Today's Content – Income Tax Return (ITR-3) – A Complete Guide

What is ITR-3?

ITR-3 is an Income Tax Return form specifically meant for **individuals** and **Hindu Undivided Families (HUFs)** who have **income from business or profession**. If you run a **proprietorship**, work as a **freelancer**, engage in **trading** (like F&O or intraday), or earn **professional income** (like doctors, lawyers, consultants) — and you maintain books of accounts — then **ITR-3** is the correct form for you.

Release Date of ITR-3 for FY 2024-25

The **Income Tax Department** released the utility for **ITR-3** on **11th July 2025** for **FY 2024-25 (AY 2025-26)**.

Eligible taxpayers can now **download** and file ITR-3 from the **Income Tax e-Filing Portal**.

☒ Who Should File ITR-3?

You should file **ITR-3** if you are:

- An **Individual or HUF** having income under the head “**Profits and Gains of Business or Profession**”.
- Earning income from **proprietorship business, freelancing, professional services, consultancy, contract work, or part-time business**.
- Receiving **remuneration/commission/bonus** as a partner in a partnership firm (even though the firm files ITR-5, the partner uses ITR-3).
- Also earning from **house property, salary/pension, capital gains, or other sources** — in addition to business/profession income.

✕ Who Cannot File ITR-3?

- Any **person other than Individuals and HUFs**.
- Salaried individuals who **do not have business or professional income** (should use ITR-1 or ITR-2).
- Taxpayers eligible for **ITR-4 (Presumptive taxation under 44AD, 44ADA, 44AE)** should file ITR-4 instead.
- In short, if you qualify for ITR-1, ITR-2, or ITR-4, **you cannot use ITR-3**.
