1 BACKGROUND NOTE

1.1 About SAIL

Steel Authority of India Limited (SAIL) is one of the leading steel-making company in India. It is a fully integrated iron and steel maker, producing both basic and special steels for domestic construction, engineering, power, railway, automotive and defence industries and for sale in export markets.

Ranked amongst the top ten public sector companies in India in terms of turnover, SAIL manufactures and sells a broad range of steel products, including hot and cold rolled sheets and coils, galvanized sheets, electrical sheets, structurals, railway products, plates, bars and rods, stainless steel and other alloy steels. SAIL produces iron and steel at five integrated plants and three special steel plants, located principally in the eastern and central regions of India and situated close to domestic sources of raw materials, including the Company's iron ore, limestone and dolomite mines. Bokaro Steel Plant and Rourkela Steel Plant are the flat product plants. Bhilai Steel Plant, Durgapur Steel Plant and IISCO Steel Plant are the long product plants. Alloy Steels Plant, Salem Steel Plant, Visvesvaraya Iron & Steel Plant are the special steel plants. The company has the distinction of being one of the India's largest producers of iron ore and of having the country's second largest mines network. This gives SAIL a competitive edge in terms of captive availability of iron ore, limestone, and dolomite which are inputs for steel making

1.2 Objective

The objective of this RFP is to empanel and subsequently appoint Cost Audit Firms for conducting Audit of Cost Accounts of the integrated and special steel plants of Steel Authority of India Limited (SAIL) for the financial years 2019-20 to 2022-23 as per the defined scope of work as well as statutory requirement.

2 COST AUDIT IN SAIL
