

**LARGEST CMA BODY IN THE GLOBE
MENTORING FUTURE-READY PROFESSIONALS**

CMA Course Going Global

ICMAI

THE INSTITUTE OF COST ACCOUNTANTS OF INDIA

(Statutory Body under an Act of Parliament)

www.icmai.in

Behind every successful business decision, there is always a

CMA

The Institute of Cost Accountants of India (ICMAI) is a statutory body set up under an **Act of Parliament** in the year **1959**.

The Institute is under the **Administrative Control** of **Ministry of Corporate Affairs (MCA), Government of India** to regulate and develop the profession of **Cost and Management Accountancy (CMA)** in the country.

“If we have to succeed in the globalized world, we have to enlarge the scope of Cost Audit to cover all aspects of manufacturing and service sector activities including healthcare and education.”

APJ Abdul Kalam

Former President of India

“Where today’s accountants, particularly the management accountants not only has to capture the financial transactions but also has to measure, analyze, interpret and disclose the corporate economy in a holistic framework crazing the cost aspect and which is most important in today’s economic structure.”

Pranab Mukherjee

Former President of India

“Without cost accountancy one works rather in a vague undefined way without knowing where an industry exactly stands but in cases where there are cost accountants, correct assessment of its proper growth & working can easily be made.”

Lal Bahadur Shastri

Former Prime Minister of India

VISION

CMAAs would be the preferred source of resources and professionals for the Financial Leadership of enterprises globally

MISSION

CMA professionals would ethically drive enterprises globally by creating value to stakeholders in the regulatory context through competencies drawn from the integration of strategy, management and accounting acquired through focused training and continuous education.

CMA Profession: Core Strengths

CMA Syllabus 2022 (CMAS) has been crafted in the light of particularly those provisions of the National Education policy 2020 which are considered relevant and appropriate in the best interest of students and other stakeholders and to the extent feasible keeping in view the enormity and nation-wide spread of students. The predominant objective is to nurture today's students to tomorrow's globally oriented and socially responsible CMA professionals.

- ❖ CMA, as a professional education, would significantly contribute towards sustainable livelihoods and economic development of the nation.
- ❖ CMAS would make students future ready for academic enlightenment, constructive public engagement, productive contribution to the society and personal accomplishments.
- ❖ The Syllabus would equip students with identified skill sets for value creation. It would help them to prepare for more meaningful and satisfying lives and work roles with economic independence.
- ❖ The erstwhile syllabus has substantially been recrafted after comprehensive review and re-energised to ensure that emerging/future needs of corporate world, the society, and government are met.
- ❖ The Institute has taken a holistic and multidisciplinary approach by mandating students to complete technical and soft skill training for 120 hours and 20 hours respectively, 44 hours of tutorial workshops, practical training for 15 months and Industry oriented training program for 7 days.
- ❖ The Institute is striving to set up frontiers of research with greater industry-professional institute linkages in which students would get opportunities to participate as field level researchers and analysts.
- ❖ CMAS has been designed and re-engineered to ensure application-oriented learning outcomes both for each subject and CMA curriculum. Engaging teaching pedagogy, asynchronous learning resources, skill training processes, and newly contemplated assessment procedure would ensure effective learning.
- ❖ The Syllabus has given students an option to choose the 20th subject of final level out of three. The Institute has also decided to introduce grading system that assesses students' achievements based on the learning objectives of each subject.
- ❖ Study and training for IT tools have been blended with academic education. Data Analytics have been added as a separate section of a subject. Technical skill training for SAP Finance Power User, Microsoft Office, and E-Filing is a compulsory part of the curriculum.

Admission in Foundation Course

- ❖ Passed Class 10 (Require to pass 10+2 before appearing in CMA Examination)
- ❖ 10+2 Pass or its equivalent (Students appearing for 10+2 also apply on provisional basis)

Registration to Intermediate Course

- ❖ Passed CMA Foundation Examination
