GSTR 6

Return by Input Service Distributor (ISD)

- **What is Input Service Distributor (ISD)?**

As per Section 2(61) of CGST Act, 2017, "Input Service Distributor" means an office of the supplier of goods or services or both which receives tax invoices issued under section 31 towards the receipt of input services and issues a prescribed document for the purposes of distributing the credit of central tax, State tax, integrated tax or Union territory tax paid on the said services to a supplier of taxable goods or services or both having the same Permanent Account Number as that of the said office.

- **Section 20 of CGST Act, 2017** prescribes the Manner of distribution of credit by Input Service Distributor.
- **Rule 39 (CGST Rules)** - Procedure for distribution of input tax credit by Input Service Distributor
- All other ITC-Input Tax credit on inter state and intra state purchases, stock transfer etc.

Who needs to file Form GSTR-6 and is it mandatory to file this form?

Only those persons who are registered as Input Service Distributor (ISD) need to file Form GSTR-6. It is a mandatory return, to be filed on monthly basis. A 'Nil' return must be filed in case of no ITC being available for distribution or no ITC is being distributed during the month.

What is Form GSTR-6?

Form GSTR-6 is a monthly return to be filed by all the Input Service Distributors (ISD) for distribution of credit (ITC) amongst its units.

Who needs to file Form GSTR-6 and is it mandatory to file this form?

Only those persons who are registered as Input Service Distributor (ISD) need to file Form GSTR-6. It is a mandatory return, to be filed on monthly basis. A 'Nil' return must be filed in case of no ITC being available for distribution or no ITC is being distributed during the month.

Form GSTR-6 comprises of which tables?

Form GSTR-6 Invoice Details:

1. Table 3: To enter details of input tax credit received for distribution.
2. Table 6B: To enter details of debit or credit notes received.
3. Table 6A: To make amendments to information furnished in earlier returns in Table 3.
4. Table 6C: To make amendments to debit or credit notes received.

Form GSTR-6 ITC Distribution:

5. Table 4: To view details of ITC available and eligible and ineligible ITC distributed.
6. Table 5, 8: To enter details of distribution of input tax credit for ISD invoices and ISD Credit notes.
7. Table 9: To enter details of ITC available and eligible and ineligible ITC redistributed.

I have credit note in CGST & SGST, with no Input Tax Credit available in CGST & SGST, but credit in IGST is available. Hence, credit available for distribution in CGST & SGST is negative, what will be the implications?

If the reversal of Input Tax Credit exceeds the credit available under any of the major head, during a tax period, then sum under such head will become negative. The excess reversal, over available input tax credit is added to the liability. Consequentially the total credit available for distribution will be reduced accordingly.

Total credit available i.e. IGST+CGST+SGST will always be equal to total credit to be distributed (IGST+CGST+SGST), including the liability due to negative credit.

Hence, total credit available for distribution will be sum of -

- I. Inward supplies received during the month (net of credit/debit notes and amendments of invoices and credit/debit notes).
- II. Receipt of credit notes will reduce the ITC available for distribution while receipt of debit notes will increase the same.
- III. Availability of ITC, due to issue of ISD credit notes to its units.
- IV. Availability and distribution of Cess will always be the same as it is not cross utilised with any of the major heads.

For example:-

Credit available in IGST - 1,08,000 INR

Negative credit available in CGST & SGST - 43,200 INR each (Amount of credit note is more than credit available in CGST & SGST)

Total credit available for distribution – [Sum of IGST=1,08,000, CGST= -43200 & SGST= -43200] = 21600 INR

Total input tax credit available for distribution i.e. 21600 INR only will be bifurcated to the eligible and ineligible credit.
