Placement Initiative for Qualified Cost Accountants of December 2019 Batch

Dear Qualified Cost Accountants of December 2019 Batch,

Hope you are safe and doing well during this difficult time.

We are all passing through an extremely struggling and challenging time for last four months and everyone is fighting hard against COVID – 19 around the planet in all possible ways for the existence of human civilization.

You are the worst sufferer of this Pandemic situation in the process of shaping your professional career in the right direction. We also had to postpone all scheduled Campus Placement initiatives immediately after the nation-wide lockdown being announced by the Government.

Our Placement team is relentlessly working to move the placement activities live and make it happen. We have already initiated the following activities in this direction even during the lockdown period:

- Online 12-days Pre-Placement Orientation Program has been completed successfully with your fullest participation [16 – 27 June 2020].
- First-round of Online Campus Placement drive has been conducted in the month of June 2020 where a PSU Company has recruited few candidates from this batch.
- Our placement team is in constant touch with various Public and Private Sector Companies on regular basis and inviting them to conduct Online Campus Placement drives at the earliest possible time.
- Moreover, December 2019 Batch will be given sufficient opportunity with a longer duration than usual so that the pass outs of this batch get enough scope to prove their ability to build a successful professional career.

We are very much hopeful that the Pandemic situation will end soon and normalcy is restored with the revival of the economy and the qualified students of this batch are well placed in various organizations as a qualified CMA.

Wishing you all a sparkling professional career ahead.

Stay Home, Stay Safe!!!
