

Advisory on Implementation of PMT-03 to Re-Credit the ITC sanctioned as Refund _ CBIC

“The PMT-03 functionality available at present in the online refund module is only for re-crediting of the rejected amount that has been debited at the time of filing of refunds. In order to enable the operationalization of re-crediting of ITC sanctioned as refund towards tax wrongly paid or paid in excess by debiting the credit ledger, a new enhanced PMT-03 functionality has been developed and deployed in the system,”

This new functionality is applicable only to the following 4 types of refund as provided in the referred circular.

- **Refund of excess payment of tax;**
- **Refund of tax paid on intra-State supply which is subsequently held to be inter-State supply and vice versa;**
- **Refund on account of assessment/provisional assessment/appeal/any other order; and**
- **Refund on account of “any other” ground or reason**
