OPERATIONS
CENTER**

What would you do?

You will be aligned with our Finance Operations vertical and will be helping us in determining financial outcomes by collecting operational data/reports, whilst conducting analysis and reconciling transactions.

The Record to Report team helps clients and organizations in their operational efficiency and balance sheet integrity, cuts time to close and safeguards compliance with regulatory requirements. The areas where this team's expertise lies is in posting journal entries, preparing balance sheet reconciliations, reviewing entries and reconciliations, preparing cash forecasting statement, supporting month end closing, preparing reports and supports in audits.

The Account Reconciliation team focuses on general ledger accounting which contains a summary of sub-ledger accounts. The role requires a good understanding of P&L accounts, bookkeeping, journal entries, voucher entry, trial balance, and month-end reporting. The role may also need expertise around intercompany reconciliations, cut-off policies, transfer pricing policies, formal confirmation policy & procedure, dispute resolution policy & procedure, and general procedure.

What are we looking for?

We are looking for individuals who have the following skillset:

- Adaptable and flexible
- Strong Finance and Accounting domain
- Hands on accounting experience – Posting Journals, driving Month end close, preparation of Balance sheet reconciliations, maintain Balance Sheet integrity
- Proficient in MS Office
- Good communication skills
- Team player
- Effectively collaboration and teamwork
- Ability to solve problems

It would be a value add if you are proficient in:

- Proficiency in developing Macro's
- Driving large scale transformation
- Prior experience in setting up new client engagements

Roles and Responsibilities

Responsibilities include:

- Supporting management in leading and running seamless operations
Responsible for timely and accurate completion of reconciliations, month end close, reduction of open items.
- Your day to day interactions is with peers within Accenture
- You are likely to have some interaction with clients and/or Accenture management
- Self-driven on daily work/tasks
- You will be expected to be constantly on the lookout for ways to enhance value for your respective stakeholders/clients
- Decisions that are made by you will impact your work and may impact the work of others
- You would be an individual contributor and/or oversee a small work effort and/or team.
- Adherence to contractual SLAs and KPIs
- First time right transition of new processes
- Adherence to Internal Controls and compliance
- Establish and manage standard operating procedures
- Recognized as subject matter expert within scope of responsibility

Deliverables (what does success look like) :

Noiseless Operations
