## **About Accenture**

Accenture is a global professional services company with leading capabilities in digital, cloud and security. Combining unmatched experience and specialized skills across more than 40 industries, we offer Strategy and Consulting, Technology and Operations services, and Accenture Song-- all powered by the world's largest network of Advanced Technology and Intelligent Operations centers. Our 699,000 people deliver on the promise of technology and human ingenuity every day, serving clients in more than 120 countries. We embrace the power of change to create value and shared success for our clients, people, shareholders, partners and communities. Visit us at [www.accenture.com](http://www.accenture.com).

## **What would you do?**

Client Financial Management (CFM) is part of Accenture Operations responsible for delivering business advisory services to Accenture client teams throughout the lifecycle of a contract. Our professionals are accountable for driving financial health and improved business results by providing analysis and advice to internal Accenture client leads. CFM's primary corporate finance activities include accurate forecasting and reporting, cash flow optimization, and financial analysis.

## **Roles and Responsibilities**

As a Client Financial Management Analyst, you might spend your day :

- Participating in the new business process through deal shaping and the development of opportunity pricing
- Recommending and implementing business changes to leverage emerging technologies and enable efficiencies across the Finance organization
- Diagnosing financial drivers and leveraging analytics to make recommendations to key stakeholders
- Leading forecast reviews with senior leadership and advising on monthly results, variances to plan, and risk management strategies
- Developing innovative solutions to overcome complex revenue and profitability challenges
- Analyzing and forecasting cash conversion expectations to optimize cash flow
- Coordinating monthly accruals to drive accurate revenue recognition and expense activity

- Executing Internal Controls and confirming compliance with U.S. GAAP and Accenture finance policies and local statutory requirements
- Participating and leading initiatives, focusing on collaboration and inclusion within CFM and the local Finance Community
