Therefore, the Department’s contention is not tenable in the eyes of law. [Wep Peripherals Ltd. v CCus., Chennai 2008 (224) ELT 30 (SC)].

Case 3

The goods initially exported by the assessee were re-imported back to India on being rejected by the foreign buyer as defective. The assessee initially claimed in the Bills of Entry the benefit of notification no. 158/95-Cus and also executed bonds for re-export, as required under the said notification. The assessee could not re-export the goods due to recessionary conditions in the textile industry. It claimed before the adjudicating authority that since it was not possible for it to re-export the goods, it should be allowed the benefits of another Notification No. 94/96-Cus. which was in force at the time of clearance from the factory originally. The main contention raised by the assessee was that if the benefits were available under the two notifications to the assessee, then the assessee could avail of the benefits under either of them.

Revenue’s reply to the said contention was that it was not correct to say that if two notifications were applicable, assessee after having opted to take the benefit under one of the notifications could change its option and avail the benefit under the other scheme because of the nature and contents of the notification. Whether the assessee can

change its option and avail the benefit under other notification?

Solution:

Once the assessee had claimed the Notification No. 158/95 for import of goods without payment of duty, then he has to fulfil all conditions mentioned in the said notification. Therefore, it is not open to the assessee to opt for another notification because he had not fulfilled the conditions of the earlier notification. [CCus., Calcutta v Indian Rayon & Industries Ltd. 2008 (229) ELT 3 (SC)]

Case 4

Gujarat Dry Fruits Limited imported dry fruits and declared the value as under:

| Date of imports | Quantity (MT) | Declared value ₹per MT | Country of import |
|-----------------|---------------|------------------------|-------------------|
| January 2025 | 250 | 25,000 | Egypt |
| January 2025 | 150 | 25,000 | Egypt |

It was found that imports were also made by some other dealers as indicated below:

| Date of imports | Importer | Quantity (MT) | Declared value ₹per MT | Country of import |
|-----------------|---------------------|---------------|------------------------|-------------------|
| September 2024 | Mumbai Intil | 50 | 35,000 | Dubai |
| October 2024 | Chennai Fruits Ltd. | 20 | 40,000 | Persia |

The Customs Department has sought to assess the imports made by the Gujarat Dry Fruits Ltd. as Contemporaneous imports under section 14 read with Rule 4 of the Customs Valuation Rules, 2007. Briefly examine whether the action proposed by the Department is correct.

Solution:

The goods are said to be identical only if the goods to be valued have been produced in the same country. In the given question, the goods in question have been imported from Egypt, while other importers have imported goods from other countries. Therefore, the department action is not correct.

Case 5

The assessee X Ltd. entered into a joint venture with a foreign collaborator N for promotion and selling of antennas, accessories and other communication equipment. The agreement between them indicates that N owned majority of equity shares in X Ltd. Technical Services were provided by N to X Ltd, for various functions that were carried out in respect of manufacture of antenna system in India, for which technical services fee was paid to N by X Ltd. Based on the above facts, the department opined that both X Ltd. and N were related persons in terms of rule 2(2)(1) and 2(2)(iv) of the Customs Valuation (Determination of Price of Imported Goods) Rules, 1988 and that the technical fee paid by X Ltd. was includible in the assessable value of the imported components in terms of Rule 9(1)(c) of the Rules. Decide referring to decided case law.

Solution:

Technical fee cannot be added simply because the importer and exporter are 'Related Persons'. It can be added only if it is related to imported goods itself. Here, import was for components while technical fee was for manufacture of antenna systems. The fee is not connected to imported goods. Hence, not includible. [CCus. v Prodelin India (P) Ltd. (2006) 202 ELT 13 (SC)]

- ⦿ Understand baggage, general free or duty-free allowance.
- ⦿ Explain how to compute duty on baggage
- ⦿ Understand procedure about postal articles.

The term Baggage means luggage of the passenger if they travel by Air or Sea from one country to another country. Sometimes this baggage amounts to import thereby import duty may be levied. It is essential for us to know the provisions relating to levy, exemption and non-levy of duty on baggage.

Provisions relating to levy and non-levy of duty on baggage are contained in Chapter XI [Special Provisions Regarding Baggage, Goods Imported or Exported by Post and Stores] of Customs Act, and Baggage Rules, 1988.

Provision Regarding Baggage

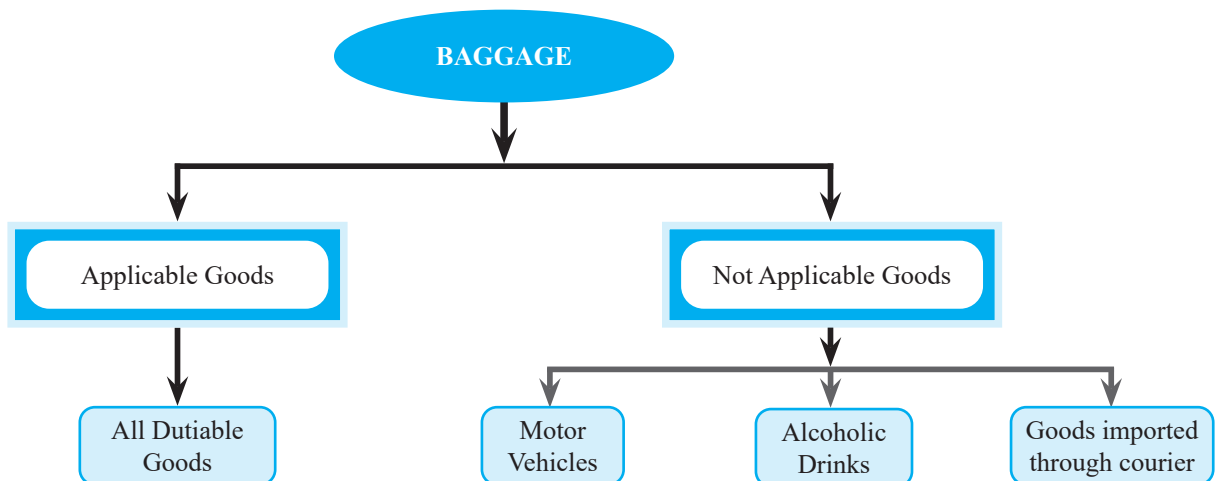

19.2

General Meaning: Baggage means all dutiable goods imported by a passenger or a member of a crew in his baggage.

Statutory Meaning u/s 2(3) of Customs Act: Baggage includes:

- (a) unaccompanied baggage (i.e., baggage not carried by passenger at the time of his arrival, but sent before or after arrival of passenger).
- (b) but does not include motor vehicles.

Baggage can be classified as follows:

Green Channel means if a person does not have any dutiable goods, he can go through green channel without undergoing any check along with baggage.

Red Channel means if carrying dutiable goods he should pass through red channel and should submit the declaration and his baggage can be inspected by the customs authorities.

IMPORTANT NOTE:

Full exemption from IGST has been provided on passenger baggage. However, basic customs duty shall be leviable at the rate of 35% and social welfare surcharge as applicable on the value which is in excess of the duty-free allowances provided under the Baggage Rules, 2016.

Therefore, effective rate of customs duty on baggage @38.50% on the value over and above duty-free allowance (i.e. general free allowance).

Section 77: Declaration by owner of baggage: The owner of any baggage shall make a declaration of its contents to the proper officer for the purpose of clearing it.

Section 78: Determination by rate of duty and tariff valuation in respect of baggage: The rate of duty and tariff valuation, if any, applicable to baggage shall be the rate and valuation in force on the date on which a declaration is made in respect of such baggage under section 77.

Rate of Duty on Baggage is @ 35% plus social welfare surcharge.

Additional Customs Duty u/s 3(1) or 3(5) (Special CVD) – Nil [Notification No. 183/86-Cus and Notification No. 21/2012-Cus]

Exemption to 1 Laptop: The Central Government has exempted one laptop computer (notebook computer) when imported into India by a passenger of the age of 18 years or above (other than member of crew) from whole of the BCD [Notification No. 11/2004-Cus]

Section 80: Temporary Detention of Baggage:

- The proper officer may detain the baggage of a passenger which contains any article which is dutiable or the import of which is prohibited and in respect which a true declaration has been made under section 77.
- The proper officer may do so, at the request of the passenger for the purpose of being returned to the passenger either:

Illustration 1

Mr. Gopal, an Indian entrepreneur, went to London to explore new business opportunities on 01.04.20XX. His wife also joined him in London on 01.12.20XX. The following details are submitted by them with the Customs authorities on their return to India on 30th April (next year).-

- (a) used personal effects worth ₹95,000
- (b) a music system worth ₹34,000
- (c) the jewellery brought by Mr. Gopal for ₹44,000 and the jewellery brought by his wife worth ₹25,000

Determine their eligibility with regard to duty free allowance.

Duty drawback under Customs

Solution:

As per the Baggage Rules, in case of passengers other than tourists there is no customs duty on used personal effects and general free allowance is ₹50,000 per passenger. Thus, their duty liability is nil for the personal effects and a music system.

However, the additional duty-free allowance, that is jewellery allowance is applicable to non-tourist passenger of Indian origin who had stayed abroad for period exceeding one year. The additional jewellery allowance is as follows:-

- Gentleman Passenger - ₹50,000
- Lady Passenger - ₹1,00,000

Thus, there is no duty liability on the jewellery brought by Mr. Gopala, he had stayed abroad for period exceeding one year. However, his wife is not eligible for this additional jewellery allowance as she had stayed abroad for a period less than a year. Thus, she has to pay customs duty on the amount of jewellery brought by her. However, she is eligible to avail GFA of ₹50,000.

Transferring residence to India**Transfer of residence w.e.f. 1-4-2016:**

A person, who is engaged in a profession abroad, or is transferring his residence to India can bring, used household items as below:

|-----------------------------------|---|
| 3-6 months | ₹60,000 |

| Passengers who have stayed abroad | GFA for personal household items upto ₹ |
|-----------------------------------|---|
| 6-12 months | ₹1,00,000 |
| 1-2 years | ₹2,00,000 |
| Above 2 years | ₹5,00,000 |

Postal Articles

As per sections 82 to 84 of the Customs Act, 1962, goods can be cleared by post. Any label or declaration accompanying the goods showing the description, quantity and value thereof, shall be treated as “an entry for import” under the Customs Act.

The rate of duty and tariff value applicable to goods imported by post shall be the rate and valuation in force on the date on which the postal authorities present to the proper officer a list containing the particulars of such goods for the purpose of assessment of duty.

The procedure for clearance:

- (i) Post parcels are allowed to pass from port/airport to Foreign Parcel Department of Government Post Offices without payment of customs duty.
- (ii) The Postmaster hands over to Principal Appraiser of Customs the memo showing
 - ⊙ Total number of parcels from each country of origin,
 - ⊙ Parcel bills or senders' declaration,
 - ⊙ Customs declaration and dispatch notes, and
 - ⊙ Other information that may be required.
- (iii) The mail bags are opened and scrutinized by Postmaster under supervision of Principal Postal Appraiser of Customs.
- (iv) Packets suspected of containing dutiable goods are separated and presented to Customs Appraiser with letter mail bill and assessment memos.
- (v) The Customs Appraiser marks the parcels which are required to be detained if—
 - ⊙ necessary particulars are not available, or
 - ⊙ mis-declaration or undervaluation is suspected, or
 - ⊙ goods are prohibited for import.

Appraiser has the power to examine any parcel. After inspection, the parcels are sealed with a distinctive seal. Any mis-declaration or undervaluation is noted or goods are prohibited goods for imports these be detained and the same intimated to Commissioner of Customs.

If everything is in order after verification, goods will be handed over to Postmaster, who will hand over the same to the addressee on receipt of customs duty.

Import of Samples

In the International trade it is considered often necessary that samples of the goods manufactured in one country be sent to another country for being shown or demonstrated for Customer appreciation. There are duty free imports of genuine commercial samples into the country for smooth flow of trade.

The commercial samples are basically specimens of goods that may be imported by the traders or representatives

of manufacturers. However, goods which are prohibited under Foreign Trade (Development and Regulation) Act, 1992 are not allowed to be imported as samples (i.e. wild animals, wild birds and parts of wild animals, arms and ammunitions and so on).

Samples can be imported by the traders, industry, individuals, research institutes and so on. These samples can also be brought by the persons as part of their personal baggage or through port or in courier.

The current limit of ₹1 lakh per annum for duty free import of samples in terms of NT 154/94-Customs, dated 13.7.1994 is enhanced to ₹3 lakh per annum (w.e.f. 24-7-2024, vide Notification No. 29/2024-Customs dated 23-7-2024).

After visiting USA, Mrs. & Mr. X brought to India a laptop computer valued at ₹80,000 personal effects cloths valued at ₹90,000 and a personal computer for ₹52,000. What is the customs Duty payable?

Solution:

Solved Case 1

Hemal K. Shah 2012 (275) ELT 266 (GOI)

Facts of the Case: Shri Hemal K. Shah, a passenger, who arrived at SVPI Airport, Ahmedabad, had declared the total value of goods as ₹13,500 in the disembarkation slip. On detailed examination of his baggage, it was found to contain Saffron, Umicore Rhodium Black, Titan Wrist watches, Mobile Phones, assorted perfumes, Imitation stones and bags.

Since, the said goods were in commercial quantity and did not appear to be a bona fide baggage; the same were placed under seizure. The passenger in his statement admitted the offence and showed his readiness to pay duty on seized goods or re-shipment of the said goods.

The adjudicating authority determined total value of seized goods; ordered confiscation of seized goods under section 111(d) and 111(m) of the Customs Act, 1962; imposed penalty on Hemal K. Shah; confirmed and ordered for recovery of customs duty on the goods with interest and gave an option to redeem the goods on payment of a fine which should be exercised within a period of three months from date of receipt of the order.

On appeal by Hemal K. Shah, the appellate authority allowed re-export of the confiscated goods. Against this order, the Department filed a revision application before the Revisionary Authority under section 129DD of the Customs Act, 1962.

Point of Dispute: The Department questioned the re-export of confiscated goods. They contended that the goods which had been confiscated were being smuggled in by the passenger without declaring the same to the Customs and were in commercial quantity. In view of these facts, the appellate authority had erred in allowing the re-export of the goods on payment of redemption fine.

Revisionary Authority's Decision: The Government noted that the passenger had grossly mis-declared the goods with intention to evade duty and to smuggle the goods into India. As per the provisions of section 80 of the Customs Act, 1962 when the baggage of the passenger contains article which is dutiable or prohibited and in respect of which the declaration is made under section 77, the proper officer on request of passenger can detain such article for the purpose of being returned to him on his leaving India. Since passenger neither made true declaration nor requested for detention of goods for re-export, before customs authorities at the time of his arrival at airport, the re-export of said goods could not be allowed under section 80 of the Customs Act.

Manufacture in Bond

SLOB Mapped against the Module

1. To acquire adequate knowledge relating to valuation and duty calculation, remission and refund under Customs Act and Rules.
2. To facilitate strategic decision making by appropriate management of various indirect tax issues.

Module Learning Objectives

After studying this module, the students will be able to:

- ⦿ Explain features of the Manufacture and other Operations in Bonded Warehouse
- ⦿ Understand step by step approach to start manufacturing in bond.
- ⦿ Explain how to clear goods from bonded warehouse

Central Board of Indirect Taxes and Customs has launched a revamped and streamlined program to attract investments into India and strengthen Make in India through manufacture and other operations under bond scheme, under Customs Act, 1962. Section 65 of the Customs Act, 1962 enables conduct of manufacture and other operations in a customs bonded warehouse.

With the Government's continuous efforts to promote India as the manufacturing hub globally and the commitment towards ease of doing business, another initiative in this direction by the Central Board of Indirect Taxes (CBIC) is **allowing import of raw materials and capital goods without payment of duty** for manufacturing and other operations in a bonded manufacturing facility.

When the raw materials or capital goods are imported, the import duty on them is deferred with no interest liability. If these **imported inputs are utilised for exports after manufacture, the deferred duty is exempted**. Only when the **finished goods are cleared to the domestic market, import duty is to be paid** on the imported raw materials used in the production or imported goods cleared in the domestic market (ex-bonding). Import duty on capital goods is to be paid if and when the capital goods are cleared to the domestic market.

- ⦿ When finished goods are exported, in addition to the waiver of BCD + IGST on the imported goods used, the GST on the finished goods can be zero-rated.

Manufacture and other Operations in Warehouse

20.2

Salient features of the Manufacture and other Operations in Warehouse:

- (i) No geographical limitation on where such units can be set up. New manufacturing facility can be set up or an existing facility can be converted into a bonded manufacturing facility irrespective of its location in India.
- (ii) A single application cum approval form for uniformity of practice with a single point of approval to set up the operations of such units. Commissioner of Customs Acts as the single point of contract for all approvals. Common application cum approval form for a license for private bonded facility and permission for manufacturing and other operations.
- (iii) Improved liquidity with deferment of import duty and no interest liability.
- (iv) Allows procurement of GST compliant goods from the domestic market for use in manufacture and other operations.
- (v) A single digital account for ease of doing business and easy compliance. Maintain all records of manufacturing and other operations digitally in a single format as per Annexure-B
- (vi) Enables efficient capacity utilization, as there is no limit on quantum of clearances that can be exported or cleared to the domestic market. It means an entity may manufacture in a bonded facility and sell up to 100% of the output in the domestic market.
- (vii) Duty free transfer of goods allowed from one warehouse to another.
- (viii) Capital goods and non-capital goods (namely raw materials, components, etc.) can remain warehoused until clearance or consumption.

Who is eligible for applying for manufacture and other operations in a bonded warehouse:

The following persons are eligible to apply for manufacture and other operations in a bonded warehouse, -

- (i) A person who has been granted a licence for a private warehouse under Section 58 of the Customs Act, in accordance with Private Warehouse Licensing Regulations, 2016.
- (ii) A person can also make a combined application for licence for a warehouse under Section 58, along with permission for undertaking manufacturing or other operations in the warehouse under Section 65 of the Act.

The persons mentioned have to be a citizen of India or an entity incorporated or registered in India.

There is no physical control of a unit licensed under Section 65 and Section 58 of the Customs Act, 1962, on a day-to-day basis. The unit will be subject to risk-based audits.

Manufacture in Bond

20.3

Through bonded manufacturing, all types of businesses can avail exemption on customs duty on imported inputs used in the production of finished goods to be exported. In the case of domestic consumption, the duty on imported inputs is deferred until the finished goods are cleared to the domestic market.

Example 1

M/s X Inc. a leading Japanese automobile manufacturer incorporated and intends to manufacture vehicles in India. They file an application for licensing a facility near Nagpur, Maharashtra and imported inputs for production like airbags, gearboxes, and capital goods. The duty on such imports is deferred, which provides additional capital support to the manufacturer. The manufacturer exports 70% of the total produced vehicles and deferred duty on that portion is waived while deferred Customs Duty and IGST are paid on the remaining 30% vehicles at the time of their sale domestically across India. The manufacturer benefits from deferred duty on imported inputs and from reduced production cost due to duty-free imports.

Licensing of Public, Private and Special Warehousing

20.4

Licensing of public warehousing:

Section 57 The Principal Commissioner of Customs or Commissioner of Customs may, subject to such conditions as may be prescribed, license a public warehouse wherein dutiable goods may be deposited.

Licensing of private warehouses:

Section 58 the Principal Commissioner of Customs or Commissioner of Customs may, subject to such conditions as may be prescribed, license a private warehouse wherein dutiable goods imported by or on behalf of the licensee may be deposited.

Licensing of Special Warehousing:

Section 58A (1) The Principal Commissioner of Customs or Commissioner of Customs may, subject to such conditions as may be prescribed, license a special warehouse wherein dutiable goods may be deposited, and such warehouse shall be caused to be locked by the proper officer and no person shall enter the warehouse or remove any goods therefrom without the permission of the proper officer.

At present, manufacture and other operations in a bonded warehouse is allowed only in a Private Bonded Warehouse licensed under Section 58 of the Customs Act. Hence, manufacture and other operations in a Public Bonded Warehouse licensed under section 57 and Special Warehouse licensed under section 58A(1) of the Customs Act are not allowed.

Manufacture and other operations in relation to goods in a warehouse Section 65:

As per Section 65(1) of the Customs Act, 1962, with the permission of the Principal Commissioner of Customs Commissioner of Customs and subject to such conditions and on payment of such fees as may be prescribed, the owner of any warehoused goods may carry on any manufacturing process or other operations in the warehouse in relation to such goods.

- Relevant date when goods are warehoused can be summarized hereunder.

| S. No. | Goods warehoused under Bond | Relevant date | Remarks |
|--------|-----------------------------|---|---|
| (i) | Rate of exchange | At the time of submission of 'into bond' bill of entry | When goods are removed for home consumption |
| (ii) | Rate of duty | As on the date of submission of sub-bill of entry | When goods are removed for home consumption |
| (iii) | Rate of duty | The rate of duty prevails on the date on which the goods should have been removed is to be considered | When the goods are not removed from warehouse within the permissible period and permission is also not obtained for the extended period – Improper removal. |

Warehousing period: As per section 61 of the Customs Act, 1962 period of warehousing has been suggested in the following lines:

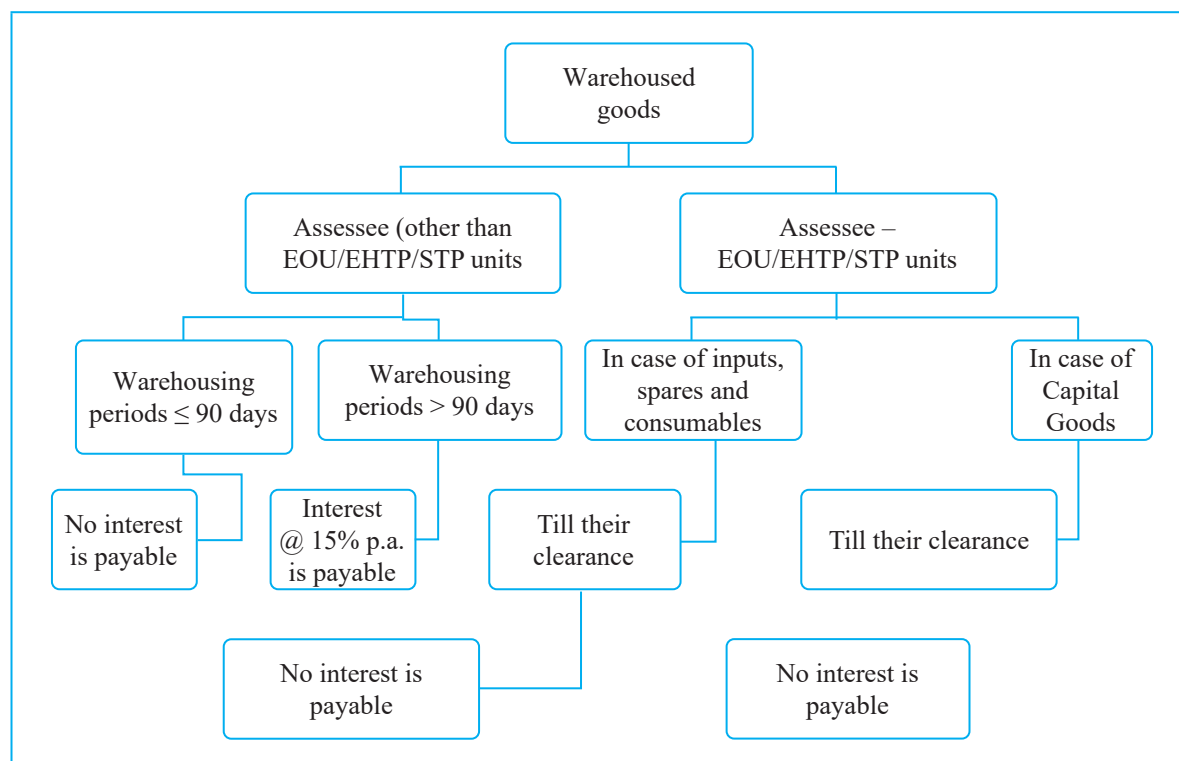

| Importer | Normal warehousing period | Remarks |
|----------------|--|---|
| Other than EOU | One year | From the date of issuing the order by Customs Officer permitting deposit of goods in a warehouse. |
| EOU | till the consumption or clearance of such goods from warehouse – for inputs, spares and consumables till the clearance of such goods from warehouse –for capital goods | In the case of EOU units, the whole factory is treated as a bonded warehouse. |

The period of 1 year can be extended by the Commissioner of Customs for further 6 months. However, for extending it further, authorization of Chief Commissioner of Customs is required.

In the case of goods warehoused by other than EOU, if they are likely to deteriorate, the normal warehousing period of one year may be reduced by the Commissioner of Customs to such shorter period as he may deem fit.

1 Applicability of interest on warehoused goods:

Applicability of interest on warehoused goods 14-5-2016:

Warehousing Bond Section 59:

An importer desirous of warehousing the goods without paying customs duty duties needs to execute an indemnity bond to cover the risk to Government revenue. Importer is required to execute the bond for the goods in respect of which an into-bond bill of entry has been presented and assessed to duty.

The bond can be executed in respect of a particular consignment called as Consignment Bond or it can be a General Bond to cover the duty on goods to be imported by the person during a specified period.

Section 64 of the Customs Act, 1962, Owner's right to deal with warehoused goods:

W.e.f. 14-5-2016 The owner of any warehoused goods may, after warehousing the same:

- (a) inspect the goods;
- (b) deal with their containers in such manner as may be necessary to prevent loss or deterioration or damage to the goods;
- (c) sort the goods; or
- (d) show the goods for sale.

Note: Since physical control has been abolished, there is no need of obtaining sanction on payment of MOT charges.

Note:

- (1) Annexure-A: The processes for availing the license for a private bonded facility (as per Section 58) and for manufacturing or performing other operations (as per Section 65) are combined under single application as per Annexure A.
- (2) Annexure-B: Form to be maintained by a unit operating under section 65 of the Customs Act for the receipt, processing and removal of goods.
- (3) Annexure-C: General Bond (To be executed under sub-section (2) of Section 59 of the Customs Act, 1962 by a unit operating under section 65 of the Customs Act 1962).

Section 65 of the Customs Act, 1962 Manufacture and other operations in relation to goods in a warehouse:

With the permission of the Principal Commissioner of Customs or Commissioner of Customs and subject to such conditions and subject to such conditions and on payment of such fees as may be prescribed, the owner of any warehoused goods may carry on any manufacturing process or other operations in the warehouse in relation to such goods.

The Indian Government has set its sights on turning India into a global manufacturing hub and achieving the goals of “Make in India” and “Atma Nirbhar Bharat”. One such initiative was the introduction of the Manufacture and Other Operations in Warehouse Regulations (‘MOOWR’) Scheme.

As per the amendment to Section 65 of the Customs Act, the owner of the warehoused goods can carry on such manufacturing process or other operations subject to Section 65A of the Customs Act. However, Section 65A of the Customs Act has been inserted to provide for payment of IGST and Compensation Cess while depositing the goods in warehouse for carrying out manufacturing and other operations as per Section 65 of the Customs Act.

PAYMENT OF IGST AND COMPENSATION CESS ON GOODS STORED FOR MANUFACTURING AND OTHER OPERATIONS IN WAREHOUSE:

Section 65 of the Customs Act permits the owner of any warehoused goods to carry on any manufacturing process or other operations in the warehouse subject to the permission of the Principal Commissioner of Customs or Commissioner of Customs. Currently, the Customs Act (ie., prior to the Finance Bill 2023 coming into force) permits such manufacturing process or other operations in warehouse without payment of Duties of Customs which include IGST and Compensation Cess.

As per Section 46 of the Customs Act, the importer has to file a Bill of Entry (BOE) for warehousing and thereafter, to clear such goods for home consumption, the importer has to file BOE for home consumption. The Custom Duties are payable only after the goods are cleared for home consumption from the warehouse.

As per the amendment to Section 65 of the Customs Act, the owner of the warehoused goods can carry on such manufacturing process or other operations subject to Section 65A of the Customs Act. However, Section 65A of the Customs Act has been inserted (w.e.f. 1st April 2023, Goods brought for operations in warehouse to have

ordinarily paid certain taxes) to provide for payment of IGST and Compensation Cess while depositing the goods in warehouse for carrying out manufacturing and other operations as per Section 65 of the Customs Act.

As per Section 65A(B)(i) of the Customs Act the importer will, after the Finance Bill 2023 comes into force, need to file a BOE for home consumption (instead of a BOE for warehousing) even for the purpose of depositing the goods in warehouse. Consequently, the importer, while filing such BOE for home consumption has to pay IGST and Compensation Cess.

Further, the transfer of goods from one warehouse to another in terms of Section 67 of the Customs Act, will only be permitted upon filing of a BOE for home consumption and on payment of IGST and Compensation Cess.

Section 65A of the Customs Act is applicable prospectively inasmuch as it will not be applicable to goods which have already been deposited to the warehouse prior to notifying of Section 65A.

The Central Government has retained the power to exempt certain categories of goods, importers or exporters or industry from the purview of Section 65A of the Customs Act.

Note: Finance Bill, 2023 has been passed by Parliament and became Finance Act, 2023 on 31-3-2023, after receiving assent of President. Some changes have become effective from 1-4-2023. Provisions in respect of section 65A of Customs Act will be effective from date to be notified.

New section 65A of the Customs Act, 1962 have not become effective till 30th November 2023.

Illustration 1

Can a unit undertaking manufacture and other operations in a bonded warehouse import inputs without payment of duty? If yes, whether only BCD or both BCD and IGST on imports is covered? For how long is duty deferment available? Is interest payable after some time?

Solution:

Manufacture and other operations in a bonded warehouse is a duty deferment scheme. Thus, both BCD and IGST on imports stand deferred. In the case of goods other than capital goods, the import duties (both BCD and IGST) stand deferred till they are cleared from the warehouse for home consumption, and no interest is payable on duty. In case the finished goods are exported, the duty on the imported inputs (both BCD and IGST) stands remitted i.e. they will not be payable. The duty deferment is without any time limitation.

Illustration 2

Is import of raw material without BCD and IGST allowed? Will there be any interest obligation if IGST is paid when finished goods are sold in domestic markets?

Solution:

Inputs/raw materials can be imported and deposited in the licensed warehouse without payment of BCD and IGST. No interest liability arises when the duties are paid at the time of ex-bonding the resultant goods. The duties (without any interest) are to be paid only when the resultant goods are being cleared for home consumption.

Illustration 3

Would it be mandatory to appoint a warehouse keeper in the factory licensed under Section 65 of the Customs Act? Would all goods cleared from the said factory be subject to inspection by the warehouse keeper/ Customs authorities?

Solution:

A warehouse keeper has to be appointed, for a premise to be licensed as a private warehouse under Section 58 of the Customs Act. The warehouse keeper is expected to discharge duties and responsibilities, maintain accounts and also sign the documents, on behalf of the licensee. The warehouse keeper is expected to supervise and satisfy himself about the veracity of the declaration/accounts that he is signing. The inspection of goods by customs at the stage of ex-bonding would be done, only if there is indication of risks and not as a matter of routine practice. Approval of the bond officer is not required for clearance of the goods from the warehouse.

Illustration 4

What are the customs document/ form for movement of imported goods on which duty has been deferred to/ from a unit undertaking manufacture and other operations in a bonded warehouse? Are such goods required to be under customs escort during their movement?

Solution:

Following are the customs document for movement of imported goods on which duty has been deferred to/ from a unit undertaking manufacture and other operations in a bonded warehouse:

- (i) Customs Station to Section 65 unit: Bill of entry for warehousing. It is clarified that no separate form is prescribed for movement from Customs station to Section 65 unit as the goods are already accompanied by the Bill of entry for warehousing.
- (ii) From another warehouse (non-Section 65) to a Section 65 Unit: Form for transfer of goods from a warehouse as prescribed under the Warehoused Goods (Removal) Regulations, 2016. This is because warehouse which is not a Section 65 unit has to follow the Warehoused Goods (Removal) Regulations, 2016.
- (iii) From Section 65 Unit to another warehouse (the other warehouse can be a Section 65 unit or a non-Section 65 warehouse): Form prescribed in Manufacture and Other Operations in Warehouse (no. 2) Regulations, 2019.

The goods will not be under customs escort during movement.

Illustration 5

If the imported capital goods are cleared for home consumption after use, is depreciation available?

Solution:

No. Depreciation is not available if imported capital goods (on which duty has been deferred) are cleared for home consumption after use in a Section 65 unit.

Illustration 6

If the imported capital goods are cleared for export after use, is depreciation available?

Solution:

The imported capital goods (on which duty has been deferred) after use in a Section 65 unit can be exported without payment of duty as per Section 69 of the Customs Act. For the purposes of valuation of the export goods, the same will be as per the Section 14 of the Customs Act read with the Customs Valuation (Determination of Value of Export Goods) Rules 2007.

Illustration 7

What are the procedure and documentation requirements for re-entry of manufactured goods, returned by the customers for repair, in the premises?

Solution:

Once the goods are cleared from the warehouse, they will no longer be treated as warehoused goods. Thus if the resultant goods cleared from the warehouse are returned by the customer for repair, they will be entered as DTA receipts (this is provided in the accounting form). After repair, when the same is cleared from the warehouse, the same will be entered in the prescribed accounting form. If the goods were exported and subsequently rejected or sent back for repair by the customer, then the goods upon re-import have to be entered as Imports receipts in the accounting form. The relevant customs notification for re-imports has to be followed while filing the Bill of Entry for re-import of the goods.

Illustration 8

What is the procedure for surrender of licence for a Section 65 unit?

Solution:

Since the unit operating under Section 65 is also licensed as a Private Bonded warehouse under Section 58 of the Customs Act, the procedure for surrender of licence will be as per the regulation 8 of the Private Warehouse Licensing Regulations, 2016. A licensee may therefore, surrender the licence granted to him by making a request in writing to the Principal Commissioner of Customs or Commissioner of Customs, as the case may be. On receipt of such request, the licence will be cancelled subject to payment of all dues and clearance of remaining goods in such warehouse.

Vipul imported certain goods in December 2024. A 'Thrice the duty bond' bill of entry was presented on 14th December 2024 and goods were cleared from the port for warehousing. Assessable value on that date was US \$1,00,000. The order permitting the deposit of goods in warehouse for four months was issued on 21st December 2024. Vipul deposited the goods in warehouse on the same day but did not clear the imported goods even after the warehousing period got over on 20th April 2025.

A notice was issued under section 72 of the Customs Act, 1962, demanding duty, interest, and other charges. Vipul cleared the goods on 14th May 2025. Compute the amount of duty and interest payable by Vipul while removing

the goods on the basis of following information:

| Particulars | 14-12-2024 | 20-4-2025 | 14-5-2025 |
|---|------------|-----------|-----------|
| Rate of exchange per US \$ (as notified by Central Board of Indirect Taxes & Customs) | ₹65.20 | ₹65.40 | ₹65.50 |
| Basic Customs Duty | 15% | 10% | 12% |

No other customs duty is payable except basic customs duty.

Solution:

Assessable value ₹ 65,20,000/-

Customs duty is ₹ 7,17,200/-

$(\text{USD } 1,00,000 \times ₹ 65.20) \times 11\% = ₹ 7,17,200$ (includes BCD + SWS)

Interest payable is ₹16,505/-

$(7,17,200 \times 15/100) \times 56 \text{ days}/365 = ₹16,505/-$

Working note:

| Month | No. of days delay |
|---|-------------------|
| From 21st Dec 2024 to 31st Dec 2024 | 11 |
| Jan 2025 | 31 |
| Feb 2025 | 29 |
| Mar 2025 | 31 |
| April 2025 | 30 |
| May 2025 | 14 |
| Total | 146 |
| Less: No. of days for which no interest | -90 |
| No. of delay for interest | 56 |

Note: If the goods which are not removed from warehouse within the permissible period, would be deemed to have been improperly removed on the day it should have been removed. Hence, duty applicable on such date (i.e. last date on which the goods should have been removed) is applicable, and not the actual date on which goods are removed. Duty Drawback

SLOB Mapped against the Module

1. To acquire adequate knowledge relating to valuation and duty calculation, remission and refund under Customs Act and Rules.
2. To facilitate strategic decision making by appropriate management of various indirect tax issues.

Module Learning Objectives

After studying this module, the students will be able to:

- ⦿ Understand various types of duty drawbacks.
- ⦿ Explain cases wherein duty draw back not allowed
- ⦿ Apply practically to claim duty drawback

The term 'duty drawback' means drawing back of the duties paid. As per section 75 of the Customs Act, 1962, drawback is given as an amount to the exporter which represents:

- ⦿ The duty paid on imported inputs which are used in the manufacture of export goods.
- ⦿ The excise duty paid on the indigenously produced inputs used in the manufacture of export goods (prior to GST).
- ⦿ The service tax paid on input services (prior to GST).

No drawback
is allowed on
GST

However, the amount of drawback paid would not exactly relate to the actual import duty and excise duty components. It is determined by the government on the basis of an average amount of duty having regard to all the circumstances and facts of the manufacturing industry. Such a rate is called 'all industry rates' which may vary from time to time depending upon the duty prevalent on the inputs.

Brand rate of duty drawback is applicable in either of the following circumstances.

- ⦿ When individual rate fixed in respect of goods on which all industry rate is not applicable
- Or
- ⦿ All industry rate does not cover 80% of the drawback amount due

The Brand Rate of Duty Drawback fixed by the Central Government after necessary verification of the manufacturing processes and the documents provided giving details of input output ratio, duty paid on inputs, etc.

Types of Duty Drawbacks

21.2

Special Brand Rate of duty drawback

As per Rule 7 of Drawback Rules the special brand rate of duty drawback can be applied based on the satisfaction of following conditions:

- ⦿ Exporter has to apply for fixation of special brand rate within 30 days from the date of export.
- ⦿ All industry rates do not cover 80% of the duties paid by the exporter.
- ⦿ Rate of Duty Drawback should not be less than 1% of Free on Board.
- ⦿ Amount of Drawback should not be less than ₹500 per shipment, in case rate of Duty Drawback is less than 1% of FOB.
- ⦿ Exported goods value is more than the value of imported goods.

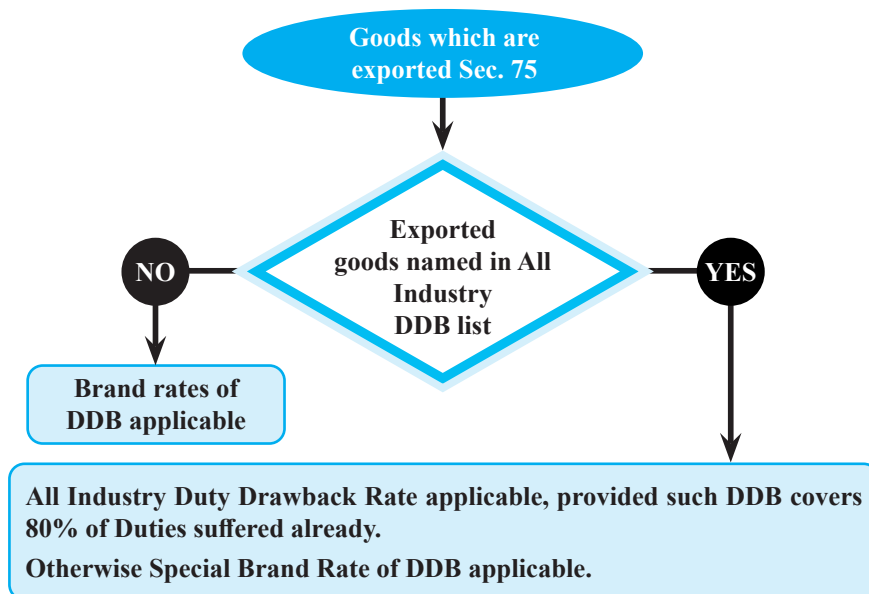

All Industry Rates

Generally, these rates are fixed by the Drawback Directorate once in every year on 1st June. The Brand rate is fixed for those products in respect of which All Industry Rate is not announced. In that case, the manufacturer or exporter must get the brand rate fixed by furnishing the prescribed data within 3 months from the relevant date for determination of rate of duty and tariff valuation to the Commissioner of Central Excise and Customs.

As per Rule 3(2) of Customs, Central Excise Duties and Service Tax Drawback Rules, 1995, all industry rate of duty drawback will be determined by the Drawback Directorate shall have regard to

- ⦿ The average quantity or value of each class or description of the materials from which a particular class of goods is ordinarily produced or manufactured in India.
- ⦿ The average quantity or value of the imported materials or excisable materials used for production or manufacture in India of a particular class of goods;
- ⦿ The average amount of duties paid on imported materials or excisable materials used in the manufacture of semis, components and intermediate products which are used in the manufacture of goods.
- ⦿ The average amount of duties paid on materials wasted in the process of manufacture.
- ⦿ The average amount of duties paid on imported materials or excisable materials used for containing or, packing the export goods;
- ⦿ The average amount of tax paid on taxable services which are used as input services for the manufacturing or processing or for containing or packing the export goods.
- ⦿ Any other information, which the Central Government considers relevant or useful.

Types of duty drawbacks concept and its applicability explained here in a simplified manner:

Where the exporter has already filed a duty, drawback claim under All Industry Rates (AIR) Schedule, he cannot request for fixation of Special Brand Rate of drawback. Thus, the exporter should determine prior to export of goods, whether to claim drawback under AIR or Special Brand Rate. [w.e.f. 22.11.2014].

Duty Drawback on Re-Export

21.3

Section 74 of the Customs Act, 1962, provides facility of claiming duty drawback on the re-export of duty paid goods.

- Originally the goods should have been imported into India;
- Customs duty on import should have been paid.
- The imported goods should be capable of being easily identifiable as the same goods which were originally imported.
- The goods have been exported after proper examination of the goods and after ensuring that there is no prohibition or restriction on their export by the proper officer.
- The goods should have been identified to the satisfaction of the Assistant or Deputy Commissioner of Customs as the goods, which were imported, and
- The goods should have been entered for export within **two years** from the date of payment of duty on the importation thereof.

Drawback of import duty paid is not allowed if these goods are exported: Wearing apparel (after being used), Tea chests, Exposed cinematograph film passed by the Board of Film Censors in India, Unexposed photographic films, paper and plates and X-Ray films.

The Central Board of Indirect Taxes and Customs has the power to extend the period of two years. Once these conditions are satisfied, then 98% of the import duty paid on such goods at the time of importation shall be repaid as drawback. 98% duty drawback is allowed only when these goods are re-exported without being used in the industry. If the goods are taken into use after importation then the duty drawback is allowed based on the period of usage as per section 74(2) of the Customs Act, 1962.

Drawback rates on re-export if the goods are taken into use after importation (NT No. 23/2008-Cus., dated 1-3-2008)

The following duty drawback rates have been notified by the Central Government under section 74(2) of the Customs Act, 1962. These rates are applicable if the goods are re-exported only after being used in the business.

| Length of period between the date of clearance for home consumption and the date when goods are placed under Customs control for export. | % of import duty to be paid as Drawback |
|--|---|
| Not more than 3 months | 95% |
| More than 3 months but not more than 6 months | 85% |
| More than 6 months but not more than 9 months | 75% |

| Length of period between the date of clearance for home consumption and the date when goods are placed under Customs control for export. | % of import duty to be paid as Drawback |
|--|---|
| More than 9 months but not more than 12 months | 70% |
| More than 12 months but not more than 15 months | 65% |
| More than 15 months but not more than 18 months | 60% |
| More than 18 months | NIL |

| | 3rd Quarter | 2% | 44% | 56% |
| | 4th Quarter | 2% | 46% | 54% |

Part of the quarter is also considered as full quarter for allowing duty draw back rate.

Motor car or goods used more than 2 years:

where the period of usage is more than 2 years, drawback shall be allowed only if the CBIC, on sufficient cause being shown, has in that particular case extended the period beyond 2 years and also that no drawback shall be allowed if such motor car has been used for more than 4 years.

Illustration 1

Mr. Ram wants to take back with him (i.e. re-export) a car that he was imported on duty payment, when came to India. Can he get any duty drawback from the government? He has imported motor car for his personal use and paid ₹2,50,000 as import duty. Car used in India for 3 months and 2 days.

Solution:

Yes, he can claim the duty drawback @92% on the value of import duty i.e. ₹2,30,000.

The entire concept with regard to duty drawback on re-export has been explained hereunder:

Statements/Declaration to be made on export other than by post

As per Rule 4 of the Re-export of Imported Goods (Drawback of Customs Duties) Rules, the exporter shall at the time of export of the goods—

- ⊙ State on shipping bill or bill of export, the description, quantity and such other particulars as are necessary for deciding whether the goods are entitled to drawback under section 74 and make a declaration on the relevant shipping bill or bill of export the following:
 - the export is being made under a claim for drawback under section 74 of the Customs Act;
 - that the duties of customs were paid on the goods imported;
 - that the imported goods were, or were not, taken into use after importation;
- ⊙ Furnish to the proper officer of customs, copy of bill of entry, import invoice, Documentary evidence of payment of duty, export invoice and packing list and permission from Reserve Bank of India to re-export the goods, wherever necessary

Time limit for claiming the duty drawback

As per Rule 5(1) of the Re-export of Imported Goods (Drawback of Customs Duties) Rules, 1995 a claim for drawback, in case of goods exported other than by post, shall be filed in the specified form at Annexure II **within three months** from the date on which an order permitting clearance and loading of goods for exportation under section 51 is made by proper officer of customs.

In case of delay in filing the claim, the proper officer namely the Assistant Commissioner of Customs or Deputy Commissioner of Customs may, if he is satisfied that the exporter was prevented by sufficient cause to file his claim within the aforesaid period of three months, allow the exporter to file his claim within **a further period of three months**.

Extension of time period for filing drawback claim under rule 5 of the Re-export of Imported Goods (Drawback of Customs Duties) Rules, 1995

Proviso to rule 5(1) of the Re-export of Imported Goods (Drawback of Customs Duties) Rules, 1995 has been substituted with a new proviso. Rule 5(1) provides that a claim for drawback shall be filed within three months from the date on which an order permitting clearance and loading of goods for exportation is made by proper officer of customs.

The new proviso lays down that the said period of three months may be extended by a period of three months by Assistant/Deputy Commissioner on an application accompanied with a fee of 1% of the FOB value of exports or ₹1,000/- whichever is less and a further period of six months by Commissioner of Customs/Commissioner of Customs and Central Excise on an application accompanied with a fee of 2% of the FOB value or ₹2,000/- whichever is less. [Notification No. 48/2010-Cus. (NT), dated 17.06.2010]

Change in time periods available under rules 6, 7, 15 and 16A of the Customs, Central Excise Duties and Service Tax Drawback Rules, 1995

- (i) The time period for the following has been extended from sixty days to three months:
 - (a) making an application to the Commissioner of Central Excise/Commissioner of Customs and Central Excise for determination of the amount or rate of drawback, if no, All Industry Rate is specified [Rule 6].

- (b) making an application to the Commissioner of Central Excise/Commissioner of Customs and Central Excise for determination of the amount or rate of drawback where the amount or rate of drawback is low (i.e. All Industry Rate is lower than 80% of the duty or tax paid) [Rule 7].

Further, the aforesaid periods of three months may be extended by a period of three months by Assistant/Deputy Commissioner on an application accompanied with a fees of 1% of the FOB value of exports or ₹1000/- whichever is less and a further period of six months by Commissioner of Central Excise/Commissioner of Customs and Central Excise on an application accompanied with a fees of 2% of the FOB value or ₹2000/- whichever is less.

Supplementary Claim [Rule 15]:

Where an exporter finds that the amount of duty drawback paid to him is less than what he is entitled to on the basis of amount or rate of duty drawback as determined by the Commissioner of Central Excise/ Commissioner of Customs and Central Excise, he may prefer supplementary claim in prescribed form:

Where the sale proceeds are realized by the exporter after the amount of drawback has been recovered from him and the exporter produces evidence about such realization within a period of 3 months from the date of realization of sale proceeds provided the sale proceeds have been realized within the period permitted by the Reserve Bank of India. The amount of drawback so recovered shall be repaid the Assistant Commissioner or Deputy Commissioner of Customs to the exporter.

Further, the aforesaid period of three months may be extended by a period of nine months by Commissioner of Customs/Commissioner of Customs and Central Excise on an application accompanied with fees of 1% of the FOB value of exports or ₹1000/- whichever is less.

Drawback shall not be recovered (Notification No. 30/2011-Cus., dated 11-4-2011):

As per Rule 16A (5) the Customs, Central Excise Duties and Service Tax Drawback Rules, 1995 where sale proceeds are not realized by an exporter within the period allowed under the FEMA, the amount of drawback paid to the exporter or the claimant shall not be recovered if—

- ⊙ such non-realisation of sale proceeds is compensated by the Export Credit Guarantee Corporation of India Ltd. (ECGC), under an insurance cover; and

- ⊙ the Reserve Bank of India writes off the requirement of realisation of sale proceeds on merits; and
- ⊙ the exporter produces a certificate from the concerned Foreign Mission of India about the fact of non-recovery of sale proceeds from the buyer.

Clarification regarding duty drawback allowed in cases of short realisation of export proceeds due to bank charges deducted by foreign banks. Circular No. 33/2019-Customs dated 19th September 2019:

In view of the above, it is clarified that duty drawback may be permitted on FoB value without deducting foreign bank charges. It is further clarified that since agency commission up to the limit of 12.5% of the FoB value has been allowed, such deduction on account of foreign bank charges is allowed within this overall limit of 12.5% of the FoB value. From the average rates of agency commission and foreign bank charges in respect of export shipments, it is seen that these deductions fall within the aforesaid overall limit of 12.5% of FoB value allowed by the Board. Agency commission and foreign bank charges, separately or jointly, exceeding this limit should be deducted from the FoB value for granting duty drawback.

Circular No. 23/2015-Cus, dated 29.09.2015]

Safeguard duties are rebatable as duty drawback (section 75 of the Customs Act).

Since safeguard duties are not taken into consideration while fixing All Industry Rates of drawback, the drawback of the same can be claimed under an application for Brand Rate under rule 6 or rule 7 of the Customs, Central Excise Duties and Service Tax Drawback Rules, 1995.

This implies that drawback shall be admissible only where the inputs which suffered safeguard duties were actually used in the goods exported as confirmed by the verification conducted for fixation of Brand Rate.

Further, where imported goods subject to safeguard duties are exported out of the country as such, then the drawback payable under section 74 of the Customs Act would also include the incidence of safeguard duties as part of total duties paid, subject to fulfilment of other conditions.

Refund of drawback of basic customs duty paid on inputs for deemed exports also allowed on “All Industry Rate” basis [Notification No. 28/2015-2020 dated 31.10.2019]

DGFT vide Notification No. 28/2015-20 dated 31st October 2019 has amended the said provision and provided that refund of drawback on the inputs used in manufacture and supply under the deemed exports category can be claimed on ‘All Industry Rate’ of Duty Drawback Schedule notified by Department of Revenue from time to time provided no CENVAT credit has been availed by supplier of goods on excisable inputs or on ‘Brand rate basis’ upon submission of documents evidencing actual payment of basic custom duties. Accordingly, the refund of drawback of duty paid on inputs is also allowed on All Industry Rate basis.

Note: Earlier, the refund of drawback in the form of Basic Customs duty of the inputs used in manufacture and supply under the deemed exports category was given on brand rate basis upon submission of documents evidencing actual payment of basic custom duties.

An exporter exported 2,000 pairs of leather shoes @ ₹750 per pair. All industry rate of drawback in fixed on average basis i.e. @ 11% of FOB subject to maximum of ₹80 per pair. The exporter found that the actual duty paid on inputs was ₹1,95,000. He has approached you, as a consultant, to apply under Rule 7 of the drawback rules for fixation of 'special brand rate'. Advise him suitably.

Solution:

- ⊙ Drawback Amount ₹1,65,000 (i.e. $2,000 \times 750 \times 11\%$) or ₹1,60,000 (i.e. $₹80 \times 2,000$) whichever is less.
- ⊙ Therefore, duty drawback allowed is ₹1,60,000.
- ⊙ All Industry duty drawback rate = $@82.05\% [(1,60,000/1,95,000) \times 100\%]$
- ⊙ Exporter is not eligible to apply for Special Brand rate.
- ⊙ Therefore, exporter is eligible for claiming All Industry Duty Drawback.

Note: special brand rate of duty is applicable only when all industry rates do not cover 80% of the duties paid by the exporter.

ABC Ltd., who is an exporter, finds that the amount of drawback refunded to it is less than what it is entitled to, on the basis of the rates of drawback announced by the Central Government. Briefly discuss whether ABC Ltd. can claim the difference of drawback short refunded and procedure to be followed in this regard.

Solution:

The said 3 months period further extended for a period of nine months for filing a supplementary claim under rule 15, by making an application accompanied with fees of 1% of the FOB value of exports or ₹1000/- whichever is less. Further, the said period may be extended by six months by Commissioner of Customs/ Commissioner of Customs and Central Excise on an application accompanied with fees of 2% of the FOB value or ₹2000/- whichever is less.

Calculate the amount of duty drawback allowable under section 74 of the Customs Act, 1962 in following cases:

- (a) Salman imported a motor car for his personal use and paid ₹5,00,000 as import duty. The car is re-exported after 6 months and 20 days.

- (c) Super Tech Ltd. imported 10 computer systems paying customs duty of ₹50 lakh. Due to some technical problems, the computer systems were returned to foreign supplier after 2 months without using them at all.

Solution:

- (a) The amount of duty drawback is ₹4,40,000 (i.e. $₹5,00,000 @ 88\%$), since these goods are used in India.
- (b) Duty drawback is ₹nil, assumed that wearing apparels are re-exported after being used.

(c) Duty drawback is ₹49,00,000 (i.e. $50,00,000 \times 98\%$), since these goods are re-exported without being used.

- What is the time limit for re-exportation of goods as such?
- What is the rate of duty drawback if the goods are exported without use?

- Yes, duty drawback is allowed when wearing apparels are re-exported without being used.

Abdul Overseas Pvt. Ltd. was erroneously refunded a sum of ₹ 30,000 in excess of actual drawback on 16-6-2025. A demand for recovery of the same was issued by the Department on 24.08.2025. Abdul Overseas Private Limited returned the erroneous refund to the Department on 16-10-2025. You are required to calculate the amount of interest chargeable from Abdul Overseas Pvt. Ltd. Provide brief reasons for your answer.

Solution:

Interest = ₹1,516/- ($30,000 \times 15\% \times 123/365$)

Computation of duty drawback:

Illustration 6

‘A’ exported a consignment under drawback claim consisting of the following items—

| Particulars | Chapter Heading | FOB value ₹ | Drawback rate |
|--|-----------------|-------------|---|
| 200 pieces of pressure stores mainly made of beans @ ₹80/piece | 74.04 | 16,000 | 4% of FOB |
| 200 Kgs. Brass utensils @ ₹200 per Kg. | 74.13 | 40,000 | ₹24/Kg. |
| 200 Kg. Artware of brass @ ₹300 per Kg. | 74.22 | 60,000 | 17.50% of FOB subject to a maximum of ₹38 per Kg. |

On examination in docks, weight of brass Artware was found to be 190 Kgs. and was recorded on shipping bill. Compute the drawback on each item and total drawback admissible to the party.

Solution:

The drawback on each item and total drawback admissible to the party shall be—

| Particulars | FOB value (₹) | Drawback rate | Drawback Amount (₹) |
|---|---------------|--|---------------------|
| 200 pcs, pressure stoves made of brass | 16,000 | 4% of FOB | 640 |
| 200 Kgs. Brass utensils | 40,000 | ₹24 per Kg. | 4,800 |
| 200 kgs. Artware of brass, whose actual weight was 190 Kgs. only. | | | |
| (60,000 × 190/200) × 17.5% = 9975 | | | |
| 190 kgs x ₹38 = ₹7,220 | | 17.50% of FOB subject to maximum of ₹38 per Kg. (₹9,975 or ₹7,220 whichever is less) | 7,220 |
| Total Drawback admissible (in ₹) | | | 12,660 |

Illustration 7

X Ltd has exported following goods to USA. Discuss whether any duty drawback is admissible under section 75 of the Customs Act, 1962.

| Product rate | FOB Value of Exported goods | Market Price of goods | Duty drawback |
|--------------|-----------------------------|-----------------------|---------------|
| A | 2,50,000 | 1,80,000 | 30% of FOB |
| B | 1,00,000 | 50,000 | 0.75% of FOB |
| C | 8,00,000 | 8,50,000 | 3.50% of FOB |
| D | 2,000 | 2,100 | 1.50% of FOB |

Note: Imported value of product C is ₹9,50,000.

Solution:

Duty draw back amount for all the products are as follows:

Product A:

Drawback amount = $2,50,000 \times 30\% = ₹75,000$ or $₹1,80,000 \times 1/3 = ₹60,000$

Allowable duty draw back does not exceed 1/3 of the market value.

Hence, the amount of duty drawback allowed is ₹60,000

Product B:

Drawback amount allowed is ₹750 (i.e. $₹1,00,000 \times 0.75\%$).

Since, the amount is more than ₹500 even though the rate is less than 1%.

Product C:

No duty drawback is allowed, since the value of export is less than the value of import (i.e. negative sale)

Product D

No duty drawback is allowed, since the duty drawback amount is ₹30

(which is less than ₹50).

Though rate of duty drawback is more than 1%, no duty drawback is allowed.

Illustration 8

Calculate the amount of duty drawback allowable under the Customs Act, 1962 in the following cases:

- (a) Jaggi Mehta imported a car from U.K. for his personal use and paid ₹4,50,000 as import duty. However, the car is re-exported immediately without bringing it into use.
- (b) Meenakshi imported a music player from Dubai and paid ₹12,000 as import duty. She used it for four months but re-exports the same after four months.
- (c) XYZ Ltd. exported 1000 kgs of a metal of FOB value of ₹1,00,000. Rate of duty drawback on such export is ₹60 per kg. Market price of goods is ₹40,000 (in wholesale market).

Solution:

- (a) Jaggi Mehta can claim duty drawback of ₹4,41,000 (98% of ₹4,50,000).
- (b) Meenakshi can claim duty drawback of ₹10,200 (i.e. 85% of ₹12,000)
- (c) XYZ Ltd. is not entitled to claim duty drawback in this case.

Since, market value of exported goods is less than the value of Duty Drawback.

Solved Cases

Case Law 1

XYZ Company Limited exported a consignment of manufactured goods. The company has paid import duty and central excise duty on the components used in the manufacture. A duty drawback rate has been fixed for these goods. The ship carrying the consignment runs into trouble and sinks in the Indian territorial waters. The customs department refused to grant drawback for the reason that the goods did not reach their destination. As a consultant for M/s XYZ Limited you are required to prepare a brief note with the reason whether the stand taken by the customs department is correct in law.

Solution:

The term “export” means “taking out of India to a place outside India”. The term “taking out of a place outside India” would also mean a place in high seas, if that place is beyond territorial waters of India. If the goods cross the territorial waters of India, then it is an export and duty drawback cannot be denied.

In the given case, the vessel sunk within territorial waters of India and therefore there is no export. Accordingly, no duty drawback shall be available in this case. [Union of India v Rajindra Dyeing & Printing Mills Ltd. 2005 (180) ELT 433 (SC)].

Case Law 2

Sun industries sent certain goods by a ship from Kolkatta to Colombo in Sri Lanka under claim for drawback on the said goods under section 75 of the Customs Act, 1962 against shipping bill. The ship had passed beyond the territorial waters of India and the engine developed trouble while the ship was on high seas falling within the ambit of the expression ‘taking out a place outside India’. The ship returned back and ran aground in Indian territorial waters at the port of Para deep. The fittings, stores and cargo were salvaged. Discuss the admissibility of claim for drawback by the company.

Solution:

In the given case it is apparent that the goods are exported. The fact that the ship was brought back to India because of the damages in the ship does not affect the position. The assessee was entitled to the benefit of section 75 of the Customs Act, 1962. Once the ship carrying goods crosses the territorial waters, export is complete and duty drawback is allowable and it's running aground in India due to engine trouble makes no difference.

Illustration 1

M/s X Ltd., imported capital goods under Customs (Import of Goods at Concessional Rate of Duty) Rules, 2017 worth ₹2 crore after payment of customs duty of ₹20 lakh on 10th October 2024 and duty concession is ₹10 lakh. Imported capital goods have come into use for the purpose as specified in the exemption notification w.e.f. 1st January 2025. M/s X Ltd., clear the capital goods imported, after having been used for the specified purpose on 15th June 2025. The applicable rate of customs duty is @15% (ignore any other cess or duty).

Find the difference between the duty leviable on such goods but for the exemption availed and that already paid, if any, at the time of importation, along with interest, at the rate fixed by the notification issued under section 28AA of the Customs Act 1962, on the depreciated value allowed in straight line method?

Note: difference duty has been paid on 30th June 2025.

Solution:

| | | |
|---|---|------------|
| Customs duty payable on depreciated value of capital goods (see note 1) | = | ₹27,60,000 |
| Less: duty already paid at the time of import of capital goods | = | ₹20,00,000 |
| Difference duty to be paid | = | ₹ 7,60,000 |

Interest under section 28AA of the Customs Act, 1962 is ₹75,584/- (see note 2)

Note 1:

| Particulars | Working in ₹ | Duty in ₹ |
|--|---|--------------------------------|
| Depreciated value of capital goods (The depreciation shall be allowed from the date when the imported capital goods have come into use for the purpose as specified in the exemption notification upto the date of its clearance. | ₹2 crore - (₹2 crore × 4% × 2 quarters) = ₹1.84 crore From 1st January 2025 to 15th June 2025 = 2 quarters | ₹1.84 crore × 15% = ₹27,60,000 |

Note 2:

Rate of interest is 15% p.a.

Period for which interest payable: from the first day of the month succeeding the month in which the duty ought to have been paid or from the date of such erroneous refund, as the case may be, up to the date of payment of such duty.

From 1st November 2024 to 30th June 2025 = 242 days

Interest = ₹7,60,000 × 15% × 242 / 365 = ₹75,584/-

Rule 8: Recovery of duty in certain case:

- (1) In the event of any failure on the part of the importer to comply with the conditions specified in sub-rule (1) of rule 7 or where the payment referred in sub-rule (3) and (4) of rule 7 is not paid or short paid, the Deputy Commissioner of Customs or the Assistant Commissioner of Customs, as the case may be, having jurisdiction over the premises where the imported goods shall be put to use for manufacture of goods or for rendering output service shall take action by invoking the bond to initiate the recovery proceedings of the amount equal to the difference between the duty leviable on such goods but for the exemption and that already paid, if any, at the time of importation, along with interest, at the rate fixed by the notification issued under section 28AA of the Act, for the period starting from the date of import of the goods on which the exemption was availed and ending with the date of actual payment of the entire amount of the difference of duty that the importer is liable to pay
- (2) Notwithstanding anything specified in these rules in relation to removal and processing of imported goods for job work, the importer shall be responsible for ensuring that the said goods are used in accordance with the purposes provided in the exemption notification and in the event of failure to do so, the Deputy Commissioner of Customs, or, as the case may be, the Assistant Commissioner of Customs having jurisdiction over the premises where the imported goods shall be put to use for manufacture of goods or for rendering

output service, shall take action under these rules, without prejudice to any other action which may be taken under the Act, rules or regulations made thereunder or under any other law for the time being in force.

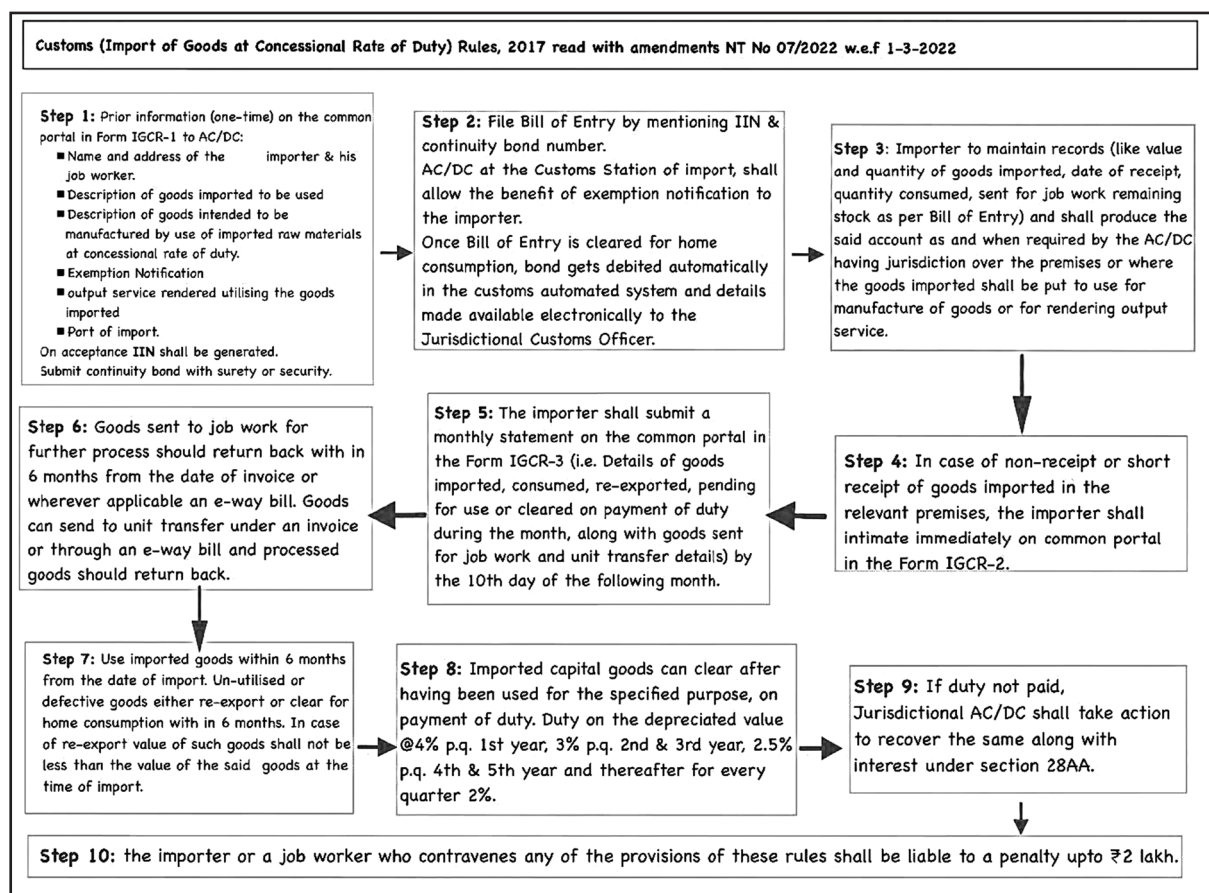

Rule 8A: Penalty:

The importer or a job worker who contravenes any of the provisions of these rules or abets such contravention, shall be liable to a penalty to an extent of the amount specified under clause (ii) of sub-section (2) of section 158 of the Act (i.e. ₹2 lakh) without prejudice to any other action which may be taken under the Act, rules or regulations made thereunder or under any other law for the time being in force.

Rule 9:

Form IGCR-1 [i.e. Prior information to be provided by the importer – Rule 4(1)], Form IGCR-2 [i.e. Intimation regarding non-receipt of goods imported – Rule 6(1)] and Form IGCR-3 [i.e. Monthly Statement – Rule 6(2)].

Quick revision of IGCR:

Implementation of automation in the Customs (Import of Goods at Concessional Rate of Duty) Rules, 2017 with effect from 01.03.2022 are being amended to provide the following facilities:

The amendments are aimed at simplifying the procedures with a focus on automation and making the entire process contact-less.

These include:

- (a) The process is being automated. The Rules prescribe the submission of the necessary details electronically, through the common portal. (The common portal is the one notified vide notification 33/2021, dated 29-03-2021 and accessible at the URL www.icegate.gov.in).
- (b) The various forms have been standardized and notified for the purpose of electronic submission of details.
- (c) Individual transaction based permissions and intimations, such as - intimation of the intent to import goods at a concessional rate of duty, intimation of the receipt of goods, permission to re-export or clear goods domestically etc, are all being done away with.
- (d) A monthly statement would to be submitted by the importer on the common portal
- (e) A procedure for inter-unit transfer of the imported goods has been provided for
- (f) An electronic option for voluntary payment through the common portal, as specified in the Rules, is also being developed for implementation.

Duty concessions on specified items when imported by bonafide exporters:

A scheme is being introduced for bonafide exporters on duty-free imports for the purpose of use in goods meant for export, based on end-use monitoring subject to the requirement of exporting value added products manufactured using inputs imported under specified exemptions, within a period of 6 months. Importer shall be required to follow the procedure under the IGCR Rules.

W.e.f. 10th September 2022, Customs (Import of Goods at Concessional Rate of Duty or for Specified End Use) Rules, 2022 notified vide Notification 74/2022, dated 9th September, 2022:

To further facilitate the trade and to expand the scope of application, the IGCRS Rules, 2022 have been notified, while retaining the basic contours of IGCR, 2017. It is pertinent to note that these changes are of the nature that broaden the scope of coverage of IGCR and ensure that useful additional data fields are effectively captured.

It is reiterated that these rules are not a departure from the existing procedure and hence all the clarifications provided vide Circulars 48/2017, dated 08.12.2017, 10/2021 dated 17.05.2021 and 04/2022 dated 27.02.2022, will continue be in effect, unless specifically modified by this Circular.

The salient changes include:

- (a) Clarifying the time period of utilisation to be the time period for compliance and bringing in a provision to extend the said period in certain cases for the reasons beyond the importer's control.
- (b) Prescribing a procedure for immediate re-credit of Bonds by Jurisdictional customs officer, rather than waiting till the time of filing of the monthly statement.
- (c) Expanding the scope of the IGCR procedure applicable to Specified End Use mentioned in Customs Notifications, i.e. apart from those pertaining to manufacturing and in respect of those for providing output services. In case of end use, supply to the end use recipient and the nature of the supply is to be captured in the IGCR automated module.

- (d) Changes in the forms to capture the details where intended purpose is the export of goods using the goods imported.
- (e) Corresponding changes in the forms to better capture the different intended purposes (manufacturing, import for specified end use, export of goods using goods imported, supply to end use recipient or for provision of output service) and additional details such as Sl.No. of the Notification etc.
- (f) In Rule 13 of IGCRS Rules, 2022, it is mentioned that reference in any rule, notification, circular, instruction, standing order, trade notice or other order in pursuance of the Customs (Import of Goods at Concessional Rate of Duty for Manufacture of Excisable Goods) Rules, 1996 and any provision thereof or to the Customs (Import of Goods at Concessional Rate of Duty for Manufacture of Excisable Goods) Rules, 2016 and any corresponding provisions thereof or to the Customs (Import of Goods at Concessional Rate of Duty) Rules, 2017 and any corresponding provisions thereof shall be construed as reference to the Customs (Import of Goods at Concessional Rate of Duty or for Specified End Use) Rules, 2022.

Time period for utilisation of goods:

When time period for utilisation is specified in the notifications, the said time period will apply. If not specified, the time period of six months will apply.

Further, multiple representations have been received in the Board regarding the inability to utilise the goods imported for intended purpose under IGCR within the prescribed time period of 6 months. In order to facilitate trade in such situations, a provision has been introduced wherein the jurisdictional Commissioner can further extend such period of six months by another 3 months. However, it is clarified that such extension can be given provided the importer furnishes sufficient reason/s for not conforming to the time period so prescribed, which were beyond the importer's control.

Specified End Use:

IGCRS Rule, 2022 is also expanded to include cases where the intended purpose is for putting the goods imported to specified end use and not necessarily manufacturing or for providing output services. In this regard, it is clarified that:

- (a) Procedure of intimation, generation of a unique IGCR Identification Number (IIN), import of the goods, submission of bond, maintenance of records, filing of monthly statement or any other procedures remains the same. The Importer shall undertake compliance to the officer having jurisdiction over primary address specified in the Importer Exporter Code (IEC) issued by DGFT.
- (b) End use may be specified by a notification under sub-section (1) of section 25 or under section 11 of the Customs Act, 1962.
- (c) Where the import is undertaken for a specified end use and no differential duty is involved, the value of the bond shall be equal to the assessable value of the goods.
- (d) In cases where the intended purpose of import is supply of the goods to an end use recipient, the importer shall supply these goods under an invoice or where ever applicable, through an e-way bill, as mentioned in the CGST Act, 2017. The description and quantity of such goods shall be clearly mentioned by the importer.
- (e) The importer shall maintain a record of all such goods supplied in a month and provide the details in the monthly statement.
- (f) The restrictions on job work are only relating to the case where it is undertaken on the goods belonging to importer and does not apply to the end use recipient who receives the goods on the supply and deals with it as stipulated in the notification.

Bond & Bank Guarantee:

In view of the changes introduced to the procedures, the Bank guarantee/cash security/surety shall be taken as per the following norms for the purpose of extending the benefit under the Customs (Import of Goods at Concessional Rate of Duty or for Specified End Use) Rules, 2022.

| | Quantum of Bank Guarantee/Cash Security/Surety |
|--|---|
| Government or PSU or Autonomous institute under the said government or authorised economic operator or banks & PSU's | Nil |
| Importers annual turnover in the preceding year is above ₹1 crore | Importers shall given surely for the amount of duty foregone. However, where the importer is not able to provide the surety, a bank guarantee/cash security equivalent to not more than 5% of bond debit value (i.e. - Duty foregone in case of concessional rate and assessable value of the goods in other cases) shall be furnished. |
| Others | Bank guarantee/Cash security not more than 25% of the bond debit value (i.e. Duty foregone in case of concessional rate and assessable value of the goods in other cases) |

As a trade facilitation measure, a new Form IGCR-3A has been notified for confirmation of consumption for intended purpose at the common portal at any point in time for immediate re-credit of the bond by the jurisdictional AC/DC, without waiting for the filing of monthly statement on the 10th of every month. The details filed in form IGCR-3A shall get auto populated in the monthly statement of the subsequent month, which has to be only confirmed by the importer.

23.1 Introduction

23.2 Remission of Duty on Loss, destroyed or abandoned goods [Section 23 of the Customs Act, 1962]

23.3 Cases where Importer may relinquish his title to the goods

Remission of Duties

SLOB Mapped against the Module

1. To acquire adequate knowledge relating to valuation and duty calculation, remission and refund under Customs Act and Rules.
2. To facilitate strategic decision making by appropriate management of various indirect tax issues.

Module Learning Objectives

After studying this module, the students will be able to:

- ⦿ Understand remission of duty, refund of duty and rebate of duty
- ⦿ Identify cases for which remission of duty is applicable.

Remission of duty in simple terms “duty levied goods subsequently got exempted from payment of duty”. In other words, remission is waiver or cancellation / exemption of duty legally payable. Such remission of duty can be granted in case the goods are lost or destroyed by natural causes or unavoidable accident or become unfit for consumption or marketing, but only in situations where the loss or destruction occurs any time before removal of goods from customs area. For example, warehoused goods after import got destroyed due to fire or natural calamities (i.e. loss occurred within the warehouse).

Under the make in India initiative, government launched a new scheme called as Remission of Duties and Taxes on Exported Products (‘RoDTEP’). This scheme has replaced the existing MEIS scheme with the objective to reimburse the taxes and duties paid at the Central, State and Local level incurred by the exporters such as Local Taxes, Coal Cess, Mandi Tax, Electricity Duties, Tax on petroleum products for transportation of goods, etc. which are not getting exempted or refunded under any other existing scheme so that benefit of zero rate can be achieved. This scheme has been discussed in Module 26 “Export Promotion Schemes under Foreign Trade Policy”.

Remission of Duty on Loss, destroyed or abandoned goods [Section 23 of the Customs Act, 1962]

23.2

- ⦿ Section 23(1) of Customs Act provides for remission of duty on imported goods lost (other than pilferage) or destroyed, if such loss or destruction is at any time before clearance for home consumption.
- ⦿ Burden of proof is on importer to prove loss or destruction under section 23
- ⦿ Loss or destruction may be due to fire, accident etc., but not pilferage
- ⦿ Section 23(2) provides that at any before an order for clearance of goods for home consumption or order for permitting warehousing has been made, the owner of the goods may relinquish his title to the goods and thereupon no duty shall be levied.
- ⦿ However, relinquishment of title of goods will not be permissible if offence appears to have been committed in respect of such goods under Customs Act or any other law

Cases where Importer may relinquish his title to the goods

23.3

Importer may relinquish his title to the goods in the following cases [Section 23(2)]:

- (i) The goods may not be according to the specifications;
- (ii) The goods may have been damaged or deteriorated during voyage and as such may not be useful to the importer;
- (iii) There might have been breach of contract and, therefore, the importer may be unwilling to take delivery of the goods.

In all the above cases, the goods having been imported, the liability to customs duty is imposed and, therefore, the importer may relinquish his title to the goods unconditionally and abandon them. If the importer does so, he will not be required to pay the duty amount.

However, the owner of any such imported goods shall not be allowed to relinquish his title to such goods regarding which an offence appears to have been committed under this Act or any other law for the time being in force.

Note: It is open to the importer to exercise the option to relinquish the title on the imported goods at any time before the passing of order for clearance for home consumption or before order permitting the deposit of goods in a warehouse.

Pilferage of Goods

23.4

Remission of duty does not arise in case of pilferage under section 13 of the Customs Act, 1962. Section 13 deals with only pilferage, it does not deal with loss/destruction of goods.

Distinction between section 13 and section 23:

| Pilferage of goods Sec. 13 | Loss or destruction of goods Sec. 23 |
|--|---|
| No duty payable on such goods | Duty paid on such goods to be remitted |
| Department gets compensation from the custodian (Section 45(3) of Customs Act, 1962) | No such compensation |
| Petty theft by human being | Loss/destruction by fire, flood etc (i.e. Act of God) |
| Restoration possible | Restoration is not possible |
| Occurrence is after unloading and before Customs clearance order for home consumption or warehousing | Occurrence may be at any time before clearance for home consumption |
| Occurrence in warehouse not recognised | Occurrence in warehouse is recognised |
| Duty need not be calculated | Duty should be calculated for determining the remission amount |
| No need to prove pilferage | Should be proved and remission sought for |

Difference between Refund of Duty, Rebate of Duty and Remission of Duty

1. Inward processing of goods (Section 25A of the Customs Act, 1962):

Where the Central Government is satisfied that it is necessary in the public interest so to do, it may, by notification, exempt such of the goods which are imported for the purposes of repair, further processing or manufacture, as may be specified therein, from the whole or any part of duty of customs leviable thereon, subject to the following conditions, namely:—

- (b) the exported goods are identifiable in the re-imported goods; and
- (c) such other conditions as may be specified in that notification.”.

Solved Cases**Case 1**

The assessee had imported resin and impregnated paper and had bonded the same in the warehouse. The assessee had also sought the extension of the said warehousing period by contending that the goods were in good condition but could not be used for manufacture due to recession in the market and the extension was granted. Thereafter another application was made at a later date by contending that the resin impregnated papers which were stored in the ware house had lost its shelf life and had become unfit for use on account of non-availability of orders for clearance and accordingly an application for remission of duty was made.

The department rejected the remission of duty claim on the grounds that section 23 is applicable only when the imported goods have been lost or destroyed at any time before clearance for home consumption.

Discuss in the light of decided case law, if any, whether the department is correct in law?

Decision: CCE v Decorative Laminates (I) Pvt. Ltd. 2010 (257) ELT 61 (Kar)

The High Court held that the circumstances made out under section 23 of the Customs Act, 1962, were not applicable to the present case since the destruction of the goods or loss of the goods had not occurred before the clearance for home consumption within the meaning of that section.

There will be no remission of duty if the goods had become unfit for use on account of non-availability of orders for clearance within the period or extended period as given by the authorities, their continuance in the warehouse will not attract section 23 of the Act.

Therefore, from the above it is evident that the department is correct.

Case 2

CVD (now called as IGST) on an imported product be exempted if the Indirect Taxes duty (now GST) on a like article produced or manufactured (now called as supply) in India is exempt?

Aidek Tourism Services Pvt. Ltd. v CCus. 2015 (318) ELT 3 (SC)

Decision: Supreme Court held that rate of additional duty leviable under section 3(1) of the Customs Tariff Act, 1975 would be only that which is payable under the Central Excise Act, 1944 on a like article. Therefore, the importer would be entitled to payment of concessional/reduced or nil rate of countervailing duty if any notification is issued providing exemption/remission of excise duty with respect to a like article if produced/manufactured in India.

Case 3

KSJ Metal Impex (P) Ltd. v Under Secretary (Cus.) M.F. (D.R.) 2013 (294) ELT 211 (Mad)

Facts of the case: Section 3(5) of the Customs Tariff Act, 1975 provides for levy of special additional duty (under GST Law it is called as IGST) in addition to duty leviable under section 3(1) of the Customs Tariff Act, 1975 to counter balance sales tax, value added tax, local tax or any other charges. Notification No. 102/2007-Cus, dated 14.09.2007, issued under section 25(1) of the Customs Act, 1962, grants exemption in respect of such special CVD subject to certain conditions.

The exemption under the said notification is being granted by way of refund of the special CVD. In other words, exemption is not given ab initio but duty has to be paid first and thereafter, refund for the same needs to be claimed.

The assessee paid the special CVD and applied for the refund of the same under section 27 of the Customs Act, 1962 along with interest in pursuance of the above-mentioned notification.

The Department, however, rejected the assessee's claim for the interest in view of paragraph 4.3 of CBIC Circular No. 6/2008-Cus., dated 28.04.2008 which stipulated that interest could not be granted as Notification No. 102/2007-Cus. did not have any specific provision for payment of the same on refund of duty.

Decision: When section 27 of the Customs Act, 1962 provides for refund of duty and section 27A of the Customs Act, 1962 provides for interest on delayed refunds, the Department cannot override the said provisions by a Circular and deny the right which is granted by the provisions of the Customs Act, 1962 and Customs Tariff Act, 1975.

Paragraph 4.3 of the Circular No. 6/2008-Cus., dated 28.04.2008 being contrary to the statute has to be struck down as bad.

The provisions relating to payment of interest on delayed refund of duty as contained in section 27A of the Customs Act also become applicable in respect of delayed refunds of special CVD which is granted to give effect to the exemption contained in an exemption notification.

Duty liability in certain special circumstances

- Goods are imported into India after exportation therefrom.
- Imported goods have been originally exported to the overseas supplier for repairs.
- Exported goods may come back for repairs and re-export.

(1) Goods are imported into India after exportation therefrom

Good manufactured or produced in India, which are exported and thereafter re-imported are treated on par with other goods, which are imported.

If the exporter has availed of export incentives in the nature of duty drawback, other incentives like MEIS and so on the import duty shall be restricted to the amount of incentive availed of at the time of export.

► Example

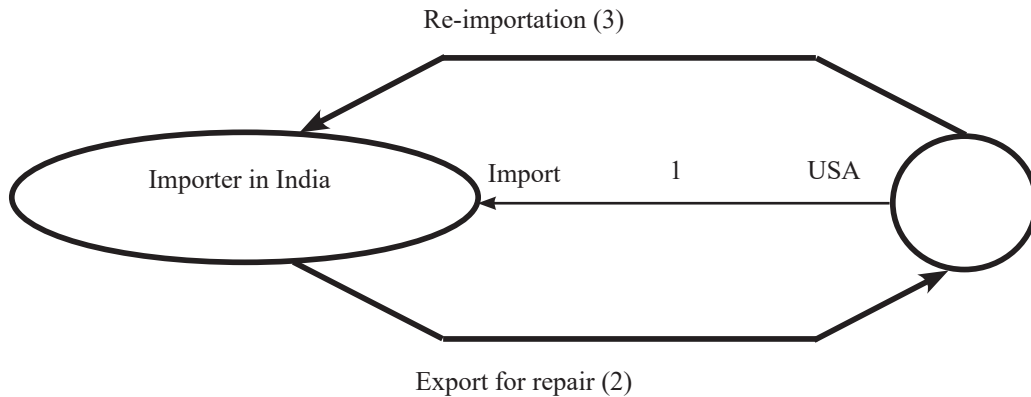

Mr. M manufactured goods worth ₹1,00,000 exported to Mr. U of USA on 1st January 2014. Mr. M availed the duty drawback for ₹1,000. If Mr. M imported the same on 31st January 2014, the import duty that can be levied on Mr. M is ₹1,000.

CBIC vide Notification No. 60/2018-Cus., dated 11.09.2018 has amended Notification No. 158/95-Cus., dated 14.11.1995 exempting goods manufactured in India and re-imported for repairs/reconditioning/reprocessing/refining/remaking etc. as under

| S. No. | Particulars | Time-limit for re-importation from the date of exportation | Other conditions to be satisfied |
|--------|--|--|--|
| 1. | Goods manufactured in India and re-imported for Repairs or for reconditioning other than the specified goods | 7 years In case of export to Nepal, such time-limit is 10 years | Goods must be re-exported within six months (extendable till one year) of the date of re-importation. |
| 2. | Goods manufactured in India and re-imported for (a) reprocessing (b) refining (c) re-making (d) Subject to any process similar to the processes referred to in clauses (a) to (c) above. | 1 year | The Assistant Commissioner/ Deputy Commissioner of Customs is satisfied as regards identity of the goods. The importer at the time of importation executes a bond |

(2) Imported goods have been originally exported to the overseas supplier for repairs

If the imported goods are exported for repairs, then import duty on re-importation of such repaired goods is restricted to the cost of repairs done abroad, insurance and freight charges.

Conditions to avail the aforesaid benefit:

- the time limit for re-importation is 3 years from the date of export (extended upto 5 years)
- The exported and imported goods must be in the same form and ownership of the goods should also not have changed.
- This concept is not applicable if the repairs amount to manufacture and exports from EPZ or EOUs.

► **Example 1:** Mr. A imported an Air conditioner on 1st January 2025 for ₹5,00,000 from USA. Mr. A has paid import duty for ₹50,000. Due to some technical problems, the same was exported for want of repairs on 31st January 2025. After incurring some additional cost for repairs and replacement worth for ₹1,00,000 the same was re-imported on 5th February 2025. The import duty in such case will be restricted on the value of repairs and replacement of ₹1,00,000.

Example 2: A machine was originally imported from Japan at ₹250 lakhs in August 2024 on payment of all duties of customs. The said machine was exported (sent-back) to supplier for repairs in January 2025 and re-imported without any re-manufacturing or re-processing in October 2025 after repairs. Since the machine was under warranty period, the repairs were carried out free of cost.

However, the fair cost of repairs carried out (including cost of material ₹6 lakhs) would have been ₹9 lakhs. Actual insurance and freight charges (to and fro) were ₹3 lakhs. The rate of basic customs duty is 10% and rate of IGST in India on like article is 12%.

Compute the amount of customs duty payable (if any) on re-import of the machine after repairs. The ownership of the machine has not been changed during the period.

Answer:

| Particulars | ₹ |
|--|-----------|
| Value of goods re-imported after exports [₹9 lakhs (including cost of materials) + ₹3 lakhs] | 12,00,000 |
| Basic customs duty @ 10% | 1,20,000 |
| Social welfare Surcharge 10% on (BCD) | 12,000 |

| | |
|----------------------------------|-----------|
| Balance (i.e. Transaction value) | 13,32,000 |
| Add: IGST @12% on ₹13,32,000 | 1,59,840 |
| Landed Value | 14,91,840 |
| Total Customs Duty | 2,91,840 |

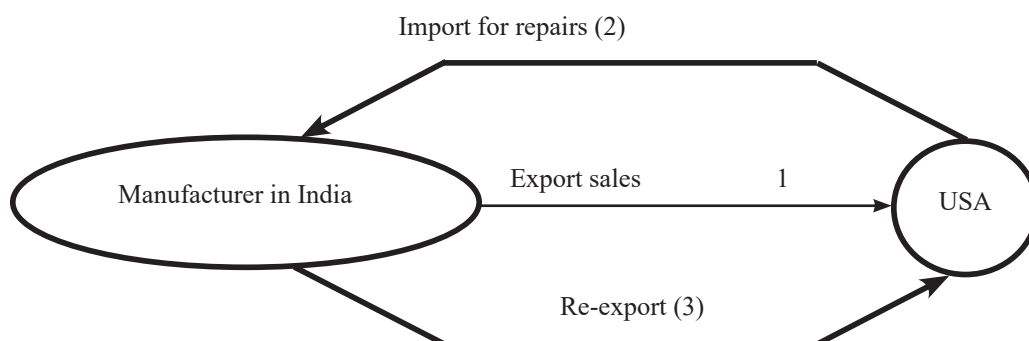

Note: the goods which had been sent for repairs abroad, would on their re- importation, be subjected to a customs duty calculated on the fair cost of repairs including the cost of materials used in repairs, insurance and freight charges, both ways (vide Circular No. 61/95, dated 6/6/95)

(3) Exported goods may come back for repairs and re-export

Sometimes exported goods come back for repairs into India, in such situation the re-imported goods can avail exemption from paying duty subject to satisfaction of some conditions.

Conditions:

- The re-importation is for repairs or reconditioning only
- The time limit for re-import should be within 3 years from the date of export Notification 39/2024 Customs dt. 23rd July 2024, w.e.f. 24-7-2024, increases the time-period for duty-free re-import of goods exported under warranty from 3 years to 5 years, further extendable by 2 years. In case of export to Nepal, such time limit is 10 years.
- The time limit for re-export is 6 months from the date of import [Notification 38/2024 Customs dt. 23rd July 2024, w.e.f. 24-7-2024, The duration for re-exportation of articles imported for repairs has been increased from 6 months to 1 year]. (extended upto 12 months).
- The importer at the time of importation executes a Bond.
- The re-importation is for reprocessing, refining or re-making then the time limit for re-importation should be within 1 year from the date of exportation.

Example: Mr. B exported the Machinery to Mr. S of USA on 1st January 2014 for ₹10,00,000. Due to technical problems Mr. S of USA returned the goods for want of repairs and the same was imported by Mr. B on 15th January 2014. The same was repaired and brought into good condition and re-exported to Mr. S. Hence, Mr. B is not liable to pay any import duty.

Note: any loss notice during reprocessing, refining or re-making shall be exempt from the whole the customs duties subject to the satisfaction of the Assistant or Deputy Commissioner of Customs.

2. To facilitate strategic decision making by appropriate management of various indirect tax issues.

Module Learning Objectives

After studying this module, the students will be able to:

- ⦿ Explain refund of duty paid on import or export.
- ⦿ Understand conditions to satisfy for claiming refund of duty.
- ⦿ Identify time limit to claim refund of duty and interest.
- ⦿ Explain procedure to claim refund of duty and interest.

On import or export of goods, at times, it is found that duty has been paid in excess of what was actually leviable on the goods. Such excess payment may be due to lack of information on the part of importer/exporter or non-submission of documents required for claim of lower value or rate of duty. Sometimes, such excess payment of duty may be due to shortage/short landing, pilferage of goods or even incorrect assessment of duty by Customs. In such cases, refund of excess amount of duty paid can be claimed by the importer or exporter. If any excess interest has been paid by the importer/exporter on the amount of duty paid in excess, its refund can also be claimed. Importer or Exporter who has actually paid the duty on import or export, which is not required to be paid alone, is eligible to claim refund.

1. Refund of Export Duty

As per Section 26 of the Customs Act, 1962, duty paid on exported goods can be claim for refund in the case of combined reading of the following if:

- ⦿ The goods are returned to such person otherwise than by way of re-sale;
- ⦿ The goods are re-imported within One year from the date of exportation and
- ⦿ An application for refund of such duty is made before the expiry of six months from the date on which the Customs officer makes an order for importation.

Example 1

X Ltd. exported product 'P' to Y Ltd of USA on 1.1.2025. The duty paid on export of product 'P' for ₹1,00,000. Y Ltd. returned product 'P' to X Ltd., on 1.8.2025. The return is otherwise than by way of sale (i.e. it may be sale return or rejected goods, goods sent on consignment returned by the overseas agent or goods sent for exhibition coming back etc.). It means to say that Y Ltd. should not be sold 'P' to X Ltd. Moreover, exported goods are returned within One year from the date of exportation. Hence, X Ltd. can claim for refund of ₹1,00,000 within Six months from Customs clearances order for imported goods (i.e. 1.8.2025).

2. Refund of Import Duty

As per Section 26A of the Customs Act, 1962, duty paid on imported goods can be claimed for refund on account of satisfying the following conditions:

(a) Goods are found defective

The goods are found to be defective or otherwise not in

Moreover, nothing contained in this section (Sec. 26A of the Customs Act, 1962) shall apply to the goods regarding which an offence appears to have been committed under this Act or any other law for the time being in force.

conformity with the specifications agreed upon between the importer and the supplier of goods:

Provided that the goods have not been worked, repaired or used after importation except where such use was indispensable to discover the defects or non-conformity with the specifications;

(b) Goods are easily identifiable as imported goods

The goods are identified to the satisfaction of the Assistant Commissioner of Customs or Deputy Commissioner of Customs as the goods which were imported;

(c) No drawback claim is made

The importer does not claim drawback under any other provisions of this Act; and

(d) Activities carried out after importation

- (i) The goods are exported; or
- (ii) The importer relinquishes his title to the goods and abandons them to customs; or
- (iii) Such goods are destroyed or rendered commercially valueless in the presence of the proper officer, in such manner as may be prescribed and within a period not exceeding 30 days from the date on which the proper officer makes an order for the clearance of imported goods for home consumption under section 47.

An application for refund of duty shall be made before the expiry of 6 months from the relevant date in such form and in such manner as may be prescribed

Note:

- (1) However, the period of 30 days may, on sufficient cause being shown, be extended by the Commissioner of Customs for a period not exceeding three months.
- (2) No refund under section 26 is allowed in respect of perishable goods and goods which have exceeded their shelf life.

3. Relevant Date

Relevant date in case of filing refund claim may be any one of the following:

- ⦿ Let export order issued or
- ⦿ Date of abandonment or
- ⦿ Date of destruction of goods as the case may be.

4. Claim for Refund of Duty

Claim for Refund of duty (Section 27 of the Customs Act, 1962)

Section 27 of the Customs Act, 1962 deals with refund of duty paid on imported or exported goods in excess of what was actually payable. Sometimes, such excess payment of duty may be due to shortage/short landing, pilferage of goods or even incorrect assessment of duty by Customs. In such cases, any excess interest has been paid by the importer or exporter can also be claimed for refund.

5. Consequence if duty involved is less than ₹ 100

No refund and recovery if the amount of customs duty involved is less than ₹100:

Third proviso to section 27(1) of Customs Act, provides that where the amount of refund claimed is less than ₹100, the same shall not be refunded. In other words, there would be no refund if the amount of customs duty involved is less than ₹100. (w.e.f. 10.05.2013)

A refund claim can be made u/s 27 if the payment of higher duty and interest in ignorance of a notification which allowed payment of duty at a concessional rate even if there was no assessment order and the payment u/s 27(i) has not been made pursuant to an assessment order. Section 27(ii) covers those classes of cases where the duty is paid by a person without an order of assessment. It means a refund claim can be filed under section 27 of the Customs Act, 1962 even if the payment of duty has not been made pursuant to an assessment order [**Aman Medical Products Ltd. v CCus., Delhi 2010 (250) ELT 30 (Del.)**].

Attested Xerox copy of the GAR-7 Challan sufficient for claiming refund:

Refund claim CAN NOT BE DENIED purely on a technical contention that the assessee had produced the attested copy of GAR-7 (earlier TR-6) challan and not the original of the GAR-7 challan. Also, as per clarification issued vide F. No. 275/37/2K-CX.8A, dated 2-1-2002, a simple letter from the person who made the deposit, requesting for return of the amount, along with the appellate order and attested Xerox copy of the Challan in Form GAR-7 would suffice for processing the refund application. [**Narayan Nambiar Meloths v CCus. 2010 (251) ELT 57 (Ker)**].

6. Time Limit for claiming refund

| Person claiming refund | Time limit for claiming refund | Remarks |
|--|--|---|
| Individual – imported goods for his personnel use, Government or Any educational institutions or Any research institutions or Charitable institutions or hospitals | Application for refund can be made before the expiry of ONE year from the date of payment of duty and interest | The application for refund in duplicate has to be filed before the Assistant Commissioner or Dy. Commissioner of Customs. |
| Individual – for business use Companies or Firm etc. | Application for refund can be made before the expiry of ONE year (w.e.f. 8-4-2011) from the date of payment of duty and interest | The application for refund in duplicate has to file before the Assistant Commissioner or Dy. Commissioner of Customs. |

7. Interest on delayed refunds

As per section 27A of the Customs Act, 1962, if the refund ordered is not paid within 3 months from the date of receipt of refund application by the Assistant Commissioner or Deputy Commissioner of Customs, then the department is liable to pay interest at the rate of 6% p.a. (i.e. interest is liable to be paid after expiry of three months from the date of receipt of the application for refund).

8. Differences between section 26 and section 27

Few differences between section 26 and section 27 of the Customs Act, 1962:

Section 26 deals with refund of export duty whereas Section 27 deals with refund of any export duty, import duty interest paid thereon.

Refund of duty under section 26 is allowed on account of satisfying certain conditions whereas refund under section 27 is allowed only when duty paid in excess of normal duty.

Refund is payable to the exporter who paid the duty under section 26 whereas refund is payable to the importer who paid the duty or to the buyer by whom the duty was borne.

Chartered Accountant Certificate not sufficient to claim refund under section 27:

As per section 27 of the Customs Act, 1962 the importer to produce such documents or other evidence, while seeking refund, to establish that the amount of duty in relation to which such refund is claimed, has not been passed on by him to any other person.

However, if importer had not produced any document other than the certificate issued by the Chartered Accountant to substantiate its refund claim.

In the given case Madras High Court held that, the certificate issued by the Chartered Accountant was merely a piece of evidence acknowledging certain facts. It would not automatically entitle a person to refund in the absence of any other evidence. Hence, the importer could not be granted refund merely on the basis of the said certificate [CCus., Chennai v BPL Ltd. 2010 (259) ELT 526 (Mad)].

9. Computation of Time Period of Limitation

The period of limitation of one year for the purpose of refund of duty under section 27(1B) shall be computed in the following manner, namely:

- In the case of goods which are exempt from payment of duty by a special order issued under section 25(2) of the Custom Act, the limitation of one year shall be computed from the date of issue of such order;
- Where the duty becomes refundable as a consequence of any judgment, the limitation of one year shall be computed from the date of such judgment.
- Where any duty is paid provisionally under section 18, the limitation of one year shall be computed from the date of adjustment of duty after the final assessment thereof or in case of re-assessment, from the date of such re-assessment.

10. Refund of customs duties can be recollected in the following table:

11. Form and manner of filing application for refund

- (1) An application for refund shall be made in the prescribed Form appended to these regulations in duplicate to the Assistant Commissioner of Customs or Deputy Commissioner of Customs, having jurisdiction over the Customs port, Customs airport, land customs station or the warehouse where the duty of customs was paid.
- (2) The application shall be scrutinised for its completeness by the Proper Officer and if the application is found to be complete in all respects, the applicant shall be issued an acknowledgement by the Proper Officer in the prescribed Form appended to these regulations within ten working days of the receipt of the application.
- (3) Where on scrutiny, however, the application is found to be incomplete, the Proper Officer shall, within ten working days of its receipt, return the application to the applicant, pointing out the deficiencies. The applicant may resubmit the application after making good the deficiencies, for scrutiny.

Explanation: For the purposes of payment of interest under section 27A of the Act, the application shall be deemed to have been received on the date on which a complete application, as acknowledged by the Proper Officer, has been made.

1. Processing of refund claim:

The application of refund found to be complete in all respects by Customs, is processed to see if the whole or any part of the duty and interest paid by the applicant is refundable. In case, the whole or any part of the duty and interest is found to be refundable, an order for refund is passed. However, in view of the provisions of unjust enrichment enshrined in the Customs Act, the amount found refundable has to be transferred to the Consumer Welfare Fund. Only in following situations, the amount of duty and interest found refundable, instead of being credited to the Consumer Welfare Fund, is to be paid to the applicant:

- a. if the importer has not passed on the incidence of such duty and interest to any other person;
- b. if imports were made by an individual for his personal use;
- c. if the buyer who has borne the duty and interest, has not passed on the incidence of such duty and interest to any other person;
- d. if amount found refundable relates to export duty paid on goods which has returned to exporter as specified in section 26;
- e. if amount relates to drawback of duty payable under section 74 and 75;
- f. if the duty or interest was borne by a class of applicants which has been notified for such purpose in the Official Gazette by the Central Government.

2. Interest on delayed refund:

- a. The Customs has to finalize refund claims immediately after receipt of the refund application in proper form along-with all the documents. In case, any duty ordered to be refunded to an applicant is not refunded within 3 months from the date of receipt of application for refund, an interest @ 15% is to be paid to the applicant. The interest is to be paid for the period from the date immediately after the expiry of 3 months from the date of receipt of such application till the date of refund of such duty. For the purpose of payment of interest, the application is deemed to have been received on the date on which a complete application, as acknowledged by the proper officer of Customs, has been made.
- b. Where any order of refund is made by the Commissioner (Appeals), Appellate Tribunal or any Court against an order of the Assistant Commissioner/Deputy Commissioner of Customs, the order passed by the Commissioner (Appeals), Appellate Tribunal or by the Court, as the case may be is deemed to be an order for the purpose of payment of interest on delayed refund.
- c. The interest on delayed refund is payable only in respect of delayed refunds of Customs duty and no interest is payable in respect of deposits such as deposits for project imports, security for provisional release of goods etc.

Solved Case: Case 1:

Facts of the case:

Krish Flame Ltd., imported during May 2025, by sea, a consignment of metal scrap weighting 3,000 M.T. (metric tonne) from U.K. They filed a bill of entry for home consumption and the Assistant Commissioner of Customs passed an order for clearance of goods, and applicable duty was also paid. The importer thereafter found on taking delivery from the port trust authorities, that only 2,500 M.T. of scrap were available at the docks although they had paid duty for the entire 3,000 M.T., since there was no short landing of cargo. The short-delivery of 500 M.T. was also substantiated by the Port-Trust Authorities, who gave a “weighment certificate” to the importer.

On filing a representation to the Customs Department, the importer has been directed in writing to justify as to which provision of the Customs Act, 1962 governs their claim for restoration of duty on 500 M.T. scrap not delivered by Port-Trust. You are approached by the importer as “counsel” for an opinion or advice. Examine the issues and tender your opinion as per law, giving reasons.

Decision:

In the given case it is clear that 500 M.T. scrap has been lost while in custody of the Port-Trust and the weighment certificate also substantiate the fact of loss.

Hence, the assessee or importer intimate the Department by a representation about the facts and legal position supra, justifying their claim for refund or restoration of duty under Section 23 of the Customs Act, 1962 (i.e. Section 23 deals with those cases where goods are lost after the proper officer has made an order for home consumption, but before the goods are cleared by the importer, such as in the instant case) read with Section 27 of the Customs Act, 1962, which deals with general refunds.

Case 2:

Facts of the case:

Pipa Industries Ltd. imported copper scrap for using it as raw material in the manufacture of copper oxy-chloride. It cleared the imported goods by paying the applicable customs duties including additional customs duty. However, on coming to know that imported copper scrap was exempt from payment of additional customs duty under Notification, it filed an application for refund of the same. The refund claim was rejected on the ground of unjust enrichment. The contention of the company is that the doctrine of ‘unjust enrichment’ is not applicable in case of captive consumption of imported material. Discuss the validity of the contention of the company in the light of the decided case law, if any.

Decision:

As per the Hon’ble Supreme Court of India in the case of Union of India (UOI) v Solar Pesticide Pvt. Ltd. (2000) (SC), the doctrine of unjust enrichment is attracted even if the incidence of duty is passed on to another person indirectly as in the case of captive consumption of imported materials. Refund of import duty is made to the importer provided he has not passed on the incidence of duty to any other directly or indirectly (Section 27(2) of the Customs Act, 1962).

In the given case Pipa Industries Ltd. imported copper scrap by paying customs duties, not allowed as refund under said notification even though imported goods are used for captive consumption. It means to say that the principle of unjust enrichment applies even in the case of captive consumption of goods.

Therefore, contention of Pipa Industries Ltd. is not valid in law.

Case 3:

Facts of the case:

Importer imported “Kari Mayer High Speed Draw Warping Machine” claimed exemption notification.

Department contended that exemption notification is for “High Speed Warping Machine” but not for Drawing Unit.

Importer further stated that as per opinion of the expert (i.e. Textile Commissioner) the goods imported are covered under Exemption Notification.

Decision:

Commissioner of Customs (Import) v Konkan Synthetic Fibres 2012(278) ELT 37 (SC):

When no statutory definition was provided in respect of an item in the Customs or Central Excise the opinion of the expert cannot be ignored, rather it should be given due importance.

Decision is in favour of the importer and against the department

Case 4:

Facts of the case:

The importer entered into contract for supply of crude sunflower seed oil U.S. \$ 435 C.I.F./Metric ton. Under the contract, the consignment was to be shipped in the month of May 2025. The period was extended by mutual agreement and goods were shipped on 5th August 2025 at old agreed prices.

In the meanwhile, the international prices had gone up due to volatility in market, and other imports during August 2025 were at higher prices.

Department sought to increase the assessable value on the basis of the higher prices as contemporaneous imports.

Decide whether the contention of the department is correct. You may refer to decided case law, if any, for your decision.

Decision:

Commissioner of Cus., Vishakhapatnam v Aggarwal Industries Ltd. 2011 ELT 641 (SC):

Decision: No. Department view is not correct.

It is true that the commodity involved had volatile fluctuations in its price in the international market, but having delayed the shipment; the supplier did not increase the price of the commodity even after the increase in its price in the international market. There was no allegation of the supplier and importer being in collusion.

Thus, the appeal was allowed in the favour of the respondent-assessee.

Case 5:

Facts of the case:

The petitioners imported tunnel boring machines which were otherwise fully exempt from customs duty. However, owing to erroneous classification of such machines, they paid large amount of customs duty.

| TUNNEL BORING MACHINE | | |
|---|-----------------|-------------------------|
|  | | |
| Documents That Are Mandatory To Upload | | |
| ✓ Application For License | ✓ Site Plan | ✓ Lease Deed |
| ✓ NOC From Owner | ✓ PAN Card Copy | ✓ Aadhar Card |
| ✓ Bank Solvency Certificate | ✓ Undertakings | ✓ ID Proof Of Directors |

After expiry of more than 3 years, the petitioners filed a writ petition claiming the refund of the amount so paid. The said refund claim was rejected on the ground that the petitioners failed to make a proper application of refund under section 27 of the Customs Act, 1962 within the stipulated period of 1 year of payment of duty.

Decision: The High Court held that law of limitation under section 27 of the Customs Act, 1962 is applicable to duty or interest paid under the Act. However, any sum paid into the exchequer by the assessee is not duty or excess duty but is simply money paid into the account of Government. Therefore, the assessee is entitled to refund of the sum paid by it to the customs authorities [Parimal Ray v CCus. 2015 (318) ELT 379 (Cal)].

Trade Facilitation Measures

SLOB Mapped against the Module

1. To acquire adequate knowledge relating to valuation and duty calculation, remission and refund under Customs Act and Rules.
2. To facilitate strategic decision making by appropriate management of various indirect tax issues.

Module Learning Objectives

After studying this module, the students will be able to:

- ⦿ Understand need of Trade Facilitation
- ⦿ Explain Trade Facilitation Measures

In a globalized world where goods often cross borders many times as both intermediate and final products, trade facilitation helps lower overall trade costs and increase economic welfare, for developing and emerging economies. Trade facilitation efforts, such as simplifying required paperwork, modernizing procedures, and harmonizing customs requirements, can slash the costs and time needed to export and import goods. Reductions in time and costs to trade can thus make the difference between a country seamlessly linking up to an integrated global production chain or being left on the margins of a big part of world trade. Moreover, amid a global slowdown in trade, easing trade processes can provide a critical boost to international trade and the global economy.

In 2013, members of the World Trade Organization (WTO) finalised negotiations of the WTO Trade Facilitation Agreement (TFA), which set multilateral rules that seek to address specific procedural hurdles in order to facilitate trade procedures. The TFA entered into force in 2017, and represents a significant opportunity for countries to reap the economic benefits from improving the speed and efficiency of border procedures.

Accordingly, National Committee on Trade Facilitation (NCTF) has been constituted for implementation of WTO Trade Facilitation agreement. As a result steps taken by Indian Customs for ensuring “Ease of Doing Business”. Various trade facilitation measures have been taken by Indian Customs in recent times.

Indian Customs Trade Facilitation Measures

8. Adoption of Digital Signature:
9. 24×7 Customs Clearance
10. Abolition of Mate Receipt
11. Reducing/eliminating printouts in Customs Clearance
12. The Courier Imports and Exports (Clearance) Amendment Regulations,2016
13. Import Data Processing and Management System (IDPMS)
14. Email notification
15. Single Window Interface for Facilitation of Trade has now been extended to Export
16. Roll Out of Express Cargo Clearance System (ECCS) at Courier Terminal, Sahar Mumbai

Note: For the economic operators other than importers and the exporters, the new programme offers only one tier of certification (i.e. AEO-LO) whereas for the importers and the exporters, there will be three tiers of certification (i.e. AEO-T1, AEO-T2 and AEO-T3).

Intimation about intent to avail benefit of notification:

An eligible importer who intends to avail the benefit of deferred payment shall intimate to the Principal Commissioner of Customs or the Commissioner of Customs, as the case may be, having jurisdiction over the port of clearance, his intention to avail the said benefit.

| 16th day till the last day of any month other than March | 1st day of the following month |
| 16th day till the 31st day of March | 31st March |

The said rules have been amended to further provide that where the Central Government considers it necessary and expedient, it may, under exceptional circumstances, and for reasons to be recorded in writing, allow payment to be made on a different due date (vide Notification No. 58/2023-Cus Dt.03.08.2023)

Section 51A of the Customs Act, 1962, Payment of duty, interest, penalty, etc.—

- (1) Every deposit made towards duty, interest, penalty, fee or any other sum payable by a person under the provisions of this Act or under the Customs Tariff Act, 1975 (51 of 1975) or under any other law for the time being in force or the rules and regulations made thereunder, using authorised mode of payment shall, subject to such conditions and restrictions, be credited to the electronic cash ledger of such person, to be maintained in such manner, as may be prescribed.
- (2) The amount available in the electronic cash ledger may be used for making any payment towards duty, interest, penalty, fees or any other sum payable under the provisions of this Act or under the Customs Tariff Act, 1975 (51 of 1975) or under any other law for the time being in force or the rules and regulations made thereunder in such manner and subject to such conditions and within such time as may be prescribed.
- (3) The balance in the electronic cash ledger, after payment of duty, interest, penalty, fee or any other amount payable, may be refunded in such manner as may be prescribed.
- (4) Notwithstanding anything contained in this section, if the Board is satisfied that it is necessary or expedient so to do, it may, by notification, exempt the deposits made by such class of persons or with respect to such categories of goods, as may be specified in the notification, from all or any of the provisions of this section.]

Phased implementation of Electronic Cash Ledger (ECL) w.e.f. 1-4-2023 section 51A of Customs Act, 1962:-

Section 51A(4) provides that CBIC may by notification exempt certain deposits to which provisions of Electronic Cash Ledger will not be applicable. Accordingly, in the first phase from 01.04.2023 till 30.04.2023, CBIC has exempted following deposits from the payment of electronic cash ledger under section 51A of the Customs Act, 1962.

Exemption of deposits under Section 51A of Customs Act, 1962 till 30.11.2023:-

- (i) with respect to goods imported or exported in customs stations where customs automated system is not in place;
- (ii) with respect to accompanied baggage;
- (iii) with respect to goods imported or exported at international courier terminals;
- (iv) other than those used for making electronic payment of:
 - (a) any duty of customs, including cesses and surcharges levied as duties of customs;
 - (b) integrated tax;
 - (c) Goods and Service Tax Compensation Cess;
 - (d) interest, penalty, fees or any other amount payable under the said Act, or the Customs Tariff Act, 1975.

In the second phase, from 01.05.2023, the exemptions cited above would continue, except for the deposits with respect to goods imported or exported at international courier terminals (Notification No. 18/2023 and 19/2023 Cus dated 30.03.2023 and Notification No. 69/2023 Cus. Dated 27.09.2023)

Phased implementation of Electronic Cash Ledger (ECL) in Customs - Section 51A of the Customs Act, 1962 [vide Notification No 05-06/2024 Cus (NT) both dated 19.01.2024]:

The Electronic Cash Ledger (ECL) functionality is covered in section 51A of the Customs Act, 1962. It provides enabling provision whereby the importer, exporter or any person liable to pay duty, fees etc., under the Customs Act, 1962 has to make a non-interest- bearing deposit with the Government for the purpose of payment. Section 51A(4) provides that CBIC may by notification exempt certain deposits to which provisions of the Electronic Cash Ledger will not be applicable. Accordingly, CBIC has exempted following deposits from all of the provisions of section 51A of the Customs Act till 29.02.2024-

- (i) with respect to goods imported or exported in customs stations where customs automated system is not in place;
- (ii) with respect to goods imported or exported at international courier terminals (In next phase, from 01.03.2024, the exemptions cited above would continue, except for the deposits with respect to goods imported or exported at International Courier Terminals. In other words, payments relating to Courier shipments would be required to be done through ECL from 01.03.2024 onwards.);
- (iii) with respect to accompanied baggage;
- (iv) other than those used for making electronic payment of:
 - a. any duty of customs, including cesses and surcharges levied as duties of customs;
 - b. Integrated Goods and Services Tax (IGST);
 - c. GST Compensation Cess;
 - d. interest, penalty, fees or any other amount payable under the Act, or Customs Tariff Act, 1975.

The phased introduction of ECL is aimed at leveraging technology and reforming the payment process, inter-alia related to clearance of goods as the deposit may be held in ECL by the trade for making subsequent transaction-wise payments of various types. This has potential to easing compliance in numerous ways.

2. Introduction of Revised Authorised Economic Programme(AEO):

As a further step towards trust based compliance, Indian Customs has introduced the new Authorised Economic Operator(AEO) Programme wherein extensive benefits, including greater facilitation and self certification, have been provided to those entities who have demonstrated strong internal control system and compliance with CBIC.

3. Relaxation in Insurance cover/Bond/BG:

Requirement of Insurance cover to be taken by Customs Cargo Service Providers (CCSP) in respect of goods stored in Customs Areas has been brought down from 30 days to 10 days. Similarly, requirement of submitting a Bond equal to the value of imported goods stored in a Customs Area for a period of 30days has been brought down to 10 days. Due to this measure, the Bank Guarantee (BG) amount to be tendered was linked to duty of goods likely to be stored for 30 days. By reducing the period to 10 days, the BG amount would also come down thereby, reducing the transaction cost.

4. Setting Up of Customs Clearance Facilitation Committee (CCFC):

High level administrative Committee i.e. 'Customs Clearance Facilitation Committee' (CCFC) has been set-up at every major Customs seaport and airport under the chairmanship of Chief Commissioner of Customs/

Commissioner of Customs. Its membership includes the senior-most functionary of all the departments/agencies/ stakeholder at the particular seaport/airport. CCFCs have now been ordered to be set up for ICDs and Land Customs Stations.

5. Amendments in Warehousing provisions for introducing record based controls:

The department has made significant amendments in warehousing provisions to leverage the benefits of automation for facilitating trade and to enable the department to monitor the permitted period for which goods remain in the warehouse. The amended provisions provide a single point for the importer or owner to seek extension of the warehousing period and pay duties online.

6. Indian Customs Single Window Project – Online message exchange:

Indian Customs has introduced SWIFT (Single Window Interface for Facilitating Trade) for ensuring ease of doing business. Under Indian Customs Single Window Project, the importers electronically lodge their Customs clearance documents at a single point only with the Customs. The required permission, if any, from other regulatory agencies (such as Animal Quarantine, Plant Quarantine, Drug Controller, Textile Committee etc.) is obtained online without the importer/exporter having to separately approach these agencies. Benefits of Single Window Scheme include:

- (a) Reduced cost of doing business;
- (b) Enhances transparency;
- (c) Integration of regulatory requirements at one common platform reduces duplicity and cost of compliance;
- (d) Optimal utilization of man power;

Integrated Declaration under Indian Customs Single Window Project w.e.f. 1-4-2016

- (i) CBIC has taken-up the task of implementing ‘Indian Customs Single Window Project’ to facilitate trade. This project envisages that the importers and exporters would electronically lodge their Customs clearance documents at a single point only with the Customs.
- (ii) The required permission, if any, from Partner Government Agencies (PGAs) such as Animal Quarantine, Plant Quarantine, Drug Controller, Food Safety and Standards Authority of India, Textile Committee etc. would be obtained online without the importer/exporter having to separately approach these agencies.
- (iii) This would be possible through a common, seamlessly integrated IT systems utilized by all regulatory agencies, logistics service providers and the importers/exporters. The Single Window would thus provide the importers/exporters a single point interface for clearance of import and export goods thereby reducing dwell time and cost of doing business.
- (iv) This online clearance under Single Window Project has been rolled out at main ports and airports in Delhi, Mumbai, Kolkata and Chennai so far. It will be gradually extended across the country.
- (v) CBIC has since developed the ‘Integrated Declaration’, under which all information required for import clearance by the concerned government agencies has been incorporated into the electronic format of the Bill of Entry.
- (vi) The Customs Broker or Importer shall submit the “Integrated Declaration” electronically to a single-entry point, i.e. the Customs Gateway (ICEGATE). Separate application forms required by different PGAs would be dispensed with.
- (vii) The Integrated Declaration will be applicable for consignments to be cleared under the Indian Customs

EDI Systems. For the clearance of imported goods in the manual mode, separate documents prescribed by the respective agencies will continue to apply.

- (viii) Apart from incorporating such forms, the Integrated Declaration will also include different types of undertakings, declarations, and letters of guarantee that are presently required to be submitted on company letter heads.
- (ix) Upon filing of the Integrated Declaration, the bill of entry will automatically be referred to concerned agency, if required, based on risk. The system has been modified to enable simultaneous processing of bill of entry by PGA and Customs. The Integrated Declaration has become effective from 1st April, 2016. [Circular No. 10/2016-Cus., dated 15.03.2016].

Consequently, w.e.f. 01.04.2016, in the Bill of Entry (Electronic Declaration) Regulations, 2011, the term Electronic Declaration has been substituted with the term, Electronic Integrated Declaration vide **Notification No. 45/2016 Cus (NT) dated 01.04.2016**.

Overall view:

Integrated Declaration under Indian Customs Single Window Project w.e.f. 1-4-2016

7. Reduction in mandatory documents for imports and exports:

In order to simplify procedures to facilitate genuine trade, CBIC has reduced the number of mandatory documents and prescribed only three mandatory documents for general import/export. Packing list and commercial invoice has been merged into a single document for Customs purposes. Also Self Declaration Form (SDF) required to be submitted along with shipping bill (export declaration) is no longer required. However, for import and export of special nature under preferential agreements etc, other documents may be required to be submitted by the importer/exports.

8. Adoption of Digital Signature:

In order to encourage paper less working and dispense with the requirement of physical submission of documents 'Digital Signature' has been introduced for importers, exporters, airlines, shipping lines etc

9. 24x7 Customs Clearance:

CBIC introduced the facility of 24x7 Customs clearance in the year 2012 for 'facilitated' Bills of Entry and factory stuffed containers and goods exported under free Shipping Bills at 19 sea ports and 17 air cargo complexes. The 24X7 Customs clearances have now been extended to all Bills of Entry (and not just facilitated Bills of Entry) at 19 seaports and 17 Air Cargo Complexes. Further, no Merchant Overtime

(MOT) charges are required to be collected in respect of the services provided by the Customs officers at 24X7 Customs Ports and Airports.

10. Abolition of Mate Receipt:

With the automation of Customs procedures, manual issuance of mate receipt for containerized cargo has become redundant and therefore dispensed with.

11. Reducing/eliminating printouts in Customs Clearance:

With the aim of ease of doing business and promoting paperless clearance, Board has decided to do away with routine printouts of several documents including GAR 7 Forms/ TR 6 Challans, TP copy, Exchange Control Copy of Bill of Entry and Shipping Bill, and Export Promotion copy of Shipping Bill.

12. The Courier Imports and Exports (Clearance) Amendment Regulations, 2016:

Several reforms have been initiated in Courier regulations including liberalization of norms for outsourcing and Courier Shipping Bill (CSB) form.

13. Import Data Processing and Management System (IDPMS):

IDPMS has been jointly launched with RBI to facilitate efficient data processing for payment of imports and effective monitoring.

14. Email notification service:

Email facilitation services to importers for all important stages related to import clearances has been initiated.

15. Roll Out of Express Cargo Clearance System (ECCS):

Express Cargo Clearance System (ECCS), an automation programme, doing away the manual filing of documents for clearance of Courier parcels, gifts and documents has been made on pilot basis. The ECCS would carry out automated assessment and clearance under Courier Imports and Exports (Electronic Declaration & Processing) Regulations, 2010.

16. Ease of doing business:

As per Finance Act, 2021, Section 46(3), The importer shall have to present the bill of entry u/s 46(1) of the Customs Act, 1962 before the end of the day (including holidays) preceding the day on which the aircraft or vessel or vehicle carrying the goods arrives at a customs station at which such goods are to be cleared for home consumption or for warehousing.

Time limit for submission of Bill of Entry (B.E.): It may be noted that, the existing provision that a BE may be presented upto 30 days prior to the expected arrival of the aircraft or vessel or vehicle carrying the imported goods continues. Thus, with certain exceptions, as notified, the BE can now be filed anytime from 30 days prior to the expected arrival of the aircraft or vessel or vehicle upto the end of day preceding the day of such arrival.

17. Streamlining of process of Arrival Manifest or Import Manifest amendment for import through sea:

For streamlining and simplifying the process of Arrival Manifest or Import Manifest amendment in case of goods imported through sea route, Board has issued fresh guidelines for arrival manifest amendment in order to ensure that all requests for amendment in arrival manifest are disposed off within prescribed time limits. Further, all requests for minor amendments shall be decided administratively without recourse to adjudication or levy of penalty.

Provided further that where the bill of entry is not presented within the time so specified and the proper officer is satisfied that there was no sufficient cause for such delay, the importer shall pay such charges for the late presentation of the bill of entry as may be prescribed.

Trade Facilitation and Ease of Doing Business:

1. National Committee on Trade Facilitation (NCTF):

India has ratified the World Trade Organization's Trade Facilitation Agreement (TFA) in April 2016. To facilitate coordination and implementation of the TFA provisions, an inter-ministerial body i.e. National Committee on Trade Facilitation (NCTF) has been constituted.

TFA emanates from the following four pillars:

National Trade Facilitation Action Plan aims to achieve:—

- Improvement in Ease of Doing Business through reduction in transaction cost and time
 - Reduction in cargo release time
 - A paperless regulatory environment
 - A transparent and predictable legal regime

| Existing Para | Revised Para |

| merchanting trade involving shipment of goods from one foreign country to another foreign country without touching Indian ports, involving an Indian intermediary was allowed, subject to RBI guidelines, except for goods in the CITES and SCOMET lists | Merchant trade involving shipment of goods from one foreign country to another foreign country without touching Indian ports, or shipment of goods within one specific foreign country, involving an Indian intermediary is allowed subject to compliance with RBI guidelines, except for goods in the CITES, or SCOMET. |

Effect of the Notification: Merchanting Trade carried out within one specific foreign country is permitted subject to compliance with RBI guidelines, except for goods listed in the CITES Appendices, or under SCOMET.

Note: CITES stands for the Convention on International Trade in Endangered Species of Wild Fauna and Flora. It's an international agreement between governments to regulate or ban international trade in species that are threatened with extinction. The goal of CITES is to ensure that the trade in wild animals and plants doesn't threaten the survival of the species.

7. Provisions relating to Export of Goods:

7.1 Free Exports:

All goods may be exported without any restriction except to the extent that such exports are regulated by ITC(HS) or any other provision of FTP or any other law for the time being in force. DGFT may, however, specify through a Public Notice such terms and conditions according to which any goods, not included in ITC(HS), may be exported without an Authorisation.

7.2 Benefits for Supporting Manufacturers:

Supporting manufacturer is one who manufactures goods/products or any part/accessories/components of a good/product for a merchant exporter/manufacturer exporter under a specific Authorisation. For any benefit to accrue to the supporting manufacturer, the names of both supporting manufacturer as well as the merchant exporter must figure in the concerned export documents, especially in tax invoice/shipping bill/bill of export/airway bill.

7.3 Third Party Exports:

Third party exports is allowed under FTP. Third-party exports means exports made by an exporter/manufacturer

on behalf of another exporter(s). In such cases, export documents such as shipping bills shall indicate names of both manufacturer exporter/manufacturer and third-party exporter(s). Bank Realisation Certificate (BRC), Self-Declaration Form (SDF), export order and invoice should be in the name of third-party exporter.

Question: LM Corporation, a merchant exporter, procured order of goods from a customer in USA. It approached ST Corporation, a manufacturer, for execution of the said order. The shipping bills relating to the consignment bear the name of LM Corporation. Bank Realization Certificate, GR declaration, export order and invoice are also in the name of LM Corporation. Comment whether ST Corporation would be deemed as the exporter under FTP.

Answer: The given scenario is a case of third-party exports.

Third-party exports means exports made by an exporter or manufacturer on behalf of another exporter(s). The conditions for being allowed as third-party exports under FTP are:

- (i) Export documents such as shipping bills shall indicate name of both manufacturing exporter/manufacturer and third-party exporter(s).
- (ii) BRC, GR declaration, export order and invoice should be in the name of third party exporter.

In the above case, though BRC, GR declaration, export order and invoice are in the name of LM Corporation (third party exporter), the shipping bill does not have the name of ST Corporation (manufacturer).

Therefore, ST Corporation will not be treated as the exporter in this case.

7.4 Export of Samples:

Exports of *bona fide* trade and technical samples of goods of freely importable items are allowed without any limit.

7.5 Export of Gifts:

Goods including edible items, of value not exceeding Rs.5,00,000 in a licensing year, may be exported as a gift. However, items mentioned as restricted for exports in ITC(HS) shall not be exported as a gift, without an Authorisation.

7.6 Export of Passenger Baggage:

Bona fide personal baggage may be exported either along with passenger or, if unaccompanied, within 1 year before or after passenger's departure from India. However, items mentioned as restricted for exports in ITC(HS) shall not be exported as a gift, without an Authorisation. Samples that freely exportable can be exported as part of passenger baggage. Authorisation will be required for restricted items.

Samples of freely exportable items may be exported as part of passenger baggage without an authorisation.

7.7 Import for Export:

- Goods that are freely importable as well as freely exportable can be imported and then exported in same or substantially the same form, without any authorisation.
- Goods including capital goods (both new and second hand) can be imported under customs bond and then cleared for export against freely convertible foreign currency provided they are freely exportable. This includes goods that are 'restricted' for import.

- Capital goods that are freely importable and freely exportable can be imported for export upon execution of LUT/BG with the customs authorities.
- Notwithstanding the above, goods of other than Indian origin that are 'restricted' for export (other than 'prohibited' or SCOMET items) but 'free' for import can be imported for exports in same or substantially the same form. Such goods shall be kept in bonded warehouse and re-exported from there subject to provisions of section 69 of the Customs Act, 1962.
- Goods that are imported against payment in freely convertible foreign currency can be exported only against payment in freely convertible foreign currency, unless otherwise notified.

7.8 Payments and Receipts on Imports/Exports:

- All export contracts and invoices shall be denominated either in freely convertible currency or Indian rupees but export proceeds shall be realized in freely convertible currency.
- However, export proceeds against specific exports may also be realized in rupees, provided it is through a freely convertible Vostro account of a non-resident bank situated in any country other than a member country of Asian Clearing Union (ACU) or Nepal or Bhutan.
- Non-realisation of export proceeds: If an exporter fails to realize export proceeds within time specified by RBI, he shall be liable to return all benefits/incentives availed against such exports and shall be liable to penal action under FT (D&R) Act and the FTP. However, if such non-realization is for reasons beyond his control, he may approach RBI for writing off the unrealized amount.
- Export Credit Agencies (ECAs): ECAs provide financial support to exporters.

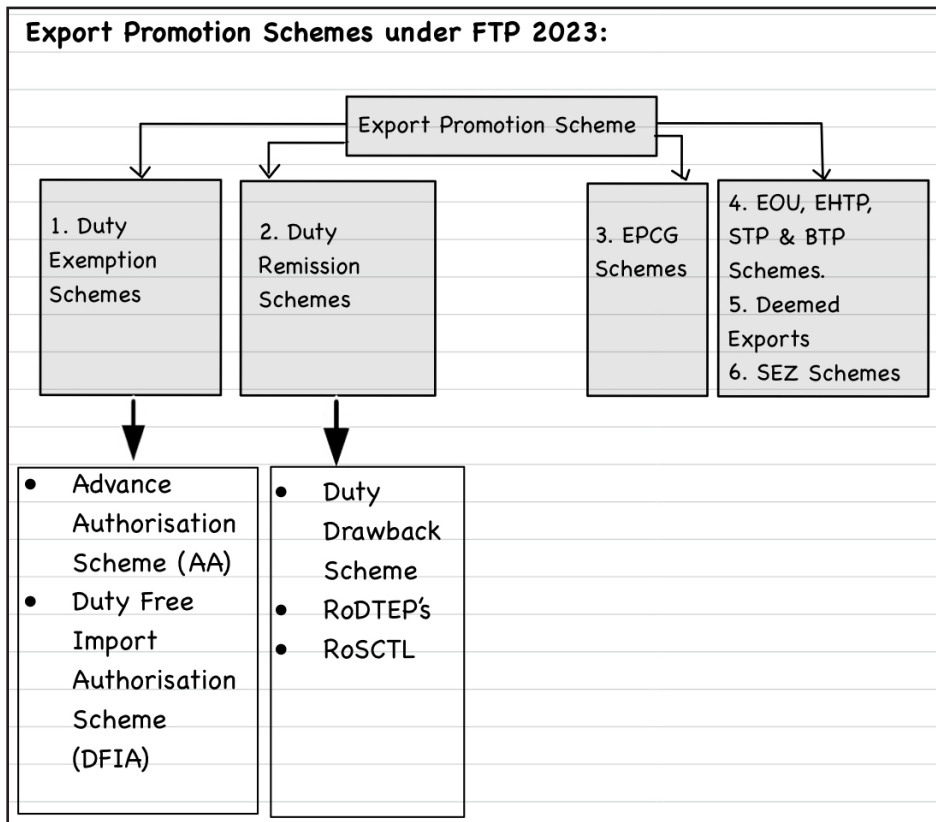

They support exports by insurance, guarantee and also direct lending. For instance, Export Credit Guarantee Corporation of India Ltd. (ECGC), Exim Bank, etc.

7.9 Export Promotion Councils:

Export Promotion Councils (EPCs) are organizations of exporters, set up to promote and develop Indian exports. Each Council is responsible for promotion of a particular group of products/projects/services. EPCs are also eligible to function as Registering Authorities to issue Registration-cum-Membership Certificate (RCMC). RCMC is required to be furnished by any person, applying for an Authorisation to import/export under the FTP (except 'Restricted' items) or applying for any other benefit or concession under FTP.

7.10 Approved Exporter Scheme for Self- Certification of Certificate of Origin:

Approved Exporters will be entitled to self-certify their manufactured goods as originating from India with a view to qualifying for preferential treatment under different Preferential Trade Agreements [PTAs], Free Trade Agreements [FTAs], Comprehensive Economic Cooperation Agreements [CECA] and Comprehensive Economic Partnerships Agreements [CEPA] which are in operation. Self-certification will be permitted only for the goods that are manufactured as per the IEM/IL/LOI issued to manufacturers.

Note: Scheme for Rebate on State and Central Taxes and Levies (RoSCTL) as notified by the Ministry of Textiles.

Advance Authorization Scheme

26.1

Duty Exemption Schemes consist of Advance Authorization Scheme and Duty-Free Import Authorization Scheme:

1. Advance Authorisation (AA) Scheme:

Advance Authorisation is issued to allow duty free import of input, which is physically incorporated in export product (making normal allowance for wastage). In addition, fuel, oil, catalyst which is consumed/utilized in the process of production of export product, may also be allowed.

1.1 Eligible Applicant/Export:

- Advance Authorisation can be issued either to a manufacturer exporter or merchant exporter tied to supporting manufacturer.
- Advance Authorisation for pharmaceutical products manufactured through Non-Infringing (NI) process shall be issued to manufacturer exporter only.

1.2 Eligible Supply:

Advance Authorisation is issued for procurement of inputs for the following kinds of supply:—

- Physical export (including export to SEZ)
- Intermediate supply; and/or
- Deemed exports
- Supply of 'stores' on board of foreign going vessel/aircraft, subject to condition that there is specific SION in respect of item supplied.

1.3 Basis of issuance of Advance Authorisation:

Advance Authorisation is issued for inputs in relation to resultant product, on the following basis:

- As per Standard Input Output Norms (SION) notified); or
- On the basis of self declaration; or
- Applicant-specific prior fixation of norm by the Norms Committee or
- On the basis of Self Ratification Scheme

1.4 Self-Ratification Scheme:

Where there is no SION/valid Adhoc Norms for an export product or where SION has been notified but exporter intends to use additional inputs in the manufacturing process, eligible exporter can apply for an Advance Authorisation under this scheme on self declaration and self ratification basis.

The expression “additional inputs” refers not to additionality in terms of quantity/value of an input specified in a norm, but to another additional input. Say, if the inputs specified in the norm are X1 and X2 only, then input Y would represent an additional input.

Regional Authority (RA) may issue Advance Authorisations and such cases need not be referred to Norms Committees for ratification of norms.

Application under this scheme shall be made along with a Certificate from Chartered Engineer in the prescribed format.

1.5 Eligibility to opt for Advance Authorisation:

An exporter (manufacturer or merchant), who holds AEO Certificate under Common Accreditation Programme of CBIC is eligible to opt for this scheme. A status holder who is a manufacturer cum actual user and holds valid 2-star or above status and who has already submitted its application for grant of AEO on CBIC’s AEO portal is also eligible to apply for this scheme subject to the specified conditions.

However, DGFT may deny authorisation under this scheme to 2-star and above status holder based on its risk management principles. The scheme is not available for the specified export products as well as specified inputs.

1.6 Pre-import condition:

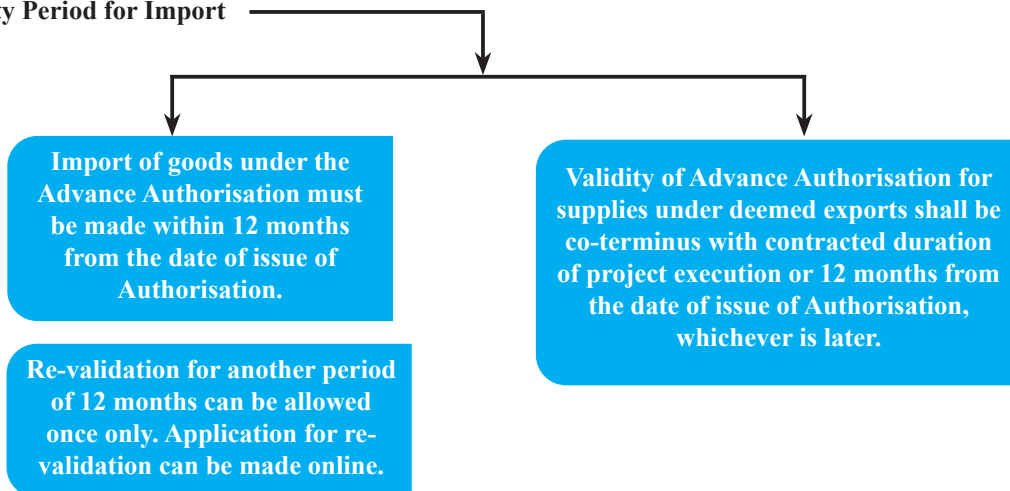

Imported inputs are subject to pre-import condition and they should be physically incorporated in the export product (making normal allowance for wastage). In case of local procurement under invalidation later/Advance release Order (ARO), the inputs shall be procured prior to manufacture of export item and shall be physically incorporated in the export product.

1.7 Invalidation letter- Regional Authority shall issue Invalidation Letter when domestic supplier intends to obtain duty free material for inputs through Advance Authorisation for supplying resultant product to another Advance Authorisation/DFIA/EPCG Authorisation.

1.8 Advance Release Order (ARO) - Regional Authority shall issue Advance Release Order if the domestic supplier intends to seek refund of duties exempted through Deemed Exports mechanism.

Holder of an Advance Authorisation/Duty Free Import Authorisation can procure inputs from indigenous supplier/ State Trading Enterprise/EOU/EHTP/BTP/STP in lieu of direct import. Such procurement can be against Advance Release Order (ARO), or Invalidation Letter.

1.9 Validity Period for Import

1.10 Export Obligation Period and its Extension:

“Export Obligation” means obligation to export product or products covered by Authorisation or permission in terms of quantity, value or both, as may be prescribed or specified by Regional or competent authority.

The Export Obligation Period (EOP) of Advance Authorisations issued for such items shall be 90 days from the date of clearance of import consignment and no extension in EOP shall be allowed. Such import shall be subject to actual user condition and no transfer of imported raw material, for any purpose, including job work, shall be permitted.

1.11 Advance Authorisation for Annual Requirement and Eligibility Condition:

Entitlement of AA in terms of CIF value of imports =

| |
|---|
| <p>300% of the FOB value of physical exports and/or</p> <p>FOR value of deemed export in preceding financial year</p> |
|---|

Whichever is Higher

Note:

- Advance Authorisation for Annual Requirement shall only be issued for items notified in Standard Input Output Norms (SION). And it shall not be available in case of ad hoc norms under self-declaration Authorisations where SION does not exist.
- Advance Authorisation for Annual Requirement shall also not be available in respect of SION where any item of input appears in Appendix 4-J (i.e. Export Obligation Period for Specified Inputs with Pre-import Condition under Advance Authorizations).
- Exporters having past export performance (in at least preceding two financial years) shall be entitled for Advance Authorisation for Annual requirement.

1.12 Value Addition (VA):

$$VA = (A-B)/B \times 100$$

Where

A = FOB value of export realised/FOR value of Supply received

B = CIF value of inputs covered by Authorisation, plus value of any other input used on which benefit of Duty Drawback (DBK) is claimed or intended to be claimed.

1.13 Minimum Value Addition:

- Minimum value addition required to be achieved under Advance Authorisation is 15%.
- Export Products where value addition could be less than 15% are given in Appendix 4D (i.e. petroleum products etc).
- Minimum value addition for Gems & Jewellery Sector is given in paragraph 4.60 of Handbook of Procedures.
- In case of Tea, minimum value addition shall be 50%.
- In case of spices, minimum value addition shall be 25%.

Example: Jigsaw Puzzle has imported inputs, having CIF value of ₹25,00,000 without payment of duty under Advance Authorisation. Inputs are supplied free of cost valued at ₹5,00,000 to meet eventualities of quality issues arising during manufacture.

On manufacturing, the products are supplied to units in SEZ and realization is in Indian currency.

Jigsaw Puzzle wants to know what should be the minimum value addition under Advance Authorisation scheme.

Minimum FOB value of supply to SEZ = ₹34,50,000

[₹25,00,000 + ₹5,00,000) x 115%]

1.14 Import of mandatory spares:

Spares that are required to be supplied with the export product can be imported duty-free under the advance authorisation up to a value of 10% of the CIF value of the authorisation.

1.15 Imports under Advance Authorisation are exempted from payment of

Basic Customs Duty,

Additional Customs Duty,

Education Cess,

Anti- dumping Duty,

Countervailing Duty,

Safeguard Duty,

Transition Product Specific Safeguard Duty, wherever applicable

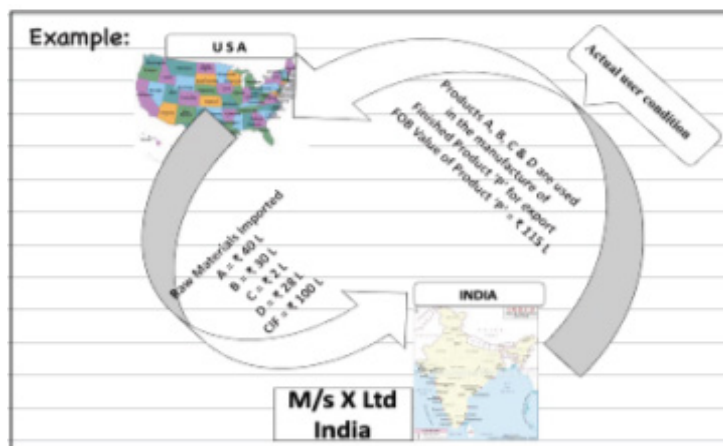

Imports under Advance Authorisation for physical as well as deemed exports are also exempt from whole of the Integrated Tax u/s 3(7) and Compensation Cess u/s 3(9) of the Customs Tariff Act, 1975.

1.16 Admissibility of Drawback:

Duty drawback as per rate determined and fixed by Customs authority is available for duty paid imported or indigenous inputs (not specified in the norms) used in the export product. For this purpose, applicant shall indicate clearly details of duty paid input in the application for Advance Authorisation.

1.17 Actual User Condition for Advance Authorisation:

Advance Authorisation and/or material imported under Advance Authorisation shall be subject to 'Actual User' condition. The same shall not be transferable even after completion of export obligation. However, Authorisation holder will have option to dispose of product manufactured out of duty free input once export obligation is completed.

If input tax credit facility on input has been availed for the exported goods, even after completion of export obligation, the goods imported against such Advance Authorisation shall be utilized only in the manufacture of dutiable goods whether within the same factory or outside (by a supporting manufacturer).

Waste/Scrap arising out of manufacturing process, as allowed, can be disposed off on payment of applicable duty even before fulfillment of export obligation.

1.18 Free of Cost Supply by Foreign Buyer:

Advance Authorisation shall also be available where some or all inputs are supplied free of cost to exporter by foreign buyer. In such cases, notional value of free of cost input shall be added in the CIF value of import and FOB value of export for the purpose of computation of value addition. However, realization of export proceeds will be equivalent to an amount excluding notional value of such input.

Enabling provisions for import of inputs that are subjected to mandatory Quality Control Orders (QCOs) by Advance Authorisation holders, EOU and SEZ [vide Notification No. 71/2023 dated 11.03.2024]:

Quality Control Orders (QCOs) are regulatory mandates issued by the Indian government to ensure that products meet specific quality standards. These orders, typically issued by the Bureau of Indian Standards (BIS) under the BIS Act, 2016, apply to a wide range of products to protect consumer safety, health, and environment. Domestic manufacturers as well as importers need to ensure that products covered by QCOs must not be manufactured/imported without compliance with specific standards.

Enabling provisions have been incorporated in FTP for exempting inputs imported by Advance Authorisation holders, EOUs and SEZ from mandatory Quality Control Orders (QCOs).

However, import of inputs under Advance Authorisation/EOU/SEZ without compliance to the mandatory QCOs, shall be subjected to the following conditions:

(i) For Advance Authorisation:

- (a) Import of inputs under the Advance authorization without compliance to the mandatory QCOs shall be with pre import condition. Such inputs shall be utilised in the manufacturing of the export product (making normal allowance for wastage) and shall be exported under the same authorization. Unutilized imports shall not be transferred to DTA, even after regularization of default in fulfilment of export obligation. It shall be destroyed in the presence of jurisdictional GST/Customs authorities or may be reexported. In addition, such unutilised imports shall be liable to payment of effective duty along with interest to customs authorities and specified composition fee to DGFT.
- (b) Said Exemption shall be specifically endorsed in the advance authorization, upon the request of the authorization holder.
- (c) The exemption from QCO will be available for physical exports only and such exemption will not be allowed for deemed exports for Advance Authorisation Holders.
- (d) Import of Inputs without compliance to the mandatory QCOs under DFIA scheme is not allowed.

(ii) For EOUs

Exemption from applicability of mandatory QCOs issued under the BIS Act, 2016, shall be provided to EOU on import of inputs which are required for export production. No DTA clearance of such inputs or goods manufactured made out of such inputs, are allowed. An undertaking to that effect will be submitted to the Customs authorities by the EOU at the time of importation and a copy of the same shall also be submitted to the Development Commissioner concerned. The exemption from QCO will be available for physical exports only and such exemption will not be allowed for deemed exports.

(iii) For SEZ

Exemption from applicability of mandatory QCOs issued under the BIS Act, 2016, shall be provided to SEZ on import of inputs which are required for export production. No DTA clearance of such inputs or goods manufactured made out of such inputs, are allowed. An undertaking to that effect will be submitted to the concerned Development Commissioner of the SEZ by the SEZ Unit at the time of importation. The exemption from QCO will be available for physical exports only. Above exemption shall be applicable only for the list of notified Ministries/Departments whose notifications on mandatory QCOs are exempted by the DGFT for goods to be utilised/consumed in manufacture of export products

Duty Free Import Authorization (DFIA) Scheme

26.2

Duty Free Import Authorisation is issued to allow duty free import of inputs. In addition, import of oil and catalyst which is consumed/utilised in the process of production of export product, may also be allowed. Import of Tyre under DFIA scheme is not allowed.

Provisions applicable to Advanced Authorisation are broadly applicable in case of DFIA.

However, DFIA shall be issued only for products for which Standard Input and Output Norms (SION) have been notified.

2.1 Duties Exempted:

- (iii) Application is to be filed with concerned Regional Authority before effecting export under Duty Free Import Authorisation.
- (iv) No Duty Free Import Authorisation shall be issued for an input which is subjected to pre-import condition or where SION prescribes 'Actual User' condition or Appendix-4J prescribes pre import condition for such an input.

2.3 Minimum Value Addition:

Minimum value addition of 20% shall be required to be achieved.

2.4 Validity & Transferability of DFIA:

Regional Authority shall issue transferable DFIA with a validity of 12 months from the date of issue. No further revalidation shall be granted by Regional Authority. Separate DFIA shall be issued for each SION.

17. Common provisions applicable to Advance Authorisation and DFIA:**1. Accounting of Input:**

Wherever SION permits use of either (a) a generic input or (b) alternative input, unless the name of the specific input together with quantity [which has been used in manufacturing the export product] gets indicated/endorsed in the relevant shipping bill and these inputs, so endorsed, within quantity specified and match the description in the relevant bill of entry, the concerned Authorisation will not be redeemed.

The above provisions will also be applicable for supplies to SEZs and supplies made under Deemed exports.

2. Importability/Exportability of items that are Prohibited/Restricted/STE:

- No export or import of an item shall be allowed under Advance Authorisation/DFIA if the item is prohibited for exports or imports respectively. Export of a prohibited item may be allowed under Advance.

5. Re-import of exported goods under Duty Exemption/Remission Scheme:

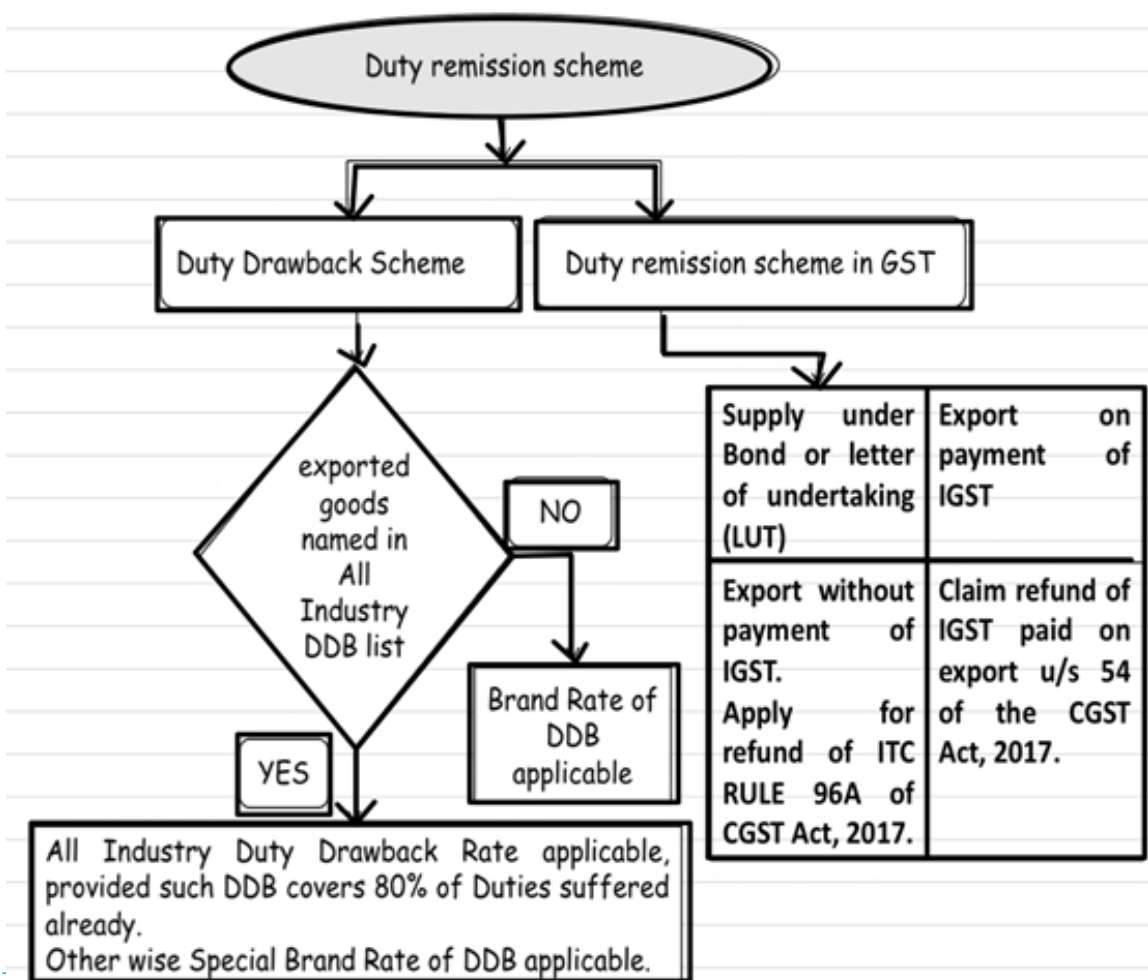

Goods exported under advance authorisation/duty free import authorisation may be re-imported in same or substantially same form subject to the specified conditions.

Duty Remission Schemes

26.3

Duty drawback scheme already explained under Customs Law, and Duty remission scheme is also explained under the GST law.

Duty Remission Scheme:

Export Promotion Capital Goods Scheme (EPCG)

26.4

The objective of the EPCG Scheme is to facilitate import of capital goods for producing quality goods and services and enhance India's manufacturing competitiveness.

Export Promotion Capital Goods Scheme (EPCG) permits exporters to import capital goods (except specified goods) for pre-production, production and post-production at zero customs duty or procure them indigenously without paying duty in the prescribed manner. In return, exporter is under an obligation to fulfill the export obligation.

Applicability of IGST and Compensation cess:

Capital goods imported under EPCG Authorisation for physical exports are also exempt from IGST and Compensation.

In case integrated tax and compensation cess are paid in cash on imports under EPCG, incidence of the said integrated tax and compensation cess would not be taken for computation of net duty saved provided, input tax credit is not availed.

Actual User Condition:

Imported capital goods shall be subject to Actual User condition till export obligation is completed and Export Obligation Discharge Certificate (EODC) is granted.

Validity:

Authorisation shall be valid for import for **24 months** from the date of issue of Authorisation. Revalidation of EPCG Authorisation shall not be permitted.

Indigenous Sourcing of Capital Goods and benefits to Domestic Supplier:

A person holding an EPCG authorisation may source capital goods from a domestic manufacturer either through Invalidation letter or through Advance Release Order. Such domestic manufacturer shall be eligible for deemed export benefits. Such domestic sourcing shall also be permitted from 100% EOUs.

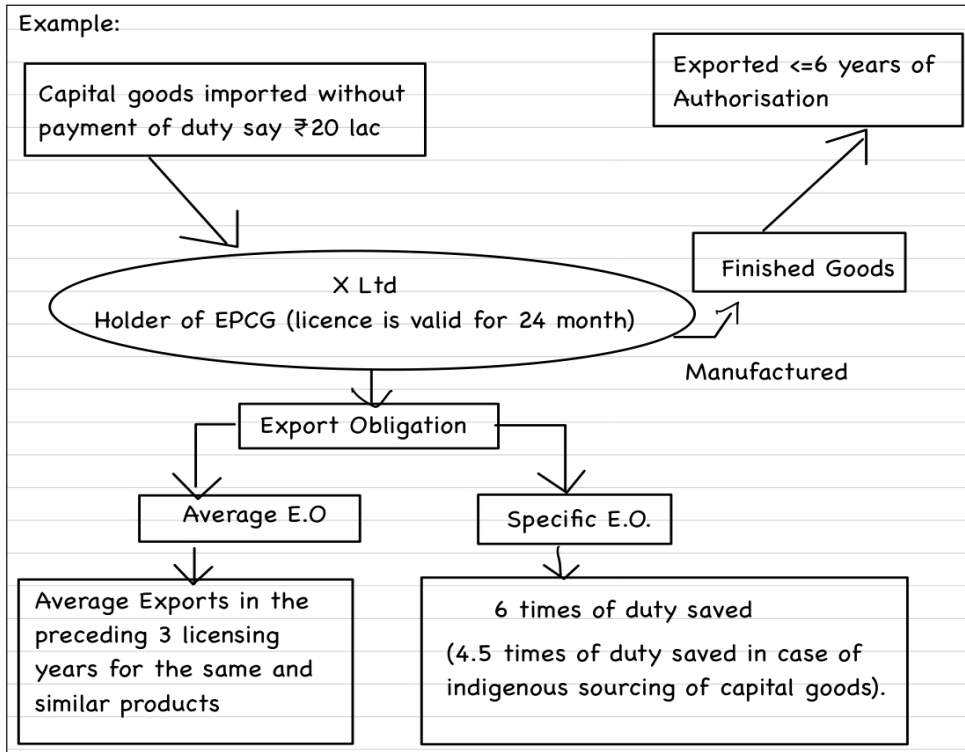

Export Obligation (EO) consist of average export obligation and specific export obligation.

Import under EPCG scheme shall be subject to an export obligation equivalent to 6 times of duties, taxes and cess saved on capital goods to be fulfilled in 6 years reckoned from the date of issue of authorization.

Exports under Advance Authorisation, DFIA, Duty Drawback, RoSCTL and RoDTEP Schemes would also be eligible for fulfilment of EO under EPCG Scheme.

Exports made from DTA units shall only be counted for calculation and/or fulfillment of AEO and/or EO EO can also be fulfilled by the supply of Information Technology Agreement (ITA-1) items to DTA, provided realization is in free foreign exchange.

Both physical exports as well as specified deemed exports shall also be counted towards fulfilment of export obligation.⁸

Incentives for fulfilment of export obligation:

In cases where Authorization holder has fulfilled 75% or more of specific export obligation and 100% of Average Export Obligation till date, if any, in half or less than half the original export obligation period specified, remaining export obligation shall be condoned, and the Authorization redeemed.

**In case of direct imports, EO shall be reckoned with reference to actual duty/Taxes/Cess saved amount.
In case of domestic sourcing, EO shall be reckoned with reference to notional Customs duty/Taxes/Cess saved on FOR value.**

The Government had recently announced the introduction of a new scheme “Remission of Duties and Taxes on Exported Products” (RoDTEP) to replace the Merchandise Exports from India Scheme (MEIS) available to exporters of goods. Accordingly, the items covered under the existing MEIS scheme would be shifted in a phased manner to the new RoDTEP scheme.

RoDTEP has been made effective for exports from 1st January 2021 in respect of those exports where intention to claim the benefit has been manifested on the shipping bills. RoDTEP is going to give a boost to Indian exports by providing a level playing field to domestic industry abroad.

1. RoDTEP Benefits:

Being WTO-compliant, the RoDTEP scheme can make available from the government benefits to the exporters seamlessly.

- (a) The scheme is more exhaustive in that certain taxes that were not covered under the previous scheme are also included in the list, for example, education cess, state taxes on oil, power and water.
- (b) It will add more competitiveness in the foreign markets, with assured duty benefits by the Indian Government.
- (c) It will also help exporters meet international standards and promote business growth etc.,

2. Objective of RODTEP Scheme:

The Scheme’s objective is to refund, currently un-refunded duties and taxes. The scheme has been introduced with an objective to neutralize the taxes and duties suffered on exported goods which are otherwise not credited or remitted or refunded in any manner and remain embedded in the export goods. This scheme provides for rebate of all hidden Central, State, and Local duties/taxes/levies on the goods exported which have not been refunded under any other existing scheme namely:

- ⊙ Mandi Tax,
- ⊙ Municipal Taxes,
- ⊙ Property Taxes,
- ⊙ VAT,
- ⊙ Coal Cess,
- ⊙ Central Excise duty on fuel,
- ⊙ Electricity duty on purchase of electricity,
- ⊙ Stamp duty on export documents; etc.

will now be refunded under this particular scheme.

All the items under the MEIS and the RoSCTL (Rebate of State and Central Taxes and Levies) are now under the purview of the RoDTEP Scheme.

3. RODTEP Scheme Operating Principles:

1. RoDTEP support will be available to eligible exporters at a notified rate as a percentage of Freight On Board (FOB) value. Rebate on certain export products will also be subject to value cap per unit of the exported product.

However, for the purpose of calculation of duty credit, value of exported shall be least of the following:

- (a) FOB value of said goods, or
 - (b) 1.5 times of the market price of the goods.
2. Identified export sectors and rates under RoDTEP cover 8555 tariff lines in addition to similar support being extended to apparel and made-ups exports under RoSCTL scheme of Ministry of Textiles.
 3. Employment Oriented Sectors like Marine, Agriculture, Leather, Gems & Jewellery etc. are covered under the Scheme. Other sectors like Automobile, Plastics, Electrical / Electronics, Machinery etc. also get support. The entire value chain of textiles also gets covered through RoDTEP & RoSCTL.
 4. Rebate under the Scheme shall not be available in respect of duties and taxes already exempted or remitted or credited.
 5. The determination of ceiling rates under the scheme will be done by a Committee in the Department of Revenue/Drawback Division with suitable representation of the DoC/DGFT, line ministries and experts, on the sectors prioritized by Department of Commerce and Department of Revenue.
 6. No provision for remission of arrears or contingent liabilities is permissible under the Scheme to be carried over to the next financial year.
 7. The rebate allowed is subject to the receipt of sale proceeds within time allowed under the Foreign Exchange Management Act, 1999 failing which such rebate shall be deemed never to have been allowed. The rebate would not be dependent on the realisation of export proceeds at the time of issue of rebate. However, adequate safeguards to avoid any misuse on account of non-realisation and other systemic improvements as in operation under Drawback Scheme, IGST and other GST refunds relating to exports would also be applicable for claims made under RoDTEP Scheme.

4. Mechanism of Issuance of Rebate:

- (a) Scheme would be implemented through end to end digitalization of issuance of rebate amount in the form of a transferable duty credit/electronic scrip (e-scrip), which will be maintained in an electronic ledger by the Central Board of Indirect Taxes and Customs (CBIC).
- (b) Necessary rules and procedure regarding grant of RoDTEP claim under the scheme and implementation issues including manner of application, time period for application and other matters including export realisation, export documentation, sampling procedures, record keeping etc. would be notified by the CBIC, Department of Revenue on an IT enabled platform with a view to end to end digitalisation.
- (c) Necessary provisions for recovery of rebate amount where foreign exchange is not realised, suspension / withholding of RoDTEP in case of frauds and misuse, as well as imposition of penalty will also be built suitably by CBIC.

5. Eligible Sectors for RoDTEP Scheme:

The following sectors are eligible to avail of benefits under the scheme.

1. All sectors shall be covered under the scheme. Labour-intensive sectors will be accorded a priority.

2. Both manufacturer exporters and merchant exporters (traders) are eligible.
3. There is no turnover threshold for availing benefits under the scheme.
4. Re-exported products are not eligible under this scheme.
5. The exported products should have India as their country of origin to be eligible for benefits under the scheme.
6. Special Economic Zone Units and Export Oriented Units are also eligible.
7. The scheme also applies to goods that have been exported via courier through e-commerce platforms.

6. Ineligible categories under the Scheme for claiming benefit:

The following categories of exports/exporters which shall not be eligible for rebate under the RoDTEP Scheme:

- (i) Exports of imported goods as per para 2.46 of FTP i.e. Import for Export;
- (ii) Exports through trans-shipments, meaning thereby exports originating in third country but trans-shipped through India;
- (iii) Export products which are subject to minimum export price or export duty;
- (iv) Products which are restricted for exports under Schedule-2 of Export Policy in ITC (HS);
- (v) Products which are prohibited for exports under Schedule-2 of Export Policy in ITC (HS);
- (vi) Deemed Exports;

- (xiv) Exports for which electronic documentation in ICEGATE EDI has not been generated or Exports from Non-EDI port; and
- (xv) Goods which have been taken into use after manufacture (i.e. second-hand goods);

[*** As per para 4.55B of the FTP (inserted vide DGFT Notification No. 19/2015-20 dated 17.08.2021), the inclusion of exports made by categories mentioned in Sr. No. X, XI and XII above i.e. the exporters under the categories of SEZ, EOU, Advance Authorization etc. and the RoDTEP rates for export items under such categories would be decided later based on the recommendations of the RoDTEP Committee.] -(Omitted- vide Notification No. 70/2023 dated 08.03.2024).

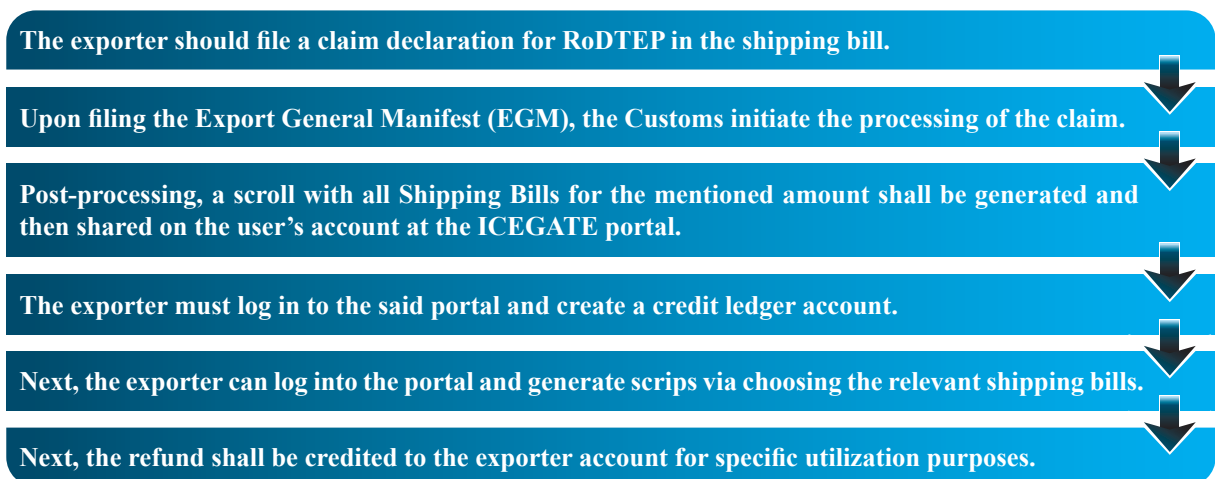

Note: Effect of this Notification No. 70/2023 dated 08.03.2024:

7. RoDTEP vs MEIS

| Feature | RoDTEP | MEIS |
|-------------------------|---|--|
| Incentive Scheme | Refund of indirect taxes on inputs used in the manufacture of exported products that are not being currently reimbursed in any other existing schemes. | Incentive on exports of goods in form of transferable scrips |
| Mode of issue | Issued in the form of transferable duty credit/ electronic scrip, which will be maintained in electronic ledger | Issued in the form of transferable scrips (physical copy) |
| WTO compliant | Yes. It is as per WTO norms. | No. |
| Incentive | At a notified rate as a percentage of Freight On Board (FOB) value. Rebate on certain export products will also be subject to value cap per unit of the exported product. | As a % of realised FOB value of exports in free foreign exchange or FOB value of exports as per shipping Bill, whichever is lower. |
| Transferable | Transferable in open market | Transferable in open market |

8. The process of generating and claiming scrips as per the RoDTEP scheme is shown below.

The common documents required for RoDTEP Scheme include

- ⦿ Shipping bills,
- ⦿ Digital Signature Certificate (DSC) – Class 3,
- ⦿ Electronic Bank Realisation Certificate (eBRC), and
- ⦿ RCMC Certificate.

Electronic Bank Realisation Certificate: An eBRC (electronic Bank Realisation Certificate) refers to a digital certificate for those engaged with the export business. It is granted by the designated bank as confirmation that the concerned exporter has received payment against the exports of goods or services.

Registration Cum Membership Certificate: As per the Foreign Trade Policy, a RCMC is required to avail benefits under the policy. The certificate mainly benefits the exporters and helps reduce immediate liabilities relating to shipping.

9. Utilisation of Duty Credit

The created and approved Scrips can either be used for debiting Basic Customs Duty for own imports or the approved Scrip can be transferred to another IEC holder who is also created RODTEP Ledger under his log in Credentials.

The current owner of the Scrip can use the scrip credits for debiting to his imports in the same manner in the past like all other scrips like MEIS, RoSCTL etc as in the past.

10. Validity Period of RoDTEP's:

Validity period of RoDTEP's duty credit scrip is 24 months from the date of issue of duty credit scrip.

EOU, EHTP, STP & BTP Schemes

26.6

EOU scheme is administered by Ministry of Commerce and Industry, while EHTP, STP & BTP schemes are administered by their respective administrative ministries. STP/EHTP Scheme is administered by Ministry of Information Technology. Bio Technology Park (BTP) is established on the recommendation of Department of Biotechnology.

Trading units are not covered under these schemes.

Only projects having a minimum investment of ₹1 crore in plant & machinery shall be considered for establishment as EOUs. However, Board of Approvals (BoA) may allow establishment of EOUs with a lower investment criteria also. Approval for setting up of units under EOU scheme shall be granted by the Units Approval Committee within 15 days as per prescribed criteria. In other cases, approval may be granted by Board of Approval (BoA) set up for this purpose.

On approval, concerned authority will issue a Letter of Permission (LoP)/Letter of Intent (LoI) which will have initial validity of 2 years (extendable by 2 years and further extension, if necessary, by BoA), by which time unit should have commenced production.

Other Entitlements:

Exemption from industrial licensing for manufacture of items reserved for micro and small enterprises. Export proceeds will be realized within 9 months. Units will be allowed to retain 100% of its export earnings in the EEFC (Exchange Earners' Foreign Currency) account. Unit will not be required to furnish bank guarantee at the time of import or going for job work in DTA subject to fulfilment of specified conditions. 100% FDI investment permitted through automatic route similar to SEZ units.

Positive Net Foreign Exchange (NFE) earnings:

EOU/EHTP/STP/BTP unit must be a positive net foreign exchange earner.

NFE Earnings shall be calculated cumulatively in blocks of 5 years, starting from commencement of production. Items of manufacture for export specified in LoP/LoI alone shall be taken into account for calculation of NFE.

$$\text{Positive NFE} = A - B > 0$$

'A' is FOB value of exports;

'B' is CIF value of imported inputs, capital goods and value of all payments made in foreign exchange by way of commission/royalty etc. plus goods are obtained from another EOU/SEZ/international exhibition held in India or bonded warehouse.

In case units not able to achieve NFE due to any reason 5 years block period, may be extended suitably by BoA. In case of adverse market conditions 5 years period can be extendable up to 1 year.

Units Approval Committee shall monitor performance of EOU's with regard to NFE earnings.

Sales to DTA units:

Up to 50% of FOB value of exports (including sales made to SEZ unit from Foreign Exchange Account of such unit), subject to fulfillment of positive NFE, on payment of concessional duties.

In case of units manufacturing and exporting more than one product, sale of any of these products into DTA, up to 90% of FOB value of export of the specific products is permitted, provided total DTA sales does not exceed the overall entitlement of 50% of FOB value of exports for the unit.

In case of new EOUs, advance DTA sale will be allowed not exceeding 50% of its estimated exports for first year (2 years for pharmaceutical units).

Deemed Exports (i.e. Supply of goods from DTA to EOU):

Goods manufactured in India and supplies from DTA to EOU, EHTP, STP & BTP units will be regarded as deemed exports and DTA supplier shall be eligible for export incentives.

1. The following supplies considered as deemed exports:

A. Goods supplied by a manufacturer:

1. Supply of goods against Advance Authorization/Advance Authorization for Annual Requirement/ DFIA.
2. Supply of goods to units located in EOU/STP/BTP/EHTP.
3. Supply of capital goods against EPCG authorization.
4. Supply of marine freight containers by 100% EOU provided said containers are exported within 6 months by another 100% EOU.

B. Goods supplied by a Main contractor/sub-contractor:

1. Supply of goods to projects or turnkey contracts financed by multilateral or bilateral agencies/Funds notified by Department of Economic Affairs (DEA), under International Competitive Bidding.
2. Supply of goods to any project where import is permitted at zero customs duty.
3. Supply of goods to mega power projects against International Competitive Bidding.
4. Supply to goods to UN or international organisations.
5. Supply of goods to nuclear projects through competitive bidding (need not be international competitive bidding).

2. BENEFITS FOR DEEMED EXPORTS

Deemed exports shall be eligible for any/all of following benefits:

1. Advance Authorization/Advance Authorization for Annual requirement/DFIA
2. Deemed Export Drawback
3. Domestic supplies to EOUs would be treated as deemed exports under Section 147 of CGST/SGST Act and refund of tax paid on such supplies given to the supplier or recipient as the case may be.

All supplies notified as supply for deemed exports are subject to levy of taxes.

However, the refund of tax paid on the supply regarded as deemed export is admissible to either the supplier or the recipient.

Answer the following questions with reference to the provisions of Foreign Trade Policy:

Jig Ltd. manufactures goods by using imported inputs and supplies the same under Aid Programme of the United Nations. The payment for such supply is received in free foreign exchange. Can Jig Manufacturers seek Advance Authorization in relation to the supplies made by it?

Solution:

Advance Authorization can be issued for supplies made to United Nations Organisations or under Aid Programme of the United Nations or other multilateral agencies and such supplies need to be paid for in free foreign exchange.

Illustration 2

LMN Ltd. has imported inputs without payment of duty under Advance Authorization. The CIF value of such inputs is ₹20,00,000. The inputs are processed and the final product is exported. The exports made by LMN Ltd. are subject to general rate of value addition prescribed under Advance Authorization Scheme. No other input is being used by LMN Ltd. in the processing. What should be the minimum FOB value of the exports made by the LMN Ltd. as per the provisions of Advance Authorization?

Solution:

Advance Authorization necessitates exports with a minimum of 15% value addition (VA).

Therefore, the minimum FOB value of the exports made by LMN Ltd. should be ₹23,00,000 (i.e. ₹20 L × 115/100).

Illustration 3

Ram Infra has imported inputs, having CIF value of ₹35,00,000 without payment of duty under Advance Authorization. Inputs are supplied free of cost valued at ₹5,00,000 to meet eventualities of quality issues arising during manufacture.

On manufacturing, the products are supplied to units in SEZ and realization is in Indian currency.

Ram Infra wants to know whether it is entitled to Advance Authorization scheme and what should be the minimum value addition.

And you are required to compute FOR value of supplies to SEZ.

Ram Infra has manufactured and supplied goods to international organizations in India from imported inputs for their office use. The payment for such supply is received in Indian currency. Can Advance Authorization be denied as payment has not been received in free foreign exchange?

Solution:

Supplies to SEZ unit is entitled to Advance Authorization even payment received in Indian currency.

Value addition = 15%

Minimum FOB value of supply to SEZ = ₹46,00,000 [₹35,00,000 + ₹5,00,000) × 115%]

Note: Items are supplied free of cost by foreign buyer, its notional value will be added in the CIF value of import and FOB value of export for purpose of calculating value addition.

Advance Authorization can be issued for supplies made to international organizations in India (like United Nations Organisations or under Aid Programme of the United Nations or other multilateral agencies) and such supplies need to be paid for in free foreign exchange.

In the given case Ram Infra is not entitled for Advance Authorization since, payment has not been received in free foreign exchange.

Neel Pvt. Ltd., a manufacturer, wants to import capital goods in CKD condition from a foreign country and

assemble the same in India. The import of the capital goods will be under Project Imports. The capital goods will be used for pre-production processes. The final products of Neel Pvt. Ltd. would be supplied in SEZ. Neel Pvt. Ltd. wishes to sell the capital goods imported by it as soon as the production process starts.

Neel Pvt. Ltd. seeks your advice whether it can avail the benefit of EPCG Scheme for importing the intended capital goods.

Note: Assume that all other conditions required for being eligible to the EPCG Scheme are fulfilled in the above case.

Solution:

Export Promotion Capital Goods Scheme (EPCG) permits exporters to procure capital goods at concessional rate of customs duty/zero customs duty. In return, exporter is under an obligation to fulfil the export obligation. Export obligation means obligation to export product(s) covered by Authorization/permission in terms of quantity or value or both, as may be prescribed/specified by Regional or competent authority.

Exports to SEZ unit/developer/co-developer will be considered for discharge of export obligation of EPCG Authorization, irrespective of currency.

The license holder can either procure the capital goods (whether used for pre-production, production or post-production) from global market or domestic market. The capital goods can also be imported in CKD/SKD to be assembled in India.

An EPCG Authorization can also be issued for import of capital goods under Scheme for Project Imports'.

Export obligation for such EPCG Authorizations would be 6 times of duty saved.

| Duty Saved Amount | (₹) |
|---|-------|
| Effective duty under Project Imports | Xxx |
| Less: Concessional duty under the EPCG Scheme | (xxx) |
| Duty Saved amount | xxxx |

However, import of capital goods is subject to 'Actual User' condition till export obligation is completed.

Therefore, based on the above discussion, Neel Pvt. Ltd. can import the capital goods under EPCG Scheme.

However, it has to make sure that it does not sell the capital goods till the export obligation is completed.

With reference to the provisions relating to Export Oriented Unit (EOU) Scheme as contained in Foreign Trade Policy, answer the following questions:

- An EOU has started production after 4 years 10 months from the date of grant of Letter of Permission (LoP). Is it correct?
- A unit intending to trade in handicrafts wants to set up an EOU. Is it allowed?

Solution:

- On approval, concerned authority will issue a Letter of Permission (LoP)/Letter of Intent (LoI) which will have initial validity of 2 years (extendable by 2 years and further extension, if necessary, by BoA), by which time unit should have commenced production.

In the given case EOU commenced production after 4 years 10 months from the date of LoP without obtaining extension. Hence, the given statement is incorrect.

- Trading unit cannot setup an EOU. Manufacturing units (i.e. make in India) can set up an EOU.

1. Mandatory documents required for export of goods from India are—

Special Economic Zone Scheme (with Amended SEZ Rules)

27

A Special Economic Zone (SEZ) is a specially dedicated zone built by a nation for businesses. An SEZ is developed by a nation to promote the economic growth of the country. As the companies set up in the SEZ get relaxation on the taxes by the government and other benefits such as the incentives on export duties and ease in transportation. The Kandla SEZ was the first Special Economic Zone that was set up in India in 1965 near Kandla port, Gujarat. Approximately there are 265 operational SEZs in India. Interestingly highest number of SEZs are in Tamil Nadu.

The provisions relating to SEZ are contained in Special Economic Zone Act, 2005 and SEZ Rules, 2006.

- ⦿ SEZs are like a separate island within territory of India.
- ⦿ SEZs are projected as duty free area for the purpose of trade, operation, duty and tariffs.
- ⦿ Goods and services coming to SEZ units from domestic tariff area are treated as exports from India and goods and services rendered from SEZ to the DTA are treated as import into India.

Any proposal for setting up of SEZ unit in the Private/Joint/State Sector is routed through the concerned State government who in turn forwards the same to the Department of Commerce with its recommendations for consideration.

A Special Economic Zone or SEZ is a specially marked territory or enclave within the national borders of a country that has more liberal economic laws than the rest of the country.

1. Applicability of Taxes and Duties to SEZ units:

SEZs are treated as foreign territory for tax purposes even though they are located within a country's borders. Supplies into SEZs are exempt from paying GST because they are considered as exports. However, when an SEZ supplies goods/services to a Domestic Tariff Area (DTA), it is exempt from paying taxes, although the receiver in the DTA has to pay IGST under reverse charge mechanism (RCM).

2. Incentives to Special Economic Zone Units:

The government offers many incentives for companies and businesses established in SEZs. some of the important ones are:

- ⦿ Duty-free import or domestic procurement of goods for developing, operating and maintaining SEZ units.

- ⦿ 100% Income tax exemption on export income for SEZ units under the Income Tax Act, 1961 for first 5 years, 50% for next 5 years thereafter and 50% of the ploughed back export profit for next 5 years.
- ⦿ Units are exempted from Minimum Alternate Tax (MAT).
- ⦿ They were exempted from GST. Supplies to SEZs are zero-rated under the IGST Act, 2017.
- ⦿ Single window clearance for Central and State level approvals.
- ⦿ There is no need for a license for import.
- ⦿ In the manufacturing sector, barring a few segments, 100% Foreign Direct Investment (FDI) is allowed.
- ⦿ Profits earned are permitted to be repatriated freely with no need for any dividend balancing.
- ⦿ There is no need for separate documentation for customs and export-import policy.
- ⦿ Many SEZs offer developed plots and ready-to-use space.
- ⦿ SEZ units are eligible for MEIS, SEIS and RoDTEP duty credit scripts.

Apart from the firms operating in SEZs, developers of SEZs also receive many benefits and incentives from the government.

3. Benefits of Special Economic Zone (SEZ):

- (a) SEZ units are permitted to import or get duty-free goods/materials etc. from domestic sources.
- (b) SEZ units import capital goods, raw materials, consumables, spares, packing materials, office equipment, etc. for operating their business in the SEZ, without the need for a license or other specific sanction.
- (c) Products imported or bought locally duty-free could be used for five years after approval.
- (d) After paying the necessary customs duties, finished goods and by-products may be sold domestically.
- (e) Domestic sales of waste, scrap, and rejected goods are permitted with payment of any applicable customs taxes.

Notification No. 50/2024-Customs (N.T.), dated 19th July 2024, extends the Remission of Duties and Taxes on Exported Products (RoDTEP) scheme to include exports by units located in Special Economic Zones (SEZs). This amendment modifies the earlier Notification No. 24/2023-Customs (N.T.), dated 1st April 2023, to broaden the scope of RoDTEP benefits.

Before the Amendment:

- An SEZ unit exporting goods was not eligible for RoDTEP benefits.

After the Amendment:

- The same SEZ unit, exporting goods with shipping bills presented on or after 1st July 2024, can now claim RoDTEP benefits, reducing their overall tax burden and enhancing export profitability.

4. Types of Special Economic Zones in India:

Some of the different types are:

- ⦿ Multi sector SEZ
- ⦿ Sector specific SEZ;
- ⦿ Free Trade and Warehousing Zone (FTWZ);
- ⦿ IT/Information Technology Enabled Services (ITeS)/handicrafts/bio-technology/non-conventional energy/gems and jewellery SEZ; and
- ⦿ International Financial Services Centre (IFSC).

5. Special Economic Zones Act, 2005

As per Section 2(za) of the SEZ Act, 2005, The Special Economic Zone means each special Economic Zone notified under the proviso to sub-section (4) of Section 3 (i.e. set up and notify the SEZ) and sub-section (1) of Section 4 (i.e. provisions relating Developer of SEZ) including Free Trade and Warehousing Zone and an existing Special Economic Zone.

The SEZ Act to provide for the establishment, development and management of the Special Economic Zones for the promotion of exports and for matters connected therewith or incidental thereto.”

The main objectives of the SEZ Act are:

1. To create additional economic activity.
2. To boost the export of goods and services.
3. To generate employment.
4. To boost domestic and foreign investments.
5. To develop infrastructure facilities.

6. SEZ Approval Mechanism:

The SEZ approval mechanism is a single-window process provided by a 19-member inter-ministerial SEZ Board of Approval (BoA).

- ⦿ The developer has to submit the proposal to the state government.
- ⦿ The state government forwards this proposal to the BoA along with its recommendation within forty-five days.
- ⦿ The developer or applicant can also directly submit the proposal to the BoA.
- ⦿ The Board, which has been constituted by the Central Government, and is a 19-member Board takes the decision considering the merits of the proposal. All decisions taken by the Board are by consensus.

- The Board is chaired by the Secretary of the Dept. of Commerce, Ministry of Commerce and Industry.
 - The other members are from various bodies and ministries such as the Central Board of Indirect and Customs (CBIC), the Central Board of Direct Taxes (CBDT), Department of Economic Affairs, Dept. of Commerce, Ministry of Science and Technology, Ministry of Home Affairs, Ministry of Law and Justice, Ministry of Urban Development, etc.
- ⦿ Once the BoA gives its approval, and the central government notifies the area of the SEZ, units are allowed to be established inside the SEZ.

7. SEZ Rules, 2006

The Rules provide for:

1. Simplified procedures to develop, operate and maintain SEZs and also to set up units and conduct businesses in the SEZs.
2. Single-window clearance to set up a Special Economic Zone, and also to set up a unit in an SEZ.
3. Single-window clearance for matters connected to the Central and State governments.
4. Simplified compliance procedures and documentation with a focus on self-certification.
5. Different minimum land requirements for different classes of Special Economic Zones.

Key amendments to Special Economic Zone Rules, 2006:

The Ministry of Commerce and Industry has announced significant amendments to the Special Economic Zone (SEZ) Rules, 2006. Certain procedural changes have been synced with Goods and Services Tax (GST).

1. Alignment of the existing SEZ law with GST.
2. No minimum area required for setting up SEZs in Biotechnology & Health Sector.
3. Merger of two or more units in the same SEZ of the same legal entity has been permitted.
4. Specified categories of supplies to Domestic Tariff Area (DTA) would not to be considered for computation of Net Foreign (Exchange) Earnings (NFE).
5. A new rule 21A has been inserted which deals with setting up of unit by Multilateral or Unilateral or International agencies in International Financial Services Centre. A Multilateral agency shall be allowed to set up their local or regional office in the International Financial Services Centre as an Unit.

The application for setting up and operation of such Unit in the International Financial Services Centre shall be made before the Board of Approval through the concerned Development Commissioner and the terms and conditions for setting up and operations by such Units shall be laid down by the Board of Approval based on the recommendation of the Development Commissioner.

6. In case of gems and jewellery unit, the semi-finished goods, precious metals and any other raw material (excluding diamonds or precious and semi-precious stones or lab grown diamonds) taken outside the Special Economic Zone for sub-contracting of studding by the unit shall be brought back into the unit within **45 days**”.
7. work from home: As per The Ministry of Commerce and Industry on 14th July, 2022, the Special Economic Zones (Third Amendment) Rules, 2022, the insertion of new Rule 43A in the Special Economic Zones Rules has provided the companies or industries flexibility to allow a maximum 50% of their employees to work from home and along with prior permission to temporarily remove goods such as laptops, computers, electronic equipment, etc., from the SEZ unit to a domestic tariff area without payment of duty.

8. Special Economic Zone (SEZ) vs Export Oriented Unit (EOU): Few differences between SEZ and EOU are as under

| SEZ | EOU |
|--|--|
| Supply to SEZ is called as export | Supply to EOU is called as deemed export |
| Supply from DTA to SEZ will attract IGST at zero rate | Supply from DTA to EOU will attract GST as per applicable rate. |
| Refund of tax does not arise. Since, no tax suffered by SEZ unit | Refund of GST allowed to supplier or receiver (i.e. either one can claim refund of GST) |
| For SEZ units, export and import customs clearance is achieved within the zone itself. | For the clearance of imported consignments for EOU, there is a Fast Track Clearance Scheme (FTCS). |
| In SEZ, units can be set up only at the designated sites. | It can be set up anywhere in India. In other words, it is not bound by the location or any boundaries across India. |
| For SEZ units no specific minimum investment is required. | Only projects having a minimum investment of ₹1 crore in plant & machinery shall be considered for establishment as EOUs. However, Board of Approvals (BoA) may allow establishment of EOUs with a lower investment criteria also. |
