Introduction to GST

GST is known as the Goods and Services Tax

- ❖ It is an indirect tax which has replaced many indirect taxes in India such as the excise duty, VAT, CST, Services tax, Entertainment Tax and Luxury Tax etc.
- ❖ The Goods and Service Tax Act was passed in the Parliament on 29th March 2017 and came into effect on 1st July 2017.
- ❖ Goods and Services Tax Law in India is a
- ✓ **Comprehensive:** GST has wider in scope
- ✓ **Multi-stage:** GST is levied on the value additions at each stage, i.e., the monetary value added at each stage to achieve the final sale to the end customer
- ✓ **Destination Based Tax:** GST is called as destination-based tax or consumption-based tax, it means Goods and Service Tax is levied at the point of consumption.

Levy of GST

- ❖ Goods and Service Tax (GST) is levied on the supply of goods and services
- ❖ GST is levied on every value addition
- ❖ GST is a single domestic indirect tax law for the entire country
- ❖ Under the GST regime, the tax is levied at every point of sale

Taxable Event

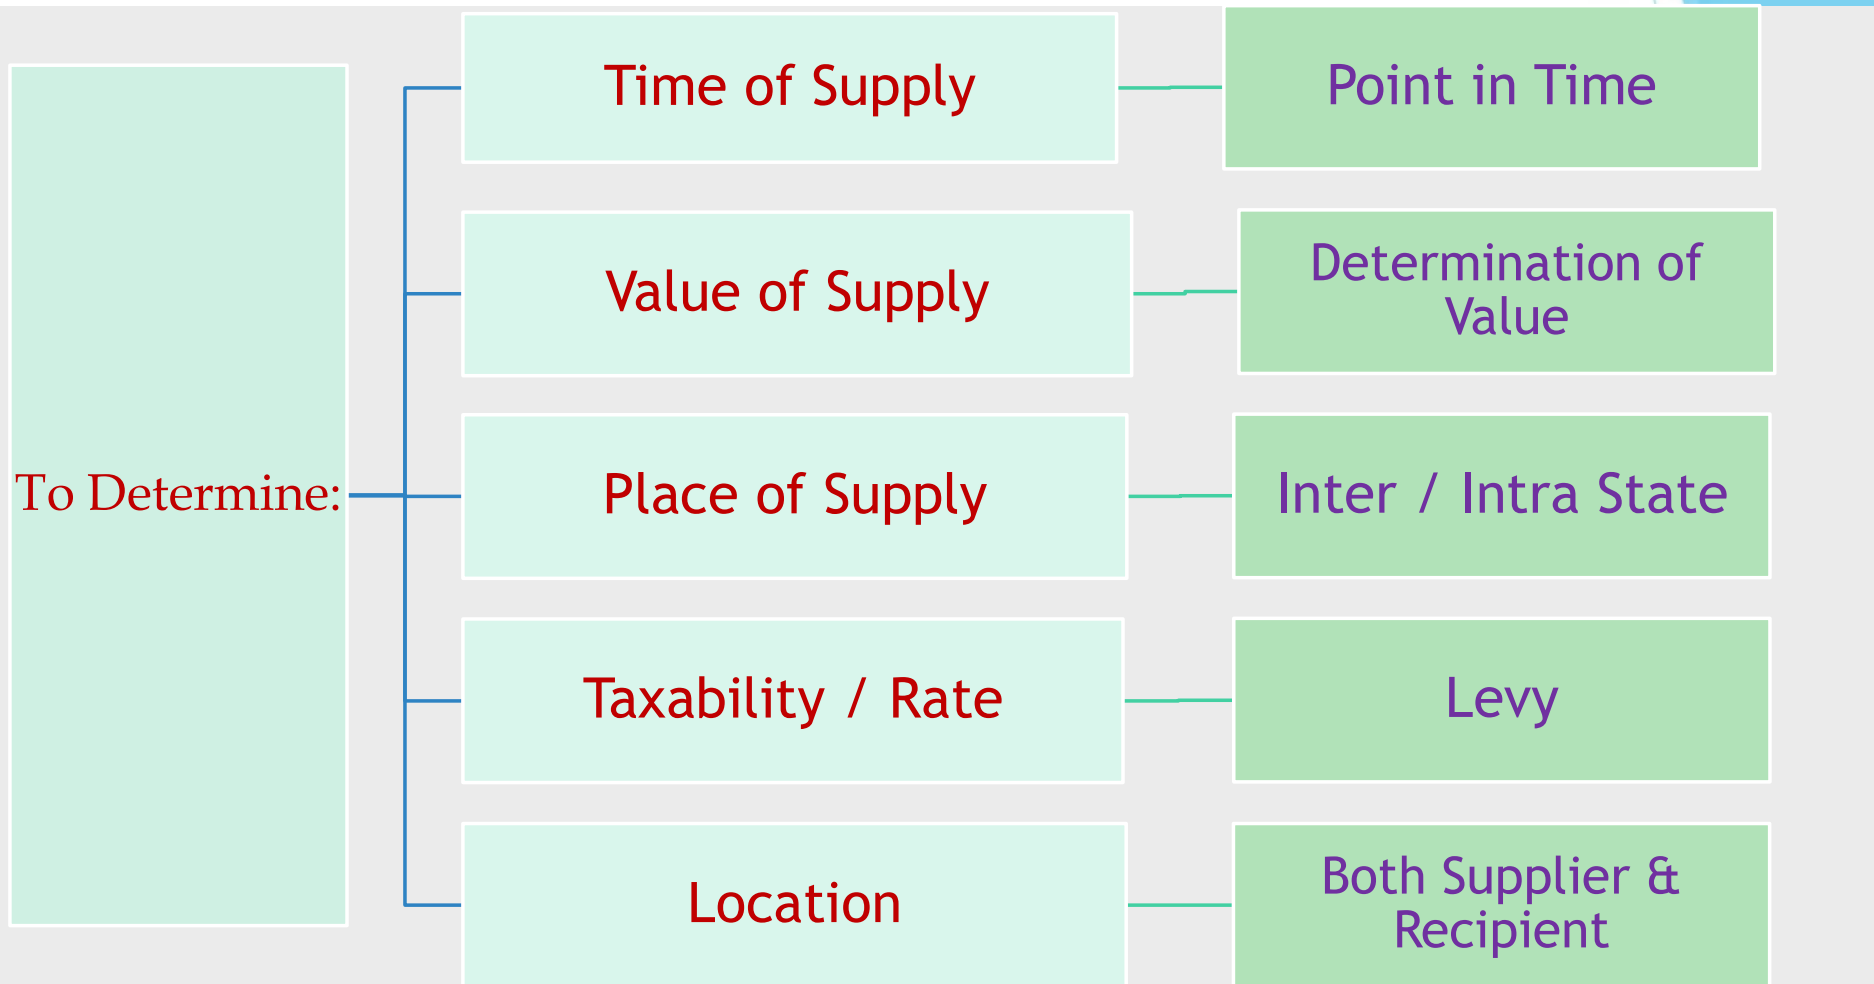

- The Foundation stone of any taxation system is **“Taxable Event”**
- It determines the **point at which tax** would be levied
- Before levying any tax, taxable event needs to be ascertained.
- The GST laws resolve these issues by laying down **one comprehensive word** called as taxable event i.e., **“Supply”**

What constitutes supply?

Supply includes:

- ✓ Sale
- ✓ Transfer
- ✓ Barter
- ✓ Exchange
- ✓ License
- ✓ Rental
- ✓ Lease
- ✓ Disposal
- ✓ Import of services for a consideration

General Implication on the Supply:

Supplier & Recipient

❖ “Supplier” means:

- The person supplying the said Goods or Services or Both and
- include an agent acting on behalf of the supplier

❖ “Recipient” means:

- Where a consideration is payable: The **person who is liable to pay** that consideration;
- Where NO consideration is payable:
 - ✓ **For Goods**: the person to whom the goods are delivered or made available,
or to whom possession or use of the goods is given or made available;
 - ✓ **For Service**: the person to whom the service is rendered

Introduction to Zero-rated Supply

As per the GST Act, Zero-rated supplies treated as “**Inter-state supplies**”

Once the transaction is pertaining to Inter-state supplies then **IGST** will apply

Export Promotion under GST:

- Export promotion is **used by many countries and regions to promote the goods and services from their companies abroad.**
- This is good for the trade balance and for the overall economy.
- Export promotion can also have incentive programs designed to draw more companies into exporting.
- Governments do this by providing assistance in the marketing and product identification and development, by arranging payment guaranty schemes, pre-shipment and post-shipment financing, trade visits, training, trade fairs, and foreign representation.
- In GST, we have **refund** mechanism
 - Export of Goods / Services without payment of Tax
 - Export of Goods / Services with payment of Tax & claiming of Refund of Taxes

Rule-96 Refund of IGST paid on goods [or services] exported out of India:

- The shipping bill filed by an exporter of goods shall be deemed to be an application for refund of integrated tax paid on the goods exported out of India and
- Such application shall be deemed to have been filed only when:-
 - the person in charge of the conveyance carrying the export goods duly files [a departure manifest or] an export manifest or an export report covering the number and the date of shipping bills or bills of export; and
 - the applicant has furnished a valid return in **FORM GSTR-3B**, and
 - the applicant has furnished a valid return in **FORM GSTR-1**
- The details of the relevant export invoices in respect of export of goods contained in **FORM GSTR-1** shall be transmitted electronically by the common portal to the ICEGATE (system designated by the Customs) and
- The said system shall electronically transmit to the common portal, a confirmation that the goods covered by the said invoices have been exported out of India.

Deemed Exports in GST

- “Deemed Exports” refers to supplies of goods manufactured in India (and not services) which are notified as deemed exports under Section 147 of the CGST/SGST Act, 2017.
- The supplies do not leave India.
- The payment for such supplies is received either in Indian rupees or in convertible foreign exchange.
- Deemed exports are not zero rated supplies by default, unlike the regular exports.
- Hence all supplies notified as supply for deemed export will be subject to levy of taxes i.e. such supplies can be made **on payment of tax** and **cannot be supplied under a Bond/LUT**.
- However, the **refund** of tax paid on the supply regarded as Deemed export is admissible to **either the supplier or the recipient**.
- The application for refund has to be filed by the supplier or recipient (subject to certain conditions) of deemed export supplies, as the case may be.

IGST on Import of Goods

- ❖ As a basic principle, GST law says that all supplies of goods & services made as **imports** into India will be treated as an inter-state supply.
- ❖ All inter-state supplies attract IGST.
- ❖ So import of goods and services into India will attract IGST.
- ❖ Basic custom duty and all applicable customs levy will continue to be charged.
- ❖ IGST on import of goods will be levied and collected under the Customs Act, 1962.
- ❖ IGST on import of services will be covered under the IGST Act, 2017
- ❖ Here the importer has to deposit IGST on reverse charge basis.
- ❖ Except in case of OIDAR (Online Information Data Access and Retrieval) services, the supplier has to seek registration and pay taxes.
- ❖ The IGST paid on imports will be available as input tax credit to the importer.
- ❖ This can be set off against the GST outgo on supplies made by the importer.

Import of Services

- ❖ **As per Section 2(11) of IGST Act, import of service means supply of service, where,**
 - a) Supplier of service is located outside India
 - b) Recipient of Service is located in India
 - c) The place of supply of service is in India

- ❖ **Taxability of Import of Service under GST includes the following: –**

- High sea sales is a sale carried out by the actual consignee (i.e. the consignee shown in the Bill of Lading) to another buyer while the goods are on high seas or after their dispatch from the port of loading and before their arrival at the port of discharge.
- For example, if a buyer in India purchases iron scrap from USA and while the shipment is in transit, the goods are sold to another person, the transaction would be termed as high sea sales.
- Hence, the high sea sales agreement / contract should be signed **after dispatch of goods** from the origin and **prior to their arrival at destination**.
- On concluding the high sea sales agreement, the bill of lading should be endorsed in favor of the buyer.
- The title of the goods transfers to the buyer and **bill of entry** is also filed in the name of buyer.
- The final buyer in a high sea sales transaction is responsible for payment of GST and providing the necessary documents as required under Customs for clearance of the goods.
